Historical Background of The Tenth Ward

125 Years Ago

While New York City was founded three hundred years ago it is only 125 years since the land where the city of Rochester is now located was virgin forests filled with bears, wolves, and rattlesnakes. At that time there was not even a road from the present southern boundary of the city to the north of the river-nothing but an Indian trail blazed through the forests,

At the beginning there were two ing around the Four Corners, and RADIO FANS TOLD Carthage, down at the Lower Falls at the head of navigation. For a time it looked as though the Car thage location would be the main business center, as many factories, tanneries, ship building and potash plants were located on the flats pendent Grocers' Alliance was inalong the river; but the coming of augurated last week in a radio adthe Erie Canal, through Rochesterville was the chief reason for the centering of business in its present

Signal Canal Opening

When the water was turned into the Erie Canal at Lake Erie, the news was sent to New York by a string of cannons placed along the way, one of which was in Rochester, and it took more than an hour for the news to reach New to make good with the millions of someone moving about in the jew

BOYS' OPPORTUNITY

A concerted drive by the Indedress by J. Frank Grimes, president of the I. G. A., who in a talk over Democrats Rename a nation-wide hook-up of stations, brought out the principle points on which the independent grocers will base their campaign. Addressing himself to both retail dealers and fathers and mothers listening in,

"How we used to dream of the Later the trail was widened into a day when we would grow up-and tow-path so that oxen could be used own our own business-remember this purpose. Officers For 1929

All officers were re-elected at the meeting of the Tenth Ward Democratic Women's Club, Tuesday evening. The officers re-named are Mrs. W. A. Schild, president; Mrs. Caroline Moran, vice-president, and Mrs. Rosetta B. Lewis, secretary-

A record turnout of members greeted the report of the secretary which showed an active year from the point of view of new members and moneys in the treasury. Card playings and refreshments followed business meeting. The final meeting of the season will take place in May, the date to be announced later in The Coerier. Mrs. Schild appointed the following committee to make arrangements for the May meeting: Mrs. Amelia Kunz, Mrs. Bessie Cowells and Miss Anna Dowdell.

EXPECT 125 TABLES AT CARD PARTY OF REPUBLICAN WOMEN

One hundred and twenty-five tables are expected at the fourth annual card party of the Tenth Ward Republican Women's Club on Tuesday, April 30. The party will be held in the Assembly Hall of Edgerton Park, and there will be prizes awarded at each table.

Committees working on the ar rangements are as follows: Tickets, Mrs. Carrie Jenks; refreshments, Mrs. Marie Healy; checking, Mrs. Gertrude Dorschel; tables, Mrs. Lucy Raymond. Mrs. Fannie Thompson is general chairman of the committees. The card party is one of the big affairs of the Republicans and numerous valuable prizes are said to add interest to the party.

LIBERTY OFFERS \$85 IN AMATEUR PRIZES ANNIVERSARY WEEK

Students of John Marshall High School will present today and to morrow at the Liberty Theatre, comedy, "The Importance of Being A. Milne. The resolution was re-The play will go or many times before-put the job burglary and second degree grand about nine-thirty, after the regular showing of two photoplay features Tom Moore in "His Last Haul" and Mary Norton in "Fleetwing." This will mean that patrons of the Liberty Theatre will enjoy a four-hour come early, as nothing will be repeated.

The players in "The Importance of Being Earnest" are Gertrude Carroll, Rachel Gibson, Ardagh Paget, Helen Patten, Helen Richards, Libbie Volpe, Edward Groth, Harold Smith, Donald Whittington. The play was directed by Francis Ballard.

Next week the Liberty Theatre will celebrate its second anniversary by a contest designed to bring out stage talent in the Tenth Ward. Beginning Monday, in addition to the regular photoplay program, three acts will be presented each night on the stage, and on Saturday the audience will decide which of the five best acts deserve the three prizes of \$50.00, \$25.00, and

The features for next week are: on Sunday and Monday, "The Crash," with Milton Sills; on Tuesday and Wednesday, Irene Rich in "Craig's Wife" and Belle Bennett in "The Power of Silence"; on Thursday and Friday the Liberty Theatre will show the most famous and most talked-of picture of the year-"King of Kings." Saturday's feature will be "The First Kiss" with Gary Cooper and Fay Wray.

BOWLERS FIGHT FOR CHAMPIONSHIP OF THE NORTHWEST

The long-heralded battle for the championship of the great Northwest will be one of the high spots of the activities of the coming week. The bowlers of the Dewey Avenue Business Men's Association, as defenders of the honor of our fair section, have armed themselves to do battle with the bowling elements of the Lyell Avenue Business Men's Association, and a merry battle of three games will decide an almost bitter contest for the championship.

After considerable debate the Dewey avenue defenders have consented to trim the Dutchtowners on their own alleys; hence the battle will take place at the Rochester Liederkranz on West Main street. The day is next Monday, April 15, and the hour will be 8:00 in the evening.

Although Captain Roy Rathke, with the assistance of President Earl Baynes and Directors John Schmanke and Robert V. Hall, has gathered together a formidable array of bowlers, they would like some moral support. They have been warned that Lyell avenue will have a large number of supporters on hand and in case of questionable decisions would be pleased to have some of the big men of the avenue on hand to insure justice to themselves. In other words non-bowling business men will be welcomed

A tentative lineup includes the following in the Dewey avenue team: Captain Rathke, Lotz, Bantel, Bauman, Baynes, Rubadou, C. Martin, Ester, Schubert, W. Moore, Renner, Christie, De Visser, Rogers, that there are several other good bowlers in the association and they are urged to communicate with Captain Rathke before Monday.

BUSINESS MEN HEAR TALK ON

No. 27

A representative of the Alexander Hamilton Institute addressed the Lake and Ridge Business Men's Association at the regular monthly meeting on April 1. The association members heard an interesting talk on retail merchandising. As a result of the success of the first address of this type, it has been decided to invite other speakers of this kind to coming meetings,

The meeting was held at the Parkdale Restaurant and despite inclement weather a large attendance was recorded. Following the meeting a light luncheon was served. During the short business meeting several matters of importance both to the membership and the community at large were discussed. The next meeting will take place on the first Monday evening

Automatic Vibrator Times City Vehicles

An automatic vibrator for cityowned motor vehicles is one of the latest additions to the equipment of the local public works department. The vibrators equipped with a clocking devise and chart are designed to accurately time the movements of the vericle during the day.

This new device records vibrations while the vehicle is in motion and as soon as the vehicle is brought to a stop the pen on the chart registers a perfectly straight line. By this means it is said to be possible to check over the move-Schmanke, Wallace, Barry, Peters, ments of any car operating for the city in a manner such as to insure Hall, and Cy Cramer. It is known an efficient day's work from employees who otherwise are under no direct supervision.

Installation of the vibrator, it is learned, has created somewhat of a stir in Commissioner Harold W. Baker's department. Hereafter it will undoubtedly be necessary for each employee driving about to keep a record of his stops and starts in order that he may account for his activities during the day.

Interesting Historical Tenth Ward Firemen Notes of The Vicinity

Continued from page 1

A school was built at Carthage by group of citizens at a cost of \$500 and rented for school purposes at \$35 a year. Parents were expected to contribute a cord of sound hard wood of suitable length for each child sent to school and if unable to do this, must pay forty cents a cord as its equivalent. The teacher's salary was \$36 for 3 months and he was boarded by the parents -a certain number of days for each child of school age.

What a contrast to our life today and what a distance we have traveled from the cannon or fire method communication to telephone telegraph and radio; from canal boats to steam railroads, automobiles, busses and airplanes; from whale-oil lamps to kerosene, gas and electricity-with such vast progress in our city in one century what may we expect in the next?

John Marshall News

Spring seems to have inspired new vigor in the Hi-Y. The following members have recently been initiated to membership. Harris, Hickey, Mullan, Stevenson, C. Turner and Russell. Election of officers for the next term will take place at the regular meeting, Tuesday, March 26th.

The club is earnestly at work on its new project, a play, to be given jointly with the girls' Tri-Y Club. The play selected is "What Happened to Jones," by Bordhurst. It Hooper, advisor of the Tri-Y. Advanced In Ranks

Among the five members of the Rochester fire department advanced as a part of the fire prevention work contemplated by the city administration are two Tenth Warders, Alfred T. Honan, 257 Lexington avenue, and Emmett V. Connaughton, 790 Flower City park. These two men, heading the eligible list, were promoted from firemen to lieutenants at an increase in salary from \$2,100 to \$2,400. Their appointments are effective April 1st. Under the plan devised by City Manager Stephen B. Story and Commissioner of Public Safety Geo. J. Nier, the men will now be available for relief duty at the various fire houses of the city while the regular officers make inspections of buildings and conditions in their respective sections to acquaint them-

TENTH WARD FLOWER SHOW AT RIVIERA IN JUNE; SEEK ENTRIES

One of the most striking characteristics of the Tenth Ward, the muscles and stimulating blood eir outstanding asset of the section in the opinion of visitors, is the care and development evidenced in the landscaping. Numerous residents of this section take great pride in the upkeep of their home sites; and the hours of conscientious, yet enjoyable, work that have been spent in garden patches and on lawns is reflected in the well-groomed and picturesque setting which greets the nature-loving visitor.

Flowers and their proper cultivation and care play no small part in Parent-Teachers To the beautifying of the community, and it is with this thought in mind that The Courier is inaugurating a Tenth Ward flower show. The flower show is being sponsored by the Riviera Theatre and will be held during the latter part of June in the corridors and on the stage of that theatre.

Included in this issue is an entry blank (to be found on page four) which flower lovers of the Tenth Ward are urged to fill out and send to the Riviera Theatre or to the Tenth Ward Courier, at once. Exhibition space at the show will be allotted only to individuals who be eligible.

VICTOR McLAGLEN IN "STRONG BOY" COMES TO RIVIERA FRI., SAT.

Industrious members of the moion picture classes at the Univerity of Southern California and the University of California, at Los Angeles, took advantage of a holiday period to obtain first-hand information regarding the production of films. They appeared in several scenes of Fox Films' photoplay "Strong Boy," made under the direction of John Ford with Victor McLaglen in the stellar role.

The students entered into their temporary work with a great deal of enthusiasm and good spirit. The fact that they were given the privilege of working in close association with Leatrice Joy, Farrell Mac-Donald, Clyde Cook, David Torrence, Victor McLaglen and the other members of the cast seemed to be compensation enough, but students were paid according to the regular studio scale for extra talent. Aside from doing the required work in connection with the making of scenes, the embryo actors, without exception, devoted all their spare moments quizzing the members of the staff on the technicalities of picture making, "Strong Boy" will be the feature film attraction Friday and Saturday of this week at the Riviera Theatre.

Orchestra Takes First

In Anniversary Contest

Ruth Meyers and her five piece rehestra were declared the winners in the amateur contest of the Liberty Theatre, run all last week as the feature of the second anniversary week celebration. The assistance of Eddie Dawson, popular baritone, and a young man who danced his way into the favor of the audience, were contributing factors in the huge applause which won the first prize of \$50 and probably a chance on the professional stage. Second prize went to young Bobby Vogt and Bethyne Pink, about 19 years of age, who ran the orchestra a close race for first place honors with a dancing and singing exhibition. Other prize winners in order were: Jessie Horne, dancer; Antoinette Peres, dancer; Mary Louise Karnes, singer; H. B. Bowen, tiddler; and the five Marshall Lights (Grace Eves, Erma Saunders, Mary Fowler, Esther Stiffler and Alice Donaghue), dancers.

The nine contestants competing 'or seven prizes Saturday night were picked during the week from 24 acts. Judges in the final competition, who based their decisions largely on the applause of the audience, were William H. Jackson, jeweler; John W. McCarthy of This-Week-in-Rochester; F. R. Metzinger, editor of the Tenth Ward Courier; John B. Moore; and L. Ortlieb, president of the Rochester Music Co.

Historical Background of The Tenth Ward

Nazareth College

When the Sisters of St. Joseph came from Buffalo in 1864 and opened a little house near the present St. Mary's Church for the care of war orphans, they little realized that they were laying the foundation for an educational expansion, the fulfilment of which would have exceeded by far their fondest hopes and dreams,

The good work, started in the little house on South street, grew until it ultimately became the present St. Mary's Boys Orphan Asylum located on West avenue. At that time the bishop of Buffalo was the diocesan superior of the community but with the advent of Bishop McQuaid as the first bishop Joseph came directly under his

In 1884 the Community, whose secured the Pritchard estate, a farm of 72 acres, with a frontage on Lake avenue which would now cover several city blocks, from Alameda street north and extending west as far as the railroad, matches to determine the champion-This included the Pritchard homea palatial residence of reddish prown stone, with a slate mansard stories above the ground.

Rumored Home of Count

With large reception rooms and ate cornices and interior decorations, mantles of black and white marble, it had a regal air which helped to give credence to the tale hat it had at one time been occuof this is not at hand but one of the more modern owners recalls a bullet hole through one of the parlor or drawing room windows and that as a small boy he had been told that it had been made by the count in an attempt to drive away some real or imaginary foe. This may or may not be true but in any case it adds much to the romance of the place.

Immediately in the rear of the 'Castle" was a small white frame house, one and a half stories high and about one room in width, which is said to have been the original homestead.

In the Pritchard "Castle" the Sisters opened a select grammar school for boys in 1884 under the principalship of Sister Aquinas who is today acting in the same capacity. It served this purpose for several years and many of our prominent citizens today recall their boyhood days as boarders at Nazareth Hall. The residence was later deolished when Alameda street was t through to Lake avenue.

DEWEY WINS CROWN AS N. W. CHAMPIONS

The mythical crown of the great Northwest settled itself just nicely on the receptive brow of the Dewey Avenue Business Men last night at of Rochester, the Sisterhood of St. the Rochester Turn Verein and as a consequence the pride of the avenue, were treated to a fine repast at the expense of the Lyell Avenue Mother House was on Jay street, Business Men. Dewey avenue now embraces the bowling championship of the Northwest by virtue of a 50 pin win accomplished by Captain Roy Rathke and his teammates.

This was the final of three ship. Lyell had won the first match stead, better known to the residents on their own allies by a decisive of the day as "Pritchard's Castle," margin, but Dewey came back a week ago to even matters on the Turn Verein alleys. Last night's of, and a tower which extended triumph settles the matter for the season just closed, but judging from the comments and repartee following the finale of the bowling season, hostilities are likely to be halls, ceilings 12 feet high, elabor- continued on the baseball diamond. The location of the new baseball park, although it seems somewhat distant from these parts seems destined to have a considerable effect avenue bridge is now selected, apparently, by nearly every individnal on the west side of the city as the quickest route to the new stadium on Norton street. However, unfortunately, when the mass decides to go the quickest way, the shortest path oftentimes becomes the longest and such is the case at present.

Last Sunday shortly before game time, Driving Park avenue was the least desireable, most clogged-up street in the city. All side streets leading into the avenue, including the Lake avenue boulevard, were jammed to capacity and there was a painfully slow movement in all directions. One would hazard the guess that numerous of the motorists, having arrived in the second possibly longer routes to reach the home of the Red Wings.

Undoubtedly now that the situation has cropped up and is an evident problem, the police will take necessary steps to correct it. Motorists reported, however, that there were no policemen on hand last Sunday, at least not until a late hour, and that as a consequence the SUNSHINE PINOCHLE iam was forced to untangle itself as clumsily as such a traffic calamity is accustomed to untangle itself.

Councilman Nelson A. Milne will ntroduce shortly a resolution callhead and property owners in the affected area will be given the op- club. portunity to say "yes" or "no.' The latter part of the plan however, never materialized.

Sell Plot to Aquinas

Last year the Normal School was removed to the newly erected Mother House of St. Joseph on East avenue and the Nazareth College was transferred to the house on Augustine street. After a complete renovation of the building, and because of the convenient loeation and spacious grounds it finds itself well adapted to the needs of a college.

Six years ago 13 acres were sold to Aquinas Institute. There are 26 acres remaining, comprising a beautiful chestnut grove which at one time had been known as the "Sister's woods" and was the particular delight of the small boys of the neighborhood who found it an excellent place to hunt snakes and gather wild flowers. Not infrequently they were handsomely rewarded by the discovery of an old arrow-head or other Indian relic.

Holds State Charter

Nazareth College holds its charter from the University of the State of New York and is empowered to confer degrees equal to those of the other accredited colleges of the state. There are 125 girl students, which will be deeply cherished. 16 of whom are residents.

Because of the inspiration and forethought of Mother Agnes, the untiring efforts of the Sisters of

Stop and go signals at Flower City park constitute delay to vehicular traffic and unless positively essential, it is not the policy of the safety department to install them. according to the commissioner. When asked concerning the possifility of a wave system, similar to hat in use in the downtown section, whereby signals at Seneca Parkway, Flower City park and Lewiston avenue might be operated on the same control, Commissioner Nier said that the streets were too far apart. Variation in the speed of motorists makes it virtually impossible to set a time between signals when the distance between lights is more than a block or two,

"HEARTS IN DIXIE" COMING TO RIVIERA

When "Hearts in Dixie," Fox Movietone 100 per cent dialogue proluction, is seen and heard at the Riviera Theatre on Sunday, Monday and Tuesday, it is almost certain that the singing of spirituals and folk songs will linger in the memories of auditors for a long

Particularly will this be true of 'Lonesome Road,' the strains of which bring the story to a close. It is a masterpiece of its kind. There is an interesting poetic quality to

Look down, look down the lonesome road.

Hang down yo' head an' cry, The best of friends must part some time,

An' why not you an' 1? True love, true love, what have I done.

That you should treat me so? You caused me to walk and talk with

Like I never done befo.'

The history of "Lonesome Road" somewhat vague. Evelyn Cary Williams, of Lynchburg, Virginia, who has made extensive researches on the subject of folk songs, was unable to trace the origin of "Lonesome Road" other than to find it was taken down from the singing of Charles Galloway, an uneducated worker on roads in Virginia. It is not unlikely that the song will beseveral others.

"Hearts in Dixie" abounds in spirituals rendered by a mixed chorus of sixty voices and faithfully repromedium of Fox Movietone.

GOODWIN TO WITHDRAW OBJECTION

The threatened controversy in the City Council chambers over a reso lution for a new pavement for Dewey avenue in the section between Augustine street and Knickerbocker avenue will fail to materialize Councilman Harry C. Goodwin in an interview with the writer said he will withdraw his objection to the resolution, presented by Councilman Nelson A. Milne at the last session of the Council, when that body meets again Monday evening.

Councilman Goodwin explained his objection to the proposal of the Northwest Councilman as a precautionary check on a move which he thought might have political signifigance. When told, however, that the resolution was merely in the interest of producing action on an improvement that has been lying dormant for a number of years, cording to Councilman Nelson A. Mr. Goodwin readily agreed that Milne, for the widening of Dewey the move was worthy of considera-

Councilman Milne defends his action on the grounds that the resolution method is the only logition is given the consent of the council, an ordinance will be prepared, he explained, and the residents of the street will be given full opportunity to appear. Thus, he said, the matter, which has been dragging since the improvement of the upper end of the avenue from Driving Park avenue to Augustine street, will be brought to a

However, the city the corner, the abutting property will pay all in excess of 26 feet, under present policies and the railroad company is compelled to stand the expense of approximately 19 feet. Thus if a plan is evolved, Re-elect Mrs. Rogers it will undoubtedly be for a pavement of 50 feet such as was laid on the upper end of the avenue.

Our First Birthdau

Just one year ago this week the TENTH WARD COURIER made its appearance at the doors of Tenth Ward residents to be accorded a hearty welcome and at this time is happy to look back upon a successful first year. With this issue volume number one gives way to volume number two and the Courier starts its second year dedicated to the same principles of unbiased news and service to the community.

To its readers who have shown a steadily increasing interest and to the business men of the Tenth Ward who have maintained the newspaper through its first year by investing much of their advertising appropriations in its columns, the Courier expresses its sincere thanks and acknowledgment that without this support the success of the publication would have been im-

Courier Field Definitely Established

We felt at the outset, and assert even more strongly now that a community newspaper has a place in the scheme of things and that there is a definite function for it to perform. To a great extent the city daily paper is the focus and mirror of events and as a consequence takes the spotlight of popular interest. However, in its wide sweep throughout the municipality and surrounding territory, the city daily is unable to devote the space to the chronicling of numerous happenings which to us locally have a genuine appeal. Hence the field of the community newspaper is definitely established.

News, advertisements and editor's comments do not of themselves make a newspaper; there must be a community with an awakened community spirit and pride if a newspaper is to thrive and grow. There are undoubtedly sections in this city and elsewhere that would not and could not support a newspaper, for the news sheet increases in value only as it is fed.

In other words there must be activity and life, leaders and followers, doers and doings if a community newspaper is not to be barren of those elements of interest which attract the reader and in turn inspire residents of the section to greater activity. From this point of view the Tenth Ward certainly measures up to the highest standards of Rochester and despite the fact that we may stand indicted for a touch of egotism we say we are proud to be part of the community.

Local Stores Have Appeal

The local business man is most vitally concerned in this community development, because progress and advancement will reflect themselves in the continued growth of his volume of business due to the fact that more people are certain to buy in the neighborhood. People gradually begin to discover that their patronage is necessary if business houses of the community are to thrive; and once they make this discovery they soon find that many of their needs are supplied as adequately here and indeed much more economically than in the far fields of downown stores whose charm is enhanced by distance and size.

Consequently Tenth Ward merchants have found it increasingly advantageous to advertise to their community. The Courier, distributed regularly every other Thursday to more than six thousand homes in the ward at no cost to the readers, is the logical medium and continuously this publication is proving its value as a business-getter.

More Communications Desired

From the community service point of view the Courier has begun to show its possibilities. It has swung its support behind numerous community projects and has endeavored to co-operate fully with all Tenth Ward organizations and to render them service in the way of publicity. The activities of all agencies working for community progress have found a centralizing which they may promulgate a genuine interest in community affairs.

We have had numerous encouraging comments and still more numerous suggestions concerning the work of the Courier. We thrive on criticism, pro and con, and we welcome this evidence of a developing reader interest. As a matter of fact we should like to encourage more communications whether for publication or not and also requests for service.

NEWSPAPER "MORGUE" NO LONGER A DROWSY, DUSTY RECORD FILE

Mrs. Joan Lynn Schild of Pullman avenue returned this week from Washington, D. C., where she attended the sessions of the American Library Association as a representative of the Rochester Times-Union. Mrs. Schild is librarian on the local daily and has been responsible for many of the improvements in the "Morgue" system of newspapers. The article below was written especially for this newspaper by Mrs. Schild.

He was an editorial writer and he was writing something about smoking. He came into the library and asked "What does the President smoke?

Almost at the same moment a rewrite man came rushing to the "Got to make an edition," he shouted to the librarian. "What was the name of that American girl who danced a lot with the Prince of Wales when he came over here several years ago? Not on last trip,

The librarian consulted the index and the writers got what they wanted and were off in a rush.

So much for the demands to-day upon the newspaper library. It is hard to realize that only a few years ago everything about the Prince of Wales would be bundled up in one big batch, labeled "Prince of Wales" and dumped in a big drawer somewhere under the designation "W." It meant in those days, digging through hundreds of newspaper clippings and magazine cuts until the one article which might contain the desired information was found. Often hours would be consumed looking for a bit of detail buried somewhere in that mass of mate-

Blaim Lindbergh

Now things are different. No more hit-or-miss guesswork nor ireless searching through oodles of clippings. Ask the librarian for exactly what is wanted and lo! in a very few minutes you have it,

When asked what had brought about this change in the newspaper 'morgue" one librarian expressed it naively: "Lindbergh did it." Poor Lindbergh, he has been responsible for everything that has appened in the last two years exept the Mississippi flood. "It's a ect," the librarian went on to ex-

"There's been more stuff published Indbergh than perhaps any other man in a generation, not excepting he Prince of Wales and President Toolidge. Virtually everything and deep he came the subject for newspaper or magazine story. His tip across the Atlantic; his reception n. who had spent his best years "up stairs" and had been given the jol as morgue keeper as a nice, soft snap in appreciation of long years of service. He didn't need to know much except to clip from the newspapers and magazines material that might be useful later in compiling "obits" of famous men and women or in re-hashing stories of big events and their dates. When the Hon. Hugh Blank died

there was a hurry call to the "morgue" to dig up "all you've got on him." And all you usually got was a few clippings giving dates of his birth, a story of his wedding, his family connections and family connections and a refe some important event in which he

to some important event in which he might have had a part.

The reporter grabbed these bits of information, tacked it onto a lead story telling of the Hon. Blank's death, the city desk slapped in a cut and let it go at that. But that day is done. Readers of newspapers these days want more than m these days want more than mere dates and chronological facts. They want human interest—the "inside stuff," the sidelights on personalities and things and events.

Seek Human Interest

The public would rather read a sob story about a dog or get a look be-hind the scenes in the life of a famous character than a chronological record of a person's public career. It would rather read the "insides" of Betty Chalfonte's divorce action than wade through the story of an earth-quake in Patagonia or the discovery of a new solar system.

Historical Background of The Tenth Ward

The Toll-Gate

On the south side of Driving Park Avenue, just west of Eyer's Store, stands a little cottage-not an imposing landmark but one which is reminiscent of the pioneers' days of Rochester, when our ancestors, lacking the more easy means of locomotion of today, were content to bump their way over the logs of the old plank road, considering themselves fortunate indeed if they arrived at their destination without having to be pulled out of the mud or losing a wheel.

The little house, better known as toll-gate house, stood on DEWEY AVE. DROPS Burke's hill between what are now Augustine and Alameda Streets and was occupied by the keeper and his family.

Historical Background Of The Tenth Ward

Continued from page 1

There were four different gate eepers but the fourth and last one, Harry Culp, may well be remembered by many residents of the Tenth Ward. Before he took the iob Mr. Culp was a street car conductor. He tired of funning cars and thought the change would be Miss Rose Wieser of Lake View pleasing. With his wife and pet park, has left for New York to dog he settled down in the old toll spend some time with Mrs. Ella house. When the Charlotte Boulevard was sold to the county, there were no more tolls collected, and no gatekeeper was needed, so Mr. Culp lost his job.

Stephen Stace was manager of the boulevard-a position which he had held since the old roadway was transformed into a boulevard. At that time it was known as the Plank Road and was in fact the only road by which people of Charlotte could get to town. Mr. Stace first conceived the idea of a boulevard and after four years' hard work succeeded in getting it built.
