Directory of Householders, Occupants of Office Buildings and Other Business Places

INCLUDING

A Complete Street and Avenue Guide

1940

Copyright, 1939, by R. L. Polk & Co., Inc.

Giving the location of Streets, Avenues, Places, Parks, &c showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The **Streets** are arranged in **alphabetical order** with the location of **Intersecting Streets** clearly shown.

Business places are denoted by business being given. In business blocks the occupants are arranged by room number where practicable.

When business and residence are at the same place, it is indicated by business being given followed by abbreviation h.

House numbers are in ordinary type, business numbers in bold face, room and apartment numbers in italic.

Street numbers begin at the end of the street nearest centre of the city. Even numbers are upon the north or east side of streets. Odd numbers are upon the south or west side of streets.

After each street the car or bus line running through or nearest to it is named.

* Denotes streets improperly numbered.

The symbol, ◎, following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Central Library of Rochester and Monroe County - City Directory Collection - 1940

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
