## TO START RAZING BUILDINGS AUGUST 1

By order of the Department of Public Works, all buildings on Lake avenue, which have been acquired for the opening of the Ridge Road bridge approach, will be razed, beginning about August 1. The bridge itself will be completed sometime during the month of December, according to engineers' estimates and it is desired to have all the approaches ready before cold weather sets in.

Included in the buildings which are shortly to be removed is the Lake Avenue Branch Library. Within the next week alterations will be underway, states City Librarian William F. Yust on the temporary quarters in the H. A. Johnston block opposite the present site. The branch will be closed about August 1 and probably will not be available to the public in its temporary quarters until about two weeks later.

The Schairer fruit and vegetable store will move to 1473 Lake avenue and the Economy Tailor Shop will transfer next door to its present location on Owen street to make way for the library. This practically completes the extensive changes which have been made at the corners since the buildings on the east side of the street were purchased by the city.

## Cameron Barber Shop

### Now On Pullman Ave.

Forced to vacate his shop at 1530 Lake avenue due to the impending raising of the building for the Ridge Road bridge approach, David Cameron has moved his barber shop to 27 Pullman avenue. Mr. Cameron has been at the Lake and Ridge corners for the last ten years. He maintains a first class union shop, specializing in women's and children's as well as men's haircutting. Henry G. Brown, one of his assistants, has been with Mr. Cameron for nearly four years.

## ANNUAL PICNIC OF REPUBLICAN WOMEN

The seventh annual picnic of the Tenth Ward Republican Women will be held at Ontario Beach Park, Grounds No. 1 and 2, Wednesday afternoon, July 29.

The afternoon will be given over to sports under a competent leader and there will be orangeade and lollipops for the children. At six o'clock supper will be served. Mrs. Kathryn Strauss is general chairman. Mrs. Gertrude Dorschal is chairman of sports assisted by Mrs. Elizabeth Wishart, Mrs. Rose Darling, Mrs. Katherine Schlegel and Miss Helen Dunk.

Mrs. Agnes Paskal assisted by Mrs. Frances Thomson, Mrs. Mildred Guzzetta, Mrs. Ann Clifford, Mrs. Hazel Dryland, Miss Ethelreda Kraus will give out tags for the sports and refreshments.

Mrs. Julia Metz and Mrs. Florence M. Shears will be in charge of the lollipops. Orangeade will be served by Mrs. Lucy Raymond and a committee of ladies.

Supper is in charge of Mrs. Elizabeth Milne assisted in serving by Mrs. Harriett Wadman and a committee of 50 ladies.

Tables are in charge of Mrs. Betty Doty, Mrs. Florence McArthur, Mrs. Rose Meyerhoff, assisted by Mrs. Viola Fogarty, Mrs. Elnora Reik, Mrs. Irma Henderson, Mrs. Sophia Leitman, Mrs. Cecilia Schneider, Mrs. Carolyn Jones, Mrs. Matilda Legler, Mrs. Ollie Wright, Mrs. Florence Berry, Mrs. Juel Walker, Mrs. Margaret Strong, Mrs. Mae Gohr, Mrs. Virginia Frances, Mrs. Grace Emerick, Mrs. Florence Lohwater, Mrs. Mary Cocoran and Miss Angeline Pasquale.

Mrs. Clara Potter is chairman of prizes; Mrs. Grace Burnett, music; and Mrs. Bertha A. Bush publicity. Mrs. Mable Stark in charge of tickets, anticipates a sale of at least 2500.

## LAKE-RIDGE PICNIC

### AT BAYVIEW JULY 22

A week from next Wednesday, on July 22, practically every business man at Wagg's corners will definitely set aside any thought of business and line up for the annual outing of the Lake and Ridge Business Men's Association. The parade will be marshalled as customary on Owen street facing Lake avenue promptly at one o'clock and from there proceed to Bay View for a full afternoon of fun.

Gerald C. Kenny, who is generalissimo of the picnic forces, promises to send himself back to the Emerald Isle if the turnout is not the greatest it has ever been. Not only the business men, but also their patrons and friends have been invited. Tickets, which sell to the adults (both men and women) for \$1.50 and the children for 75c, include a chicken dinner at the Bayview Hotel at two o'clock and refreshments later on in the afternoon.

Mounted policemen and deputy sheriffs as well as state police, if necessary, have been placed at Mr. Kenny's disposal to properly escort the parading legion through Rochester and to the picnic grounds.

Mr. Kenny has chosen his committee members very carefully, with their particular aptitudes in mind. Here is the complete list:

To Charles E. Coster, who has been successful every year in staging the sports program efficiently, has been assigned the same task. He is assisted by August Bartel, who is secretly lining up a baseball nine to trim I. B. Levin's pets, Freeman Clark, also of baseball fame, Charles M. Wise, Edward H. Kuppinger, John Schairer and Frank Short. Clarence E. Marsh, treasurer of the association, is in charge of all finances, and Ralph Ward is a committee of one to produce some real prizes. Dr. Chas. Oster is also playing a lone hand in the entertainment.

Harvey Johnson, president of the organization, as chairman of the grounds committee, will precede the picnickers by a couple of days to trim the lawns and to do any thing he can think of to provide comfort and convenience. He is assisted by William Sovatsky and Michael Atseff, two of the few remaining good lawn mower men.

Theodore Gunkler is head of the committee which will see to it that everybody gets a ride to Bayview whether or not they have cars. His assistants are Thomas Boyle, Ezra Fisher, Bert Wagg, James Vonglis and Charles H. VanBrooklin.

The refreshment committee is F. Walker, chairman, Roland Broadhurst, Fred Doell and Joseph Reichert. Herbert A. Johnston heads the reception committee which includes Anthony Culhane, John M. Kiernan, W. D. Carroll, Harry Atherton and John Freer. Mr. Kenny and Edward C. May are in charge of publicity.

### MRS. GEORGE JINKS

The Courier notes, with sorrow, the passing of Mrs. George Jinks of Augustine street. Mrs. Jinks had a host of friends in the ward and especially in the Republican Club of which she was an active member. She also rendered valuable assistance to The Courier as a correspondent.

## "BORN TO LOVE" IS ON RIVIERA PROGRAM

### Today—Friday

"The Lawyer's Secret," is enacted by an all-star cast of favorite motion picture players, and, in addition, marks the introduction of Charles Rogers, popular juvenile star, to dramatic roles.

Clive Brooks heads the cast of well-known actors, with Rogers and Richard Arlen carrying unusually forceful roles. The feminine parts are sustained by Fay Wray and Jean Arthur, both of whom have been well received by motion picture audiences everywhere in leading roles.

### Saturday

Actors play the parts of actors in "Dude Ranch," the Jack Oakie special comedy with the big name supporting cast.

The story of this hilarious comedy, based upon Milton Krims' humorous novel, "The Lone Rider of the Mojave," reveals the fun that ensues when a traveling troupe of stage performers take over the under-cover amusement concession at a ritzy guest ranch in the Rockies.

### Sunday—Monday

RKO Pathe went to elaborate extremes in producing Constance Bennett's latest picture, "Born to Love." In one scene depicting the furore in London on Armistice Day, 2000 extras were used. Paul L. Stein, the director, instructed John Mescall, chief photographer, to work six camera crews. The set covered forty acres and for the long shots Mescall mounted cameras on buildings, on the tops of busses and on specially erected tripods.

Miss Bennett in the role of an English girl in love with an officer, is said to have one of the most dramatic parts in her spectacular career.

### HETZLERS PLAY SUNDAY

#### AT JOHN MARSHALL FIELD

Hetzler Ice nine will be back on their home lot, Sunday, when they stack up against the strong Frank Ice Co. nine in the first game for the ice championship now held by the Fogerty Ice. The game will start at 3 o'clock sharp on the John Marshall field.

## NEW PLYMOUTH ON DISPLAY AT HALLS

The new Plymouth is now on display at Hall's Sales and Service, 1850 Dewey avenue. This new Plymouth is radically different from all cars in one fundamental aspect. It embodies a new engineering principle which has been called floating power, and which, it is stated, eliminates all feeling of engine vibration.

Combined with floating power, is the industry's recent innovation—free wheeling—as standard equipment. The Plymouth free wheeling unit provides for dash board control whereby one can either avail himself of free wheeling or drive the car as if it did not carry this unit.

Shifting, also, is refined in the new Plymouth by the design of the new transmission, called Easy-Shift transmission. It permits shifting from second to high and back again at 35 or 40 miles per hour without clash of gears.

In addition to these momentous changes this new car also provides the lowness and superior riding comfort of a double-drop (or drop center) frame. By means of this frame, the car's center of gravity is brought very close to the ground.

Hydraulic brakes and Safety-Steel bodies are also featured as exceptional in low-priced car specifications. Eight new body styles are offered.

## Sacred Heart Auxiliary

### To Picnic Wednesday

The Ladies' Auxiliary No. 106 Knights of St. John, of Sacred Heart Church will have their annual basket picnic on Wednesday afternoon, July 15, at Ontario Beach Park, Grounds No. 3.

Mrs. Hazel Corrigan of Augustine street, is general chairman, assisted by the following committee: Mrs. Mayme Froman, Mrs. Marie Jeffery, Miss Betty Purchase, Mrs. Mary Connell, Mrs. Elizabeth Purchase, Mrs. Leontine Miner and Miss Alice Rendsland.

**News of the Churches**

**North Presbyterian**—The annual picnic of the church was held at Ontario Beach Park on Saturday, June 27, with the Service Board in charge of the arrangements. W. E. Couch was in charge of games and stunts, and many prizes were won by those who participated in the events. The cafeteria was planned by Mrs. Emma Hetzler, and 260 people were served. Good weather combined with happy arrangements made the picnic one long to be remembered.

Last Sunday, Rev. G. B. F. Hallock, D. D., of Brick Presbyterian Church supplied the pulpit and on Sunday, July 12, the guest preacher will be Rev. Walter Vail Watson, of Stanley, N. Y.

Thirty-five children are enrolled in the Vacation Church School being held in North Church. The program includes worship, training for worship, stories, games and handwork. The theme for the school this year is "Fellow-workers," and the key verse—"We are laborers together with God." Visitors are welcome at the school any morning between nine and eleven-thirty.

Four young women of the church left Monday for the Presbyterian Young Peoples' Conference at Aurora, N. Y., where they will remain for a week. Those who are delegates this year are Ruth Beldue, teacher of the Nursery Class; Alene Hoesterey, Harriet Miller and Edith Miller, all teachers in the Junior Department of the Sunday School. They will study methods of teaching during the mornings; the afternoons and evenings are given over to a recreational program.

**Dewey Reformed**—The annual Sunday School Picnic will be held at Ontario Beach Park, ground No. 2, Saturday afternoon. Those expecting to be transported are asked to assemble at the church at 1:30. Luncheon will be served at 6:00 o'clock. The luncheon charge is 40c for adults and 25c for children.

The Mid-Summer Holy Communion service will be held Sunday morning at 11:00 o'clock.

The Ladies' Aid met at the home of Mrs. Rose Meyerhoff on Ridgeway avenue, Thursday afternoon of last week.

**Schmanke Gets First Experience In "Air"**

A week ago today at 10 o'clock in the morning, John Schmanke, shoe dealer of Dewey avenue, was called to the telephone on a long distance call from Auburn. Rather matter-of-factly, Mr. Emerson of the Emma Jettick shoe factory there, asked Mr. Schmanke to go for a ride in a Zeppelin. Without even so much as thinking the Dewey avenue shoeman stammered "yes."

As a consequence when he hung up the receiver, Mr. Schmanke who had never been any higher than an elevator would take him, had something to think about and about 3 hours in which to do his meditating. In fact, short as the notice was, it might have been even less extended for comfort's sake.

But Mr. Schmanke took his ride in the 131 foot Enna-Jettick blimp, which is starting a tour of the country; and barring the first few minutes, a sinking sensation in the pit of his stomach and anxious thoughts as to what they might do without him at home, Mr. Schmanke had an enjoyable time. The pilot took him down over Dewey avenue and back up the river valley. The greatest thrill came to Mr. Schmanke when, as the blimp reached Lyell avenue, he looked down the entire length of Dewey avenue and saw the Kodak Park chimneys in the background.

**Radio Tips**  
By Harry Russell

About this time of year old Mother Nature turns on her broadcasting station and sends out a series of signals announcing that the atmospheric conditions are unbalanced. We call these "signals" static—and do everything in our power to keep them out of our radio. It can't be done.

However, like many other annoying things, static can be made less noticeable and troublesome by using certain precautions.

For instance when we enjoy good health, or, as we say, are in good "condition" heat and cold, aggravations and annoyances appear less bothersome and less important than when we are weak and "run down."

This applies to your radio. With good strong tubes properly aligned and adjusted tuning circuits, good aerial and ground installation and connections, static becomes less noticeable and annoying as the programs "come in" in their proper strength and clarity.

Man, automobile, radio, business—all work better and are less impeded by obstacles and annoyances when in good "condition."

## Lyell Business Men's

### Picnic Next Wednesday

The fourth annual picnic of the Lyell Avenue Business Men's Association will be held next Wednesday afternoon (July 15) at Island Cottage. Leo Hetzler, general chairman, announces that Monday is the last day to purchase tickets.

Many of the business men plan to close their stores for the afternoon. They will join in a parade, which will pass through Dewey avenue on its way to the lake. Prizes will be awarded for the best decorated cars.

A feature of the program of sports for the afternoon will be a baseball game between a team of the business men and the Champion Knit Girls team at 5:30.

## Greece Post Raising

### Funds To Get Cannon

The United States government has set aside a 105 mm. cannon for the Greece American Legion Post and awaits only the forwarding of transportation costs to bring it here. It will be placed in front of the Greece Town Hall, where the post holds its meetings. John W. Baybutt of Dewey avenue, commander of the post, is now leading a drive to raise the necessary funds.

Mr. Barbers:

I read your ad in the 10th Ward Carrier that you give a bottle Shampoo free with a children hair cut. Now permitt me to sugest some thing beter for your busines. Give one free hair cut every shave you make then you see your business improve. If you are not able enough to give costumer in your shop by doing good work, don't give free things, but close your door and go work in some factory.

## REPUBLICAN WOMEN EXPECT USUAL TURN OUT FOR PICNIC WEDNESDAY

The final drive in ticket sales is on and the Tenth Ward Women's Republican Club is making plans to accommodate its usual capacity crowd next Wednesday, July 29, in its seventh annual outing. The picnic will be held at Ontario Beach Park under the general chairmanship of Mrs. Kathryn Straus.

Mrs. Mable Stark in charge of tickets, announces that supper will be served in Pavilions No. 2 and 3, instead of No. 1 and 2 as the tickets read, owing to re-arrangements of the grounds. The pavilions will be posted however, and easily found. Mrs. Stark has already placed over 2,000 tickets.

A novel sports program has been arranged with games and races for the women and children in the afternoon and additional races for the men in the evening.

Supper will be served from 5:30 to 6:30; Mrs. Harriet Wadman will have charge of serving, assisted by Mrs. Beatrice C. Atwater, Mrs. Emma H. Saunders, Mrs. Ella G. Dunk, Mrs. Grace B. Burnett, Mrs. Anne Cullane, Mrs. Betty Doty, Mrs. Rose Darling, Mrs. Bertha Doughty, Mrs. Viola Fogerty, Mrs. Grace Gardner, Mrs. Libby Homan, Mrs. Alice Hopkins, Mrs. Helen B. Hesselink, Mrs. Emma Harvey, Mrs. Anna Keating, Mrs. Matilda Legler, Mrs. Munson, Mrs. Jane Meyers, Mrs. Carrie Prachel, Mrs. Grace Penn, Mrs. Ethel Peterson, Mrs. Bertha A. Bush, Mrs. Mabel Ramsey, Mrs. Katherine Schlegel, Mrs. Florence Shears, Mrs. Maude Thompson, Mrs. Helen Smalley, Mrs. Emma Storandt, Mrs. Minnie True, Mrs. Elizabeth Robbins.

Mrs. Mabel C. Stark is in charge of tickets; Mrs. Gertrude Dorschel chairman of sports; Mrs. Agnes Paskal, tags for games; Mrs. Clara Potter, prizes; Mrs. Lucy Raymond, orangeade; Mrs. Julia Metz and Mrs. Florence Shears; Mrs. Elizabeth Milne, supper; Mrs. Betty Doty, Mrs. Florence, Mrs. McArthur and Mrs. Rose Meyerhoff, tables; Mrs. Grace Burnett, music; and Mrs. Bertha Bush, publicity.

## Republican Women Have Luncheon At Ridgemont

## SUMMER PRIVILEGES OF BRANCH LIBRARIES

During June, July, August and September any borrower who is leaving the city temporarily may take a number of books in addition to those usually allowed. The choice of books must be approved by the librarian in charge, who will decide in each case how many books may be allowed, by the demand and supply of material on a given subject. Books in great demand may not be drawn under this privilege.

Parents may avail themselves of this privilege to borrow books for their children, but these books must be charged on the parent's cards. Any book borrowed, if urgently needed, will be sent for and must be returned at once at the borrower's expense. All books drawn on this privilege must be returned October first. Borrowers may receive and return books by mail or express at any time at their own expense.

## BOY SCOUT TROOP 81

Five scouts and one of the commissioners from Troop 81 were delegates to the Divisional Jamboree of the Blackhawk Division, which was held July 10 to 12 at Durand-Eastman Park. Commissioner Stanley Moore and Scouts Robert Schulz, Grant Osborn, Jack Baybutt, Lawrence Helfrich and Edwin Brown attended.

At the regular meeting on Tuesday, July 14, it was decided to hold out-door meetings for the remainder of the summer. The troop joins with Charles and Robert Wagner in mourning the loss of their father, Rene Wagner who was laid to rest Monday.

Many of the scouts in the troop need work and are available for gardening, caring for property while people are vacationing and various odd jobs. Anyone needing a boy is asked to communicate with the scoutmaster, Stephen C. Pool at Glen. 5862-R.

## LALLA ROOJK GROTTO OUTING IS SATURDAY

The annual basket picnic of Lalla Roojk Grotto will be held Saturday at Corbetts Glen. The parade will form at 1:15 at Franklin Square. Frank Buehlman is general chairman of the committee.

A long list of sports events and a concert by the Oriental Grotto Band are features of the outing. There will also be entertainment and public installation.

All those going are asked to notify Mr. Buehlman by phone at Glen 6139-W or by card to 176 Pittsford street.

## Radio Tips

By Harry Russell

When a radio receiver ceases to operate because of the failure, burnout or breakdown of one or more of its parts, the customer's natural thought (and invariable questions to the service man) is, "Why should this part have broken down? The set is never jarred or shaken or abused." I'll try to give an easily understood answer to this question.

In most of the devices in daily use we can see "the wheels go round." We see the wheels on autos turn, the levers move or by lifting the hood, can see the engine in action. The works of a watch can be inspected as they operate by removing part of the case, and the gears, levers, belts, etc. of our washing machines and vacuum cleaners, are all accessible for inspection. We can SEE these parts turn and work; we realize that they WEAR and in time must be replaced.

Every part of your radio works too—and at tremendous speed. But the radio works with electricity and electricity is invisible. Never the less every condenser, resistor, transformer, choke, tube, control, etc., does its work of producing, strengthening, blocking, or retarding, currents of electricity, guiding transferring, or transforming electrical pressures, acting as valves to these currents and pressures, and at last changing them to music or speech or (as in television) to pictures.

Every part in a radio works continually and effectively when a radio is operating. And every part is subject to wear. Just as we expect to replace tires, brake bands, spark plugs, etc., in our autos, and springs and stems in our watches so must we expect to replace parts in our radios from time to time.

The elements also prey upon our machines. Dirt and rust and the rays of the hot sun all shorten an auto's life—heat and moisture damage a radio.

## "The Front Page" to Be Shown At Riviera Sunday to Tuesday

Howard Hughes, the young producer who created an international sensation with his \$4,000,000 air spectacle, "Hell's Angels," has followed up with another sensational piece of movie-making. The story of its production reveals "Go-the-Limit" Hughes' methods of getting results.

This time it is a brilliant translation into celluloid of the famous Ben Hecht-Charles MacArthur newspaper play, "The Front Page," which comes to the Riviera Theatre Sunday, Monday, and Tuesday.

Lewis Milestone, the young Russian director, directed "The Front Page," and many critics are predicting this will be the prize-winning movie of 1931.

"The Front Page," is a sizzling show-down and boisterous melodrama of newspaper life. As a stage-play it was the outstanding

## Lake and Ridge Ass'n Holds Annual Outing

Promptly at 1:30 yesterday afternoon, a sizeable lineup of cars moved out into Lake avenue from Owen street and a crowd of picnickers were off for the third annual outing of the Lake and Ridge Business Men's Association. A police escort across town, saw the parade finally come to a stop at Bayview where the business men and their friends enjoyed a full afternoon and evening of fun.

Following a chicken dinner, which was served in the hotel at 2:30, a program of sports was run off under the direction of Charles P. Costar. There were events for men, women and children. Gerald C. Kenny was general chairman of the picnic committee.

## Schairer Moving Aug. 1 To New Lake Ave. Store

Within the next ten days the Schairer Fruit and Vegetable Store will be occupying its new home at 1473 Lake avenue. The former occupant has moved and alterations will be underway shortly, so that Mr. Schairer may move in about August 1.

The fruit and vegetable store has been located in the H. A. Johnston block at 1511 Lake avenue for the past year. Previous to that time it was located at the corner of Owen street and Lake avenue. Mr. Schairer is moving now to make room for the temporary quarters of the library which will take his store and that formerly occupied by the Economy Tailor Shop which has been moved next door on Owen street.

In the meantime, Mr. Schairer is continuing business as usual and expects to move without any interruption in service to his customers. His new store, when ready, will be completely redecorated and will have all the conveniences of a modern fruit and vegetable shop.

## Variety Vacuum Cleaner Company Opens on Dewey

The Variety Vacuum Cleaner Co., formerly of No. Clinton St., have moved to new headquarters at 516 Dewey avenue. They specialize in repairing vacuum cleaners, sewing machines, washing machines and all electrical appliances. They also sell used vacuum cleaners and have parts for the various makes.

## HETZLERS PLAY BENEFIT GAME SUN. AT MARSHALL

Hetzler Ice nine will play a benefit game Sunday at John Marshall field for their mascot, little Freddy Lynch who has been in the hospital with a fractured jaw bone. He was hit by a foul ball off the bat of a team mate.

Manager Bob Hicks has booked the West Ends for this game. They have a record of 9 wins and one loss.

## Clinton Buehlman Now On Broadcasting Staff

Clinton Buehlman, a veteran of the microphone, although only in his teens, has become a regular member of the Buffalo Broadcasting staff. Clinton is a graduate of School 61, Buffalo, and the John Marshall High School, Rochester.

He has made radio a hobby since he participated in his first program, over WGR, nine years ago, and is one of the younger generation who, getting his first taste of radio as a boy, took his schooling with a microphone career in mind.

While in Rochester he engaged in dramatics and sang as a baritone, at WFAM. Since his resumption of radio activities in Buffalo, several months ago, he has taken roles in the WGR serial Marza, Graham and Honey Skit, and in the Family Across the Street.

## Tropical Fish Raising Hobby of Mrs. Roggie

Unsuccessful in several efforts to raise goldfish indoors, Mrs. Florence Roggie of 19 Michigan street, has turned her efforts to tropical fish with much better results. As a result, she is hostess to many visitors who seem to be pretty much interested in seeing the display which she has in her dining room window.

Mrs. Roggie was given the idea of raising tropical fish about Christmas time by Ernest Gibbs of the Beckwith Coal Co., who is an authority in this locality on this particular subject. She started with three pairs of fish at that time and now her aquariums are occupied by about 100 of the southern-climate creatures. She has two glass aquariums, each two feet long and about a foot high and wide, and is now having a third made.

Although names seem to be somewhat involved, Mrs. Roggie pronounces with ease such titles as Guppy, Platy, Blue Betta, Polycantheus, and Betacombodia and points out specimens of each to her visitors. She also has Sword Tails and is raising a species of red Ramshorn Snails as well as some white worms and infusoria for fish food. The worms she raises on plain bread and milk; while the infusoria is a bacteria formed by the decomposition of lettuce in water. With the exception of the young, Mrs. Roggie feeds her fish once a day. The young are fed as many as three and four times daily.

Although the fish are just a hobby with Mrs. Roggie, she is quite pleased with the results she has had in her rather unique undertaking. She welcomes visitors who may be interested in seeing the tropical fish.

## NEW RADIO STUDIO OPENED IN RIVIERA

A new broadcasting studio and a new series of programs were introduced over the air through WHEC yesterday afternoon and will be heard for the second time tomorrow afternoon from 2 to 3 o'clock. The program is known as "Matinee Footlights" and is announced by the man about town. It comes from the stage of the Riviera Theatre.

The theater has been fully equipped as a broadcasting studio and will be used regularly now by WHEC. In addition to the "Matinee Footlights" on Wednesday and Friday afternoons, there will be several other programs during the week. The Footlights will be carried on as a regular theatrical performance and will include 5 or 6 stage acts.

Included on tomorrow's program will be the following: Ruth Myers, pianist; Pulver the one man band, Harmony Pals, Munn and Rowe, xylophones; and Russel Weaver, baritone.

The new studio will also bring a new voice on the air shortly. Edward C. May will be featured on the golden voiced, Riviera grand organ in regular dinner concerts and will do his own announcing. Another feature planned is a free radio matinee when those interested will be allowed to "sit in" on the radio broadcast and will be treated to a talking picture presentation in addition.

## O'Connor Talks Before State Funeral Directors

Thomas H. O'Connor of Magee avenue, returned recently from Richfield Springs, N. Y., where he attended the 52nd annual convention of the New York State Funeral Directors Association. Mr. O'Connor was present in his official capacity as editor of the State Beacon, official publication of the association.

He delivered an address on the subject of publicity before the convention delegates.

This was the first convention of its kind he has ever attended, and Mr. O'Connor expressed admiration at the manner in which the funeral directors are endeavoring to improve their service to the public and to raise the standard of their profession.

**FIFTH PRECINCT OFFICERS GIVEN  
PROMOTION IN NEW ALIGNMENT**

Five of the advancements effective last week in the re-alignment of the Police Department and Detective Bureau were won by officers at the Fifth Precinct. Those who advanced a notch in their positions are George Ruthenberg, Edwin Wildey, Victor Ayyette, James Duffy and Frank Zahlman.

Captain Ruthenberg, who for the past three and one half years has been lieutenant at No. 5, is a veteran of both the Spanish-American War and the Philippine Insurrection, having spent five years in the army. He was appointed a patrolman on October 1, 1904 and was one of the first to be appointed to the mounted division and assigned to the downtown area. Five Rochester Exposition and Horse Show Cups won by him in as many attempts attest to his ability as a horseman.

Ever since coming to the Fifth, the captain has been one of the most popular men in the station. Although he has been relentless in his duty and a model policeman, Captain Ruthenberg is known for his generosity and kindness. A well-developed physique attained in boxing and wrestling in his youth

supply the physical attributes of a good policeman, and a fine personal-  
ity mark him as well suited to head a precinct.

Captain William J. McDonald and Captain Herman Russ who has been at the Fifth for the past year, have both been retired. Captain Ruthenberg has been acting captain since July 1.

Lieutenant Edwin Wildey has been sergeant at No. 5. Sergeant Victor Ayyette, veteran of the World War, has been on prowl car duty. Both plain-clothes men at the local station have been advanced to positions in the Detective Bureau with rank of Class B. The new detectives are James Duffy, whose home is on Austin street, and Frank Zahlman.

**News of the Churches**

**North Presbyterian**—Tonight at 7:45 p. m., the Vacation Church School, which has met at North Church for four weeks, will have the closing program and exhibit. The program will take the form of a service of worship planned and led by the children themselves, in which the audience is asked to join. The exhibit will display gifts made by the boys and girls for use in the Sunday School—a doll house for the Beginner's Department, and two easels for pictures and blackboards; other gifts have been made for fathers and mothers and other members of the families. The public is invited to come and share this program with the Vacation School.

Pupils who have not missed more than one day since the school began are: Alan E. Boyce, Thomas Glende, Donald Jameson, Grace Jameson, Gloria Andreas, Sarah Ann Downes, Bernice Glende, Helen Goetz, Phyllis Johnston, Catherine Johnston, Caroline Lauer, Victoria Laurini, Grace Mac Millan, Winona McConnachie, Helen McConnachie, Katherine Simpson, Winona Simpson, and Georgina Simpson.

The school enrollment has been thirty-five and the average daily attendance, 30.

On Sunday, July 26, the Rev. Joseph A. Schofield, Jr., of Gouverneur, N. Y., will be the guest preacher; and on that day the Sunday School will suspend its sessions until the second week in September when the new pastor of North Church, Rev. Robert Findlay, will begin his work.

On August 2, the supply preacher will be Rev. William Wallace McCall, D. D., of Hornell, N. Y.

**Redeemer Lutheran**—The Rev. H. Branson Richards, D. D., the first pastor of the Lutheran Church of the Redeemer, will conduct the services next Sunday morning at 10:30 o'clock. The pastor, Rev. William Long Dowler and family are enjoying their vacation at Chaffey Locks, Ontario. The many friends of Rev. and Mrs. Richards will be glad to greet them at this service.

The following Sunday morning the pastor, the Rev. Mr. Dowler will again conduct the services and will speak on the progress of the work during the last five years; it will be five years on August 1 since the beginning of the present pastorate. During this time the new location was secured and the new church was built.

The Bethany Guild will not hold a meeting during the month of August, but will begin the fall program with a meeting the first Thursday evening in September. About 50 ladies of the Guild enjoyed a picnic at the summer home of Mrs. Fred Woehr at Shore Acres.

The Brotherhood held a meeting last Monday evening at the Parish House. The business meeting was called to order by the president, Carl Knitt. Reports were given on the Lawn Social conducted by the Brotherhood, after which refreshments were served.

**LEWISTON M. E. DELEGATION LARGEST AT SILVER LAKE**

## HUMOR

The tourist was enjoying for the first time the dry climate of Arizona.

"Doesn't it ever rain in this country?" he asked a native.  
"Rain?" the native replied. "Why, there's frogs in this town over five years old that hain't learned to swim yet."—Tit-Bits.

Chess Player (looking for a victim): "Can you play chess sir?"  
Innocent Bystander: "I dunno, brother, I never tried."

It's rapidly getting to the point where you'll go to the filling station to buy taxes, with a little gasoline thrown in."

The oyster may be dumb in some ways, but it has sense enough to get a four months' vacation.—Louisville Times.

Fortunately for the modern housewife, none of the buttons she pushes on ever have to be sewed on.—Arkansas Gazette.

The inventor of a new riveting machine claims it is noiseless. We hope he turns his talents next to peanut brittle and celery.—Life.

Some plants, we are told, derive benefit from the use of artificial light. The electric light plant is one of them.—Humorist.

Wife—Where are you going at this time of the night?  
Hubby—Mr. Billings just called up and wants to borrow a corkscrew.

Wife—Why don't you send the hired man with it?  
Hubby—There are times in men's lives that lead on to fortune and this is one of those times.

Andy MacTavish was checking out from a palatial beancery on the coast. He had evaded the chambermaid, the elevator boy, the waiter, seven porters with nary a tip.

The doorman grabbed a grip from Andy and proceeded him to a taxi, opening the door for him and shoving the baggage in after him.

"You won't forget met?" pleaded the doorman with outstretched palm.  
"No," snarled Andy. "I'll write you when I find time."

ROCHESTER, N. Y., AUGUST 6, 1931

No. 6

## LAKE, RIDGE CORNER UNDERGOING CHANGE

With all books packed and ready to move into the temporary quarters across the street, the razing of the former hotel which has housed the Lake Avenue Branch Library for the past six years, will be underway shortly. Work is being rushed on the new library rooms and by the end of next week they will be ready for public use. In the meantime, library service at the branch has been discontinued.

The other buildings which have been doomed by the location of the Ridge Road bridge approaches are practically demolished and the Lake and Ridge corners are taking on a new appearance. The two approaches from Lake avenue, one running to Lewiston avenue and the other to Ridgeway avenue, will be laid out at the earliest possible time, to insure their completion before cold weather sets in. The bridge will be ready in December.

Practically all the equipment which was in use in the old building has been transferred to the temporary headquarters. The shelving, which was purposely made in sections for such an emergency, is being transferred as are the linoleum and the electric light fixtures. The work is being done by Howard Tuety, contractor, but is practically under the supervision of City Librarian William F. Yust, who makes almost daily trips to check the details.

## Russel Radio Shop Is Opened On Dewey Ave.

Harry Russell announces the opening of his Radio Hospital at 1052 Dewey avenue, where he has fitted out a workshop and store to facilitate his service. He has equipment to repair all makes of radio as well as all necessary parts, and is a dealer for Bosch radios and Sylvania tubes.

## COMMITTEEMEN OF TENTH WARD MEET TOMORROW EVENING

A meeting of the full County and Ward Committees of the Tenth Ward has been called for tomorrow night in the clubrooms, Ridge Amusement Building, 463 Lewiston avenue. The meeting is to select the ward ticket for the coming primaries. Charles E. (Clip) Bostwick, executive committeeman and ward leader states that the meeting is open to the public and invites interested voters to attend.

## Indian River Fruit and Vegetable Store Opens

A new fruit and vegetable service, the Indian Fruit and Vegetable Co., opened recently at 1787 Dewey avenue. It features a new automatic humidifier bin which is said to keep the produce clean and fresh at all times.

In a recent test, the store displayed fresh vegetables for nine days and stated that they were just as fresh as the day they were brought into the store. The store has a fresh supply daily of all seasonable fruits and vegetables.

## Kehr Sisters Studying Under Dancing Masters

The Misses Kathryn and Jeanne Kehr of Knickerbocker avenue are spending two weeks in New York City studying at the special dancing school being held at the Hotel Astor. Twelve of the leading dancing masters of the country are collaborating in this school which takes up all branches of dancing. The Kehr School of Dancing with studios at 461 Lewiston avenue will reopen in September.

## REPUBLICAN WOMEN DRAW 2700 GUESTS AT ANNUAL OUTING

The seventh annual picnic of the Tenth Ward Republican Women proved to be the banner picnic yet held by that organization, both in point of attendance and interest. Over 2700 were served supper and it was so well-organized that all were seated within a half hour.

A list of those present reads like who's who in Rochester's political world. Circulating among the crowd were chairman of the Monroe County Committee, Harry J. Bareham and Vice-Chairman, Mrs. Agnes George; Charles E. Bostwick, Tenth Ward leader; Congressman and Mrs. James L. Whitley, Senator Fred Slater, Assemblyman Richard L. Saunders, Coronor David Atwater, Supervisor Geo. H. Hesselink; Councilman Wm. Duran, Joseph Guzzetta and Nelson A. Milne; School Commissioners, Mrs. Cora Forsyth and James Gray; Undersheriff Wm. Stallknecht, Ex-Mayor Martin B. O'Neil, John R. Powers, Wm. E. Blackwood, Judge Arthur L. Wilder, Thoma Mykings, Emmett Norton, U. S. Marshall Jos. Fritsche and Dist. Attorney, William F. Love.

The Park Band gave a concert in the afternoon. ## "THE NIGHT ANGEL" COMING TO RIVIERA

TODAY

Few modern writers have more "best-sellers" to their credit than Mary Roberts Rinehart whose recent fiction sensation, "Lost Ecstasy," comes to the Riviera under the title, "I Take This Woman."

"I Take This Woman," features Gary Cooper and Carole Lombard in its cast. The drama involves a petted child of wealth, Carole Lombard, whose scare-line escapades have involved her father in trouble and scandal. Shipped off to the family ranch in Wyoming for punishment, she meets, flirts with, and unthinkingly marries Gary Cooper, a range rider. Then the spoiled darling learns something about life, on a barren little ranch.

Friday-Saturday

Comedy in capital letters is promised in "Forbidden Adventure" the hilarious satire on life in Hollywood, with Mitzie Green, Edna May Oliver, Louise Fazenda and Jackie Searl in the featured leads.

"Forbidden Adventure" is a comedy with a brand new, and highly imaginative type of plot. It is a tribute to the genius for fiction of Sinclair Lewis, the literary marvel of America.

Sun.-Mon.-Tues.

The popularity of the Nancy Carroll-Fredric March team as a romantic duo has been responsible for the fact that Paramount has again cast them together in one of the most important dramatic romances of the season—"The Night Angel."

In "The Night Angel," Miss Carroll, in the title role, is the daughter of an impoverished countess. Her scapegrace mother operates a cabaret in her home city of Prague, gay capital of Bohemia, and Nancy is the chief entertainer in this colorful resort.

## PARTIES TROT OUT CANDIDATES; MILNE SEEKS RE-ELECTION

Battle lines are being drawn for the September primaries and all candidates of the Republican organization and Lincoln Republican Club begin their campaigning this week. The Organization made public its ticket yesterday and the Lincoln Club designations will be presented formally Saturday at a picnic in Seneca Park.

As far as the Tenth Ward is concerned, the principal interest is in Councilman candidacies in the Northwest district. Councilman Nelson A. Milne, who is completing a four-year term, will be the choice again of the Organization. Although no official announcement has been made, it is quite certain his Lincoln Club opponent will be John G. Ferguson, supervisor of the 23rd Ward. There is also expected to be a Democratic candidate, with the backing of that organization, but as yet no names have been mentioned. It has also been rumored that at least one Independent candidate will appear, but up to the present there is no indication of whom it might be.

The Ward and County Committees of the Tenth Ward meet tomorrow night at the Lewiston avenue clubrooms, and at that time designations will be made for supervisor and constable. The present incumbents, Supervisor George Hesselink and Constable Morgan R. Thistle, are the probable candidates. The Lincoln Club will have candidates to oppose them and also a full list of ward and county committeemen. The Democrats likewise will name men for supervisor and constable.

Mrs. A. Mackerchar is spending a week at the home of her son, Hugh T. Mackerchar of Wheatland St.

### KENNYKRAFT

## Club Sofa - Special at

\$55

### Hand-built by Kenny

It's a \$100 sofa. Good sized. Sturdily built to your order—every inch of construction guaranteed! Choose from brocates, tapestries rich velvets, even friezeette—patterned or plain, in every color!

CHAIR TO MATCH

## Why so Low?

Kenny is the maker. It is his policy to keep his price lower than those stores which must buy from a maker. This year materials and labor are lower than ever. Kenny's prices came down instantly! You may find the equal of this sofa around \$100 downtown. So well made a piece—at such a saving—is a marvel only Kenny can produce. Four legs instead of three shown.

## Radio Tips

By Harry Russell

Such a fine and delicate piece of mechanism as a radio is entitled to the utmost in protection from destructive agencies and causes such as lightning and short circuits. Lightning strokes may be combated by the installation of a lightning arrester on all aerial systems that are either wholly or partly outside the building. This inexpensive device will not only save your receiver from being destroyed by lightning but will prevent any lightning strokes damaging your home to any great extent by being conducted into your home by the aerial lead-in. Also (and this is most important) all insurance companies are very strict in their ruling that any aerial system exposed, either wholly or in part, on the outside of a building, must be protected by lightning arrester equipment.

And now we approach the subject of short circuits. These are destructive to electrical devices and dangerous in that they cause fires unless the current flow is immediately stopped by action of a fuse. All our homes and automobiles are protected by fuses but only a few radios are so equipped. A fuse installation is very inexpensive and your service man can easily and quickly give you this protection. Many a minor breakdown in a radio has produced a short circuit while the receiver was "playing." Of course, the radio immediately ceases to operate but if no one notices this or shuts the set off for several minutes the action of the short circuit has probably ruined a good share of the parts in the radio or may even cause the receiver to burst into flames. Of course it will be very expensive to repair any receiver in which such a condition occurs, while had the "set" been protected by a fuse the replacement of parts would have been confined to the original breakdown.

## BOY SCOUT NEWS

Troop committee chairmen of the Blackhawk Division of Boy Scouts are meeting regularly to discuss general scout topics and problems. The group met July 16 at the home of George Berndt on Bakerdale road. The next meeting will be on September 17 at the home of Joseph Lillich on Albemarle street.

Mr. and Mrs. John Baybutt and family of Dewey avenue spent the week-end in Ithaca, Ontario, Canada.

Personal items may be sent direct to the Courier office at 25 S. Water street; or to Mrs. F. L. Wadman, 48 Mayflower street; or to Mrs. George Holloway, 211 Wheatland street. There is no charge for publication.

## Thirteen Year-old Scout Revives Drowning Man Without Assistance

A thirteen year old boy scout's training in life-saving and resuscitation methods, is principally responsible for the fact that Floyd Welker of Chamberlain street is not numbered among the drowning victims of the season. The youngster is Bernard Munding, first-class scout and carrier for the Tenth Ward Courier.

Bernard is the son of Mr. and Mrs. Lester J. Munding of Selye terrace, and is spending the summer with his parents at White City. He is an expert swimmer and a heart-and-soul boy scout, being patrol leader in Troop 68 of Sacred Heart Church.

He and Roy Bubel of Dewey avenue hearing cries for help about 6:30 on the evening of July 30, plunged into the rather choppy Lake Ontario. Between them they brought Mr. Welker in to shore and while Mr. Bubel went for assistance, young Munding wasted no

time. Although Mr. Welker weighs in the neighborhood of 200 pounds, Bernard managed to handle him without any assistance. He carried out the resuscitation instructions which he had learned so well in scout meeting and by the time the coast guards arrived 12 minutes later, Mr. Welker was revived and out of danger.

In the meantime a large crowd had gathered, but the precise methods which the thirteen-year old scout was employing were entirely sufficient and no help was given. When the coast guards and a doctor arrived on the scene, there was practically nothing for them to do. It is needless to say they were high in their praise of the youngster's resourcefulness. They were doubtful if Mr. Welker's life would have been saved, if time had been lost.

In answer to the compliments which have been given him, Bernard in true scout fashion rated the job his "good turn for the day."

## Boy Scout Troop Plans

## NEW LIBRARY DRAWS WELL ON FIRST DAY

The Lake Avenue Branch Library opened for the first time in its new quarters at 1511 Lake avenue on Monday afternoon and drew a large attendance. About 1,000 books were drawn on the opening day and the library staff was kept busy throughout the afternoon and evening.

The new rooms have the appearance of a good workshop and the floor layout is considered just as efficient, if not more so, than in the old building across the street, which is being demolished to make way for the Ridge road bridge approaches. An attractive buff and chocolate color-scheme has been used on the walls and the general impression is typical of any of the other libraries of the city.

To facilitate service the Lake avenue entrance has been closed and all patrons enter and leave by the Owen street door. Just inside the entrance-way, the librarian, Miss Marjorie Burnett, and her staff have their counters for issuing and receiving books and desk space. The children's room and reference department occupy the rear section, separated by a partition. The long front room leading to Lake avenue is for adult readers. The same shelving, chairs, benches and tables used in the old building have fitted into the new layout in excellent fashion.

A large number of books were let out to readers prior to the temporary closing, during moving, and as a consequence the shelves are not as full as usual. However, most of these books are expected in this week and the library will resume its normal stride.

## HETZLER ICE NINE TO

### PLAY 2 WEEK-END GAMES

Leo Hetzler's ball tossers will play two games this week-end on the John Marshall High School field. They meet the Roycrofts, Saturday and on Sunday they play the Frank Ice Co., in the second game of a three-game series. Frank Ice won the first, 10 to 7. Manager Bob Hicks has signed two

## RIVIERA RADIO STUDIO TAKES BOW TOMORROW

The newest radio studio of Station WHEC, equipped recently in the Riviera Theatre, will be introduced formally to the radio audience in a special program tomorrow afternoon from 1:30 to 2 o'clock. City Manager Stephen B. Story will say a few words of greeting at the start of the program.

Al J. Sigl, of Alameda street, newspaper editor and columnist, will act as master of ceremonies and Howard Bloomfield of the WHEC staff will introduce the program and announce. Edward C. May will be at the Riviera organ and Hazel Gleason will present several violin selections.

The program tomorrow afternoon will be the first in a series of broadcasts originating in the Riviera studio. In addition to the Friday programs, the studio will broadcast on Tuesday and Thursday evenings from 6:15 to 6:30 until September 1. Thereafter daily musical features will be originated there.

Mr. May, who has made arrangements for the formal opening program, states that the public is invited to be the guests of the Riviera in the theater during the broadcast tomorrow.

## Ward-Tompkins Moving

### To Dewey Ave. Sept. 1

Ward-Tompkins Company, of Lake avenue and Owen street, announces its forthcoming removal to its new quarters at 1773 Dewey avenue near Lewiston. By September 1, it is expected the new store will be ready for formal opening to the public. The company has been at the Lake and Ridge corners for the past six years.

new semi-pro players. He has also obtained the services of Howard Kannan, well-known umpire, to handle all home games for the remainder of the season.

### TENTH WARD CLUB ENDORSES ENTIRE REPUBLICAN SLATE

With a large crowd in attendance in addition to the Ward and County Committees, Tenth Ward Republicans at the August 7 meeting went on record endorsing the entire Organization slate, which will be presented at the Primaries next month. They also redesignated Supervisor George H. Hesselink and pledged their support to Councilman Nelson A. Milne in his campaign for re-election from the Northwest District.

Resolutions were adopted as follows:

"The leaders of the Republican Party in Monroe County are to be commended and the Republican voters are to be congratulated upon the splendid ticket submitted for their consideration in the coming primaries. From top to bottom the designees leave nothing to be desired whether it be as to personal character, experience or ability to fill the positions for which they are designated.

"And especially are the voters of the Northwest District to be congratulated upon the re-designation in the non-partisan primaries of Councilman Nelson A. Milne. He has been untiring in his efforts to make the district a better place to live in, as is evidenced by the many major improvements put through or under way. His efforts in behalf of the John Marshall and Charlotte High Schools long a menace to the lives of the children attending there are sufficient, alone, to merit re-designation and re-election, not to mention the other important improvements sponsored by him. His untiring labor in behalf of the unemployed during the last winter bespeaks his interest in the welfare of his constituents. He has been literally a servant of the people.

"Also our Supervisor, George H. Hesselink, by his consistent and untiring attention to the duties of his office has earned the re-designation which we are more than pleased to give to him.

"Now, therefore, be it resolved, that we the members of the Tenth Ward County and Ward Committee, workers and friends will and do give our whole hearted support to the entire ticket and we do now pledge ourselves to put forth every effort to roll up such a majority for our designees as will make the Tenth, the banner Republican District in the County."

### CAMILLE IRVING PUPILS TO BE HEARD ON RADIO

A group of Miss Camille Irving's violinists, will play on the Kiwanis Joy Hour over WHEC Saturday, August 22, at 5:30 p. m. On Thursday, August 20, Miss Kathryn Blind and Charles Dispenza will be featured. Miss Blind is already well-known to the radio audience having played several times over station WHEC.

## Rev. Laird To Preach At North Church Sun.

Rev. John W. Laird of the Brighton Presbyterian Church will be the guest preacher at the regular morning service Sunday at North Presbyterian Church. On the following Sunday, August 30, Rev. Stanley F. Gutelius of Brick Church will occupy the pulpit. The Rev. Robert Findlay, who is to be the new church pastor, will preach his opening sermon on Sunday, September 13.

### CHRISTMAN—REED

The marriage of Miss Alice Reed daughter of Mr. and Mrs. Myron Reed, of Bedford street, to Phillip R. Christman Jr., son of Mr. and Mrs. Phillip R. Christman of Birr street, took place Monday morning at 10:30 in the parlor of the Baptist Temple. The Rev. Dr. Wood performed the ceremony.

The bride wore a dark blue transparent velvet suit with a white satin waist, and hat to match. She had a corsage of Talisman rosebuds. The bridesmaid, Miss Katherine Christman, sister of the bridegroom, wore an ensemble of shell pink silk and black transparent velvet with hat to match and carried pink rosebuds.

The bridegroom was attended by Eugene Lynch.

Pre-nuptial parties were given by Mrs. George J. Satter, Mrs. Myron Reed, Mrs. Phillip Christman, and office associates of the bride.

Mr. and Mrs. Christman left immediately on a motor trip to Loon Lake, Canada, where they will spend their honeymoon. After September 1, they will be at home at 261 Birr street.

## "A FREE SOUL" AT RIVIERA ON SUNDAY

### Today

Romantic and with the violent struggle between passionate infatuation and loves as its central theme, "Never The Twain Shall Meet," romance of the South Sea Islands.

Leslie Howard, who made such a success in both the stage and screen versions of "Outward Bound," and who has been a star on the London and New York stages plays the part of Dan Pritchard. Conchita Montenegro, the little Spanish girl who danced her way to fame in the capitals of Europe, plays Tamea.

### Friday-Saturday

"Up for Murder," the Universal love drama has been described as one of the outstanding pictures of the current season.

Lew Ayres and Genevieve Tobin, two of the most popular of the screen's newer players, appear in this production, which is a powerful love drama, told against the seething activities of a great newspaper office. The story is a constant succession of dramatic situations brought about by the existence of "eternal triangle."

### Sunday to Tuesday

Norma Shearer, in a gripping drama of San Francisco's gambling life, "A Free Soul" is a sensational filmization of the Adela Rogers St. John novel.

Miss Shearer plays another such glamorous role as she gave to the screen in "The Divorcee" and "Strangers May Kiss," but this time in a setting of stark drama—of adventure in the underworld, among gangsters and gamblers, as a contrast to life in the homes of wealthy society leaders and descendants of the Millionaire Argonauts.

## Camera Club Outing At

### Island Cottage Saturday

Members of the Camera Club and friends will gather together Saturday afternoon at their cottage near Island Cottage for a special picnic. Cars will leave the Ridge road gate at two o'clock. The program includes a number of contests for which prizes will be given, movies and special attractions.

## Mrs. Stell Describes

### Visit To Waelderhaus

In an interesting letter, Mrs. William H. Stell, of Flower City park, who is spending the summer in Oostburg, Wisconsin, tells of a visit which she has just made to the famous village of Kohler. Mrs. Stell is captain of a Girl Scout Troop here and as a consequence was most impressed by the Waelderhaus, Girl Scout headquarters of Austrian design, which has just been dedicated there.

Her captain's registration card and a Thanks Badge brought her special courtesy, she said, and she was escorted "through every nook and corner." The Austrian design is not the only unique feature, however, for everything in the interior is hand made and carved, even to the door knobs and wooden clothes pegs. It was planned and carried to completion by Kasper Albrecht, well-known Austrian architect and sculptor.

This unusual home for Girl Scouts, she stated, is the donation of Marie Christine Kohler, sister of Wisconsin's former governor. The house, in Austrian Alpine style, is built in the side of a hill near the river and is four stories high.

Mrs. Stell stated in her letter that she was so enthused over the building and all that it represented to scouting, that she is now anxious to get home and describe it to her scouts. Newspaper clippings, which she encloses, refer to the Waelderhaus as "the most beautiful and unique place in the world, dedicated to Girl Scouting."

Before Mrs. Stell left the house, a large cowbell, hanging in the Assembly Hall was rung for her special benefit. It is just another of the Austrian effects carried out in the general scheme. The cowbell, she explained, is used in Austria to call the people from the Lower Alps to the Upper Alps in time of festival.

### JONES—SMITH

The marriage of Norman Jones of Denise road and Miss Adelaide Smith of Chateaugay, took place Saturday in the First Presbyterian Church.

The bride was dressed in white organdy and carried a bouquet of pink roses and lilies of the valley. A sister of the bride acted as bridesmaid. She was dressed in Nile green and carried yellow roses. Ernest Appleton was best man.

The color scheme of green and yellow was carried out in the church and in the bride's home, where the wedding breakfast was served to 38 guests.

Mr. Jones is an engineer, employed on the new Ridge road bridge, and Mrs. Jones has taught school in Oswego for two years.

After an extended tour the couple will be at home to their friends at 72 Flower City park.

## Radio Tips

By Harry Russell

No radio performs at its best unless it is attached to a good aerial. Many receivers operate wonderfully well on very poor aerials but they would improve their distance, clarity, selectivity, etc., if given the benefit of a good aerial installation.

A good radio "plays" or reproduces only what it receives from its aerial. If the aerial is too short or badly located the programs received are weak, given to fading, and possibly contain much "artificial static" or interference. Too long an aerial makes for poor selectivity and "pick up noise."

The condition of the aerial joints, lead-in position, ground location, and joints—all are important items in bringing the broadcast signals to your radio, strong, clear, and as free from artificial noise as possible.

Q—Why can a radio tube refuse to work and still light brightly. N. B. H.

A—Vacuum tubes contain 3 to 5 elements or working parts. The filament or heater which lights is just one of these parts. Two of the other elements or parts may be shorted or just broken and the filament would still light although the tube was useless.

There is another reason—the "Light" is for the purpose of heating a coated substance which gives off electrons when hot. These electrons form the tube current. After long use this coating is exhausted and although the filament "lights" or heats, there are no more electrons given off and thus no more tube current flows and the tube is worthless.

Q—My set is about a year old. Lately while it gets distance well, the music is "scratchy" and voices are not distinct. What would cause this? L. S.

A—Have your tubes tested. You have one or more "low" ones in the audio section of your receiver.

## ROCHESTER EXPOSITION TO OPEN HERE ON LABOR DAY MORNING

With many Monroe County Fair features as added attractions, the 1931 Exposition and Horse Show will open Labor Day morning with high hopes of being the greatest event of its kind ever held here. As customary the Exposition will be held at Edgerton Park, where workmen have been busy for some time preparing the grounds.

There will be a full program of the usual events, ranging from band concerts to out-of-door shows. The midway will also be as attractive as ever. Exhibits ranging from mother's canned goods to live stock and poultry will occupy their regular places.

The Women's Society of North Presbyterian Church will conduct their third annual tea tent. Meals will be served each day during the week.

Arrangements for this project are headed by Mrs. S. Delos Thorn, president of the Society, with Mrs. Emma Hetzler and Mrs. L. B. Dodge in charge of the kitchen; Mrs. E. J. Miller, Mrs. B. H. Clement, Mrs. R. Capauldy and Mrs. S. H. Rogers, the dining room; Mrs. J. L. Armstrong, coffee; and Mrs. George C. Cross and Mrs. Elmer Forest, the supply table.

Mrs. William G. Watts, treasurer of the society, will act as cashier. These committees will be assisted by a large number of volunteers from the membership of the church.

## Weekly Bridge Parties Start Next Wednesday

Republican women of the Tenth Ward will resume their weekly bridge parties Wednesday afternoon, September 9, with a luncheon and bridge at West Manor. Luncheon will be served at 12:45, and cards will follow.

Mrs. Kathryn Strauss, chairman of the party, announces that the luncheon will be free to all ladies who attended the bridge parties in the Spring. The luncheon is open to all interested; however, at a charge of one dollar. There will be special favors and prizes for winners.

## Camera Club Planning Allegheny Park Hike

Camera Club members are anticipating one of their best "hikes" of the season over the Labor Day weekend. A party of 80 is leaving by motor Saturday morning for Allegheny State Park for a three day outing. Hikes through the park have been arranged and the members expect to return Monday with many exceptional photographs.

## The Next Issue of THE COURIER will be published THURS., SEPT. 17

## TOWNER BROS. WILL EXHIBIT AT EXPO.

Towner Bros., Rochester dealers in bicycles and sports equipment, will have their first exhibit at the Rochester Exposition and Horse Show this year. They will occupy Booth 204, in Building 5, just opposite the main entrance and plan to have several outstanding features.

Fifty-six prizes, totaling over \$100, will be given daily and a grand prize at the end of the week to winners in their Bicycle Velodrome Contest. A bicycle will be mounted to a distance recording device and entrants will each be timed in a mile sprint. This is expected to be one of the best events in the exhibition room.

Also included in the Towner display will be an 1887 model Columbia bicycle of the high-wheeler type. The new model Iver-Johnson, Pierce and Scout bikes will be shown in contrast. Other sports equipment and a number of popular make radios will complete the Towner exhibit.

## REPUBLICAN WOMEN HEAR SEARLE TONIGHT

The first fall meeting of the Tenth Ward Republican Women's Club will be held in their room at 333 Driving Park avenue tonight.

Truman Searle, Organization Republican candidate for District-Atorney, and Chas. E. Bostwick will be the speakers.

All women are invited to attend. Refreshments will be served.

## BOY SCOUT NEWS

On Saturday September 19, Troop 81, will hold a father and son hike at Ellison Park. A charge of 25 cents per person will be made to cover the costs of a supper. Formal invitations will be sent out to the fathers by the chairman of the hike committee.

## Republican Designations

**Kathryn Kehr Studio**  
Opening September 12

Kathryn E. Kehr, who returned this week from New York City where she attended a special dancing school, announces the formal opening of her Rochester studio on Saturday, September 12. Reservations are now being taken for classes in tap, acrobatic, toe and ballroom steps. The studio is located in the Ridge Amusement Building on Lewiston avenue.

**TIRE STORE MOVES TO  
440 LEWISTON AVENUE**

The Tenth Ward Tire and Vulcanizing Company is moving across the corner to a new location at 440 Lewiston avenue. It was formerly at 1706 Dewey avenue. The company specializes in new and used tires and tire repairing.

## NEW WARD-TOMPKINS STORE OPENS TODAY

Formal opening of the new Ward-Tompkins Co. store at 1773 Dewey avenue takes place today and preparations have been made to receive old friends and patrons as well as new ones. A sale, details of which will be found elsewhere in this issue, continues through the remainder of the week.

Six years ago the Ward-Tompkins organization moved into this section, and has been a the Lake and Ridge corners during that time. The transfer to Dewey avenue provides more facilities and the company plans to expand its hardware and electrical supply departments. Ward-Tompkins is now also an authorized dealer in Valspar paints, varnishes and enamels.

The radio service department, which was the first of its kind to be established in this section when radio was just coming into popularity, is to be continued.

The new store was completely re-decorated before Ward-Tompkins started to move in and is quite attractive. The familiar color scheme of orange and black has been used on the shelves and counters.

## MILNE ADDRESSES

### KODAK EMPLOYEES

Over 400 Kodak workers of the Tenth Ward were guests last week Wednesday night at a Sauerkraut Supper and Republican Rally held at the Rochester Mannerchor. It marked the launching of the candidacy for re-election of Councilman Nelson A. Milne.

A number of the candidates on the Organization slate were present and addressed the gathering. These included Charles E. Owens, candidate for Councilman-at-large, William Stallknecht, for sheriff; Councilman William Durman and Supervisor George H. Hesselink. District-Attorney William F. Love, Councilman Joseph E. Guzzetta and Charles E. Bostwick also spoke. William Doane, president of the Lower Tenth Ward Republican Club, presided.

Councilman Milne outlined the principles upon which he will stand for re-election and cited a number of issues upon which the Council has debated and the reason for his stand on these issues. He also told of the accomplishments of the councilmen endorsed by the Republican Organization. He expressed his gratitude for the support of Kodak workers in previous elections and asked for "the same co-operation in the Primaries as well as the election in November."

George Clement of 110 Seyle terrace, took two championships at the recent city swimming meet. He won both the 100 and 200 yard distances. He has also gained prominence with the local high school swimming team.

## "SMART MONEY" TO SHOW AT RIVIERA

Today

"Men Call It Love," picturization of the Vincent Lawrence stage hit of 1929, "Among the Married."

Adolphe Menjou is featured as the golf champion Don Juan. The picture is regarded as ideal material for the suave and debonair Menjou and for the excellent cast with which he is surrounded in the picture version of the daring farce of marital mishaps.

Friday-Saturday

"Gold Dust Gertie," stars Winnie Lightner with Olsen and Johnson in support. It is one of the most riotous of comedies, teaming as it does, the screen's outstanding comedienne and the most famous pair of stage clowns in America.

Winnie turns vamp in her own behalf, a role in a way like her uproarious one in "Gold Diggers of Broadway." The story involves a bathing beauty contest and a hilarious ocean voyage on a private yacht, with three of Winnie's ex-husbands and a prospective one, contributing to the complications.

Sun.-Mon.-Tues.

It has been remarked that the genius of the lamented Lon Chaney is most nearly exemplified by Edward G. Robinson, whose characterization in "Little Caesar" is excelled in an entirely different role in "Smart Money."

Mr. Robinson plays the part of a small town Greek barber who goes to the big town and becomes the king of the gamblers, only to meet his fall through the machinations of one of the many blondes that were his weakness.

## J. Harrigan Announces Barber Shop Opening

Announcement is made in this issue of the opening of a two-chair barber shop by Joseph C. Harrigan. The shop is at 1456 Dewey avenue. Mr. Harrigan, who was formerly proprietor of a shop on Ridgeway avenue, has been in the radio and electrical appliance business for several years and will continue with his regular line in addition to the barber shop.

## Myers and Stoneham To Continue At 1517 Lake

Myers and Stoneham, electrical contractors, will continue with their office and store downstairs at 1517 Lake avenue. Their new telephone number is Glenwood 2604. Their entrance is on Lake avenue, rather than through the Ward-Tompkins store, which has moved to Dewey avenue.

Mr. and Mrs. Frank Spencer of Augustine street have returned from a motor trip to Binghamton and vicinity.

**Yes, Mother, we know your responsibility and we are sure you'll accept a suggestion on the shoe problem.**

Before another day passes, just get out those old shoes for a little inventory. All youngsters are pretty hard on shoes, but the newer methods of repair are certainly a life-saver to your pocketbook.

If you are doubtful as to whether any are beyond repair, bring them in and we'll give you an honest opinion. If we say we can repair them, we'll return them looking like new.

**Modernized Version of Country Store**

The Country Store as a part of the American Theater is coming back into more or less prominence. A rather unusual version, and it is not billed as a Country Store either, is on display at the Riviera Theatre.

An atmosphere of dignity and a spirit of modernism pervades the "give-a-way" which sort of lifts it out of the classification of the "Rube drama." As a matter of fact the originators have added a touch of the radio world, as their principle contribution to the new style.

The Man-About-Town of WHCC is the master of ceremonies and realistically enough, he uses his good friend, the "mike," to do all his announcing and to convey his wisecracks to all corners of the theater. No longer do the eager ticket holders have to strain their eardrums to find out that their's is just one number out of the way. They can sit back placidly and enjoy the chatter.

Every Thursday night for 4 weeks, the Riviera, acting for a number of advertisers, is giving away an even 50 gifts, ranging from pencils and stationery to tons of coal, wrist watches and washing machines. The first was held last week Tuesday, but this week and for the next two weeks, the "give-a-way" occurs on Thursday nights. Those interested in the modernistic in anything and everything may see the 1931 edition of the Country Store tonight at the Riviera.

**Redeemer**—Labor Sunday will be celebrated Sunday at 11 o'clock with an appropriate message by the pastor, Rev. William Long Dowler, on the subject, "God's Law of Labor."

The Bethany Guild will hold its monthly social and business meeting this Thursday evening at 8 o'clock in the Parish House. The meeting will be in charge of the president, Mrs. William Ohlich. The members of the serving committee are Mrs. Versprille, Mrs. Woehr, Mrs. Weigand, Mrs. Yackel, Mrs. Young and Mrs. Armstrong.

Friday evening the members of the choir will have a social and business meeting at the close of the choir rehearsal. Phil Perkins will be in charge of the business meeting after which refreshments will be served. The social meeting will be in the nature of a farewell party in honor of Alfred Wietz who is leaving next week to enter Hartwick College.

**North Presbyterian**—Rev. William A. Hallock will be the guest preacher in North Church Sunday. The service will be held at 10:30 a. m.

On September 13, Rev. Robert Findlay will take up his work as the new pastor of North Church. Mr. Findlay is a graduate of Wooster and Auburn Theological Seminary; he has been the pastor of the First Presbyterian Church, Cuba, N. Y., since his graduation from the Seminary ten years ago. He will preach at the regular morning service at eleven o'clock. The same day, the Sunday School will convene after a vacation period of six weeks.

The installation of Mr. Findlay as pastor of North Church will take place Saturday 17. Rev. Raymon Kistler, D. D., of Central Presbyterian Church, will preach the sermon; the charge to the people will be given by Rev. William Wallace McCall, D. D., of Hornell, N. Y., and the charge to the pastor by Rev. Frank M. Weston, D. D., executive secretary of Rochester Presbytery.

**REFINISHING FURNITURE**

With the vacation season nearing its end and the Fall in early prospect, now is the time to have any necessary furniture refinishing done. For a reliable, thoroughly experienced man, call Jack Fogg, 77 Primrose St., Glen. 1345-J. Formerly with Hubbard Eldredge & Miller.—Adv.

The Missionary Society is holding its annual corn roast at the home of Mr. and Mrs. A. D. Lounsbury, Ridge road West, on Monday, September 14. Mrs. Cutcliffe of Bryan street, is president of the society. Mrs. H. H. Stillman and Mrs. Harry Goodland are in charge of the roast.

**BRAIMAN-KONINSKY**

The marriage of Miss Marjorie Koninsky, daughter of Mr. and Mrs. Edward M. Koninsky of Flower City Park, and Myer Braiman, son of Mr. and Mrs. Harry Braiman of Parsells avenue took place last Thursday evening at the home of the bride's parents. The ceremony was performed by Rabbi Philip S. Bernstein in the presence of the immediate families.

After a short trip to Canada, Mr. and Mrs. Braiman will be at home in Rochester.

Mrs. Braiman is a graduate of the University of Rochester, class of 1928, and Mechanics Institute. Mr. Braiman attended the University of Rochester and was graduated from Columbia University Law School last June.

## KODAK PARK EXPLOSION FOLLOWED BY RUMORS; ACCIDENT RATE IS LOW

At about 11 o'clock Friday morning, the lower Tenth Ward was startled by a heavy explosion, followed shortly by prolonged blowing of the Kodak Park fire whistles. Within an hour, meager details of Kodak's calamity had spread into the home of many park workers and frantic wives and relatives (and perhaps some who were just curious) created a tie-up on the 30 trunk phone lines of the Lake Avenue Plane.

The explosion claimed four lives directly and one, it is said, indirectly through suicide. Another worker is still in serious condition and a score or more received minor injuries. Despite the unfortunate toll, however, Kodak Park is said to be far below the average accident rate for a plant of its size.

Rumors have followed in the wake of the explosion and about as fast as one subsides another is in circulation. Most of them apparently are of an unofficial nature and quite without foundation in fact, although they probably will continue to be told, one to another, for some time to come.

At least two Tenth Warders claim to have escaped death or injury by a quirk of fate. One of these is said to have been working on the doomed machine no more than five minutes before the explosion. He was relieved to go to the rest room and the man who took his place was among those killed. The narrow escape so affected him, it is said, that he has resigned his position. Another Tenth Warder was to have reported for work on the machine on the evening shift, starting at four o'clock.

## Jackson Library Adds New Books of Fiction

The following list of new books recently added, is announced by the Jackson Circulating Library of 325 Driving Park Avenue:

Expensive Women, White Bird Flying, Windmill on the Dune, Farewell to Arms, Love at Sea, Substitute, Martins Summer, A Wife by the Hour, Dance Partner, Here is My Body, Belle Mere, Cabaret, Greta Garbo, Man Made the Town, Bread Eaten in Secret, A Woman 40, American Tragedy, Her Master, Whirlpool of Reno, Lady on Riverside Drive, Rhapsody in Gold, Golden Remedy, Green Wine, Love Goes Past, Ladies of the Evening, Young and Healthy, No Bed of Roses, Bandit Love, Sweet Man, Shepherd of Guadalupe, Horse Ketchum of Death Valley.

## The Next Issue of THE COURIER will be published THURS., OCT. 1

## RIDING CLUB TO HAVE HORSESHOW SATURDAY

About 40 entrants have been received for the second annual horse show of the Brookridge Riding Club which will be held Saturday afternoon in the club's paddock on the Latta Road. The show will be open to the public with large accommodations available for parking.

The first of 12 events will be started at two o'clock. Ribbons will be awarded in all classes. Entrants are composed not only of club members, but also of a number of others.

Two prominent men, not members of the club, have been secured to judge the events. They are Charles Schott of Buffalo road and Harry Nesbit of Albion.

## Argo Park Residents Picnic At Churchville

Residents of lower Argo park held their third annual picnic at Churchville Park on Sunday, September 6. The next affair will be in the form of a clambake on October 3, to be held at Bert Hall's summer cottage at Hilton Beach.

There were 36 prizes given at the picnic, all donated by the merchants of the Dewey-Driving Park section. A vote of appreciation was extended to them for their donations.

Following are the members of the committee which made arrangements for the outing: Martin Welch, transportation; Morris Vogt, refreshments; Herman Skimmer, sports and W. H. Becker, dinner. H. J. Speck was general chairman.

## Building Monuments

There has always been a smouldering controversy existent between the practical man and the aesthetic—or perhaps we should say the man who has an urge for the emphasis of the beautiful regardless of technical considerations. It has been said that at times we are all aesthetes—especially when the particular project in view does not directly affect our pocket-books. However, if the wealth accumulation of any individual is to be lessened as between the choice of the aesthetic and the practical, how many will make the former choice?

Coming down to an actual situation, for illustration, take our public library system and its rapidly increasing branches. Some are very favorable to the idea of erecting a few branches at strategic points and making of them monuments, imposing structures with beautiful workshops within. They feel as though they are aesthetes.

On the other hand there are those practical souls who feel that we should have as many libraries as possible with the largest possible selection of books that we can afford. They are intensely practical from the material point of view; they want the most for their money; they want more books, more libraries and fewer imposing structures.

Those people who cast their votes for "monuments," we have no doubt, are absolutely sincere in their conviction that fine structures are of supreme importance to the reputation of their city. They are willing that we make large expenditures for small return in a practical way, to edify their sense of beauty. Now we wonder if the man who wants the most for his money is not right this time. We wonder if the practical man in this instance is not also the aesthetic.

There is only a certain amount available for library purposes in our public budget. We must bear in mind that the library is not the building, but rather the volumes of knowledge contained within the building. If we are to get the most for our money, we must invest our funds in books rather than buildings. This is practical and at the same time highly aesthetic from the point of view of culture.

Taking a specific instance, consider the situation in our own Tenth Ward. After months of consideration we have practically given up hope, for the present, of erecting a fine outstanding library, such as, for example, is now being built on Norton street. The library will be set up in temporary quarters, until such time as a decision can be reached as to location of a \$50,000 edifice. Would it not be more practical, yet entirely satisfactory to the aesthetes to take this \$50,000 and equip a couple of more "temporary" libraries thus providing more facilities for cultural advancement to a much wider circle of people.

The taxpayer, viewing the matter in this light, should have a pretty good, even though time-worn, answer. He should say "Give me the most I can get for my money." And so do we.

## "NIGHT NURSE" AND "HUCKLEBERRY FINN" SHARE RIVIERA'S SPOTLIGHT

Sharing the spotlight with "Night Nurse" in the week-end attractions at the Riviera Theatre is Mark Twain's famous romance of American boyhood, "Huckleberry Finn." The management has booked this classic especially for the youngsters to enjoy at the Saturday matinee, although grown-ups too will no doubt be pleased to "sit in" on the screen version of this story either Friday or Saturday night.

Of twenty speaking parts in "Huckleberry Finn," four are carried by well-known juvenile players, Jackie Coogan, Mitzie Green, Junior Durkin and Jackie Searl, all of them continuing the roles in which they won favor in "Tom Sawyer."

"Honeymoon Lane," which is being shown for the last time tonight, is far removed from the blood-curdling, or jazzy films of a few months ago. It is brimful with romantic fervor, seasoned with plenty of chuckles and outright laughs, and played by a brilliant cast of actors, lead by Eddie Dowling.

The story is one of how young love and faith calmly over-ride the machinations of plotters, thugs and even ill circumstance. It's the romance of a young modern fellow and the girl of his heart.

Barbara Stanwyck, vividly remembered for her performance in "Illicit" comes Sunday, Monday and Tuesday in "Night Nurse."

The stirring sequences follow the life of a girl who comes to a great city hospital as a probationer, and becomes an accredited nurse. She meets temptation in many guises—and also love—and is instrumental in saving the lives of two ill-fated children.

Frank DeVilbiss of Maryland street, entered the State Horse Shoe Pitching Tournament run in connection with the Exposition last week and after a creditable showing, emerged 14th in the final standings. This was his second state tournament.

## REFINISHING FURNITURE

With the vacation season nearing its end and the Fall in early prospect, now is the time to have any necessary furniture refinishing done. For a reliable, thoroughly experienced man, call Jack Fogg, 77 Primrose St., Glen. 1345-J. Formerly with Hubbard Eldredge & Miller.

## TENTH WARD GIVES MAJORITY TO ORGANIZATION IN THE PRIMARIES

In the words of Charles E. (Clip) Bostwick, the Tenth Ward came back to its former status as the banner Republican ward of the city as a result of the Primaries on Tuesday. With the exception of Ray Fowler, Charles F. Wray and ten of the committeemen, the ward rolled up a majority for all Organization candidates.

Mr. Bostwick, executive committeeman, and Mrs. Bertha A. Bush, executive committeewoman, were both returned to the county committee. The Lincoln Club candidates will have four county committeemen and six ward committeemen as follows: County, Hattie Commons (12th), Elizabeth Pappy and Valentine H. Kohl (13th), Helen F. Clair (16th). Ward, Clara M. Sauer (7th), John H. Miller (8th), John DuRocher (10th), Jay Alexander and Jane Brandt (13), William D. Fenessy (23rd). The other 94 district committee posts in the ward were captured by the Organization.

Fowler, candidate for District Attorney received a majority of about 400 over Truman Searle, his Organization opponent. Charles F. Wray, Lincoln Club candidate for School Commissioner, was second to Forsyth in the list of four candidates. Councilman Nelson A. Milne ran 1,400 votes ahead of his Lincoln Club opponent, John G. Ferguson, in the Tenth Ward tabulation.

George H. Hesselink, like many of the other supervisors, experienced some difficulty in eking out a win over Fred A. Phillips, his majority being about 200. His running mate, Morgan R. Thistle, had a healthier margin over Lyman Quance.

The county and ward committee are tentatively scheduled to meet next Monday night at the Lower Tenth Ward Republican Club rooms on Lewiston Avenue to organize and elect officers. However, it is not certain as to whether the meeting will be held at that time or a little later.

## Delta Phi Fraternity In First Fall Meeting

The Delta Phi fraternity held its first fall meeting Friday evening at the home of Gerald T. Coyle on Dewey Avenue. The fraternity will hold weekly meetings during the fall and winter seasons. A new addition to the fraternity is a six piece orchestra and which is open for engagements. The orchestra is known as the "Mississippians."

Officers for the year, 1931 and 1932 are: Gerald T. Coyle, president; Leslie Luther, vice-president, and Vernon E. Thibault, secretary and treasurer.

## HAHN DISPLAYS NEW LINE OF MAJESTICS

Announcement of the complete new line of Majestic Radios is made through the local representative, Hahn's Radio Shop (formerly Glenwood Radio Shop) at 308 Driving Park Avenue. The new models, incorporating three major improvements of unusual interest, are on display at the Hahn showroom.

Probably the outstanding achievement in Majestics is the elimination of so-called "cans" or other box-like compartments surrounding each tube. Germany has furnished a new method of spraying the shielding metal directly on the tube, which, it is claimed, makes it possible for each tube to be run at highest efficiency thus securing improved selectivity, greater range and better tone.

Majestic engineers have adapted to American principles another new discovery, this one coming out of England. They call it "twin power detection," and consists primarily of the use of two detectors with consequent greater volume without "choking" and "distortion."

The third improvement is referred to as the "modulated" circuit. It is a new circuit, developed by Majestic engineers in collaboration with the Hazeltine Laboratories which is said to have brought about a greater depth of tone.

## Takes Over Matthews Sheet Metal Business

Announcement is made this week that S. C. Matthews has succeeded to the sheet metal and roofing business formerly conducted by the late Sidney Matthews, his father. He is successor to Albert Matthews.

The business at present is being run under the title of Sidney Matthews Estate and in addition to sheet metal and roofing work, specializes in furnace installation and repair and gutter and conductor work. Matthews sell both wholesale and retail and are sales representatives for Niagara, Norman, Royal and Williamson furnaces.

Mr. Matthews learned the business as an apprentice to his father and has worked in sheet metal and allied lines since his youth. He is well known in the ward, through his former connections here.

Every Wednesday evening a Good-will meeting is being held in the Parish House of all the leading members of the congregation. The purpose of these meetings is to create enthusiasm and greater interest and activity in the work of the church, to win new members and regain the interest of those becoming delinquent, to foster greater faithfulness and regularity in attendance of the Sunday morning worship and in the payment of church pledges. An outside speaker brings an inspirational message each week. Addresses have been given by W. H. Stakel and William F. Love, and short talks by G. A. Cliequenois, W. C. Storandt, W. J. Ohlrich, John Sanders and other members of Redeemer.

Secretary of Rochester Presbytery. The Charge to the People—Rev. William Wallace McCall, D. D., of the First Presbyterian Church of Hornell, N. Y.

The Benediction—Rev. Robert Findlay.

The music will be directed by Harold B. Harper, Organist-Director of North Church.

On Sunday, September 20, Miss Ruth L. Beldue will report her impressions of the Aurora Conference for Presbyterian Young People, in the Young Peoples' Division of the Sunday School, and Mr. Findlay will bring a message to North Church young people, taking for his topic: "Builders of A Church."

The regular mid-week meetings are to be resumed, next Wednesday evening.

Mr. Findlay and his family have established their residence at 133 Lexington avenue, and the three children, Robert Logan, Mary Louise and John Macartney, have entered Number 34 School.

A Child Study Class will be conducted in the Parish House of North Church, 7 Locust street, Tuesday evening, Sept. 22, at 8 o'clock, to which all who are interested are invited. This class is under the direction of the Parents' Class of the Sunday School.

### Radio Tips

By H. S. RUSSELL

Hardly a day passes that someone doesn't come into my shop with a radio resistor, condenser, or grid leak and say, "We'd like to buy a part like this—have you one?" I have but before "selling" it I always test the one the customer has brought in and 9 times out of ten the original is O. K.

A little questioning brings out the fact that the customer's radio suddenly ceased to operate and he immediately pulled loose the first thing that "looked" dark or cracked or discolored from heat and decided that he had found the source of his trouble.

When your radio stops or "cuts up," have the tubes checked at your home or your radio dealer's store and if they are alright then call a good service man. It is not wise to attempt the repair job yourself—you haven't much chance to "fix" the trouble and all sorts of opportunity to cause further injury to your set.

The best trained service man in the world without his meters and testing equipment would have small chance of repairing a modern delicate, complicated radio. An untrained man without equipment has absolutely no chance to do anything but further harm.

Question—My radio has more tubes than my neighbor's set but he gets much more "distance" than I do—why?  
G. B. C.

Answer—The number of tubes used in a radio does not always determine its "distance getting" ability. Correct design is what counts. Also the quality and condition of the tubes and aerial location and condition of the radio. Your neighbor's set may be better designed than yours, or in better adjustment (alignment) or his tubes and aerial may be of better quality or condition.

Question—When I turn my set on it screeches and howls and vibrates for a minute or so and then suddenly "pops" then plays beautifully until shut off. What causes this?  
J. M.

Answer—You probably have sev-

eral old tubes in your radio that heat up much more slowly than the others. This causes an unbalanced condition and oscillation until all the tubes become "warm." When all tubes have reached their operating temperature, balance is restored in the receiver, oscillation (which causes the howling) ceases and your radio "plays."
