# WARNING!

## *"He Was a Stranger and He Took Me In"*

Unknown solicitors representing various questionable publications take at least $100,000.00 from Rochester business and professional men annually.

These publications include many one time directories and business indexes which are unauthorized by organizations which the solicitor claims to represent. They are of no value to anyone except the promoter.

Included in a list of over one hundred on file in this office, are the following classifications:

*Travel and Hotel Directories*
*Railroad Employees' Journals*
*Buyers Commercial Register*
*Sellers Reference Guides*
*Buyers Classified Guides*
*Trade Indexes*
*Business Guides*
*National Reference Guides*
*N. Y. State Business Directories*
*Industrial Directory*

Before paying for advertising in out-of-town directories represented by strangers, verify your signature and check the source of the order. BEFORE YOU SIGN, Phone this office for a report on the publication. Our information costs you nothing and may save you much—if you

# Rochester Suburban Directory

*For the year 1934*

INCLUDING THE TOWNS OF

## BRIGHTON, GATES, GREECE and IRONDEQUOIT

A Supplement to the Rochester Directory

Containing

**Alphabetical Section** (White Pages) for each town, giving names, occupations and addresses of all persons over twenty years of age, business and post office addresses.

**Business Directory** (Page 425) of all firms or individuals in business or profession, under listing best describing their service or product.

**Reference Department** (Page 17) where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the town, and stands for them and the town in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

**House and Street Directory** (Pink Sections) A complete list of streets, giving location of intersections and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business, and householders are listed in numerical order upon their respective streets. Resident property owners are designated, and Post Office address is given for each street. A feature of great value and convenience.

**A NEW FEATURE:**

**HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL®**

**(Note: this information is as given to our canvassers, and is not guaranteed by us. It should be of value as an indication, but not taken as legal proof of title.)**

# ROCHESTER SUBURBAN DIRECTORY

# REFERENCE DEPARTMENT

Where more complete information than is possible to give under the classified listings is assembled for the convenience of buyers. It is a catalog of services offered by leading business interests of the community and is the logical place to look for specific information concerning them.

# YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

**IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU.**

## *A Buyer Wants Information*

Does your copy tell him more than he already knew when he turned to the page bearing your advertisement? Purchasing agents often tell us they find a concern specializing on just what they are looking for by turning to these descriptive spaces, but that in many cases insufficient information is given.

Whatever helps the buyer to find what he wants means business for the seller. Anyone referring to a directory advertisement does so because he is already **interested.** Therefore space need not be used to attract **attention** or **create desire.**

Treat the reader as you would a person coming direct to you, inquiring about your service or product with the idea of doing business. Don't let your prospect turn away from your ad without finding out why you are equipped to serve him.

# *Notice of Renumbering Town of Brighton*

Owing to the fact that some of the houses in Brighton are not numbered, and in other cases several houses have the same number, it is deemed necessary that some uniform system be established. In some cases this means that the present house number will need to be changed where the wrong number has been used, and in cases where the house has had no number, a number is designated.

The Post Office has requested that the following suggestions be observed by property owners in placing numbers.

Numbers should be placed in plain view from sidewalk, preferably about six feet above ground near to or over entrance and as close as practical to street where they are more likely to be lighted at night by street lights. Figures at least two inches or over in height are recommended in black on white, or similar contrasting colors.

On account of our house numbering being a problem for many years, I urgently ask you to co-operate with the above recommendations wherever possible.

Very truly yours,
SAMUEL A. COOPER, Supervisor
Town of Brighton

The difference between

**Reference** and

**Creative media**

is their **direction**

The seller's effort to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between ***coming*** and ***going***.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the purchaser to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

# INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use of it however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much.

In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

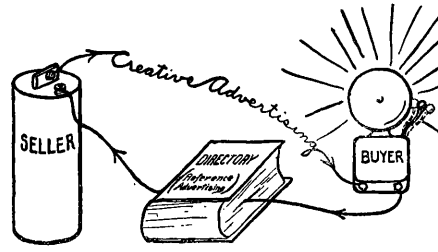
# *The Return Circuit in Advertising*



*The circuit must be completed before the bell will ring*
*The Buyer must find the Seller before a Sale is made*

**Creative Advertising**—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

**This Directory** is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find ***You?***

# *Common Sense About City Directory Circulation*

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\tfrac{1}{2} \times 305 = 1{,}067{,}500$$

# Locating Missing Heirs Finding Lost Persons

***This is only one of the many offices that a modern directory successfully fills***

The Directories of the United States for a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

# *Information*

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

*There are two kinds of Advertising*

That which the Buyer seeks, and that which is thrust upon him.

*Both are good*

*Display* advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

*Reference Advertising* steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy.*

*A Connecting Link*

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book.*

*A Help to You*

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

*Are You Covered?*

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected.*

# *Notice of Renumbering Town of Irondequoit*

Owing to the fact that some of the houses in Irondequoit are not numbered, and in other cases several houses have the same number, it is deemed necessary that some uniform system be established. In some cases this means that the present house number will need to be changed where the wrong number has been used, and in cases where the house has had no number, a number is designated.

The Post Office has requested that the following suggestions be observed by property owners in placing numbers.

Numbers should be placed in plain view from sidewalk, preferably about six feet above ground near to or over entrance and as close as practical to street where they are more likely to be lighted at night by street lights. Figures at least two inches or over in height are recommended in black on white, or similar contrasting colors.

On account of our house numbering being a problem for many years, I urgently ask you to co-operate with the above recommendations wherever possible.

Very truly yours,

THOMAS E. BRODERICK, Supervisor
Town of Irondequoit

# *A Public Service Publication*

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9 To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

***$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.***
