PETITION FOR BRANCH LIBRARY ON DEWEY AVE. SENT TO COUNCIL

Developments of the last week indicate that Lake avenue will have some opposition in its endeavor to hold its branch public library. A petition has been circulated calling for the location of the library on Dewey avenue and it was presented to the City Council Monday night with about 300 signatures attached.

Until a short time ago, it was believed that the site of the new branch had been settled. When the approach to the Ridge road bridge is completed some time this year, there will be a triangular plot of ground isolated on two sides by the divided approach to the bridge and facing on Lake avenue. It was here that it was planned to place the library. The trustees of the public library system are said to be in favor of this site. Members of the Lake and Ridge Business Men's Association want the library at or near its present location, although not necessarily in the triangle.

However, the individuals responsible for the circulation of the petition calling for the transfer of the library facilities to Dewey avenue are said to base their petition on the recently formulated city plan for libraries. Under this plan, branch libraries are to be located at least a mile apart and apparently in the center of population of the district which they are to serve. Each branch supposedly is to serve an area included within a half-mile circle.

Councilman Nelson A. Milne favors the Dewey avenue site for this reason also, and it is believed that he will ask the trustees to recommend a Dewey avenue location. Inasmuch as the Council must appropriate the money for the new library, the trustees may be influenced by Mr. Milne's opinion. The John Marshall High School property is definitely eliminated, according to Mr. Milne, who says that if the branch should be moved from the Lake avenue section it will be located on Dewey avenue.

Another statement of the Councilman indicates that the Dewey avenue location would be at least a mile from Driving Park avenue. Mr. Milne states that he has been working for a branch library at Dewey and Driving Park avenues and that it has been promised providing it is at least a mile from any other branch.

Team is Organized

The Wichman Drug Basketball team, recently organized, has won two out of its first three games. They have defeated the Royals, 25 to 12, and the Orioles, 58 to 17. They were beaten by the Samson United team, 31 to 26. They are looking for games in the 135 pound class and ask other managers to phone Glen. 4799-M.

Players on the team are Bill Britton, Red Tracey, Jim McKean, Jim Donaghue, Tom Harper, Chee Cheatham and Shorty Hollaert. Harold Donnelly is manager.

RIDE TO ATLANTA WITH PRISONERS

Invested with the authority of special U. S. Deputy Marshalls, three Tenth Warders were due to arrive in Atlanta, Georgia today, locked in a coach with a group of federal prisoners. The three who among others were given the job of turning over the prisoners to the Atlanta warden, are George A. Bauman, Gerard C. Hahn and Edward Kraus.

The key was turned in the lock yesterday morning before the train pulled out of Rochester and the deputies as well as the prisoners were in safe keeping until someone down in Atlanta furnished a duplicate key to let them out.

Mr. Bauman, of Bauman and Baynes, is said to be gathering material for his forthcoming book, if he arrives at Atlanta all in one piece; is not mistaken for one of the prisoners and arrives home safely.

Republican Women Hold Regular Meeting Tonight

The regular meeting of the Ladies Division of the Tenth Ward Republican Club will be held tonight in the clubroom at 8 o'clock. There will be a speaker, who will address the ladies after their business meeting. All members are urged to be present.

The Wednesday afternoon card parties of the ladies are again a popular feature of the club's activities. Mrs. Anna Clifford was hostess at the party held yesterday afternoon.

L. C. B. A. INSTALLS

OFFICERS FOR 1931

Branch 545 of the L. C. B. A. installed their officers for the year 1931 last Friday evening. The meeting was held at their rooms in Holy Rosary School.

The newly elected officers are: Mrs. Mary Ball, president; Mrs. Esten Down, 1st vice-president; Mrs. Margaret McCarthy, 2nd vice-president; Mrs. Amelia Swanton, treasurer; Mrs. Irene Jast, financial secretary; Mrs. Alexander Culhane, recorder.

After the business meeting twenty one members who were present went to the home of Mrs. John McCarthy of Brozel street where they were served a banquet supper in honor of the occasion.

MOVEABLE CONSOLE FOR ORGAN EVOLVED BY EDWARD C. MAY

For the past two weeks, workmen have been busy in the pit and on the stage of the Liberty Theatre preparing for the first public showing of a moveable organ console. The result of their work was displayed last week with Edward C. May, co-designer in conjunction with Arthur C. Kohl, at the console.

By means of a huge cable system, the console now may be moved to any part of the stage or completely off-stage as desired and if the organist so wishes, the organ may be

EDWARD C. MAY

played while moving. The idea was conceived by Mr. May, manager of the Liberty Theatre, who called in Mr. Kohl, designer of many organs now installed in Rochester, to assist him in the technical details.

A workman is said to have walked five miles in the pit of the theater, laying each connecting wire in the cable. There are 2100 various stops, combinations, keys, etc., on the organ and therefore there had to be 2100 individual wires. Each of the wires had to be rung out to insure its being connected right and the man doing the testing had to be relieved at short intervals because over a short period of time his body would become heavily charged with electricity and would effect the accuracy of the "ringing."

One of the largest organ manufacturers is sending a representative to inspect the system evolved, according to Mr. May, who states that this is the first time to his knowledge the movement of any organ back and forth on a stage has been attempted.

Joseph J. Winkler of Augustine street has returned to Massachusetts Institute of Technology, where he is a junior, after spending the holidays with his parents.

After the supper the ladies presented Mrs. Laura Skinner, the retiring recorder, who has served for the past 11 years in that office, with a leather purse, in appreciation of her untiring effort and loyalty to the work of the L. C. B. A.

"TOM SAWYER" AND "MIN AND BILL" AT RIVIERA THEATRE

Every boy in America who wants to be an actor can well envy Jackie Coogan and Junior Durkin, for this talented pair today sit on veritable thrones of boydom.

They are Tom Sawyer and Huck Finn in Paramount's splendidly faithful filmization of Mark Twain's immortal classic, "Tom Sawyer," the feature tomorrow (Friday) and Saturday at the Riviera Theatre.

It is reasonable to suppose that if a canvass of all boys in America were taken to learn what roles they would prefer to play on the screen, the answers would be overwhelmingly in favor of "Tom" and "Huck."

For there are no other characters in fiction who better represent the ideals of boyhood than these two.

Marie Dressler and Wallace Beery, who have scored repeated successes in separate vehicles, are now to be seen in their first co-starring picture, "Min and Bill," which will show for 3 days starting Sunday.

The picture is based on Lorna Moon's powerful novel of the waterfront, "Dark Star." Information is that Metro-Goldwyn-Mayer, in seeking a story suitable for the combined talents of its two popular players, selected the late Miss Moon's novel for its wide opportunities in both the field of comedy and serious work.

That the two players are as equally at home in the one field as in the other was evidenced in the startlingly contrasting roles played by Miss Dressler in "Anna Christie" and the subsequent "Caught Short," and by Beery in "The Big House" and "Way for a Sailor."

Business Men Discuss

Postoffice and Library

The new officers were in charge at the January meeting of the Lake and Ridge Business Men's Association held Monday night. A large number of the business men were on hand to greet President Harvey Johnson and his staff of officers.

The possibility of a branch post office at the corners was discussed as well as the location of the new branch library. In discussing the business situation, it was stated that the American householder can buy 30 per cent more for his dollar now than at any time since before the war. The next meeting of the association will be held on Monday, February 2.

Leventon to Address

Camera Club Tonight

Alexander Leventon will address the Kodak Camera Club at its regular monthly supper meeting tonight. His subject will be "Some European Photographers I Have Known," and he will exhibit a number of individual collections of prints, which he was given by several famous European pictorialists while traveling last summer. Mr. Leventon is well-known in the field of music as well as in photography, at present being second concert master of the Rochester Philharmonic Orchestra.

A three-lesson course in dark-room work will be given on three successive Wednesdays beginning January 14. Those taking the course will bring their own exposed films and will be instructed in developing, printing and enlarging.

Harry Fisher is in charge of the hike which will be held by the club on Saturday, January 17 to Durand-Eastman Park. If the weather is favorable the hikers will bring their skis and toboggans in addition to their cameras.

REPUBLICANS PLAN SMOKER FOR JAN. 16 TO ASSIST UNEMPLOYED

In an effort to assist the general movement for aid to the unemployed, the newly organized Lower Tenth Ward Republican Club is arranging plans for a smoker and entertainment which will be held a week from tomorrow night, January 16, in the Assembly Hall at Edgerton Park. Councilman Nelson A. Milne is general chairman of the committee in charge, assisted by the entire membership of the club and a number of prominent men outside the ward.

Mr. Milne announces that the entire proceeds of the smoker, which is to be for men only, will be used to assist the unemployed of the Tenth Ward. The money will be placed in the hands of the general welfare committee of the club to be used at its discretion. Tickets are being sold at 50 cents and may be obtained from any member of the club as well as at the door.

Heading the program for the evening will be a boxing card of six bouts. The card has not been entirely arranged, but William Doane, who is the head of this committee promises that the fighters will be well-matched and worth seeing. All are to donate their services for the night. In addition to the boxing, there will be a number of special entertainment features on the stage under the direction of Bert Meyers, chairman of the committee on entertainment.

With about 2,000 seats to fill at the entertainment and smoker, members of the club have been asked to work harder than on any previous project and if possible to produce a capacity house. Although the affair is being run entirely for charity, Mr. Milne promises that everyone who attends will receive full value for the price of his ticket and in addition will be assisting in the general movement for the relief of the unemployed.

MAPLEWOOD Y. M. C. A. Camille Irving Pupils

NEWS ITEMS

The Maplewood Y. M. C. A. was a veritable beehive on New Year's Day, from 9 o'clock in the morning until 10 o'clock at night. The highlights on the program were: the Archery Shooting exhibition given by W. C. Worthington, Alfred Johnson, Charles Bosworth and his son, Robert, who are all members of the Rochester Archery Club. It was with uncanny accuracy that they hit the bull's eye so consistently. Interest in Archery at the Maplewood Branch is increasing and when weather permits, the athletic field facilities will be used for range shooting.

A picked volley ball team was organized from the business men's class and entertained a similar group from the Arnett Branch of the "Y." Although the Arnett aggregation seems to have a higher developed skill in this sport, Maplewood managed to trim them in three straight games to the score of 15-13, 15-12, and 15-7. Members of the Maplewood team were as follows: Alan Martin, William (Pete) Manhold, Chester Pero, William Pero, Elmer Quin and Donald MacDonald.

The Maplewood Bowling Team did not fare so good against the Hart team of the Buonomo League. The first two games were comparatively close; Harts 869, Maplewood 800. Harts 832, and Maplewood 813. The third game was a walk-away for Harts, 948-779. Ed Bartle of the "Y" team was the individual star, rolling 636 pins for an average of 212 a game.

One other interesting event was the swimming exhibition rendered by Charles Mercer who for the last three years has been a member of the Yale Swimming Team and was a member of the team sent to Honolulu last summer to participate in a swimming meet with Japan. Herb Bentley, former city champion and George Mercer, brother of Charles, together with a number of other boys, provided a good show of stunts, a variety of swimming strokes and a varied diving program.

On New Year's morning, tournaments were conducted for the boys' membership in billiards, ping pong, checkers and a game called "thirty-three." Frank Eigabroadt was victorious in ping pong with Vernon Curtis as runner-up. Weller Evans was winner of the billiard tournament and Charles Dumrese, runner-up. In checkers, Jack Miller was

CHURCH CHOIR HOLDS THEATRE PARTY HERE

the winner with Bertram Green a close rival. In thirty-three, Robert Friday took the honors with Howard Amo a close second.

In the boys basketball game, the Hornets defeated the Streaks to the tune of 26-3. However, the game was much closer than the score indicates. In the foul shooting contest conducted during the holidays, Albert Hamm won in Class C, 12-14 years of age. In Class B, 14-16, Lance Phillips scored the most points and in Class A, 16-18, Harold Smith scored 38 points making 13 out of 15 shots from the foul line. Sixty boys participated in this activity alone.

Now that the holiday season is over, the regular program will get back into stride and the various boys' and mens' clubs will resume operations.

Pupils of Miss Camille Irving again entertained the residents of the County Home for the Aged on December 20. Her junior orchestra played and piano selections were given by several of the pupils. Mrs. George M. Barnes assisted in the program with several humorous stories and Mrs. Carl Otis rendered vocal selections.

Pupils taking part were Martin LaForce, Jr., Kathryn Blind, Isabella Bates, George Rudenauer, Bruce Darling, Emma Barberi, Louise La Barth, June Weingartner, Muriel Lenz, Robert Paul, Clark Fellers, Alvin Mumby, Charles Dispenza, Hilda O'Hare, John Shoen, Irvin Towers, Russell Howard, Jack Potter, Mary Heim, Lillian Dalberth and Anthony and Weddell Vachetti.

HICKORYNUTS SMITE UPPER DEWEY KINGS

Rising to their greatest heights of the season, the tailend Hickorynuts smote the mighty Walnuts and walked off with three straight victories Monday night to tighten up the race in the Upper Dewey Bowling League. The Walnuts still hold first position with the Cocoanuts and Hazelnuts tied for second.

A two weeks lay-off was reflected in the scores and as a consequence the individual averages suffered. Earl Baynes was high man with a total of 520 followed by Joe Miller with 517. Scores Monday night were as follows:

FOUNTAIN PEN RACKET

"This certificate and 69c entitles the bearer to one of our genuine \$3.00 self-filling fountain pens," reads the form of a certificate in the advertisement.

The pens are usually not worth more than the price asked and are made of cheap materials and are often poorly constructed. They are often made in designs and colors to resemble high-grade pens which are advertised nationally. Sometimes the promoters use names resembling the names of well-known and well-regarded pens.

Ask yourself the question—How can the pen be worth \$3.00 if they are asking only 69c?

**McLAGLEN PICTURE,
"ANIMAL CRACKERS"
"BROTHERS", LIBERTY**

The latest novelty in Central American revolutions furnishes the background for Victor McLaglen's newest comedy drama for Fox Movietone, "A Devil with Women," which shows at the Liberty Theatre tonight and tomorrow.

The picture shows a new McLaglen, a more human and infinitely more likeable character than in anything he has done since "The Black Watch." A typical soldier of fortune, a captain in the federal army of a little banana republic, the star's role is made particularly convincing by reason of its similarity to his own past career. He merely has to "be himself" and he makes a splendid job of it.

As a captain in the forces of a small republic on the Caribbean, McLaglen manages to embroil himself in plenty of exciting adventures, ranging from attracting the smiles of various señoritas to a thrilling jail break and a desperate battle against a bandit leader.

Another of last year's successful stage plays has been brought to the screen. It is "Brothers," the Columbia dramatic vehicle with Bert Lytell in his original dual impersonation role. "Brothers is to appear at the Liberty Saturday only.

The stage play was considered one of last season's brilliant successes. It ran for eighteen months on Broadway and the road. The film is even more thrilling than the play. Bert Lytell fascinated the audience with his clever dual portrayal.

The "prettiest girl" from each of fifteen Broadway musical comedies, is introduced on the screen in "Animal Crackers," Paramount's second all-talking feature for the riotous Marx Brothers. This button-busting follow-up to "Cocanuts," shows Sunday and Monday.

That number of girls was required to make up the pulchritudinous background of the production. So the casting director, desiring to out-Ziegfield Ziegfield, let it be known at the various New York theatres that the prettiest girl in each chorus could have a part with the Marx Brothers and still continue their stage work.

Since working with the Marxes is one of the ambitions entertained by every chorine, many came but few were chosen at the New York studio.

The fifteen selected worked at the studio in the daytime and on Broadway at night, and comprise a motion picture chorus which would make the glorifier of the American girl weep with envy.

It is said to be such an eye-dazzling array as to make lady-killing sheiks sob from sheer futility, and send strong truck drivers home with remorse in their eyes, and prettily be-ribboned boxes of bonbons for their wives.

SWITCHING

Many of the questionable stock-selling gentry, unable to dispose of valueless certificates in new promotions, have turned their attention to stock switching.

Victims of former questionable stock promotions holding worthless or nearly worthless certificates, or persons whose securities have shown great shrinkage in the recent market decline, are the most likely victims. A hope that they are being presented with a chance to get something out of unwise or unfortunate investment blinds them to the real purpose of the exchange. This is to switch them into other securities of problematical value with, of course, enough cash in addition to make the transaction extremely profitable for the stock operator. Such activities are carried on hurriedly so that the victim will not have a chance to inquire first as to the markets of the securities being offered in the trade.

Defrauding the Unemployed

The unemployment situation is acute at this time. The gyps have even taken this plight as a means to further their own interests. Certain individuals are using the mails, holding out to those seeking work the possibility of employment on Boulder Dam Projects. In this connection the Department of the Interior has the following to say: "Of one thing the public should be warned, and that is the unwisdom of going to the dam site in the expectation of getting work without ample provision to meet the emergency, should this expectation fail. The dam site is located in the midst of a great desert with few inhabitants and slight opportunity for other employment than that which it may afford. Employment will develop only as contracts are let, and ample notice will be given when opportunities for work present themselves."

MASS MEETING TOMORROW NIGHT TO DISCUSS LIBRARY, HIGH SCHOOL

A mass meeting for residents of the Tenth Ward and the Northwest district is to be held tomorrow night, January 23, at 8 o'clock in the club rooms of the Lower Tenth Ward Republican Club at the Ridge Road Amusement Hall, Lewiston and Dewey avenues.

The meeting is to secure the sentiment of the people in the Northwest District on the matter of a new high school for John Marshall, according to Joseph Kaufman, who heads the committee.

The question of whether or not a library shall be placed in the triangle at the approach of the new bridge at Lewiston avenue and Lake avenue or at some other place in the ward will also be brought up for discussion. The members of the Lower Tenth Ward Republican Club are sponsoring this meeting.

Charles H. Wiltsie, Chairman of the trustees of the Rochester Public Libraries, William F. Yust, City Librarian; and Councilman Nelson A. Milne, Charles E. Bostwick and Richard Baybutt of Kodak Park are among those who have been invited to speak. Invitations have also been extended to the Lake Avenue Business Men's Association and Dewey Avenue Business Men's Association.

Mr. Kaufman's committee includes Robert Zimmerli, Darwin Sherman, John Shearer, Donald N. Morris, Bert Meyers, James Howell, Sherman Pierce, Nelson A. Milne, Charles E. Bostwick, John Mackin, Joseph Culhane, Michael Culhane, William Stell, Sr., Frederick H. Hacker and Clarence Piehler.

Former Prima Donna

Now Resident Here

An interesting Tenth Ward personality is Mrs. Ruth Benton Rackmil of 1186 Lake avenue.

Mrs. Rackmil was formerly prima donna of light and grand opera companies, and has traveled and sung abroad extensively. She gave 18 months in war-time service overseas with the A. E. F., and has been abroad several times since then. Last May she went to Paris as a delegate from the Rochester Unit of the Women's Overseas Service League.

Mrs. Rackmil's daughter, Miss Edythe Rackmil, went abroad with her and studied two years, chiefly in Paris, where her mother had a studio. She is now engaged in art work in New York City.

Mrs. Rackmil has now opened a gift studio in her home at 1186 Lake avenue, corner of Rose street (entrance on Rose street). Here she has a beautiful collection of framed etchings, high-class linens, potteries, china, and other unusual items which she has imported herself. Her many trips abroad have given her the experience of knowing where and how to purchase the best in the market at reasonable prices, which the ordinary tourist is unable to do.

Prices range from 50 cents upward, and the articles may be used

"THE DANCERS" AND "ANYBODY'S WOMAN" LIBERTY FEATURES

Lois Moran, whose first audible screen role in "Not Damaged" revealed her full dramatic talents, is again seen in the role of a modern girl beset with love's enigmas in "The Dancers," which is the feature at the Liberty Theatre tonight and Friday. Miss Moran is supported by Phillips Holmes, Walter Byran, Mae Clarke and Mrs. Patrick Campbell.

Richard Arlen is an historical western character in "The Santa Fe Trail" coming Saturday only. He is a hero of the sheep-raising country who goes through several pitched battles with cattlemen of Kansas and New Mexico at the time the western empire was expanding shortly after the Civil War.

This is a talking version of Hal G. Eyarts' novel, "Spanish Acres." A rare treat is promised for Sunday and Monday.

Ruth Chatterton and Clive Brook will appear in another fascinating talkie—one which is said to contain an even greater amount of dramatic and romantic punch than the two earlier successes of these capable favorites.

The picture is "Anybody's Woman." It is the story of the vagrancies of a misfit marriage.

Harry Russell Starts

Own Radio Servicing

Harry Russell of Lake View park announces his own radio service in this issue. He has been radio repair man for some time with a Rochester radio dealer and in addition has been doing servicing at times for friends in this locality.

However, his local service has grown to such proportions that he has established his own business here in the Tenth Ward. He says it is his desire to give a fast and efficient service, especially in the evenings.

AUBURN ATTRACTING ATTENTION AT SHOW

With attractive new models in a considerably lower price range, the new Auburn eight is one of the sensations of the Auto Show, according to Robert V. Hall of Hall's Sales and Service, Dewey avenue Auburn dealer. Mr. Hall joins other Auburn dealers in predicting the greatest year Auburn has ever had.

New type bodies and chassis with a 98 horse-power motor, made by Lycoming, together with numerous improved features have been put into the new car despite a lowered price. Free wheeling is provided in many of the models and all the various body styles have a wheel base of 127 inches. The Auburn also has two-way hydraulic shock absorbers.

Tenth Warders who are interested in the Auburn, whether they have seen it at the show or not, are invited to a demonstration by Mr. Hall, who for the past 7 years has had an automobile showroom at 1850 Dewey avenue. Mr. Hall states that of the numerous cars which he has sold, the 1931 Auburn with its many new features is unquestionably the outstanding car of the automobile industry.

Chevrolet Chronicles

Heroic Airplane Aid

Using his airplane as an ambulance and flying to safety and medical aid 18 Marines wounded in Nicaragua, won the Congressional Medal of Honor for Lieut. C. Frank Schilt, hero in this week's "Chevrolet Chronicles" program scheduled for WHEC on Friday, January 30, at 9 p. m., according to announcement by Cunningham-Joyce, local Chevrolet dealer.

Three lives saved and relief brought to others in desperate need, the official citation says, resulted from Lieut. Schilt's "extraordinary heroism distinguished by conspicuous gallantry and intrepidity at the risk of his life," in January, 1928, during the Nicaraguan trouble in the town of Quilali. Marines succeeded in taking this town, which lies like a cup in the hills, but at a sacrifice of a number killed and wounded.

Absence of roads or transportation equipment meant further fatalities unless the wounded could be removed to a relief base thirty miles distant. Although no level expanse offered a landing field, planes zooming over

NEW GRAHAMS BEING SHOWN BY MARKHAM

New model Grahams are being shown at Markham's Garage on Dewey avenue, local dealers.

The exhibit includes several body types on the four chassis models which comprise the new Graham line. Of particular interest is the Special eight, an entirely new chassis model, 120-inch wheelbase, with an engine developing 85 horsepower.

Chief of the mechanical improvements is the synchro silent four-speed transmission, used in the Special six and the Special and Custom eights. The Grahams are the only four-speed cars equipped with a synchronized gearshift device, which adds the advantages of positive and silent gear changing to the wide range of driving ratios made available by four speeds.

Those who visit the Auto Show find the new models strikingly restyled. Marked improvements have been made in the front-end appearance, through the adoption of a new ensemble of radiator, headlights and humpers.

The models exhibited will run a wide range in colors, all being of deluxe finish, with the fenders, visors, running board aprons and all other exposed metal work in colors harmonizing with the bodies. Chromium plate is used generally on all models, not only on the radiator and headlamps, but on such features as tail lamps and brackets, hood hinge mouldings, visor brackets and running board bindings, as well as on the tire retaining rings and lugs.

SORORITY TO HOLD CARD PARTY NEXT SATURDAY

the town dropped picks and shovels with which the occupational Marines widened the fifteen foot trail in the center of the town into a rocky uneven field.

Lieut. Schilt dipped into this mountain hole and literally dropped his plane on the rock floor, so that it bounced thirty feet, observers said, and finally came to rest at the end of the bluff-bordered runway.

Democratic Leader

Now Recuperating

Thomas E. Moran, prominent Tenth Warder of Lake View park, is reported as well on the road to recovery after a serious seige of illness which has confined him to his bed for several weeks. Suffering from double pneumonia, he has been under the constant care of doctors and nurses.

Mr. Moran is prominent in local Democratic politics, being leader of the Tenth Ward and Executive Committeeman. He holds the position of harbor master.

JOHNSTON BAKERY

IS REDECORATED

Among the most difficult tasks in the bakery business is to paint the store in which the baked goods are sold, is the opinion of Herbert A. Johnston, owner of the Johnston Kleen Bakerier. The odor of paint seems to be especially distasteful to patrons of this business, he says.

Mr. Johnston has just completed the redecorating of his store at 827 Dewey avenue. The painter started on New Year's Day, continued the following Sunday and completed the job on the next Sunday, to obviate as much as possible the accompanying paint odor.

In redecorating, Mr. Johnston used the color scheme which is now uniform in all his stores, Nile green and golden brown. Craftex panels were set in the counter fronts and the walls were glazed in a tiffany blend. The background of the show windows were also considerably enhanced with the addition of leaded windows.

Lake and Ridge Ass'n

The regular monthly meeting of the Lake and Ridge Business Men's Association will be held Monday evening, February 2, at the Lake ave office of the Lincoln-Alliance Bank. In addition to regular routine business, a speaker is expected to be present to address the business men.

Mrs. Schild Re-elected

By Democratic Women

The Tenth Ward Women's Democratic Club held its monthly meeting Wednesday evening, January 15, at its headquarters on Driving Park avenue. The following officers were re-elected for the coming year: President, Mrs. Joan Schild; Vice-president, Miss Susie Jeffrey; Secretary and Treasurer, Mrs. Bessie Cowells; Hostess, Mrs. Carolyn Moran.

Plans were made at the meeting

"JUST IMAGINE" AND "MOROCCO" TO SHOW ON RIVIERA SCREEN

"Tol'able David," the all-talking version of Joseph Hergesheimer's famous novel, is scheduled to come to the Riviera Theatre Friday and Saturday as half of a double bill.

An imposing cast of screen celebrities was assembled by Columbia Pictures, the producers, to interpret the familiar characters of the novel. The title role is handled by Richard Cromwell. Others in the cast are Joan Peers, Noah Beery, Henry B. Walthall and George Duryea. John G. Blystone, famous director, handled the production.

Harry Langdon has mastered a new art, that of shivering, and his success in "See America Thirst," the other Friday-Saturday feature, depends to a great extent on this new accomplishment. "See America Thirst" is a breezy, fast moving satire on American gang life with Langdon, Slim Summerville, and Bessie Love in the principal roles.

"Funny business is a serious proposition."

El Brendel, the famous Swedish character comedian, who has a leading role in "Just Imagine," coming Sunday, Monday and Tuesday, is authority for the statement.

Brendel should know whereof he speaks. He is a veteran of the musical comedy and vaudeville stage and has been in pictures a year, arousing gales of laughter with his comic characterizations.

The talking screen has found its voice of love in "Morocco," in which Gary Cooper, Marlene Dietrich and Adolphe Menjou will be seen next week Wednesday and Thursday. At infrequent intervals the motion picture industry produces a super-picture, one achieving the rare combination of power, sweep, artistry and universal appeal. "Morocco" is such a picture.

This "Gang" work is promoted by the Boys Department of the Maplewood Branch, serves to give the sixty boys participating a worthy past-time for a few hours and also as a medium to introduce the boy to the Y. "HELL'S ANGELS" FEATURES AT RIVIERA 5 DAYS STARTING SUN.

An event of more than usual significance is the coming of "Hell's Angels," the most outstanding film achievement of all time, to the Riviera Theatre on Sunday for a 5-day run.

"Hell's Angels" is the stupendous drama of air-war which Howard Hughes produced and personally directed at the staggering cost of \$4,000,000, and which required three years of continuous filming to complete.

It is admittedly the ace spectacle of wartime aviation—a graphic glorification of the World War in the air.

According to most critics it is the supreme revelation of realism—the first authentic reproduction of the exploits of both Allied and German airmen during the World War.

More than 100 daring pilots, including many of America's foremost stunt flyers, took part in the thrilling air battles which are a spectacular feature of "Hell's Angels."

A flying fleet of exactly 87 real wartime planes, including a giant German Gotha bomber and a German dirigible, were brought together from all parts of the world and flown in this picture.

"Love in the Rough," which will come to Riviera tomorrow and Saturday is a picturization of the stage musical comedy, "Spring Fever," by Vincent Lawrence. It has, however, new dialogue and a complete new musical score by Dorothy Fields and Jimmy McHugh.

The production is of particular interest in featuring Robert Montgomery, whose rapid ascent to film popularity has resulted in rumors to the effect that he will be starred in his next picture.

PRE-SCHOOL PLAY GROUP ORGANIZED

Mrs. Hilda D. Hickey is organizing a play group for children of 3 and 4 years, which she will conduct daily in her home at 2227 Dewey avenue. The group will meet daily from 8:45 to 3:00, with a half day class for those children whose parents do not care to leave them for the full day. The school has the endorsement of Dr. Hazel M. Cushing, under whose direction a similar group has been organized in the public school system.

The group is organized as a pre-school training with special attention a correct habit formation. Considerable of the morning period is spent in out-door play. In the middle of the morning, the youngsters are given orange juice, lunch at noon followed by a nap and then a lunch of crackers and milk.

Mrs. Hickey is a graduate of the National College of Education at Evanston, Ill., kindergarten school. She has studied theory under Dr. Cushing and for the past 6 months has been working under Miss Hazel Gabbard at the nursery school of the public school system on Averill avenue. She expects to start her class next Monday.

COUNCILMEN TO SEE JOHN MARSHALL HIGH SCHOOL, WEDNESDAY

Numerous Tenth Warders were present at the meeting of the City Council Monday night to state their opinions in regard to a new John Marshall High School. The finance committee, composed of Councilman Milne and Vice-Mayor Isaac Adler, conducted the hearing and concluded that rather than make any recommendation themselves they should lay the matter before the entire Council.

It was agreed that the eight members of the Council should meet next Wednesday morning and inspect both John Marshall and Charlotte High Schools. Following this inspection, the Council will meet again Friday morning at 11 o'clock to make a decision on how much, if any, money is to be appropriated to the Board of Education, which is requesting \$3,500,000.

Councilman Louis Foulkes agreed with Councilman Milne that the condition at John Marshall High School was unsatisfactory. He was joined by a number of the Tenth Warders present, all of whom urged that the appropriation be made. The only objection made was in the matter of financing, further information on this subject being requested from Comptroller Clarence Higgins by City Manager Stephen B. Story. Mr. Adler had stated that action by the city would depend on the extent to which it could reasonably proceed and remain within its bonded indebtedness.

GREECE POST IS GIVEN CITATION

A citation has been received by Greece Post, No. 468, American Legion, from national headquarters for membership enrollment, according to John W. Baybutt, post commander. The Greece post had an enrollment for 1931 equal to its 1930 membership by Dec. 1 and with the membership increased to 165 per cent of the figures of last year, it is claimed the post has the highest rating in the country. Letters from the national commander and national adjutant will be framed for the club-room.

The post meets next Tuesday at the Greece Memorial Hall and will be addressed by Louis Pierce, attorney, of Clay avenue. His topic will be "Laws the Average Man Should Know." E. Kimmel of Seneca Park circle is chairman of a committee which is arranging for a St. Patrick's Day dance.

Milton Carter, vice-commander, who was recently appointed chief of police by the Greece town board, was presented with a badge by members of the post recently.

John Marshall High

Next Wednesday, the eight members of the City Council have promised to make a tour of inspection through John Marshall and Charlotte High Schools to see first hand the conditions which have caused such wide comment during the past week or two. They will be given an opportunity to judge for themselves whether or not the need is as urgent as has been pictured.

The Councilmen are commendably open-minded about the entire situation and members of both City Manager and Regular Republican groups in the Council have stated themselves as favoring appropriation for the new high schools, providing some method of financing is found which will not jeopardize the city's financial standing. If there is any doubt in their minds about the need, the visit next Wednesday should remove it.

Despite the overwhelming sentiment for a new high school in the Tenth Ward shown at the mass meeting held here recently, one is impressed with the fact that there is considerable apathy in the public mind with regard to the problem. Unless Tenth Ward parents have children in attendance at John Marshall, their attitude is quite apt to be one of indifference and even of opposition to a new school structure. However, if they had children coming home from school, complaining of over crowded classrooms and corridors and during this cold weather of insufficiently heated and poorly ventilated study rooms, their interest would be considerably more acute. Yet if they would take the time to inspect the former factory which houses the high school, there could scarcely be need of further testimonial.

We take great pride in our schools; some say we over-emphasize. However, even years ago, when the mastery of the elementary grades was an achievement of note, we had warm schoolhouses and seldom were we forced to fill every available inch of space in the classroom with extra chairs.

A new high school here is no luxury; it quite apparently is a necessity and within the next few years absolutely must be constructed whether we care to spend the money or not. The estimated \$1,500,000 may be a lot to spend during the present business condition, but we should remember that this money is not going out of circulation; much of it is going into the wage-earner's pay envelope to be spent over and over again. And in addition that million and a half will buy considerably more today than it will during boom times. Furthermore the project would be financed and paid for over a period of time, all of which would probably be outside the period of depression.

If there is a determination to finance this new school, a way will be found to do it and after the Council personally inspects our high school they will have reason enough to stretch every point in an effort to finance a new structure.

One stipulation that should be vigorously upheld by Councilman Milne, however, is that Charlotte High School be given no precedence over John Marshall. We expect no favoritism over Charlotte residents, who quite apparently are faced with a problem similar to our own; but we do seek equal consideration.

Boy Scout Picture Coming To Liberty

A feature of special interest to boy scouts has been billed at the Liberty Theatre for next week Thursday and Friday in connection with the boy scout anniversary celebrations. Manager Edward C. May announces the coming of "Leaders in the Making" for those tow days.

This is the first sound picture of boy scout camp life ever produced. It was made by the Boy Scout Foundation of New York State and scouts from this state were used in the film. President Herbert Hoover approved the picture and stated that the boy scout movement is doing much to revive the lore of campfire and frontier life in America.

Takes Over Ledlie Circulating Library

The circulating library formerly located at the Ledlie Jewelry Store on Dewey avenue is now being run by Miss Mary K. Davis at 429 Driving Park avenue. Miss Davis who was formerly librarian at Ledlie's, has purchased the complete stock of books circulated by the jewelry store. The library is open week-days from 9 a. m. until 9 p. m.

LIBERTY ANNOUNCES TWO-FEATURE SHOWS

Conforming to the recently announced policy the Liberty Theatre announces a number of double features for the next few days:

Today—Friday
University of Southern California football stars appear in action in "Good News."

The gridiron stars play in the football scenes, divided into two rival teams. Bessie Love is featured in the picturization of the musical comedy.

David Belasco's outstanding success is "The Girl of the Golden West" with Ann Harding, James Rennie and Harry Bannister featured in the cast.

Belasco not only wrote the play, but produced it, and it became a sensation in the theatrical world, running in New York for nearly two years.

Saturday
Helen Kane, the buxom little booper of boops, is one of the featured comedy-purveyors of "Heads Up," the romance with music.

She is teamed with Victor Moore, her comedy partner of "Dangerous Nan McGrew," for the laughs in this sparkling show which features Charles Rogers.

Dorothy Mackaill is seen again in an unusual story, a picture bearing the title, "The Office Wife."

This is a triangle story that is different—with a cast that cannot be excelled. Lewis Stone, famous for his "Wonder of Women," "Madame X," "A Woman of Affairs," and hundreds of other pictures, plays opposite Dorothy Mackaill.

Sunday and Monday
"Billy the Kid," talking picture presentation of a slice of real "Wild West" history in the '80's, finds an interesting and capable group of players interpreting characters whose names have been household words in the "cow country" for more than fifty years.

The principal characters of this story, are of course, William Bonney, "Billy the Kid," and his friend and nemesis, Sheriff Pat Garrett. John Mack Brown plays Billy, while the always capable Wallace Beery takes the sheriff role.

Joe E. Brown, because of his clever characterization of Connie, the Grand Duke in "Sally," has been signed by First National to a long term contract. His first comedy role under the new agreement is one of the biggest of the year, that of Elmer in First National and Vitaphone's "Top Speed."

SMITH-GIBSON

Mr. and Mrs. Frank A. Gibson, Avis street, announce the marriage of their daughter, Sarah Elizabeth, to Allan P. Smith, son of Wm. Smith, of Canisteo, on Saturday, January 24. After a short trip south they will be at home at 122 Pierpont street.

ANNUAL REPUBLICAN DANCE TO BE HELD ON TUES. MARCH 17

Preparation for the annual entertainment and dance of the Tenth Ward Republican Club has been started with the appointment of committee heads and election of officers. The affair will again take the form of a St. Patrick's Day party, which proved so successful in its innovation last year.

William C. Storandt is chairman of the committee in charge. Joseph H. Bush is secretary and Merton J. DeWitt is treasurer. Other chairmen of committees are as follows: entertainment, Nelson A. Milne; tickets, Joseph Culhane; program, John Lane; publicity, Frank Morris and Joseph Kaufman; floor, Anne Culhane; door, John E. Shearer; and usher, Joseph Schnepf. Other committee chairmen and their committees were to be appointed at a meeting last night.

The annual dance and entertainment is one of the big events in the local Republican calendar. Every year it has drawn about 2,500 people to the Assembly Hall at Edgerton Park, where the 1931 affair will take place.

Democratic Women Give Party in St. Ann's Home

The Women's Democratic Club of the Tenth Ward gave a party on Monday evening, January 26, for the old people at St. Ann's Home. Ice cream and cake were served at supper time and later the old people assembled in the sun parlor for an entertainment.

Miss Marjorie Miller's dancing class, gave an exhibition of tap dancing, toe dancing and acrobatics. Mrs. Bessie Cowells, secretary of the club, gave several piano selections and Mr. Holmes played for the dancing.

The children who took part in the entertainment were Betty Schulz, Wilma Kenning, Louise Blamire, Alta Powell, Olive Jean Thomas, Rhea Curran, Lillian Sheard, Joan Vogt, Patty Ringer, Jane Munn and Phyllis Overmeyer.

The club will have its next meeting Tuesday evening, Feb. 10, at the headquarters on Driving park avenue. All Democrats and their friends are invited. Mrs. W. R. Dorsey is chairman.

A Brady luncheon and Valentine party will be held by the Lake View Unit at Dewey Avenue Presbyterian Church next Tuesday. Reservations are to be made by calling Glenwood 2292-M or Glenwood 2778-R.

The members are asked to bring a picture of themselves taken when a child—or any other not of recent date.

Radio Tips

BY HARRY RUSSELL

Ninety per cent of the present day screen grid receivers are being operated on two to three times the necessary amount of aerial. These sets were designed, built and tested by their makers to be quiet, very selective and extremely sensitive on 20 to 30 feet of aerial and a good ground. As the average buyer has owned a previous set or sets, he has in his home an aerial that was installed for those earlier machines—say 90 to 150 feet in length, including the lead-in.

When his new screen grid receiver is delivered the service or installation man either thru ignorance or indifference, is apt to hook the new set on the old aerial and ground connections. The owner of the screen grid set then finds that his new set is less selective than his old battery or early electric set and much more noisy.

Don't blame the screen grid machine. Use an aerial of not more than 30 feet in length, including the lead-in. Make a clean, tight ground connection and if the set is a good standard make it will live up to its advertised characteristics of selectivity, tone, sensitivity and quiet operation.

BUS SERVICE CHANGE PROPOSED BY MILNE

Two proposals were advanced by Councilman Nelson A. Milne at the meeting of the Council Monday night affecting transportation facilities in this section. One was to re-route bus service through Augustine and Dove streets and the other to allow transfer privileges to patrons of the Dewey avenue street car line for north-bound buses.

The first proposal has been placed in the hands of Commissioner of Public Safety Donald Dailey, who is expected to order the change in the bus route this week. By sending the buses through Augustine and thus to Driving Park avenue by way of Dove street, the residents of the territory west of Dewey avenue will have considerably less distance to walk for transportation facilities.

The matter of transfers from street cars to buses has been referred to Commissioner of Railways, Charles R. Barnes. In urging the broadening of the transfer facilities, Councilman Milne stated that he had two reasons for his proposal; one, to enable those taking the buses to the Stone road section and other localities north of the Tenth Ward to be able to take a Dewey street car anywhere along the route and thus to take advantage of the sheltered terminal at the end of the line while awaiting the buses, which run on a half hour schedule; and the other to allow these people the privilege of shopping in the Dewey avenue section.

Some good games were rolled, McDonald, substituting for Earl Baynes turning in a total of 593 for the three games. George Bauman started and finished well with games over 200 but weakened in his second game to score 591. Scores were:

PETITION FOR LIBRARY IN LAKE AVENUE TRIANGLE GIVEN COUNCIL

Described by City Manager Stephen B. Story as "civil war in the Tenth Ward," the question of a site for the new Lake avenue branch library has assumed major proportions. The latest development was the presentation to the City Council on Monday night of a petition signed by over 1600 persons, asking for location of the library in the triangle at the head of the west approach to the new Ridge road bridge.

The petition was brought before the Council by Charles P. Coster, Lake avenue jeweler, acting as spokesman for the Lake and Ridge Business Men's Association. The actual presentation of the petition aroused considerable interest in the Council, when Mr. Coster was challenged on a point of order by Councilman Nelson A. Milne. Vice Mayor Adler over-ruled the objection, however, and Mr. Coster addressed the Council.

Mr. Coster pointed to the fact that the library apparently now was about to be moved away from the spot where it had run successfully for six years and he claimed that there was absolutely no good reason advanced to show that the site originally planned in connection with the bridge approach should not be used. He stated that the type of building which was proposed, would be an especially suitable structure to be placed at the head of the bridge approach. As far as danger to patrons from congested traffic conditions, he said with proper signal system there would be no more danger than at present.

Previous to the Council meeting Mr. Coster had acted as chairman. Continued on page 2

Rogers I. G. A. Bowlers Triumph in First Series

George Rogers has rounded up a bowling team under the Rogers I. G. A. banner and in a series of matches with the Brewster-Gordon I. G. A. outfit has given the downtown outfit a good lesson in pin-picking. However, a long lead amassed in the first two matches was just about sufficient to win the series for the Dewey avenue boys, in as much as the lesson taught was quite well assimilated.

As a matter of fact, it was George himself who proved the hero of the third match, which was rolled Tuesday night. George finished up by striking out and the margin of victory in the series was just one pin. Others who occupy berths on his team are Makin, Gerber, Burns, Lewis and Cardwell. The Brewster-Gordon bowlers have challenged them to another match series and plans are being arranged. In the meantime all challenges are being considered.

HOME BUREAU UNIT TO HEAR TALK ON LIGHTING

The regular meeting of the Lake View Unit will take place at 2 o'clock February 20th at the Dewey Ave. Church. Another lesson on "Lighting" is to be given by Miss Lois Gardner. This talk offers a special opportunity for members or friends who are interested in making lamp shades.

COURIER RESUMES WEEKLY SCHEDULE

Beginning with this issue The Tenth Ward Courier resumes its regular weekly schedule which will be maintained until further notice. Copy for next week's issue should reach this office at 25 S. Water street not later than Monday, February 23.

Edward Wilson, barber, announces that he is now connected with S. J. Snow in his barber shop at 777 Dewey avenue. Previously Mr. Wilson worked at the Fred Barres Shop.

The Campaign Goes On

The campaign for Independence continues with the same full vigor as in its origination a year or more ago and the followers of Walter Cherry, local crusader, have multiplied many times. But Mr. Cherry and his sponsors, the Civic Defense League, have undertaken a tremendous job when they attempt to awaken the citizens of Rochester to one of the most serious menaces of the age; and they know it can't be done in a hurry. Their work is being carried along two principal fronts.

First of all, as noted in the last Post, Mr. Cherry and the League are uncovering a lot of valuable merchandising information and placing it at the disposal of local Independent Merchants. They are helping the independents to avail themselves of hitherto unknown discounts, which of course in turn have been passed along to the customers—to you and me. Previously these secret discounts were available only to chain stores.

Secondly, Mr. Cherry in a nightly radio broadcast over Station WHEC is doing his utmost to get us thinking about this matter of independence. His main desire is to show each of us just how near home this strikes. He is holding entirely to facts—interesting facts—and it is our firm belief that he is gradually drawing a sizeable audience, judging by the comments which we hear. American people should take a lively interest in such a subject of fundamental importance and slowly but surely they are.

There are a good many more people today than there were a year ago, who trade only with Independents. And there will be a still greater number a year from today.

The trend of public sentiment today is away from big business, because we have sense enough to realize that all individuality is lost in the trust and chain system. All employees become lost as far as identity is concerned and we Americans, since 1776 or thereaboutst have maintained an independent individuality. We naturally resent any movement to destroy that individuality. Unfortunately, however, the householder does not get first-hand information and he does not feel the direct result of big business. Although big business may reduce his pay or wipe it out altogether, it does it indirectly and of course the source cannot be definitely traced. That is why Mr. Cherry is on the radio; if some one hadn't taken it upon themselves to tell us, we would doubtless still be ignorant of the facts.

DEWEY WINS FIRST MATCH WITH LYELL

Lyell avenue's best efforts fell considerably short of victory in the first of a home and home series with the Upper Dewey bowlers last Tuesday night at the Elks Club. When the final scores were compiled, Dewey avenue had a lead of 565 pins, apparently a sufficient margin to insure victory in the series.

Doc Daney had the most accurate eye, totaling 591, followed by Joe Miller, George Bauman and Jimmy Donaghue. The second match is being arranged and will be announced shortly.

Camera Club Going To Niagara Falls Sunday

The Kodak Camera Club will travel by train to Niagara Falls, Sunday, on a special excursion to obtain winter views of the falls. They will leave the New York Central Depot at 8:18 a. m. under the leadership of Harry Quirk.

Two sets of prizes have been set up for the Spring Exhibition, one advanced and one beginner's. The closing date when all prints must be submitted is April 24.

WILLIAM C. STORANDT

Milne, who is chairman of the entertainment committee, promises some outstanding novelties for the guests.

William C. Storandt is chairman; Joseph H. Bush, secretary; Merton J. DeWitt, treasurer, and Charles E. Bostwick, honorary chairman. Hahn Closes Store on Lower Dewey Avenue

John J. Hahn announces that his radio store at 2900 Dewey avenue has been closed and the entire stock removed to the main store at 308 Driving Park avenue. The store on Driving Park avenue is known as the Glenwood Radio Shop.

In connection with the removal Mr. Hahn is running a three-day sale of radios of unusual interest. In addition to the Majestic Radio for which he is a franchised dealer, Mr. Hahn also sells the Majestic refrigerator.

NEW EQUIPMENT IS PLACED IN RIVIERA

New equipment is being installed to place the Riviera Theatre on a par with the finest theatres of this city. Sound engineers have been engaged for several days installing the latest improvements in motion picture projection.

Electrical engineers and contractors have been busily at work installing a high generator unit and controls which supply sufficient current to light a small city. This generator set is the last word in electrical engineering.

The projection booth has been equipped with the latest safety devices. In order to be able to show the Magnascope picture, it was necessary to install special projection lamps which draw a total of 500 amperes in order to give the brilliancy, clearness and depth, which will eliminate all strain on the eyes.

The new, mammoth screen installed at the Riviera is one of the latest donations of science and its size is 25 x 40 feet. The clarity and size of the pictures together with the new improvements in sound will give the Riviera patrons deluxe entertainment and comfort.

The entire house has gone through a transformation, including new carpet, drapes, stage settings and curtain.

Mrs. Holmes Head of No. 34 School P. T. A.

Helen MacLachlan, Principal of No. 34 School then conducted the business of the evening, the forming of a Parent-Teacher Association and the election of officers. The following were elected to office:

PETITION LIBRARY IN LAKE AVE. TRIANGLE

Continued from page 1
of a mass meeting which was held Friday in the Riviera Theatre. A well-filled auditorium had given its approval to the petition for the Lake avenue site and from then until the Council meeting various persons had been out obtaining signatures. Among the speakers at the mass meet was Dr. Albert W. Beaven, former pastor of Lake Avenue Baptist Church. Dr. Beaven commended the triangle site and urged that those responsible heed the desires of the library board and allow the library to be built there.

This is the second petition to reach the Council regarding the library, the first having been submitted through Councilman Milne during January. The first petition is signed by residents in the Dewey avenue section and asks that the library be located elsewhere than in the triangle.

This state of affairs is what prompted the City Manager in his regular broadcast of Council activities over WHEC, Tuesday night, to make the statement regarding "civil war in the Tenth Ward."

As far as further activity or advancement toward definite solution, there does not seem to be any in sight. The Council has filed both petitions for future reference and Charles H. Wiltzie, chairman of the library board must return from Florida before any more steps can be taken.

Radio Tips

By Harry Russell

A receiver that slowly develops a hum over a period of time, in nine cases of out of ten needs a new detector tube. This type of tube may test perfectly on tube testing equipment and yet, when used as a detector, produce surprising howls and hums.

If this condition prevails on your set, the first step to overcome it should be the trial, in the set, of a detector tube which has proven itself a quiet operator under actual reception conditions.

In the case of a hum that develops suddenly, the trouble is more deep rooted. Shorted condensers and partially burned out or shorted filter windings are the principal causes of this condition.

DOUBLE FEATURES ON LIBERTY BILLS

"Love in the Rough" with Robert Montgomery and "Scotland Yard," with Edmund Lowe are the features tonight and tomorrow at the Liberty Theatre.

A steel web of cold facts is woven from the faintest clues to solve the dramatic mystery of "Scotland Yard" featuring Edmund Lowe in a dual role and Joan Bennett in the feminine lead.

Scotland Yard has long been the source of dramatic material, but never were its operations more clearly shown than in this talkie.

Saturday

The famous Universal camera crane, one of the mechanical marvels of Hollywood, and used for the first time in the filming of "Broadway," was again employed during the making of "The Cat Creeps," the sensational mystery drama which comes Saturday and serves to introduce a number of very unusual "camera angles." Suspended from the mobile end of this great steel crane is a platform for the accommodation of cameras and camera-men, which may be swung both up and down and in a lateral direction, combining these two actions simultaneously, if desired. To render it still more mobile the crane is mounted on a massive motor truck, and it is thus possible to follow the characters in a scene up and down stairs, through doorways or around corners.

Reginald Denny has played many roles on stage and screen but his first role as a burglar came in the role of "Barney McGann," a burglar with an ambition to be a great singer in the Movietone production, "Oh, For a Man!" in which he is co-featured with Jeanette MacDonald, also a Saturday feature. In as much as this particular burglar breaks into the apartment of a famous prima donna in the dead of night to steal her jewels and remains to steal her heart, Denny claims it was not an unpleasant role to play.

Sunday and Monday the double feature is Nancy Carroll and Frederick March in "Laughter" and Lois Wilson and Edward Everett Horton in "Once a Gentleman."

"Laughter," the new Nancy Carroll dramatic hit, with Fredric March in the leading supporting role, was produced in Miss Carrolls home town. It was made at the New York studio of the Paramount Company.

"The farmer feeds the nation"—and also gives our statesmen most of their food for thought.

JOAN CRAWFORD IN "PAID" AT RIVIERA

Four actors have become actors, for the sake of a play.

Ina Claire, Fredric March, Mary Brian and Henrietta Crosman are the actors, and the play in which they act the parts of actors is "The Royal Family of Broadway," which comes to the Riviera Theater tonight and tomorrow.

"The Royal Family" is the intimate, amusing and at times hilarious presentation of a mythical family of reigning performers on the American stage. It reveals their private lives, their family pride in the great tradition of their clan and their loyalty to the stage they have so long dominated.

Miss Crosman is seen as the stately grandmother of the Cavendish clan. Miss Claire is her daughter, the leading emotional actress of the stage; Miss Brian is the grand-daughter, about to enter the life of the theatre; March is the family's representative in the movies—head-strong, impulsive, lordly, a master of both comedy and tragedy, a genius possessed of the amusing mannerisms and idiosyncrasies of the type.

"Paid," which will be the attraction Sunday and Monday, is Joan Crawford's first straight dramatic starring vehicle, and is of particular interest in being the first dialogue film version of Bayard Veiller's sensational stage play, "Within the Law."

According to word from the Metro-Goldwyn-Mayer studios, Miss Crawford was given her opportunity to play the tragic heroine in this smashing underworld drama in recognition of her splendid portrayal in "Our Blushing Brides" and other recent hits. In essaying this difficult role, Miss Crawford follows in the footsteps of Jane Cowl, who created the part of Mary Turner on the New York stage in 1912, and Alice Joyce and Norma Talmadge who played it on the silent screen in 1917 and 1923 respectively.

and hope she will soon be able to return to school.

Miss Lamoree, one of the sixth grade teachers, has obtained a leave of absence for this term and will study at Columbia University in New York City.

The central council of parent teachers assigned twelve tickets for Patri's lecture to No. 7 School. We are glad to report every ticket was sold.

Pupils in Miss Knope's grade have made an attractive chart on which to record each week the grades which have had no tardiness. The chart has been placed in a conspicuous place in the lower hall and attracts much attention.

Harold Downes of the First Grade is confined to his home with illness.

On Thursday morning, February 12, the 5B-5A grade visited the University of Rochester Geology Museum. There they saw many interesting models such as talc mines, marble and granite quarries, cave men and evolutions of horse and elephant life, and others.

The pupils of Miss Weible's 2B-1A grade are glad to see James Dittmar back again with them after his long illness.

COHEN AND KELLYS AND "REDUCING" ON RIVIERA PROGRAM

"The Cohens and Kellys in Africa," Universal's newest feature length comedy in which Charlie Murray and George Sidney run rampant in scenes which abound in thrills as well as laughs will be featured at the Riviera Theatre, tomorrow and Saturday.

According to advance reports, "The Cohens and Kellys in Africa" exceeds anything before attempted by the inimitable quartet of funsters, Sidney and Murray and their respective screen wives, Vera Gordon and Kate Price. Acknowledged as exceedingly funny in the previous pictures of the "Cohens and Kellys" series in which they took trips to Atlantic City, Paris, and Scotland, their tour of Africa with amazing adventures is reported a superior attainment.

The story deals with the Cohen-Kelly expedition into the heart of the Dark Continent to hunt ivory to boost their needy business fortunes. The expedition is led by a talkative but amateur explorer, Windjammer Thorn, who represents himself as one of the world's greatest authorities on Africa. Needless to say, Mrs. Cohen and Mrs. Kelly accompany their husbands and become involved in many of the escapades to which the party fall heir.

"Fun In a Beauty Parlor" might easily be a substitute title for "Reducing," the new Marie Dressler-Polly Moran co-starring comedy coming for 4 days beginning Sunday. In the same manner that the stock market served as the subject of fun in the successful "Caught Short," so are beauty parlors used as the subject of the lampoons in the new attraction.

The story revolves about two sisters, Polly Roach, who has become the successful New York beauty specialist, "Madame Rochay," and Marie, wife of a small-town mail carrier, portrayed by Lucien Littlefield.

Lake and Ridge Men Hold March Meeting

The regular monthly meeting of the Lake and Ridge Business Men's Association was held Monday evening in the Lincoln-Alliance Bank. A resolution thanking Mr. Willis of the Department of Public Works for his efficient handling of snow cleaning in that section was adopted. Following the meeting a number of the business men attended the meeting of the City Council where Councilman Nelson A. Milne formally presented the petition for the triangle site of the Lake Avenue Branch Library for consideration of the Planning Board.

REPUBLICAN WOMEN TO HOLD MEETING TONIGHT

The regular business meeting of the Tenth Ward Republican Women will be held tonight at 8 o'clock in the clubroom at 333 Driving Park avenue. The customary card party of the ladies will be held next Wednesday afternoon.

NEXT COURIER TO BE OUT MARCH 19

Although it was announced in the last issue of The Courier that this publication would resume its weekly schedule, circumstances made it impossible to issue last Thursday. Until further notice The Courier will be published every other week. The next issue will appear on Thursday, March 19.

News items for publication may be sent direct to this office at 25 S. Water street or to Mrs. William H. Stell, 121 Flower City park; or Mrs. F. L. Wadman, 14 Mayflower street. News items for the next issue must be sent in by Monday, March 16.

EDWARD C. MAY TO DIRECT ORCHESTRA

About 60 musicians are to be included in a new orchestra which is being formed under the direction of Edward C. May, of Lake View park. The orchestra is being organized principally to provide a musical setting for the annual presentation of the American Passion Play, entitled "Veronica's Veil," which will be presented for the first time this year by a cast of 80, and will be sponsored by Nazareth College.

The performance this year will be given on three successive Sundays, March 15, 22, 29, in the Columbus Auditorium. Mr. May announces that the orchestra will have two rehearsals a month throughout the year and will appear in two semi-annual performances. Radio broadcasts are also under consideration.

No Appropriation Given For Local High School

With the appropriation for a new John Marshall High School lopped off by the City Council in passing the construction program of the Board of Education, hopes for a new building here were disappointed. An appropriation of \$2,300,000 was made, which among other things will cover the cost of a new Charlotte High School.

Councilman Nelson A. Milne, who tried unsuccessfully to have the new John Marshall High School included, stated that he would vote for no further capital outlay for buildings or bridges until the money is forthcoming for the Tenth Ward school.

City Coal and Coke Co. Opens Office in Tenth

The City Coal and Coke Co. announces the opening of a branch office in the Tenth Ward, located at 1531 Lake avenue at Wagg's Corners. E. J. McGurn is manager of the local branch. This company specializes in Blue Mark Coal and Solvay Coke.

When Father Was a Boy

The old home town has changed a lot since I was just a lad, For in those days the home owned stores were all we ever had, I remember how the boss would come and meet us at the door And he always made us feel at home when we were in his store.

And when some roads were needed and some other work was done,

The owners of our local stores were always called upon.

When other things were needed to make a better town,

They were always glad to do their share, they never turned it down.

And now and then 'twould happen folks would need a little stuff

To keep them through the winter when times were kind of tough.

But it didn't seem to matter for the man who owned the store

Would always give these folks some credit and deliver at their door.

But everything is different now, it isn't like it was

When we were kids. Do you know why? I'll tell; it's because

The chain stores all have come to town, it seems they have control,

And it seems as if a man don't own his body or his soul.

Oh, yes: Their stores are pretty and their windows have a flash,

But they never know a person if they haven't got the cash.

For their bosses live on Wall Street, and we're a bunch of fools

If we think these fellows give a damn about our church or selfhoods.

Now listen, folks; can we afford to sacrifice our rights?

Shall we neglect our townsman to feed these parasites?

Shall we forget the pioneers who builded up this town?

Shall we allow the outside stores to tear the whole thing down?

I think I know your answer, folks. I hope you'll say NO.

Let's own our little city like we used to years ago.

Let's patronize our local stores and keep the cash at home.

And let the doggone chain stores start a city of their own.

DOUBLE FEATURES ON LIBERTY BILLS

Today and Friday

"Isle of Escape" is a genuinely thrilling motion picture. It is packed to the brim with scenes of exciting melodrama and tells an interesting story of the terrific struggles of a handful of white people in the midst of a tribe of primitives who have no regard for the conventions or laws of the white man.

Elsie Ferguson makes her return to the screen in her first talking picture role in "Scarlet Pages." A few years ago Miss Ferguson was one of the leading actresses of silent films. During the past several years she has been a prominent footlight star both in New York and other leading theatrical centers.

Saturday

The laugh sensation of the year is "The Life of the Party," natural color production. This side splitting comedy is the last word in screen entertainment, and offers wild and woosome Winnie Lightner in her most hilarious role.

"The Lonesome Trail" is full of action from beginning to end. The story is a ranch land story laid in the panhandle country of Texas, and Charles Delaney plays a lovable rover who wanders from point to point in search of adventure.

Sunday and Monday

Sol K. Gregory, Hawaiian actor, who specializes in undersea swimming and diving, appears in the cast of "The Sea God," which features Richard Arlen and Fay Wray. Gregory portrays a pearl diver in the film and is photographed underwater as he swims to the floor of the ocean.

"Remote Control" combines a mystery plot with comedy situations. However, the new talkie is particularly of interest in affording William Haines an hitherto unrevealed outlet for his talents as a comedian, namely, that of an impersonator of well known radio stars. This occurs in a sequence in which Haines puts on an entire radio program by himself, imitating such prominent "ether" favorites as Amos 'n' Andy, Graham McNamee, Uncle Elmer and a variety of others.

Harry Peters Slated For Moose Dictator

Harry Peters, of Dewey avenue, is slated for nomination and election to the office of Dictator in the Rochester Lodge of Moose. Mr. Peters, who has been one of the most active members of the local lodge, has served for the past year as vice dictator and following custom is expected to be advanced to the highest active office in the lodge.

REPUBLICAN DANCE TUESDAY, MAR. 17

AT EDGERTON PK.

Plans are being made to entertain more than 3,000 persons at the eighth annual St. Patrick's Day Dance and Entertainment of the Tenth Ward Republican Club at the assembly hall, Edgerton Park, on Tuesday, March 17 at 8:00 p. m., according to William C. Storandt, general chairman.

Charles E. Bostwick, Tenth Ward leader, has expressed his satisfaction with the progress of the affair and the program committee, working under chairmanship of Edward A. Kraus, has declared that the year book will exceed all previous efforts.

Councilman Nelson A. Milne, chairman of the entertainment committee, reports that this year's entertainment is going to be well-balanced and enjoyable. Mr. Milne announced that this year's production is to be a musical comedy, in place of the minstrel show had last year.

Mrs. Richard L. Saunders, chairman of the music committee, reports that a well known orchestra has been engaged to play for the affair. Mrs. F. Lyell Wadman, chairman of the decoration committee, promises a motif of shamrock in honor of the day. Last year the assembly hall was decorated in green and white and palms were distributed at various points on the floor. This year's decorations are said to be even more elaborate.

Joseph H. Bush is secretary and Merton J. DeWitt, treasurer of the general committee. Chairmen of other committees are: Door, John E. Shearer; ushers, Jos. Schnepf; program, Edward A. Kraus; tickets, Joseph Culhane; refreshments, Frank O'Brien; entertainment, Nelson A. Milne; checking, Frank Lane; printing, James P. Martin; publicity, Donald N. Morris; floor, John Makin and Mrs. Joseph P. Culhane; music, Mrs. Richard L. Saunders; flowers, Harriet E. Wadman; decorations, Grace B. Burnett.

"Gift of Life" Topic for P. T. A. Lecture

Dr. Marion Craig Potter will deliver a lecture with moving pictures on "The Gift of Life," at the regular meeting of the P. T. A. of Kodak School, 41, Thursday, March 12 at 2:30 p. m. in the lecture room of the school. Greece School No. 1, and School 42 have been invited to attend.

Mrs. John Hathaway is chairman for the social hour after the meeting. Invitation is extended to all mothers to attend, children will be taken care of by members of the Parent-Teachers while mothers attend the meeting.

North Presbyterian—The Pet Show sponsored by the staff of "The Polaris" was most successful. Nine dogs, three cats, one ferret and one goldfish were entered, besides a collection of china elephants, a stuffed bear, an old fashioned doll, and a few other inanimate pets. Owing to the much larger number of dogs entered, it really amounted to a dog show and the dogs were of such a character that it was difficult to decide those who ought to have prizes; the audience was allowed to vote for the most popular in each class and ribbons were awarded as follows: For the best looking dog, "Snoot" entered by Jean McConnachie was chosen; for the best behaved dog, "Bum" entered by Clarence Chittenden; and for the best dressed dog, "Betty," entered by Mrs. I. T. Clark.

Other entries were "Friskie," entered by Betsy Ann Hetherlin; "Mickey," by Mrs. F. J. Shields; "Frenchy," by Mrs. D. C. Mullen; "Jiggs," by Harold Bradbury; "Rumpus," by Sam Stratton; "Gyp," by Miss M. G. Clement and "Dot," by Irene Harris. Of the cats, "Spike," the church cat received the blue ribbon; "Jack," entered by Grace MacMillan, the red ribbon, and "Charcoal," entered by Edward Meyer, the yellow ribbon. The members of the Polaris staff are Kenneth Bauer, Sam Stratton, Edith Miller and Gladys Frederick.

On Wednesday evening, March 4, the third session in the North Church School of Missions, was held in the Chapel. Supper was served by a committee from the Women's Society at 6:30, a devotional period, conducted by Dr. Stratton followed the supper, and the classes convened at 7:45 as follows: "Trailing the Conquistadores," led by Dr. Stratton; "India on the March," a class for young people, taught by Mrs. C. E. Hamilton; and "Messages of Stewardship," taught by Mrs. Stratton.

The Rouse Class held its regular monthly supper meeting in the Parish House Monday.

Next Sunday, the topic for discussion in the young peoples' Sunday Evening Group will be "Meeting the Public," and Donald Rogers will lead devotions and Dr. Stratton the discussion of the topic.

Friendship Circle met yesterday to elect officers for the coming year.

Members of Loyalty Circle visited the County Hospital Saturday and distributed mounted copies of Bible verses to the patients there.

Circle meetings of the Women's Societies will be held as follows: Erie Circle tonight at the home of Mrs. McCone, 265 Bidwell terrace; also tonight the Glenwood Circle at the home of Mrs. J. L. Armstrong, 383 Selye terrace. Afternoon Circle meets today at 1 p. m. in the Parish House.

Radio Tips

No chain is stronger than its weakest link, no radio better than its weakest tube.

One of the service fraternities' greatest jobs is the education of the public to the realization that a tube that lights is not necessarily a tube that plays.

The brightest tube in your set may be the cause of weak and noisy reception, while the dull looking tube you've been considering replacing, may still be capable of six months' good work.

However, you can't fool tube testing meters, as performance and not appearance is all they indicate. So call your service man "twice a year" and let him test your radio tubes and replace those that are failing to do their share toward making your set the source of pleasure it was intended to be.

Roger's Bowling Defy Taken Up by G. Bauman

George Roger's challenge to Tenth Ward bowlers in general and no one in particular has found an answer. Somewhat irked by the tone in which the challenge was issued, George Bauman, on behalf of himself and others of Bauman and Baynes, has been quick to take advantage of Mr. Roger's good nature.

As a consequence, as soon as Mr. Roger's I. G. A.'s have finished with the Brewster-Gordon outfit, they expect to face the upper end meat market aggregation on some bowling alley, some place, some time, etc. There has been some talk of a consideration involved but this is said to be just idle gossip. Unless circumstances intervene, a battle royal is in the offing. For further details watch the papers.

MAKE IMPROVEMENTS AT LIBERTY THEATRE

A new screen and new projecting lenses have been installed at the Liberty Theatre, according to announcement by Manager Edward C. May. These improvements have been made to keep in step with the newer developments in talking picture projection.

The new screen is larger and of the latest design, "square corner" type. It helps to eliminate distortion and makes visibility good from every angle of the theatre, even on the extreme seats in the front of the Theatre, Mr. May states. The new type lenses give a third more light, making the reproductions on the screen not brighter, but considerably more distinct and also creating a sense of the third dimension, whereby objects and persons assume more of the true to life form than heretofore. In addition, electrical research engineers have made minor changes in the sound effects.

Walnuts and Cocoanuts Tied in Bowling League
By taking two out of three from the Walnuts, George Bauman's Cocoanuts jumped into a deadlock with the league-leaders and the remaining few weeks of the Upper Dewey League will probably bring out a spirited battle for the title. The Walnuts have lead the league throughout the entire season.

Charlie Bantel, who has been considerably off form during the second half of the season, has started a comeback. Last Monday night he rolled high individual single game, 254, and collected 230 and 164 in his other games for a new high three-game individual mark of 648.

Averages up to March 1, show George Bauman leading the league with a mark slightly over 180. His nearest rival is Bantel with an average of 176.

Following are the scores of this week's matches and averages:

CAPACITY CROWD AT ST. PATRICK'S REPUBLICAN DANCE

A capacity crowd of more than 3000 packed in the assembly hall at Edgerton Park Tuesday night for the St. Patrick's Day entertainment and dance of the Tenth Ward Republican Club.

The hall was attractively decorated with the national colors and with liberal touches of green. The entertainment was in the form of a musical comedy, "The Country School," under the direction of Franklin Brooks. It was a well balanced and enjoyable presentation. The cast of characters was as follows: School teacher, Franklin Brooks; pupils, Lucille Wealthy, Dollie Eve, Ruth Willis, Kathryn Kehr, Jeanne Kehr, Jeanne Marselji, Margaret Eslic, Jessie Eslic and neighbors and friends of district school.

The following acts were interwoven with the play: Slick Little Fellow from the City with Saw, Raymond Ackerman; Irish airs, Mr. and Mrs. Clayton Knope; novelty dance, Miss Isabelle Watson; rube fiddler, Fred R. Lee; Irish jig, Margaret Eslic and Jessie Eslic; songs and fun of the day, Elroy Miller and Charles Hawken; group dances by pupils of Kathryn Kehr.

Charles E. Bostwick, Tenth Ward Leader, was the principal speaker. He lauded the work of Councilman Nelson A. Milne of the Northwest District, urging his return to the City Council in the election to be conducted this Fall. Mr. Milne also spoke briefly. They were introduced by William C. Storandi, general chairman and master of ceremonies.

The Tenth Ward Year Book was more comprehensive than that of any previous year. It contained halftone portraits of Harry J. Bareham and Mrs. Bostwick, to whom it was dedicated, and sketches of Mr. Milne and Supervisor George Hesselink. It also contained articles on the Tenth Ward Republican Club, the Tenth Ward Republican Women's Club, the Lower Tenth Ward Republican Club and the ward and county committees. Three thousand copies of it were distributed.

Among those present were Mr. Bareham, Leo A. MacSweeney, William E. Blackwood, of the Third Ward, and Councilmen Milne, Dr. Joseph L. Guzzetta, R. Andrew Hamilton and William F. Durman.

Liberty

Thursday-Friday

One of the most exquisite wardrobes seen on the screen this season is worn by Genevieve Tobin in "Free Love."

Twenty-seven smart costumes were especially designed for the former Broadway star for this production and they are said to add much to the beauty of Miss Tobin.

All the glamor of color, song and romantic adventure are captured in "Sweet Kitty Bellairs," Vitaphone comedy. The cast includes Claudia Dell, Perry Askam, Walter Pidgeon, Ernest Torrence, June Collyer and a host of others.

Saturday

Edmund Lowe and Leila Hyams are the romantic leads in "Part Time Wife," Fox movietone comedy drama directed by Leo McCarey.

Tommy Clifford will also be seen in an important juvenile role.

"Midnight Special," featured Western picture has Glen Tryon in the leading role.

Sunday-Monday

The unforgettable combination of Charles Rogers and Stuart Erwin in "Young Eagles," is repeated in "Along Came Youth."

In "Along Came Youth," Rogers is seen as the romantic young American stranded in England, and Erwin his buddy. Whereas Rogers is a success at love-making, Erwin is a terrific flop.

In "Paid," Joan Crawford takes her place among the screen's foremost dramatic stars.

Her portrayal of Mary Turner, the shop girl sent to prison although innocent is done with a depth and understanding that comes as a revelation even to those who have had every confidence in the young actress.

Give Farewell Party For Eleanor Norton

A farewell party was given last Friday evening at the home of Mr. and Mrs. G. T. Coveney of Keelch street in honor of Miss Eleanor Norton by the people of the Lewiston Avenue M. E. Church.

Miss Norton is leaving about April 1, to make her home at Glendale, Cal., with her parents who have been touring the states for the past year and now are in Florida. Miss Norton will meet them at Decatur, Ind.

She was presented with a crystal necklace and a purse of money.

Miss Claire Returns From New York Trip

Miss Claire of Claire's Dress Shop on Dewey avenue returned this week from New York City where she spent several days buying new Easter and spring creations for her shop. The new spring styles represent considerably more for the money, she states, and she expects that the Claire Shop customers will be pleasantly surprised on a visit to the store.

First Concert By Band To Be Given March 28

The recently organized Flower City Band will make its first public appearance in a concert free to the public on March 28 at 8:15 in Convention Hall. The band is composed of former members of local high school bands and is under the direction of C. F. Sauer and Austin H. Truitt, musical directors in the public high schools.

The band was organized largely through the efforts of Edward C. Carroll, of Clay avenue, who has been interested in this type of work for some time. Previous to bringing this group together, Mr. Carroll was manager of the C. M. T. C. and Moose bands. The Flower City Band has been rehearsing weekly since November.

Recognizing the fact that many of the boys who play in the high school bands are interested in music, but have discontinued practice after leaving school, the sponsors have inaugurated this organization to continue the work after school days have passed. Hence this band is essentially for those interested in music for music's sake and has attracted many who have been unable to go on with a musical education after graduation from high school. The band is connected with no organization or club.

Six Tenth Warders are included in the personnel of the band. They are Ernest Aponte, of Electric avenue, trombone; Chester Turner, of Electric avenue, alto saxophone; Norman S. Nadel, of Augustine street, trombone; Curtis Smith, of Kislingsbury street, tenor saxophone; Edward Carroll, Jr., of Clay avenue, E-flat tuba; and Lewis Neary, drums.

The orchestra holds its rehearsals in the Rochester Civic Orchestra headquarters in the Eastman School Annex. Its membership is open at all times to graduates of local high schools, who may wish to join.

CORRECTION

A typographical error was made in the advertisement of J. O. Ledlie, jeweler, in the last issue of The Courier. In the description of the diamond ring mounting in the advertisement "100 per cent iridium" was meant to read "10 per cent iridium." Also "J. Muller's Market" was inadvertently printed "F. Muller's Market."

LAKE AND RIDGE BUSINESS HOUSES

(Editor's Note: This is the first of a series of articles which will appear on this page concerning the business houses at the Lake and Ridge or Wagg's Corners.)

Although the Ward-Tompkins Co. was organized under that name for the first time in 1927, the company had its inception in 1910, when Ralph D. Ward, president of the company, started in the retail electrical business and electrical service. Since entering this field, Mr. Ward has taken part in popularizing two of the greatest inventions of all time, electricity and radio.

Previous to locating on Lake avenue in December 1925, Mr. Ward had stores on Monroe avenue, Church street and North street. In the North street store he took up radio in earnest and began building radios when the crystal set was just attaining popularity. During the war period he was sent to Buffalo by the Robinson-Cataraugus Co. to take charge of the motor repair department there and shortly thereafter enlisted in the service.

Following the war, Mr. Ward returned to Rochester and started in the electrical repair business for himself, working from his home. In 1920 he opened the store on North street, starting the R. D. Ward Electric Co. Along in 1923-1924, when electricity was just being recognized in the home his company did an extensive business in replacing gas fixtures with new electric lights and in wiring old houses for the first time. It was five years later that he moved to the Lake and Ridge Corners, at Lake avenue and Lapham street, where in addition to electrical service he carried paint and electrical supplies.

Bernard Tompkins entered the firm in 1927 and it became Ward-Tompkins Co. and at the same time hardware was added to the line of merchandise sold. When the A. C. radio sets began to appear, the Ward-Tompkins Co. was the first in the Tenth Ward to sell them. At the same time they started the radio service department which still keeps them busy. Mr. Ward's son, Howard, is now taking care of this department. He has held an amateur radio station license and has studied the problems of A. C. operated sets extensively.

Ralph Ward has been active in the formation of the Lake and Ridge Business Men's Association. He is now vice-president of that organization.

Several changes have been made in the past year or two. Mr. Tompkins is no longer connected with the company and the electric wiring and repair service was recently transferred to Meyer and Stoneham who have their shop in the basement of the Ward-Tompkins store. In

Cocoanuts Now First In Upper Dewey League

During the past two weeks a new champion has climbed to the top in the Upper Dewey Bowling League and has practically clinched the pennant. The new arrivals in first place are the Cocoanuts, who have won three of their last six games while the Walnuts have dropped all but one.

A new leader in the individual high records arose this week. Adolph Winterroth started out with a 264 for high single game and finished with 183 and 210 to take the high three-game record, 657. His team, the Hazelnuts, also rolled high single game, 972, and high three-game, 2781. The league will bowl twice more at the Ridge Alleys and will then close their season with a tournament and banquet on April 6. Scores this week were:

A. W. Dunbar Announces Made-to-Order Suits

The Adam W. Dunbar Co. of Dewey avenue announces the opening of a made-to-order men's suit department in connection with the men's wear and tailoring shop. Mr. Dunbar has recently received his first shipment of materials from New York, in a varied range of both price and pattern. He is featuring two-pants suits, price to be determined by the quality of material used.

Mr. Dunbar, who has been in the tailoring business on Dewey avenue over 17 years, has made suits to measure for many years, although during the last few years he has featured ready-made clothing. He feels, however, that he is able to give his patrons more for their money in custom-made clothing and also that he is in a better position to guarantee maximum wear and as a result is now featuring this new department.

CRACKED WHEAT BREAD

One of the healthful, tasty Johnston Specialties

Made from wheat that passes only once through the grinding knives at the mill and comes to you in this loaf of bread with all its healthful substance intact. To furnish this cracked wheat, a local mill stops its wheels after the first cut and thereby makes it possible for us to supply the growing demand for cracked wheat bread among our Tenth Ward patrons.

A local dentist suggested this loaf as good for the teeth and brought us the recipe from California. It is also endorsed by doctors.

Cracked Wheat Bread will be one of our Friday-Saturday Specials at 10c per loaf along with

The new screen grid electric radio receivers are marvelous instruments, structurally and in the results they are capable of producing. They parallel the new multi-cylinder automobiles. Marvels of power, flexibility, range, endurance and luxury. They can render untold hours of pleasure because they reproduce the voice, music speech or sound exactly as produced at the originating point of the program in the studio.

Equally remarkable is the ability of these complicated modern receivers to render trouble free service

These new and finer receivers, however, are like fine watches, automobiles or other pieces of machinery. They are delicate of adjustment and easily injured by abuse; and they should only be repaired or adjusted by trained, competent specialists equipped with the proper test and diagnosing meters and circuits.

And in conclusion they should never be forced to operate with poor tubes. The receiver "labors" and may do itself untold damage.

LAKEVIEW SCHOOL NO. 7

The annual Dodge Ball meet for the North West District will be held at number Seven School tomorrow afternoon. The following schools will participate: 7, 30, 38, 34, and 42.

Last Tuesday the upper grades held an assembly. Miss Knope's grade was in charge of it. The orchestra played and several pupils from the violin classes gave solos.

Mothers of the school are planning to meet today to sew for the nursery school.

The 5B-5A grade have an aquarium with a pair of Guppy fish in it. They were brought by John Baumer. The grade finds them interesting as they are extremely small but lively. Robert Geier brought a turtle which is being studied also.

Mr. Irish, police officer, visited Number Seven School recently. He spoke to the traffic officers telling them some of the necessary qualities boys and girls must have when on duty.

LEXINGTON SCHOOL 34

The Second Grade B and A made an excursion on Tuesday, March 3 to the Public Market. The trip proved interesting and enjoyable. Mrs. Hoesterey assisted Miss Greenberg in taking charge of the pupils.

At the close of the Parental Study Group meeting on March 10, tea was served. The committee in charge was Mrs. Drexel, Mrs. Kelly, Mrs. Fishbaugh, Mrs. Hart and Mrs. Masseth.

The 6A, 6B, 5A and the 3B, 3A Grades had no tardiness for the week of March 2. The 3B, 3A Grade were given the privilege of keeping one of the birds in their room for a day.

The Science Room is taking on the appearance of spring. Sprays of forsythia, apple and peach buds are coming into blossom. Much interest has been shown in naming the birds. They have been named Dickie Lee, Jackie Lee and Nancy Lee.

ROGERS TEAM TAKES BEATING ON ALLEYS

George Rogers and his I. G. A. bowlers have absorbed a couple of good trimmings during the past two weeks at the hands of the Brewster-Gordon pin men and as a result will have to do some pretty bowling to repeat their first series victory. The downtown outfit now has a lead of 200 pins or more in the second series and George must prescribe well for next Tuesday evening, if his stalwarts are to cop the second series.

Incidentally, all is more or less quiet along the Dewey avenue front, as regards the challenge and counter-challenge between Mr. Rogers and George Bauman, of Bauman and Baynes. Shortly, however, managers are expected to evolve some grounds upon which the two can clash. The match between them will probably be rolled early in April, possibly April Fool's Day.

MAKES MOVIES AT STUDIO IN HOME

A touch of Hollywood was evident in a performance given to some of Archie Bourbon's friends last Friday evening in his movie studio at his home on Magee avenue where he was entertaining. Following a motion picture entertainment, powerful arc lights were turned on and in a short time new movie stars were in the making.

Frank Buchman acted as cameraman while Albert Groth attended to the powerful arc lights and Mr. Bourbon directed.

Mr. Bourbon's studio is equipped with the latest sound equipment which he built himself and the studio is entirely his own workmanship. In his little theatre Mr. Bourbon entertains his friends not only with the films he makes himself, but also with some of the finest feature films. Mr. Bourbon rents and sells films and also arranges movie shows for private parties, clubs, lodges, etc. His studio is at 387 Magee avenue.
