Directory of Householders, Occupants of Office Buildings and Other Business Places

A Complete Street and Avenue Guide of Rochester

INCLUDING

Names of All Streets and Avenues in Rochester Suburban Area

1945

Copyright, 1945, by R. L. Polk & Co., Inc.

Giving the location of Streets, Avenues, Places, Parks, &c showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

Business places are denoted by business being given. In business blocks the occupants are arranged by room number where practicable.

When business and residence are at the same place, it is indicated by business being given followed by abbreviation h.

House numbers are in ordinary type, business numbers in bold face, room and apartment numbers in italic.

Street numbers begin at the end of the street nearest centre of the city. Even numbers are upon the north or east side of streets. Odd numbers are upon the south or west side of streets.

After each street the car or bus line running through or nearest to it is named.

* Denotes streets improperly numbered.

The symbol, ◎, following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.
