Political Polka

By CURT GERLING

Rumors are persistent (although we are sick of talking about it) that a few heads (mostly of the swelled variety) will roll around City Hall. Don't be astonished if some day soon the daily press will refer to certain drastic administrative changes as a "surprise" move.

Mr. Broderick's "surprise" moves rarely surprise those who get the axe. Marse Tom has a way of letting the victims know other than by direct statement long before they walk the plank.

The GOP New Year's Day "Open House" was well attended by the faithful and the near-faithful. Hangovers were as plentiful as "fresh starts" and one or two of the big brass were reported to be a bit "too cheerful" for the boss' complete satisfaction.

The boss has no objection to conviviality as long as it has the proper social restraints. Those that were a bit too effusive and boisterous for their parts in the New Year's day drama got a cold eye from his nibs.

Our spies report that Mr. Harold "Initials" MacFarlin was conspicuous by his absence and that it surprised no one that the Open House proceeded successfully without his aid.

At the first meeting of the Board of Supervisors Val Rauber pleaded eloquently for recognition of the minority on the more important committees, preferably Ways and Means, Highways etc.

Gorgeous Gordon Howe the Grecian fashion plate, stroked a well barbered jaw, flicked a bit of lint from a pointed lapel and "assured" minority leader Rauber that the matter would receive "consideration."

When the Democrats stormed in back in '32 they played fair with the minority GOP. If memory serves us correctly they permitted Jesse Hannan (See POLKA Page 4)

CENTURY OF SERVICE HONORED—One of the first official acts of Theodore F. Lemm, (right) new chairman of the Retail Merchants' Council of the Chamber of Commerce, after his installation Monday evening, was to award plaques to representatives of five Rochester stores which have been in business more than a century. James E. Field, treasurer of James E. Field Corp., canass dealers since 1843, shown receiving his firm's plaque. Others who received plaques are: Howard D. Peer, of William Eastwood & Son Co., shoe retailers since 1841; W. Brantley Miller, president of Likly's, luggage retailers since 1844; eGorge W. Sanford, president Paine Drug Co., druggists since 1820; and Carroll Taylor, of John W. Taylor & Sons, hat and cap retailers since 1846.

COINS FLIP DETERMINES DECIDES POLL VICTOR

Hollidaysburg, Pa. — For the second time in four years, the flip of a coin was used to decide whether Cornelius Lusardi, a confectioner, was to be a member of the City Council. In 1943, Lusardi won the toss and took the job. This November 4, Lusardi again tied his opponent with the same number of votes as before, 123. This time, however, Lusardi lost the toss.

MT. MCKINLEY CLIMBER TO LECTURE HERE

First hand reports of the adventures, dangers and thrills in conquering Mt. McKinley by mountain climbers early last year, will be brought to Rochester next Wednesday when Bradford Washburn, famed explorer and conqueror of Alaskan Peaks and Glaciers who was a member of the successful McKinley climb, gives an illustrated lecture in the museum of arts and sciences at 8:15 p. m.

Urges Support Of Truman Aid Program

Either support President Truman's anti-inflation program or prepare for a disastrous depression. That is the choice which must be made now, according to Former Congressman George F. Rogers who outlined the Democratic party's plan of action in a radio speech last weekend.

Rogers was one of the several hundred local Democratic leaders who made regional talks at the completion of a nationwide radio meeting of Democrats over the Mutual Broadcasting System last Friday evening. Rogers represented the Monroe County Democratic Committee.

"The President," said Rogers, "must have authority to control credits, continue rent controls, plus price and allocation controls of key items such as food, clothing and steel." These proposals were included in President Truman's 10-point program given to the Congress at its recent special session. They were largely turned down by the Republican majority.

Rogers declared that "despite the agreement that we now face a serious threat of inflation, serious disagreement on what to do about it exists, particularly between President Truman and the Republican Congress."

"The President," he said, "signed the Republican anti-inflation bill." (See SUPPORT Page 2)

INSPECTION TOUR—First hand reports of treatment given polio victims at the Georgia Warm Springs Foundation were brought back to Rochester this week by Mrs. Leo F. Dwyer who attended the third annual conference of state advisors on women's activities of the National Foundation for Infantile Paralysis. Mrs. Dwyer, advisor for New York State, is shown visiting with -year old James Jackson, of Middleport, a patient at the Georgia institution. Warm Springs is one of the many treatment centers supported by the annual March of Dimes which this year marks its tenth anniversary.

First Surplus Since 1930

For the first time, since 1930 the Government closed its books at the end of its fiscal year last June 30 with a \$753,787,000 surplus. On Dec. 25th, the Government had a balance of \$1,386,405,000.

MEISCH CITES RISE IN COST OF POLIO FIGHT

Plans are being completed for the annual fund-raising appeal of the Monroe County Chapter of the National Foundation for Infantile Paralysis to be held Jan. 15-30, according to T. Chester Meisch, campaign director.

"The cost of fighting polio has skyrocketed," Meisch said. "Rising prices and mounting polio incidence have placed a tremendous burden on the resources of the Monroe County Chapter." Meisch is setting up machinery that will make the 1948 appeal a record demonstration of this area's active interest in helping the stricken along the road to health. A special events committee is arranging to make the two weeks of the drive an enterprise.

State Democrat Program May Pull City Out Of Hole

The Republican machine controlling Rochester may have to look to the Democrats to pull the city out of the serious financial hole in which it now finds itself.

If the Democrats are able to push their program for additional state aid to cities through the Legislature, Rochester would have its state aid funds increased from \$6.75 per capita to \$10.00.

Hopes that such a program will pass the state ruling body are slim, however, as the GOP controls both the assembly and the senate. The delegation from Monroe County is solidly Republican in both houses.

Additional aid to cities is one of 13 points adopted by the Democratic minority as their legislative program and announced this week by Paul Fitzpatrick, state Democratic chairman.

Yesterday the Legislature heard Governor Dewey read his 7000 word annual message to a combined session. The message bore out the earlier prediction made by Fitzpatrick that the Republicans would continue their policy of "favoring those who need no favors."

"The Republicans, over whom Mr. Dewey wields a heavy whip in his state, have held a consistent line, favoring those who need no favors," Fitzpatrick said. "The Democratic minority, impelled not by leadership whose ambition is to feather its own nest for national political advancement but by a desire to spread the affluence of the state over a vast majority of its citizens who do need it, have held an equally consistent line in opposition. This basic struggle has gone on unabated."

Fitzpatrick attacked Governor Dewey and his party for "hoarding a \$700,000,000 state surplus and taking money away from the municipalities."

Other aims of the Democratic minority are outlined as:

- Establishment of a state university;
- Greater state aid for education;
- Tightening of residential and commercial rent control laws;
- Increased appropriations for housing;
- Extension of unemployment insurance law to provide benefits for the sick;
- Increase of workmen's compensation benefits;
- Extension of the state minimum wage law;
- Relief to state income tax payers by increasing current exemptions;
- Substantial increases in state aid to central school districts;
- Amendment of the Condon-Wadlin law preventing strikes of public employes to provide adequate grievance machinery;
- Establishment of child care centers;
- Increased salaries for all teachers.

inflation bill, but it is not enough. The basis of the bill is for voluntary agreements with industry.

"You cannot control a runaway inflation with voluntary agreements," declared Rogers. Rogers pointed to the 61 percent average rise in the wholesale price of food since "effective" price controls were destroyed in 1946, and the 34 percent average rise in wholesale prices of all other items during the same period and declared that, "voluntary agreements will not control the price of 95 cent butter nor will they (voluntary agreements) control the anticipated shortage of meat next spring with its forty percent increase in prices."

"If we follow the Republican policy of doing nothing, we may be headed for a major economic disturbance," he predicted.

In addition to the home front problem of controlling inflation, the Democratic spokesman endorsed the Marshall Plan as "necessary to help make the Western European nations self-supporting and strong enough economically to resist the Communist expansion."

"In a healthy Europe," Rogers declared, "the power of the Communist will surely wane, for Communism thrives only in hunger and chaos. A healthy, functioning Western Europe would confront Soviet rulers with the certain failure of their drive to dominate all Europe, thus the world would be given time to think. And in that breathing space, a final settlement between the Soviet Union and the West might at last come to pass."

Nation's Fire Loss Sets New Record

During 1947 the nation's fire loss was nearly twice as great as Great Britain's property damage loss during two years of the German air war, according to figures released by the National Board of Fire Underwriters this week.

Property loss through fire and related disasters, up 25 percent from 1946, cost the United States approximately \$700,000,000 in 1947, the highest bill in history for one year. Britain's property damage loss for two years of war was estimated at \$400,000,000.

Thirty-three major conflagrations, including that at Texas City and the Maine forest fires, involved damages of more than \$100,000,000.

This also was the largest number of major fires in any single year, each representing losses of \$1,000,000 or more, and compared with twenty-eight major fires in 1946, twenty-six in 1945 and twenty-five in 1944.

While the nation set a new high record for fire losses, Rochester continued its downward trend. Fire Department officials estimated the city's loss during 1947 as between \$600,000 and \$625,000—a decrease of approximately \$50,000 under 1946 when the city toll was \$673,127.

The ammonium nitrate explosion on April 16 at Texas City was the most costly by far of the year's disasters, injuring another 3,000 and causing property damage of more than \$32,000,000.

The Maine forest fires in October destroyed property at \$6,000,000 at Kennebunkport amounting to \$2,000,000, and unestimated damages to forest lands, watershed and wildlife.

Los Angeles harbor was the scene of the third biggest disaster. An oil tanker exploded during June and before the resulting fire was extinguished, six berths and two warehouses were destroyed. Damage was placed at \$10,000,000.

There were two disastrous pier fires in New York harbor in 1947, the first in January at Weehawken, N. J., causing damage of \$6,000,000, and another in September in lower Manhattan that destroyed \$5,000,000 worth of property.

to be chairman no less, of the Committee on Burning Nets. This very important group solemnly stoked the city Hall furnace with all illegal nets taken by Conservation officers in the waters of Monroe county. Chairman Hannan and his fellows were reputed to have stood guard over the toasting traps until every last ember expired.

As this committee has since been abolished it is possible that the GOP can dream up another of similar importance to award the now minority Democrats. Like the Committee in charge of Replenishing Sand in City Hall Ash Receivers or the Committee in Charge of Clearing Lee Wiles' Throat.

Senators Private Payrolls Hid By Legal Loophole

BY EDWARD H. SIMS
(Special to The Sun)

WASHINGTON, Jan. 8. — One little item many readers may not know is that there is no law requiring every Congressman to publish a list of all persons on his payroll. In the past this information, or most of it, has been released by both House and Senate members.

The House policy was changed a few years ago so that payroll records would be open to the public continually. The Representatives' employees' salaries are therefore an open book. But the Senate never came along with the House plan. The Senate secretary publishes a report each January (the last is due in a matter of days). In recent years it has included all hired help of each Senator.

But there is no law compelling the secretary to publish the name of every employe. He is to use his own discretion in the matter. There is some doubt about the new secretary's report coming out soon. When a list of each Senator's employes, at a certain time before publication, is all that's given in the report, no one actually knows the whole story. And that has been done.

In other words, under that system, a Senator could have people on the payroll in the middle of the fiscal year, take them off before the list is compiled for publication — and the Senate secretary has no legal obligation to publish these names. Since there is no law requiring publication of every employe (for any length of time), taxpayers and voters are dependent on the particular Senate secretary to decide what he will publish.

Since most taxpayers are vitally interested in what happens to his or her money here in Washington, this system has come under criticism of newspaper men. And since, in the case of most States, Congressional delegations will spend around \$250,000 — and much more in many — taxpayers are interested in the use of this money.

Because the Senate secretary has recently published what appeared to be full information, the demand for a law making all expense items a matter of public record should not be dropped. The real point of dissatisfaction with many here is that they have no proof such information is complete. However, there is no law requiring that it be complete.

The only guaranty the voters in this country have that all expense items of their Senators will be made public is the discretion of the Senate secretary to do so. And that is no guaranty at all. Matters are more open in the House — anyone can look at the salaries of any Representative's employes any day.

Several of the fires threatened whole towns. This was the case when a gasoline tank overflowed in Minot, N. D., last July, spilling burning gasoline into the business district. Last May in Eastport, Me., fire breaking out in a pearl essence plant swept through two sardine canneries, a grocery warehouse, a dwelling and two wharves.

The underwriters said the number of lesser fires was considerable, and estimated that they exceeded 840,000 the number for 1946.

Under a "catastrophe plan," the board said it had set up offices in Texas City, enabling insurance companies to start adjusting claims while fires were still burning. Similar arrangements were made in Maine and in Florida and on the Gulf Coast, after the September hurricanes.

HUNTER KILLED BY OWN GUN

Hampstead, N. H. — Walter F. Clark, Jr., 28-year-old shoe company foreman, apparently shot and killed himself in one of the season's oddest accidents — only 8 feet away from the deer he has bagged. Clark fired what he believed to be his last bullet into the deer, but the fatally-wounded animal apparently charged him. In self-protection, Clark then attempted to batter down the deer with the stock of his rifle and a bullet discharged into his stomach, killing him.

BABY'S CHEST COLD

• To relieve coughs
• Make breathing easier
• Break up congestion in the upper bronchial tract, nose and throat

Here's a milder form of good old Milderole — made especially for the average baby's tender skin. It's called Child's Mild Milderole and it instantly starts to relieve distress of chest while the minute it's rubbed on chest, throat and back.

Milderole gives swift, long-lasting relief because it's milder than just an ordinary "rub." Its wonderful warming, stimulating ingredients (Oil of Mustard, Camphor, Menthol and Oil of Wintergreen) are praised by the highest medical authorities. Just rub it on for prompt relief!

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 40 and 50 and going through that trying transitional "change-of-life" period peculiar to women? Does this make you suffer from hot flashes, feel chilly, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for alike.

Many wise "middle-aged" women like Pinkham's Compound because it helps build up feminine strength, adjust the system, and relieve the distress.

Lydia E. Pinkham's Compound contains no harmful or irritating ingredients.

Iroquois Indians Face Hamilton Tomorrow

Arleigh Hill's Rochester Iroquois, who tangle with the Hamilton Tigers at the Main Street Armory tomorrow night, have about hit their stride as they swing into the new year.

The local lacrossers dropped their opener to Toronto, but appeared to be headed for a "hot" season when they swept their next three. Then came two straight defeats, at the hands of the Mimico Mounties and Toronto again, before they broke back into the win column against Brampton last week.

The Indians waited until the last quarter to explode against Brampton, but the way they did it convinced Manager Hill that his charges were ready at last. They poured five goals into the nets while holding their opponents scoreless, the latter feat something new in Armory annals.

In addition to the showing against Brampton, the Iroquois should be closer to full strength against Hamilton than at any time during the season. Bill Isaacs, who has been recovering from a hand injury suffered in an automobile accident, will make a delayed reappearance tomorrow. He was slated to play last week, but was kept at home by the heavy snows.

FILM MAKER SELLS PHOTO FINISHING DEP'T.

William J. Brown, president of Kryptar Corp. announced this week that Kryptar Photo Service, Inc., a company subsidiary which had specialized in black and white photo finishing, has been sold to a group of local businessmen organized as Rochester Laboratory, Inc.

"This transaction marks Kryptar's withdrawal from black and white processing, a field in which our predecessor company, Technifinish Laboratory, Inc., got its start about 10 years ago," explained Brown. "We discontinued black and white finishing so that we would not be competing with businesses which use our photo finishing equipment and handle our photographic film. Kryptar is now engaged only in the production of photographic film, paper and equipment, and in color film and color print processing."

The newly-organized Rochester Laboratory, headed by Charles Symington, Jr., is now operating a photo finishing service from a plant in suburban Rochester, will specialize in making positives and enlargements.

WRITER'S DREAM - By PAUL GALICO

Rarely does a story writer play an actual part in one of his own dramas. But there was the time in Rome when Mr. Galico was involved in a story of the late war.

EISENHOWER VIEWS HIS SUCCESSOR

Here for the first time General Eisenhower reveals what he thinks of General Omar Bradley. What he has to say throws a new light on many controversial points involved in the defeat of Germany. Included in this issue is a book-length thriller about the man who opened our great western plains and made possible the Hudson's Bay Company. Also many other articles of interest to all men.

25c FEB. ISSUE **TRUE** NOW ON SALE 25c

Unfortunately, the election year will influence everything that Congress does but isn't it a fortunate thing that we do have free elections?

PRIMARY . . .
(Continued From Page 1)

Now Chatman and Hoestery have walked out of their party

for the same reason. A coup to retain control of the ALP by the ACW group which resigned this week now looms as more than a remote possibility. Political insiders claim that the Amalgamated Clothing Worker leaders who founded the party are too smart to give it up to the left wingers and Wallace supporters without a struggle. That struggle will come, say

the dopsters, in the spring primaries when executive committeemen and delegates to the party's national convention will be chosen.

Unlike the organizational set-ups of the Democratic and Republicans, state policies of the ALP are controlled solely by the executive board sitting in New York City.

Hence, there is nothing to prevent the ACW forces, all of whom are still enrolled as ALP members, from putting up their own slate of delegates and executive committeemen. Then it would be up to the ALP rank and file to decide whether or not the party was to be controlled by the leftists or the original founding group. Choice of delegates to the convention would also determine whether or not Wallace gets ALP support in the state.

If the ACW forces regain control of the party through the primaries, Wallace will lose ALP support and would then have to form his own political party within the state. Such a party would have to have petitions filed containing signatures of 50 voters from each county to get on the ballot; and there are many rural counties where chances would be very slim of finding 50 voters favoring Wallace.

Thus the ACW "walkout" might be only a feint with the ultimate purpose of destroying Wallace's candidacy in New York State — the one state from where he expects to draw his main support.

Such a move would undoubtedly return Hoestery and Chatman to ALP power here. They, in turn, could work for the reelection of Truman (the candidate they favor) outside the Democratic party.

TAX . . .

(Continued From Page 1)
...ules. But the GOP rushes to the rescue to offer the \$30,000-a-year man a saving of \$4,404 — asking only about half his present levy.

President Truman explained his tax recommendations as "an effort to keep present revenue collections where they are still help those who need relief to buy the necessities of life."

This made sense to the family man trying to feed and clothe his family on \$2,000 or \$3,000 a year.

But to the big fellow salting away \$25,000, \$30,000 a year—and up — President Truman's proposals were straight out of Marxian theology.

You couldn't really blame the big shot for looking out for his own interests, either.

But many do blame the Republican Party for putting the big shots' interests ahead of the people as a whole while masquerading as a friend of the wage earner.

VFW DANCE OFFERS TWO FAMED BANDS

Two bands will play for continuous dancing from 9 p. m. to 2 a. m. at the Armory on January 24 when more than 30 posts present their third annual VFW Benefit Dance.

Ray Mc Kinley and Sam Donahue will bring their bands to the big drill shed for the affair. McKinley's press agents rank him as sixth in the nation, an opinion largely shared by the dancing public. Donahue, who formed his band while in service has been tabbed as a "comer."

During the course of the dance, the Lundgren Post will give away a Kaiser sedan to a ticket holder.

MARINE RESERVES SEEK RECRUITS

A "sales campaign" to enlist members of the Marine Corps Reserve is being conducted this week with recruiters stressing the slogan "Be A Marine and a Civilian, Too."

Eligible for enlistment in the corps are men between the ages of 17 and 32 without previous military service. Those with previous service may be over the age limit.

Locally the Marine Corps Reserve is organized in Company B with headquarters in the Main St. Armory. Those who may wish to join the group are urged to contact Lt. Swenson at Hillside 3197.

pre-election polls on account of it was "a close election" at least that was his story when called to the stand.

There was many an Old Guard wished he might have spared their feeling and colored in his last report. His findings in 48 states revealed that if the

election were held to-day on Taft vs Truman (and Bobby is the boy the GOP really wants) it would be Truman 55%, Taft 33% and no opinion 12%.

If those who had "no opinion" didn't vote it would give White House Harry 63% and Bobby 37%. Bobby's pa didn't do any better than that the last time he ran. When they toted up that year William Howard

Taft had only Vermont and Utah on his score sheet. Since then the Mormons are smarter.

Even if General Ike doesn't run he won't have to worry about the rent and the increasing cost of T bone steaks. A newspaper syndicate is reported to have purchased his memoirs for an interesting sum that

lies somewhere between \$500,000 and \$750,000. It couldn't happen to a nicer guy. It also beats being president.

ARE YOU DISCOURAGED

because you suffer distress from 'periodic' FEMALE COMPLAINTS

which makes you NERVOUS, HIGH-STRUNG on such days? Are you troubled by distress of female functional monthly disturbances which makes you suffer from pain, feel so nervous, cranky, restless, weak—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test it proved remarkably helpful to women troubled this way. Why don't you get smart and try it yourself? Pinkham's Compound is what Doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Lydia E. Pinkham's VEGETABLE COMPOUND

Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great economic tonic!

NOTE: Be sure you get Lydia E. Pinkham's TABLETS with added iron.

Now in convenient full-quart bottles!

Political Polka

By CURT GERLING

Although the financial pages of the local press are more often used as a burial place for publicity puffs rather than much in the way of market news one does occasionally find a story there that is worth reading.

Last week we took a peek to see how our ten shares of Genesee Brewery stock was behaving and our eye was attracted to the headline "Tobin Sales Jump 82%". The Tobin Co., as you may have heard is a meat packing concern.

Mr. Tobin, and we bet you have forgotten, was the gentleman who said that Congressman Rogers was "nuts", in a very nice way of course. The reason for Mr. Tobin's charge was that the then Congressman George Rogers was for maintaining price controls on food stuffs.

The meat packing tycoon in high dudgeon belittled Mr. Rogers' viewpoint. The one way to get meat on the table and bring down prices was to do away with controls. "Free competition", "the American way", rugged individualism that was all we needed to put a pork chop on every plate and two hams in every ice box.

A quick gander at last week's butcher bill should convince you how right Mr. Rogers was and a careful study of the Tobin Co.'s very pretty balance sheet leaves little question as to what Mr. Tobin was driving at.

Decontrols were just dandy for those folks whose business it is to sell meat and excise-grossman over groceryman Rogers knew what he was talking about. We all know the story, the voting public forgot to pull down the right levers and the dear old GOP for whom they voted played it right down the line and into the lap and pockets of their well-wishers and perennial supporters—Big Business. They forced out price controls and the vicious inflationary spiral began.

Incidentally, Mr. Tobin is on record as having contributed one thousand dollars to the Re-

'March of Dimes' Lagging In Area

While the fund appeal of the Monroe County Chapter of the National Foundation for Infantile Paralysis is receiving support, T. Chester Meisch, fund campaign manager, is pessimistic as to the success of the drive.

"Last year the Monroe Chapter obtained \$80,000 in contributions but it looks as though we may not reach that figure this year," Meisch said. "There is a possibility that the drive will pep up before the end of the campaign on Jan. 30. At least, we hope so."

"Rochester and the towns cannot let us down. I am sure they will do their utmost to turn our pessimism into optimism."

"All our workers are doing their very best to put the drive over. Fred Odenbach in charge of the wishing well at Main and Clinton is doing a grand job. The Junior Chamber of Commerce is in charge of the banks in the commercial and industrial plants and stores. Wishing wells are in all the department stores."

"Reports from the towns state that the workers are on the job night and day."

"Infantile paralysis is one of the most expensive diseases known to medicine. Let me cite just one case."

"A high school girl who was hospitalized for almost two years and whose care to date for a period of two years has amounted to \$9,500. She was discharged from the hospital and went home to complete her life in a wheel chair. She was determined to overcome her limitations and in six months started to show some progress."

HILL GROUP TO MAP TOWER BATTLE PLAN

Election of officers and a discussion of what, if any, part the organization will take on a meeting of the Brighton Town Board regarding television construction atop Pinnacle Hill are on the program of a meeting of the Pinnacle Association scheduled for the Monroe YMCA next Monday at 8 p. m.

Lester Tokars and Carleton Miller have been acting as co-chairmen of the group since its founding last summer. A formal slate of officers will be proposed and voted upon at Monday's meeting.

When formed, the group was primarily interested in fighting construction of a television tower atop Pinnacle Hill inside the city limits, by Stromberg-Carlson Co. The city zoning board denied Stromberg-Carlson's application for a permit to rezone two lots at the base of the hill to make construction possible. Recently the radio and telephone firm asked the Brighton Town Board for permission to construct its tower on the hill adjacent to its originally proposed site. The new site is in the Town of Brighton.

A meeting of the Town Board which is expected to decide the issue has been set for Feb. 5 in Brighton School No. 1.

What part the Pinnacle Association, composed of city property owners in the Pinnacle Hill area, will play in fighting the new proposal has not yet been decided. It is known however, that Attorney Dennis Livadas, who represented the Pinnacle Group will appear at the Brighton meeting to protest the move.

WASHINGTON, D. C.—Secretary of the Treasury John W. Snyder poses with a group of the nation's leading personalities in the business and industrial world for mutual discussion of problems facing Government and private business. Taxation, public debt management and fiscal planning, particularly in relationship to the part the United States Savings Bond program can play in preserving a stable economy, came up for consideration during the conference held at the Treasury Dept. Shown surrounded by members of the committee are seated, from left: Secretary Snyder, Under Secretary, A. L. M. Wiggins; Martin W. Clement, president Pennsylvania railroad; and Phillip R. Clark, president City National Bank, Chicago.

CAPITOL POLICE WOMAN TO SPEAK HERE

Captain Rhoda Milliken, chief of the Women's Police Bureau, Washington, D. C. will be principal speaker at the 11th annual Social Hygiene Meeting in the Chamber of Commerce next Friday at 12:15 p. m.

"How Policewomen Can Help the Progress of the Social Hygiene Movement" will be the topic discussed by Capt. Milliken.

Londoner To Talk On Our Aid To Europeans

Muriel Lester, founder of Kingsley Hall settlement house in London and traveling secretary for the International Fellowship of Reconciliation, will speak in Asbury First Methodist Church tomorrow at 8 p. m. Her appearance in Rochester and her talk, "Shall America Continue to aid and feed Europe?" will be sponsored by the Rochester Fellowship of Reconciliation, Ralph Milligan, chairman, has announced.

At present on a speaking tour of the United States, Miss Lester recently visited the homes of the people of Europe. Born to wealth, she dedicated herself to voluntary poverty at the age of 19, working in the slum areas of London, which was the beginning of Kingsley Hall, which is to Londoners what Hull House is to the poor of Chicago.

Dr. Edwin McNeill Potat, president of Colgate-Rochester Divinity School, will preside at the Friday meeting. Other participating are Rev. Anthony Luidens, President of the Rochester Pastors' Union, and Rev. Claibourne Johnson, Pastor Genesee Baptist Church. Music will be provided by the 34-voice chorus of the North American Baptist Seminary, directed by Earl Abel, instructor of music at the seminary.

Miss Lester will also speak at the service at 10:25 a. m. Sunday, in Genesee Baptist Church. (See MANIFESTO Page 9)

Cardinal Expected To Blast Edict

Speculation as to how much Francis Cardinal Spellman will have to say about the manifesto issued by Protestants and Other Americans United for Separation of Church and State when he speaks in the Eastman Theatre next Tuesday evening has aroused the interest of Protestant and Catholic educators and religious leaders.

Cardinal Spellman, making his first visit to Rochester since his elevation to the College of Cardinals, will speak on Catholic education in connection with the forthcoming campaign Feb. 12 to 23 for \$1,047,236 to build a new St. John Fisher Catholic College on the southeastern outskirts of the city.

The manifesto has had particular interest to Rochester because the Rev. Dr. Edwin McNeill Potat, president of the Colgate-Rochester Divinity School is leader of the Protestant group.

Its publication early last week aroused a storm of protest from local Catholic leaders who last week devoted five of the Catholic Courier's eight front page columns to denunciation of the manifesto and Dr. Potat.

Bishop Kearney, Monsignor Hart and the Rev. P. J. Flynn joined in the attack as well as national leaders of the Knights of Columbus. All accused the newly formed Protestant group of fostering bigotry and religious hatred, of reviving the Ku Klux Klan under a "new look," and of trying to take away from Catholic children any help the State or nation affords other children.

The manifesto disclaimed any intention of concerning itself with "religious teaching, the forms of worship or the ecclesiastical organization of the many churches in our land" but it did warn that "congress and all state legislatures and all executive and judiciary agencies of government are playing with fire when they play into the hands of any church which seeks, at any point however (See MANIFESTO Page 9)

KAY'S COMMENTS

SHAFER CO. JANUARY SALE

SHAFER CO. invites you to TOWN for quality for quality, felt for felt, style for style, and you won't find better values anywhere. Every coat in this reputable fur establishment has been reduced up to 25%. Shafer's collection from mink to mousetail—brings you values tagged far below their market prices. A fur coat regardless of price is an investment these days. You hear many women say: "I really don't know furs," few women do. So why not buy from a FURRIER with a reputation. SHAFER CO. of course. You will be told the exact truth about your purchase. If you're set on a perishable fur, you'll be told it is perishable. If you want a long wearing rugged fur, you'll be told if your selection is just that. But I can't impress on you the importance of dealing with a firm of reputation. SHAFER CO. are Furriers exclusively. Have been ALWAYS. Nothing to divert their interest. Take advantage of their JANUARY SALE. All prices include tax. This is something to consider. SHAFER CO. is located 76 East Ave. Opposite Chestnut St. S. Geo. Shafer—formerly Vice-Pres.—Meng & Shafer.

GERTRUDE CORSET SHOP

HATS OFF to Mrs. Gertrude McGee who in a few short months has built up one of the most flourishing corset shops in the city. But it isn't surprising, "cause Mrs. McGee has ten years of fitting experience to her credit with the line she now carries. (Katherine K—and Kellogg Foundations.) She is also a R. N. All sizes in STOCK, no waiting, unless of course you need custom work. Ruth M. Jackson has joined the staff of GERTRUDE CORSET SHOP. She is a trained Corsetiere of the Katherine-K line. Located 311 Present Bldg. 27 Clinton Ave. So. Next to Eaton & Sims. Stone 2536.

SPECIAL PRICE COLD WAVES

You're toying with the idea of a new chapeau, who isn't? But you take a garment that negates the idea of yours and you practically "scream." You look like something that's been under a rock for the winter. Madam, you need a new COLD WAVE. Here's the place to get it. VIRGINIA'S BEAUTY SALON. This gal has made a study of COLD WAVES. At the present writing, Virginia is offering COLD WAVES for \$3.50 and \$10.00. This is a VALUE. But more important they are GOOD ONES. Make your appointment today. Stone 346. All beauty "wares" at this friendly shop are "tops." Hair-styling, tinting, re-conditioning, to say nothing of those PAGE-BOYS that are "out-of-this-world." Located 4th Floor, Present Bldg. Opposite Hotel Seneca. Ask any one you know about "Virginia's." The most popular beauty shop in town.

REMOVAL YOUR LAST CHANGE

at ALICE DRESS SHOP, why "cause Alice is going to MOVE. Every dress in the shop has been reduced way way DOWN to make way for the wonderful new stock for the new SHOP. Of course in my opinion, I don't see how Alice could improve on the present stock. It has always been "tops" in quality, high style and always modestly priced. But now it is marked BELOW COST. Linen, Sweaters and Blouses have also come in for a price slashing. Everything must GO. Alice Dress Shop is starting from "scratch" in their new home. Now located 630 MONROE AVE. Open Eve.

Time for Common Sense

An Open Letter to The Congress of The United States

In the next few days the Congress will be asked to consider legislation to extend the shutdown of American distillers. Since this involves an industry which pays annually more than two and a half billion dollars in taxes, and employs directly and indirectly more than two million American workers, we think it might be useful for you and for the public to have some of the facts about the recent voluntary 60-day shutdown.

Schenley entered into the voluntary agreement and has lived up to its obligations 100 per cent.

Some American distillers did not shut down.

The Canadian distillers did not shut down.

The British distillers did not shut down.

No other country in the world closed its distilleries.

For the announced purpose of providing food for hungry people in Europe, the shutdown has been an absolute, costly, and utter failure.

The purpose of our government was to save wheat. We believe that not only was there no saving of wheat, but that wheat was actually lost.

The distilling industry uses practically no wheat. The actual figure is less than one thousandths of one per cent of the total wheat crop.

This industry uses principally corn, some rye and some barley malt. Most of this grain, if not so used, would ordinarily be fed to animals.

Normally, we use about 2 per cent of the total corn crop.

It was estimated by the President's Food Committee that the 60-day shutdown would save approximately ten million bushels of grain, but actually little or nothing was saved because in the process of distilling we return to the farmer feeds for poultry, hogs, dairy cattle and beef cattle which in the opinion of experts have an equal or greater feeding value than the grain we used.

We take out only the starch. We save all the protein and oil and add yeast. The resulting products are rich in protein, vitamins, amino acids and other feed values.

We are convinced that the final result is this—if a farmer has ten bushels of grain and sells two bushels for distilling, and then feeds the eight bushels which he kept and the residue which we return to him, he will get as much added weight in feeding his animals as he would have achieved if he had fed them the original ten bushels.

We think he actually gets more.

Suffice it to say that the benefits of a balanced diet have been proved over and over again for both animals and human beings.

Our own Department of Agriculture, in numerous bulletins, has published many formulas for the use of distillers feeds to balance animal diets.

We admit, frankly, that the exact percentage of feeding value which we return to the economy is debatable.

You may think that instead of being more, it is even as much as fifty per cent less. Let's assume that you sincerely believe that the Luckman plan saved five million bushels of corn, or less than one tenth of one per cent of the total grain available.

But it wasn't corn the government wanted to ship abroad. It was wheat.

We knew that our feeds would add weight to cattle, but the government apparently was not interested in getting more meat. Now the Secretary of Agriculture tells the country that we are faced with a terrible meat shortage. It does get a little confusing, doesn't it, gentlemen?

In addition, we think they lost more wheat than they thought they saved. When the farmer doesn't get our feed do you honestly believe he is going to let his poultry and hogs and cattle starve?

And maybe this particular farmer hasn't any corn. Maybe he has wheat. So he feeds the wheat to the chickens and hogs and cattle—and it was wheat that we wanted in the first place to ship to Europe.

The government of every country in the world, except our own, has

adopted the principle that distilling takes nothing away from the food economy. This is proved by the fact that none of these governments have shut down their distilleries. Surely they are not purposely taking food out of the mouths of starving people.

England is running at capacity; Canada is running at capacity; eleven countries which have submitted their needs under the Marshall plan, have asked for grain for distilling and brewing.

Even assuming that the shutdown saved a few million dollars worth of corn, let's see what it cost:

It completely dislocated an industry which pays to the Federal and State governments more than two and one-half billion dollars a year in taxes.

It threw thousands of American workers out of work. We know because we alone kept more than one thousand on full pay.

It increased the price of the neutral grain spirits now in storage in the United States more than 150 per cent.

It opened the door wide for foreign distillers and foreign workers to take over the business of American distillers and the jobs of American workers.

We admit that these are strong statements, but we will prove every one of them right up to the hilt.

There is one other fact that ought to be clarified. The public was told that the stocks of whiskey in the U. S. were adequate—that we have over 550 million gallons of whiskey. What we have, actually, is about 65 million gallons of whiskey in this country which is four years old or older. This is about one year's supply. The rest is green whiskey not yet fit to drink. (Government figures show what is put away—not what is there after evaporation and outage.)

This is less aged whiskey per capita than in any distilling country on the whole face of the globe.

Now you may well ask us why we agreed voluntarily to shut down when we knew all of these facts and had communicated them to the Luckman committee.

We assented because we were conscious of an obligation to the American people, who decided in 1933 that they would prefer to have a sound distilling industry with employment and taxes and government regulation instead of bootleggers, gunmen and rot-gut. They put that in our Constitution.

So, when the call came to help hungry people, we wanted to contribute our share, heaped up and running over. We knew no grain would be saved, but when we were told that a great sacrifice on our part would be a tremendous psychological contribution for the purpose of securing assent from others to make comparable sacrifices, we agreed.

No other American industry was asked to make any comparable sacrifice. No other country asked its distillers to make any sacrifice.

We think it is time for a little common sense.

We think this whole question of the shutdown of distillers and the allocation of grain for restriction of production should be investigated by the Congress of the United States. Not in an hour, not in a day but in a full dress hearing with opportunity for all to be heard. Not just distillers, but the communities that are being ruined, the workers who are being thrown out of work and the farmers who have an interest in the feeding of their stock and the disposition of their products.

We believe that the public interest would be best served by full disclosure of all the facts in the full light of day.

publican war chest. An investment that returned a near two million profit for 1947 plus a six figure salary for the president of the company.

Thus Mr. Tobin demonstrates how you can cast your bread upon the waters and they come back hamburger sandwiches. Incidentally in the news story Mr. Tobin was quoted (now he says it) as follows: "meat prices would remain at a high level". Even former Congressman Rogers will agree with that.

It may be that August Wagoner of the DPW will entertain offers from snowless cities with oil burners but it is not true that he has written to Jack Hanovon "come home all is forgiven".

Repeated rumors that the DPW boss will vacate his position has started the conjecture club on a run down on candidates for the office. At the moment the idle talk boys give the nod to Emmett Sheehan on the basis of experience and the ever important political connections.

In Truman's report to the 80th Congress several passages are noteworthy. "Although the disposable dollar income of the average American consumer reached a new high in 1947, the rapid rise in prices during the last 18 months caused its purchasing power to be less in 1946. Consumption however was maintained by liquidation of past savings, a reduction in savings out of current incomes and the extensive use of consumer credit".

That ain't good.

Another: Profits in 1947 reached a new peak. They also maintained remarkable stability throughout the year despite considerable increases in wages and raw material costs. Compared with 1946, corporate profits rose from \$21.1 billion to \$28 billion before taxes and from 12.5 billion to \$17. billion after taxes.

Mmmmmmm!

Dapper Val Rauber Democratic minority leader of the Monroe County Board of Supervisors probably really didn't expect the GOP boys to appoint any of his group to important committees. Val was just doing his job. The duty of the minority is to see to it that the majority doesn't grab everything without some protest.

There is plenty of Republican inter party friction in the Capital. — the Marshall plan. A family row between Vandenberg and Taft. Bobby is sticking his nose into foreign affairs

and by agreement he was only to be concerned with domestic

issues. Taft's carping on the Marshall plan is arousing the ire of Vandenberg. If the row gets beyond the knife in the back under cover stage it may split the GOP wide open. In so doing it will ruin Taft's chances for the presidential nomination. Vandenberg the statesman is apt to pin back the ears of politician Taft.

MUSTEROLE instantly starts to relieve
COUGHS, SORE THROAT
due to **CHEST COLDS**
Also Breaks Up Painful Surface Congestion!

At the first sign of a cold—rub Musterole on chest, throat and back for mighty fast, long-lasting relief. Musterole gives such effective relief because it's more than just an ordinary "salve". Its wonderful penetrating, stimulating ingredients (Oil of Mustard, Camphor, Menthol, and Oil of Wintergreen) are praised by the highest medical authorities.

MUSTEROLE
NERVOUS, RESTLESS, IRRITABLE, HIGH-STRUNG

due to this functional "middle-age" cause?

Are you between the ages 30 and 32 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this!

Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs. It helps nature (you know what we mean!). This great medicine also has what Doctors call a stomachic tonic effect.

NOTE: Do you may prefer **LYDIA E. PINKHAM'S TABLETS** with added iron.

MANIFESTO . . .
(Continued From Page 1)
marginal, breach the wall
that sharply separates church
and state in this country."
The issues that brought about
formation of the Protestant
group have mainly to do with
parochial schools and public
financial aid for the benefit of
their pupils. Controversy over
the right of Catholic schools to
share in public school bus serv-
ice, free textbooks, etc. has
raged for several years.
Two bills now before Con-
gress calling for federal aid to

education contain provisions for
including parochial schools in
the federal aid program.
Cardinal Spellman one of the
most popular Catholic church-
men in the country is also
known to be equally outspoken.
Therefore, and because his
Rochester visit is so closely
linked with the church's educational
program right here in Roches-
ter, he is expected to add to
Bishop Koveray's and other
Catholic dignitaries' protests
against the Protestant group.
His remarks may have a signi-
ficant bearing on the next round
in the fight between the two
groups.

There is a new scientific formula which has already brought prompt relief to many who once suffered the tortures due to rheumatism and arthritis.

This formula is called **DOLGIN**. It has been tested by clinics and hospitals. As a result of these tests, doctors are now recommending **DOLGIN** to help rheumatic and arthritic sufferers.

DOLGIN is safe and easy to take. So there is no reason for you to suffer pain that may be completely needless. For **DOLGIN** costs amazingly little. 100 precious tablets cost only \$2.00.

FIGHT COLDS IN YOUR HOME
THE WAY HOSPITALS DO BY KILLING COLD GERMS
In the Air . . . or Surfaces **98c** Proved and Tested

Reg. 2.95 Value

Just press the little button on top of the bomb and spray as directed on the label. Instantly a vaporous spray purifies the air . . . kills cold-giving germs. Spray on telephones, door knobs, floors, banisters—every place germs can settle. **STEREL** kills active germs! Greatly reduces chance of germs infecting members of your family.

The common cold, scourge of millions, now has a powerful enemy in the **STEREL** "bomb," containing Gycyl. The use of gycyl vapor in killing cold germs is ranked as one of the 10 most important developments of war research. Tested and PROVED in hospitals and laboratories, gycyl vapor surely, swiftly kills microbes causing colds, flu and pneumonia.

EDWARDS DOWNSTAIRS VALUES

FRUIT-OF-THE-LOOM — What does that name mean to you? To me, it stands for quality and long wear in anything that bears its name. At EDWARDS in their DOWNSTAIRS, you'll find undreamed-of values bearing this famous name. **ATHLETIC SHIRTS** (Fruit-of-the-Loom) fine yarn, swiss rib athletic shirts that fit the body. Full cut in sizes 36 to 44. White only. Priced at 50c. **STRIPED SHORTS** (Fruit-of-the-Loom) in fancy stripes, guaranteed color fast, and sanforized, shrunk. Snap closings — elastic sides. Full cut for extra comfort. In assorted colors. Sizes 30 to 44. Priced at 66c. Look sweet and fresh in a smart **HOUSECOAT** of seersucker. (Fruit-of-the-Loom) full flaring skirt, 3/4 zipper closing with keyhole styled neckline. In navy, opein, and wine. Sizes 12 to 16. Priced \$5.97. A **REAL VALUE**. The design in a "Flower and Fan." Another value are **HOUSE DRESSES** (Fruit-of-the-Loom) in a bright floral print. White ruffles for flattery in neckline and pockets. Wear it in your kitchen, wear it shopping. Guaranteed washable. Your choice of Hello, Copen, or Aqua. Sizes 14 to 42. Priced at \$3.99. **BATHROOM CURTAINS** (Fruit-of-the-Loom) 31 inches wide and 56 inches long. A wonderful value at \$1.97. White plaid curtains. Contrast color oil ruffles and borders with white dotted percale. The backs included. Buy several pairs. Telephone orders filled on the items mentioned. Call Stone 2362. EDWARDS Setting A New Pace in Rochester.

R. G. & E. The other morning, there was a gentle tap at the back-door. I answered—and a soft-spoken young man informed me he was from R. G. & E. — and would it be convenient for him to inspect the gas appliances in my home. Of course it was — he did his job—quickly and quietly — told me everything was in good working order. It developed that there had been minor troubles in this area — and R. G. & E. just wanted to be sure — all gas appliances were in good working order. Our **ROCHESTER GAS & ELECTRIC** certainly sees to it that their customers are given the best of service ALWAYS.

SHAFER CO. SHAFER CO. policy not to carry merchandise over from one year to another — is your opportunity to find furs priced so low, you'll be amazed.

JANUARY SALE At the present writing, SHAFER CO. is in the last week of their annual **JANUARY SALE**. Every remaining coat has been carefully marked to uphold this fur establishment's policy of offering to the public coats that are **REALLY BUYS**. Another consideration to remember all price tags include **TAX**. You may take immediate delivery on your lovely fur coat, or you may save it for next year. A small deposit will hold your selection. Your coat will be stored till you are ready for it. With this cold winter you may want your coat right away to keep you warm and smart the rest of the winter. Again let me remind you, when you buy from SHAFER CO., you're buying from a reputable **FURRIER**, whose business is **FURS** always has been and always will be. SHAFER CO., 76 East Ave. S. Geo. Shafer, formerly Vice-President Meng & Shafer. Budget terms of course.

How do you like the new **ANKLE STRAP**, in shoes? Adorable isn't it. Becoming to most women. Try a pair and see for yourself.

GERTRUDE CORSET SHOP No waiting, no false claims, just sound common sense in fitting are all you get at GERTRUDE CORSET SHOP. Mrs. McGee owner of this live friendly shop is a R. N. with ten years of experience in fitting the line she carries. **KATHERINE-K** and **KELLOGG FOUNDATION** garments a complete line of **BRA'S** are also stocked. Black, white, leonard. Mrs. McGee tells me that **PRICES ARE GOING UP**. Her advice is **BUY NOW** while stocks are complete. Custom work if you need it. **GERTRUDE CORSET SHOP**, 311 Present Bldg., 27 Clinton South. Next to Eaton & Sims. Stone 2536.

SHASTA-SHASTA — Procter and Gamble's new **BEAUTY CREAM SHAMPOO**. The proof of the shampoo is in the washing. The results are lovely hair, baby softness, luster, greater manageability. Try this famous new product next time you "do" your hair—or ask for it at your favorite beauty shop. **SHASTA** becomes you—it goes with your hair.

REDUCE Oh my aching back — do you know that Doctors think excess weight is the cause of many backaches. You are getting heavy 'round the middle, the muscles running from your back and across your abdomen have to stretch to accommodate the extra girth. They stretch, they weaken. If I can't appeal to your pride, let me appeal to your health and comfort. **TAKE THAT WEIGHT OFF NOW**. Call **PETTIS**—she'll get it off in a hurry with her famous **BATTLE CREEK REDUCING LOUNGE** treatments. Curb that longing for fattening food. See **LA PETTIS** today. This gal knows all there is to know about **REDUCING**. Burke Bldg. Stone 6210.

ALICE DRESS REMOVAL SALE of **CREPE** dresses are really really outstanding. Beautiful **BLouses** marked way way down. **ALICE** will close Saturday **JANUARY 31** — till **FEBRUARY 7th**, in order to **MOVE** to their new home — just **FOUR DOORS AWAY**, 638 **MONROE AVE.** On **February 9th** — **ALICE DRESS SHOP** will again be open for business with a beautiful complete **BRAND NEW** line of merchandise. **ALICE DRESS SHOP**, 630 **MONROE AVE.** Corner **Wilmor**. Open Eve.

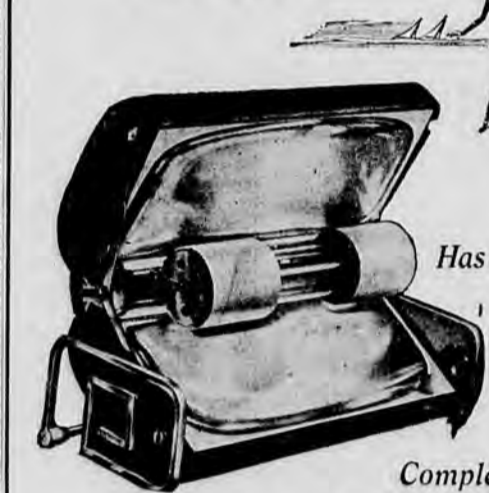

SALE INVENTORY SALE — at **ZWEIG DRESSES**. Woolens reduced to less than cost. Lovely "things." Another group at **HALF PRICE**. Including crepes, pastels, etc. Loads and loads of frocks ideal for the shorter woman. Plenty for the tall gal also. Two-tone suits at Mrs. Zweig must go. People are happy with their purchases at this lively friendly little shop. Why don't you take advantage of this wonderful **SALE**? Located 240 **ROSEDALE** off **Monroe**. Open Eve.

NEW MARGARINE EASES COLORING CHORE

Housewives who have cursed legislators for years for forcing them to color margarine by hampering sale of the colored product through high taxation can now steal a march on the campaign to get colored margarine off the tax list.

The Cudahy Packing Co. has introduced a new margarine coloring device which reduces the chore to a minimum, eliminates waste, messy fingers, dirty dishes and reduces temperatures of the colorer. The product is called "Delrich Margarine" and is distributed locally by Berger-Kleigen Co.

Key to new coloring method is the plastic bag in which the margarine is packed. Also contained in the bag is a sealed capsule of coloring. When this is pinched the capsule breaks. A bit of kneading, bag and all, distributes the color evenly through the margarine. After coloring the bagful of colored margarine is returned to its carton to form the print and then cooled. When it hardens, the bag is stripped off and the margarine popped into the butter plate.

NATIONAL RED CROSS TO USE AD MAN'S POSTERS

Three posters designed and completed by Rochesterians will be used in the National Blood Program of the American Red Cross. The posters are the work of Jack Knabb, local advertising agency head, who conceived the ideas and Richard A. Williamson, art designer, who designed them.

The posters have been adopted by the National Red Cross to be used in recruiting donors throughout the country. The Red Cross is now setting up a chain of blood donor centers across the nation. The first such station was opened here in Rochester last week.

Rebekahs To Meet

Rochester Rebekah Lodge No. 174 will meet Friday Feb. 6 at 8 p. m. at 170 Plymouth Ave. S. with Lena Bailey presiding. Staff Drill under the direction of Drill Mistress Emma Kier will follow the business session.

RESTAURANT BRINGS 'NEW LOOK' TO FRANKLIN ST.

The old Greyhound Bus Terminal on Franklin St. has developed that "new look", and Rochesterians have a new place in which to gather and eat.

The former terminal is now the home of the Daltin Restaurant, owned and operated by Frank Dalberth and Samuel Tinelli.

Outstanding among the restaurant's many attractive features is the swank mirror cocktail lounge. Additionally there is a well appointed dining room and an ultra-modern bar.

The managers of the Daltin are making a specialty of serving fine foods in addition to all legal beverages. They also cater to private parties, banquets and weddings.

STREETS . . . (Continued From Page 1)

Washington and Albany have become accustomed for so many years to freely spending public money and running the country into debt that all sense of proportion has been lost as to what property owners and business can afford to continue to pay in taxes. With the state now finding it necessary to consider legislation to increase the tax limit of 2 percent on real estate to 2 1/2 percent so as to provide more millions to spend, it is not time now for all government authorities to apply the brakes and stop every avoidable spending before the entire financial structure of America completely collapses.

"It is high time for Rochester to look at things squarely and see what it can afford and what it cannot afford," declared Ingle.

Ingle declared that either through indifference, through lack of understanding, or through the misguided belief that because these (state proposed) speedways are to be built by the state, this community is going to get something for nothing.

"The hope or anticipation that Governor Dewey or the State of New York will be any Santa Claus for Rochester should be abandoned," Ingle warned.

Ingle proved his political sagacity in deriding the threat that if Rochester does not promptly come to agreement with the state regarding the highways plan the funds would be diverted elsewhere.

"Can anyone imagine the Republican Party with a Republican Assembly, a Republican Senate, and a Republican Governor abandoning the most important Republican stronghold in the state?" asked Ingle.

"Imagine on the other hand," he added, "what might happen if conditions were reversed with an opposition political party in complete control, and with Republican Rochester having surrendered its independence for the bait now offered."

Ingle put the governor in the "spongers' camp — the camp that Dewey has so often denounced.

**IROQUOIS TO
FACE TORONTO
LACROSSERS**

The only club to hold two victories over Arleigh Hill's Rochester Iroquois — the Toronto Lakeshores — comes to town again tomorrow night to face the Indians in the weekly box lacrosse contest at the Main Street Armory.
Up until last week the Indians were still lacking a win over another foe, the Mimico Mounties. But the Braves took care of the Mounties in fine style last Friday with a 28 to 23 licking, evening the season's score with them at one-and-one and bring the over-all record to six wins and four losses.
Two of those losses are charged directly to the Lakeshores. The first was a fairly respectable 20-19 affair in the season's opener. The second time however, there wasn't the alibi of early-season lack of condition. The Lakeshores took that one by a resounding 23-15 count.

The club that has handed these two defeats to our Braves is built around an 18-year-old youngster named Jack Dorney Dorney, a newcomer to the Armory this year, hit the net six times in his first appearance, then bettered that by one in the second.

The Indians were rolling last week, their 13-goal assault in the final quarter being the greatest offensive display they've shown this campaign. As usual it was sparked by Bob Jamieson, who hadn't hit up until that point, but racked up four quick ones as the Braves ran away from their foes.

The squad is in good physical shape considering the fact that they've had ten tough tilts in as many weeks. A few head gashes, notably Jake Green and Willis Powless, are the only scars remaining.

Bossman Hill has no lineup changes in view since Maylon White has started hitting. White's development into a scoring threat distributes the offensive punch more equally between the first and second lines. White backs up the first combination, while the second line punch is concentrated in Bob Jamieson and Alvin Hill.

The Iroquois and the Lakeshores square off at 8:30 p. m. tomorrow, with an Intermediate League prelim set for 6:50.

**ALHAMBRA SET FUN
FESTIVAL TUESDAY**

Musa Caravan, Order of the Alhambra will go to the Knights of Columbus rooms, Columbus Civic Center for its regular meeting and fun festivity next Tuesday evening. Business session will begin at 8:30 p. m. according to Grand Commander Nelson E. Owen, Jr.

Entertainment program is in charge of Donald E. Woerner. He will present Norman Sehm in a slight-of-hand performance.

Grand Knight John J. Kinney of the K. of C. and a member of the Alhambra will welcome the sir nobles.
Luncheon will be handled by Rocco F. Natalie and Clifford B. Sargent.

Plans for a spring ceremonial in Buffalo will be outlined by Grand Commander Owen.

INSURANCE AGENT REPORTS INCREASE

Clifford W. Beers, General Agent for the New England Mutual Life Insurance Co. of Boston, reports that the Rochester agency, which he heads, finished the year with a 51 per cent gain in new life insurance over last year's business. Through his office in 1947, more than three million dollars worth of life insurance protection was issued. Rochester ranked high among the company's 71 nationwide general agencies in percentage of quota fulfilled by topping its assigned goal by 176 per cent.

Letters to the editor

Editor, Rochester Sun,
The Housing Committee of the Progressive Citizens of America, Rochester Chapter, takes issue with the report delivered by Harry Ruppert, city real estate advisor, to the Joint Congressional Committee on Housing in Washington. Mr. Ruppert's claim that Rochester has solved the housing problem by the creation of over 1,000 units through the cooperation of the city, the local banks, and private citizens presents a picture inconsistent with the true situation.

The P. C. A. committee points out that the real problem in Rochester is the lack of adequate housing for low income groups and that no plans as yet have been projected to relieve over crowded conditions and provide for slum clearance among those groups. The committee also deplores the unfortunate position taken by the officials of the city of Rochester against federal subsidies since private enterprise, according to the Ruppert report, has been unable to provide sufficient low-cost housing.

P. C. A. urges that the Congressional Committee on Housing make a thorough investigation of the needs of all income groups before recommending legislation.

Elizabeth Gray, Chairman
P. C. A. Housing Committee

Editor, Rochester Sun:

Another election is in the offing and the public is already being treated to the same dirty political maneuvers that we were treated to during the Roosevelt administration, but dig as deep as they will, Congress can't dig up anything quite as smelly as "The Tea Pot Dome Scandal" under the Republican administration of President Harding, when the oil tycoons went so far as to use their president, a kindly, unsuspecting man (whose one fault was that he trusted his friends)

to get their ill gotten gains.

I don't think that they will be able to dig up anything that could beat the treachery of this one particular group of the big business boys who spend their time and money in Washington lobbying (to get something for nothing) at the expense of the little fellow and even at the expense of their friends, if it needs be.

Most authorities believe the answer is a qualified "Yes." Building costs aren't likely to drop substantially for several years and the trade-in value of your old house will never be higher.

Political Polka

By CURT GERLING

Our spies report that the first of the month meeting of the Board of Supervisors was somewhat less boring than usual. The Democrats contributed a few points that would have been embarrassing to a more intelligent majority—but when you have been in control so long it isn't necessary to be concerned with the wishes of the minority—particularly when you haven't been concerned with the wishes of the majority either.

The valiant Val Rauber Democratic minority leader crossed verbal swords with gorgeous Gordon Howe the GOP clothes horse and Board Chairman leader. Rauber in demanding a Democrat on the Ways and Means committee was purely an academic gesture. It would be too embarrassing to the GOP to have any interference in railroad the affairs of this important committee.

There were other exchanges and neither side seemed to draw blood albeit the dignity of the chairman was reputed to have been somewhat ruffled.

If Rochesterians could watch these proceedings occasionally it would serve as an answer to why Rochester is bankrupt and its administration constantly in "hot water."

No one yet knows if Mr. Mac Farlin of the many initials intends to come back to work, ever appears at his office, is sick, or well.

You can be assured however that he is picking up his salary checks regularly, \$7500 per year can even buy an occasional steak.

You may have recalled that the City Administration was going to put up a "determined fight" to keep the dollar pass—or so they said around election time.

The record does not show that they as much as lifted a hand to prevent the present hike.

"Cordially yours, Mika" com-

30,000 Voters Left Out In Cold

The 30,000 taxpayers who voted for Democratic supervisors last fall can go hang, as far as Gordon Howe, chairman of the Board of Supervisors, and his Republican cohorts are concerned.

Rule No. 10 adopted by the Board of Supervisors at their Monday noon session reads: "While the chairman is putting a question, or while the roll is being called, no member shall speak or leave his place."

Within minutes after the rules were adopted Supervisor Thomas Broderick of Irondequoit rose from his desk and sauntered out of the room.

And Chairman Gordon Howe went right on talking. After all, who is going to bowl out the boss just for breaking one of the rules?

Howe told Minority Leader Val Rauber as much at Monday's stormy session of the county legislative board when Rauber condemned the Greece Supervisor's action in closing the doors to any minority party representation on the important Ways Means Committee of the body.

Howe also brought the GOP version of the Golden Rule out (See VOTERS Page 4)

GAVEL WELDER—Rochester's Kenneth B. Keating, 40th district congressman, had a fling at running Congress last week when Speaker Joseph W. Martin, Jr., called on him to wield the gavel when Martin was temporarily called from the House of Representatives. Keating handled the mallet like a veteran.

Slowdown Threatens Supervisor Sessions

Sessions of the Monroe County Board of Supervisors may become increasingly longer if Minority Leader Val Rauber carries out his threat of a slow-down.

Rauber has threatened to put his slowdown plan into effect with the aid of his three Democratic cohorts unless Board Chairman Gordon Howe and the Republican majority of the body agree to cooperate in presenting copies of "controversial" resolutions to the minority in advance of introduction from the floor. This, says Rauber, would give the minority an opportunity to familiarize themselves with the bills.

Under the present system all proposed resolutions are handed to the clerk of the board in advance of the session and then read by Clerk Lee Wiles during the session. Wiles' reading pace is

Vice-President Hopeful To Speak At Democrat Dinner Rally Here

While there are several hurdles between him and his goal yet to be surmounted, the man who may be the next vice-president of the United States will come to Rochester to talk to the Democrats, to see and be seen by the party faithful and incidentally, to act as the "name" drawing card at a money-raising dinner in Seneca Hotel on the night of April 1 sponsored by the Monroe County Democratic Committee.

The man is Senator Scott Lucas of Illinois and the hurdles are:

1—Getting himself nominated at the Philadelphia Democratic convention this summer, and

2—Getting himself and President Truman elected this fall.

Lucas is minority whip of the Senate and has made a considerable record for himself during his occupancy of the senior Illinois senator's seat in Washington. He was first elected to the body in the 1938 election when Illinois was electing a Republican governor. He was reelected in 1944.

John Curran will be toastmaster and State Democratic Chairman Paul Fitzpatrick is

SENATOR LUCAS

also scheduled to speak. Ernest J. Mahoney is dinner chairman and Anna May Rush and Veronica Doran will serve as chairwomen of ticket sales.

Lucas, a consistent follower of the Democratic party line since the middle of the Roosevelt New Deal days, first came to public office as State Attorney of Mason County, Illinois in 1920. Since then he has served as delegate to Dem-

ocratic national conventions in 1932, 1940 and 1944; as chairman of the midwestern division of the Democratic National Committee in the 1940 campaign; and as chairman of the Illinois State Tax Commission in 1933.

He entered World War I as a private and was honorably discharged as a lieutenant and has been active in American Legion and veterans affairs ever since. In addition to serving as Illinois State Commander of the Legion in 1926 he served four terms as national judge advocate for the Legion and acted as national judge advocate at the American Legion Convention in Paris in 1927.

NO. 28 PTA TO HONOR FORMER PRESIDENTS

Past presidents of No. 28 School PTA will be guests of honor at a founder's day program in the school next Tuesday at 2 p. m. Speaker will be Mrs. Charles Peckens, president of Monroe County PTA Council. Following the meeting a silver tea will be held with Mrs. Oliver Metzger as hostess.

State May Step In Despite Opposition

Possibility that a state-ordered investigation of the Welfare Department here will be made despite Republican efforts to quash it loomed today when it became known that several New York City Democratic legislators have expressed interest in the muddled affairs of the department in Monroe County.

This week the Democratic minority of the County Board of Supervisors introduced a resolution calling upon Governor Dewey to order such an investigation.

The GOP majority quickly smothered the motion by ordering it buried in the Republican-controlled Public Welfare Committee of the board. There it is expected to die of malnutrition and neglect.

But New York City Democrats, still smarting under the publicity of a state investigation into the Democratic-controlled welfare department in New York City saw in the Rochester rumpus a chance to get even with their GOP antagonists.

Local agitation for a peek into the affairs of the Welfare department broke into the open last week when police discovered that a welfare recipient of \$150 a month was using his rent-free home also provided by the county as a house of prostitution with his wife as in- (See WELFARE Page 8)

Better broadcloth SHIRTS are going up — and our buyer cuts prices, but good!

No, the man isn't ready for the booby-hatch. He puts it like this:

February is a punk month for shirts. We've got a load of swell ones. So why not cut our profit to a "thin dime"? Maybe that'll keep things humming—maybe a lot of farsighted men will grab this chance to save some real money.

Sounds like good economics, at that. You get some sweet pickings—premium broadcloths, wide selections of collar styles, stripes, patterns. YOU get 'em at big-league savings...and WE chase the winter doldrums. That way everybody's happy! *** Goodness knows where shirt prices are going in the months ahead. But why give it a second thought? Grab an armful of these Bond-tailored beauties right now—and you're sitting pretty!

MOUNT FOR WHAM
OPENING FETE**

William Fay, general manager of radio stations WHAM and WHFM knows how Jimmie Durante feels when he moans that "everybody wants to get into da act."

Nearly everybody, it seems wants to get into Fay's new home on Humboldt St. when it opens for public inspection Feb. 14.

According to Fay more than 3,500 ticket requests have already been received and they are mounting at the rate of 400 a day.

Because there are limits to the capacity of Rochester's new radio city, plans for the one-day public reception have been shelved to be replaced by a schedule of tours and special programs for an indefinite period starting Feb. 14. Open House will be maintained until all who so desire have toured the studios. Free tickets are available either by writing to WHAM or by calling in person at the Kalbfleisch Travel Agency in the lobby of Lincoln Rochester Trust Bldg.

Rochester Radio City was planned over a period of ten years and required more than two years of actual construction. It features six ultra-modern studios, the largest of which seats 400 persons. All are "rooms within rooms", sound engineered to eliminate all echo vibration, and other extraneous sound. Even the building itself is 90 percent vibration-proof. It is set on 158 street and concrete I-beams around each of which, underground, are two separated layers of insulation felt.

**SPOTTING COURSE
LISTED AT MUSEUM**

Anyone who would like to learn how to spot birds and is willing to pay five dollars for the know-how can fulfill his desire through a course in bird spotting to be given at the museum in five two-hour sessions starting next Monday at 8 p. m. The class will be conducted by Fred Hall of Ward's Natural Science Establishment. Applications for enrollment should be addressed to Miss Milma J. Shill, membership secretary of the Rochester Museum Association, sponsors of the course.

**Navy Wives Meet
To Plan Dance**

Navy Wives of Rochester will meet in the home of Mrs. Carolyn Payne, 63 Marion St., tomorrow, to make plans for a Valentine dance on Feb. 14.

mends our column of last week on the horse parlor. States that more than half the trouble was the stupidity of the "wire service" in condoning a few who relayed their service to non-paying members of the ring. "They could and should have clamped down on the 'relayer.' A few months without service would have taught him a lesson" avows the writer.

He adds that he is "suspicious" that I know the fundamental reason for the war among the sporting fraternity and that I know the group that attempted to "muscle in."

In closing he wants me to take the short end on a bet that they will stay closed until the aforementioned who are repeatedly high in local and state (GOP) political circles decide to seek other fields for their racketeering. The old line gambling parlors have always been "cleanly operated" says the mysterious Mike and the new corners "loused it up." "The old timers prefer that their profession be honorable." Thank you Mike, write again.

One "ex-horseroom attendant offered to conduct me up and down Main St. where we could find a dozen 'jerks' (his word not mine) putting down bets with street corner bookies. "If they won over ten bucks they'd never get paid off" he insists.

The report that Thomas Broderick our local Republican leader is offered the state chairmanship is not as flattering as it sounds. State sources know that Mr. B. really doesn't want any part of it thus they are safe in making the offer.

Contrary to general thinking the local boss has had quite a few "run ins" with the governor and although it would never be admitted our Tom doesn't think any too highly of the Albany Tom. Broderick a far more skillful politician would be in a cat and dog fight with the Dewey school tie team night and day.

Dewey's stand on the school tax situation and countless others has put him in trouble with practically all of the 62 county chairmen. Mr. Broderick would no doubt prefer to keep Monroe County safe for the Republicans. Mr. Dewey can pull his own chestnuts out of the fire.

Thomas E. Dewey, he little man who wants to try again for the presidency sent a special message to the N. Y. State Legislature last week urging the ratification of the amendment to the U. S. Constitution limiting presidents to two terms.

Thomas didn't say a word about the state bodies passing legislation that would prevent a New York state governor running for a third term.

As titular head of the city of Rochester Mayor Sam Dicker has done a thoroughly competent job. He has been everywhere at the beck and call of big and little alike. He's cut more ribbons at official openings and eaten more chicken a la king at banquets than any mayor Rochester ever had.

He has earned the affection of the groups to whom he has given unstintingly of his time, and the respect of Democrats and Republicans alike. Mr. Dicker has only one weakness. He's too regular-too nice a guy.

This week at one of Rochester's better known clubs a tipsy city office holder had the effrontery to publicly berate the mayor, an uncalled for attack from a city official deep in an alcoholic fog. Harsh names were bandied about and the genial mayor was the recipient yet he had done nothing to provoke the name calling.

Witnesses were aghast and finally hustled the offending

participant away from the scene. Dicker apologized for him.

In any other town but Rochester no officeholder would be permitted to insult the mayor. Nowhere but in Rochester can office holders insult anyone without being called up on the carpet and either be warned or dismissed.

It's high time the local powers put their thumbs down on their bad boys saving Rochesterians embarrassment and the Republican party an increasingly bad name. Mayor Dicker should stop right now being such a good fellow and demand that his attacker be put in his place.

into the open when he declared that the reason he had denied Democratic representation on the committee was because the Democrats followed that procedure when they were in power 16 years ago.

from the floor by the gavel-heavy hand of Howe, after the meeting asked reporters and bystanders how long it has been since two wrongs have made a right. No one seemed able to furnish the answer.

"If," said Rauber, "the Democrats were wrong 16 years ago how can Republicans now believe they are doing the very same thing."
"And if they are right in denying minority representa-

tion now, they were liars 16 years ago when they said it was wrong."
In slapping down Rauber's protests Howe also said that the Republicans figured they had a mandate "to run Monroe County."
The 30,000 people who voted for the Democrats are wondering what happened to their mandate.

'WILD IRISH ROSE' MOVES TO REGENT

Due to the continued interest expressed in "My Wild Irish Rose" the Technicolor musical feature stays in town another week, moving into the Regent Theatre for a third week yesterday. American vaudeville, when the minstrel show was the top form of entertainment, highlights this scintillating film which stars Dennis Morgan as Chauncey Olcott of "My Wild Irish Rose" fame, and Andrea King appears as the beautiful Lillian Russell.

"Heaven Only Knows" the Robert Cummings, Brian Donlevy feature originally scheduled to open here yesterday, will be shown at the Regent later in February.

ROMANCE, ADVENTURE ON CAPITOL SCREEN

Romance and adventure are the twin themes which spark the exciting action of "Tycoon" RKO Radio's technicolor drama co-starring John Wayne and Laraine Day opening at the Capitol today.

SLOWDOWN . . .

(Continued From Page 1)
is exceeded only by the chatter of a machine gun and, says Rauber, no one with "only finite minds such as we Democrats have" could possibly understand what it is all about. Immediately a vote is called for the Republicans dutifully vote "aye" if a Republican-sponsored measure is under consideration, and just as dutifully vote "no" on Democrat-sponsored measures. And that is that.

Secret of the Republicans' vast knowledge is that just prior to each meeting they meet "in caucus" to get their instructions from the boss as to how they should vote.

Meanwhile the four Democrats have their caucus around the courthouse drinking fountain.

Of course, if the Republicans while "caucusing," should happen to take a little peek at the Democrats' resolutions, which by this time are in their possession, no one is the wiser. GOP hatchet-men are given their instructions on how the Democrats' proposal should be quickly knocked down and Chairman Howe presumably gets the word on how long to let the Democrats' speak.

Rauber thinks such procedure is unfair. He has asked Howe to present advance copies of such resolutions to him so that the Democrats too, will know what they are voting on. Howe has promised to give Rauber's request "deep consideration."

But Rauber, taking little stock in Howe's promise, declares that if his "reasonable request" is not complied with, he and the other three Democrats each in turn will call for a re-reading of each and every resolution presented to the board — including mortgage foreclosures, routine assignments, etc.

This could stretch out the meeting for hours.

Monday Rauber charged from the floor that Howe's last promise of "deep consideration" had turned into "deliberate disregard" of Rauber's demand that

Democrats Attack Salary Schedules

The case of an "information clerk" getting more pay than "the boss" came to light this week when Val Rauber, minority leader of the Board of Supervisors made an attack on salary schedules in the county veterans bureau which gives Arthur H. Crapsey, head of the Veterans Information Service a considerably greater salary than James A. Porcari, who actually does the work of arranging servicemen's benefits as chief service officer.

Rauber charged that Crapsey's salary of \$5,000 plus \$575 cost of living increase was out of line when compared with James A. Porcari's \$5,000 per year.

Before Rauber was cut down by Chairman Gordon Howe he pointed out that Crapsey was now receiving additional \$1,000 a year as "county historian."

Last September Rauber had charged that giving Former Newspaperman Crapsey the title of "Historian" was simply a dodge to give "the county administration's fair haired boy" another buildup.

It is interesting to note that the historian's salary is the lowest in the department. Even the 3rd grade stenographer attached to the department receives more. Crapsey's assistant receives \$2,875.

Rauber charged that Crapsey is either worth more than his assistant or nothing at all and he made it clear he believed the latter.

Crapsey's job as head of the information bureau is to tell veterans what benefits they may expect and to what office they should go to get them.

Porcari, on the other hand, according to a report of the director of public welfare is "well qualified and technically equipped through years of experience to handle any claim."

Democrats are represented on the important Ways and Means Committee.

Maybe the supervisors will begin to carry box lunches if Rauber carries out his slowdown.

BANKERS TO BANQUET AT POWERS FEB. 14

A speech by William Powers, deputy manager of the American Bankers Association, selections by the 60-voice Lincoln-Rochester chorus under the direction of Austin Truitt, and dancing will comprise the program of entertainment at the annual banquet of Rochester Chapter, American Institute of Banking, scheduled for Powers Hotel on Feb. 14.

Powers will speak on "The A. I. B. — Ambition, Industry and Benefit."

Al Sisson will act as master of ceremonies and will introduce the chorus. The invocation will be given by the Rev. Norman McNair, S. T. M., of Sumnerville Presbyterian Church.

Leon R. Travis is chairman.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clumsy, nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this.

Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiate—no habit-forming drugs. It helps nature (you know what we mean). This great medicine also has what Doctors call a stomachic tonic effect.

PROMINENT KODAK CHEMIST RETIRES

Erie M. Billings, advisor of Eastman Kodak's business and technical personnel department and widely known in the chemical profession for his long service to the American Chemical Society, retired as of Feb. 1. It was announced this week.

His varied activities during a 35-year career with the company included chemical research, business management, and personnel administration.

He made valuable contributions to the nation's war effort during 1940 to 1945 when, as a consultant for the National Resources Planning Board of the War Manpower Commission, he advised the government on chemistry and chemical engineering personnel.

In 1943 he served also as consultant to the director of the War Manpower Commission's national roster of scientific and specialized personnel.

Though leaving Kodak, he will continue as secretary of the American Chemical Society's important committee on professional training, a post which he has held since 1937.

He and his wife, the former Mildred Lincoln of Newark, N. Y., live at Green Pastures near Newark. A son, Monroe Erie, a Navy lieutenant, was killed in service in March, 1944. Another son, F. Hale Billings, is employed at Kodak.

WELFARE . . .
(Continued From Page 1)

The man was unemployed except for the twin tasks of picking up his welfare check and keeping his wife busy. The couple admitted to having six children, the oldest of which is six years of age.

The case, discovered by the police was publicized by Times-Union Columnist Al Moss who last Thursday in his column declared that "something is cockeyed" when faithful city employees are asked to get along on less than the \$150 a month handed to the welfare client. Moss asked point blank how the welfare department accounted for that.

At Monday's board session William J. Beckler, Democratic supervisor of the 8th ward picked up the cry. He too wanted to know "how come" and asked to have the Governor investigate even though he knew the chances were very slim for a thorough, no-holds

bared investigation of a Republican-controlled welfare by a Republican-controlled group of investigators working at the behest of a Republican government — in the rare chance that a Republican-controlled board of supervisors called for such an investigation.

The board, led by Chairman Howe quickly proved that the chances were not even slim — they were absolutely non-existent.

Beckler's resolution charged that giving the family \$150 per month in addition to the rent free home which was used for prostitution, indicates gross inefficiency and irregularity in the procedure methods and operation" of the department and called for immediate investigation.

Beckler's resolution pointed out that alleged irregularities: the Public Welfare Department in New York City were promptly subjected to investigation by direction of Governor Dewey and therefore called upon the governor to take similar action here.

Despite the quashing action of the GOP supervisors Beckler has not given up hope of finding out how the Republicans are running the welfare department.

"I am concerned," said Beckler yesterday, "in finding out who is responsible for such laxity and inefficiency in the welfare department as is indicated in the department's handling of the Durnan St. family.

"My resolution calls for an immediate investigation of the county welfare department" he continued.

There seems to be internal dissension between the social workers and the various Welfare Department heads as to responsibility. This is now climaxed by the Durnan Street incident. A relief family received \$150.00 per month and the use of a County owned house. The husband pleaded guilty to a change of running a disorderly house with his wife as an inmate. This was reported to the press. As yet, the Board of Supervisors have not been given an official account of what actually happened.

"I am concerned to know if this happening is an example of the way taxpayers' money is being squandered by the Welfare Department.

"Who is responsible for this laxity and inefficiency? These and many more questions can only be answered by an impartial investigation of the entire Monroe County Welfare setup. We do not expect the local officials of the Welfare Department to clean up the mess. So I am asking Governor Dewey to make the investigation. The State pays 80 per cent of the welfare costs, and as such, has a vital interest in the welfare costs of Rochester and Monroe County."

"Governor Dewey did not hesitate to investigate the Welfare Department of New York City. Nothing happened there to equal or come close to the unholy story of Durnan Street. Therefore, if the Governor is truly interested in efficiency and not politics, he will immediately investigate the Welfare Department of Monroe County. The taxpayers are entitled to know the full story. Such gross inefficiency cannot be tolerated."

Minority Leader Val Rauber voting a loud and vigorous "No" to the motion committing the resolution to the Welfare Committee urged that the investigation be asked immediately. He warned that it would be a "blot on the escutcheon of the Board of Supervisors" if the call for an immediate investigation went unheeded. Evidently the Republican majority cared little about the appearance of the board's "escutcheon."

The almost identical twins . . .

WHEN Jack and Tom were babies, people always asked their parents: "How do you tell them apart?"

Well, fifty years later the twins still look alike. But you haven't much trouble telling one from the other, have you?

That's because when Jack was a young man he decided on a regular savings program . . . and stuck to it. And Tom always meant to begin systematic saving, but somehow just never got around to doing it.

Which of these almost identical twins will you resemble?

An easy way to decide is by answering this question: Are you saving regularly right now . . . or do you intend to begin saving at some future date?

If you belong to the second group, don't delay a moment longer. Start a regular saving program now. And here's the best way to do it:

Buy U. S. Savings Bonds through the convenient, automatic plan available to you: (1)

The Payroll Savings Plan. (2) The new Bond-A-Month Plan, if you can't join Payroll Savings.

100% safe U. S. Savings Bonds are government-backed . . . pay you \$40 for every \$30 you put into them, after only ten years. So the money you save makes more money for you!

Both the Payroll Savings and the Bond-A-Month Plans are as automatic as an electric clock.

With either, you just can't miss out! So don't delay . . . join one today!

'STICK HAPPY' BRAMPTONS TO FACE IROQUOIS

Arleigh Hill's Rochester Iroquois lacrosse team runs into a tough foe at the Armory tomorrow night, after three weeks of meeting the best that Canada has to offer.

The Brampton Excelsiors, who will be making their third appearance here tomorrow, don't rate with Toronto, Mimico and St. Catharines in sheer ability. They do rate right at the top when it comes to hard, vicious checking, however. It's always a wild, free-swinging affair when they square off with the Indians.

Take the first showing here as an example. They dropped a 17-12 decision that time, and set a new Armory record of 23 penalties in the process. In the second fray, when they lost by a 13-8 count, they were just as nasty. They committed several major and a flock of minor infractions in that one, and left their mark on the Braves in the form of cuts and bruises.

They'll be back tomorrow in no better temper after two lickings, sparked by such rugged operatives as Bill Mullins, Ralph Gowland, Grant Gallagher and Jack Wilson.

The Iroquois are as ready as they'll ever be for such an assignment. Only real casualty on the roster is Defenseman Bobby Porter, hurt in practice last week, and he may be available. The rest of the squad is in good physical shape, with only minor injuries to contend with. Topping this list is Sody Groat, who was a surprise starter against Toronto last week after announcing that he was on the retired list. Sody lost three teeth in a melee last Friday.

The Indians carry a record of six wins and five losses at this point. They were only able to turn back one of the "big three", stopping Mimico 28-23. They bowed to St. Kitts and Toronto, to the latter for the third time this season. They should be heavy favorites for their seventh victory this week.

FORMER STARS LISTED ON SPORTS PROGRAM

A host of local sports celebrities will participate in a sports night program at Holy Family Church Hall Saturday at 8 p. m. under sponsorship of the church's Holy Name Society.

Boxing bouts by members of Aquinas Institute boxing team will be headlined by a special bout between Tommy Egan and Kenny Connors. Third man in the ring will be Mike Conroy, former Rochester and Cuban heavyweight champion. Conroy will share referee duties with Chubby Brown, onetime local heavyweight favorite.

Max Russler will provide a stable of wrestlers for several matches which will be handled by Carl Benz, onetime captain of East High wrestling team.

Several prizes will be awarded, among which will be two season tickets for Aquinas 1948 football games.

James O'Neil is chairman.

RADIO DAILY: After carrying Sweeney and March as a sustainer for about two years CBS will withdraw that show on February 4. Their Wednesday, 9:30-10 P. M. time slot will be filled by "Romance". ABC has added 46 new affiliates to its network during 1947 which brings its total up to 265 stations. The ABC dramatic series about juvenile delinquency, "Are These Our Children" has been discontinued as of last Friday. Plymouth autos is looking for a "pre-press" error. Ed Wynn may soon debut as a new character over a television network. Harry Salter, musical director of the new ABC Coast Guard show which debuted Monday has cut an audition record of the revived "What's My Name" which will star Arlene Francis. Movie star Reginald Gardner will head a new show titled "Further Adventures of My Man Godfrey" "Call For

Music" with Dinah Shore and Harry James, succeeds "It Pays To Be Ignorant" February 13. "Mr. and Mrs. Ace" is scheduled for CBS premiere in mid-February. Bob Hope has jumped to the top of the first fifteen evening Hooper rated shows, having risen from eighth place in the previous rating. The Automobile Manufacturers Association has prepared a series of 15-minute transcribed programs which started on 43 stations this week. It is an informative type of program which began in the 1948 outlook on the March or sooner.

Federated Press
The New York Daily News, America's largest newspaper, didn't like a recent suggestion by Pres. Robert Hutchins of the University of Chicago that the press ought to set up an outside independent agency to criticize and evaluate the press. And so they went to town on him editorially.

After taking some slams at the "professor," the News said that after all the American people "evaluate and criticize the press, and they register their opinions in the most emphatic way possible by buying papers they like and not buying papers they don't like." Speaking emphatically — the News doesn't know what it's talking about.

issued in 1946, stated that 88 percent of all U. S. communities have only one daily paper or, if there are several, they are under single ownership.

"It is a matter of concern," the report said, "that citizens in so many communities can buy only one daily paper and that in some cases these single dailies present the point of view of the same newspaper chain."

Be Economical

Donald and Mary decided to adopt a child, and asked at the orphanage for a little girl. One was produced, and Mary was about to close the bargain when Donald tapped her shoulder. "Mary," he whispered, "let's have a boy. He'll be forgotten the lad's cap we found in the train?"

RG&E FIGHTS POWER DAM AT MT. MORRIS

Take it from Alexander M. Beebe, the Rochester Gas and Electric Co. is not opposed to construction of a dam in the Genesee River at Mt. Morris for the purpose of flood control. In fact, says the company president, RG&E is willing to give certain lands which it now owns in the area to the state for park purposes and landscape beautification when the proposed dam is built.

What the company is worrying about, however, is that somebody might get the idea of using the dam to generate power. "All wrong," says Beebe, pointing to the company's discarding of such plans 15 years ago when it determined that electricity could be pro-

duced cheaper at steam plants in Rochester.

"I want to make it clear," says Beebe, "that Rochester Gas and Electric is not opposed to flood control. What we do oppose is the building of a dam much higher and costlier than is needed for flood control. A higher dam is intended for power purposes and would be a waste of taxpayers' money. We have owned all the land involved in this proposed development for years but abandoned the power project because if we found it more economically

unsound for us, it is just as uneconomical for the government to do it with your money.

"The original proposed low dam was estimated to cost \$5,000,000 and we oppose spending \$20,000,000 under the guise of flood control when the real purpose is something else and where the expenditure of about half the amount would provide adequate flood control."

Contract for the higher dam has already been let but only a portion of the necessary funds has been appropriated.

By CURT GERLING

There are all manner of ways in which one can take his calisthenics these days, and contrary to accepted practice. In the third ward you first eat a hearty dinner at the Tremont Diner; the inner man satisfied you slip into the adjoining rooms of the Franklin Athletic Club to take your exercises. There isn't a half mile track to jog around, no medicine ball to toss to a partner, but plenty dumbbells. The dumbbells, of course, are playing the slot machines known far and wide as the best means of developing your right biceps while reducing the bulge in your pocketbook.

This week the "gym" is closed on account of the local police are no longer interested in building better biceps in the third ward and because J. Stewart Glasgow, the "athletic director" has, according to newspaper versions, been rubbing the "athletic salve" across the wrong palms.

It has cost Mr. Glasgow two thousand bucks in the past year for the privilege of harboring six "reducing" machines for his athletes. A Mr. Charles Avery was supposed to be fixing the "right people" so that his "body building" business could continue to prosper. Mr. Avery it seems was a great big fiber and as a minor politician (a ward committeeman) he was avoiding contacts with his superiors from whom such blessings (and privileges) flow.

Naturally one thing a Republican boss can stand for is to see someone getting away with something without paying for the privilege. Thus it was a surprise Mr. Glasgow who was confronted by the local gendarmes set to remove his athletic equipment beautified with plums, cherries, oranges and bars.

The indignant Mr. Glasgow made it known that his dues were paid up and irately demanded "how come." It was then learned that in "fixing" Mr. Avery he had been altogether too trusting. Mr. Avery as we mentioned before had been snubbing the boys who were to get the big chunk of

Church Split By Pastor 'Deals'

That the Rev. Glenn A. Coon, ex-pastor of Browning Memorial Seventh Day Adventist Church didn't do all of his crusading for Christ during his Rochester sojourn became evident this week when complaints of disgruntled parishioners began to snowball into a storm which may grow large enough to eventually reach way down into Madison, Tenn., present operating ground of the enterprising minister.

The Rev. Coon came to Rochester in 1944 amid a great fanfare of advertising and publicity proclaiming he was going to conduct a "Crusade for Christ" in the Masonic Auditorium. Several local ministers denounced the secrecy of the crusade's backers and charged that the Rev. Coon was conducting a drive to make money.

The Sun reported the disturbance caused in local religious circles by the Seventh Day Adventist onslaught and exposed several "angles" of the crusade. For this it was publicly condemned by Crusader Coon and his cohorts from the stage of the Masonic Auditorium.

Inside Rochester's New Radio City

(Left above) are the nine pulchritudinous tour guides who will show visitors through Rochester Radio City starting Saturday. From the left they are Paula Spearman, Pat McGrath, Carolyn Fallon, Bunny Reeves, Virginia Hafner, Maryland Kennell, Donna Coffland, Betty Griffith and Rosalie Scinta. Above, WHAM General Manager William Fay and Stromberg-Carlson President Dr. Stanley Manson stop to check their watches with the master clock in the new station's wire control room. (Left, below) Newsroom aides Virginia Snyder and Pat Fallon watch one of the teletype machines grinding out news flashes which will be aired within a few moments. At the right below Chief Engineer Kenneth Gardiner checks up on some of the 10 miles of wire in the station.

There's no music hall, like its New York City counterpart, nor is there a 44-story observation tower, but Rochester's own Radio City has enough nique and beautiful features to put it strictly into New York's Radio City class.

(See POLKA Page 16)

WHFM and a proposed television station, will make its public bow on Saturday with special programs, opening ceremonies, and guided tours. Special features will continue indefinitely. Attendance at the opening programs is by ticket only, but tickets are free for the asking.

The structure is built around a large theatre-type studio seating 400 persons. Five other studios, a transcription room, and a news bureau, make up the sending facilities.

(See WHAM Page 8)

The auditorium studio and five additional studios of Radio City actually float. The entire studio area has no direct contact with the main structure of the building except through pads of heavy felt. The ceiling, side walls and floors, even door

casings, are suspended in erasels of sound absorbent felt. All studios, control rooms and offices are conditioned not only by the conventional air conditioning system, but the air is also purified by the most modern electronic system which filters dust from the air by first charging dust particles with an electrical potential and then at-

Racket Case Looks Fishy

While the Grand Jury is trying to decide what to do about Charles Avery's alleged "shakedown" of a restaurant — athletic club operator for harboring slot machines in place of business, the city at large has several more interesting questions to decide about the case.

Avery, 43, of 153 Lyndhurst St., a Department of Public Works foreman and Third Ward Republican committeeman, was arrested last Friday on a charge of grand larceny, second degree four allegedly collecting \$2,000 as "protection money" from J. Stewart Glasgow, 58, of 4205 St. Paul St., owner of the Tremont Diner and operator of the Franklin Athletic Club at 361 Plymouth Ave. S. in the Third Ward. Glasgow admitted having six slot machines on the club premises and told police he paid Avery the money in the belief it was going to "higher-ups" for protection against arrest for having the machines.

What Rochester would like to know is:

—Isn't it a fact that, regardless of who got the "protection money" Glasgow paid Avery, until last week Glasgow's machines were untouched by police, seizure all during the period that payments were being made in spite of the acknowledged

GERTRUDE CORSET SHOP Before you buy that Easter outfit—order your new CORSET or FOUNDATION from GERTRUDE CORSET SHOP. Their KATHERINE-K and KELLOGG line is superb. You know what happens when you buy something NEW only to find after expensive alterations it doesn't fit after you don a new girdle. So start your new Easter togs with a new CORSET—a Katherine-K of course from GERTRUDE CORSET SHOP. A Bra line starts at \$1 up. No waiting unless you must have custom work. 311 Present Bldg. 27 Clinton Ave. So. Opposite Hotel Seneca. Stone 2536

SERVICE DE-LUXE IT'S always been a matter of real pride with ROCHESTER GAS & ELECTRIC to restore service in the shortest possible time, when it has been interrupted by storms, fire, etc. But now with their service cars and trucks equipped with a two-way radio telephone system, R. G. & E. is in better shape than ever to battle Old Man Winter and his storms. This new radio system will also enable them to do their regular service work with greater speed and efficiency and to continue to give YOU the high standard of service you have come to expect from your R. G. & E.

To any apple salad, such as Waldorf, cubed pineapple, seeded Tokyo grapes or banana slices may be folded for flavor variation.

ALICE ALICE DRESS SHOP have moved into their new home. The location 638 MONROE AVE. just five doors from their recent shop, 630 MONROE AVE. Spanking new Spring merchandise, says Alice, is yours for the asking. Navies, Prints, Blacks in all sizes at modest prices. Beautiful advanced styles. Alice has her usual line of LINGERIE, SWEATERS, everything fresh and new. There are still a few broken sizes left for your selection marked BELOW COST held over in the REMOVAL SALE. Not all styles in all sizes of course, but a very, very nice selection. Woods, crepes, every one a VALUE. Visit ALICE DRESS SHOP at her new location, 638 MONROE AVE. Open Eve.

RIPTON DRESSES The hardy perennial of your spring wardrobe—should be a PRINT from RIPTON DRESSES. They really are beautiful this season. Wearable to all sizes, why, 'cause they usually have dark backgrounds with large well-spaced prints. Match your accessories with the color or the print—and you really will feel well-turned out this Spring. NAVIES too are very good as always. For the BLACK addicts, RIPTON DRESSES have plenty of this popular trend. Regular, Junior and of course WOMEN'S DRESSES at modest prices. 730 MONROE AVE. PS. Rip-ton's SALE still continues with a good selection of wearables, broken sizes of course, at this late date, but there are still VALUES. Open Eve.

DRASTIC REDUCTIONS SHAFER FUR and every coat, but let me tell you that every fur coat at Shafers is an investment for years to come. Prices at SHAFER FUR are cut far below their present market values. Yet every coat is a new 1948 style—new collars, new sleeve treatments, whirlwind backs. Here are a few values, that will make you sit up and take notice. Three BLACK PERSIAN LAMBS were \$795 now priced \$592. One HUDSON SEAL was priced \$695 now only \$592. One PERSIAN LAMB (Grey) a beauty was \$947 now \$742. One gorgeous SHEARED BEAVER was \$1775 now \$1442. Beaver, a good one, is a real investment. Durable, young, will give you years of service. One MINK DYED SQUIRREL was \$721 now \$592. One RUSSIAN BLACK CACARIL a knockout was \$1095 now \$842. One CHINA MINK was \$765 now \$592. Here's another feature at SHAFER FUR CO.—every price tag on every coat at Shafers INCLUDE TAX. Pay a small deposit on your selection and it will be held in storage FREE until next season, or maybe you would like to wear it NOW. Budget terms available. SHAFER CO., 76 EAST AVE. Opposite Chestnut St. S. Geo. Shafer, formerly Vice-Pres. Meng & Shafer.

French bread with garlic is delightful. Slash bread lengthwise but do not cut quite through. Between the slices spread garlic butter (1 crushed clove of garlic blended with 1 tablespoon of butter or margarine.) Heat bread in a fairly hot oven for ten or fifteen minutes. You may use hard rolls if you like instead of French bread.

REDUCE You can tug, you can tighten, you can choke yourself to death, but the bulk you push in here, comes out there. In other words, when that waistline of yours is carrying a spare tire or two, you just can't hide it. With these wasp-waistline styles you're just sunk. So why not TAKE IT OFF. Where, with LA PETTIS of course. Have Ben go after that waistline, and see the wonders that can be accomplished in ten treatments. (Ten for ten dollars.) The Battle Creek Reducing Lounge does the work. You do nothing. Call Stone 6210. PETTIS, Burke Bldg.

Most of us have an unfortunate complexion (DRY SKIN) to contend with during these cold winter days. What you need is a good rich cream to fight off dry skin, and here it is DOROTHY GRAY SPECIAL DRY-SKIN MIXTURE. Filled with richness and goodness it is kind to your face. At the present writing, you may buy this famous cream at half-price. The two ounce size regularly \$2.25 now can be purchased for exactly \$1.10. Other sizes accordingly. Ask for it at your favorite cosmetic counter.

SALE ZWEIG DRESSES are still SALEING. Merchandise has been regrouped and been marked way below cost. Mrs. Zweig tells me that the WOOLS are a particular value. Of course there are plenty of crepes, in all colors and all sizes. Suits are also included in this remarkable SALE. The short woman should and will take advantage of this remarkable clearance, you GET the NEW LOOK at a low price. Make for ZWEIG DRESSES, 240 ROSEDALE Off Monroe. Open Eve.

Magazine Unearths Story Press 'Forgot'

By MARTY SOLOW
Federated Press

Nobody but nobody (to borrow a famous department store's advertising slogan) can sit on truth as efficiently and as effectively as the American press.

Take the case of the Mississippi Gestapo.

For exhuming this story which most newspapers should have smelled a long time ago

credit goes to A. J. Liebling of the New Yorker magazine.

In November 1947 the Mississippi legislature, at a special session called by Gov. Fielding Wright, rammed through a bill to set up a secret police force—to be appointed by and known only to the governor.

This Gestapo body was to be given the power to make arrests in "crimes of violence or intimidation."

Six other measures, carrying drastic penalties for violence or possession of firearms were also passed—one of them calling for the death penalty!

The legislation was hustled through the Mississippi body under cover of a wave of newspaper hysteria whipped up over a strike by AFL drivers in the veteran anti-labor Southern

Trainways Bus Lines Corp.

Of all the New York papers Liebling said, only the New York Times ran a tiny 2-paragraph item on it. The press associations (AP, UP, INS) "didn't remember" running the story.

In the eyes of the New Yorker, the creation of the secret police and "the establishment of a new crime subject to capital punishment seems to have merited space in any American publication pretending to be a newspaper."

GLORIA NORD BRINGS 'SKATING VANITIES' FEB. 28

Sixth edition of the world famous "Skating Vanities" has been booked for the Main St. E. Armory Feb. 28 through March 6.

Each year the visit of "Skating Vanities" to Rochester has been one of the high spots of the local theatrical season. The new 1948 edition embraces many new stars, new comedians and is a completely new show from start to finish.

The dazzling costumes which are seen during the course of a performance, were created on the drawing board of Nat Karson, ac designer of Radio City Music Hall. Some of the top costumers in the country are numbered among those who contributed to this eye-filling parade of beauty.

Heading the new show will be the established Rochester favorites, Gloria Nord and Mickey Meehan, surrounded by dozens of newcomers.

Matinees on Feb. 29 and Mar. 6 are scheduled in addition to evening performances daily. Mail orders for tickets are now being accepted at Bonda Main St. Store.

THERE'S GOLD UP THERE! Walter Huston, Humphrey Bogart and Tim Holt share gold—and trouble—in Warner Bros.' suspenseful drama, "Treasure of Sierra Madre," due today at the Century.

A three-day presentation of the comedy "Room Service" by the Consistory Players will open at the Auditorium next Thursday.

The play concerns the schemes and antics of a theatrical troupe to stay at the White Way Hotel until an angel backer comes through to finance a new play which they believe will be a Broadway hit. This under the

GOLD HUNT THEME OF CENTURY FILM

A mad search for gold high in the Mexican mountains serves as the plot in Humphrey Bogart's newest Warner Bros. drama, "Treasure of Sierra Madre," due today at the Century Theatre. Others important in this action picture are: Walter Huston, Tim Holt, Bruce Bennett, Barton MacLane and Alfonso Bedoya. John Huston wrote and directed the film.

John Huston, director and writer, also appears in the picture. The role designated in the script was dubbed simply as "white suit," an American tourist in Tampico. Though the part was very small, Huston was required to do the scene over and over again for Humphrey Bogart, star of the film, who sat on the sidelines for a change.

Warner Bros.' art director John Hughes assigned to "The Treasure of the Sierra Madre" traveled 8,000 miles in Mexico to find just the right locales, setting an atmosphere for the B. Traven story.

MARTIN JOHNSON FILMS ON REGENT SCREEN

The Regent Theatre is currently presenting two of the Martin Johnson films, "Borneo" and "Congorilla" on the same program. Martin and Osa Johnson, while particularly well-known to an older generation of Rochesterians, are practically unknown to the younger set.

Primarily, these Johnson films are action scenes of the vanishing wild animal life in Africa and on the Island of Borneo, filmed from the angle of realism rather than the sensational but there is still plenty of excitement and action in these features.

The essential script of both was recorded in book form by Mrs. Johnson, bearing the same titles "Congorilla" and "Borneo, Land of the Devil Beast." The film version of the latter has a commentary by Lowell Thomas and Lew Lehr.

Even though sacred to three religions, there is no peace in the Holy Land.

"What does this expression, 'See you' mean?" asked the British judge.

"My lord," the clerk replied "it appears that this is a slang expression of American origin which has gained regrettable currency in the language of our people through the insidious agency of the cinema, and is, I am led to understand, employed to indicate a state of dubiety in the mind of the speaker as to the veracity for credibility of a statement made to him."

"Oh, yeah" said the judge.

Elks Open \$50,000 Hospital Fund Drive

A squad of 300 Elks will start tapping their 3000 local lodge brethren next Monday in an attempt to raise \$50,000 for a new nurses home at the Children's Convalescent Hospital in Charlotte.

Jacob Turner, chairman of the special gifts committee, has been named to lead the 26 captains who will spearhead the drive.

First event in the drive will be the lodge's 13th annual Clarity card party listed for the Clinton Ave. lodge home Thursday, Feb. 26. John C. Ryan has been named general chairman of the party.

Turner has named the following lodge members a team Captains: Albert Y., Yogg Frank Miller, William Asari, William Newell, Edward Walsh, S. William Rosenberg, Frank Koch, William Santore, Maury Purvin, Herbert Mussmacher, Jacob Falk, Frank Joyce, Emanuel Koveleski, Capt. Joseph Lang, Lt. Vic Ayette, Chas. B. (Buck) O'Leary, John McCarty, Joseph Hasselwander, Rex Stevenson, Nicholas Teddy, Milton Darling, Abe Raif, Neal Kuhn, George Frank, Chairman Ryan and himself.

3,500 Expected At Party
According to Ryan, more than 3,500 persons are expected to attend the card party. The facilities of the entire lodge will be turned over for use of the card party committee. The general chairman also explained that 300 gifts will be presented just before the party draws to a close at special ceremonies.

Asart has been named master of ceremonies of the event and all of the announcements from the start of program until the finish, will be under his jurisdiction.

the pay-off and squandering the green stuff on silk shirts and fancy slacks—all of which proved somewhat irritating to fellow members of the DPW who could ill afford such superior raiment, DPW wages being what they are.

It's little things like this that occasionally get publicized which prove that even dear, smugly GOP controlled Rochester is a long way from being simon pure politically.

If the Grand Jury investigates the case of Mr. Avery charged with larceny they'll find Mr. Avery about as communicative as a clam. He's probably already had so many "orders" from the higherups to take the rap (and be rewarded later) that the Grand Jury will run into enough stonewalls to put a two mile extension on Sing Sing.

Meanwhile members of the Franklin Athletic Club will have to run the chances of becoming muscle bound.

Where Have You Been All These Years Bud? Dept. Monday the D & C the benign old Grandmother of Main St. carried a hand-wringing editorial "—and Is the Subway Also Doomed?"

We might say to the D & C editorialist "yes, granny it's doomed — and we might add (Granny modestly of course) that in this column it was predicted many, many years ago. There have been a dozen plans to unload Mr. MacFarlin's expensive brain child, not the least of which was to sell it or bargain with the state to use it in connection with the Thruway. It is probably too late now but it wasn't such a bad idea.

The editorialist also stated that the "well-know Rochesterians (who are the directors of the RTC) have shown no community-mindedness" which was a rather daring statement for the Main St. Granny but these w. k. Rochesterians can be partially forgiven. They too have probably tried to "get somewhere" with local political minds and have given up the ghost.

Still pretty fresh they had the audacity to assert that the city administration has "no constructive attitude" and refer to Mr. MacFarlin's illness" as having hampered a more alert interest.

The Subway cost taxpayers so many millions the City Fathers just don't want to think about it, let alone talk about it. The man with the initials, who is the official keeper of the white elephant, is at the present too hard-pressed finding enough tokens to keep it alive.

The editorial also carried the boxed question "Who told the Aquinas Stadium Committee the Subway wouldn't be operating in three years."

"Well it wasn't me Bud, but I could have!"

You don't have to be "nuts" to aspire to political office but it helps. Just take the spot that Brighton supervisor Roy Draper is in. There is a boy with problems — and headaches.

He's had to decide that Brighton wanted the WHAM radio tower and now he has to render a decision on the proposed Aquinas stadium. It is a thankless task as you must make enemies (and lose votes) no matter which way the wind blows. Rochester has its share and Brighton too is loaded with the professional "agin-ers", warts in the path of progress. The job of the Brighton boss is to separate the natural "agin-ers" from those with a legitimate protest as well, and to discern who is conscientiously "for" an idea and not prompted by business or social considerations.

Draper's decision (or his boards) on the WHAM tower is apparently a popular one. Brighton is in the high salary bracket and more people per block will buy television sets than anywhere else in the county and they are therefore interested in perfect reception.

What to decide on the Aquinas stadium is another matter but no doubt there are many residing in the town who think Red Wing park is too darn far from Brighton and would prefer like us to dawdle a bit over the Sunday dinner and have the football game much handier. We reside in Brighton but the proposed stadium is more than a mile from

us; hence our pro or con should be considered more or less worthless.
Mr. Draper would probably not be disturbed anyway. He knows that we will no doubt continue to enroll and vote Democratic.

College Campaigners Await Drive Start

Nearly 2,000 campaigners from all sections of the Rochester Diocese will gather at the Rochester Chamber of Commerce this evening to hear Judge Clare G. Fenerty of Philadelphia keynote the \$1,047,236 drive for St. John Fisher College.

Campaign leaders headed by the Rev. James E. Kearney, honorary chairman, and Joseph J. Myler, general chairman, also will address the workers as they launch a 10-day drive to provide the Basilian Fathers with funds sufficient to start construction of the first men's college in diocesan history.

The new St. John Fisher College will open in September 1950, according to the Rev. Hugh J. Haffey, C. S. B., executive director of the college.

The first of twelve structures to be built on a 72-acre plot of land at the intersection of East Ave. and Fairport Rd. will be an administration building which will contain classrooms, lecture halls, dining room, offices and library.

For the first few years of operation, enrollment at St. John Fisher will be limited to 600 students.

Led by their pastors, campaign workers from the Elmira, Corning, Auburn and Geneva as well as the Rochester Diocese will be on hand for Thursday's opening dinner.

Campaign instructions will be given by Msgr. John S. Randall, director of the drive. Otto A. Shultz, chairman of the special gifts committee also will speak.

Judge Fenerty, who will deliver the keynote address, is a member of the Philadelphia's Court of Common Pleas.

A veteran of two World Wars, Judge Fenerty also represented his district in the 74th Congress. He served on the Wharton School law faculty of the University of Pennsylvania and is past commander of the Catholic War Veterans.

Inside Hollywood

When Danny Kaye returns from London, where he is now entertaining in person, he may star in a film version of "Father Goose," the film biography of Mack Sennett by Gene Fowler.

Here's one way to get into pictures: Two young women had a difference in the powder room at Ciro's night club and one of them invited the other to step outside into the lobby and settle the matter. When they were separated, it was generally agreed that Miss Clara Williams was the victor. The next day, Universal-International announced that Miss Williams had been engaged for a role in "The Saxon Charm."

There seemed to have been a theatre-building boom on in 1947. Approximately 500 new theaters, with some 500,000 additional seats, were built last year at an estimated cost of more than \$40,000,000, which is an average between \$150 and \$200 a seat, or just about double what it was before the war.

Radio Digest

RADIO DAILY: FBI Chief J. Edgar Hoover said last week that radio cannot be blamed for juvenile delinquency even though some crime programs "may be harmful." Hoover added that juvenile delinquency existed long before radio and that broadcasting should not be discounted as a potent preventive weapon against crime... Although the starting date has not yet been disclosed, ABC will produce five major documentary programs in 1948 dealing with phases of psychiatry, domestic, social conditions and world problems... Madman Muntz, who has been spending several thousand dollars a month on spot announcements, is reportedly bowing out of radio advertising... Radio scribes are reportedly of the opinion that the current radio mystery cycle is about played out... C. E. Hooper will debut with a more complete radio listening survey in April... Lanny Ross will return to New York in March for a new air program after a personal appearance tour... Radio industry execs are voicing their disapproval of the yearly radio awards being given out by some 50 organizations. One broadcaster said that while awards were flattering, they do not do much good and have a negative effect on listeners. One solution offered was that radio have a system of awards similar to the Motion Picture Academy "Oscar" presentations... Radio coverage of National Boy Scout Week in 1948 will surpass anything done by the industry during its history.

HOLLYWOOD REPORTER: Bert "Mad Russian" Gordon may be the summer replacement for Eddie Cantor in a mystery-comedy offering... Mutual will drop "Voyage of the Scarlet Queen" heard on Wednesdays at 8 P. M. in March after 39 sustaining weeks... "The Lone Wolf" is a possible Saturday night series for Mutual... Radio stations and networks, which once brushed off the request of dancery owners that remote lines be put in for band pickups, have done an about face and are avidly looking for suitable spots.

personal acquaintanceship of at least one police officer with Glasgow? Several police officers at various times admittedly dined in the Glasgow restaurant.

2—Why, if protection money is not actually being paid to police and politicians by slot machine operators, Glasgow so willingly paid Avery with little or no investigation of his claims?

3—Why, if the receiving of such money was so unheard of and so abhorrent to police, did the captain of the district make little, if any effort to learn the identity of the caller at his home several weeks ago who wanted to know if the captain had received either a case of whiskey or an envelope?

4—Did all of the \$2,000 collected by Avery remain in his pocket or was it actually split with others?

5—Is Avery now awaiting Grand Jury action because he collected the money from Glasgow or because he split it with the wrong people, or not enough of the right people?

6—Why, if not upon orders from higher up, has Avery so readily confessed all in the Russian spy trial manner?

Glasgow admitted paying Avery over a period of more than a year, but, according to his own testimony only began checking up to see if the money was going to right places recently. Evidently, he thought protection payments a regular part of slot machine business dealings. And either Avery, a ward politician, thought up an entirely new angle, or the collection of such funds by ward politicians actually does take place.

Glasgow told police that when he became suspicious of Avery he went to Police Captain William Pohl's home and asked the captain if he had ever received a case of whiskey or an envelope which Glasgow allegedly had given Avery, supposedly for Capt. Pohl. According to both Glasgow and Capt. Pohl, the police official denied he had received either, but didn't even ask his caller's identity. Glasgow didn't reveal his identity but left Pohl's home, Pohl, apparently was either too surprised to question Glasgow, or was not surprised at all, and that is the question now bothering Rochesterians.

When questioned by police Avery at first insisted he paid themoney to Capt. Pohl and Lt. Bryan Ford, head of the city's vice squad. But he suddenly made a complete about-face and, according to Collins, confessed.

What caused Avery to suddenly change his mind? Will he "sing" to the Grand Jury? When was he telling the truth—when he said he did split up money or when he said he didn't? He pleaded not guilty to the larceny charge in city court Saturday morning.

Some of the answers may come when disposal of Avery's case is made. If the Grand Jury indicts him on the larceny charge, he will have to stand trial. But supposing his case is adjourned and adjourned and never brought to trial!

State Anti-Bias Body Confers With Rail Unions

NEW YORK (FP)—The New York State Commission against Discrimination has successfully wound up a series of conferences with railroad unions aimed at eliminating discriminatory clauses in their constitutions and bylaws.

Last union to confer with Commission Chairman Charles Garside was the Brotherhood of Locomotive Engineers (unaffiliated), which agreed to waive existing discriminatory provisions in its constitution where they conflict with this state's anti-discriminatory law.

The law terms it an unlawful employment practice for a union to exclude or expel anyone from membership because of race, creed, color or national origin. It also prohibits segregated auxiliary locals composed exclusively of members of minority groups.

Unions which have taken action similar to that of the locomotive engineers are: the Railway Mail Assn., Bro. of Railroad Eliminate auxiliary lodges and way Carmen (both AFL), the Order of Railway Conductors, Bro. of Railroad raimen, Intl. Telegraphers, Sheet Metal Assn. of Machinists and Bro. of Locomotive Firemen & Engineers (all unaffiliated).

Other national unions have changed their constitutions to Way Employees (all AFL).

Iroquois To Face Twice Trimmed Tigers

The classy Hamilton Tigers are visitors to the Main Street Armory tomorrow night as they square off with the Rochester Iroquois in the weekly box lacrosse go.
The Tigers have made two previous visits here this season, and dropped both games. But that's no indication of what's in store for the Indians.
Hamilton is no push-over, and nobody in the Iroquois camp is taking the contest lightly. The Tigers base their threat chiefly on a veteran, cagey nucleus, with enough young talent to give it speed.
Joe Cheevers, at center, is the key man in the Tiger attack. He's been around a long time, and packs as much knowledge of the game as anybody to show up at the Armory this year. He's been the team's top scorer on both visits, along with a youngster, Tony Capula.
The Hamilton defense is the toughest on the circuit, with Frip Harrison one of Canada's top goalies. Tank Teathers, another oldster, and George Masters are a pair of rugged defencemen.
In the Iroquois camp they're hoping that Bill Isaacs, who was Hamilton player-manager last season, will be on hand for the contest. Isaacs was nursing a harley-horse last week.
If Isaacs is O. K. he'll start at rover behind the first line. Maylon White will replace him otherwise.
The Indians will be seeking their eighth win in 13 starts when they tangle tomorrow. The main game starts at 8:30, with an Intermediate League preliminary slated for 6:50.

RECORD TURNOUT SEEN FOR STATE PIN MEET

Officials of the New York State Bowling Association predict that this year's tournament to be rolled in New York City will break all past records. The total prize fund, they predict, should reach \$100,000.
Bowlers in Rochester who plan to participate in the event are reminded that reservations must be taken up by Feb. 29. Entries without reservations must be in the mail by midnight March 14.

GUN CLUB SHOOT OFFERS HIGH PRIZE LIST

High prize awards await area gunmen who participate in a sportsmen's combination shoot listed for the Brooks Ave. Gun Club Sunday starting at 8:30 a. m. In addition to \$125 guaranteed in prize money all entry money will be returned to winning shooters as prize.
Entries are open to all area gunners up until 3:30 p. m. the day of the match. Luncheon will be served in the clubhouse.
Arranged as an all-around test of shooting ability, the meet will consist of 25 birds straight trap; 25 targets of regular skeet; and 25 targets of unknown angle skeet for a total of 75 birds.

MUSEUM TO SHOW RAIL FILM SUNDAY

"Mainline, U. S. A." and "Jewel Bearing Manufacture" are the two all-color motion pictures scheduled for showing at the Museum of Arts and Sciences Sunday at 3 p. m. All the power and surge of railroad life is packed into the film "Mainline, U. S. A." - the railroads and the people who man them, and a record of growth from the rugged, jolting snailpace of the early iron trail to the eye-filling beauty of a streamliner slicing through mountain passes. A complete description of the making of jewel bearings from the synthetic Sapphire boule and the precision operations necessary will be shown in the second film.

BABY UNHARMED BY EXPLOSIVES 'TOY'

Macon, Ga. - A local mother saw her baby son playing with two queer-looking objects he said he found in the trash can. Upon closer inspection, she discovered they were dynamite sticks, complete with caps. Police, answering the mother's frantic call, tossed the explosives into the river and all concerned breathed more easily.

VET TRAINING PROGRAM WAGE FLOOR SET

Employers hiring veterans under on-the-job training programs on or after March 1 must guarantee a starting wage of at least 65 cents an hour, or \$26 a week to obtain necessary approval of the State Labor Dept., Industrial Commissioner Edward Corsi announced this week. This new wage policy was adopted at a recent meeting of State Labor Dept. officials concerned with the training programs for veterans. Approval of the program by Corsi is necessary under the G. I. Bill, before the veteran can receive the monthly Federal allowance.

No official minimum starting wage has existed previously, the Industrial Commissioner approving programs after investigation of each individual application showed a starting wage deemed equitable in proportion to the prevailing wage in the particular industry or occupation.

The 65 cents hourly minimum applies to the customary work week of 40 or more hours. For work over regular number of hours which comprise the particular industry's accepted work week, the employer is expected to pay premium wages for overtime according to the custom of the industry. In all cases the employer is expected to pay the prevailing rate of wages unless that rate is less than 65 cents an hour. If the prevailing starting rate in the industry is more than 65 cents an hour, the employer is expected to pay the higher rate.

Veterans who start training before March 1, 1948 are not covered by this new policy but all others are, whether the program itself was approved before or after the above date Commissioner Corsi said.

Inflation can be prevented but it will take more than words and promises.

HOSPITAL SOCIETY TO GREET NEW OFFICERS

A meeting of the Perpetual Help Society of St. Mary's Hospital will be held in the Nurses' Home on Genesee St. next Wednesday at 2 p. m. to greet new officers. New president of the group is Mrs. Franklin Earl. Other who complete the slate are: Mrs. G. A. Dancy, 2 v. p.; Mrs. Homer Norton, 3 v. p.; Mrs. Murtimer Donovan, 4 v. p.; Miss Margaret Wentisch, treas.; Mrs. John Liese, Jr. r. sec.; Mrs. Frederick Grell, c. sec.; Mrs. George Warnock and Mrs. Frank Callan auditors.

Political Polka

By CURT GERLING

Someone has painstakingly explained the facts of life to Commissioner Tom Woods and county enforcement officials. They have been told not only about the birds and bees but about the bars and bells and the plums and cherries.

We bet (if it isn't illegal) that the Department of Public Safety and the D.A.'s office were "shocked" to learn that slot machines existed in local clubs. Like the horseshoes that ran as wide open as Tia Juana after ten or more long years the city fathers "discovered" that such things were illegal. Now the one-armed bandits are to be given the "bum's rush" and they say, right out of the better clubs in which there are no bums permitted.

We don't doubt for a minute that the protesting local restaurateurs would, like to have the bandits banished, permanently. It is true that the clubs have an unfair advantage in competing for the dinner dollar. The slambang of the wheels of spinning fruits is standard club music and they are happy to give you a three dollar steak for two bucks as long as you pump five or ten into the sucker boxes.

However, legal or illegal, the chances of the slots being banned permanently is as remote as a waltz in Sibley's window with Broderick and Bush as partners. It wasn't so many years back that local clubs were as broke as a four-hour parlay player. They button-holed everyone that passed their place and the membership chairman waived everything including Old Glory. The slot machines took them out of the very deep red into the very dark black. Mortgages were burned, war bonds bought, buildings improved and the membership lists closed. It was all done with the sucker money poured into the whirling, wheeled bandits. The clubs large and small, exclusive and inclusive, are geared to the "take" on the slots. Without them they are protestingly back into bankruptcy — and drive their members back to Laube's or Dalton's where a dollar still buys a dollar's worth of food.

It is possible and probable that the small fry whose voices

"SPIKE" JONES

CITY BRACES FOR SPIKE JONES 'INVASION'

The cause of good music in Rochester may be set back a couple of decades Saturday evening, but that the cause of delightful entertainment will be enhanced considerably is assured. On Saturday Spike Jones, the nation's foremost music mutilator, will bring his "Musical Depreciation Revue" to Columbus Auditorium for two performances, at 7:30 p. m. and 9:30 p. m.

Prominently featured, of course, will be the City Slickers, who have long kept Beethoven, Bach, Brahms and a lot of other ancient long-hair musicians spinning in their respective graves. Aiding and abetting the "Slickers" will be the rest of the large Spike Jones gang including George Rock, featured trumpeter and comedian, and Helen Grayce, beautiful singing star. Also taking part in the musical mayhem will be Spike's four pigs.

GOP Boss Would Ban Minority

They all want "representative government" until they get into power. And the more power they get the less opposition they want. After awhile they say the opposition ought not to be. Soon after that, they have their henchmen pass laws wiping out the opposition altogether.

Hitler did it. Mussolini did it. Stalin did it.

And now Monroe County Republican Car Tom Broderick is walking down the same path.

This week, after several years in absolute control of Rochester and Monroe County, Broderick has reached the stage where he says the opposition ought not to be.

Monday night Broderick told an 18th Ward Women's Republican Club meeting:

"In the last campaign the minority had much to say about minority representation on the Council. I don't believe in it. The minority only creates a disturbance without doing anything constructive."

Hitler, Stalin, and the rest of the dictators who felt like Broderick does fixed things with the ballot. In their countries over ballots for the one party candidate or none at all. There is no opposition party.

Perhaps Broderick has his sights set on the same system.

CLUB TO MEET

Marine Fathers Club of Monroe County will meet tonight at 8 o'clock in the Arnamar Club, 48 Alexander St.

TEACHING TAXERS—George E. Gordon, Brighton Town Tax collector is in Albany this week for the annual meeting of the N. Y. Association of Towns. Gordon is in charge of group meetings for tax collectors, undoubtedly giving his brother taxers his latest ideas on how to extract taxes least painfully.

Prizes will be mailed to the winners.

Uncollegiate Hicks Hard On Relief Chiselers

That's the trouble with those Hicks — they never studied Freud.

Take the case of the Reitz family out in Perinton and compare it with the city's handling of the Dudley family case in Rochester:

Just a few weeks ago it was learned that the Dudleys had been receiving \$150 a month from the Welfare Department, were living in a rent-free county-owned home, and were operating a disorderly house in their home — with Mrs. Dudley the chief inmate. The Dudleys had six youngsters.

According to the neighbors the college-trained psychiatrically-minded welfare Dept's investigators made no effort to investigate neighbors' complaints beyond telling the Dudleys to "be a little more careful."

That's the way we "uns here in the big city do things.

But 'tain't so out in Perinton!

Saturday, Sheriff's Deputies and Fairport Police Chief Charles Kennedy, investigating a complaint of Fairport-Rochester Rd. neighbors of the John Reitz family, found the six Reitz youngsters in their home unattended, unfed and fearful. The country cops, who never had the benefit of philosophy, psychology, physiology or psychiatry degrees, fed the kids, dried their noses, and started a fire to keep the kids warm. While one of the officers remained to amuse and protect the youngsters the other two set out on a search for Mr. and Mrs. Reitz. Late in the evening the deputies report, Mrs. (See HICKS Page 3)

Slot Machine Ban 'Phony' Or Police Have Been Derelict

AT LONG LAST — A decision is expected today as to just who owns this house at 1240 Main St. E. at the corner of Laura St. It has been standing vacant since early 1943 when it's owner, Mrs. Anna Kelly, died without leaving a will. Surrogate Robert Witmer has been trying to decide who owns the place since that date. Claimants are Fred Hancock of Chicago, who claims to be a cousin, and Deputy Fire Chief Frank B. Kelly, brother-in-law of Mrs. Kelly and administrator of the estate. Since its vacancy the empty house has attracted many prospective buyers all of whom have necessarily been frustrated. The house is rapidly falling into complete ruin but may be returned to the market after today when Witmer is scheduled to give his decision. Then there will be one more home for the homeless and Main-Laura St. neighbors can expect a clean-up of the now-decrepit corner.

Either the Rochester Police Department and the District Attorney's office have been doing their jobs efficiently and honestly, carrying out their sworn duty to uphold the law and uncover crime — or else this week's slot machine ban is a "phony".

Slot machines have been outlawed ever since the adoption of New York State's anti-gaming laws years and years ago. If they have been in operation in the city until this week, then the police and district attorney staff have been derelict in their duty and the heads of those departments ought to be removed from office.

Police officials claim they have confiscated machines wherever and whenever found. They profess ignorance as to the location of the many machines which have reputedly been in operation right here in the city — every day throughout the year.

If that be true — if they haven't known of the machines' existence — then they certainly do not know who the owners of the machines are. How can they ban something that never existed?

To whom then was the order issued that the machines must go if there are none?

Or is the slot machine ban just a newspaper story?

Or has the now-celebrated "Avery case" caused such an uproar in police and political circles that the word has come down from headquarters of the political gang now controlling the city that the whole business must be thrown out?

Tuesday night Supervisor Val Rauber charged Police Chief Copenhagen and his men with not even knowing "what goes on within a stone's throw of Police Headquarters."

The Tremont Diner, where six slot machines were finally confiscated after the owner had complained to police that the "protection" money he was paying to a ward politician was

(Continued From Page 1)

Reitz returned home with Mr. Reitz in tow. According to their story to police, Reitz is not a regular resident of the Reitz home, but just came to visit his missus that evening.

The uncollegiate deputies were positively uncouth with the Reitz duo. Bluntly, they asked:

1—Where Mrs. Reitz had been all day?

2—Who was supposed to take care of the kids?

3—Who was the idea of running off and leaving them?

According to police reports, Reitz informed the cops that it was none of their business, or words to that effect. A little persuasion on the part of the rugged deputies and Reitz partially saw the light. He informed the coppers that Mrs. Reitz had been "visiting her mother" and had been "delayed" in her return. But when the inquisitive bluecoats asked where he worked, they learned that the family was on relief rolls under the "Aid Dependent Children" plan. Reitz said he was a gardener and was seasonally unemployed.

Then he made the mistake of muttering something about why should he work when he could get relief.

As we said, those country coppers aren't too long on college degrees — they have to depend on common sense. And, of course, common sense would dictate that Reitz be hauled up before Judge Bruner Brown first thing Monday morning.

He was.

For the next six months Reitz will be "at home" out in the country penitentiary. And Mrs. Reitz is going to keep a pretty steady eye on the kids. The "judge" warned her if she didn't she'd be enrolled in the clinker along with her spouse.

See how hard those hicks are on their fellow man? Why, any college-trained welfare investigator could tell them that Reitz is probably just a frustrated individual. He may even have an inferiority complex brought on by being snubbed by his brothers when he was a youngster. What he probably needs is a psychoanalysis. Or perhaps a treatment of Freud!

Instead, they give him the bum's rush. Tsk. Tsk.

QUITS EVICTION JOB

Wilkes-Barre, Pa. — Ray K. Jones, constable for five years, recently resigned his position because, as an officer, he had been required to enforce eviction notices. Jones, the father of seven children, declared the business of putting people out on the streets was out of his line.

To Judge Bubble Gum Contest
Plop — will go the bubble

gum in loud explosions resembling that of miniature Bikini atom bombs when youngsters of Rochester engage in a bubble gum contest in Neisner's Main St. store basement Saturday afternoon under sponsorship of "Spike" Jones. A trio of performers with Spike's "Musical Depreciation Revue" in town for two performances Saturday, will act as judges.

The contest is billed for 4 p. m. and is open to all youngsters who like bubble gum—and that means practically every kid in town. Three winners will be chosen. For prizes, they will be given — yes, you guessed it — more bubble gum. The judges will be: Dr. Horatio Q. Birdbath, who claims to be the world's champion bubble gum blower; Junior

Martin, 7 ft. 7 in. giant with the company; and his sawed-off companion, Frankie Little, who stands 4 ft. high on his tiptoes.

COATS—FOURTH FLOOR

Hey, Harry—
Want Your
Binoculars?

The Navy is looking for Harry Sallerson, listed in Navy records as a resident of 425 Merchants Road.

They've got a pair of binoculars they'd like to return to him, but they can't find him.

In the early days of the war the Navy called for the loan of civilian-owned binoculars to be used by the Navy. Sallerson was one of those giving up his peekers to Uncle Sam. When the war ended the Navy tried its best to return all binoculars and to replace from surplus stock those it had lost or had been destroyed.

So Sallerson has a good pair of binoculars waiting for him which he may claim by writing the Chief of Bureau of Ships, Code 624, Navy Dept., Washington 25, D. C.

staying in the collector's pocket instead of being passed on to high police officials as has been promised, is within a stone's throw of police headquarters on Exchange St.

Rauber, in a speech before the 10th Ward Democratic committee quoted Chief Copenhagen's remark reported earlier in the newspapers that "The Tremont Diner has been under surveillance since last summer but the police were never able to get near the machines." Rauber then charged that:

"A number of policemen and at least one police official eat regularly at the Tremont Diner. It is a regular hangout for members of the department and that includes men from the First Precinct. It is the business of the police to know where slot machines are in operation. Certainly the policemen who frequented the Tremont Diner know about the machines. The machines paid a handsome profit to the operator if he in turn was able to pay bribes totaling \$2,000 in one year. Yet, the Police Chief says 'his men were never able to get near the machines.' That's one for Ripley's 'Believe It Or Not Column.'"

And, despite Republican Boss Tom Broderick's expressed desire that there be no minority representation in local government because "the Democrats were only looking for newspaper headlines" Rauber's charges make more than a newspaper headline. They make down-right common sense.

Rauber's speech also posed several questions which other taxpayers — Democrats and Republicans — would like to have answered, but undoubtedly will not be:

"What is the full and complete story behind this \$2,000 bribe paid to a Republican committeeman and small time city employee?"

What Republican ward lead-

Realtor Joins The Thousands Switching To Milder Calvert

Timothy Sexton, real estate agent, of 707 People's State Bank, Indianapolis, Ind., is a moderate man. "That's why I switched to Calvert," he says. "It makes a milder, better tasting highball."

Mr. Sexton's statement is not unusual. For the same reasons, thousands all over America are switching to Calvert because they've found that it is uniformly smoother, mellow and lighter. Calvert Reserve, choice blended whiskey, 86.8 proof. The straight whiskies in this product are five years or more old, 35% straight whiskey, 65% grain neutral spirits. It is a product of Calvert Distillers Corp., New York, N. Y.

can not be heard in Republican headquarters will from time to time, be "knocked off" but clubs whose memberships are largely composed of heavy GOP contributors will soon again pander to the gambling instincts of their patrons — with profit, when the "heat" is off.

There will be slot machines in Rochester and Monroe County just as there will be "numbers" sold on street corners and in your favorite cigar

and confectionery store. This boys and girls is Rochester, and as majority leader Gordon Howe succinctly states it: "The Republican party has a mandate from the people". A mandate that permits the GOP to run Rochester just as they please — and the protesting hotelmen and restaurateurs, who probably vote the GOP ticket will continue to get just what they have been voting for.

Speaking of slot machines — and we were weren't we? — Mr. Avery GOP committeeman, and big fibber who was

supposed to be fixing the slot machine problem for the Franklin Athletic Club is breathing somewhat easier to-day. The foreman of the Grand Jury who will review the situation is a city employee and vice chairman of the 22nd Ward Republican committee. Edward Wirley as head investigator, and Avery as the investigated both bearing the party label and both city employees should get along like Goldman & Sachs.

Mr. Broderick made a speech this week over in the 18th ward, now famous for rock throwing and broken windows. In this glazier's paradise Mr. B. displayed his irritation at the "minority bloc". They only "impede" the progress of the great Republican Party the boss avers.

All of which was a way of displaying that the Democratic minority was an irritating thing to the caucus-loving GOP but a darn fine thing for the voters. With all the steam roller decisions thrashed out in private meetings of the board of super-

visors the public's only chance to have a number of smelly matters aired is by the challenge of the Democratic hand-ful when the resolutions are read at the public meeting of the board. In this way the Democrats are serving voters of both parties and are earning its gratitude.

GOP boss Broderick also said "When the Party (the GOP) falls down on the job remove it entirely". Judging from the increasing closeness of recent local elections, and the supervisors chairs dotted with Democrats, it won't be long before the voting public accommodates Mr. Broderick.

Political Polka

By CURT GERLING

Although the county needs only an approximate million to cover the deficiency caused by Dewey's defeat of the Young-Milmo bill, the Broderick-Moore "permissive business tax" seems to be a "witches brew" that will eventually extract not only the million needed for the teachers but TWO EXTRA MILLIONS for the local administration to spread around where they see so fit.

Obviously with the local GOP overdrawn in most of all its accounts that kind of sugar is going to be a welcome shot in the arm to bankrupt Rochester. It is also very much easier to add taxes to a traditionally subservient constituency than it is to economize. There are thousands of dollars in taxpayers' money tossed out the window each year to create needless jobs or to hire help to do the jobs for needlessly created posts. Posts that are pure political plums for the faithful.

However the business tax as conjured up by either Mr. Moore or Mr. Broderick is far more desirable than a sales tax. In the long run it is probably out of the same pocket (the public's) it will not (or at least we hope it will not) be as tedious and expensive to administer and collect. Ordinarily under the sales tax plan the merchant is stuck with the job of collecting taxes and hiring untold numbers of clerks with accounting knowledge to figure and record it. Thus the retailer is doubly taxed. Merchants today have troubles enough without that.

In other words we like Mr. Broderick's extracting technique but we certainly don't like the amount he plans to extract. His party which has held the reins of government for so many years must assume the responsibility for the city's bankrupt state. He and his party should not be permitted to bankrupt everyone living in it.

Last week the dear old D & C editorialized on the fact that it was "Curious that Restaurant and Liquor Dealers Can Force Attention to Slot Machines Officials Should Have Given".

Red Cross Drive For \$430,000 Gets Underway Monday

Two of the country's top-ranking World War II Army Generals and one of the nation's topflight newspaper editors will come to Rochester next Monday night to give the 1948 Red Cross fund drive campaign its official "send-off." Local chapter of the Red Cross will set out on a 15-day quest for \$430,000.

Two of the trio will speak at the opening dinner of the drive in the Chamber of Commerce next Monday night. They are Maj. Gen. William (Wild Bill) Donovan of Buffalo, wartime head of the Office of Strategic Services, the cloak and dagger division of the armed forces; and William Turner Catledge, assistant managing editor of the New York Times. Gen. Carl Spaatz, chief of staff of the new U. S. Air Force, will also be present.

This year's campaign goal, higher than last year's quota, is still approximately \$30,000 less than was actually raised.

LOCAL SAILOR HERO IN ALASKA SEA RESCUE

The story of a thrilling sea rescue in which a Rochester sailor was one of the heroes was told by the Navy this week.

The local lad is S/1 Edward W. Kelly, son of Anna Kelly, of 5 Hudson Ave. Kelly is serving aboard the fleet tug USS Matabo which engineered the rescue of survivors of the canoe.

(See RESCUE Page 12)

MARINE HERO OF IWO JIMA STILL SELLING BONDS

Remember the bands, parades and hoopla of the war loan drives here in Rochester? A bridge across Main St.; a ship the USS Tokyobound "cruising" up Main St. and a giant wiosk in the center of the street surrounded by flags, bunting and slogans brought millions of dollars out of Rochesterians' pockets to be turned into U. S. Saving Bonds.

One of the highlights of the program was the visit to the city of the three survivors of the Iwo Jima flag raising—a feat immortalized by a newsreel showing sailors and marines dramatically raising an American flag atop Mt. Surabachi on Iwo Jima during the thick of the Japanese fighting just three years ago Monday. The three survivors, Pfc. Ira E. Hayes, Ph. M/2 John H. Bradley, and Pfc. Rene A. Gagnon were wildly acclaimed by masses thousands when they visited.

(See BONDS Page 7)

THREE YEARS AFTER — Photo above shows one of the three survivors of the Iwo Jima flag raising on Mt. Surabachi as he appeared Monday on the third anniversary of one of the war's most dramatic events. Ex-Marine Rene Gagnon is shown with his wife and child in their Manchester, N. H. Below shows Gagnon (extreme right) as he and his fellow survivors were greeted by Raymond Ball here in Rochester during the 7th War Loan drive in 1945 shortly after the trio returned to the United States on a bond-selling tour.

Council To Fight Rent Gougers With Resolution

The fearless, forthright manner in which the Rochester City Council "fights" for the people's interests was never more clearly demonstrated than at last Monday evening's session when, in answer to pleas from commercial building tenants for some relief from "rent gougers" the stalwart

Yes! The Sun Gets Results

Now the United States Navy agrees with Rochester merchants. The Sun gets results.

Last week the Navy asked the Sun to find Harry Sallerson, who had loaned the Navy his binoculars during the war. The Navy is busy returning hundreds of pairs borrowed during the fighting days to their owners. But the service was still looking for Sallerson whose address was listed in Navy records as 425 Merchant Rd. He couldn't be located at that address. The Navy thought that among the Sun's wide local readership someone who knew Sallerson's whereabouts might see the story. They did. And so did Sallerson himself. Now living at 19 Chelmsford Rd. Brighton, Sallerson saw the story about the Navy's hunt for him in his Sun last Thursday. So did many of his friends.

This week Sallerson reported to The Sun that he had gotten in touch with the Navy Dept. in Washington as The Sun story instructed, and is now awaiting the return of his binoculars.

For the benefit of the spectator-packed chambers, the council put on a good demonstration of how our Tom Broderick-endorsed one-party government operates. No arguments; no questions. All members saw eye-to-eye on every last item brought before the body. Not one "Nay" vote marred the placid proceedings. But the whole atmosphere changed as soon as the meeting was adjourned. Then the spectators took over. Tempers flared; arguments burst out all over the place; fistcuffs were

representatives adopted a resolution! They told Harry P. Ruppert former president of the Real Estate Board, to appear before a legislative committee in Albany early next month.

But they didn't tell Ruppert what he should do after he got there; he could ask the committee to triple rents if he so chose—there's nothing in the resolution to stop him from such action.

In another stirring action Mayor Sam Dieker also gave his "permission" to a group of Burke Bldg. tenants, leaders in the fight for commercial rent control legislation, to attend the Albany committee hearings. The hearings, incidentally, are open to the public and anyone may attend them.

GERTRUDE CORSET That nipped - in waistline - that flat look through the tummy - are MUSTS this Spring season, if you want to buy a new dress or suit. So why not start with the proper corset or foundation. GERTRUDE CORSET SHOP is teeming with spanking new merchandise to give you the New Look. Or just your Old Look with a few improvements. Their KATHERINE-K and KELLOGG FOUNDATION line is wonderful, particularly when fitted by an expert (RN) like Mrs. Gertrude McGee owner of the shop. Also a complete line of BRA's that do things for you. No waiting - stock is complete - unless of course you require custom work. Drop in today, 311 Present Bldg. 27 Clinton Ave. So. Opposite Hotel Seneca. Stone 2536.

LARRY VINCENT HAS SWITCHED TO CALVERT

Says It Tastes Better. Larry Vincent, song writer, of 2730 Dixie Highway, Covington, Ky., has switched to Calvert Reserve because it tastes better. "I've found Calvert smoother and mellower than higher-priced brands," says Mr. Vincent. Calvert Reserve, choice blended whiskey, 86.8 proof. The straight whiskeys in this product are five years or more old, 35% straight whiskey, 65% grain neutral spirits. It is a product of Calvert Distillers Corporation, New York, N. Y.

FIRST DIVISION GROUP TO VIEW INVASION FILM

War days and war service will be recalled by members of The Rochester Branch, Society of the First Division at their meeting tomorrow in the Sheraton Hotel starting at 8 p. m. Prior to their business session, members will view the film "Invasion of Normandy." All former members of the First Division AEF in World War I or the 1st U. S. Infantry Division in World War II, as well as former members of any of the Division's attached units are invited to attend the meeting.

KODAK DIVISIONS TOP STATE SAFETY DRIVE

Representatives of 64 industrial plants in the Rochester area will receive awards in the 23rd annual statewide accident prevention campaign at the annual Safety Dinner of the Industrial Management Council in the Chamber of Commerce next Tuesday. The state drive is sponsored by Associated Industries of New York State.

Included in the awards are top honors for the entire state going to two divisions of Eastman Kodak Co. The Hawk-Eye Works, grand award winner marked a total of 1,797,396 hours worked without a lost time accident during the three months campaign which ended Dec. 27. Runnerup for the state is Cine Processing Dept. at Kodak Park which also had a perfect score with 1,174,094 hours worked without lost time accidents.

Presentation of awards, 100 percent certificates, and honorable mention certificates will be made at next Tuesday's dinner by Frank E. Redmond of Buffalo.

JUNIORS JAM SON-JON FASHION SHOW

Whether they came primarily to see the new spring fashions or to see and hear Mel Torme, current idol of the bobby soxers, could not be ascertained, but for whatever reason, Rochester's junior set turned out en masse Saturday afternoon for the style show presented by Projansky, East Ave. women's apparel shop, to celebrate the opening of the firm's new Son-Jon Shop.

Modelling in the fashion show was directed by William Adrian were representatives of local and area high schools. Joan Hosking acted as commentator. The models were— Nancy Hastings, Jeanne Hewitt, and Mary Lou Van Ness, of Brighton High; Barbara Lanphere and Cornelia Anderson, Monroe High; Pat Percy, Harley, Barbara Jones, and Pat Pattee, East High; Lorraine Flack, John Marshall; Marion Backus, Irondequoit; Shirley Nellis, U. of R.; Peggy Ely, Nazareth; Ruth Griswold, Columbia; and Diana Mestler, West High.

CHARITY GROUP TO MARK ANNIVERSARY

To mark the beginning of their 33rd year of charitable and social work in the city, the Washington Minute Men will stage their anniversary dinner at the Chateau on Monroe Avenue on Sunday evening May 2.

The group H. L. CHERRY was organized in 1915 by the late Col. Samuel P. Moulthrop to carry on social and welfare work in the north-east section of the city. Since then the organization has expanded its efforts to cover the entire city. Its supports and helps finance many charitable projects, with its main effort directed toward Iola Sanitarium.

A. H. Jaffey is in charge of arrangements for the dinner with H. L. Cherry, club president, Albert Senzel, Samuel B. Levin and Moe D. Trott, assisting.

BONDS . . .
(Continued From Page 1)
ed the city during the 7th War Loan drive in May, 1945.

Now Ex-Marine Gagnon is back in the news again with a message for Americans. He's still selling Savings Bonds. But instead of the hurly-burly of crowds, bands, and uniforms, Gagnon a textile worker in Manchester, N. H., gets his message across with quiet-spoken logic. Of course, Gagnon is older, more mature than during his wartime bond-selling tour. And he's added a wife and son. But he still likes the idea he tried so hard to sell during the war.

"Spend Wisely, Save Wisely," he says. "My wife and I have figured out that what we do with our income is important, not only to our own future but the future of the country. If we spend foolishly on things we don't need, we would only be raising the price of things we do need and would be endangering the prosperity of the country. We've got to have a strong and prosperous country if we're going to have peace for a long, long time. My buddies know that it's a lot easier helping your country just by being thrifty than going through a war."

Rene Gagnon's way of being thrifty and saving wisely is to put aside a portion of his weekly pay for United States Savings Bonds. He and Mrs. Gagnon save first and spend what remains for food, rent, entertainment and other essentials. The ex-Marine did not want his manner of living to be held up as "the example" but the facts about his work, his home life, his income, what he does with his pay tell their own story of the peacetime history of one of the World War II soldiers who was immortalized

in the flag-raising scene on Iwo Jima.

Gagnon is depending on Uncle Sam's Payroll Savings Plan for buying U. S. Savings Bonds to provide a home for little family of three—himself, his wife, Pauline, and their son, Rene, Jr., born June 30, 1947. Some day Rene may quit the mill. He is taking a course in Commercial Aviation under the G. I. Bill. He expects his private operator's license in 1948 and then he hopes to find a pilot's position.

RENT . . .

(Continued From Page 1)
threatened; and epithets ranging from "liar" to words not ordinarily found in a good family newspaper were hurled about the room.

If the councilmen knew of the outbursts it was only through reading of them in the newspapers. They beat a hasty retreat the moment the session was over — before any of the arguments had an opportunity to get going. All left, that is except Councilman Frank Nigler. He was definitely "the people's choice" when he re-

mained to champion the cause of the tenants. It was clear he was speaking from the heart when he accused landlords' representatives of "gouging tenants out of their last nickel." Nigler is a commercial tenant himself, and is also the spokesman for union barbers, many who have been caught in the rent squeeze.

Attorney Don Allen acting as spokesman for business office tenants, cited figures which would, surely have brought immediate action from any but a one-party controlled council. He presented from 315 tenants of 10 buildings and said that many who had expressed willingness to sign had to back down in the face of "intimidation" from their landlords. He reported that one petition canvasser was threatened that she would be "thrown out of the building" if she didn't stop canvassing the building's tenants for signers. Another building manager told her, Allen said, that any tenant who signed such a petition would have his rent raised "as high he wouldn't be able to stay in business."

Complaints Monday night were not confined to Burke Bldg. tenants. But the action of the building's new owners started the current agitation for rent control regulations.

Who those owners are remained a deep, dark secret through Monday evening's stormy post-session. And it was probably just as well for their safety. Their tenants were close to the explosion point as they recited their new rent schedules ordered to take effect March 1. One tenant of the building said he formerly paid \$32 monthly for two rooms. His space was later cut in half and his rent upped to \$48 per month. Beginning March 1, he says, his new rental for the one room will be \$148 monthly. A tenant in the Cox Bldg. said his rent from 1945 to the present was \$75 per month. Beginning next Monday he will be obliged to pay \$300 per month.

Samuel Berger, owner with others of a group of speculators of many downtown buildings, admitted he was attorney for the new group which recently purchased the Burke Bldg. from the Realco Corp., a New York City concern. But he denied vehemently that he was one of the owners. In fact, he offered to donate \$10,000 to any charity if it could be proven that he had "any financial interest whatsoever" in the Burke Bldg. Immediately the aroused tenants accused him of getting the \$10,000 he had offered to give away from "gouging the tenants" of buildings he and his associates have bought up since the start of the war.

Berger said the owners' names would be revealed April 1st when the transfer of the building is recorded.

If they are local people, it is a sure bet they aren't going to be too popular — at least with commercial building tenants.

POLKA...

(Continued From Page 1)
"The City and County officials must of known of the existence of these machines for several years" the D & C went on to say—and that was "curious" too. It was "curious" because the local papers are forever talking about what a "responsible press" they are. As it is obvious that every member of the local monopoly were also aware of their existence why as a "responsible press they did not point it out to these officials is as Alice would say "curiouser".

Or is it so curious? In the past and in the future the partanship of the dailies will be as obvious as the new look on a five by five. With the only dailies in a city constantly covering up for their pet political party it's not the least bit curious that officials ignored the universal presence of the one-armed bandits—it's merely amazing — amazing that they weren't in school lunch rooms.

At the new Car-Lea restaurant down Clifford Ave. way not only ran into another place where a dollar still does the work of one but we also found a group of uptown habitues of the heavy knife and fork brigade—which is another way of saying politicians.

Mostly Republicans it was interesting to hear them tear a certain Mr. Dewey limb from limb. In the end they confessed that he would "naturally" have the backing of the Monroe county delegates but predicted he would be badly knifed at the polls were he the GOP choice.

Some even thought it was better to have a Democratic president who occasionally might appoint a Republican than a Republican Dewey who would only appoint members of his clique.

When big business men demand the "green light" for private initiative, what do you reckon they mean?

WVET TO SEARCH FOR JUNIOR DISC JOCKEY

Potential "radio disc jockeys" from Rochester area high schools will be given an opportunity to air their talents in a new radio contest sponsored by WVET, local MBS outlet. Starting Saturday and continuing for 13 weeks, WVET will sponsor a "Junior Disc Jockey Contest" each Saturday morning from 9 a. m. to noon with 12 representatives of area high schools each acting as "jockey" for 15 minute period. After a series of eliminations a winner will be chosen and given a contract for 13 weeks at \$100 per broadcast.

Preliminary screening of contestants will be done largely in the schools where intra-school competitions are being arranged.

At the opening program Saturday morning representatives from Franklin, Aquinas, Madison, East, Monroe, Marshall, Edison High schools will come, Jefferson, Nazareth, West and Pete.

nery tender Spencer when it
went aground at Cape Kona-
tak near Kodiak, Alaska.

Survivors of the grounded
cannery tender had taken re-
fuge on a rocky cliff when the
Mataco steamed to the rescue.
After approaching as closely
as it could to the cliff, the Ma-
taco dispatched a boat with
three volunteers aboard to at-
tempt a rescue. Kelly was one
of the volunteer trio. An ap-
proaching storm front, says the
Navy report, caused rising
gales and a heavy surf, which
smashed the frail craft against
the rocks before it could carry
out its mission. Kelly and his
mates were forced to join the
survivors on the cliff while the
Mataco left the scene to gain
sea room in the storm. After
an all night vigil the storm-
tossed survivors were rescued
next day by joint Navy and
Coast Guard action and taken
to Kodiak for hospital treat-
ment.

OVERSEA WRITER TO TELL 'END OF BERLIN DIARY'
America's role in international leadership will be emphasized by William L. Shirer, noted news writer and radio commentator, in an address in Baptist Temple on Monday, March 8, when he will lecture on "End of a Berlin Diary" under the auspices of the Monroe County League of Women Voters.
Shirer, now writing for the New York Herald-Tribune, first came into international prominence during the days of Hitler in Germany. He wrote "Berlin Diary" which became a best-seller. He is also noted as one of the country's foremost speakers. In his lecture here he will cover the world-wide struggle for peace and freedom and point up the problems confronting the United Nations and suggest his paths to peace.

REDUCE It's really a "curse" to have to keep that constant vigil against excess weight. The secret of it — don't let it pile on. Five pounds are easier to take off than ten and so on, PETTIS is your gal. Call her today. Stone 6210 and arrange for a series of treatments. A cabinet bath, to rid you of that water storage, a whirl on her famous BATTLE CREEK REDUCING LOUNGE, (this really does it) a restful hand massage, and you not only feel better, but you'll find all those kinks, aches will disappear. You lose inches and pounds from the first PETTIS Burke Bldg. Stone 6210.

ALICE The kind of "clothes" you'll fall in love with are to be found at ALICE DRESS SHOP. Sensible wearable things, but with not one bit of high styling sacrificed in the making. Suits, toppers, dresses in vibrant spring colors, and of course darks. ALICE DRESS SHOP is enjoying their new home. Just five doors from their former location — now at 638 MONROE AVE. Stock is as fresh as the new paint. It's a friendly little shop with a homey atmosphere with values you won't see very often. All sizes of course together with a complete new spring line of LINGERIE, SWEATERS etc. PS. There are still a few broken sizes on SALE — marked way below cost. ALICE DRESS SHOP, New location 638 MONROE AVE. Open Eve. Look for the Neon sign.

LABOR FORUM SPEAKER TO TELL OF INDIA

"India In Transition" will be discussed at the Labor Open Forum on Sunday afternoon, at 3:15 p. m. in the Labor Lyceum, 580 St. Paul St., with John Williams Hughes of England as speaker.
During the war Hughes trained hundreds of Indian Army Officers to lecture among their own people.

SIBLEY'S TO SHOW HIGH SCHOOL ART
Sixth annual exhibition of high school art will be shown in the Fourth Floor Gallery of Sibley's store from Feb. 28 to March 13. Exhibiting artists will be competing for scholarships to one of the 63 accredited art schools in the country. Student entries receiving awards here will be forwarded to Carnegie Institute in Pittsburgh to compete for a place in the National Scholastic Art Exhibition at Carnegie in May.
Local competition is co-sponsored by Sibley's and Scholastic magazine. Pupils attending any public, parochial or private high school in Central Western New York are eligible to submit art work.

in the 1947 campaign which went considerably over its quota.
Edward Peck Curtis, former Air Forces major-general, will chair the drive for the second successive year. Frank Gannett has been named honorary chairman and A. E. Metzendorf will be campaign manager.
George H. Hawks, chapter chairman, pointed out that, as was the practice last year, there will be no individual solicitation in the city and area's industrial plants. "Nor will contributors be asked to give more than they did in 1947," Hawks said, "but they will be urged to equal last year's donations."
"If the public responds as it did last year," Hawks added, "not only will the Chapter be able to maintain its record of community service, but the expenses of the new blood program will be assured."
Monday's dinner will be attended by campaign leaders and team captains representing more than 4,500 canvassers. Mrs. Gregory Mills is in charge of individual solicitations in the city wards. Gordon Howe and Robert Manley are handling suburban areas. City Canvassers are divided into east and west side teams. Easterners will be directed by Mrs. William Woodworth and the westerners by Mrs. Charles E. Gundell, Jr.
"A one-track mind is not a handicap if you are on the right track."

Here is the Vaporizer you need! It delivers a steady, heavy flow of steam for a long period — 5 HOURS minimum. It evaporates 3 1/2 quarts of water without refilling. Operates on the basic Hankcraft principle — water completes an electrical circuit, turns itself to steam; when all the water has turned to steam, current shuts off automatically. Invaluable in treating colds, croup and bronchial troubles.

TENTH YEAR—No. 87

THURSDAY, MARCH 4, 1948

PHONE STONE 6000

Political Polka

By CURT GERLING

Not so many years back the Republican boss of Pennsylvania needed a divorce and certain elements of Pennsylvania law prevented his obtaining one in his home state. As most bosses are resourceful he instructed a member of the state legislature to introduce a bill providing the necessary loopholes so that his divorce would be legal. It went through both houses with hardly a dissenting vote.

The boss got his divorce. Next year the bill was repealed.

This same sort of "carrying on" is all too evident in the Oliver Law now marked for repeal. Word got around that the husband of Mrs. Dewey's extremely efficient private secretary who was also on the state payroll was in line for a better job (more pay) if he had a C. P. A. certificate. Afore-said husband was either too dumb to pass the exams or was lacking in other prerequisites.

So the Oliver Law was cooked up and passed. It waived most of the important requirements for a certified public accountant rating. Although the state C. P. A. s fought it bitterly it went sailing through under the boss's orders.

Presumably the husband of the governor's secretary now proudly displays the important initials after his name and the Oliver law will be kicked back into limbo.

And the CPAs will be dopey enough to forgive the GOP and go right on voting for them.

"Yes," Mr. S. I do read the Gannett paper—in Rochester you have no choice in the matter. I did see where the boss was "very proud" of his boys down in Newburgh who were tossed into the Bastille because they declined to reveal certain information regarding the numbers racket.

"Yes," also, Mr. S., I do realize that there are far more numbers sold in Rochester than in Newburgh and that no one (See POLKA Page 10)

GOP Finds All OK In Welfare Dept.; Natch!

The Republican Board of Supervisors this week agreed with the eight Republicans composing the board's welfare committee that everything is just ducky in the operation of the Republican-controlled County Welfare Department.

"Natch!"

On Tuesday, the county solons closed the door on press and public and listened to a report of the welfare committee's "investigation" of the county welfare department's handling of the now-celebrated "Dudley case." Then they framed a resolution absolving welfare department investigators and their superiors from all blame for deleting out relief funds to a family which was conducting a disorderly house in its county-provided home with the recipient's wife as sole inmate.

Doors swung open, that portion of the press and public which appeared interested was allowed to return and the supervisors voted 32 to 2 to accept the resolution.

About the only surprise of the afternoon was the whittling down of the Democratic minority (See WHITEWASH Page 11)

FREE X-RAYS FOR SHOPPERS

SUPERVISORS TURN DOWN RENT AID PLEA

Small business men harried by sky-high rentals on commercial properties lost another round in their attempt to commandeer official aid for their proposed commercial rent control legislation.

Last week a group of tenants from several downtown buildings asked the City Council to do something. The council replied by appointing one of the city's most important realtors and a past president of the Real Estate Board to represent the city at legislative hearings in Albany. The council didn't advise him which side of the controversy he was to be on. It didn't tell him what to do or what to advocate. Apparently Harry Rupper, the representative, is supposed to let nature take its course. And what comes naturally to realtor might not jibe with what the tenants want.

This week the Board of Supervisors took even less action on the commercial rent control question.

Rent gouging in Rochester is none of the board's business in the opinion of Majority Leader Raymond Lee of Fairport. Concurring is the entire Republican membership of the board.

The question of the board's attitude came up when Supervisor William J. Beckler, Democrat, introduced a resolution urging the state legislature to adopt legislation allowing the city to regulate and control commercial rentals here. The resolution also advocated that the county body ask the city council to join it in its pleas to the legislature.

Judge Lee declared that the (See RENTS Page 7)

\$50,000 Reported In Red Cross Fund Drive

ARMY IN THE FIELD—Red Cross campaign workers are scouring the town for pledges in the 1948 fund drive to raise \$430,000 in this area before March 15. One of the hundreds of workers is Mrs. Ona Williams, 12th Ward chairman shown here receiving the contribution of Mrs. Harry C. Boyd of 25 Buckingham St. No solicitations are being made in industrial plants thus putting an extra heavy burden on the house-to-house solicitors.

With total amount pledged only shy of the \$50,000 dollar mark by four dollars, Red Cross campaigners from 12 city wards in the 1948 fund drive's first report meeting chalked up 11.6 percent of the \$430,000 quota in the Chamber of Commerce yesterday.

Pacing the givers was the \$40,000 gift from Eastman Kodak Co., announced by Special Committee Chairman Fred H. Gordon, Jr. Highest ward in the individual solicitations division was West Side Ward 24 with 37.6 percent of its \$2000 quota reported by Mrs. Rita Hirschler. High eastside ward, No. 4 accounted for 21.5 percent of its quota with \$2,169 in 452 pledges reported by Ward Chairman Mrs. Virginia MacQueen.

The orientals nosed out the occidentals in the overall totals with the eastsiders reporting 16.1 percent of quota pledged. Mrs. William Woodworth, east side chairman reported \$6494 pledged from 1017 donors.

While the number of pledges reported in the first meeting was ahead of the same period last year, the dollar value of those pledges was slightly off. Last year at its first report meeting, campaigners had garnered \$65,188 as opposed to yesterday's \$49,856.

After the workers, gathered in the chamber yesterday noon, had apparently cheered themselves out as reports came in, (See RED CROSS Page 2)

REMODELED CENTURY OPENS AS 'PARAMOUNT'

Patrons of the Century, oops, pardon—the Paramount Theatre, can once more again be entered—from Clinton Ave. N.

Yes, the boards are down, the front lights are up and the new name is official. Formerly the Century, it acquired a new name and a new face when it became the outlet for and an integral part of Paramount Pictures, Inc.

A remodeling program instituted more than six months ago at a cost in excess of \$150,000 culminated yesterday noon (See THEATRE Page 13)

Admiral Condemns New 'Dry's' Tactics

Restrictive legislative devices such as discriminatory grain curtailment against one industry and the expansion of boot-try form a new pattern for the drys in attempting to "strangle the liquor industry" and bring about a return of prohibition in the opinion of Vice Admiral F. E. M. Whiting, retired, now the president of Licensed Beverage Industries, Inc.

Admiral Whiting said these devices including "confiscatory taxation," were an open invitation for the rebirth of the speaker, easy and the expansion of boot-try form.

The retired officer, who became head of the distiller organization last June, held that any conservation of grain through limitation of liquor production would be negligible. He remarked that the distilling industry used no wheat and only 1 per cent of the country's grain crop. Of this 1 per cent, he continued, two-thirds went back to farmers as high-protein food for livestock.

"The American people," the executive declared, "should be alerted so that the subtle tactics of the dry forces through the use of 'new tools' such as restrictive legislative devices do not again lead the country into that great error (See DRY'S Page 2)

Kay's Comments By Kay Shearer

EDWARDS CALIFORNIA ORIGINALS Ask for them by name at EDWARDS CALIFORNIA ORIGINALS. They are truly beautiful dresses. Found on the Third Floor. In these originals you buy styling, fabric and a good label. A "Ken Sutherland" designed in rayon gabardine for cruise and spring wear is a beauty. Attention is focussed on the side skirt with wide fly front flap. Four inch cuffs on the below-the-elbow sleeves together with a surplice neckline adds and subtracts so many scarf treatments. Buckskin beige or white. Missy sizes. Priced at \$35. A really gorgeous gabardine and you know how hard they are to find. Another darling by "Dorothy O'Hara" who design so many frocks for movie stars shows a demure silhouette as exciting as can be in a rayon tissue faille. Torso defining, draped front on the skirt—shoulder lines creep up and become the ruffles over capelet sleeves. Buckskin beige, shotgun grey and black. Missy sizes. Prizes \$39.95. One by "Truly California" is of Indian inspired design with the colorings in deep earth tones. A print on rayon jersey, vividly picturing native headdress and ceremonial, common to Indian tribes. High buttoning casual in saddle brown, shotgun grey, missy sizes. Priced \$25.00. All are beautiful, and wearable. A joy to behold in these days of such extreme styles. EDWARDS, Third Floor, Edwards Setting a New Face in Rochester.

SHAFFER'S EXCITING CAPES—JACKETS The fur JACKET or CAPE is truly an investment in this climate. Allow me to remind you that we have very little Spring, and many many weeks of crisp weather in the Fall. To invest in a FUR JACKET is a wise choice. Even in midwinter, how often have you seen a smart woman wearing a suit, topped by a luxurious fur jacket. There is a certain air of luxury about them, that even surpasses the full length fur coat. This season there are so many different furs to choose from, the task isn't easy. If you're governed by your pocketbook, drop into SHAFER FUR CO. and ask to see the MINK BLEND SQUIREL. A real beauty in the tawny tones of mink. A truly beautiful addition to your wardrobe together with headdress and ornaments, common to Indian tribes. High buttoning casual in saddle brown, shotgun grey, missy sizes. Priced \$25.00. All are beautiful, and wearable. A joy to behold in these days of such extreme styles. EDWARDS, Third Floor, Edwards Setting a New Face in Rochester.

RIPTON DRESSES So much grace, so much charm in a WOMEN'S DRESS from RIPTON'S. The label tells the story, they are fashioned just for WOMEN. First is the idea of entering, also cutting the entire silhouette. Fabrics are chosen for the larger figure, necklines are particularly flattering. Black, Nudies, Prints with dark backgrounds. Of course RIPTON DRESSES stock regular and junior sizes. Every one adorable and becoming, and a REAL VALUE. Customers "rave" about the selections and the gentle prices. R I P T O N DRESSES, 739 MONROE AVE. Open Eve.

RED CROSS (Continued From Page 1) they returned to their cheering with renewed vigor as Chairman Edward Peck Curtis announced from the speakers table that there would be no speakers. Instead, Edwin S. Ruda was recruited to put on a skit "How to Solicit Donations." His theatrics were well received. Tomorrow noon wards 3, 8, 9, 12, 13, 14, 16, 17, 18, 19, 20 and 23 will make their initial report of the campaign.

DRYS . . . (Continued From Page 1) in thinking that gave us the prohibition era and all its distasteful history. "The public must be on the alert against unnecessary, unenforceable and unworkable restrictions, the net result of which could bring back prohibition with its gangsterism, hijacking and bootlegging. "The pattern of the dry attack has changed in recent years. Only the old-guard dries are still concentrating their efforts on prohibition through legislation. The new school of professional dries has shifted its focus to various restrictive legislative devices as an expedient for ultimately strangling the liquor industry. They are soft-pedaling use of the word 'prohibition' in achieving their goal. "If the dries were genuinely sincere they would discard their dictatorial tactics and co-operate with us to the end that present sound liquor controls were properly appreciated by both the public and elected and appointed officials." Peter Katavolos, president of the New York State Restaurant Liquor Dealers Association, with 11,000 members in sixty-two counties, announced this week that his group and other state tavern owners associations were joining forces with the distillers in "combating the inroads being made by the dries."

ALUMNAE PLAN SPECIAL SERVICES Mass celebrated by the Rev. John T. Callahan at 9 a. m. Sunday, March 14, in the school auditorium will open another Day of Recollection for Alumnae of Nazareth Academy and their friends. Conferences throughout the day will also be under the direction of Father Callahan, Chaplain of Our Lady of Mercy High School. Miss Jane E. Laragy is Chairman of arrangements for the day.

YOUNG IRISH TENOR TO SING HERE APRIL 15

A concert featuring Christopher Lynch, popular young Irish tenor, has been scheduled April 15th at Our Lady of Mercy Alumnae Association. Christopher Lynch, who made his U. S. debut in the fall of 1946 as tenor star of the "Voice of Firestone" is now in his second season with the NBC program. Now on nationwide tour, he is gaining popularity also as an RCA Victor Red Seal recording artist.

This first Rochester appearance of the Irish singer is being sponsored by the Our Lady of Mercy Alumnae Association. Born in Rathkeale, Ireland, Lynch studied under Dr. Vincent O'Brien teacher of John McCormack and later became a protegee of the great Irish singer who named him "the one most likely to succeed me."

Easter Seal Sale Aids Cripples

Fifteenth annual sale of Easter Seals, sponsored by the New York State Association for Crippled Children, now underway, will continue until Easter Sunday. The drive is part of a nationwide campaign conducted each year by the National Society for Crippled Children and affiliated state and local units, to help the nation's 23,000,000 handicapped men, women and children. This week the Hon. Raymond J. Knoepfle, state president, urging support of the drive pointed out the Easter Seals have become traditional of the joyous Easter tide since they symbolize new life and hope for the crippled. Funds raised through sale of seals provide for the establishment of medical and rehabilitation centers and specialized services to the handicapped. Unlike most other organizations in the medical welfare field, the Association for Crippled Children does not concentrate its energies on any one disease or cause of crippling. It concerns itself with the problems of all handicapped individuals regardless of cause, degree of disability, age, creed or color. The Association's only condition for aid to a crippled person, Judge Knoepfle emphasized, is a valid need not otherwise met in the community. The Association works in close cooperation with all other agencies, both public and private, and supplements but does not duplicate the activities of these other groups.

Recently the New York State Association, under guidance of the National Society, has devoted considerable time and financial assistance to the problems of rehabilitating cerebral palsied children. This work has been carried on in cooperation with medical and parent groups, and cerebral palsy associations in the state.

'Sleeping Beauty' Next In Eastman Child Series

The enchantment of the world's oldest fairy tale will be brought to the footlights of the Eastman Theater on Saturday, Mar. 20, at 2:30 p. m., when the famous Clare Tree Major Children's Theatre of New York will present "Sleeping Beauty". The legend of the beautiful princess will be told to a 100-year sleep on her 16th birthday and awakened with a kiss by the prince who loves her, is one that exists in the folklore of almost every civilization. "Sleeping Beauty" is really an allegory built about the sleep of nature during the long, sterile winter months, and her awakening at the kiss of spring. The story is found, in slightly varying forms, in early Egyptian literature, as well as in ancient Hindu writings. It may well be that the tale represents one of man's earliest efforts to translate his philosophy of nature into story form. One thing is certain, the story fascinates the imagination today as much as it did during the centuries when it was being related by word of mouth from generation to generation. Of the countless versions available, Clare Tree Major has chosen the Russian for adaptation.

Teeners Await Opening of New Dry Night Club

Rochester's newest dry night club will open Saturday, March 13, for local teen-agers, in the Green Room of E. W. Edwards & Sons. The project is sponsored by the Rochester Junior Chamber of Commerce with the cooperation of the department store.

Dance music will be by Ken Renick and his orchestra on opening night, followed by other bands on subsequent Saturdays. Professional floor shows, with guest stars from

local night clubs, will be a regular feature of this club.

As yet, the club has not been named. It is known as Club X. Plans are to invite first nighters at the club to suggest a name. A prize will be awarded the boy or girl who originates the name selected by a jury of teen-agers and Junior Chamber members. Club X will be run by teeners for teeners says the sponsors. A committee of Jaycees headed by Charles Johnson will act as an advisory group.

Entrance to the Green Room is on Division St. directly in back of Main St. just off St. Paul. Dancing will from 9 to 1.

Refreshments, including soft drinks, ice cream, and sandwiches, will be served with tables available for couples and groups. The teen-agers plan to operate in the night club fashion. Local radio stations will broadcast programs of dance music from the club during the evening.

FILM COMPANY NAMES PERSONNEL AIDE

Appointment of Frank A. Eaton as personnel director for Kryptar Corp. was announced this week by William J. Brown company president. His duties will also include supervision of the company's safety program and administrative practices.

Eaton was director of training for 11 years at Bausch & Lomb Optical Company, where he obtained wide experience in industrial relations work, employee training, and employee activities.

A reserve officer in the Army Ordnance Department, he was called to active duty in early 1942 as adjutant to the chief of the Rochester Ordnance District. Following his return to civilian life, Eaton was associated with Perdue & Company Inc., Rochester contracting engineers.

For the greatest taste-pleasure and the greatest whiskey-value, we suggest that you ask for Park & Tilford Reserve—today!

To old and new friends —
To those who have long preferred Park & Tilford Reserve, we wish to emphasize that they will find exactly the same type of whiskey as always, but smoother, richer and even finer tasting!
To those trying Park & Tilford Reserve for the first time, we promise them a new taste-pleasure as well as a really extraordinary whiskey value, both of which will surprise and delight them!

Now more than ever
"The finest-tasting whiskey of its type in America!"

letter to the editor

Editor, Rochester Sun,
In reply to the article in your paper of Feb. 12, 1948 about "Church Split By Pastor Deals," I want to say it is one of the grossest of errors. Dr. Glenn Coon came here in 1944 and conducted a wonderful "Crusade for Christ" and was most successful in his efforts. He is a true man of God and a true living Christian. I have been a church woman most of my life but I have never known a minister who did more to serve and to please the members of his congregation than Dr. Coon.

I have tried to give you the other side of this story of Dr. Coon's character as a Christian man and I hope you will restate him in the eyes of the public. It is through his wonderful work here that we hope to be able to build a new church as soon as we can raise the money. We are all working hard trying through donations, sales, dinners and entertainments, etc. to raise funds. Dr. Coon is a true Christian and a great worker for God and humanity.

A True Seventh-Day - Adventist.

YOUNG JEWISH ARTISTS TO PLAY AT J Y MONDAY

Second Annual Young Artists' Concert sponsored by the JY Music Council and the Temple Beth El Young Adult League will be held Monday at 8 p. m. in the JYM&WA, as the highest of the month-long Jewish Music Festival.

Featured will be Shirley Epstein, pianist; Al Schneider, violinist, and a string quartet composed of Jerry Landsman and Al Schneider, violins; Claude Carlson, viola, and Avrum Lavin, cello. There is no admission charge.

The festival, which began Feb. 17, is part of a nationwide celebration. Its aim is to familiarize the community with the outstanding works of Jewish composers of past and present.

A group of Jewish compositions will be a part of the program of the Rochester Civic Orchestra in its regular Eastman Theater concert next Sunday night, Mar. 7.

SLAGER BAND UNIT PLANS 25th BANQUET

For the twenty-fifth time since the organization was founded, shortly after World War I, members of the Slager Band Post Auxiliary of the American Legion will sit down to their annual banquet Saturday night in the 408 Club on University Ave. Bruce Percy, county legion commander, and Mrs. Isabel Powers, past department junior president, will be the speakers.

Guests of honor will include charter members of the auxiliary, and legion and legion auxiliary officials. Mrs. Grace Driscoll is general chairman and toastmistress.

RENTS . . .

(Continued From Page 1) board had no jurisdiction over the commercial rent question in the city. He said such questions are a matter for the city council to decide. The resolution was quickly defeated in a straight party vote.

In advocating adoption of his resolution Supervisor Beckler said it was about time something was done. He condemned many of the city's commercial building landlords as "a bunch of vultures," and "legal holdup men." He declared that the situation is most acute where buildings have been "sold and resold with some owner groups now legally committing that amounts to a crime."

After Majority Leader Lee had delivered his KO punch at the resolution Beckler again took the floor to declare that the board should at least show the city it was in favor of controls because "the condition has existed for more than a year and the city hasn't done anything about it yet."

The board, however, chose to join the city in its lack of effort.

inside hollywood

How time does fly! Gordon Ayres, who was Freckles in the "Our Gang" comedies years ago and who is currently singing in a Hollywood night spot, has just been divorced by his wife who used to be Baby Peggy on the screen.

So delighted are officials at MGM over Judy Garland in "The Easter Parade," that they're rushing her into two more pictures, and good ones they should be. "Annie Get Your Gun" and "Words and Music," which is based on the career of the song-writing team of Rodgers and Hart. This probably means the reunion of Judy

and Mickey Rooney, as Mickey is set for the Hart role while we hear that Frankie Sinatra will have the Rogers role.

Richard Conte, who gave such a good performance in "Call Northside 777," is scheduled for the role of an editor who falls in love with a society woman his paper has been attacking in "Live and Let Live."

Despite all the cracks about his "tightness with his dough," Jack Benny took his whole troupe to Palm Springs for a week of sunning.

Dana Andrews is taking a

long-awaited vacation—a six-week cruise in Mexican waters. Director Jacques Tourneur and a camera-man went along on Dana's 80-foot ketch to help him film a two-reel travelogue.

Dinah Shore has turned down a role in "One Touch of Venus" on the advice of her physician but she and husband George Montgomery plan to begin their picture on the life of artist Frederic Remington in March.

We hear that MGM is sending "Gone With the Wind" on another whirl around the nation with a gross box office take of \$5,000,000 predicted.

Warner Brothers is planning a screen version of "Penrod and Sam" with Butch Jenkins as Penrod. Since Butch got his release from Metro, five independent producers have tried to sign him but his mother, Doris Dudley wants no more contracts that will tie the boy up for 40 weeks a year. She'd rather he do only two pictures a year, preferably in the Summer, with the other months left for school.

Primo Carnera and Man Mountain Dean have been signed for roles in "Mr. Joseph Young of Africa," which RKO has scheduled.

Jackie Green, comedian at the Florentine Gardens with Gertrude Niesen, is being seriously considered by Eddie Cantor to play the title role in the Cantor story, Jackie, who gives a great imitation of Eddie, actually looks a great deal like him.

'VOICE OF TURTLE' MOVES TO REGENT SCREEN

"The Voice of the Turtle," romantic comedy taken from the John Van Druten record-making stage hit moved to the Regent yesterday. This screen version utilizes the talent of Ronald Reagan and Eleanor Parker in the leads, with able support from Eve Arden and Wayne Morris.

"Last of the Redmen" filmed in color and based on James

Fennimore Cooper's "Last of the Mohicans" is the Regent's co-feature. Jon Hall and Michael O'Shea have the starring roles.

The comedians donned cowboy outfits before in "Rue En Cowboy," modern dude ranch story but their new picture is in period with shootings, chases, and all the cayuse trappings. Marjorie Main plays the same kind of rugged character as in "The Egg and I." William Ching and Audrey Young are the romantic duo. "Killer At Large" a tense, fast moving murder mystery starring Robert Lowery and Anabel Shaw is the companion feature on the new program. Tyrone Power's next picture after "Fear of Little Men" will be "Down to the Sea in Ships," which is the story of a young whaling captain. Much of the film is to be shot off the Mexican Coast. He is also scheduled for "The Prince of Foxes," which will be shot entirely in Italy during the early summer.

POLKA . . .

(Continued From Page 1)

on the combined local staffs of the two papers wants to make the boss "proud" of them.

In Rochester the reporters are shooting for bigger game. There is a rumor around that any number of elderly ladies and gentlemen who don't care for the movies are paying their eighty cents to play bingo instead and that any number of churches and organizations are charging for card parties where the winner might tote home a five dollar bill. This sort of thing is extremely serious and keeps a lot of people occupied that might be improving their minds reading the editorials in Gannett newspapers.

"No," Mr. S., it is unlikely that any of the local boys care enough for the praise of their boss to "investigate" the local numbers racket. They would be SO-OO unhappy if they "discovered" that members of the political party they support were in it up to their ears.

However reports from St. Anne's and the Friendly Home indicated that their "crusading" has had a salutary effect in these sinful establishments. Cribbage at a nickel a corner is frowned upon and dominoes has been banned altogether.

No, the end of the world is not just around the corner; it was just a lapse of memory. We refer to a D. & C. editorial which said nasty things about the Public Service Commission. They said, in substance, that things in the P. S. C. had come to a pretty pass. First of all, in spite of the suggestions in their newspapers the P. S. C. had the audacity to ignore them. Furthermore the P. S. C. had gone down hill badly in the last few years and they earned for the old days of the previous twenty-five years.

In making these comments they actually spoke harshly of the Republican party as all P. S. C. members are Republican appointees. In praising the Commission of yesteryear they commended the Albany regimes of Roosevelt, Smith and Lehman who if memory serves me rightly were horrid old Democrats.

We bet the boss is not one bit "proud" of them.

No, Sen, they're not redecorating the County Court House with non-union painters. Those men with the paint buckets you saw in the Court House Tuesday afternoon were GOP supervisors on their way to a whitewashing party of the county welfare department.

One of the unfortunate as well as unfair aspects of the slot machine disturbance is that the phrase "enforcement officials" links county and city as one. Nothing could be less fair. In the city the politically ridden Department of Public Safety has long been as malodorous as a five-year-old Camembert, while the Sheriff's office has been singularly free of criticism.

Sheriff Skinner has always done a job. He considers his office a full time calling. He doesn't let petty politics or petty politicians interfere with the

discharge of his duties. No one ever said that about the city enforcement agencies.

No office holder has the personal popularity of Al Skinner. He and a handful of others save the county-city GOP set-up from being a complete disgrace.

As the best sheriff Monroe County has ever had (Democratic or Republican) it is regrettable that he must be mentioned in the same breath with city enforcement officials.

The rotund Skinner is probably the only personality that could run on either ticket — or any ticket and be elected. Citizens of all political faiths recognize merit when they see it.

Although Gorgeous Gordon (Howe) manages to swing a graceful whip over his comfortable majority on the Board of Supervisors he gets away with practically nothing at the council meetings in the Town of Greece. They apparently knew him when he only had seventeen suits.

Just recently at a meeting of the Grecian fathers the plans of

supervisor Howe met stern rebuffs. His temper ruffled but his suit unwrinkled Gorgeous Gordon slipped into his Timely-tailored Chesterfield and stalked out.

We hope Gordon didn't go home and tear up eight or nine hundred of those pretty neckties.

Survives 9000 Volt Electric Shock

Lynn, Mass. — While making an electrical installation in a local restaurant, Everett Warren, 27, touched a supposedly dead transformer and 9000 volts passed through his body. His only injuries were two small cuts on his hands.

Mrs. Brown Buries Mr. Bowen By Mistake

Boston, Mass. — A month ago after being informed that her father, James Bowen, 72, had died in Boston State Hospital, Alice D. Brown arranged for the funeral and burial was in a local cemetery. On Feb. 18, she received word that there had been a wrong identification — she had buried the body of James Bowen, 85, a member of another, unrelated family. The mistake was discovered when Mrs. Mary Fraser came to visit her brother—the man who had died—and did not recognize the man to whose bedside she was led.

LIGHTNING HITS WHISTLE

Wolverhampton, England. — While refereeing a soccer game Stanley Sockayne, was about to call a penalty when a bolt of lightning struck his whistle.

ity vote by one of its own members, Supervisor George Jamieson of the 13th Ward, one of the four Democrats on the board abandoned the minority raft for the majority ship. He reversed the field and voted with the Republicans to uphold the resolution, thus helping to dispose of

the demand introduced by the Democrats for a state investigation of the welfare setup here. Jamieson had earlier joined in asking for the state investigation.

Val Rauber, minority leader and one of the two supervisors who voted to reject the resolution said he was still not satisfied.

Observers saw that remark as the chief reason why the Republicans had so vigorously fought a state investigation. They did not appear anxious to have "everyone" heard. They wouldn't even allow the press to hear details of their own investigation, despite Sec. 136 of the State Welfare law which would appear to make it discretionary whether or not the investigation details are made public.

still on the books?" was the unanswered question put to the board by Rauber.

Apparently he will have to look elsewhere for his answer. The whole thing is a dead duck

REDUCE UGLY FAT UP TO A POUND A DAY with the...NEW, EASY, SAFE Meltoway REDUCING PLAN

- NO DRUGS
- NO LAXATIVES
- NO EXERCISE
- NO MASSAGE

LOSE 10 - 20 - 30 POUNDS
Reduce with the new, easy, safe Meltoway Plan. Yes, Meltoway Tablets help you decrease your appetite and supply you with the vitamins, minerals and nutrients necessary to help you retain your pep, vitality and energy while reducing. Meltoway Tablets are absolutely harmless and really good for you. Meltoway Tablets are designed to cut down your desire for excess and limiting foods.

Yes... reduce 10-20-30 pounds in a relatively short time by the Meltoway Reducing Plan. If you are overweight due to overeating or not being able to resist tempting foods (and not shoublers) the Meltoway Reducing Plan will help you start losing weight the very first day. Meltoway is a dietary supplement... contains no drugs no laxatives and is good for you. You will enjoy reducing with the Meltoway Plan. Endorsed by physician recommended.

DOCTORS SAY...
Throughout the years medical science has found that excess weight contributes greatly to many ailments... and that a person who is overweight is much more apt to suffer from general ill health and lack of vitality than a person of normal weight. In many instances... lack of these extra, unnecessary pounds has resulted greatly to improve health and well being... also increased vitality, pep and energy. With the loss of excess pounds and untimely burden, the person who suffered from an overweight condition looks better, feels better, in general makes a new lease on life and living."

"NEW LOOK"
Today's exciting new fashions demand figure perfection... a tiny waist, smooth hips, no excess bulges to mar the lovely lines of the garment. Your figure must have that "new look" too... neat, trim, slender... to do justice to those and soiree styles. The woman who is overweight can only give a shabby and unattractive impression that her "skin sister" is far longer length, brief jackets, capitol used droopings are not far from difficultly... the "New Look" makes a woman with excess weight look ridiculous. The "New Look" is for the slim, youthful figure... the figure every woman longs to possess.

NO STARVATION DIET
Diet... you don't have to starve yourself when you use the safe, easy Meltoway Plan to reduce. Just follow the simple instructions contained in the package. Meltoway Tablets are a dietary supplement supplying you with the necessary vitamins, minerals and nutrients elements to help you retain vitality and energy while reducing. In a relatively short time after you have begun the Meltoway Reducing Plan you should feel better, look better... and that excessive weight should begin to disappear.

FASHION EDITORS SAY...
Leading fashion authorities and stylists may say that a good figure is always in style... shows off your best advantage. Whether it be in this year's "New Look" or in any other silhouette you must have a good figure to "make the most of it." When you lose these excess pounds you lose that sloppy, unbecoming Good grooming is an important factor in life style conscious woman in all aspects of life... and good grooming starts with a good figure. You look better; you feel better; the moment you start losing those excess pounds.

LOVELORN EDITORS SAY...
Lovellorn editors say that every day letters pour into their columns in leading newspapers throughout the country bemoaning the fact that the world does not love a plump and beamish girl. The girl who is overweight does not wear clothes well, does not make the good impression that her "slender sister" makes at all times. Socially she is often almost an outcast... not asked to join in the fun and festivities around her. People may make fun of her, use her as an object of scorn or just ignore her. But of these extra pounds... can't be a good companion when the crowd goes places. No doubt about it... the girl who is overweight is the wallflower, crying her heart out because love has passed her by.

MELTOWAY REDUCING PLAN
2-Week Supply **4.95**
MAIL AND TELEPHONE ORDERS FILLED

MONEY BACK GUARANTEE
Buy Meltoway Tablets for only \$4.95 for a full two weeks supply of 128 tablets. Follow directions as explained in the enclosed booklet... it includes the simple Meltoway Reducing Plan. Check your weight before and while you use them. If you are not completely satisfied with them, return the empty bottle to the money back guarantee. If you and your money will be refunded. Start the test today. Ask for Meltoway Tablets now.

FORTY AND ATTRACTIVE
Yes... the years are kind to the woman who is with a good figure... the woman who is with a good figure lines that go with excess pounds. A woman of forty can wear the latest styles, can achieve that "New Look" figure. Remains can be seen... and her figure... she can win love and keep it... while that slim, youthful appearance of the young girl is fading. The woman who is of forty knows that her own figure is the mark of which... and a neat trim figure can be achieved by any woman regardless of age.

**HIGBIE ORGANIZING
SOFTBALL LEAGUES**

Eight softball circuits with two of them "under lights" have already been organized for the 1948 season by "Chuck" Higbie, sponsor. Higbie has set April 15 as the deadline for entries in one of his circuits.

At a recent meeting of the leagues Joe Minella of the

American Softball Association and Roy Van Graffan of the newly formed National Association were heard.

Managers who may be interested in entering teams in one of the Higbie circuits may file applications at 37 St. Paul St.

THEATRE . . .
(Continued From Page 1)

in reopening ceremonies of the renovated theatre with Mayor Samuel B. Dicker purchasing the first ticket from the new enlarged box office.

In the theatre itself new lighting has been installed, a new stage set added, a new ceiling installed and new draperies hung. The entire house has been recarpeted and new deluxe opera chairs installed. But the major portion of the remodeling is centered in the lobby and grand foyer. Of particular attention is the "re-grading" of the heretofore steep ramp connecting the theatre floor with the street level. Formerly patrons found it easy sailing into the theatre, but a rather stiff climb coming out. Now that consideration has been given considerably.

The color theme, for which Mr. Hal Periera, Hollywood set designer and in charge of Paramount theatre construction is responsible, is designed to resemble a technicolor effect. This effect is enhanced by a series of mirrors in the side walls, alternating with reeded plaster plaques.

The exterior front has a new porcelain and stainless steel upright sign, forty-three feet high with indirect lighting and silhouette lighting with face letters spelling "Paramount." The marquee is made of three line announcer silhouette letter stainless steel frame and plastic cover borders, top and bottom. It is "V" shaped with center face of lucite sheets, edge-lighted with cold-cathode tubes.

The grand staircase and foyer is designed to resemble a Hollywood movie set, with two stairways with aluminum handle rails leading to the balcony. The balustrade with plexiglass ornaments provide a background for a curved second floor display box of original design. A floating ceiling two stories high with indirect lighting and a lighted center dome are unique features. The design and decor has been carried out in a modern and baroque feeling, giving the unusual wall illusion of a stage set.

Michael J. DeAngelis, local architect, designed and supervised the structural changes in the theatre. Opening attraction is Paramount's newest release, "SALGON" starring Alan Ladd and Veronica Lake. Among the Paramount executives from New York attending the opening ceremonies were: Edward L. Hyman, vice president of Paramount Theatres; Max Fellerman, director of booking; Hal Periera, in

charge of theatre construction and design; Edward J. Wall, district advertising and publicity representative; also Manuel A. Brown, Paramount, branch manager from Buffalo; Albert M. Kane, district manager of distribution from Boston.

In addition to Mayor Dicker, the city was represented by Torn Woods, Commissioner of Public Safety and his deputy, William Lang, and Walter L. Todd, President of the Rochester Chamber of Commerce, Arthur Krollick, manager of the new theatre, and James H. Eselman, city manager for Monroe Amusements, Paramount's operating subsidiary here, were in charge of arrangements.

Gives Birth To 4th Set Of Twins In 5 Years

Wareham, Mass. — Mrs. Joseph A. Lopez, 26, of Onset, recently gave birth to her fourth set of twins in five years. In addition to the new arrivals, Donald and Donna, there are Joseph and Marlene, 3, Diane and Joan, 4, and Anita and Wannita, 5. Anita, however, died, are two other children, Jeannette, 8, and Phyllis, 7.

Political Polka

By CURT GERLING

Sunday morning en route to Charlie Myers news stand and my collection of out of town papers I passed a sleek limousine. Comfortably ensconced in the rear seat of the six thousand dollar luxury item were the two masters of one of Rochester's most famous industries. They were returning from Church—a church to which they had contributed generously and attended regularly for many years.

They represented what many consider successful business people (and they are that), true christians and highly respected citizens. The fact that their plants were working night and day to turn out materials for Russia seemed to disturb them not one whit.

However it disturbs anyone who thinks about it. Particularly as these industrialists are hurrying the contract on a tip that an embargo on such products to Russia is in the offing.

Hurrying despite the fact that there are many U. S. firms for which they can make their goods. Hurrying despite the fact that her lightly owned establishment has five dollars in reserves for every Chinaman in Shanghai and more unfilled orders than Aunt Jemina has pancakes.

With the lesson that we should have learned in our pre World War II shipments of oil and scrap to Japan still fresh in memory we wonder about the elastic conscience of church-going christian industrialists.

We also wonder how the workers feel. They are asked to turn out machines for Russia. Machines that in turn may produce material to kill the sons of the very men who are making them.

There are a great many (See POLKA Page 8)

Red Cross Fund Drive Lagging

A decided lack of levity marked the Red Cross Report meeting in the Chamber of Commerce yesterday noon as workers reported a little more than half the goal reached in the 1948 fund campaign with the end of the drive slated for Monday. Dr. Mark Ellingson, chairman of the meeting, warned workers present that a new surge of effort would be needed if the drive is to go over the top as has been its custom since war days.

What cheers were presented yesterday were given to teams in Wards 24 and 21. Chairman by Mrs. Rita Hirschler, the 24th ward group reported a total of \$1,783 representing 89.2 percent of its quota. Over on the east side, Ward 21 under the leadership of Miss Barbara Townsend led the campaigners with \$80,638 or 81.9 percent of its quota.

Out of yesterday's \$56,322 reported pledged, the special gifts committee contributed \$26,365 with \$28,937 coming from individual donors in the city's wards. The special gifts committee faces a big task if it is to gain its full quota. To date it has gathered pledges of \$106,755 marking 69.8 percent of its quota.

The eastsiders are still maintaining their lead over their west side opponents with 63.6 percent of their quota accounted for. To date they have gathered \$25,668 from 3435 givers. The west (See DRIVE Page 7)

WINNERS NAMED IN SUN READER PRIZE CONTEST

This week's major ten dollar prize winner is Mrs. J. W. Shatzel, 147 Rockview Terr. Mrs. Shatzel paid her Sun carder ten cents a month for regular delivery of the paper and became eligible for the weekly drawing among Sun sustaining subscribers.

Here is the complete list of this week's winner and their awards:

1st prize, \$10, Mrs. J. W. Shatzel, 147 Rockview Terr.; 2nd prize, \$5, Mrs. F. Cimino, 23 Wardsworth St.; 3rd prize, \$3, Mrs. D. Kelly, 101 Allendale Ave.; 4th through 10th, \$1 each, Mrs. G. Graham, 12 Lehigh Ave.; John Coyne, 322 Farmington Rd.; Mrs. J. L. Neary, 291 Sherwood Avenue; Mrs. A. READING, 'RITING, 'RITHMETIC and SAVING—Secretary of the Treasury John W. Snyder inspects in his office as exhibit of some 80 school textbooks which contain material on United States Savings Bonds. "As much as anything could, this convinces me that saving through bonds has become a part of our national economic life," the Secretary commented. "The first textbook I ever saw with Savings Bonds material in it came to my desk only last March—an arithmetic with three pages of examples and problems in figuring the interest on Savings Bonds. That textbook publishers have since then included bond material in more than 80 editions of arithmetic, history and civics texts stands out in my mind as a proof of the way the Savings Bonds program is interwoven into the everyday life of the American people."

This Landlord One In A Million

Philadelphia, Pa. — In gratitude to the landlord who was "wonderfully kind" to him, William Chormann, 71-year old bachelor, who died Feb. 5, left everything he had, \$1,300, to his landlord, Max Hess. Chormann explained that, when he lost his job in 1942, Hess let him stay on in the five-room house which he rented for \$16 a month—less than half the standard charge for the area. Hess had a chance to sell the house, but refused so that Chormann could stay on.

C of C Backs Marshall Plan; Asks Name Change

The Rochester Chamber of Commerce, representing business and industrial interests of the city this week lined itself up with advocates of the Marshall plan for European recovery provided:

- 1—It is not called the Marshall Plan;
- 2—Administration of the plan is not politically controlled;
- 3—Private enterprise participates to the greatest possible extent;
- 4—Western Germany is included in the program;
- 5—The plan assures an improved standard of living in the countries benefited by it.

A statement approved by the chamber's board of trustees released to the membership this week concludes that "our obligation is inescapable" and that "the enlightened self-interest of the United States calls for a stable world composed of self-governing and self-supporting peoples."

The chamber declares that the matter is too important to be relegated to the realm of partisan political action; that immediate action is essential. It urges Congress to reach a decision as to principle and method at "the earliest possible moment."

To aid Congress in reaching its decision the board's statement outlines its own recommendations for operation of the plan.

"Aid extended," says the Chamber of Commerce ruling body, "must be aimed toward a workable economy of sufficient health, in a favorable political climate which will be self-energizing

through the initiative, labor and self-reliance of the people themselves.

"It should be a basic principle of the plan to work toward the elimination of restrictive trade barriers between nations."

Warning that our own economy must be safeguarded, the commerce group declares that any program entered into or any aid requested should be evaluated for its impact upon our own economy before a commitment is made. "All aid granted should consist of specific materials for specific, non-political purposes, for the attainment of specific results within definite time limits."

The Chamber wants Congress to establish a corporation for the control and administration of the program with the president and a majority of the directors being leaders of "commerce, industry, agriculture, education, science or labor." Other members of the directorate would consist of government officials. Officers of the corporation would be named by the President of the United States, confirmed by the Senate and be accountable for dispersion of its funds to the Comptroller General. Money would be appropriated by Congress on a year-to-year basis and be included in the regular national budget.

GOV. DEWEY INVITED TO SPEAK HERE

Governor Dewey may speak in Rochester during the early part of June if he accepts the invitation addressed to him by Rochester's negro community as highlight of a 4 day celebration of the original unveiling of the Douglass Monument now in Highland Park.

The affair, sponsored by The Voice of New York State newspaper, is scheduled for June 9 through June 12 with one of those dates to be designated as Governor's Day. It is on that date that Governor Dewey has been invited to speak.

In conjunction with the celebration an exhibit of Negro Progress will be held with negro schools, colleges and universities, libraries, museums and other cultural bodies demonstrating the rise of negroes in the field of arts, science, industry and education.

Howard W. Coles, publisher of The Voice of New York State and editor of the recently-introduced "Frederick Douglass Monthly," is chairman of the sponsoring committee.

Kay's Comments

KAY'S MILLINERY HATS, CHAPEAUS, Straws in the wind, call them anything you like, they are all fluttering and spirit lifting. Some look like a flower landscape — swathed with veiling, lifted with ribbon — but every one moving fashionably forward to dramatize the profile and welcome Easter. Where to find all these beguiling lovelies, KAY'S MILLINERY. The spring collection starts at the modest sum of \$1.99 up. BAGS (a spanking new collection) included patent, fallie, and other fabrics. Priced right. A complete line of super HOSIERY including that hard to find (Blue Haze). Well, what more do you want for your money? KAY'S MILLINERY, Located 102 East Main St. at North Water.

RIPTON WOMEN'S DRESSES ES have arrived at the "A N T V E R S A R Y" FROCKS and rightly so. Perfect for that occasion to celebrate something very very special such as, your offspring's wedding day, or the anniversary of your marriage. Let me tell you about them. Many shades of luscious PASTELS, fashioned to a slim that figure of yours. Flattering necklines, styles that you can WEAR. The New Look, of course, but nothing so extreme, you'll be unhappy wearing it. Prices are gentle. RIPTON DRESSES have loads and loads of regular and junior sizes ready for your Easter selection. Located 739 MONROE AVE. Open Eve.

EDWARDS VALUES FOR EASTER EDWARDS DOWN-STAIRS is buzzing with VALUES for Easter. Ask to see the WOOLENS, ALL WOOL, COATS, TOPPERS and vests for Spring. Priced at \$29.94, you'll find this model a handsome and easy-hanging topper in the new longer length with softly notched collar and cuffs. Your choice of emerald green (a lush shade) willow grey and black. In specialized sizes 38 to 44. The long coat is also included in the selection at the same price. Same colors including coral, aqua, and forget-me-not blue. These toppers and coats have to be seen to be appreciated. How about a ever — so — feminine SUIT also priced at \$29.94. Really beauties the longer in line, slimly fitted, newly flattering in all wool crepe. One button fastening to give you that willow-waisted look. Colors, Skipper Willow, grey, Black in Specialized sizes also. The suit and topper or coat would make a beautiful outfit for Easter. In Half-sizes you'll find a value in sleek rayon jersey dresses fashioned in precise woven checks. Neat as a pin this is a two-piece ideal for the mature figure. The border skirt is for grace, the border and applique just enough trim for charm. Your choice of black or white. Sizes 19½ to 24½. EDWARDS, Dressing Downstairs, Edward, Setting A New Pace in Rochester.

GERTRUDE CORSET SHOP I wonder if you realize that the emphasis placed on the corset or corseter is as important as it sounds. IT IS. You'll save dollars in alterations. GERTRUDE CORSET SHOP, 304 Present Bldg. 27 Clinton Ave. So. Opposite Hotel Seneca.

R. G. & E. R. G. & E. asks you, "How efficient is your kitchen?" The week of April 12th will be devoted to showing you how efficient and wonderful a new kitchen can be. Drop into 89 East Ave. — KITCHEN CENTER any day of that week from 11 A. M. to 3 P. M. You'll find cooking and dishwashing going so, so you can see how easy it is to work on a modern well planned kitchen. Super arrangements and good modern appliances make the ordinary kitchen tasks easier. Your ROCHESTER GAS & ELECTRIC devotes time and money to show you the easier, modern way to keep house. Take advantage of this wonderful service. R. G. & E. 89 East Ave.

SHAFER CO. FUR SCARFS Russians call it "SO-BOL," but any gal knows it's SABLE — one of the loveliest, rarest most costly of furs. SHAFER FUR CO. brings you RUSSIAN SABLES from \$165 up (including tax). They are simply beautiful, giving the wearer the feeling of "don't I look wonderful". You know a FUR SCARF isn't an investment as comparable to any other fur. A GOOD SHAFER SCARF will wear for years. Suitable for year-round service, they add that certain "something" to your suit or coat, like nothing else. If your pocketbook doesn't permit RUSSIAN SABLE, here are a few other values worth considering.

REDUCE PETTIS is a white with FIGURES. Bea runs a close second to our Treasury department. When you meet that friend and you remark how much weight she has lost, don't forget to ask her how she did it. Ten to one she'll say LAPETTIS did it. Here's how. A relaxing CABINET BATH to start that loss of water stored in the body. Next passive exercise on her famous BATTLE CREEK REDUCING LOUNGE, next a restful hand massage. The scales show a loss from the very first treatment. You have so much pep, you'll wonder why you didn't start those wonderful treatments months ago. Call Stone 6210 this minute. Ask for an appointment with PETTIS, Burke Bldg.

ANN DRSSMAKER If you've always harbored a "bug - a - boo" about your COTTONS, here's news. ANN BATTALL that busy little dressmaker in the PRESENT BLDG., will fashion a DRESSY COTTON for you (one piece only) for the tiny sum of \$10. You furnish the material. Cottons in my opinion are wonderful, if they are becoming. But they are so darn hard to find, that suit your particular figure, without expensive and sometimes not satisfactory alterations. Cotton material is now available at reasonable prices. Get your order in early. ANN is setting a limit on just how many she can "turn out." Alterations at this shop are "tops" as you know, at reasonable prices. ANN BATTALL, 308 PRESENT BLDG. 27 Clinton Ave. So. Opposite Hotel Seneca.

Mental Unpreparedness Dangerous, Says Bradley

(BY HUGO SIMMS)
General Omar N. Bradley, Chief of Staff, United States Army, calls attention to the mental unpreparedness which caused this nation to ignore "seven years of aggression" until eventually "we awakened when it was dangerously late." The aggression of Italy in Africa, that of Japan in the Far East and the campaigns of Hitler in Europe, were spaced over a period of years in which, it seems, a person keeping up with events in the world should have seen what was going on. In this country, however, for some strange reason, the efforts of military men and civilian leaders to awaken the American people to the designs of the aggressive dictators failed to accomplish the purpose. When the Navy, for example, called attention to the alliance between Japan, Italy and Germany, suggesting that we should have a Navy big enough to meet any combination of enemies, there was an outcry against "war-mongers." When President Roosevelt, speaking in the face of events in Europe, which clearly revealed the reliance of the dictators upon military force, suggested that the world get together to "quarantine" the aggressor, he was denounced by many honest and sincere Americans as advocating a plan to take this country into war.

The course of history has demonstrated, beyond any reasonable doubt, that the warnings given the people of this country, both by military and civilian leaders, were timely and expressive of the wisdom which must govern democracies if they are to protect themselves against aggression.

Today, we hear similar voices being raised in the United States, warning the people of this country to be prepared for any future emergency, but the reaction, in too many places, is similar to that which occurred before Pearl Harbor.

EASTER SEAL FUNDS AID PALSY RESEARCH

Research studies being carried on by scientists at Lenox Hill Hospital in New York under a grant provided by the New York State Association for Crippled Children, may some day result in a marked reduction in the incidence of cerebral palsy.

According to the medical profession cerebral palsy, popularly but erroneously known to the layman as "spastic paralysis," is generally caused by a brain injury at or soon after the time of birth. However, it is felt by some medical scientists that the Rh or human blood factor may play an important role in the causation of this dread disease.

This theory, shorn of its scientific medical terminology, is based on the feeling that a certain proportion of cerebral palsy is caused by an incompatibility between the mother's blood and the infant's blood prior to birth.

However, the question remains unanswered as to just how important the Rh factor is, and what per cent, if any, of cerebral palsy cases can be traced back to this inconsistency in the blood.

The importance of this research can best be appreciated when it is realized that according to present scientific estimates there are upwards of 100,000 people in New York State alone affected directly or indirectly by cerebral palsy.

The New York State Association for Crippled Children, through its annual sale of Easter seals, is concentrating most of its energies and finances to combat cerebral palsy in cooperation with parent groups throughout the state.

Scientists at the hospital are conducting their studies of the Rh factor in conjunction with the Pre-School Cerebral Palsy Clinic operated at the same institution by the state Association.

Working directly with the little patients, they have assembled a vast stockpile of information gleaned from case histories, special questionnaires and blood tests of both parent and child.

Wallace Urges 'Better Ways' To USSR Peace

(BY ALAN SHERIDAN)

Mr. Henry A. Wallace, seeking Midwest support for his Third Party candidacy, says that the Czechoslovakia story will be repeated in other countries as long as the United States continues its "get tough" policy toward Russia.

Mr. Wallace finds a clear pattern of cause and effect connecting Moscow, Prague and Washington and adds, that, in view of the anti-Russian doctrine of President Truman, the men in Moscow, from their viewpoint, would be utter morons if they failed to respond with acts of pro-Russian consolidation.

Thereupon, Mr. Wallace exclaims that "there must be better ways than the expen-

diture of millions of lives in a new war to prove the superiority of the American political and economic system."

Undoubtedly, there are better ways to prove the superiority of our political and economic system, but, unfortunately, that is not the question which confronts the world today. The "new war," if it comes, will not be for the purpose of proving our superior system, but to prevent the ruthless use of force by the Communist regime to overthrow democracy in the world.

Many Americans would like to believe that there is a better way than war to prevent the snuffing out of liberty by the Russians, but so far, neither Mr. Wallace nor anyone else has been able to point it out.

There will be few people to deny that "only peace with Russia will stop the march toward war," but many to differ with Mr. Wallace as to the way in which peace can be obtained. Not every American is willing to "secure the peace" by voting for an "administration in Washington that the Russians will respect," especially if the "respect" must be bought by standing aside while the Russian people "carry forward their economic and political experiment against all opposition."

HIBERNIANS LIST ST. PATRICK'S DANCE

The annual St. Patrick's day dance and entertainment sponsored by the Monroe County Board and Ladies Auxiliary Ancient Order of Hibernians will be held next Wednesday in the Starlight Roof of the Sheraton Hotel. Music will be furnished by Vic Sweet's orchestra who will play Irish and modern dances from 9 p. m. to 1 a. m.

Entertainment will feature Mary Corby, a 12 year old Irish girl just recently arrived in this country from Erin, who will dance traditional Irish Step dances. A group of younger members will also sing Irish songs and display such dances as the Stack O'Barley, Versouvienna and the Highland Fling. Music for the entertainment will be played by Mrs. Elma Hassett and her daughter Norrine.

John Crowley and Mrs. Paul Shannon have been chosen as co-chairmen of the dance.

Southern Democrats More Like Republicans

WASHINGTON, March 10—A curious twist of political fate has long obscured one of the unique sidelights of the two-party system in this country. That feature is the likeness of a majority of the GOP policies and Southern Democratic policies.

There are differences — possibly on tariffs, maybe on other more important programs — but there seems to be more agreement on policies than disagreement since Reconstruction days. Even though the South has been traditionally Democratic since Reconstruction days, Southern Congressmen here admit they vote with the republicans more often than they do with Northern Democrats on important legislation. And one Republican recently suggested that the two groups unite. In the future some kind of union may actually transpire. Events today are possibly hurrying that date somewhat. But Southerners in Congress are almost helpless

stories as to why Bill Lang sought honest work. As work horse of the Dept. of Public Safety and a young man of far greater capabilities than his superior it was only natural that he aspired to his boss' job. He probably found out that no matter how he combed his hair nor how good he was he'd never get it. Plums like that are reserved for faithful followers of the party. Short on intelligence and long on obedience. Mr. Lang found out and none too soon that there are better ways to make a living than in politics. Mr. Lang as we inferred before is a man of rare judgement.

Now that Harold S. W. (some where) McFarlin is no longer responsible for what goes on at the airport, has lost his job with the Transit company and the city is now paying his \$7500. per year out of the taxpayer's pockets, its only fair to ask what does he do to earn it? The new "phony" job notwithstanding.

What ever became of the man with a name like a burp at a Polish picnic who was engaged to do planning for the city at empty umph dollars per day (about 10 times what you and I get). We trust he flies into town often enough to pick up his pay check.

Mall Bag Dept. To the gentleman who wouldn't sign his name. Where dear sir can you find "unbiased news" in Rochester? Mr. H. G. L. thanks for your complete letter. We intend to ask you to come in some day and discuss it... J. A. H. "No" we didn't know that Mr. Moss was a confirmed tiddewink player. We hope it's "legal"... To "Disgusted." What did you expect in the Welfare case. You didn't think the "boys" were going to find anything wrong with the actions of a fellow club member did you? There is always a chance that they could be right in the matter too...

Another step in the expansion and modernization plans of the Daw Drug Co. will be made today with the opening of a new unit in Charlotte at 4466 Lake Ave. at Latta Rd. The new store, eighth Daw unit in Rochester, embodies all the latest advanced ideas of modern drug store merchandising: new "bright-as-day" store lighting fixtures, streamlined open-type display units and illuminated show cases. Featuring several special departments, the store has a large, complete section devoted exclusively to branded toiletries and beauty aids presided over by two graduate beauty consultants. Also, a complete department that has everything for baby. Featured also is the clean-as-a-hospital Prescription Department, staffed by two registered Pharmacists. The store is under the management of William Dorfman.

The firm, headed by Frank G. Weinberg, opened its first store at 60 Clinton Avenue S. 15 years ago. Today there are 16 units, eight of them in Rochester. Others are located in Syracuse, Auburn, Utica and Rome.

will either continue present show or put in a similar one... White House insiders claim that President Truman feels that radio and television will play a more decisive role in the forthcoming elections than newspapers... Musical programs will reportedly be more favored over drama as summer replacements... Morey Amsterdam starring in a newly packaged quizzer titled "Times-A-Wastin'"... "Mr. and Mrs. North" has been renewed through June... Singer Larry Douglas in line for his own summer show... Bret Morrison, narrator of "Light of the World," will do the role of the apostle Paul on CBS' Easter Sunday airing of "Son of Man" Maxie Rosenbloom reportedly heading for

summer airer with a modern version of "The Leather Pushers"... Judy Canova will go to London this summer... Lux Radio Theater set a new high Hoopering for the season, 30.5, in maintaining its number one position. Runners-up were Fibber McGee and Molly, Bob Hope, Jack Benny, "Truth or Consequences," Fred Allen, Amos n' Andy,

Charlie McCarthy, and Fitch Bandwagon... Mutual's "Radio Newsreel," previously scheduled for Zenith sponsorship on March 1, may have an auto sponsor soon, now that Zenith has changed its plans... C. E. Hooper has established his first television program survey rating the DuMont network "Original Amateur Hour" as the number one video show

inside hollywood

Academy Award, or no Academy Award, the bobby soxers of the country have announced their choices for the most popular actor and actresses of 1947. They are: Gregory Peck and Rosalind Russell and their favorite comedian is Jack Benny. Last year, this group picked Larry Parks, and Olivia DeHavilland for first places.

The school-marm, usually pictured in story, screen and on stage as a prim, oldmaidish person, is going to get a break in Hollywood soon. In "The Boy With Green Hair," Barbara Hale plays the school marm and she's anything but oldmaidish looking, while in "The Saintly Miss Peters," Greer Garson has the teacher role. Joan Crawford will have a similar role in "Miss O'Brien" while Barbara Stanwyck is currently mentioned for "Miss Richmond Takes Grant." In all of these films, the teachers will be most glamorous.

Judy Canova has been chosen by the Women's Research Guild as one of six women who "contributed to the spirit of wholesomeness in a world badly in need of inspiration and idealism." The other five include Mrs. Spencer Tracy, Princess Elizabeth, Clare Luce, Barbara Ann Scott and Judge Camille Kelly. By the way, Judy wants to make another picture and why not? She's one of the most popular comedienne on the screen and, while she may not be the most lovely, she's an excellent actress.

Hal Willis plans to make at least one picture in Italy this year. He'll probably do "September," a love story about a concert pianist and a married business man who meet in Italy. He would like to have Ann Todd, who did such a fine job for him in "So Evil My Love," in the feminine role.

REGENT OFFERS 'SAIGON' WITH ALAN LADD

Moving to the Regent screen for a second week is "Saigon" which tells with supercharged suspense what happens when three pals embark on a mysterious and sinister mission to Saigon. Alan Ladd, playing Larry Briggs, late of the Army Air Force, once again assumes the type of role which has made him one of the most popular male stars. Co-starred is Veronica Lake who seems to be at her best when teamed with Ladd as she was in "This Gun For Hire" and "Blue Dahlia".

The Regent's program includes "Samba Mania" a musical in Technicolor, a color cartoon "Base Brawl" a sport reel, "Five Fathoms of Fun" and the latest Paramount News.

MARSHALL . . .
(Continued From Page 1)
that repayment of funds granted cannot be expected in some cases where immediate relief is an urgent necessity it recommends that insofar as feasible all funds allocated should be planned progressively toward repayment on pre-arranged terms. Every effort should be exerted to make use of private financial agencies and insofar as possible loans should be limited to basic essential industries or business units.

"A major objective of the program," the report declares, "should be to restore and encourage the maintenance of normal channels of trade. State trading should be minimized; the ultimate user in the recipients country should be able to purchase goods of his own selection from the supplier of his choice. The corporation should request the fullest cooperation of American private enterprise; industry abroad should be encouraged

to make use of our technical skills."
The Chamber of Commerce believes that Western Germany should be included in the program with economic rehabilitation of that country being made "an integral part of the recovery program."
The Chamber report takes a slap at the current practice of calling the program the Marshall Plan.
"Future reference to the European Recovery Program should be by that title or one of similar intent. The use of the name of any individual is considered unfortunate and should be discontinued, as provocative of political implication," concluded the document.

Thrice Beaten Bramptons Return For Another Try

The Iroquois lacrossers have been absent from the Main Street Armory for two weeks but they return tomorrow night to face a three-time victim, the Brampton Excelsiors.

This Brampton team is the original hard luck outfit as far as the Indians are concerned. Three times they've invaded the Armory, and each time found the Braves hotter than a two-dollar pistol. They took 17-12 and 13-8 lickings the first two times, and on the third meeting the Iroquois really poured it on, taking a 23-11 decision.

Now the Brampton club is after blood. They've notified

the boss of the Braves that they intend to "load up" for this meeting and pull out at least one victory from the series. Spear-heading the attack, as usual, will be Nickie Ferri and Al Garbutt, two very fine stickers.

Manager Arleigh Hill of the locals would like to think that his team has Brampton's number, but he is not too sure. It's about time the breaks fell Brampton's way, and the locals know it. They have a home record of eight wins and seven losses right now, and would like to put some air between themselves and the 500 mark.

Bobby Jamieson is still out in front among Iroquois scorers and he's been pretty effective against the Excelsiors. His 13 scores in the three meetings tops the squad. Maylon White comes next in that department with an average of three goals per game against Brampton.

Political Polka

By CURT GERLING

Lead in the Republican race for the presidential nomination changes oftener than a claiming race at a backwoods track. Mr. Dewey, who was top man directly after Eisenhower's withdrawal, is on the skids—at least temporarily. It is a condition which may change several times before the Philadelphia convention.

The Governor's handling of the last legislative session, which smelled to high heaven, even drew fire from the editorial side of the local dailies. Their critical comments were characteristic of other darkly Republican papers throughout the land. It was too obvious that Thomas E. Dewey wanted to get it over with and go about his campaigning for the presidential nomination—and of course he wanted his own way. The legislators from our area went along blindly and unprotestingly just like a Rochester meeting of the city councilmen.

Strangely enough the Dewey fortunes are tied to those of Harry Truman. The worse Truman's chances look the worse off are those of Tom Dewey. Fundamentally the Republican Old Guard wants one of its own. They consider Thomas E. "a whipper snapper," an egomaniac, and decidedly hard to handle. He would have to be "conditioned" in old line GOP thinking. His nomination and election could easily bring about the same sort of Dewey steam-rolling that was so evident in Albany. Appointments would be made on the school tie, "our team," basis and sacred cows in Old Guard thinking would be booted in the posterior.

Other entertainment features listed for the show sponsored by the Genesee Conservation League will include Hauwiler's Retriever Dogs; Ken Wilhelm, world's champion archer; the Skating Earls; Carlell and Rose, performers with the boomerang and Australian Stock Whip; the Gibsons, knife-throwers; Oldfield and Ware, comedians; and Northwoods Guides from Maine, New Hampshire and Nova Scotia who will compete in the rough sports of log-rolling and canoeing.

The MacArthur boom will probably fall flat on its puss regardless of the general's wishes or capabilities. The fact that the boom was a brain child of Wil-

Times-Union Is Without Bias — Says Times-Union

Not only did the 30th anniversary celebration of the Times-Union last weekend bring forth several columns of self-administered praise from the newspapers' proprietors on "the fine job we have done," it also brought a sudden shock to many, a few sneers from some, and expressions of complete surprise from others.

In the first group were those who found it difficult to believe that 30 years had elapsed since their beloved Union and Advertiser, selling at one cent had been bought up by "out-of-town management" and would henceforth be known as the Times-Union. Heads then young were now gray and hearts then gay were now burdened with the cares of the years.

Largest of the groups however, was found in the third category. They were those who had followed the course of the afternoon paper's editorial policy, were aware of its weakness and bemoaned the fate of Rochester under a one-man newspaper monopoly.

What caused their surprise which mounted almost to indignation, was the reprinting in last Friday's Times-Union the editorial originally published in the first issue of the paper back in 1918.

"The publishers' sole aim," said the editorial, "will be to issue the best possible paper that they can produce, a paper that will be bright but not sensational, accurate and clean always in news and advertising, free from suggestion of scandal, truthful without fear or bias, ready to defend the helpless, etc., etc."

Commenting on those roseate words, Roy Bush, Democratic

Democrats Adopt 'Hands Off Policy' In ALP-WHEC Fight

When officials of the Monroe County American Labor Party take their fight with radio station WHEC to the Federal Communications Commission as they have threatened, they will have to go it alone. Any hope of help from the Democrats faded yesterday when Roy Bush, Monroe County Democratic leader declared he would maintain a strict "hands off policy."

The controversy between the Wallace supporters and the Gannett-owned radio station hinges on whether or not Rep. Kenneth B. Keating's Sunday afternoon "Reports of Happenings in Washington" currently broadcast by WHEC are non-partisan as claimed by the station or throughly partisan as charged by the ALP.

Saturday, the Rev. Antonio Perrotta, chairman, and Hugh Harley, secretary of the political group set off the fireworks in a letter to Gunnar Wigg, WHEC station manager. They demanded "equal radio time" to present views of the ALP "inasmuch as Congressman Keating's talks are broadcasts by Keating about Keating's political opinions and activities in Congress, in Rochester or anywhere else he happens to be." They threatened to take their demands to the FCC if the station did not grant them the demanded time. Up to last night the Station had made no decision but it is expected that the ALP plea will be turned down.

Yesterday, Bush agreed that Keating's talks "belonged in the category of electioneering by a candidate for re-election to Congress" but he appeared unalarmed by WHEC's action in making the broadcasts.

"Can anyone any longer doubt that Congressman Keating represents Frank Gannett and his crowd instead of all the people of the district he was elected to serve," asked Bush?

"This free radio time given to the Republican congressman is only one phase of the tie-up between the publisher of Rochester's daily newspaper monopoly and the congressman who, so carefully represents him in Washington," Bush continued. "As time goes on I expect to lay other evidence of that tie-up before the public."

Bush, however, refused to take any joint action with the ALP forces against the station.

"Let Keating talk over WHEC," said Bush, "the more he talks, the more the station promotes him, the quicker people will realize that Keating is Gannett's man."

On Tuesday representatives of the WHEC met with the ALP officials to present their divergent views of the disputed broadcasts. The radio station management declared the talks were broadcast as a public service, designed for all radio listeners and the talks themselves were non-partisan as advertised.

The ALP leaders of the Wallace-for-president movement here countered with the charge that Rep. Keating's talks are "completely Republican broadcasts designed to promote the re-election of Keating to Congress."

BISHOP OXNAM TO SPEAK AT CENTRAL SUNDAY

One of the most noted Protestant churchmen in America will come to Rochester next Sunday to preach at a special Palm Sunday evening service in Central Presbyterian Church. He is the Rev. G. Bromley Oxnam, Bishop of the Methodist Church in the New York area and leader of many Protestant causes.

His theme here Sunday will be "A Fagant of Triumph."

Bishop Oxnam has served in New York since 1944. He was elected a Bishop of the church in 1936. In 1917 Bishop Oxnam founded the Church of All Nations in San Francisco and in 1937 was delegate to the World Conference at Edinburgh and Oxford. He is a past president of the Federal Council of Churches of Christ in America and is a member of the Federal Council's Commission to Study the Bases of a Just and Durable Peace.

LAURELTON PTA TO HEAR U of R PROFESSOR

Prof. William Dunkel of the University of Rochester English department will talk on the subject "The Home, The School and The Child" to members of Laurelton PTA at their meeting in the school this evening at 7:30 o'clock. Mrs. Furth will lead group singing at the program's beginning. Mrs. P. Sintzenich is hospitality chairman.

Needlecraft Club To Meet

The Rochester Needlecraft Club will meet in the Rochester Museum this evening at 8 p. m. with Mrs. Edith Newell presiding.

Mrs. Gladys Reid Holton, assistant in history of museum staff, will speak on "Needlecraft on File." She will demonstrate her subject with actual materials.

NO. 37 PTA TO ELECT OFFICERS, HEAR SCOUTERS

Scouting at No. 37 will be the topic at a meeting of the Lewis H. Morgan School No. 37 PTA in the school auditorium tomorrow at 7:30 p. m.

Mrs. Floyd Slater, neighborhood Scout co-ordinator is chairman of the program in which each troop in the school will have a part.

Representatives from boy and girl scout headquarters will give short talks and slides on scouting will be shown.

Election of unit officers for next year will take place and refreshments will be served by the executive committee.

CHURCHES FEATURED IN MUSEUM MOVIES

A pictorial record of churches erected in colonial days and still standing in the state of Virginia will be featured on the Sunday afternoon museum movie program scheduled at the Rochester museum at 3 p. m. "Old Virginia Churches" is the title of the feature. Second film on the public will be "The Longest Mile," depicting scenes of early America as contrasted with the difficulties of motor-transport in the early days of the gas buggy.

2 KILLED WHEN PLANE CRASHES RESIDENCE

Livermore, Cal. — When a private plane crashed into a house near here, killing its two occupants, it demolished the bedroom in which three persons were sleeping, but the three occupants, Mr. and Mrs. Herry Leeds and their two-year-old son, Stephen, escaped uninjured. Destruction of the room was so complete, however, that the legs were ripped off the child's crib.

JUNIOR NUMISMATISTS TO DISCUSS PAPAL COINS

Papal coinage will be discussed by James McAvoy of Aquinas High School at a meeting of the Junior Numismatic Association in the Rochester Museum tomorrow at 7:30 p. m. McAvoy will illustrate his talk with slides and exhibits. All boys 12 to 18 who are interested in coin collecting are welcome.

Comments on coin values will be made by Edward F. Meinhardt and Frank Eiehorn will present plans for celebration of National Coin Week in April. A coin auction will also be featured.

Young Doctor — "I'm afraid I made a mistake in filling in a death certificate today." Old Doctor — "How was that?" Young Doctor — "I absently signed my name in the space left for 'cause of death.'"

Letters To The Editor

Editor, Rochester Sun

May I be permitted to correct some erroneous conclusions appearing in your "Political Poika" column of March 11 relative to my resignation as Deputy Commissioner of Public Safety?

In my ten years of public service, I had no aspirations for an office other than the one from which I have resigned. My decision to accept another position at this time has been prompted solely by the attractive opportunities it affords in a field in which I have had considerable training and experience.

Even before I joined the Department of Public Safety, the administration of its many vital bureaus was under the very competent supervision of Commissioner Woods. I sincerely hope, for the sake of all the citizens of Rochester, that they will have the services of Commissioner Woods for a long time to come.

As a newspaperman and public official, I have enjoyed a rare opportunity to study governmental service from both sides of the fence. Let me assure you that this study has revealed no public administrator more practical, more honest, more sincere or more devoted to duty than Commissioner Woods who has imperiled his very health in these pursuits. For me personally, it

has been a pleasure, a privilege and an education to work under his most able direction.

William A. Lang

Reason Enough

Two buzzards were lazily soaring over the desert when a jet-propelled plane zipped by them, its exhaust throwing out flame and smoke. As it whizzed out of sight, one of the buzzards remarked: "That bird was really in a hurry."

said the other, "If your tail 'You'd be in a hurry, too,' was on fire!"

County Chairman and spokes-

probably suffered most from
the Times-Union's policy said:
"There is little doubt that
the management of the Times-

possible paper they could
produce, but that speaks
more eloquently of their tal-
ents than it does of the result.

But that line about "without
bias" is very difficult for any
unbiased Rochesterian to
swallow. If the Times-Union
is noted for anything at all,
it is most noted for the ex-
treme bias which has dictat-
ed its editorial policy. And
when they promised there
would be no suggestion of
scandal in the paper they
were perhaps thinking that
some day the son of one of
their high placed employees
might wish to get a divorce
or something. Then, they
could suppress the story so
that "no suggestion of scan-
dal" would intrude itself into
the paper.

"The publishers have an-
nounced repeatedly," declared
that first editorial which the
Times-Union says still stands,
"that they are not interested
in politics, that they are tied
to no man, interest or faction,
that are free to support what
they feel is for the best inter-
est of the community, regard-
less of the political tag that
any movement may bear."

"That," said Bush, "from
the pen of the man who tried
his best to become Ambassa-
dor to England; who spent
thousands upon thousands of
dollars in a vain effort to win
the Republican presidential
nomination, the man who has
tried all down through the
years to dictate Republican
party policy behind the scenes
right here in Monroe Coun-
ty; the man who has tried
through one means or another
to gain almost every political
office from sheriff to govern-
or to senator to president; not
interested in politics? Not
much!

The Democratic leader, al-
most choked on the paragraph
that said:

"The day has passed when
Democrats consider wrongery-
ing that is Republican and
vice versa. No party has a mo-
nopoly of all virtues or all
vices. The Times-Union will
endeavor to treat everyone with
fairness and consideration."

"Since that editorial was
first published," Bush de-
clared, "the Times-Union has
supported Republican candi-
dates for office without ex-
ception. To the best of my
knowledge it has never once
supported a Democratic candi-
date if it good, bad or indifferent.

"Do you mean to tell me,"
asked Bush, that not once
during those 30 long years
have the Democrats had as-
superior candidate—a man bet-
ter fitted for the office being
contested than his Republican
opponent? Or an idea which
was good?

"Try to make anyone—
even the man who wrote that
editorial—believe such is the
case."

There were others in both
political parties who were
forced by their own conscience
to agree with Bush.

But upon one angle the whole
town was agreed. The Times-
Union had "pioneered" editorial
innovations. Summed up by
their own writers they had in
30 years

1—Removed the dateline
from stories
2—Eliminated the con-
tinuation line from front page
stories

And the town was ready to
hail such a startling achieve-
ment!

Style-conscious small fry, careful mothers agree on **Biltwel deluxe shoes**
SIZES 5.45 SIZES 5.95
8 1/2 to 12 12 1/2 to 3
Yes, these are shoes that children go for, styled with the quality features that every wise mother knows mean greater health for young, growing feet. They're constructed by expert makers, shaped to natural foot-conforming patterns, made to "take it" through the roughest wear.
Carefully fitted two ways. . . No guesswork! Sears first checks the size of every child's foot with the Brannock fitting device, then double checks for roominess and comfort with the scientific X-Ray filter.
Other Biltwel Shoes for children at . . . 3.98 and 4.50
Rely on Biltwel Deluxe for these quality features:
Wide, roomy toes allow feet to spread out and grow naturally, comfortably.
Choice leather uppers are pliable, easy on young feet, need no breaking in.
Goodbye! Well-constructed, flexible, easy to walk, smooth under-foot.
Pear-shaped heels hug child's ankles to give good, required support.
Correct lasts are scientifically designed for proper, comfortable fit.

**TWIN ACTION STORIES
ON REGENT SCREEN**

Two action melodramas of previous years are offered at the Regent. Marlene Dietrich, Randolph Scott and John Wayne are featured in "Pittsburgh," a swiftly moving story of three people who struggle dangerously as modern pioneers in Pennsylvania's great industrial metropolis. The romance, rivalry and adventures of the film's

principal characters closely parallel the drama of the steel city itself.

The co-feature is a screen adaptation of Frances Marion's "Green Hell," a story of the upper Amazon jungle and a search for a lost Inca civilization. Douglas Fairbanks, Jr., Joan Bennett, Alan Hale, George Sanders and Vincent Price, are featured. The locale of this adventure story is actually known today as Green Hell.

CAPITOL HAS 'NIGHT SONG' AS FEATURE

The absorbing romance of a needy young blind composer and a wealthy society girl is dramatically produced in "Night Song," the Capitol's main feature on the program opening today.

Co-starring Dana Andrews, Merle Oberon and Ethel Barrymore, the picture blends the creation of a brilliant new concerto with an unusual type of love story. Andrews portrays the composer, who becomes embittered when he loses his sight in an automobile accident. Miss Oberon plays the sympathetic socialite who recognizes his talents and strives to have him resume his career.

Her unique methods of gaining her end, and the striking climax reached when the composer's concerto is played by

Arthur Rubinstein and the New York Philharmonic - Symphony Orchestra under Eugene Ormandy, give the picture a spectacular climax. Hoagy Carmichael heads the supporting cast, with Leith Stevens writing the Concerto In C Minor

For the companion feature, the Capitol presents the newest of the Roy Rogers-Dale Evans musical-westerns, this one in color, for its first Rochester showing.

If your plates are loose and slip or hurt, use this amazing, flexible, non-irritating strip to hold them steady, for instant and permanent comfort. It's easy — just lay the strip on your upper plate or lower plate, then bite and it molds perfectly. Works for heating it and conforming to the embossedness of stopping, rocking plate or the ridges of your gums. Get something that truly without fear your teeth will loosen. Hold firmly the strip and holder of temporary applications that last only a few hours or months.

Easy to Re-Fit and Tighten False Teeth
PLASTI-LINER is a special adhesive which insures your plate. Guaranteed to give satisfaction or your money back. Thousands of satisfied users say: "Until I used Plast-Liner I had several kinds of liners with various. Now I can get anything." H. H. M. "My plate are now better fitting than ever." E. C.

Automatic - Electric VAPORIZER and HUMIDIFIER

RUNS FOR 6 HOURS WITHOUT REFILLING!

Here is the Vaporizer you need! It delivers a steady, heavy flow of steam for a long period — 6 HOURS minimum. It evaporates 3/4 quart of water without refilling. Operates on the basic Bunsen burner principle — water completes an electrical circuit, turns itself to steam; when all the water has turned to steam, current shuts off automatically. Invaluable in treating colds, cramps and bronchial troubles.

ELEVENTH YEAR—No. 2

Political Polka

By CURT GERLING

With the threat of war in the offing the boys who got rich with war contracts are licking their lips again; but they are apt to be disappointed. This time it's going to be different. Already manufacturers are being asked to send complete information on their various properties and facilities. Curious owners have learned that the day of cost-plus contracts and those subject to renegotiation are things of the past. This time the government intends to take over the plants they may need and direct the operation.

There are certain posts in the governmental scheme of things that are traditionally free from the customary political concepts — and are not regarded as plums or patronage. What party you belong to does not cut any ice — or at least is not supposed to cut any ice.

For fifteen years Fred Strouss served on the Board of Visitors at Sonyea. He was president of this board for ten years. Fellow members of varying political faiths respected his efforts highly. Commissioner McCurdy head of the Mental Hygiene Division for the State of New York considered him his ablest helper.

The first of the year term for Strouss expired, McCurdy (See POLKA Page 10)

Associates of Berger Burke Bldg. Owners

Attorney Samuel Berger's vehement denial before the City Council on Feb. 24 that he is one of the current owners of the Burke Bldg. at Main St. E. and St. Paul St. now appears to be more technical than actual.

Curiosity as to just who the owners are was aroused last month when tenants were served with notice that rents would be jacked up to what they called "exorbitant rates."

To fight the so-called "gouge" they banded together and went to the council to demand that control of commercial property rents be instituted in the city. Berger appeared as attorney for the owners, but refused to name them. Accused of being in the group himself, he denied the charge vigorously.

But tenants have their doubts as to just where Berger fits in to the deal. It is known that Sol Bachler, allied with Berger and others in a group of real estate speculators who have bought and sold several downtown buildings since the beginning of the war, is one of

SPORTS SHOW OPENS 9-DAY RUN SATURDAY

Members of the Genesee Conservation League will bring the outdoors indoors to the Main St. E. Armory for nine days starting Saturday when doors of the annual Sportsmen's and Boat Show will open for the first of 18 performances to carry through Sunday, April 4. Doors will be open from 11 to 11 p. m. daily including both Sundays. Complete shows will be presented each afternoon and evening.

An unusual group of entertainment features will be combined with displays of guns, fishing tackle, camping supplies, boats and motors. The New York State Conservation Dept. will set up an educational display and an Indian village complete with Indians.

Among the acts listed for the show are performances by "Sharkey the Seal," famed graduate of Mark Huling's Seal College at Kingston, N. Y.

Who Rules Police Dept.?

Who rescinds the rules laid down by Safety Commissioner Thomas S. Woods for operation of the Police Bureau? And what penalty is attached to violation of those rules?

Those were two questions curious Rochesterians were asking this week when newspaper photo of Police Captain Herbert Cary working on a murder investigation showed him in civilian attire while on duty.

Last February Commissioner Woods ordered all members of the Police Bureau to wear their uniforms at all times while on regular duty. Woods said the order applied to all uniformed members of all ranks.

That would include captains, inspectors, and even Chief Copenhagen, himself.

The order, which has never been formally rescinded, was obeyed to the letter for awhile but headquarters habits have been gradually being thrown in to the discard. Now, through the newspaper photos, the whole town can see how seriously the members of the Police Bureau take the boss's orders.

Aged Workers Hurt On Job Fired By City

City workers had to cope with a new threat to their economic lives this week when the city put into effect its new policy of discharging workers who have accidents while on the job. The policy is being tried out in the Department of Public Works and will affect most acutely such workers as ash collectors, street cleaners and garbage collectors whose jobs are non-competitive civil service.

The cruel, hard-hearted policy which has been condemned in industry but now copied by the city landed its first victim last week when William McKinstry, a 70-year old ash collector was dropped from his post because of what city officials say is his "bad accident record. Old Mr. McKinstry, not as spry as he used to be, has had four accidents for which the city paid compensation during the past three years.

He told his plight to the Monroe County Civil Service Forum Grievance Committee which took the case up with city authorities through John Scully, attorney for the forum. Scully was told that the city planned to "gradually get rid of those employees who have high accident records." In the case of aged men like McKinstry, the only alternative to such work is to obtain welfare relief funds. One city official told Scully "going on welfare" would be a good idea.

Thus, the policy of punishing a man because he gets hurt on the job proves to be a pennywise yet pound foolish policy — particularly when the same taxpayers who pay the costs of city workers compensation coverage have to foot the bill for welfare.

Last year the city set aside \$125,000 to pay compensation claims of its workers. Of course with the McKinstrys off the

cost the department "upwards of \$40,000" before the Dudley children are turned loose upon the world.

Where workers are covered by union contracts, they are usually protected from such a vicious practice as that now used by the city. Union contracts usually specify that workers unable to carry on their regular work because of accidents must be given preference on jobs where lighter work is needed.

McKinstry has sought such a job from the city, but it is generally understood that the filling of such jobs is a matter of political patronage — and of course, the McKinstrys don't rate that much patronage.

The city firing policy is not expected to touch the higher-ups.

Last June, Commerce Commissioner Harold S. W. MacFarlin was involved in an automobile accident while driving a city-owned car. Representatives of MacFarlin's city office straightened out the bill for damages against the car allegedly struck by MacFarlin. After the accident MacFarlin was more or less away from his job until early last month. But he was not dismissed, he was not demoted. In fact, he was given charge of seeing that the

BURKE . . .
(Continued From Page 1)
Baehler once operated in California.
As the deal turning over the building to Baehler and his group from the Realroc Corp., former owners from New York, has never been completed, the pending deal could be made direct from Realroc to the California group, with Baehler and friends getting their cut without their names appearing on the record as owners.
Meanwhile, another angle ty-

ing Berger up with ownership of the building was revealed this week from another quarter. Tenants in the Cutler Bldg., also owned by Berger and another group, are saying that "repressive measures" against signers of rent control petitions are being taken. None of the tenants questioned would agree to be quoted for fear of further reprimands. They do report, however, that some of their members have been served with eviction notices; others have had their offices moved, their telephones moved, and other inconveniences forced upon them.

The petitions, collected by members of the Burke Bldg. tenant's group and signed by scores of tenants in several downtown office buildings were turned over to the city council during the meeting at which the tenants appeared. Immediately after the session's close, Berger raced up to Mayor Dieken's desk and started to copy down names of Cutler Bldg. tenants who had signed. This brought on the lengthy battle of words between Berger and Kennedy on the one side and Burke Bldg. tenants on the other.

As a result of a hearing before the State Legislature's Ways and Means Committee early this month, tenants are awaiting arrival of a representative of the Albany committee who is expected to investigate the local situation. Spokesmen for the committee told representatives of local tenant groups that such an investigator "would probably be sent to Rochester." The tenants were told that if condition warranted it, the legislature would be called back into special session to arrange necessary legislation to permit the city to institute local control of commercial rents.

Silverstein and Walter Knopf. Tickets for the event were distributed to members of the association. The Pinnacle Association's executive committee on Tuesday evening tickets may party in Hillside Children's Center on April 10 under the chairmanship of Mrs. Leonard A.

PAPER PICK-UP TO RAISE CHURCH GROUP FUNDS

Holy Name Societies in Catholic parishes throughout Rochester and Monroe County will launch a drive for old newspapers and magazines from April through June. Funds from the drive will be used to provide services from the new Holy Name central office. Surplus funds will be placed at the disposal of the Holy Name Union which will be held at 1122 Monroe Street, Sunday, May 16, in Elmiria papers and magazines from whatever purpose he may wish, the delegates from this area will attend.

Spring Menus Featured In Nutrition Course
Spring meals will be the subject of a 6-lesson food and nutrition course at the Red Cross, 199 Plymouth Ave. S. starting April 6 from 7:30 to 9:30 p. m. The class will be repeated on April 7 from 1:30 to 3:30 p. m. The course will continue each Tuesday evening and Wednesday afternoon for its duration.

Can They Button Up "THE LIP?"

It's the hottest question in baseball today. A handful of people have set out to keep Durocher on the straight and narrow path. Will they succeed? Head Tom Meany's opinion:
Two Guys Named Ted Williams
You never know what the Splendid Splinter will do next. Ted Fitzgerald, a writer who has probed deeply into Williams' life, argues that it is what psychologists would call a "split personality."
Other squabbling stories about oil, housing, tennis, basketball. The whole gamut of sport, plus the usual mix of serious news, queries and features.

and members of the Sonyea Board of Visitors expected that there would be no question of his re-appointment. They received a shock when they learned that Strous was not redesignated despite his experience, record and the fact that all members serve without pay.

Monroe County boss Thomas E. Broderick is unimpressed by such things. He replaced the able Strous with a man with a GOP label. In the minds of Boss Broderick politics comes first. Mr. Strous is the treasurer of the Monroe County Democratic Party.

We are informed that Harold MacFarlin's \$7500 post, the expense of which the city taxpayer's must now assume so that he may be available to conduct the GOP fall campaign, does represent a cut in salary. When "Initials" was working for the Transit Co. and turning the \$7500. back to the city to pay for the Commerce Commissioner's post he also was permitted a \$3000. per year expense account by the Bus company.

It is doubtful even in loosely run city Hall if the "swindle sheet" is permissible.

RHEUMATISM! ARTHRITIS!

Their terrible pain is often needless. DOLCIN, a new type of treatment, brings prompt relief from pains due to symptoms of these dread diseases. But more! DOLCIN also has physiological action, particularly on metabolic processes which are a very important factor in the rheumatic state. This is due to the coordinated action of a new combination of scientific, quasi-acting ingredients. DOLCIN has been tested thoroughly in hospitals and clinics. It is being prescribed by doctors most of your fellow-sufferers with long-standing cases of joint-stiffness and extreme pain. So, you see, the sooner you use DOLCIN, the sooner your condition may be improved. Yet DOLCIN costs very little. Get it today—100 precious tablets cost only \$2.00.
