Controversy of Nomenclature Disturbs Repose of Ridge Rd. Structure

As the Ridge road bridge nears completion and construction of its approaches also is well underway, a new controversy presents itself to be placed in the history of this structure already colorful from past disputes. It concerns the name of the bridge.

Quite apparently this massive connecting link between the two banks of the Genesee will not just bear the title of Ridge Road Bridge. If the Gold Star Mothers of Rochester win their point it will go down in the records as a memorial to the war dead, under the title of "The Veterans Memorial Bridge." This proposal has been made, but the American Legion does not seem to feel that the bridge is a suitable memorial.

Some indications of the proportions to which the controversy has grown was given by Monday newspapers in their reports on a sermon by the Rev. Roland M. Wendell, minister of the Winton Congregational. Rev. Wendell centered his attention on the memorial proposal in his Sunday evening sermon to his congregation, defending the position of the Gold Star Mothers. Meanwhile, it is still a matter of conjecture as to just when the bridge will be ready. No more definite date has yet been assigned than some time in December. The greatest possible speed is being made on the approaches and with all necessary razing of buildings completed, steam shovels are now excavating for the roadway.

Frank Gysel Starts Plumbing Service

Frank Gysel of 464 Birr street announces the establishment of his own plumbing and heating service. For the past 26 years he has been connected with a local concern and has had a wide experience in this business.

Looks for Increase in Sale of Radios

C. L. Hartmann, president of the C. L. Hartmann Corporation, local Atwater Kent distributors, states that the new 1932 Atwater Kent line, though introduced late this year, has met with such ready acceptance by the buying public that sales have already exceeded the similar period of a year ago.

Mr. Hartmann looks for an increase of at least twenty-five per cents in this season's sales despite the depression.

The complete line of Atwater Kents is on display at Coer's Battery and Ignition Service, 1398 Dewey avenue.

The Next Issue of THE COURIER will be published THURS., OCT. 29

News of the Churches

Grace M. E.—The Harvest Home Supper was held last evening. Dr. Orlo Price, Federation Secretary spoke on his nine months visit in Europe this year. The supper was served by the Ladies Aid Society.

The pastor, Dr. S. J. Clarkson, will speak on Sunday morning on the topic, "A Useful Church" and in the evening he will talk on "The Three Best Things in Life." Sunday School session is at 10 o'clock.

Each Thursday morning at 11 and at 3 in the afternoon, the children from No. 34 and 7 schools come to the Grace Methodist Church for Bible instruction. There are three teachers in charge at the church, Miss Clara Vick, Miss Alice Loop and Mrs. Clara Lockwood.

On October 23 the teachers and officers of the Sunday School are having their annual banquet. Miss Elizabeth Beal is in charge of the decorations. Harvey Lockwood is general chairman and Howard Maurinus will act as toastmaster. A guest speaker will talk on Sunday School work.

Redeemer Lutheran—"Give God a Chance" will be the theme of the sermon next Sunday morning by the pastor, the Rev. William Long Dowler. The chorus choir will sing, "How Beautiful Upon the Mountains," by Roberts. The consecration hymn following the sermon will be "Have Thine Own Way, Lord."

Fred Laube was the speaker at the Wednesday evening service for increased good-will and loyalty to the work of Redeemer. An informal discussion of church problems followed the address and Mr. Laube was asked many questions concerning his experience in church work.

On November 11, a congregational fellowship supper will be held in the Parish House, followed by a social and business meeting, in which every member of the congregation will be interested and should be present if possible.

The Women's Missionary Society sent a number of delegates and visitors to the Western Conference Convention held this Thursday in the Grace Lutheran Church, Buffalo, N. Y. The delegates were Mrs. Harry Peters, Mrs. LaPorte, Mrs. Albrecht, Mrs. Lange and Mrs. Frey. Others attending the convention as visitors were Mrs. Danielson, Mrs. Dowler, Mrs. Lidfildt, Mrs. Storaand, Mrs. End, Mrs. Quade, Mrs. Hill, Miss Irene Mender, Mrs. Conover.

The Festival of Harvest will be celebrated in the church, October 25, when the pastor will bring a message appropriate for the occasion and the church will be fittingly decorated with fruits and autumn colors.

Hahn Radio Shop Is Showing New Models

The 1931 line of Atwater Kent radio models is now being shown at Hahn Radio Shop, 308 Driving Park avenue. The entire new line as now presented, embraces nine models, two being table or compact style, four are lowboy consoles and the remaining three are highboy consoles.

"In offering the 1932 Atwater Kent models we are not striving to offer the lowest priced sets on the market," says C. L. Hartmann, president of the C. L. Hartmann Corporation, local Atwater Kent distributors. "Our aim is to give the most value in quality radio at a moderate price. That is why we use the phrase, 'Golden Values with the Golden Voice' in describing these new models."

Features of the new Atwater Kent models include Pentode tube, variable mu tubes, automatic volume control, antenna adjuster, and Atwater Kent's exclusive "free dialing."

"Bad Girl" Coming to Riviera Sunday For 3-day Run; Chic Sale Tomorrow

"Bad Girl," Film version of Vina Delmar's celebrated novel, opens at the Riviera Theatre Sunday for a three days engagement. As the young husband, James Dunn, recent recruit from the New York stage, makes what preview accounts have called the season's most impressive screen debut.

Sally Eilers, will be seen as the girl-ride heroine in the title role. Her characterization in this tensely human and deeply emotional role is said easily to eclipse anything she has done before.

Briefly, the story deals with the meeting and subsequent marriage of a New York shop girl with a radio mechanic. Their joys, sorrows and emotional vicissitudes form the basis of the drama that ensues.

Charles (Chic) Sale, who, with Walter Huston, is featured in "The Star Witness," Friday and Saturday feature, during his vaudeville career has created thirty-five picturesque roles—among them being Gran'pa Summerill, a flute playing Civil War veteran. This is the character which is woven into the thrilling story of "The Star Witness." The foxy old gent, on a forty-eight hour leave from the Soldiers' Home—frees his kidnapped grandson, foils the thugs and gives a tip to the cops.

"Waterloo Bridge" will be shown for the last times tonight. Mae Clark and Kent Douglass have the leading roles.

Minerva Millinery Is Successor to Doyle's

The Kathryn Doyle Millinery at 514 Dewey avenue has been succeeded by the Minerva Millinery Shoppe. Mrs. Minerva Wymer is the new owner. Mrs. Wymer comes from Pittsburgh, where she was buyer in one of the larger stores.

A complete line of millinery and hosiery as well as costume jewelry and accessories is shown at the shop, which has been redecorated throughout by the new owner.

Howard L. Reichart, of 164 Albe-marle street, a graduate of John Marshall High School in the class of June, 1929, is an honor student at Massachusetts Institute of Technology, according to a bulletin issued recently. His standing places him in the topmost 3.8% of his class. He is one out of 25 in a class of more than 650 to achieve this honor.

While in John Marshall, Howard was an honor student. He ranked sixth in his class of 75.

Council Posts are Center of Interest in Election Fight

With registration to be completed this week, the campaign leading up to the elections on November 3, is scheduled to open in full vigor next week. The polls will be open tomorrow from 10 a. m. to 10 p. m., and on Saturday, for the last day, from 7 a. m. to 10 p. m.

The principal interest in the elections locally centers around the candidates for Councilman. In the Northwest District, of which the Tenth Ward is the largest unit, Nelson A. Milne of Glendale park is backed by the Organization for re-election. He is opposed by John G. Ferguson, Democrat-Lincoln-City Manager candidate, who resides on Britton road.

The Tenth Ward will have no vote in the election of three other District Councilmen, but will have an opportunity to cast its ballots for one of two candidates for Councilman-at-large. These are LeRoy Snyder, Democrat-Lincoln-City Manager candidate, and Charles S. Owen, Organization Republican choice.

Miss Mildred Siller has been appointed as school representative for the Rochester Teachers Association. Miss Margaret Logan as reporter for Schoolways, and Miss Mildred Wright as representative for the Friday Night club.
The 4B and 3A Grade visited the Municipal Museum on September 28. Mrs. Peet conducted the class there and gave a talk on the Seneca Indians.
Morning assemblies have been instituted at No. 34 School this year. After the flag salute and patriotic songs have been sung, several grades have made voluntary contributions of poems, songs and dramatizations from the regular school work.
Miss Thomas's 5A and B Grade made a trip September 30 to the Maplewood Park gorge in connection with the study of rocks and rock formation. H. A. Carpenter accompanied the grade which made the trip more effective.
Having taken the examination and qualified as to citizenship, the following boys were installed as junior traffic officers by Officer Baglin:
Harry Gass, Captain; Guards—Anna Clark, Betty Geistwite, Phyllis Axon, Robert Aldinger, Earl Barrett, Bobby Beyer, William Lane, Albert LaPave, Jack Rutz, James Thompson, Richard Worner, Walter Fallesen, Leslie Wooding and Albert Jilaroscia.
Substitutes—Albert Green, Helen Carroll, Clarence Botting, Irene Whyte, George Wells, William Booth, Phyllis Prentice, Ruth Rockcastle, Stanley Schutte and Clarence Templeton.

LAKEVIEW SCHOOL NO. 7
Two traffic squads have been organized. The boys take care of the outside, the girls are on duty inside the building. The organization for the squad is as follows:
Outside Duty—Ellison Harrington, Captain, Henry Kohl, Thomas Maggio, Ellison Jack, Stanton Miller, Joe Rehak, Ezra Sarachan and George Dixon.
Inside Duty—Doris Manhold, Captain; Martha Montague, Arlene Collier, Jean Phillips, Adele Hafner, Grace Almy and Marjorie Spick.
The pupils of Miss Eber's 6B-6A grade have organized for this semester. The following officers were elected: president, Jane Fields; vice-president, Edythe Hennig, secretary, Ellison Harrington, treasurer, John Young.
Social committee—Katherine Plum, chairman, Donald Jameson and Henry Kohl.
The mothers of the school met Tuesday, October 6, for their first meeting this year. Reports were given of the institute which was held in September by those who had attended the meetings. The next meeting will be held Tuesday, October 20.
Pupils of Miss Barry's grade visited the Museum at Edgerton Park. They made a study of the Seneca Indians' mode of living. Mrs. Peet, the educational director, gave a talk with lantern slides.

JOHN MARSHALL HIGH
Glenn Moore was elected president of John Marshall High School's Association by a large majority. Raymond Marlin of Flower City park won the vice-presidency, Louise Sullivan of Seneca parkway was the choice of the students for secretary.
Elections were preceded by campaign speeches Wednesday, Oct. 7, in which each candidate for the three offices was introduced by his campaign manager and then given an opportunity to explain his policies. Moore's campaign manager was Norman Nadel of Alameda street. The other candidates for president were Daniel Caudle, of Lake View park, whose campaign manager was David Reid, and John Shannon of 218 Albemarle street, with Thompson White of 416 Electric avenue, as campaign manager.
The manager of Raymond Marlin's campaign was Harry Fogarty of Augustine street. The candidacy of Louise Sullivan was managed by Fred Truax of Carthage street.
This year officers are to be elected twice a year instead of once. Several other changes have been made in the constitution of the Students' Association as the result of suggestions made by a committee appointed by Mr. Elmer W. Snyder, principal, and consisting of Miss Caro Fitzsimons and Mr. L. C. Friel.
Carrying the revised constitution of the Students' Association, the first Jo-Mar appeared Tuesday, October 6. Staff members (mostly new) who had a part in the editing, under the direction of Edward Siebert, editor, and Daniel Caudle, news supervisor, include: Althea Finnigan, Harold Brady, Norman Nadel, Evelyn Croft, David Clement, Rosemary O'Brien, William Muir, Agnes Dean, Jean Etanton, Anne Morris, Eleanor Kaufman, Madeline Mong, Phyllis Brooks, Nancy Gay, Marion Agilvie, Warren Hilfiker, Dorothy Harness, Cleo Hall, Rosalie Seinta, Marjorie Du Rocher, Wilson Ashley, Nellie Sauer, Eleanor Van Deusen, Josephine Fedele, Emma Pitche, Gladys Grunst, and Ruth Yockel.
Twenty sophomores in II-2 English published the first issue Friday, Oct. 9, of a class paper. It is called "Too Too Spirit" and its editors are Eleanor Palser and Frank Beatty.
Miss Caro Fitzsimons has been appointed adviser to John Marshall's Chapter of the National Honor Society. She takes the place of Miss Margaret Lamb.
The girl's Tri-Y organization is to have open membership this year. It is felt by those who have had the matter in hand that this is more democratic than a closed and semi-selective membership. Any girl who comes three times may subsequently join. Tri-Y will also count in school activities. The number of points has not been set. Formerly there were 30 girls in the organization. A larger membership is expected this year.

Radio Tips, Questions and Answers
By H. S. RUSSELL

Unless jolted into doing some real thinking the average person has his or her values determined by public opinion. This is particularly true of radio receiver owners and calls for an educational program by the radio servicing, fraternity.

The other day I repaired and adjusted a receiver that was 3 years old. The bill was \$8.00. It was the first time the set had been serviced. Yet the owners acted as though the receiver had been an expensive failure. I told them that their receiver had been, on the contrary, very inexpensive and drew the following picture for them.

Original cost of radio.....	\$180.00
Less present trade-value.....	20.00
	\$160.00
2 sets of tubes at \$15.00 per set	30.00
Service	8.00
	\$198.00
Average set used 1000 hours per year—3 years=3000 hours=	\$198.00÷3000=\$.066/10 per hour, for the finest and most diversified instruction and entertainment the world has ever known.
Now compare this picture with one drawn 20 years ago.	
Talking machine or phonograph	\$200.00
Records, \$.75 to \$7.50 each, average \$1.50—1 each week, 3 years, 150 weeks.....	225.00
1 new spring motor cleaning and adjusting.....	5.00
	\$430.00

Divided by 3000 hours of entertainment gives us \$.14 as the price per hour of entertainment, AND you changed the record and needle and wound the machine for every number.

\$1.50 for \$1

**Frear Resolution
Given Convention**

A resolution by George Frear of Lake avenue was presented at the National Funeral Directors' Association Convention in Detroit last week. Its purpose is to establish certain titles in the profession and to standardize their definition. Following is the text of the resolution:

I, George W. Frear, move the adoption of the following resolution: Whereas, our professional terminology is generally acknowledged to be in a sadly muddled condition, and is in dire need of clarification and standardization, and

Whereas, such terms as "funeral director" and "mortician" are without definite or proper use, and

Whereas, the terms "embalmer" and "undertaker" are ill-favored; and are hangovers of a day and age long past, and do not fitly describe, denote, or connote the man or his work; and are a handicap to the modern practitioner; are an eye-sore to the public and without due respect for the modern practitioner, therefore be it resolved:

RESOLVED, that the terms "undertaker" and "embalmer" be abolished and the following terminology be adopted by this Association:

FUNERAL DIRECTOR: for one who is a licensed or certified director of funerals, and to be used in place of "undertaker."

MORTUARY SURGEON: for one who is licensed and certified to prepare bodies for burial, and to be used in place of the unfitting and unjustifiable title "embalmer."

The "mortuary operation" or "mortuary surgery" will follow in place of "embalming." The field of "mortuary surgery" will include the usual work in plastic, derma, and demi surgery, restorative art, disinfection, deodorization, preservation and ALL work on the body. This title need NOT be a derivative of the participle (of either "prepare" or "restore") which denote our results, no more than does that title of a medical surgeon, lawyer, clergyman and other professional titles. The point is that either of the words "prepare" or "restore", and their participles can replace "embalm" and its participles; but that "mortuary surgeon" may be our TITLE. For example: the "embalming" of a body, will be the "preparing" of the body; the "embalmed" body, will be the "prepared" body; to "embalm" a body, will be to "prepare" a body. Of course, the words, "treat" or "operate" or "restore," might be used in place of the word "prepare."

MORTICIAN: for one who is both a licensed or certified funeral director and also a licensed and certified embalmer or "mortuary surgeon." This title denotes the man who has both licenses; one who is capable of serving in both capacities and as the chief. This term discriminates. It should only be used as such; it has no other use. Respectively submitted.

KEARSE—GREEN

The marriage of Miss Mary Elizabeth Geeren, daughter of Mrs. Joseph Edward Hammond of Dewey avenue, and Henry J. Kearse of Magee avenue, took place at the Church of the Sacred Heart on October 7. The Rt. Rev. Mons. Burns, pastor of the church, performed the ceremony and celebrated the nuptial mass which followed. The sanctuary was decorated with seven-branch candlesticks and large baskets of autumn flowers.

The bride entered the church on the arm of her brother and was gowned in ivory white satin with a tulle veil of the same shade caught with orange blossoms. She carried a shower bouquet of bridal roses.

Her bridesmaid, Miss Irene LaPlante, was in pale green taffeta with hat and slippers of gold and carried an arm bouquet of talisman roses.

Daniel E. LaPalm of Toronto acted as best man for Mr. Kearse.

The ushers were Thomas H. Geeren of New Haven, Conn., brother of the bride, and Charles P. Kennedy of Rochester.

Miss Helen Ankner presided at the organ.

The wedding breakfast was served to about twenty guests at the Ridgmont Golf Club, followed by a reception at the home of the bride.

After a motor trip to New York and Philadelphia, Mr. and Mrs. Kearse will be at home at 1126 Dewey avenue.

BOY SCOUT NEWS

At the meeting following the Father and Son hike of Troop 81, moving pictures taken during the hike were shown. On October 3, six members of the troop hiked to Durand-Eastman Park to pass second class and other tests. Jack Baybutt and Bobby Tuffer also returned on foot to complete their 14 mile hike requirement. Jacob Coombs and Ben Taber won the treasure hunt. The other scouts from Troop 81 were Howard Corcoran and Edward Meyer.

The troop meets Wednesdays at 7:30 at Lewiston M. E. Church. A court of honor will be held on October 28.

Troop Commissioner Richard Baybutt entertained the committee which is sponsoring the troop together with Scoutmaster Stephen C. Pool and his assistants, at a meeting at his home. This was the first of a number of meetings at the various homes, held to discuss troop affairs.

Why Mainsprings Break

There are always an unusual number of watches with broken mainsprings immediately after a thunder storm or upon the arrival of lower temperatures which have been preceded by a hot wave.

Authorities state that a humidity condition is responsible. It is probable that the moisture in the air effects some weak spot in the spring.

The quality of the watch seems to make little difference in the ability to withstand these weather conditions. In fact authorities state that a watch costing \$150 is perhaps more apt to have its mainspring broken than a cheaper one. This is probably due to the very high tempering of the metals in the more expensive watches.

One of the most peculiar types of mainspring breakage is when it breaks into numerous small pieces. Authorities state that this may be caused by the contraction of the outer coils, from the cold compressing the inner coils which have not yet been affected by the temperature change, and breaking them.

Miss Finding Displays New Greeting Cards

Started originally as just a spare-time greeting card business, the trade of Miss Ada Finding of 245 Lark Street has developed and spread into other fields. Bridge novelties and ensembles, including the latest Eugenie bridge ensemble, book plates, hand-tooled pocketbooks from Morocco and Italy are among her display.

Her Edgar Guest and Cecil Alden greeting cards for Christmas have had a fine reception, she reports, especially Alden's creations, which are built around dog life. Mr. Alden is famed for his dog sketches, which have now been incorporated in a new type greeting card. Miss Finding also takes orders for personal Christmas cards.

School Principal Has Ride in Dirigible

Elmer W. Snyder, principal of John Marshall High School, was invited to take a ride last week in the Enna Jettick dirigible before it left the city. His 7-year-old son, Robert, shared the 15-minute ride with him, but did not enjoy it as much.

The ship rocked considerably, and when it began to descend, the progress was so rapid as to produce the icy sensation in the pit of the stomach that one experiences in a rapidly descending elevator. That was what Robert did not like.

The cabin of the blimp is about the size of a coach body. There is room for three beside the pilot.

Pulitzer Prize Drama "Street Scene" At Riviera Sun.; Stage Revue Tonight

"Street Scene," Pulitzer Prize Drama, has been translated to the screen and if anything it has enhanced its standing as one of the best productions of the year. Sylvia Sidney, William Collier, Jr., and Estelle Taylor, with most of the original stage cast, take roles in this picture, which is coming to the Riviera Theatre Sunday, Monday and Tuesday.

Realistic to the smallest detail, "Street Scene" can be summed up in one word—Life. The gossip mongers tore her mother to pieces and pointed the finger of scorn at her. The daughter knew and understood her mother's plight and sympathized. Loss of her sweetheart was only one of a number of heartaches in this vividly portrayed drama.

"Sporting Blood," sensational drama of the turf, with one of the most elaborate casts assembled in seasons, is the attraction tomorrow (Friday) and Saturday. The picture is based on "Horseflesh."

POLITICAL ADVERTISEMENT
KEEP THE CITY MANAGER CHARTER IN THE HANDS OF ITS FRIENDS

JOHN G. FERGUSON
COUNCILMAN
NORTHWEST DISTRICT
LE ROY SNYDER
COUNCILMAN-AT-LARGE

To Voters of 7th Judicial District
The electors of the Seventh Judicial District have presented to them in the coming election an unusual opportunity to place upon the Supreme Court Bench a judge absolutely free from political or other control. For thirty-five years William E. Lynn of Rochester, New York, has practiced his profession in that city with an ever increasing clientele. He is a man of culture, ever interested in forward and progressive movements and has always been zealous in his advocacy of enforcement of all laws. We desire to make no charge against his opponent. His record is well known to the voters of Monroe County, and we shall only call to the attention of the voters the estimate of William F. Love and a review of his political career in Monroe County made by Ray F. Fowler, prominent attorney of Rochester, and the present Republican candidate for District Attorney. Mr. Fowler was nominated in a contest by a majority of over 6,000 in the Republican primary. He was for a number of years an assistant under William F. Love. So far none of Mr. Fowler's charges against the conduct of the District Attorney's Office under Mr. Love has been answered.
In announcing his candidacy for nomination as District Attorney of Monroe County, Mr. Fowler said, as reported in the Rochester Times-Union August 7, 1931:
"The prosecution of crime in this county has been a farce for years and I am prepared to prove it. If I am elected District Attorney, no group or individual will run my office nor receive questionable favors for their friends while

friendless men are punished, and I will guarantee this, that crime by public officials and politicians will not be winked at. Nor will it be necessary for a Democratic Governor to have the Office constantly under close scrutiny nor at times send outside prosecutors into Monroe County so that justice may be done where influential men are involved."
On August 21, 1931, the Times-Union quotes Mr. Fowler as follows:
"As for the office of the district attorney, I can and will prove that by reason of its relation to certain political leaders, it has become a withered arm of justice; that the organization clique need it and have used it for their private purposes. . . . There is no excuse for the laxity of criminal prosecution in Monroe County, but until the district attorney's office is completely freed from political influence, justice will continue to play favorites, and innocent men without friends or political influence will continue to suffer."
On September 11th, 1931, Mr. Fowler said, as reported in the press of the following day:
"There has been no real war on crime in this county for several years, and it is so well known to the governor of this state that he has recently requested the Legislature to investigate the office."
"If I am elected district attorney, I will safeguard the rights of innocent men and I will relentlessly prosecute the guilty, regardless of their political backing. There will be no back door to my office for fixers to enter. It will not be necessary for a Democratic governor to send in prosecutors from other counties because the local political control makes it necessary."
On previous occasions Mr. Fowler has severely criticized the conduct of the District Attorney's Office by Mr. Love.
"At all times during the last five years he has been indifferent to crime suppression in this County."—From the Times-Union, August 21, 1928.
Quoting Mr. Fowler from the Democrat & Chronicle, October 8th, 1928:
"I believe that re-organization of the Monroe County District Attorney's Office with a staff of assistants pledged to devote their entire time to the interests of the county will result in a material reduction of crime in this community. That office should be conducted free from political inter-

ference or control. It is not being conducted impartially and uninfused under Mr. Love's administration."
Can the Voters of this District afford to place upon the Bench a man who has thus been publicly indicted by his intimate associates?
We believe on the contrary, that they will take no chance and will vote to place on the Supreme Court Bench in this exalted position a Judge who will uphold the traditions of the past, a man who will take rank with those honored jurists who have served on the Bench in this district, a man about whose standing there can be no doubt or suspicion.

Civic Defense League Essay Contest Offers Cash, Merchandise Prizes

The Rochester Civic Defense League's Essay Contest opened this week and will run to December 17. It is open to everyone except members of the league and their families. A first prize of \$100 and over 100 others are being offered.

Full details of the contest may be obtained from any merchant who displays the league membership sign. All contestants will write on the topic "Why I Should Trade with Independent Merchants." The first page of the essay must be written on stationery which will be furnished by the merchant.

On the reverse side of the stationery are printed all the necessary facts from which to compose an essay. The only task involved will be to compose these facts in a concise form and to present them in convincing manner. Each essay must be limited to 500 words, but if the contestant is able to state his case completely in fewer words, this will not count against him.

There will be two special prizes of ten dollars each for the best essays by a school boy and school girl. In addition to these and the first prize, there is a \$50 second award; \$25 third award; ten prizes of ten dollars each; 20 prizes of five dollars each; and a long list of merchandise prizes including coal, turkeys, chickens, paint, canned goods, etc. All prizes will be awarded in time for Christmas use.

There will also be local prizes. One of those to be given for the best essay from a Tenth Warder will be presented by the Levin Market of Lake avenue. It is now on display at that store.

Thanksgiving Issue of THE COURIER will be published MONDAY, NOV. 23

Chain Buying Methods

An interesting letter is contained in a bulletin of the Rochester Civic Defense League. It should be of especial interest to housewives.

A chain store advertised and sold Arpeako spare ribs at 7c per pound and apparently the same meat was costing the independent dealer 12c per pound wholesale. Dewey avenue merchants immediately notified Walter Cherry, secretary of the league who in turn wrote to the Rochester Packing Co. asking an explanation. The reply needs no comment; it is self-explanatory. It follows:

The Blank Company has been buying Belly Ribs from us that have been cut out of hogs averaging about 300 pounds. These ribs are heavy and because it has been hard for us to find a market for them, MOST OF OUR CUSTOMERS REFUSING TO BUY SO HEAVY A RIB, we have been selling these at a price range of 6c to 8c a lb., this price depending upon the stock we had on hand and upon the weather conditions.

We have also been cutting several thousand pounds of heavy loins each week, making these loins into Canadian Back Bacon and we have sold the Back ribs out of the boned-out loins to some of the Blank stores at 4c a pound. Any of our customers had the opportunity to purchase these ribs and the back ribs at the same price.

It is probable that the Spare Ribs which the Dewey avenue merchants heard about are the Back Ribs which the Blank bought at 4c a pound.

William Haines Comedy at Riviera Sunday-Monday; "My Sin" Tonight

J. Rufus Wallingford, gentle grafter and genial appropriator of "sucker money," re-lives his hilarious adventures on the screen in "New Adventures of Get-Rich-Quick Wallingford," at the Riviera Sunday and Monday.

Suggested by the famous Cosmopolitan Magazine stories of George Randolph Chester, the comedy takes William Haines, in the role of Wallingford, through an amazing series of plots, high finance, comical trouble, tribulation and a hairbreadth escape from a detective. It then lands him in love, reforms him, and all ends happily.

Being the wife of a newspaper "headline" is a wearing business for any woman, Fay Wray is willing to concede after portraying such a

wife in "Dirigible," which plays at the Riviera, tomorrow and Saturday.

The wife of a celebrity whose profession is fraught with danger has a particularly difficult role to fill, Miss Wray found. She must endure many hours of torturing anxiety, and the actress is authority for the statement that a wife, in a case of this sort, cannot be severely blamed for taking steps to frustrate such a career.

"My Sin," one of the season's most interesting pictures is featured tonight for the last times.

This thrilling story of the regeneration of a man and woman, one crushed by bitter circumstances, the other demoralized by wild living, has Tallulah Bankhead and Fredric March in its leading roles.

Upper Dewey League

The Upper Dewey bowling league has been meeting for five weeks and if all the teams continue their present pace, the contest for honors will be a torrid one. No team has much of an advantage and Benjamin's Cocoanuts and Rubadon's Hazelnuts are tied for first place with eight wins and six losses.

Lead by Charlie Bantel, who garnered 813, the pin-pickers rolled up several good scores Monday night. Four others averaged better than 180, including Wallace (586), Bauman (581), Danehy (559), and Metzinger (549). Following are the scores of Monday:

Sees "Veteran's Memorial Bridge" Appropriate for New River Span

Editor's Note: The following letter was written by George W. Studley of Mayflower Street, commander-elect of Ira L. Jacobson Post, 474, American Legion and National Inspector of the Army and Navy Union. He has had an intimate connection with the new bridge at Ridge Road, having had the contract for the steel re-enforcement of that structure. His letter was written in response to another letter in a local daily, but was not published. W. T. W., to whom he refers, is the author of the other letter, which stated in substance that the bridge was a public utility unsuited to memorial purposes and furthermore that the name "Ridge Road Bridge" would be the accepted title regardless of any other name attached.

The Veteran's Memorial Bridge, and why not? This bridge is not on the Ridge Road East or West side, and is not located on any street, though its approaches do connect by being extended through Seneca Park, on the East, and Maplewood Park on the West to streets that in turn connect with the Ridge road on the East and Lewiston avenue on the West. Therefore, this bridge is not on any street yet named.

How easy those who have nothing to do can distort and criticize a real constructive move like naming this Memorial Bridge as W. T. W. whose name, if used, might expose the distortion that prompts one not to sign; or perhaps one might detect a Galvanized influence that prompted the suggestion of a Garbage Incinerator Memorial.

The first and only request the Gold Star Mothers have made in 13 years is to name this bridge the Veteran's Memorial Bridge, in honor of all veterans before and since the World War. This request is to cost not one cent.

Regardless of the present petty bickerings between political factions regarding the cost of various items in its construction, it stands second to none as a magnificent structure. Its setting, overlooking the beautiful lower gorge of our justly famous river can only be fully appreciated by those who have traveled beyond the limits of the County of Monroe.

Standing on the newly constructed section looking upon this vista of rare beauty and visualizing this huge structure completed, were two Gold Star Mothers, both who not only gave a son, but their only child, that civilization might live, both expressing the same desire, that this useful bridge be named after our soldier dead, that it might commemorate the sacrifice of

our soldiers in all Wars as well as the World War.

W. T. W. tells us, by all means let us have a Memorial, but let it be appropriate. That is a tough, for the funny columnist of Oct. 23rd, and for those that do not know the greatest bridge ever conceived by the human mind is a Memorial, the George Washington Bridge, New York City to Jersey. The Booth-Flynn Company, builders of our new bridge just completed the Memorial Bridge connecting Washington, D. C., with Arlington. There are scores of other Memorial Bridges throughout our great land, but quite unknown to the W. T. W.'s of this city with a plaque on the wall.

The Gold Star Mothers showed the greatness of their organization in the choice of their name, The Veteran's Memorial Bridge, thereby including the men from Cuba, Haiti, Mexico, Nicaragua, and the Philippines for surely we who served in those campaigns are not Chinamen.

The Gold Star Mothers are real people, not myths as some seem to think. They received a letter from a great Civic organization requesting them to wait until 1938, and then perhaps something might be done for them. They have seen the Spanish War Veterans wait for over 30 years and still waiting, but they are older than the Spanish War Veterans, and cannot wait much longer, as 13 years has already made great inroads on their membership, but if the W. T. W.'s in this City can be organized, I am sure they will have to wait. The only publicity seeker in this instance is the attacking party, and the Gold Star Mothers find consolation from the vicious attacks they have been subjected to from the W. T. W.'s, by the daily reports of new organizations endorsing their movement to name the new Bridge, The Veteran's Memorial Bridge.

BOY SCOUT NEWS

A court of Honor was held Oct. 28 for Troop No. 81 in the Lewiston Avenue Methodist Church.

John Caister, George Gunn, Edwin Smith and Renkert Meyer became tenderfoot scouts; Ben Taber, Edwin Meyer, Jack Baybutt and Grant Osborn were advanced to second class rank and Edwin Brown to first class. Ralph Brearey received four Merit Badges; Ed Brown three, and Scoutmaster Stephen Pool a Merit Badge in Photography.

Recently six Scouts and Scoutmaster enjoyed another treasure hunt in the woods on Committeeman Moore's ranch near Hilton. Ben Taber of the Fox Patrol again found the treasure; this time it was 100 feet of rope for his patrol to use in making a knot board, and a book, "The Life of Baden-Powell," the finder's individual trophy. The treasure was presented by Committeeman William E. Turner.

Organize Here to Carry Out Man-A-Block Plan; Guzzetta Is Chairman

Organization in the Tenth Ward to carry out the Man-A-Block plan has been delegated to the Republican and Democratic Committeemen. The first meeting was held Thursday evening at the Republican Women's headquarters and Democrats and Republicans combined to fill the hall to capacity.

Dr. Joseph L. Guzzetta was chosen chairman and Joseph Bush, secretary of the committee. An executive committee composed of Mrs. Bertha Bush, William H. Stell, Charles E. Bostwick and Dr. Guzzetta, Republican, and Mrs. Joan Lynn Schild, Edward Truesdale, Thomas Moran and Dr. C. C. Milne, Democrats, will have charge of the work here.

The plan consists of creating as many jobs as possible during the winter months by combining the resources of the home owners in each city block. It was successfully carried out in Buffalo and other cities and was brought to Rochester by Frank T. Joyce, exalted ruler of the Elks. A city-wide organization is now underway.

A square block is taken as a unit with a block captain who serves without pay, in charge. It is hoped to give each worker a minimum of \$15 per week, each family with someone employed being asked to pay an average of 50 cents per week or more if possible. The man hired will work 30 hours a week as a minimum, thus receiving 50 cents an hour, and will shovel snow, do odd jobs, etc., for each of the homes in his block. The block captain will be in charge of the worker and will collect at the various homes each week for a period of ten weeks or more. He will also hear complaints and will have authority to replace the block worker for another if the work is not done satisfactorily.

A house to house canvass will be underway shortly to organize the blocks. The workers must be residents of Rochester whose families are without income. They will be checked up through Abram M. Jones, chief probation officer of Monroe County, and Frank J. Koch, director of charities of Rochester.

Call at Edouard's Dress Shop, 1546 Lake avenue, opposite Wagg's Corners. Great specials in winter coats and dresses, Monday, Tuesday and Wednesday, Nov. 23-24-25.—Adv.

Eddie Cantor's Latest at Riviera Tonight; Gridiron Picture Thursday

Eddie Cantor's memorable entry into the motion picture firmament by making "Whoopie" has been eclipsed in "Palmy Days," the famous comic's second screen vehicle which is showing at the Riviera Theatre tonight, Tuesday and Wednesday.

Surrounded by myriads of feminine pulchritude, an outstanding cast and a story in which Cantor collaborated, the star of "Palmy Days" projects himself from hilarity to uproariousness in a series of ingenious Cantor situations.

Cantor uses the bland nonsense of his newest picture as an attack on the practice of spiritualism and fortune telling. Eddie appears as the unwilling assistant to a gang of fake mystics, through which is revealed some of the crooked tactics of the craft that annually is said to mulet the public out of \$125,000,000. The football season was moved forward three months to make way for the filming of "The Spirit of Notre Dame," which is the feature Thursday and Friday.

The making of the picture, which stars Lew Ayres, brought to Hollywood many of Notre Dame's greatest gridiron heroes who fought their way through many hard games under the brilliant California sun, obtaining their only relief when they went through preliminary signal practice clad in bathing suits.

Incidentally on Thanksgiving Day, the show will be continuous from two to eleven p. m.

Eddie Quillan heads the cast in "Sweepstakes," which comes to the Riviera, Saturday. It is centered around the race track, as the name indicates, and the "sport of Kings" furnishes many a thrill in this film. Quillan has a good supporting cast including Marion Nixon, James

committee; Joseph Shnepp, chairman of the floor committee, and Donald N. Morris, chairman of the publicity committee. Charles E. Bostwick, Tenth Ward leader, is honorary chairman of the affair.

Officers of the club are: William Doane, president; Harvey Shannon, first vice-president; Joseph Kaufman, second vice-president; William S. Schultz, recording secretary; Michael J. Culhane, treasurer; Carl J. Ester, financial secretary.

This is a benefit affair and was inaugurated last year with outstanding success. The Edgerton Park hall was filled to overflowing and gave the program a great applause. A similar varied type of entertainment is being planned this year. Tickets are now on sale and may be obtained from members of the club.

Antiques make suitable Christmas gifts. We have a choice line: China, glassware, stands and tables in cherry or walnut; mirrors, shelves and mahogany chest all at conservative values. See them at Easterbrook's, 315 Driving Park Ave., at Broezel St.—Adv.

An Ounce of Prevention

For some reason, no doubt, an unusual type of rail was used when the street railway company relayed its tracks on Dewey avenue between Driving Park avenue and Augustine street. The track, which has no shoulder, was placed when the new pavement was laid in this section several years ago. The rail is different from the ordinary type and apparently makes necessary a slightly lower street pavement between the rails than on the rest of the street.

This depression between the rails causing skidding, is the direct cause of as many automobile accidents as the most dangerous street intersection in Rochester. We do not have to resort to exaggeration to prove this statement. Every once in a while we note "ear turns turtle at Dewey and Birr street" or "ear jumps curb at Dewey and Bryan street" or similar headline in the newspapers. But we hear only about the cases with more or less serious complication; from our own observations, we know there are altogether too many narrow escapes.

One of these accidents shortly is going to result in a fatality and immediately there will be an investigation. Then the railway company and the city of Rochester will be forced to remedy this condition.

No one who drives through Dewey avenue is unaware of the danger of this track depression. Every driver is doubly careful between Augustine street and Driving Park avenue. But at times, to avoid accidents, the motorist has to swerve sharply from his course and that is when most of these accidents happen. Unless your car crosses the track at a fairly sharp angle, the tires skid along the rails and trouble is very apt to result.

It is quite certain that this condition is not necessary to the operation of street cars on Dewey avenue, for it is not evident anywhere else from Lewiston avenue to Main street. Perhaps its correction would involve several thousand dollars, but even if the cost were \$25,000 or more, would not the saving of one life, much less the property damage which is constantly being inflicted, more than offset this figure?

As a matter of fact, this correction is absolutely essential to public safety and should be ordered at once, before snow covers the ground and the danger is doubled. The New York State Railways should never have been allowed to build their tracks in this fashion.

Further property damage and personal injury, if not death, can be avoided by prompt action.

Think About It

The Civic Defense League is conducting an essay contest that should develop a wide interest. . . . The subject is a very attractive one especially because it has a personal interest to every individual, which becomes more evident as each of us do a little investigating of the facts behind this movement. . . . The contest is not a difficult one in which to compete and there are many worth-while prizes. . . . But aside from the prizes, it is becoming increasingly apparent that this rapidly growing movement has a vital aspect not just to the men in business, but to every citizen of this country. . . . Get the circular at your independent store and read it. You don't have to enter the contest. If you like to do a little thinking for yourself occasionally, here is a subject for you.

50 Cents Per Week

With characteristic promptness, the Tenth Ward has taken up the latest endeavor to help solve the unemployment problem. Organization is already under way and in the near future, the Man-A-Block plan will be in operation here. . . . This plan will require the utmost co-operation; it is not going to be easy to set in motion; it has one or two angles that may cause difficulty, but in the main it is a splendid idea and merits consideration. . . . The amount asked from each participant, only 50 cents per week, is not a contribution; it will be pay for work done. Let's give it a trial. Despite this depression, many of us can easily afford to hire a man for one hour a week. . . . Many of our 50 cent pieces do a lot less good. If we put a thousand or two men to work, even at only 15 dollars per week, it will be a large forward step in the solution of America's greatest problem.

Wile To Tell News Of Washington

Frederic William Wile, chief of the Washington News-Bureau bearing his name and close associate of all the "big shots" in Washington, will address the Chamber of Commerce Wednesday noon, December 21—five days before Congress opens. Keeping his ear to the ground, his finger on the political pulse, his views on President Hoover's political fortunes, on Democratic plans now bubbling, and on the various problems on which Congress will chew this session, hold keen interest this year.

His topic is "The Outlook at Washington Today—National and International."

This visit will be his third, his addresses always proving a highlight on the Chamber's calendar. He is "breezy, chatty, an able speaker with acquaintanceship with the powers that be in Washington." Advance reservations must be made for the luncheon.

Radio Tips, Questions and Answers
By H. S. RUSSELL

Q. I live near a street car line. The passing of a street car always causes static in my radio, but the last couple of weeks the static caused by the cars has been much worse. What is the reason? A. B. J.

A. The increase in "static" is caused by leaves on the car rails. Watch a car in operation passing over leaves, dust, etc., and notice the flashes from underneath the wheels. Every one of these flashes produces a first class "thunder clap" in nearby radios and at this time of year with the rails covered by leaves the "static" is very continuous and powerful.

Q. What is the best location for an aerial—outside or inside the house? Does a low aerial pick up as much as a high? R. B.

A. I personally prefer an inside aerial. The "pickup" is very nearly as good as an outside job and no trouble is caused by the elements—wind, sleet, wet clinging snow, ice or lightning.

Height is important! The strength of reception increases rapidly for every increase in height. By all means erect your aerial in the attic.

And now a word about television. It is no more a dream but a fact. In the vicinity of New York City three stations are broadcasting 6 to 8 hours of television programs daily. There are television stations in operation in Chicago and other parts of the country. The programs "sent out" by these stations are of singers, speakers, violinists, etc.

The features and details of clothing, etc., are fairly clear and free of distortion. Spectacles such as football and baseball games, prize fights, wrestling matches, stage presentations, etc., are too much for the present television equipment but in a very short time they'll be regular broadcasts. Next issue I'll tell you something about television receiving sets.

Many Conventions to Come to Rochester

Sixty-five conventions, nine of them national, two of them international, 39 state, and the remainder regional and county have thus far been scheduled for Rochester next year, the Convention and Tourist Bureau of the Rochester Chamber of Commerce reports. The estimated number of guests to the individual conventions ranges from several thousands for the New York State Horticultural Society to less than 100 for the Portland Cement Association, which nevertheless will represent all sections of the country. Fourteen are of a religious nature, 15 are trade associations, and 20 are manufacturers' conventions.

This news has significance for every section of Rochester and for the surrounding territory from the standpoint of new money brought in, and the advertising given the region.

In 1932 the National Banjo Contest, bringing contestants from all over the country, will be held in Rochester. Another, larger national group, the Amalgamated Clothing Workers, whose attendance will run into the thousands, is scheduled for next Spring. Two international associations have selected this 23rd largest city for their meeting place: The International Society for Crippled Children and the International Plymouth Brethren.

Because of its accessible location to the surrounding agricultural territory the city, as in days of yore, attracts the farmer and the grower of produce. Nurserymen, the Vegetable Growers' Association, the Empire State Potato Growers' Association, threshermen and honey producers plan to convene in Rochester during the coming year.

The Convention Bureau in Rochester competes with 56 other active convention bureaus and with much larger Bureau appropriations for the 9,000 possible conventions possible per year. In spite of the odds, which include the attractions of larger and more famous cities, Rochester, twenty-third in size, ranks twelfth as a convention city. By the end of this year, 1931, 139 conventions will have held sessions here, bringing thousands of persons and literally millions of dollars to Rochester and its vicinity.

The presidents of the four girls' groups compose the administration committee—Mrs. R. E. Gouger, Miss Harriet C. Miller, Miss Kathleen Wilson and Miss Marjorie Cass. Miss Helen Edwards is in charge of publicity; Miss Edith Miller and Miss Gertrude Frank, refreshments; Miss Eileen Smith, entertainment; and Miss Winona McConnachie and Miss Virginia Orman, decorations. Inexpensive Christmas gifts, cooked food, etc., will be sold.

The young people's Sunday evening group will have a program on the Philippine Islands next Sunday with the 1931 conference delegates in charge. Allene Hoesterey, Ruth Beldue, Harriet Miller and Edith Miller. Curios will be displayed and customs and conditions in the Philippines will be discussed.

Grace M. E.—The ladies of the Aid Society are holding their annual Christmas Bazaar on Friday December 4, at the church. They are planning for a large crowd. There will be aprons, candy, fancy articles and baked food booths. Supper will be served from 5:30 to 7:00 at 35c, for adults and 20c for children. Mrs. O. W. Roblin and Mrs. Hebard have charge of the Brownies at Grace Church. They have three Brownies who are ready to advance to the Girl Scout Troop this Friday: Martha Montague, Corrine Bremen and Dorothy Sentiff.

HUMOR

Yin Ching: "What time next tain go Denver?"
Ticket Agent: "Two-two."
Yin Ching: "Yo no understand; I know tain go too-too. I no ask how he go; I ask when!"

The Culprit

There is a church in the north of Scotland which during certain seasons is largely attended by sportsmen—sometimes accompanied by their collies.

One Sunday the usual minister was on holiday, and his substitute was discovered to possess a droning, monotonous voice. This caused one of the collies to begin whining uneasily.

The clergyman finally said, "Kindly take that dog away at once!"

The owner of the dog, a brawny, independent Highlander, rose, and glowering at the minister, muttered, "It was you that began it!"

"Three Little Words"

Three little words, the sweetest words

In all of human speech—
More sweet than are all songs of birds,
Or pages poets may preach.

This life may be a vale of tears,
A sad and dreary pine—
Three little words, and all the roses bloom;

The sun begins to shine.
Three little words will dissipate the gloom,
And birds begin to sing.

Three little words will cheer the saddest days—
"I love you!" Wrong, by heck,
It is another sweeter phrase,
"Enclosed find check!"

Chamber Reports Turn Toward Optimism

Bright spots showed on Rochester's business horizon last month. The Statistical Bureau of the Rochester Chamber of Commerce, completing its monthly survey of business barometers, found factory and trade employment better than during the previous month, volume of checks cashed greater, and an increase in post office receipts. Business electricity sales showed an increase. Paid newspaper advertising lineage was up.

At the monthly meeting of members of the Statistical Committee of the Rochester Chamber, the office appliance, men's clothing and public utility representatives were confident that an optimistic view of the future predicated on their September showing was warranted at this time.

The September increases in the above mentioned fields were felt to be largely seasonal but optimistic signs for the future nevertheless.

Factory employment during September in the Rochester district was 3 per cent. ahead of August, though 16 per cent. lower than September a year ago. Employment in New York State factories, New York City excluded, during September was 2 per cent. ahead of August.

The average number of checks cashed daily in Rochester in September mounted 15 per cent. from August, 1930.

The Chamber's Statistical Bureau surveys the Rochester business situation monthly to permit Rochesters and residents of the surrounding territory to draw a mental picture of the business trend in the immediate vicinity.

Mother: "Suppose I should say, 'I have went', that would be wrong, wouldn't it?"
Little Son: "Yes, ma'am."
Father: "What makes it wrong?"
Little Son: "Because she hasn't went yet."

Countywide Drive to Release "Idle Dollars" to be Underway Tomorrow

The county-wide campaign to speed up business and thereby reduce unemployment will open in full vigor tomorrow when a house-to-house canvass will get underway. The following will be in charge in the Tenth

Henry J. Murphy, chairman; captains, Carter F. Holloran, August F. Wenzel, Charles H. Nelson, Leo P. Rombau, Joseph T. Lillich, James S. Gibson, Harold Godfrey, Patrick J. Farna, Stuart C. Evans and Paul Brennan.

To Release Buying Power

Every person called upon will be asked to pledge himself to have improvements, alterations, and additions to homes and buildings of all kinds made now, thereby providing employment to workers skilled and unskilled, who are now out of work. They likewise will be asked to stimulate employment indirectly by buying immediately needed and desired articles whose purchase might otherwise be deferred. The campaign, leaders explained yesterday, has for its purpose the releasing of the normal purchasing power and the normal employing power of the community to the end that men without jobs may be provided with work and enabled to escape dependency upon relief funds.

Riviera to Run Double Features in Each Program; Four Changes Weekly

Beginning Sunday, the Riviera Theatre will inaugurate a new policy which will bring a double feature to its screen every day. The same high quality of pictures will be booked, except that two will be scheduled for each performance instead of one. It is planned to have four changes in program weekly. Here are the features for the next week:

Tonight

Modern New York City from the pleasure haunts of the rich, to the hideouts of criminals of less fortunate worldly endowment, as dramatized in "24 Hours," is familiar territory to Louis Weitzenkorn, who made the screen adaptation.

Weitzenkorn knows his New York and its people, high and low, for in fifteen years of newspaper work he covered every phase of metropolitan life. "Star" reporter, crime news expert, advertising man, columnist, short story writer, playwright, magazine and daily paper editor, Weitzenkorn occupied a front row seat and went behind the scenes as the biggest real-life dramas unfolded.

Saturday

"Pardon Us," presents America's funniest laughmakers, Laurel and Hardy, in their first feature-length comedy.

The story burlesques some of the recent prison melodramas.

Expecting 2500 For Republican Benefit Smoker

Plans are being made to entertain more than 2500 people at the second annual smoker of the Lower Tenth Ward Republican Club to be held Friday evening, December 11, at 8 o'clock, at Edgerton Park assembly hall.

Councilman Nelson A. Milne, chairman of the entertainment and ticket committees, announced that a prize will be given to the member selling the highest number of tickets.

Sherman J. Pierce, chairman of the boxing committee, announced that a program consisting of boxing, wrestling and vaudeville entertainment will be presented. Fred LeWalter, chairman of the stage committee, will erect the stage so that the fights and wrestling matches will be visible in every part of the hall.

The following are committee chairmen: William Doane, general chairman; Nelson A. Milne, entertainment and tickets; Sherman J. Pierce, boxing; Harvey Shannon, reception; Edward H. Masseth, checking; Fred LeWalter, stage; Joseph Shnepp, floor; and Donald N. Morris, publicity. Charles E. Bostwick is honorary chairman.

Resolution for Dewey Repaving Is Introduced

A resolution for improvement of lower Dewey avenue was introduced at the last meeting of the City Council by Councilman Nelson A. Milne. If no unusual difficulties are encountered, it is expected that this section of Dewey, between Lewiston avenue and the city line, will be reconstructed next Spring.

The resolution has been referred to the City Engineer's office for preparation of an ordinance. It will call for a 40 foot pavement of either asphalt or concrete. Curbing will also be provided.

Hostess Cake to Be Sold to Aid Nursery Funds

With the Hostess Cake Kitchens donating all the cakes that the committee can sell Saturday of this week, the milk fund for the Friendship Nursery School should be well-filled. Mrs. Benjamin Thompson, of Texas street is chairman of the committee.

The announcement of the Hostess donation, made this week by John J. Pollinger, manager of the cake division, has been received with enthusiasm and although it is not certain how many cakes will be needed, preparations are being made to furnish any quantity, regardless of how large it is, for this sale.

The members of the committee will be stationed in downtown department stores and hotels to conduct the sale. They will be found at E. W. Edwards, Duffy-Powers, Odenbach Coffee Shoppe, Hotel Rochester, Hotel Seneca, and Powers Hotel. The entire proceeds will go toward the milk fund.

This week the nursery is open for inspection by the public. Mrs. Thompson will be hostess on Friday. The week has been designated as bottle week and all the paper bottles which have been distributed in the campaign for funds will be called in. Mrs. Thompson requests that all in this section be returned to her at 35 Texas street no later than Saturday.

The nursery is at 67 Wilson street. It cares for and trains preschool age children of working mothers. It has no means of support other than voluntary contributions of this nature.

New Bridge Will Be Ready About Christmas Day

Officially designated as the Veterans' Memorial Bridge, the new river span at the Ridge road is now being given its finishing touches and sometime between December 15 and Christmas will be open for traffic. The uncertainty of the date is due to fluctuating conditions, a short period of dry weather being necessary for laying of the waterproof fabric on the bridge deck.

Ceremonies, similar to those attendant upon the opening of the Smith Street bridge, will officially open the new structure, probably on Christmas Day. No definite plans have been made as yet, according to City Manager Stephen B. Story, but it is certain that the Gold Star Mothers, American Legion and other military organizations will take part.

Work of clearing the bridge of the huge amount of equipment used in construction is underway and will be finished next week. The bridge approaches have been practically completed and are now open to traffic. Sandblasting the entire surface of the bridge is underway and will require considerable time, although this operation will not interfere with the opening.

The Lake and Ridge Business Men's Association has appointed a committee for the erection of a Christmas tree in the triangle on Lake avenue in connection with the opening.

BOY SCOUT NEWS

Scouts of Troop No. 81 elected Ed Brown their senior patrol leader in an exciting election. Frank Hartman was elected assistant patrol leader of the Beaver Patrol, and Jack Baybutt was chosen by the Fox Patrol as assistant patrol leader.

A new patrol was formed. They reached a tie vote in an attempt to select a leader, and so they will have to have another election. They did agree on a name, however, and chose to become the Owl Patrol.

Finish Canvass For Man-A-Block Plan on Sunday

Organization of the Tenth Ward into blocks for the Man-A-Block plan is progressing rapidly, according to Dr. Joseph L. Guzzetta, chairman in this district. Every section will have been canvassed completely by Sunday night and beginning Monday, placing of unemployed in positions here will be underway.

Ladies have volunteered their services in most of the districts as block captains and will assume the task of collecting each week, as well as checking up on the block worker. The Democrats and Republicans have united here to carry out the plan.

Canvassers report that many people are still uninformed about the plan and Mr. Guzzetta asked for publication of this summary again to clear up any question.

A square block is taken as a unit and the house-holders are canvassed until 30 have indicated their willingness to take part and to pay a minimum of 50 cents per week toward the block workers salary. When 30 have been signed up, a new block is started.

The workman is hired with the understanding that he will spend about one hour a week at each of the contributing homes, doing odd jobs, carrying out ashes, shoveling snow, etc. He may also be hired at 50 cents per hour for additional time when the householder has some special work to be done. The block captain, mentioned above, will serve without pay in collecting and supervising the work. It is hoped to provide employment at least ten weeks or more in each block.

Radio Tips, Questions and Answers

By H. S. RUSSELL
Question—Why do we hear so much about "noisy" reception and "man made static" nowadays. We didn't seem to be troubled this way a few years ago.
Answer—Right Mr. B.—! But the modern receiver is many, many times as sensitive as the receiver of two or three years ago and little disturbances that we didn't pick up several years ago are greatly amplified by the modern high power receiver. But to offset this the modern receiver has greatly overcome "fading" cross talk and "poor" seasons. The modern radio brings 'em in winter or summer, good weather or bad.
To illustrate my point a man came to my shop the other day and in the course of our conversation he remarked that though located on a street car line he was never disturbed by the cars. I went over to see his receiver. He was right—he wasn't picking up any interference or much of anything else either. New York stations were a "once in a while," and on very good nights he occasionally heard Chicago.
So you see every blessing has its penalty.
Mr. R. S. Jackson of Driving Park avenue, writes that loose connections in his receiver produced first rate static. They surely do, Mr. Jackson, but the old test applies here also—if disconnecting aerial and ground wires fails to stop the disturbance the receiver itself is to blame.
Now for a word on television receivers. These are a separate and distinct type of instrument, made to pass wide bands of frequencies (i. e. they are not selective). If these receivers were selective they would cut off most of the "picture."
In the future a radio "set" will contain two receivers,—one for speech or music and one for television. One receiver cannot handle both sound and picture as the pictures cause the "sound" receiver to produce a "machine gun" type of noise.
My space is taken up—but will continue our discourse on television next issue.

Urges Congress to Practice Economy

Commending President Hoover's efforts to effect economies of \$50,000,000 in next year's operations of the Federal Departments under executive control, trustees of the Rochester Chamber of Commerce recently voted to urge Congress to practice a similar policy of economy with respect to those expenditures which result from Congressional action.

Chamber action was taken as the result of three major considerations: There has been an increase in federal expenditures from \$749,000,000 in 1913 to \$3,698,000,000 in 1932, in increase of 394 per cent, and of a further increase to \$4,210,000,000 in 1931, or a total of 463 per cent.

There has been an increase in federal expenditures of \$191,000,000 and a decrease in federal income of \$244,000,000 in the first quarter of the present fiscal year, compared to the same period a year ago, and the forecast by Treasury officials of a deficit of \$2,000,000.00 by the end of the present fiscal year, June 30, 1932.

There has been a marked falling off in personal and corporate income with the consequently lessened ability of persons and corporations to pay present federal taxes, let alone increased taxes. The Chamber's stand will be transmitted to all New York State senators and assemblymen with the strong possibility that it will be sent also to all other chambers in New York State with the suggestion that they take similar action.

The Chamber has taken aggressive stands in city, county, and state budget matters, encouraging budgets made within incomes and taxation kept to a minimum. A general cut in the Rochester budget was strongly urged; Monroe county was reminded that its policy of deferring payments on bonds is, from a business point of view, "doubtful fiscal policy"; and 60 other chambers were requested to join in a move for state economy. Chamber trustees have disparaged any increase in state taxes, and urged their decrease, calling attention to the fact that expenditures have increased in the last eleven years out of all proportion to the increase in population and wealth.

The Erie Circle met last evening with Mrs. Schaefer of Emerson street.

Barnes Promises Investigation of Dewey Ave. Track

An investigation of the street car tracks in Dewey avenue between Driving Park avenue and Augustine street has been promised by Charles R. Barnes, Commissioner of Railways, and Councilman Nelson A. Milne. Their action is prompted by the editorial on this matter published in the November 23rd issue of The Courier.

The complaint made in these columns was that the type of rail used and the depression between the tracks constituted an unusual hazard to automobile traffic; and that this condition caused skidding and as a consequence was responsible for many accidents, otherwise avoidable.

Mr. Barnes states that this type of track is known as a T-rail and the more common type, with shoulder, is called a flange-rail. Engineers are divided in their opinions as to the relative merit of the two types, he says, but both are considered satisfactory and are used by the New York State Railways.

"We will investigate" he promised, "and if we are convinced this stretch of track constitutes an unusual hazard to safety, it will be remedied." Councilman Milne said that he, too, would inspect the tracks.

Last week, it is reported to The Courier, there were at least two more accidents caused by skidding in the tracks. Property damage was suffered in both instances, but no one was hurt.

Program at Riviera To Benefit Scouts

As a result of their efforts during the past few days, boy scouts of Troop 81 are looking forward to crowded houses at the Riviera next Tuesday and Wednesday, December 15 and 16. The proceeds of those evenings will be turned over to the scouts to be used to go to Camp Pioneer with next summer.

The regular double features will be shown on those two days. William Hildebrand, assistant scoutmaster, will also be presented in a whistling number. Tickets may be procured from members of the troop. Stephen C. Pool is scoutmaster.

REFINISHING

Perhaps you have an old and cherished piece of furniture which you would like to have refinished for Christmas. You will want some one reliable and experienced. Jack Fogg, formerly of Hubbard, Eldredge & Miller makes a specialty of this work; also repairing. Call at 77 Primrose St., or phone Glen. 1345-J.—Adv.

Christmas issue of THE COURIER will be published TUESDAY, DEC. 22 All copy must be in by Dec. 18

Bridge Opening Still Uncertain

Opening of the Veterans' Memorial Bridge at Ridge road by Christmas Day is still contingent upon the weather. The wet weather which has prevailed for the past few days has been a considerable hindrance and with a week to ten days of work still ahead before the waterproof fabric on the bridge deck is completed, no definite plans on the opening are ready for announcement.

Another controversy over this much disputed river-spanning seems in the offing with a local newspaper condemning the traffic circle at the St. Paul street bridge entrance. It is their claim that the traffic arrangement is not of the best and they foresee trouble at this point.

Plan Card Party to Raise Basket Funds

Another charity card party this time for the benefit of Christmas baskets will be held by Tenth Ward Republican Women Monday night, December 14, at the headquarters on Driving Park avenue. There will be various card games to choose from and playing will start at eight o'clock.

Prizes and refreshments will be provided. Tickets at 25 cents, may be obtained from members or at the door. A similar party before Thanksgiving provided funds for 25 baskets which were given out to needy families.

Mrs. John E. Honan was in charge of the grocery shower which was held yesterday afternoon at the clubroom. Many grocery items were received and these will be included in the Christmas baskets.

The committee in charge of the card party Monday night is headed by Mrs. Catherine Toal and includes Mrs. George Bragg, Mrs. Lucy Mackie, Mrs. Louis Dorschel and Mrs. Fred Bunn.

ANTIQUES

Antiques make suitable Christmas gifts. We have a choice line: China, glassware, stands and tables in cherry or walnut; mirrors, shelves and mahogany chests, many others all at conservative values. See them at Easterbrook's, 315 Driving Park Ave., at Broeze St.—Adv.

Put Money To Work

An opportunity for everyone to do something about the unemployment situation is at hand and if Rochester people will only be convinced that their individual shares, no matter how small, will be a big help, then half the job is done. We refer to the plan of the Civic Committee on Unemployment which means jobs and wages, provided we do not shirk or procrastinate.

A canvass is now underway and soon every home will be reached. Everyone will be asked to do one or both of the following:

1. To improve and repair the home, factory, store, building or grounds.
2. To exercise your normal buying power and buy the articles you need.

Everyone will be asked to fill in a statement and sign, stating an amount which they will spend within the next three months. They will be asked to PLEDGE this amount, not as a gift to charity, but as an expenditure that will bring them good returns for their money immediately.

This movement is sound and if every householder will try hard to see the purpose behind it, to understand what it is aiming to do, he will know why it is absolutely essential that he co-operate to the full extent of his ability. The only way such a courageous attempt to break the backbone of unemployment can succeed is for the people to unite en masse. The amount spent by one individual or a small group, while contributing to the success of the movement, will be of no avail unless everyone capable of spending even an extra dollar, spends it.

While it is too early to judge other attempts to solve the unemployment problem, it is certain that none have yet produced results to any great extent. But if we PUT people to work on little odd jobs here and there, they earn money which they can spend; with these spending, and others making purchases of that which they need, we use up merchandise and when we use up merchandise, more has to be manufactured and someone must be employed in the process of manufacture.

If carried out enthusiastically by everyone, this special campaign will be a tremendous help. Before you pledge, give the matter serious consideration. Do your share. When you pledge, make up your mind to carry out your promise faithfully and this movement will actually bring you back returns other than the full dollar's worth your money will buy.

NO. 34 SCHOOL

Parent-teachers of No. 34 School will meet tonight at eight o'clock in the school hall. They will be entertained with an athletic demonstration by pupils. All members and friends are invited.

Riviera Announces Lowered Prices

A drop in price, a new double-feature policy and the start of a special gift night for ladies are announced by the Riviera Theatre. The price goes down to 25 cents for adults and 10 cents for children.

About two years ago when Edward C. May first assumed the management of the Riviera, the adult price was 35 cents. He had this price reduced to 30 cents at that time. The new price cut also is made by Mr. May.

The double-feature policy is not to be interpreted as any change in quality of the films shown at the Riviera, Mr. May states. Both of the features will be outstanding films, similar to those run under the one-feature policy and no secondary pictures will be presented. This is an unusual announcement for a neighborhood theatre, but Mr. May points to his bookings for the next month as proof of his statement.

Each Thursday night, beginning tonight will be ladies gift night. One piece of a 32-piece set of Vanity Ware will be given to every lady who attends the Thursday night show. A mirror will be presented free with each ticket tonight and the other articles together with a leather traveling bag in which to carry it, on subsequent Thursdays. Mr. May emphasizes that this offer is extended, not just to a few "lucky" ones, but to every lady who attends Thursday nights.

Ten Men Placed In Man-A-Block Campaign Here

With the house-to-house canvass of the ward requiring considerably more time than had been expected, the Man-A-Block committee here was unable to make its final report Sunday, as expected, but will probably be entirely completed this week-end. Dr. Joseph L. Guzzetta, Tenth Ward chairman, reports "good results" to date with every indication that the Tenth will do the share expected of it.

Ten men have already been put to work here and more will start next week. In some election districts, results so far indicate that three and four men may be placed. With people interested, but more or less uninformed as to the full details, the work of the canvassers has been far from easy, according to Dr. Guzzetta, and as a consequence requires much explanation and consequently much more time than had been anticipated.

Brookside Club Has Sauerkraut Supper

A sauerkraut supper was served to 21 members Monday night at the Brookside Riding Club on Latta road. Johnston and the movies were shown by Fred Wignall.

RIVIERA FEATURE REVIEW

Tonight

Madge Evans celebrates her third successful feature production since her return to the screen, in "Heartbreak," with Charles Farrell. Miss Evans was a well known child actress of ten years ago, and her popular reception as a "grown up" is an honor which she shares alone with Jackie Coogan.

Three veterans of the film industry worked together in the making of "The Big Gamble," Bill Boyd's starring vehicle. Composing this trio are Fred Niblo, Warner Oland, and Ralph Ince.

Friday-Saturday

Ina Claire, known on Broadway for her sophisticated smart comedy roles, is the star of the screen version of the Donald Ogden Stewart play, "Rebound." She appeared in the West Coast production of "Rebound" before she was signed up to star in the motion picture version.

Benefit Smoker Tomorrow Night At Edgerton Park

The second annual Lower Tenth Ward Republican Club's smoker is tomorrow (Friday) at 8:00 o'clock in Edgerton Park Assembly Hall. A capacity crowd is expected.

Councilman Nelson A. Milne reports that the entertainment will consist of a number of boxing exhibitions by well-known Rochester boxers and a variety of entertainment by experienced vaudeville entertainers. The ring will be raised about 3 feet over the platform, making the exhibitions visible to those in every section of the hall.

Prominent political leaders of the city and county will be present, including: Harry J. Bareham, chairman of the Republican County Committee; Representative James L. Whitley; Senators Cosmo H. Cilano and Frederick J. Slater; Assemblyman Richard L. Saunderson; Coroner David A. Atwater; Supervisor George Hesselink; United States Marshal, Joseph Fritsch; and Thomas Mykies, Deputy County Clerk, and Councilman Joseph L. Guzzetta.

Chairmen of the committees are: William Doane, general chairman; Councilman Nelson A. Milne, entertainment and tickets; Sherman J. Pierce, boxing; Harvey Shannon, reception; Edward H. Masseth, checking; Fred LeWalter, stage; Joseph Shnepp, floor, and Donald N. Morris, publicity. Charles E. Bostwick is honorary chairman.

No. 41 School

The Parent-teachers of No. 41 School meet this afternoon at the school. They are to be addressed by Freeman Chester and Policeman Joseph Baglin, both of whom are interested in safety work among the school children.

Sun.-Mon.-Tues.

Greta Garbo is starred in "Susan Lenox, Her Fall and Rise." This is Garbo's fourth talking picture and is regarded as the most colorful and dramatic of her sound efforts. It is of unusual interest because it marks the first appearance opposite her of Clark Gable.

Eddie Quillan is the hero of "Sweepstakes." The comedy-drama of the race-track, with its romance, thrills and humor, has scored with the fans everywhere.

JOHN MARSHALL NEWS

The girls bowling club which meets every Tuesday, has become quite a large organization. There were 30 girls the first week, 39 the second, and now 44 have registered. So far, the highest scorer is Dorothea Cliequenois and second is Ruth Vinton.

Miss Ruth Van de Walle, the instructor, is planning to organize class teams, and the score of each individual girl will be kept from week to week.

The second collection of money pledged to the Children's Memorial Scholarship Fund is to be taken next Thursday in John Marshall High School. The pupils responded generously to the campaign, which was launched a few days before Thanksgiving.

Established in 1919 as a memorial to the Rochester boys who served in the World War, the fund has grown and has enabled several hundred pupils to continue in school who otherwise would have been compelled to drop out for lack of money. The directors find it impossible to help more than about half of those who apply for aid. The need this year is especially great, and the directors have been especially eager to secure as large contributions as possible.

Thirty-three girls and 17 boys achieved a place on the November honor roll at John Marshall High School. This group of 50, represents 4.2% of the total enrollment of about 1180. The names are:

Boys
Wilson Ashley, Meade Bailey, Raymond Beeler, Daniel Caudie, Paul Christoff, Leonard Edelman, Lloyd Gibbs, Warren Hilfiker, Maynard Jameson, Frederick Kolb, Ernest Ladwig, Dixon Lathrop, Robert Ottman, Norman Rabjohn, John Shannon, Edward Siebert, Harold Steve.

Girls
Jean Allardice, Ruth Beldue, Catherine Blonsky, Louise Clark, Ethel Davis, Norma Doell, Marjorie DuRocher, Geraldine Fitzgerald, June Foy, Jane Francis, Irma Fricker, Helen Gagie, Barbara Gay, Nancy Gay, Ruth Gerling, Dorothy Green, Glen Hall, Madeline Harmon, Dorothy Harness.

Hazel Hermann, June Knitt, Ruth Lipsky, Dorothy Lyndon, Francis Meulendyke, Madeline Mong, Anne Morris, Lois Mueller, Adele Page, Mary Raistrick, Patricia Ross, Marjorie Schultz, Louise Thomas, Ruth Wilde.

PERSONAL

Miss V. Marie Winkler of Augustine street accompanied a party of Nazareth College girls to New York City during the Thanksgiving holiday to attend the Notre Dame-Army game.

Mrs. Fred J. Robinson and son, Charles of Driving Park avenue, motored to New York City Thanksgiving week to visit friends.

Seneca Parkway Bridge Club met last Thursday at the home of Miss B. Meier of Seneca parkway. Prizes were won by Miss G. Elliott and Miss R. Mahar.

Charles, Leonard and Lucille Stalker were home for the holiday vacation from Syracuse University and spent the time with their parents, Mr. and Mrs. A. W. Stalker of Ridgeway avenue.

When is a "SALE" Not a Sale?

If we wanted to destroy the confidence and faith of our patrons, how easy it would be to replace the prices of a year or two ago and advertise, "Sensational Discounts," "One Half off," etc., etc., and etc.!

It is true that today's values are much greater than for many years—that's not news. Long ago we revised prices of everything in our store. We took our losses wherever necessary so that today our regular prices compare favorably with so-called discount offerings.

And, equally as important,—our stocks comprise only up-to-date stylish jewelry of highest quality. Thus you may be sure that the gift you buy will not betray you—as to style and quality.

REMEMBER—where it came from is just as important as what it is.

BOWLING

UPPER DEWEY LEAGUE

Taking three games from the Cocoanuts, Tommy Miller's Walnuts moved into first place, displacing Rubadou's Hazelnuts who dropped the odd game to Donaghue's Hickorynuts. Despite Captain Benjamin's total of 570, the Cocoanuts were no match for their opponents. The league race now is so close that the last team can replace the first easily in one night's bowling.

North Presbyterian—The Rouse Class held its regular supper meeting at the Parish House Monday.

Younger boys of the church are practicing basketball Monday nights, directed by Hayden Schrader and George Frank. Girls practice Monday night under the direction of Gordon Steinfeldt.

The Scouts of Troop 69 are sponsoring a vesper service on Sunday, December 20, when the pastor, Rev. Robert Findlay, will read Dickens' Christmas carol. A candle light service will be conducted by the Scouts as part of the opening worship for this program. Following the vesper service, the Young Peoples' Sunday Evening Group will have an informal song service and luncheon in the parish house.

The December meeting of the Womens' Society will combine with the Wednesday meeting on December 16, when the men will have charge of the program and supper. The devotions will be led by Herbert W. Davison and the speaker will be Rev. T. T. Hays, of Memorial Presbyterian Church, who will talk on "Friends of ours from Other Lands."

Redeemer Lutheran—The Third Sunday in Advent will be celebrated Sunday morning with sermon by the Rev. W. L. Dowler on the subject "Rejoice in the Lord Always." Children's sermon will be on the theme, "Celebrating Christmas in our Homes."

Next Wednesday evening members and friends of the congregation are invited to attend the congregational Christmas fellowship supper which will be served in the Parish House at 6:30. A committee from the Womens' Missionary Society is in charge under Mrs. Paul Dutton. Rev. A. H. Roeder of the Christ Lutheran Church will give the address.

The Luther League will entertain with a Christmas party next Thursday evening (Dec. 17), in the Parish House. Leonard Hammer, Helen Woehr, Ethel Davis and June Knitt are in charge of arrangements.

The Choir will entertain with a Christmas party Friday evening, (Dec. 18) in honor of their director, Miss Thankful Spaulding.

Buster Brown Tread-Straight Shoes

Buster Browns have always been the favorite of youngsters from sunny California to blustery Maine. Now these good shoes are made even better by a scientific construction that helps little feet walk the health way, toes straight ahead, as nature intended.

Of course Busters still have the sturdy leathers and plus-construction that means more miles per shoe. They're mighty good values at their new 1931 prices.

FLOWERS

Did you ever stop to think of the real value of flowers? No, not in dollars and cents. Intelligent people do not measure them that way. While flowers have been greatly reduced and are now easily within the reach of everyone, price is always secondary in their thoughts. Value springs up like a giant in their minds, pushing aside mercenary ideas. Were it not for this powerful incentive, flowers would be useless.

It is truly amazing, almost unbelievable, what flowers can do. Aladdin and his wonderful lamp could do no more. They carry mostly the message of love, but also forge to the front in other capacities too.

Flowers speak volumes, wherever they are sent, spreading love, good cheer, sympathy, friendliness and appreciation. Think this over. The language they speak is understood by all nations and all people and mightier than any quantity of flowery words.

Donald Blanchard, Florist, at 48 and 52 Lake Avenue is headquarters for all kinds of flowers, plants and novelty pots with odd plants, etc. A telephone call or visit to his store will make flower selection an easy task.

Christmas selections include roses, carnations, chrysanthemums, poinsettias, sweet peas, violets and orchids, etc. Any one of these tastefully and thoughtfully arranged and made up will appropriately express your sentiment. His policy "A sale is not complete unless the customer is satisfied" has gained him city-wide reputation.

Come to Edouard's Sample Dress Shop, opp. Wagg's, special Sunday Nite frocks, at \$2.98.

VETERAN'S MEMORIAL BRIDGE TO OPEN SUNDAY

Expect to Place 75 Men Here for Man-A-Block Plan

Expressing entire satisfaction with the Man-A-Block results in the Tenth Ward, Dr. Joseph L. Guzzetta, local chairman, announces that between 55 and 60 men have already been placed here and that by the end of the week, the total will have reached 75. Eight districts remain to be heard from, and it is expected that these will bring the men employed up to the 75 mark.

Dr. Guzzetta is enthusiastic in his praise of Tenth Warders for their generous response. Many of the block workers are already getting extra work and are thereby enabled to earn a fairly good week's salary, he states, and when more seasonable weather sets in, it is his opinion that still more work will be provided.

People who were out when canvassers called or who for some other reason had not been asked to help, have been calling in to subscribe to the plan, he says, and in general the Tenth Ward has "co-operated splendidly." The canvass will be entirely completed this week.

Gorsline St. Shows Way for Block Plan

Gorsline street is a short street in the Ninth District of the Tenth Ward but has set a mark for others in the Man-A-Block campaign. The few families living on the street have pledged themselves to provide a man with steady work for at least ten weeks beginning Dec. 14th.

Not all the contributors have a steady income and some are totally unemployed, but all have shown a willingness to help their less fortunate fellow citizens.

The contributors are: Frank J. Adams, Robert Belknap, Gustav Bergman, Leonard Berry, John Bisher, William Connors, Albert Cook, A. F. Dalzell, Eugene M. Dow, Geo. W. Feltes, Fred W. Fowler, R. S. Hagaman, Arthur Holley, Philip Kresselring, Fred Koeth.

Abram Laurette, LaVerne D. Lewis, Fred A. Mabbett, Wm. J. Maher, Mrs. Mary Murray, Hattie A. Myers, Hobart Niblack, Mary Pryor, Karl Reitz, Mrs. Agnes Roberts, David Teetor, Gregory Toole, Edw. C. VanDoorn, Frederick Ware, Paul Wesson.

Marshall Alumni to Meet December 30

The annual Alumni Night at John Marshall High School will be held Wednesday, December 30, in the school. George Wishart, president of the Alumni Association, heads a committee which has arranged an attractive program for the evening.

Election of officers for the coming year will be the most important event of the night for the old grads who are coming back, but for the students of the school the basketball game between the present varsity and players of former years will hold the spotlight. There will be another game between two teams of old timers so that all the alumni players who attend will see service before the evening is over.

The officers for the past year were: President, George Wishart; Vice-President, Marjorie Reichart; Secretary, Ethel Gruhn; Treasurer, Richard Young.

Girl Scouts to Give Christmas Play

A play "Christmas Eve" will be given tonight in John Marshall auditorium by members of Girl Scout Troop 64. A court of awards will precede the play, starting at 7:30. Parents and friends are invited to attend. There is no charge but donations will be accepted to the troop treasury.

Parts are taken in the play by the following: Bernice Baybutt, Genevieve Beathe, Hortense Culbertson, Helen Gravelle, Janet Becker, Barbara Stevens, Jean Oertel, Dorothy Doyle, Betty Stuartwood, Cecile DuRocher and Janet Culbertson.

RIVIERA FEATURE REVIEW

Tonight

A star long popular on the Broadway stage became one of the "first ladies" of the screen with her first talking picture. "The Sin of Madelon Claudet," initial Helen Hayes film vehicle, scored a definite success.

The play-going public is used to eye-filling spectacles in every Cecil B. DeMille picture. They are not disappointed on this score in his picture, "The Squaw Man." A huge English fox hunt, with scores of men and women on horseback, provides the background for one of the most dramatic scenes in the production.

Wed.-Thurs.

The race track and all of its intimate sidelights—bookies, phone rooms, and all of the other ramifications—will no longer retain their secrets after you see "Reckless Living." The film of tin-horn and big-time gamblers tears the illicit gambling emporiums of the track just about limb from limb.

In the hands of an actress with the temperamental quality and histrionic genius of Barbara Stanwyck, the title role of "The Miracle Woman," becomes a flaming portrait of a woman's soul tormented by love. It is a magnificent interpretation in a story that has been brought into vivid, vital life.

Fri.-Sat.

Peggy Shannon, auburn-haired beauty from Arkansas (via the "Follies" in New York) who made good in the films when she was pressed into service as Clara Bow's substitute in "The Secret Call" has the principal feminine lead in "Touchdown," Paramount's exciting modern story of big college football.

Leon Janney and Junior Coghlan, playing the two title roles of "Penrod and Sam" have taken up chess. While the two youngsters have not forsaken baseball and other active sports by any means, they are getting a tremendous kick out of the

ancient game, and often played against each other at odd times during the making of the picture.

Sun.-Mon.-Tues.

After four years of meritorious work upon the screen in support of the biggest stars of filmdom, Paul Lukats at last steps up to the high platform—and becomes himself a central character in a talkie. His first big vehicle is "The Beloved Bachelor."

A queer new kind of airplane, a dumb inventor, and a waitress who has a "yen" to marry an aviator, are hilariously tossed together in "Flying High."

Business Men Furnish Triangle Decoration

Lake and Ridge business men, including many who are not members of the association, have made possible the attractive display located in the triangle at Lake avenue and the bridge approaches, having contributed the necessary funds.

Four Christmas trees have been erected in the triangle, one in each corner, with a large tree in the center. Special conduits have been run in from Lake avenue to supply current to the vari-colored bulbs outlining the trees and when lit up at night, a very colorful picture is presented. The work has been done by Myers and Stoneham, electrical contractors. The following contributed:

Lincoln-Alliance Bank & Trust Co., Chas. P. Coster, Dr. Chas. W. Oster, H. M. Johnson, John Frear, James Vonglis, I. B. Levin, A. Bartell, Nick Odio, E. Fisher, F. Farren, Jos. Bogass, Wm. Carroll, Wm. Sovasky.

C. H. Van Brocklin, Loblaw's Groceries, Inc., Gilbert Wagg, A. & P., A. DeSando, E. A. Van Allan, J. G. Schairer, Herbert Johnston, Gerald Kenny, Rae Gas & Oil Co., Mrs. D. DeWolfe, F. L. Clark, David Cameron. Davis Drug Co., Maytag Ather-

Will Unveil Two Tablets at Center of Bridge; Mothers, Veterans and Auxiliaries Will Have Part in Formal Dedication

With the opening of the Veteran's Memorial Bridge definitely set for next Sunday afternoon, December 27, arrangements for appropriate services to commemorate the event are underway. The new \$3,000,000 structure, providing river crossing at the Ridge Road will be opened to traffic for the first time with a ceremony of both a civil and military nature and preparations are being made to accommodate a large crowd.

Full details of the ceremony have not yet been divulged at City Manager Stephen B. Story's office. However, invitations have been sent to the various organizations in the Tenth Ward to be represented and the part which the military organizations will take in the ceremonies has been decided.

Mrs. D. H. Rosenkranz of Flower City park, head of the Gold Star Mothers who initiated the movement resulting in the naming of the new bridge, is general chairman of military arrangements. Assisting her are George W. Studley of Mayflower street, George M. Clancy and John Scully. A military band and drum corps will be present in uniform and taps will be sounded by Tony Infantolino. All military organizations and auxiliaries have been invited to be represented.

General Hines Invited

Two bronze tables are being erected in the center of the bridge, one on each wall. These will be unveiled with appropriate addresses. One tablet is in commemoration of the Veterans for whom the span is named, and the other for the three men who were killed during the construction of the bridge.

An invitation to be present has been sent Brigadier-General Frank T. Hines, director of the Veteran's Bureau in Washington. He has indicated he will be present unless detained at Washington on official business.

Among other organizations expected to be represented at the opening are the Lake and Ridge Business Men's Association, Dewey Avenue Business Men, Tenth Ward Republicans and Democrats. Councilmen Nelson A. Milne and William Durnan, City Manager Story and many other city officials will take part in the ceremony, which will start at three o'clock.

ton Co., Jack Steatt, Riviera Theatre, Joseph Stamiris, H. J. Short, Gus Boyce, Mike Atzeff, La-Belle Dress Shop, Edouard's Dress Shop, Kathleen Terry McArthur, Olga C. Hahn, City Coal & Coke Co., Anthony W. Culhane.

New Bridge Proposed Over Century Ago

The Veteran's Memorial Bridge at Ridge road will be opened next Sunday in realization of a fond hope that was extended more than a century ago. Discussion of this project and proposals for its building had been advanced more than 100 years before it finally was started and completed.

Two years ago, the ordinance for the building of the span then referred to as Ridge Road Bridge, was introduced in the City Council and after much discussion was passed. Like many public structures, its planning and its building have been the center of many a controversy, too well-known to need re-counting.

Booth and Flinn, contractors of Pittsburgh, were low bidders and were awarded the contract, which ultimately will total about \$3,000,000—thus giving Rochester its most expensive river-crossing. They have maintained a working schedule that has enabled them to beat the time limit which was set for completion of the work.

Although at its conception it was generally believed that the bridge would bear the title, "Ridge Road," Gold Star Mothers started a campaign a few months ago to make it a memorial bridge and to dedicate it to the Veterans. This was finally brought about officially through action of the City Council.

Clubrooms are Opened To Evening School

Asserting that the club is ready to serve the city in any way and especially along the line of education, members of the Lower Tenth Ward Republican Club have granted use of their-rooms on Lewiston avenue to one of the classes eliminated in the curtailment of education facilities made necessary by the Board of Education appropriation cut. The class in advertising and salesmanship, which has been meeting at Monroe Junior High, will hold its sessions after the first of the year in the Republican club-rooms.

Instead of their regular program meeting at 8:30, the young peoples' group conducted a Christmas Carol "Sing," led by Charles Richardson, following a social hour in the Parish House.

At the services on Sunday, gifts were contributed for the Christmas baskets to be distributed by the church in co-operation with the Rochester Christmas Bureau.

At the regular mid-week service tomorrow night the topic is "The Star."

On Sunday, December 27, the young peoples' group will welcome those of its number who are at home for the holidays. The topic for discussion will be "Christian Life in College." Donald Rogers will preside and Mrs. Clarence E. Hamilton will conduct the discussion.

The Family Christmas party for members of the Sunday School and their families at the church will be held Dec. 29. Entertainment will consist of a Christmas cantata, "Santa Claus Junior," directed by Mrs. Alden Clark, in which about forty children and young people of the Sunday School will take part.

Redeemer Lutheran—The midnight Christmas Carol Service will be held Thursday evening from 11 o'clock to midnight in the Lutheran Church of the Redeemer. These Christmas services are available to the entire Christian community. The chorus choir of forty voices under the direction of Miss Thankful Spaulding will present the Cantata, "The First Christmas" and the pastor, the Rev. William Long Dowler, will give the Christmas address.

The following is order of service: Organ Prelude, Miss Evelyn Anderson; Processional, "Hark!" the Herald Angels Sing; "The Most Beautiful Christmas Story," by the Pastor; Cantata, "The First Christmas," The Choir; Carol Hymn, "It Came Upon the Midnight Clear," The Congregation; Christmas Anthem, "Sing, O Heavens"; Hymn, "Joy to the World"; Address, "Keeping Christ in Christmas," The Pastor; The Christmas Offering; Offertory Solo, "The Infant Jesus," Mrs. W.
