How the City Directory will help you

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest,** as an old edition will mislead you.

Rochester Suburban Directory

For the year 1936

INCLUDING THE TOWNS OF

BRIGHTON, EAST ROCHESTER, GATES, GREECE, IRONDEQUOIT and PITTSFORD

A Supplement to the Rochester Directory

Containing

Alphabetical Section (White Pages) for each town, giving names, occupations and addresses of all persons over twenty years of age, business and post office addresses.

Business Directory (Page 617) of all firms or individuals in business or profession, under listing best describing their service or product.

Reference Department (Page 17) where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the town, and stands for them and the town in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

House and Street Directory (Pink Sections) A complete list of streets, giving location of intersections and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business, and householders are listed in numerical order upon their respective streets. Resident property owners are designated, and Post Office address is given for each street. A feature of great value and convenience.

A VALUABLE FEATURE:

HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL®

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

If it weren't for the false notion about the high price of a directory hundreds of people would no longer deny themselves the information to be found in one.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU.

INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use of it however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much.

In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Thousands of your potential customers are visiting the City Directory Libraries of the United States and Canada every month seeking sources of supply and other information. These library locations are advertised and publicized consistently and continually. Is your product or service properly registered in these

libraries so that those looking may readily obtain the information desired? This library system is a sound economic feature that brings your product or service within the reach of millions at a cost to you that is surprisingly low in comparison with proven results. A folder, descriptive of this huge system of City Directory Libraries, together with a privilege card entitling you to the benefits of free usage, is yours for the asking, on your business letterhead. COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty-five years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

How the City Directory will help you

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest,** as an old edition will mislead you.

Locating Missing Heirs Finding Lost Persons

This is only one of the many offices that a modern directory successfully fills

The Directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the City Directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days, however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You *can* do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

If the results are not entirely satisfactory, it is up to you.

Some firms prate wisely of business efficiency and then lose time and money sending to wrong addresses culled from an out-of-date directory. Rather than spend the few dollars necessary to insure themselves being properly listed under all the headings applicable to their business, they run the risk of letting their competitor get their trade. They save the first cost and waste postage stamps by the gross.

Would you improve on old methods? Then phone or write at once for particulars to

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\tfrac{1}{2} \times 305 = 1{,}067{,}500$$

A PUBLIC SERVICE PUBLICATION

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business and fills a position accupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty-five years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Directory Advertising Is National Advertising

Your Business on Record All Over America

Hundreds of Directory Libraries Can Give Your Advertisement National Circulation

Thousands of your potential customers are visiting the City Directory Libraries of the United States and Canada every month seeking sources of supply and other information. These library locations are advertised and publicized consistently and continually. These libraries are maintained by the Association of North American Directory Publishers through the courtesy of the members who keep them supplied with City Directories as part of their service to the public. Is your product or service properly registered in these

libraries so that those looking may readily obtain the information desired? This library system is a sound economic feature that brings your product or service within the reach of millions at a cost to you that is surprisingly low in comparison with proven results. A folder, descriptive of this huge system of City Directory Libraries, together with a privilege card entitling you to the benefits of free usage, is yours for the asking, on your business letterhead. Apply either to your local Directory Publisher or to

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU.

How Many Leaves Did You Turn To Find a Name on this Page?

Your Advertisement at frequent openings will be seen every time the book is used

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy.*

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book.*

A Help to You

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected.*

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\tfrac{1}{2} \times 305 = 1{,}067{,}500$$

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
