EXPLANATORY NOTE.

In the House Directory residences and places of business, designated by their street numbers, are arranged in numerical order upon their respective streets, those upon the right side of a street appearing first, followed by those upon the left side. The streets are arranged in alphabetical order.

On streets that are not numbered ciphers have been substituted in place of a street number.

Names of all adult members of a family are stated against their proper street number, other members than the head of the family being designated by the letter b at the end of the line. When there are several families in one house, the families on the lower floor are given first with the boarders, if any, followed in regular order by the families upon the floors above, the respective floors being designated by the italic figures *1*, *2*, *3*, *4*, etc., and the basement by an italic *0*.

Business places are denoted by the street number printed in heavy faced figures.

When a person's place of business and residence are at the same place, it is indicated by the use both of heavy faced figures for the street number and of the abbreviation h. at the end of the line.

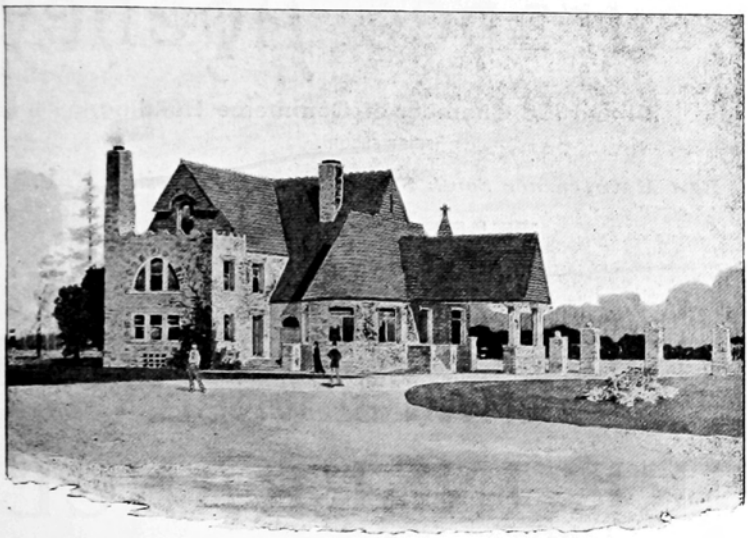
Riverside Cemetery



Contains one hundred acres of charming landscape extending from the Charlotte Boulevard to the Genesee River, the entrance being about one mile from the city limits. Added to great variety of natural scenery, dry, sandy soil and perfect drainage, all that landscape art can do is being done to make Riverside an ideal resting place for the dead.

ALL LOTS ARE SOLD UNDER A GUARANTY OF PERPETUAL CARE.

A portion of the price of each lot is set aside by the Trustees for permanent investment. The income from the fund thus accumulated will be used, first, for the purpose of keeping each lot properly graded, seeded and mowed, and secondly, for the general improvement and beautifying of the cemetery grounds.

EASY TERMS OF PAYMENT.

In view of the expense incident to sickness and death, the Trustees of Riverside have decided to accept one-half the purchase price of lots in advance and grant a year's time in which to make the final payment.

Information regarding choice of lots, rules, etc., can be had at the City Office, 906 Chamber of Commerce Building, Telephone 996, or at Riverside, Telephone 17–D. T. K. Those desiring to purchase lots may obtain, at the City Office, free tickets for transportation over the electric road and for admission to the cemetery, where they will be met by the Superintendent, Mr. J. H. Shepard and conducted over the grounds.

Fifty Years Ago

from Maine to the Carolinas, and from Cape Cod to the Western Reserve, Genesee flour was known in every household.

The wheat fields of Minnesota and the Dakotas have taken the flour-making industry a thousand miles westward, but Rochester—once "The Flour," now "The Flower City"—yet always the beautiful, with its 150,000 well-to-do people, still remains by the Falls of the Genesee; and in all these years

The Democrat and Chronicle

has been its leading newspaper. Even fifty years ago men and women remembered it as the paper of their childhood, for it has almost three score years and ten to its credit.

It was a leader then—strong and undisputed; it is a leader to-day, and without a rival.

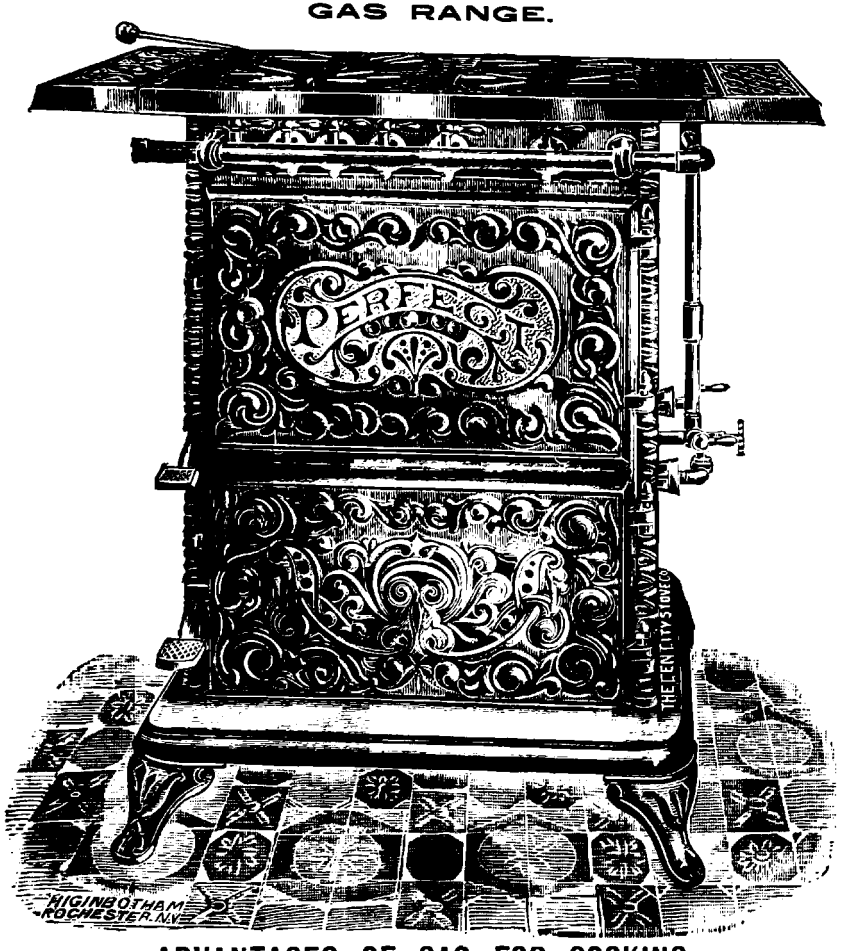
GAS RANGE.



ADVANTAGES OF GAS FOR COOKING.

THE TRUE VALUE OF GAS as a fuel for domestic purposes is known and appreciated alone by those who have used it, and cannot well be over-estimated.

Gas for cooking recommends itself, because it is convenient, clean and economical; there is no odor, no soot, no ashes, no smoke, no waste heat and absolutely no danger. A GAS RANGE is always ready—as soon as lighted it is prepared for work.

A breakfast, including hot biscuits, one such as is served daily in ordinary households, can be placed upon the table twenty minutes after lighting the range. This same estimate will cover the time occupied in making ready supper, while the rapidity with which a complete dinner may be prepared is astonishing, and truly appreciated by those using Gas stoves.

Gas for Fuel Purposes, $1.00 Net per M. Cubic Feet.

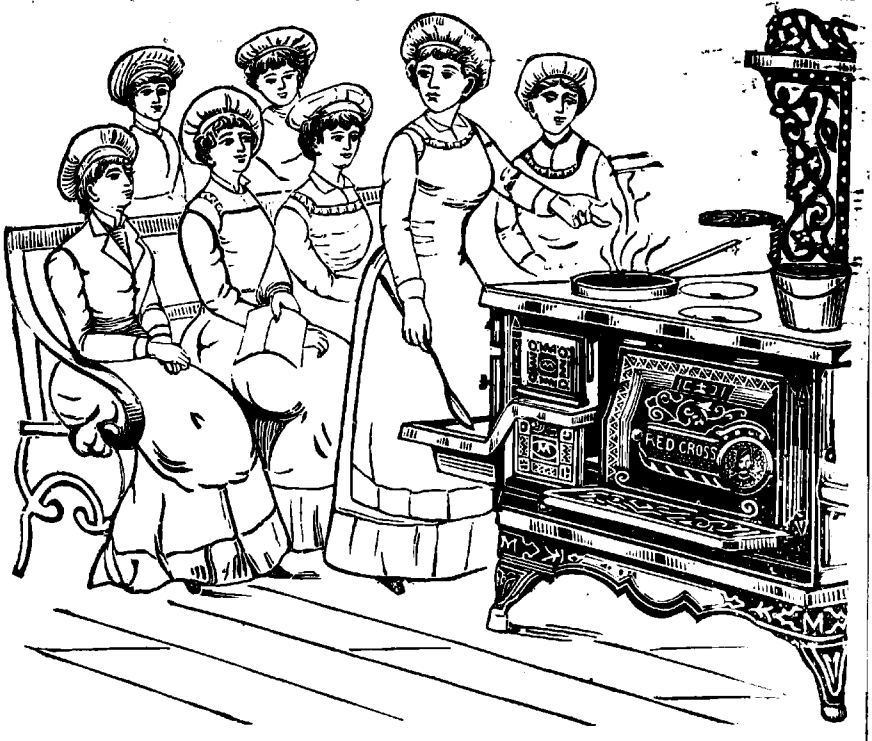
THE COOKING SCHOOL.



The Instructor's Address.

"YOUNG LADIES:—

I have learned that it is fully as essential to the attainment of perfect culinary results that the cooking *appurtenances* be only of the very best, as well as the ingredients. To this end I recommend exclusively the use of the RED CROSS RANGE. It is strictly first class in the perfection of all its little details, and although I dislike, as a rule, to publicly commend the productions of one manufacturer over another, I cannot in this case do otherwise. The RED CROSS has **the Largest Oven** of any range in the market, and you all know what a blessing this must be. Also the new patent Draw Out Oven Rack avoids all burned fingers, etc.

You can get one of"
