ANTI-MASONIC ENQUIRER.

TUESDAY, MARCH 4, 1828.

Some of the citizens of Batavia, the theatre of masonic violence and outrage, whose feelings have become highly and justly excited, have been surprised into a step, which, a moment's reflection will satisfy them, was ill-judged and premature.

We have known Mr. Southwick long and intimately, and on proper occasions have indicated both our regard for his interests and our zeal for his prosperity. We are familiar with his strong virtues, his glaring faults, and his manifold misfortunes, and can therefore account for the infatuation that has beguiled him into a measure, which, if not promptly overruled by the good sense of the community, would ruin him, and depress and embarrass a cause which is uniting the best exertions of patriotism and christianity.

Those who have heretofore regarded Masonry as a mere useless institution, will now be satisfied that it is a positively bad and dangerous one. The public can no longer shut their eyes or deafen their ears to this alarming fact. The doctrines inculcated by these obligations tend directly to the subversion of all religion and government.

Every good citizen will unite in putting it down. The heavy hand of universal indignation must hereafter rest upon it. It would be criminal in the highest degree, after an exposure of such monstrous doctrines, to tolerate the existence of an institution which inculcates them.

The Anti-Masonic Convention, whose proceedings we publish to-day, gave satisfactory evidence that the "excitement" had not abated, although the election is over. Every town was represented by Delegates, whose nerves are strung and whose hearts are warm in the cause.

Resolved, That a committee of seven be appointed to draft a circular invitation to all Free Masons, who are opposed to the institution of Masonry, and to secret associations in general in the United States...

We welcome our friend Strong, of the Orleans Advocate, into the fellowship of FREE PRESSERS. He has shaken off the masonic bonds, and espouses the cause of the people and the country. With the unrelenting and savage anathemas of the Fraternity staring him in the face, and the reeking dagger pointing its "vengeance" at his heart, the resolution to be free was bold and manly, proving that with him the injunctions of duty were paramount to the suggestions of danger or interest.

Several communications will receive attention next week.

COMMUNICATIONS.

FOR THE ENQUIRER. THE LAW OF GOD AND THE LAW OF MASONRY, AS RESPECTS CHASTITY, COMPARED.

The law of God is, "Thou shalt not commit adultery." The law of Masonry is, "I promise and swear, that I will not violate the chastity of a Master Mason's wife, mother, sister, or daughter, I knowing them to be such, nor suffer it to be done by others, if in my power to prevent it."

Here the law of God is set aside, and a substitution made of a law, to which the most tremendous sanctions are annexed, which virtually atrogates the Divine law in all cases but those particularly specified.

Are the female connexions of master masons, as to chastity, more sacred than others? Is the security and protection of their chastity more sacred than the security and protection of the chastity of other females?

FOR THE ENQUIRER. A TRAVEL TO THE WEST. Messrs. Editors—If you think the following worthy a place in your columns, you are at liberty to give it publicity. It is designed to show that Masonry is not yet dead, as its advocates pretend—that threats and persuasions are still resorted to, to keep it alive.

Mr. President—I have served my country too long, not to be sensible of my duty to submit (as well as I may) to this heavy stroke. I could have wished that my old age had been spared this calamity, but Providence has thought proper to bring me through the varied and trying scenes of a long life, to this bitter period. To the Almighty, and to him alone, I look for support and consolation. I pray him to bless and prosper my country, which, while it casts me off, cannot, and I trust will not, be disposed to deprive me of the consolations which result from a consciousness of good intentions, and honest conduct in office.

The effect upon the assembly was so great, that there were many of the sternest, both of his judges and his accusers, who shed tears. The President then said, that it became his painful duty, (the most painful of his life) to pronounce that the Hon. Wm. D. James had been found guilty of the first and second articles preferred against him: that he had also been found guilty of the fourth article; but that he was adjudged not guilty of the third and fifth articles of impeachment. The sentence of the Court was, that Wm. D. James be removed from his said office of Judge of the Court of Common Pleas.

Great Fire.—About one o'clock last night a fire broke out in a row of buildings on the east side of Fletcher street, next to the corner of South-street. The first occupied by Bachelor & French as a blacksmith's shop; the second, and the upper parts of both, were, in the occupation of Kingsland, Miller & Seranton, block makers and joiners; the third, a cooper's shop of Ross Duff; the fourth and fifth, a cooper and blacksmith—above both a carpenter—all these houses were destroyed. On the west side of Fletcher-st. to Maiden lane, two wooden buildings, occupied as groceries and dwellings, had their roofs burnt off, and were much injured below by fire, water, and removing. No. 163 Front-street, occupied by Jackson & McJimpsey, and No. 165, by Smith & Mills, large four story brick stores, containing cotton, rum, gin, &c., were entirely destroyed. They are said to be fully insured. About two o'clock, after the roofs of both had fallen in, an explosion took place of a quantity of high proof gin in the cellar of 163, which threw the entire front forward into the street, with a tremendous crash. A fireman is said to have had his arm broken in two places, and that several others were injured. An old wooden building on the corner of Front & Fletcher-streets, sustained considerable damage. No. 79 South-st., corner of Fletcher, was injured in the roof; No. 80, occupied by Henry & Beers, and No. 81, Arnold; No. 84, by Whitlock & Burnett, and F. G. & S. H. Maey, full of cotton; No. 83, occupied by De Forest & Son, and F. J. Spooner, containing cocoa, wool, and other goods were, with their contents, almost entirely destroyed.

Dr. FRANKLIN.—The leading property of Dr. Franklin's mind—great as it was—the faculty, which made him remarkable, and set him apart from other men;—the generator, in truth, of all his power—was GOOD SENSE—only plain, good sense—nothing more. He was not a man of genius; there was no brilliancy about him; little fervor, nothing like poetry, or eloquence; and yet by—the solid & unflinching, continual operation of his sublime mind, he came to do more in the world of science; more in council; more in the cabinets of Europe; more in the revolution of empires, (uneducated as he was,) than five hundred others might have done; each with more genius, more fervor, more eloquence, and more brilliancy.

INTEMPERANCE.—Coffee better than Bitters. In returning from North Yarmouth a few days since, the stage drove up to a small tavern about half way between that place and Portland—most of the passengers delighted to enjoy the comfort of a cheerful fire which was blazing in the bar room. A pot of coffee was standing on the hearth, which we were informed was kept constantly hot there for the benefit of travellers; and much to my surprise when the driver came in he called for his coffee instead of his bitters. He said he had been for some time in the habit of using this substitution before and after driving in the cold, and he found it better than all the bitters or cordial in the world. It was the mail stage which leaves Portland at 4 o'clock in the morning; and our temperate driver, whose open face and evident good health spoke "confirmation strong" of his report, informed us that he always found on arriving there a comfortable fire, and a welcome pot of coffee to cheer him for his early ride—and not a few of his passengers could add their testimony in favor of this new mode of entertainment. I would go out of my way to call at that house.—Portland Mirror.

From the correspondent of the Commercial Advertiser, Washington, Feb. 19. In consequence of the intelligence of the death of Gov. Clinton, a meeting of the delegation in congress in both houses, from the state of New-York, was this morning held. They met in the library of congress, when Gen. Van Rensselaer was appointed chairman, and Mr. Verplanck, secretary.

THE WIDOW'S DREAM. I dream'd I stood on the Lake's cold beach, With my orphans by my side,

From the North Star. To the Public.—About twelve years ago I was initiated, passed and raised to the sublime or Master's degree of Masonry in Harmony Lodge, No. 14, in St. Johnsbury.

On receiving the first or Entered Apprentice's degree, I was disappointed and expressed my feelings to some of the masonic brethren.

A query may arise in the minds of some, if thus disappointed, why I went any further! The answer is brief and consistent.

I continued a Lodge-going member about three years, when, having seen the same formal exhibitions so many times repeated, they became uninteresting to me.

In consequence of intelligence received of masonic outrages committed at the West, and the candid and impartial investigation of the Institution by many of its members, for four or five months past I have viewed Masonry, and have freely expressed these views to individuals and circles of my friends as DANGEROUS to our civil and political Rights, and HIGHLY INJURIOUS to the Christian Religion.

Again, the argument so many times suggested against the Institution, that it interrupts domestic happiness, ought not to be treated with contempt.

Another objection to the Institution is, that it assumes to itself, that advantage over the rights and privileges of others, not its members, which is of dangerous tendency, and repugnant to the principles of a free government.

Another objection to the Institution is, that it assumes to itself, that advantage over the rights and privileges of others, not its members, which is of dangerous tendency, and repugnant to the principles of a free government.

This is not published to gratify revengeful motives, for I have none. The expulsion, is only sanctioning the course I should have pursued without it; for I could never have met with them again.

others whom I have heretofore esteemed, still remain the same. I cannot dismiss this subject without earnestly entreating members of churches in the vicinity of my acquaintance, to examine and decide with their consciences and their God, whether they can be doing right in situating their families and others, that the secrets of Masonry are not disclosed, when they are, to my certain knowledge, revealed to the third degree, and now before the public.

THY HAZELTINE. Burnet, Sept. 2, 1828.

From the North Star. To the professed followers of Christ, now in connexion with the institution of Free Masonry.

CHRISTIAN FRIENDS. In accordance with the proposal in my last communication, to exhibit further reasons for my public renunciation of Free Masonry, I would say, without doubt, in my opinion, the Institution has been instrumental, in no small degree, in the promotion of dissipation and intemperance.

And since there is so much in the Masonic obligations which appears like a preference for members of the Institution to be elected into public office, is it not just to remark, that its tendency and influence, if unrestrained, are dangerous to our political freedom!

From the Genesee Register. At a meeting of the Anti-Masons of Perry, Middlebury, Gainsville, Orangeville, Castile and Warsaw, on the 30th of August, 1828, pursuant to previous notice.

Levi Walker of Warsaw, one of the Editors of the Genesee Register, delivered an address, exposing the falsehood of the pretensions of the masonic Institution to antiquity, superior virtue, &c. and stating in a clear and satisfactory manner, his reasons for opposing the principles of the order.

Resolved, That a committee of five be appointed to draft resolutions expressive of the sense of this meeting.

Resolved, That we concur in the opinion of the Father of our country, which is, that "all obstructions to the execution of the laws, all combinations and associations under whatever plausible character, with the real design to direct, control, counteract or awe the regular deliberation and action of constituted authorities are destructive of the fundamental principles of liberty, and of fatal tendency; and that however combinations or associations of the above description may now and then answer popular ends, they are likely in the course of time and things, to be some potent engines by which cunning, ambitious and unprincipled men will be enabled to subvert the power of the people, and to usurp for themselves the reins of government, destroying afterwards the very engines which have lifted them to unjust dominion; and that for the preservation of our present happy state, it is requisite that we do not only steadily discountenance irregular oppositions to its acknowledged authority, but also that we resist with care the spirit of innovation upon its principles, however specious the pretexes."

Resolved, That in our opinion the Masonic Society is a combination and association, of the above description, and that it becomes our imperative duty as citizens of the United States, not only to discountenance, but to put forth all our energies, for the destruction of the Institution.

Resolved, That in our firm and decided course of opposition to masonry; we will use such means only as are guaranteed to us by the laws of our country, and are calculated to do honor to the righteous cause in which we are engaged.

Resolved, That the secrets of the masonic institution have been revealed by such men under such circumstances as to leave no remaining doubt of their truth; and that we approve of the conduct of seceding masons in publishing the secrets of the order to the world.

and as my object is, not to impeach the character of individuals in this discussion, I would rather pass silently by the acknowledged outrages of particular members of the Institution, and confine myself more particularly to its principles. Whatever we may think of the original intention of masonic principles, with regard to their assuming authority in defiance of the civil government, I must say there are some things in connexion with them, or especially in the obligations, which afford us very strong reason to suspect, that this was their intention originally, and certainly it is not to be thought strange, that some of the fraternity, even in these better days, who have not been governed by that uprightness of moral principle which is desirable, should consider themselves authorized by Masonic principles, to use violence against their own offenders, which the laws of the land would not approve; and must we not certainly infer as much as this, from the consideration that so many such members of the fraternity, have been bold to declare, as their sentiments, the righteous conduct of those who may join in delivering the Institution forever, of certain individuals of its offenders, according to the penalty of their obligations!

Resolved, That we will not support for any office, any man who dissects from the foregoing resolution.

Resolved, That it is of vast importance to the Anti-Masonic cause, that the votaries be united and act in concert we shall feel it our duty to support the regular Anti-Masonic nominations for office, in town, county and State.

Resolved, That we will not support for office any man because he secedes from the masonic institution, neither will we withhold from him our support on that account, but will esteem him on an equal footing with other Anti-Masons of the same qualifications.

Resolved, That in accordance with the recommendation of the Anti-Masonic State Convention to raise money by contribution in the several towns of the State, to be transmitted through the county committees, to the general committee for the purpose of defraying the expense that has already been incurred and that it may become necessary, in the publication and distribution of facts and documents exposing the outrages and iniquities, of the masonic institution, we take a collection at this time to be transmitted by a committee appointed by the chairman to the county committee.

Resolved, That the doings of this meeting be signed by the Chairman and Secretary and published in the Genesee Register.

IRA WILSON, Ch'n. Gideon Tyrrel, Sec'y.

At a large and respectable meeting of the inhabitants of Peacham, convened at J. Brown's on the 29th of August, 1828, those present were, Geo. W. Clark, Esq. Chairman, and A. Skeele Secretary.

Resolved, That we recommend the publication of an Anti-Masonic Newspaper in Warsaw.

Resolved, That as the penalties of masonic oaths are death, and as in the higher degrees, masons are sworn to inflict the most strict and condign punishment, upon the violation of the masonic laws agreeable to the ancient rules and usages of the Fraternity; and as those rules and usages were to inflict death upon the transgressor, as it appears from the cases of Hiram Abiff and Akirap; and a large number of masons were engaged in the abduction of Capt. William Morgan (if not in his murder,) and as none have been expelled from the masonic society, not even those who have confessed themselves guilty, we have good reason to charge the institution with the awful crimes of kidnapping and murder, and those who adhere to the institution, as justly implicated in their guilt.

Resolved, That whenever any of our masonic neighbours may feel it a duty and privilege forever to separate themselves from the society of Freemasons, we will protect them from any aspersion of character or abuse, the consequence of such separation, to the utmost of our power.

Resolved, That we consider it unchristian to persecute our masonic neighbours; that we will not count them as enemies, but address them as friends.

Resolved, That the gentlemen were nominated and chosen delegates to the County Convention to be held at Danville on the 24th Sept. next, viz. Nathan Field, Geo. W. Clark, Esq. Capt. Luther Bailey, Capt. Simon Blanchard, David Weeks.

Previous to the close of the meeting, Capt. Simon Blanchard, jun. came forward and publicly renounced Masonry, assigning as a reason, that he believed it to be a bad institution, as he thought all secret societies must be; and he became convinced of this soon after uniting with the fraternity, and in consequence of this conviction, that he had for some time absented himself from their meetings.

Voted, that the proceedings of this meeting be signed by the Chairman and Secretary, and sent to the Editor of the North Star for publication.

Resolved, That it is gratifying to the advocates of equal rights, justice, and free investigation, to learn, that Anti-Masonry is progressing with a steady, undeviating course, through these United States—and no good reason can be given why the subject of Masonry should not undergo public investigation, as well as any other.

Resolved, That we will not support for office any man because he secedes from the masonic institution, neither will we withhold from him our support on that account, but will esteem him on an equal footing with other Anti-Masons of the same qualifications.

Resolved, That in accordance with the recommendation of the Anti-Masonic State Convention to raise money by contribution in the several towns of the State, to be transmitted through the county committees, to the general committee for the purpose of defraying the expense that has already been incurred and that it may become necessary, in the publication and distribution of facts and documents exposing the outrages and iniquities, of the masonic institution, we take a collection at this time to be transmitted by a committee appointed by the chairman to the county committee.

revolutionary soldier Daniel Shields was appointed Secretary, and Chanancy Webster assistant.

On motion, the following gentlemen were appointed a committee to draft resolutions for the consideration of the meeting, viz. James P. Gould, James Walker, Hiram Panning, John Mayell and Geo. Wood.

Resolved, That as citizens of these United States, who feel a deep interest in the welfare of our country, we have abundant reason to be alarmed for our rights and liberties.

Resolved, That we have before us fearful evidences of the evil effects of the secret obligations of this powerful association, and of the dangerous influence exerted over its members.

Resolved, That we view, with deep regret, the reluctance of many good citizens to express their sentiments on this important subject, and deprecate those motives which awe them into silence, against their better judgment and their sense of duty.

Resolved, That we will cheerfully cooperate with our fellow-citizens in other parts of the state, and in our sister states, in all lawful endeavours to counteract the baneful effects of so dangerous an institution, and to preserve inviolable the rights of every citizen.

Resolved, That as Freemasons are bound by their obligations to protect each other's interests, "in all cases whatsoever," we consider them utterly disqualified to hold any public office, and especially to be entrusted in the administration of justice, or the formation of laws.

Resolved, That it is unsafe and impolitic to elect to any public office, any member of the masonic fraternity, or any other secret society, who will not openly renounce the same.

Resolved, That we feel ourselves bound by the ties of patriotism, and the pure principles of republicanism, to absolve ourselves individually and collectively, from any and all connection which we have heretofore held with either the old political parties of this; to attach ourselves firmly and honestly to the Anti Masonic party from this day forward, and pledge ourselves to adhere to that party alone, so long as it shall continue to be guided by the spirit of liberty and justice, which called it into action, and roused it to resist the most flagrant outrages upon the liberty of the press, and the rights of the citizen, that ever threatened destruction to the happiness and prosperity of a free people: Provided only, That as we disclaim any interference in the present Presidential contest, and as there cannot, at this late day, be any new arrangement made as to Presidential candidates, Anti-Masons must necessarily be left to act their own discretion in the choice of Presidential electors.

Resolved, That the seceding Free masons, who formed the Le Roy Convention of the 19th of February, and that of the 4th of July, 1828, and by whom the whole secrets of the craft are about to be exposed to the world, have, by their said exposition, and their Declaration of Independence of the Fraternity, performed a service to their country, little inferior, if not equal, to that which was performed by the Congress of '76, in declaring the country free and independent of Great Britain; for of what use would our independence of foreign power, if a slave and degraded by domestic tyrants and midnight conspirators.

Resolved, That an impervium in imperio, government within a government, is not safely to be tolerated by the people of any country; for a house divided against itself cannot stand.

Resolved, That the thanks of this meeting are due to these patriotic citizens who moved in the attempt to bring to light the murders and the murderers of Capt. William Morgan; and that their country owes a debt of gratitude, of which it is to be proud she will ever stand ready to afford every reasonable and proper evidence.

Resolved, That to Col. David C. Miller the first editor who took a stand against masonic fraternity, and to those brave patriotic citizens who rescued him from the hands of masonic kidnappers, we intend to immortalize him with Morgan, the people of this state owe of gratitude, which we trust they will fail to discharge whenever an opportunity offers.

Resolved, That those editors of newspapers who have suppressed or neglected to publish such circumstances and facts have transpired in relation to the kidnapping and murder of William Morgan, and attempt by masonic incendiaries to print office, or those who have those subjects, and the name and name of William Morgan with ridicule, and highest degree culpable, and ought to be trusted as centinels on the watch of freedom: But those editors who have done their duty faithfully in this respect, they have the warm thanks of this and our warm wishes for their success and prosperity: And that Solomon Wick, Esq. the Editor of the National Server, for the decided, firm and manly he has taken, alone and unsupported section of the state deserves the gratitude of every American citizen, whereas Mr. Southwick was nominated for the office of Governor of this State.

Resolved, That the doings of this meeting be signed by the Chairman and Secretary, and sent to the Editor of the North Star for publication.

Resolved, That we will not support for office any man because he secedes from the masonic institution, neither will we withhold from him our support on that account, but will esteem him on an equal footing with other Anti-Masons of the same qualifications.

Resolved, That in accordance with the recommendation of the Anti-Masonic State Convention to raise money by contribution in the several towns of the State, to be transmitted through the county committees, to the general committee for the purpose of defraying the expense that has already been incurred and that it may become necessary, in the publication and distribution of facts and documents exposing the outrages and iniquities, of the masonic institution, we take a collection at this time to be transmitted by a committee appointed by the chairman to the county committee.

Resolved, That the doings of this meeting be signed by the Chairman and Secretary and published in the Genesee Register.

ANTI-MASONIC ENQUIRER.

TUESDAY, SEPT. 23, 1828.

We publish to day the proceedings of a meeting said to have been numerously attended at the Capitol, in the city of Albany, where SOLOMON SOUTHWICK was nominated for Governor of this state.

This nomination, emanating from that at Le Roy, has been approved, cordially we believe, by the Ontario, and reluctantly by the Wayne county Convention.

The strongest suggestions of patriotism and the highest considerations of duty, united to interest the prominent men of the state against an Institution, towards which Washington pointed his warning admonitions.

If, under these multiplied difficulties, the Anti-Masons incline to bestow their votes upon Mr. Southwick, though our conviction of duty will compel us to withhold our own from him, we shall by no means impugn their motives.

The fraternity are stretching their efforts to the utmost limits of zeal and industry. A desperate struggle to regain the power which the people took from them, last fall, will be made at the approaching election.

Capt. WILLIAM MORGAN, a citizen of this republic, and one of the defenders of its liberties in her second war for independence, was MURDERED BY FREE MASONS on the 19th of September 1826.

ANTI-MASONIC NOMINATIONS. Ontario County.—Jonathan Buel for Sheriff, Ralph Lester for Clerk, Jonathan Mason, Nathan Pierce, Asahel Banister, for Assembly.

The Anti-Masonic Congressional District, which met at Geneva on the 15th inst. nominated Robert Rose of Seneca, and Israel J. Richardson, of Wayne county, to represent the 26th District in Congress.

We turn from the temporary embarrassmentments which the "craft" have thrown around our state prospects, to contemplate the extended and cheerful hopes which open to our view throughout the union.

Such are the hopes which animate the hearts of Freemen in their struggle against a murderous and blasphemous institution. So much, in producing a great moral and political reformation, has been accomplished in two years.

At an Anti-Masonic Senatorial Convention, holden at the village of Batavia, on the 17th day of September, to nominate a Senator, to supply the seat of the Hon. SAMUEL WILKESON, in the 8th Senatorial District, BATES COOKE, of the county of Niagara, was called to the chair, and THURLOW WEED, of the county of Monroe, appointed secretary.

Resolved—That the following gentlemen be appointed committees of correspondence to promote the election of Mr. Boughton:—Chauteaugus—Doct. Squire White, Anselm Potter, Alvin Plumb.

At a meeting of the Anti Masonic Electors of the Town of Ogdén, held pursuant to public notice at the Baptist Meeting house on the 12th day of September, 1828—Levi Bascum was called to the Chair, and Benjamin B Cole chosen Secretary.

It was erroneously stated in part of our last week's impression, that the county convention would meet on the 15th day of October. The convention adjourned to meet on the first day of October, at 10 o'clock in the forenoon.

Resolved, that we disclaim the charge of persecution or proscription which is attempted to be cast upon those of our fellow citizens who disapprove of secret societies, and that those who persist in adhering to masonic societies have no right to expect the confidence of their countrymen—no right to complain if they are compelled to choose which they will serve, their country or masonry.

Resolved—That it is expedient to appoint three delegates to represent this town in the County Convention to be held at Rochester.

Resolved—That the proceedings of this meeting be signed by the chairman and secretary, and published in the Enquirer and Telegraph.

It may perhaps be expected that I should in the course of my remarks take notice of an attempt made by some of those vendors of falsehoods and tools of party who disgrace our country, to create an impression that this impulse which has roused a whole community to action can be used for mere party purposes, and that an eminent statesman had made an attempt to buy it for his own purposes.

Resolved—That the principles and obligations of Freemasonry, are in the opinion of this meeting hostile to the interests and not reconcilable with the true principles of a republican government.

To be mistaken, who think that the task of the Russians is completed by the passage of the Danube, that the march to Constantinople will be attended with no difficulties, and the war in truth as good as ended.

It is in vain to imagine that the excitement against your infamous fraternity can be extinguished. You might as well attempt to smother the volcanic throes of Aetna, or stay the tempest of liquid fire that desolated Sodom and Gomorrah!

ANTI-MASONIC ENQUIRER. TUESDAY, NOV. 18, 1828.

Messrs. Southwick and Cray have received from 20 to 30,000 votes in the State. This, by our opponents, will be represented as the whole strength of the Anti-Masonic party. Perhaps they think so. A consumptive patient ever flatters himself with delusive hopes of convalescence. The late result, with the exception of a few counties, where we were strong enough to defy the power of both political parties, was no test of our strength. The Masons, of course, and they boast of being "all-powerful," were against us. Then we had to encounter the direct opposition of the Jackson party on the one hand, while on the other, the Adams party interposed, indirectly, every obstacle in their power to thwart and embarrass our cause. In counties not yet fully awakened to the imminent dangers of Free Masonry, the Presidential question absorbed every other consideration. If, under all these circumstances, the Masons are satisfied with the result, they much more so. We have tried and proved the stability of our cause and the fidelity of our principles. We know the worthlessness and rottenness of Free Masonry. This knowledge will be diffused through the state and nation; and when our fellow-citizens come to know Free Masonry as she is, they will unite warmly with us in pulling down her temples and laying waste her habitations.

The fraternity, and the kidnapping portion of the fraternity, in particular, appear in extacies at the prospect of electing their Grand Master, Andrew Jackson, President of the United States. We shall not now stop to inquire how much the circumstance of his being the Grand Master of Free-Masonry, may have contributed to elect him. There is a time for all things; and the history of Free-Masonry, for the last two years, is pregnant with instruction and admonition. We intend to review the past conduct and to contemplate the future condition of Free-Masonry. Entertaining as we do, a solemn conviction, that the end of Free Masonry is at hand, we are strongly urged to the belief that the temporary elevation of its Grand Master will, under the governing wisdom of Providence, bring swift vengeance upon the Fraternity.

Sufficient returns, though unofficial, have come in, to show that eighteen Jackson and sixteen Adams Electors are chosen in this State. Gen. Jackson will therefore receive 20 of the votes of New York. The Cumberland district, in Maine, has chosen a Jackson Elector. All the other Electors, from the New England States, are for Adams. New Jersey and Ohio have given Adams Electors. Pennsylvania is for Jackson by an almost spontaneous vote. Returns from Virginia indicate that Jackson's majority in that state will be large. Of the general result, there can no longer be two opinions. Gen. Jackson and Mr. Calhoun will be elected President and Vice President.

The load which hung like an incubus upon our cause, for the last year, is just removed, and Anti-Masonry will now erect itself, spread its wings and go abroad, dispensing light and dispelling darkness throughout the land. We are no longer to be told by those so deeply interested in keeping down the spirit of investigation, that it is an "excitement designed to aid Mr. Adams' election." The fraternity will learn and the world will believe, that Anti-Masons contemplate a great moral and political reformation—a reformation which will secure multiplied blessings and manifold glories to our country.

The Anti-Masonic Assembly Ticket has succeeded in the counties of Chautauque, Niagara, Orleans, Genesee, Monroe, Livingston, Seneca and Yates. In Erie and Madison, one of the Anti-Masonic candidates are elected. In Wayne, Ontario, Tompkins, Allagany, Madison, Cayuga, Jefferson and Saratoga, the Anti-Masonic tickets received strong votes, and although defeated, our friends are not disheartened, but will renew their efforts to establish and extend the cause.

It is due, not less to the Anti-Masons of this village, than to ourselves, to state that the following resolution which appeared in Mr. Southwick's Observer, on the 3d of October, purporting to have been passed at an Anti-Masonic meeting at the Mansion-House, is a deliberate fabrication. No such resolution was ever offered or passed at any meeting in this village or county.

Resolved, That the Anti Masonic party in this county, have great reason to fear that they have been betrayed by the men in whom they have most trusted; and that the recent course pursued by Thurlow Weed, in giving support to the administration in preference to genuine anti-masonry, calls loudly upon genuine anti-masons, to come out and act independent of leaders.

Mr. Van Buren is Elected Governor, and Mr. Throop Lieut. Governor, by a plurality of the votes of this State. We leave those who have contributed, by their wayward councils, to place an unprincipled demagogue in the gubernatorial chair, against the votes of a majority of the electors of the state, to the enjoyment of their own feelings.

Last night's western mail brought returns which renders it pretty certain that Ohio has chosen Jackson Electors.

FOR THE ENQUIRER. Account of the Election at Henrietta. — was a spectator at the election, and saw the Jacksonian columns, the bear, less boy of 19 to the hoary patriot of 70, come to the polls, full of confidence; victory appeared sure. They were headed by masonic leaders in four bands, the motto of the first band was bargain, intrigue, and talents; they boldly came up in front, but soon filed to the left. The motto of the second band was "hickory;" this also stood but a short time, and turned to the left. The motto of the third band was, "go where duty calls none others do I want, and none others will I have;" this also followed to the left. The fourth band fought masked, location was their mask; they mingled in every circle, became in truth, all things to all men; its motto was concealed; it was truly masonic; their generalship was exhibited during the combat—the ballot boxes decided the contest. The first, second and third bands were defeated, six votes decreed the success of the fourth, a victory was proclaimed, and the champions of Jacksonian republicanism, and military liberty, repaired to L. C. Chamberlin's to chaunt a *te deum* to the God Bacchus in celebration of their great victory. "We've got him, we've got him no matter how, by what means, or by what majority, he's ours, he's ours," was the burden of the song. SPECTATOR.

Review of New-York Market, Nov. 11. ASHES—Sales were made yesterday at \$125 for Pots, and Pearls at \$120, which is an advance on our last quotations. COFFEE—A lot of St. Domingo was sold at 11 1/2; and Brazil 12 1/2 a 13 1/2. COTTON—The sales since our last report, consist of about 1450 Uplands at 9 1/2 a 11; and 350 Tennessee and New-Orleans at 9 1/2 a 12 1/4.

FLOUR—Since our last, this article which has so rapidly advanced, has declined; speculators have submitted to a reduction of about half a dollar a barrel. The following quotations must be taken as nominal—N. Y. superfine \$9; Western Canal 9 25, 9 50. GRAIN—We have not learnt of any sales of Wheat. Sales of Oats have been effected at from 53 to 44 cents; Barley at 70 cts. HIDES—About 500 Buenos Ayres brought 15 cents, and the same quantity of Russia 11 1/2.

MOLASSES—68 hds. Cuba, part sour, were sold on the 11th at public sale at 26 1/2 a 28 1/2. This article is dull. PROVISIONS—Beef is in good demand, and an advance has been realized. A sale, of country inspection, was made yesterday at \$6 50. Prime Pork, sells at \$10 and Mess at \$13.

The electoral colleges meet in their respective states, on Wednesday, the 3d of December, at their several seats of government. They vote by distinct ballots, and make distinct lists of persons for whom they vote. The lists are then signed, certified, sealed and sent to Washington. On the second Monday of February next, the votes are opened in the presence of the senate and house, and counted. Whoever has a majority of all the electoral votes, is declared President, and the same as regards the Vice President. The certified lists are sent to Washington by special messengers paid for that purpose.—N. Y. Gaz.

Trades of the Schuylkill.—From Mount Carbon and Port Carbon, 99 boats, being 2273 tons of coal, arrived by the canal at the wharves on the Schuylkill, during the week ending the 7th inst, which added to former returns made this season, make a total of 1544 boats, and 38,526 tons of coals. Some of the boats last week were partly laden with lumber, wheat, flaxseed, clover seed, butter, &c. and 25 returned up the canal laden with sundry merchandise for the country consumption.—Democratic Press.

From the New York Journal of Commerce. Opening of the Ports.—The Baltimore papers, (or some of them,) say that an express arrived in that city bringing intelligence that the English ports had been opened for the admission of foreign Grain and that a great advance in prices was the consequence. The ports have been open ever since the passage of the new corn law, or rather it has been at the pleasure of merchants to open them. The system is a sort of mercantile valve; it opens whenever the external pressure is sufficiently powerful. For instance if any man should choose to buy a quarter of Wheat of eight bushels for fifteen dollars, ship it to England at an expense including loss in measurement of 12s, and pay a duty of 25s, 8 for the sake of selling at 80s, and of being enabled to draw for the net proceeds a bill which would be worth \$ 11.50 why he could do so without permission from the King or any body else. But on such terms it is obvious the ports will not be opened. On the other hand, should the price and the average price both rise about seven shillings per quarter, then the net proceeds in the case supposed would be worth about \$ 17.25, and the ports would be fully opened.

MATTHEW BROWN, Ch'n. JEREMIAH CUTLER, Sec'y

The towns Henrietta and Parma did not return the votes given for the different individuals voted for, for the office of Senators. Some towns returned the whole number of names for the office of Senators, Members of Assembly, and Coroners, while others returned only the number of Ballots.

GLORIOUS TRIUMPH! Livingston county has done its duty. Principle, correct and virtuous principle, has again triumphed over the secret and selfish institution of Free Masonry—the cause of the people against a hidden foe, which has so long been privately preparing the materials with which to explode the freedom of a world, has once more prevailed in this county; and we have reason to hope that many other counties in the state have witnessed a similar result. The following statement shows the respective candidates in Livingston county:

From the Rhode Island Journal. ANTI-MASONIC MEETING. At a meeting of the citizens of Fall River village, friendly to the cause of Anti-Masonry, holden at the new school-house, on Saturday evening, November 1st, 1828. David Anthony was called to the Chair and Jonathan Slade was appointed Secretary. A discourse, entitled, "Free Masonry, a Covenant with Death," delivered at a public meeting in Hornby, Steuben co. N. Y. by the Rev. Reuben Sanborn, a Seceding Royal Arch Mas-n, was read and approved at this meeting.

Voted, That a committee of thirteen be appointed to prepare resolutions expressive of the sense of this meeting on the subject of Free Masonry, and present them at an adjourned meeting. Voted, That David Anthony, Nathaniel B. Borden, John M. Smith, Jonathan Slade, Edward Smith, Simeon Borden, Joseph C. Luther, Charles Church, Mirah H. Ruggles, Benjamin Church, Jervis Shove, William Wood and Nathan Hall, be that committee.

Voted, That the doings of this meeting signed by the Chairman and Secretary, be published in the Fall River Monitor. Voted, That this meeting stand adjourned four weeks from this evening, at this house, to meet at half past six o'clock. DAVID ANTHONY, Ch'n. JONATHAN SLADE, Sec'y

The Philadelphia National Gazette of Monday says, Commodore Biddle arrived in his native city this morning, in good health, after a cruise of nearly three years. He was more than two of them on the coast of Brazil—a situation which was rendered particularly delicate and arduous by the hostilities between the empire and Buenos Ayres. We have reason to believe that the Government at Washington, and those abroad whose rights and interests fell within its sphere of action, have bore strong evidence of his judgement, temper, general ability, and sound patriotism, with which he executed his various duties. His peculiar management has caused his necessary return home to be much regretted.—Albany Ad.
