Edited by Edwin Scrantom and Gen. Dacoudray Holstein,
RR, Ja 10, 1832, 3-2

Should not these be arranged chronologically rather than alphabetically - as is done in N.Y. Times Index and Annals of Cleveland ? Alphabetic arrangement almost necessitates knowing the name, and if one knows the name one would look it up under the name of the individual rather than under Missing Persons. If this is changed, however, it would be well to check through the list and see that all entries are also under name of individual and eliminate "SEE Missing Persons" reference.
