REPUBLICAN WOMEN'S PARTY WELL ATTENDED

Republican Women of the Tenth Ward entertained at their annual card party and dance Saturday evening at Edgerton Park Assembly Hall, drawing an attendance in excess of 500. Cards were played until 10:30, followed by dancing until one to music furnished by Pfeiffer's Orchestra.

The hall was prettily decorated through courtesy of James W. Field Co. A colorful scheme was worked out with flowers, plants and flags. The card tables were given as prizes to each group.

Committees were under direction of Mrs. David H. Atwater. The various arrangements were in charge of the following: Decorations, Mrs. Joseph H. Bush; publicity, Mrs. A. T. Thomson; music, Miss Jeanne Oster; tables, Mrs. Richard L. Saunders and Mrs. Louis Dorschel; checking, Mrs. C. Doty; refreshments, Mrs. Agnes Paskal.

LOOK LIKE NEW

Just as important as spring house cleaning is the proper care of your furniture. Re-finished pieces will look as good as new, even though now perhaps badly marred. RIVIERA FEATURE REVIEW

Tonight

As the title indicates the story of "Union Depot" has a railroad setting for some real fast action. Douglas Fairbanks, Jr., and Joan Blondell occupy the leading roles, ably supported by a long list of stars. Comedy, romance and tragedy are intermingled in this picture which undoubtedly is the biggest and most important in the career of the junior Fairbanks.

Admirers of the sun-tan bathing suit—and who isn't?—have an orgy of sight-seeing in "She Wanted A Millionaire," with Joan Bennett and Spencer Tracy in the leading roles. The picture has a spectacular sequence which exceeds all others of its kind ever attempted. It is a scene showing a de luxe, ultra smart and ultra pulchritudinous bathing beauty contest on the Board Walk at Atlantic City.

Friday-Saturday

"Ben-Hur," the world's most sensational motion picture, makes a triumphant return, with the added attraction of sound synchronization which brings to life the voices of the multitudes in the spectacular crowd scenes.

This great picture, which will live through the ages as the most remarkable achievement of silent films, was filmed in Italy and America at a cost of four million dollars.

Democrats Plan Party for Benefit of Union

A card party for the benefit of the Democratic Union is being planned by Tenth Ward Democrats, according to announcement by Mrs. Joan Lynn Schild. April 28 has been set as a tentative date and it is expected that the Assembly Hall at Edgerton Park will be secured for the affair.

Mrs. Louise Robinson has been appointed chairman, other committee appointments to be announced later. Further details will be available following a meeting of the Democrats next week.

Harper Method Operator Added to Buell Shoppe

Addition of a Harper Method operator to the personnel at the Buell Beauty Shop of Dewey avenue is announced in this issue. She is Miss Shea, who has had about eight years' experience since her graduation from the Harper School.

Something new will also be inaugurated in the form of an exclusive service for men. Monday and Wednesday nights will be reserved for men only, when appointments may be made for scientific scalp treatments.

THE NEXT ISSUE OF THE COURIER WILL BE PUBLISHED THURS., APRIL 28

UPPER CHAMPS BOW TO MACKS BARBERS QUINT

Upper and Lower Dewey bowling champs met Monday night in a three-game match at the Ridge Bowling Hall. The decision was that either the Lower Dewey leaders are better or alternatively that the Upper Dewey winners were worse. However, any consideration that may have been involved went to Macks Barbers, who clipped off just 268 pins more than the Walnuts.

Lead by "Dark Horse" Powers who threw in a 237, the Macks piled up a 207 lead in the first game of the evening. Thereafter, they resumed their normal pace, but the damage had been done.

Undaunted by the reversal, it is said that the higher up pin-pickers will challenge with their best five men against the first five of the lower-enders. Here are Monday's scores:

Macks Barbers

Milne to Speak Before Lake-Ridge Men To-night

Milne will be present to speak and to take up matters of community improvement with the membership. President John Frear urges all members to attend.

F. Wignall New Head of Brookside Riding Club

Annual elections last week resulted in the choice of Fred Wignall of Magee avenue as president of the Brookside Riding Club. Richard Slater was named secretary and treasurer. Directors are Carl Barnes, Joseph Judge and Wayne Dubelbeiss.

Growth and expansion of the club's activities has resulted in a decision to enlarge and remodel the club house and to establish new riding trails. The club house is in Latta road.

BOY SCOUT NOTES

Troop No. 81

Sixteen Merit Badges have been earned by Boy Scouts of Troop 81 since their Court of Honor last month. Last Wednesday David Allardice, another new member, joined the troop.

Twenty-nine members of Troops 12, 50 and 81 are now enrolled in the official American Red Cross First Aid Course which is being conducted by Al Daniels at 7:30 P. M. Friday evenings in the Lewiston Avenue Methodist Church, at Lewiston and Dewey. If any other Scouts or Scouters in this part of the city wish to enroll in this course, they must do so tomorrow evening (April 15th) if they wish to obtain an official Red-Cross Certificate upon completing the course. Only a few more may be admitted now.

The Scouts of Troop 81 plan to make a trip to Stanley Moore's farm, near Hilton, next Saturday. Mr. Moore has given the troop permission to use an old house and the woods, fields, and beach of his 160-acre ranch. Several camping trips will be arranged there this summer. The purpose of Saturday's trip will be to clean up the house. After this is done, the Scouts will go for a romp in the woods and end the day with a swim at the Maplewood "Y."

Last Saturday evening the scoutmaster and his wife conducted a benefit card party for the troop in their apartment. Those present were Mrs. Lucy Farress, Mrs. Wilfred Smith, Mr. and Mrs. Edwin Brown and Mr. and Mrs. William Hildebrand. We regret the loss of our Senior Patrol Leader, Edwin Brown, and his parents, who will soon move to Buffalo.

At a recent committee meeting at the home of Richard Baybutt, George Clark of Driving Park avenue expressed his willingness to become Skipper of a Sea Scout Patrol in the troop whenever there is enough interest in Sea Scouting to justify starting it.

COUNCILMEN ADDRESS LAKE AVENUE GROUP

Councilmen Nelson A. Milne, Joseph L. Guzzetta and Harold S. W. McFarlin occupied the speakers' rostrum last week at the first of a series of dinner meetings planned by the Upper Lake Avenue Improvement Association. All lauded the objectives of the association and assured the membership that the organization was in a position to render valuable service not only to its neighborhood, but also to the city-at-large.

William Heinrich, president of the association, as in charge of the meeting, with Edwin W. Fiske as toastmaster. Arrangements were made by the entertainment committee which includes James C. Corbett, chairman, Otto Metz, Fred Pepper, William Cass, Edward Gibson, Lew Silverman and Theron Allen. John Frear, president of the Lake-Ridge Business Association, also was among the speakers.

Muller and Winterroth Win Dewey Tournament

A doubles tournament at the Rochester Turn Verein brought the season of the Upper Dewey Bowling League to a close last week. The winning three-game total of 1252 rolled by John Muller and Adolph Winterroth set a new record for league tournament competition. Muller was the surprise of the tournament, taking all individual honors with 671 for three games including a high 252 single game. Fred Metzinger and James Donahue notched 1095 for second place. LETTERS TO THE EDITOR

In your issue of March 31, you published Trade Rules of the Federal Trade Commission governing practices of retail grocers, and in commenting on Rule 3 which says that, "The offering or giving of prizes, premiums or gifts, in connection with the sale of grocery products by any scheme which involves lottery, misrepresentation, or fraud is an unfair trade practice," that in your opinion there are too many loopholes to permit active enforcement except in unusually flagrant cases.

It is the opinion of this Bureau, based on the experience of many years' contact with business problems that one of the most harmful things affecting the small merchant today is the lottery scheme, which in itself is a violation of the State and Federal Law, and the giving away of merchandise, which in itself is not illegal but is very poor business. It is the small merchant who is victimized by the schemers who sell them the lottery idea as a business stimulating proposition and instead of helping the merchant it discredits him in the eyes of his customers. There is one of

these rackets being promoted at the present time, in which an automobile is supposed to be given away to the lucky winner once each month. This is a lottery scheme which the Federal authorities will not permit the use of the mails. Any merchant who falls for this type of promotion is wasting his time and money. You will note that the larger business firms do not use this sort of a scheme in their business, and there are many reasons why they do not.

The Better Business Bureau has information on every type of promotion and business-stimulating scheme offered to the merchant and it would be a very simple matter for your readers to call this office on the phone and ask us for facts regarding the schemes offered by unknown promoters. It will cost them nothing for the information and may save them much. It will be worth while, I believe, if you get this information to your readers at this time.

B. C. FORBES PRAISES INDEPENDENT DEALERS

Setting forth in a rank and clear analysis the part played by the Independent Merchant in the present economic depression, B. C. Forbes, economist and writer, lauds the independent merchants for their loyalty to their neighbors in times of greatest need. In his column, appearing in the Syracuse Journal of March 23rd, Mr. Forbes says in part:

"In this community there are humble heroes who are doing much—perhaps more than all others put together—to prevent the outbreak of critical social trouble.

"Who are they?"

"They are retail merchants. Not chain store managers, not 'cash and carry' merchants, but so-called 'independents,' local citizens who have hearts, sympathetic neighbors who extend credit to many families who would not be regarded as acceptable risks by any banker.

"It is time someone paid a tribute to such unsung heroes, such large-hearted citizens, who put neighborliness ahead of cold business considerations, who are motivated more by humane considerations than by cold credit rules.

"In the small community where I live there are merchants who are 'carrying' families utterly unable to pay. These merchants were born and raised locally. They don't give credit because they figure that it is good business to give credit. They give credit because they know that John Smith and Bill Jones have lost their jobs and cannot pay.

"They have known John Smith and Bill Jones from school days. They know that John Smith and Bill Jones are at heart honest fellows, who pay when they have the money, but they know that John Smith and Bill Jones have been out of work for months. They know, too, that Mrs. John Smith and Mrs. Bill Jones used to buy quite a lot of things from chain stores when they were in a position to pay cash.

"Now that there is no cash, the chain stores refuse to sell them a dollar's worth. How are John Smith and Bill Jones to feed their families. No business of the clerk in charge of the chain store. His orders from headquarters are, no credit.

"Suppose every small retailer, every 'independent,' were to act exactly as the chain store managers act, and refuse to supply a single vegetable or a loaf of bread or a pound of meat, what would John Smith and Bill Jones do?"

"Do you imagine for a moment they would sit idly at home and watch their wives and their children starve? They would not! They would doubtless do what Daniel Willard, president of the great Baltimore & Ohio Railroad, said he would do rather than see his loved ones starve to death! Find food for them by hook or crook, by violence, if necessary.

"Is it not true, therefore, that you and I owe more than we probably realize to local merchants who are extending credit to needy families?"

LAKEVIEW SCHOOL NO. 7

The pupils of Miss Eber's 6B Grade are taking an imaginary trip to Europe. It was suggested that booklets on the different European countries be made. Each pupil chose the country he was most interested in. Some of the countries chosen were: England, France, Spain, Russia, Italy, Holland and Ireland. The booklets contain pictures, stories, original drawings and other interesting material concerning the country.

Friday afternoon a guest from Ohio, mother of the music teacher, Miss Scales, was present. A musical program was given in her honor.

No. 7 School had an exhibit of beautiful pictures recently. Parents came to see them. There also was a program. All the money taken in was used to buy pictures for the school. Some of the pictures chosen by the children are: The Santa Fe Trail, Amalfi, Capri, and The Swing. The children viewed the pictures during school hours. Some of the girls in the 6B-6A Grade made sketches of the pictures.

One pupil from each room, 4th to 6th grades is elected to plant and care for flowers in the science

RIVIERA FEATURE REVIEW

Tonight

Running the entire gamut of human emotions, love, hatred, understanding, selfishness, "After Tomorrow," is an outstanding picture. Revolving around the romance of two youngsters who found their way to happiness bared by two unmotherly mothers, and by the boy's inability to earn a living wage, it presents a very human, yet powerful situation.

H. B. Warner, who has an important role in "The Menace," created several famous stage roles during his career as a stage star. Many of the plays that Warner introduced to theatrical audiences have since been made into talking pictures.

Friday-Saturday

"Dancers In the Dark." Wise to all guys, but too wise to value real love, until it's almost too late. A modern-life romantic drama, action-packed to the last hectic thrill, with Miriam Hopkins as the lovelorn charmer; Jack Oakie as the enemy who falls in love with her; William Collier, Jr., as the youngster who stakes his life for her favor—and Eugene Pallette as the rotund and jocund fun-loving rover!

Comedy and tragedy pitched against a background of an auto camp, which is brought to the screen for the first time, form the high-lights of "The Big Shot," starring Eddie Quillan.

Sunday-Monday-Tuesday

A South-of-the-Border resort, where men are caballeros and girls are señoritas, is pictured with all of its romantic glamour in "Girl Crazy."

This home of the clicking castanets, marimba bands, and gay fandangos, shares atmospheric appeal with a western dude ranch as the background for the hilarious adventures of Bert Wheeler, Robert Woolsey, Eddie Quillan, Mitzi Green and others.

Lew Ayres' career as a banjost with various orchestras is well known, but comparatively few theatre-goers realize that the young screen star is the possessor of an unusually melodious voice, and that during the years that he was a

banjo player he also sang. Ayres comes in the starring role of "The Impatient Maiden."

The management announces that no vanity ware will be given out next week. "Tarzan of the Apes" will be the featured attraction from Wednesday to Saturday.

Benefit Card Party for Boy Scout Troup No. 81

In a final effort to raise money to send Boy Scouts of Troop No. 81 to Camp Pioneer this summer, a card party for the benefit of the troop is planned for Thursday, May 12, at 8 P. M., in the Lower Tenth Ward Republican Club Headquarters, 461 Lewiston Avenue. Bridge, pinochle, and possibly other games will be played, and there will be a suitable door prize. Tickets are 35 cents and may be obtained from any of the Scouts or at the door.

The party is being arranged by mothers of Scouts and wives of Scouters of the troop. They will meet on Monday, May 2, to make arrangements.

Edwin Brown, Senior Patrol Leader of Troop 81, who is moving to Buffalo next week, received Merit Badges in Cooking, First Aid, Pathfinding, and Photography at the Irondequoit Court of Honor in the Seneca School, Summerville, last Friday, April 22.

Last Saturday, while they were out on a trip to Stanley Moore's ranch near Hilton, the Scouts started building patrol dens in the woods. They also cleaned up the old house which Mr. Moore has given them permission to use. Later they played baseball and other games.

Ridgemont Club Women in Progressive Bridge Party

A bridge and tea was given yesterday afternoon at the Ridgemont Club by the golf committee of the Women's Association Progressive contract and auction bridge were played.

Patronesses are: Mrs. Herbert Johnston, Mrs. Joseph J. Judge, Mrs. Deloss M. Rose, Mrs. John Jeffs, Mrs. George Reid, Mrs. Arthur G. Moore, Mrs. Lester Bartlett, Mrs. C. Vincent Wiser, Mrs. David Teeter, Mrs. Rex Wilsey and Mrs. Judson Glen.

William H. Stell, Sr.

STELL ELECTED HEAD OF WARD COMMITTEE

Organization of the ward and county committee took place at a meeting Friday night and William H. Stell, Sr., was elected chairman. Endorsement of Harry J. Barcham as county committee chairman was also voted.

Other officers were elected as follows: Secretary, Joseph H. Bush; treasurer, Burton J. DeWitt; chairman of publicity committee, Donald M. Morris; women's executive committee, Bertha A. Bush; executive committeeman, Charles E. Bostwick.

Tribute to Mr. Stell's untiring efforts on behalf of the Republican party in the ward was paid by Donald N. Morris in seconding the chairman's nomination. In seconding Mr. Bostwick's nomination for executive committeeman, Councilman Nelson A. Milne praised the local leader for his past record. Mr. Bostwick responded with thanks to the committee for its work in making the Tenth "the banner Republican ward of the city."

REDS WIN IN WOMEN'S MEMBERSHIP CONTEST

One of the most successful membership drives of the club was brought to a close last week by the Tenth Ward Republican Women with the Yellows, captained by Mrs. J. Honan, bowing to the salesmanship of the Reds, captained by Mrs. W. L. Watson. The winners will be entertained by the losers at a date to be announced later.

According to reports, a total of 347 members were recruited in the drive. Appreciation of the fine results was expressed by Mrs. F. L. Wadman, president.

Lovely Dress Shop Is Observing Anniversary

Starting its third year at Dewey and Driving Park avenues, the Lovely Dress Shop is featuring an anniversary sale to mark the event. The store was opened at its present location two years ago by Lew Moscow, who continues as its owner. Mr. Moscow is well pleased with his location here and expresses his appreciation for patronage to the many friends he has made in the Tenth Ward during the past two years.

Here's Achievement

Achievement Week (ending tomorrow) features, among other projects, reconditioning of furniture. The photograph shows Miss Georgie Watkins, Rochester Home Bureau director (right) pointing out to Mrs. H. E. Rider, member of the Home Bureau class in reconditioning furniture, how far a little paint and some modern ideas go toward modernizing that old dresser belonging to the Age of Golden Oak.

ACHIEVEMENT WEEK IS OBSERVED THIS WEEK

New and diverting ways of stretching the family dollar to cover new furnishings for the bedroom, drapes for the living room, and toys for the baby are featured by the Home Bureau in its observance this week of Achievement Week at the Chamber of Commerce. All exhibits being shown, be they hooked rugs or vanity dressing tables, are the work of members of the 37 Home Bureau units of Rochester, and exemplify the Home Bureau by-word, "Make the most of what you have." The exhibit ends tomorrow (Friday).

The Home Bureau headquarters is being thronged with Rochesterians who recognize that it is smart to be thrifty. Talks and demonstrations are given each afternoon and evening, featuring economies in reconditioning furniture, planning kitchens, playrooms, children's clothing and smart hats and gowns.

Last year the Rochester Home Bureau was awarded honorable mention by the Better Home in America national committee for outstanding achievements during the year. An efficient kitchen and a model child's playroom were specifically mentioned for merit.

Talks on gardening, illustrated with slides, are proving especially interesting to a large number of persons, both men and women. Another special feature is an animated album, depicting twelve years of progress in the Rochester Home Bureau. Hats in style ten years ago draw a hearty laugh from spectators.

Achievement Week is Rochester's observance of national Better Homes Week, and is sponsored by a committee of the Rochester Home Bureau, headed by William B. Boothby, manager of the Rochester Exposition.

SAYS CHAINS MEAN LOST HOPE FOR SMALL MAN

The most critical loss America faces today is the loss of individual hope and prospect. Within the last few decades the vast majority of the American people have been transformed from owners into tenants and employees. The owning and controlling few are dominating almost every branch of American industry and effort through combinations, associations, articles of agreement, trusts, chains, monopolies, near monopolies, mergers and other forms of corporate empire. The channels of opportunity for ownership and direction of some enterprise for the attainment of a livelihood by the average individual, or group of individuals are rapidly closing. Unless things are changed the average man and woman in the United States will soon face permanent dependence on a master class for the employment that means life itself, a condition that will signify the death of liberty, and when liberty dies the republic dies. Political freedom without economic independence is an empty term. The power that controls my employment and my bread controls me. Ownership, or a substantial portion of directing, responsible ownership, of means of livelihood are as essential to real freedom as the right to vote for public officials. What we need is another declaration of independence in America, a declaration of economic independence as well as political. Increasing domination by concentrated business and finance is making it more and more difficult for young men and women to start in business with any hope of ultimate ownership and independence. The trusts and chains and swollen corporate units are writing the death warrant of the small business individual. We see the small business people falling about us on every side before the continuous gun fire of monopoly and near monopoly, and there is no Red Cross on the economic battle field.

"THE JUNK YARD" By Carolyn Falls

Not a pretty picture,
That view across the way,
Cast off wagons, sleighs and junk,
Used in a bygone day.

What a spot for a Treasure Hunt,
For playing, straying feet,
Lead pipe here, old clock there,
In that place across the street.

Their shouts ring through my window,
"Look, come see what I've found,"
With childish glee, they search and search,
Till something new comes round.

Smudged with grease, and old rust stains,
With never thought or care,
For naught but hidden treasure,
In the Junk Yard over there.

To them it is a hallowed spot,
They gather there each day,
Dreaming dreams of other days,
In the yard across the way.

ROOM FURNISHINGS

—By Gerald C. Kenny—

Every home must be liveable; it must be pleasing, attractive and restful. Many problems enter into the creating of this liveableness, but there is nothing extremely hard about it. Some study and care is required, however, in the selection of pieces of furniture, with one eye to the color scheme and the other to the size of the room.

First of all, one must not forget that his particular taste may not effect a pleasing picture when carried out in a room. Exposure of the room is a very important consideration; southern or western exposure, where much natural light is afforded, does not call for warm colors, whereas a northern or eastern exposure, absolutely needs warm colors.

In working out a color scheme, keeping the exposure in mind, the major pieces of furniture should take the color which is to dominate in the room. Furnishings today are with related colors and in continuing selection of other pieces in the room, one should select colors harmonizing with the major one. In a living room, the color of the upholstery on a davenport should be the dominant one in the room. The coloring on the chairs should harmonize with this dominant color and the scheme should be carried out throughout the room.

Large pieces of furniture are not meant for small rooms; a cramped appearance results. Furniture of delicate lines is available for the small room, thus making possible an atmosphere of restfulness despite lack of space. Likewise sizeable pieces are needed in the large room to fill it out; delicate fur-

niture would be out of place. Besides making the home a "pretty picture," comfort also may properly be considered. The preferences of members of the family, those who are going to live with the furniture, should be given some consideration. Enough types of chairs are being shown in the furniture shops these days so that personal preferences may easily be fulfilled and yet the room not present a grand conglomeration of mishits. Everyone is entitled to a chair which meets with his specifications of "comfortable," for styles today make this readily possible.

The essential points of a well-furnished room in general then, are furniture suitable in size and proportion to the room; choice of colors influenced by room exposure; harmonious color scheme carried out in every article; and furniture to "fit" the family.

This article, of course, is merely a summary of the essentials of "room furnishing." It is just an outline. Further discussion of the several points will be presented in later articles.

This is one of a series of talks to be published in each issue of this publication; prepared by Gerald C. Kenny, manufacturer of Kenny-Kraft Lifetime Upholstered Furniture, Factory and showrooms at 1476 Lake Avenue, Rochester, N. Y. (Adv.)

"LEWISTON" PASSES; RENAMED RIDGE RD.

The long-contemplated change in name for Lewiston avenue was brought about by action of the City Council, on an ordinance by Councilman Nelson A. Milne. The name has been changed to Ridge road for Lewiston avenue as well as for the street formerly known as Maplewood terrace which now forms the approach to the Veteran's Memorial Bridge.

Ridge road now officially runs to the new bridge where it meets the terminus of Ridge road east. The change was made to avoid confusion.

Dr. C. C. Milne, Prominent Democrat of Tenth, Dies

Funeral services were held Tuesday morning for Dr. Chester C. Milne, dentist, of Raines park. Dr. Milne was stricken suddenly on Saturday and died at St. Mary's Hospital a few hours later.

In addition to being prominent in the dental fraternity, Dr. Milne was well-known in local political circles, having been actively connected with the Tenth Ward Democratic organization. Just recently he had been appointed a member of the board of visitors at Industry. He was a member of various Masonic orders, the Moose and Elks. Organization of the Rochester Dental Society of which he was first president is attributed to him.

Dr. Milne left his widow, Jennie; one daughter, Marcia; and two brothers.

Mr. and Mrs. Herbert A. Johnston entertained at dinner Tuesday evening at their home in Maplewood Park boulevard in honor of the 50th wedding anniversary of Mrs. Johnston's parents, Mr. and Mrs. Nicholas J. Devine. Twenty members of the immediate family were present, including two great-grandchildren. A purse of gold and other appropriate gifts were presented.

Mr. and Mrs. Devine have resided at 258 Magee avenue for the past ten years. Mrs. Devine is 71 and her husband is 73. They have one other daughter, Mrs. Helen Kanada, and four grandchildren in addition to the two great-grandchildren. They were married at St. John's Cathedral in Syracuse.

He was formerly a teacher at Rochester Catholic High School, now Aquinas Institute, and has served pastorates at several churches in the diocese.

RIVIERA FEATURE REVIEW

Tonight

Elissa Landi, one of the most discussed feminine stars of motion pictures, enacts the leading role in "Devil's Lottery," romantic drama. Her previous picture was "The Yellow Ticket" in which she scored a personal triumph. Others in the cast are Victor McLaglen, Alexander Kirkland, Paul Cavanagh, Beryl Mercer, Barbara Weeks and Ralph Morgan.

Jean Harlow, one of the reigning sensations of filmdom, has another sympathetic role in "Three Wise Girls." The famous platinum-haired beauty attained tremendous popularity in spite of the fact that most of her roles presented her as an underworld "moll"—a handicap that few actresses have been able to vanquish.

Friday and Saturday

Maurice Chevalier appears again in "One Hour With You." An excellent cast headed by Jeanette MacDonald support him in this lyrical comedy-romance. Chevalier singing, loving, laughing, and all else follows. Jeanette MacDonald is remembered as Chevalier's "queen" of "The Love Parade."

Two of the most admired members of the screen's younger set, Norman Foster and June Clyde, are together in Universal's sparkling romance, "Steady Company."

Foster and Miss Clyde are two of the most popular of the new generation of stars, and reported at their best in this swift drama of a truck driver who makes the supreme attempt at fame through boxing gloves.

Sunday-Monday-Tuesday

James Cagney, most devastating young whirlwind hard-hitter of the talkies, comes in his first starring vehicle, "Taxi!"

The star is seen as Matt Nolan, battling leader in a war between rival taxi companies of the Big Town. And who is his sweetheart but Sue Reilly, played just as she should be played, by enchanting Loretta Young.

Every woman has experienced the shocking sensation of discovering suddenly, while in public, that she has a hole in her stocking. Shame! Horror! No civilized trifle could carry with it such consternation, such terror—as that

with which a woman looks at such things.

Imagine, then Marian Nixon's discomfort at having to wear for three weeks, a pair of stockings in which large holes were the most conspicuous feature. She did this during the filming of "Amateur Daddy," romantic drama in which she is co-featured with Warner Baxter.

PETITION REMOVAL OF "HOTEL" FROM LVELL

Permanent removal at the earliest possible time of the Home for Homeless Men from Lyell avenue and vicinity is asked in a petition presented the City Council Tuesday night by Councilman Nelson A. Milne. Residents of the Dewey and Lyell section are objecting to the location of the home in a residential section.

The home, often referred to as the "MacSweeney Hotel," was opened early this year to center the welfare work of the city, concerned with housing and feeding homeless men. Previously, the men had been quartered in various rooming and boarding houses and the start of the Home at Lyell and Dewey avenues was attributed to economy measures.

Residents of the immediate neighborhood claim that the Home is objectionable and a detriment to the locality. Their petition was acknowledged and filed by Mayor Charles S. Owen.

Marshall High Students Ass'n Elects Officers

John Marshall High Students' Association has elected these officers: President, Walter Foertsch, 164 Curtis street; vice-president, Fred Truax, 35 Carthage street; secretary, Wanda Hennig, 303 Lake avenue.

Cabinet members are: Walter Foertsch, Nicholas Nucchi, Louise Sullivan, Helen Ancona, Marion Ogilvie, Jack DuRocher, Norman Nadel, Mildred Lochner, Harry Fogarty, Henry Klein, Henry Ireland, Raymond Marlin.

Annual Frolic of No. 34 Parent-Teachers Tonight

Parent-Teachers of No. 34 School will hold their annual spring frolic and election of officers tonight at eight o'clock in the school hall. A varied program will follow voting for the new officers.

Miss Florence Winchell of the Parental Education Department will present some suggestions on play ideas for the children during the summer months. Five-minute plays will be staged by children of the school and Miss Gertrude Hall will sing. In addition there will be games for everyone.

OPENED ON ELECTRIC

A new hat shop made its appearance recently in the Dewey avenue section with the opening of Jennie's Hat Shop at 146 Electric avenue. A full assortment of hats in the lower price field is being shown at the shop, which is owned by Mrs. Jennie Day.

News Reports

Even though half a dozen ball games were postponed, golf courses were closed and everyone was "all wet," the insistent drizzle of the past week has brought forth the blossoming beauty of Tenth Ward yards and gardens and that's something to be thankful for. Generally, after a survey of local streets, one comes to the conclusion that no other section of Rochester can boast of a more colorful display. The vast majority of home owners here take a great deal of pride in their landscaping and visitors are always impressed by the well-cultured appearance we make.

The rugged ground conditions in the Lake and Ridge triangle, city property, were effectively remedied last week and all the wrinkles were ironed out as workmen did their stuff. Apparently it is being prepared for seeding and by mid-summer should present a well-groomed addition to the corners. Incidentally construction is well along on the first business development at the corners since the completion of the new bridge. It is a very large garage with a wide expanse of space in front reserved for gasoline pumps.

Speaking of ball games, brings to mind the fact that at least five of the dashing Red Wings who perform at the Norton street stadium displayed rare judgment in their choice of home sites. You guessed it; they're living in the Tenth. After a careful investigation, Watty Holme, Ray Starr and Bill Windle have established residence in Lakeview park and Bubber Jonnard is comfortably located in Seneca parkway. Clarence Heise, south-paw pitcher also is residing here, but is expected to leave this week for Danville where he has been transferred.

Any chagrin one may cherish regarding weather conditions can hardly be comparable with that of the owners of the carnival which this week unfolded itself on Dewey avenue opposite Edgerton park. The woes of depression are bad enough, but when one needs rubber boots to skip from side show to side show, then you have something to worry about. Yes, in this kind of spring weather, carnival life must be lots of fun.

The signal lights at Lake avenue and Emerson street went out for the last time a week or so ago, but another set of the red and green traffic regulators appeared simultaneously at Phelps avenue. The change was made in response to a request by the Upper Lake Avenue Improvement Association. Although the change of location may be an aid to pedestrians, it means nothing to motorists who have to stop for the red light no matter where it bobs up.

FOUR LOCAL BUSINESS HOUSES ESTABLISHED SCORE OF YEARS AGO

Three business houses at Dewey avenue and Flower City park are this month observing the twentieth anniversary of their beginning and a fourth in the same section is starting his twenty-second year.

The building at 1430-40 Dewey avenue was completed in 1912 and shortly thereafter was occupied by DeVisser Bros., Howell Bakery, Rose Barber Shop and two other stores which have since been moved elsewhere. Kodak Park was expanding rapidly at that time; a large number of people were finding employment there and as a consequence the population of the Tenth Ward was increasing steadily. Forseeing the need of business houses to serve the growing section, Arthur Edwards built this block and divided it into five stores.

Lower Dewey avenue at that time was not the well-populated section it is today, for it still was without street-car service, the terminal being at Driving Park avenue. At that time considerable of the solidly-built up section of today was farm land and wooded section.

The Rose Barber Shop was started by J. Milton Rose, who continues as owner. Frank Howell after 20 years is still proprietor of the bakery which bears his name. The DeVisser Bros. hardware store was opened by James DeVisser and a brother and continues under James DeVisser; several years ago this business had expanded to large enough proportions to require more space and an adjoining store was rented to double the capacity.

George Rogers started on Dewey avenue a year previous to these pioneer merchants. He occupied a store in the Matthews block, near Ridgeway on Dewey, in which his grocery and delicatessen is still located, although in a different store. This week Mr. Rogers is opening a new soda fountain to add to his numerous other services.

SPECIAL PURCHASE

A special purchase of exceptional value was made last week by Gerald C. Kenny, furniture manufacturer and merchandiser of Lake avenue. As a result a 400-yard lot of antique velvet and moquette upholstery fabric is now being shown at a price considerably below the market. Mr. Kenny is suggesting it as suitable material for re-upholstering.

Radio Tips, Questions and Answers

By H. S. Russell

Due to educational advertising the average radio owner has his radio tubes tested at least once a year—probably oftener. And a very wise plan it is. Using the modern testing equipment a man who really knows can usually pick out tubes that are causing trouble, distorted speech or music or are about to break down altogether. Such periodical tests save the radio owner much embarrassment, lost programs, poor tone quality and possibly money.

But—tube tests on the finest tube "testers" built are not infallible. A tube may check well on a tube analyzer and produce noise or "static" when used in a radio receiver. A tube may test O. K. on a checking machine, play well in a radio for half an hour then suddenly cause squealing, howling, sputtering or a total cessation of reception. Why? Because the elements (working parts) of a tube are very fragile and are mounted in a very small space and separated from each other by still smaller spaces. Now, due to the fact that the speakers in our modern radios are clamped to the cabinets, the cabinets, chassis and tubes are subjected to considerable vibration when the instrument is in use, which sometimes shakes an element loose but not loose enough to create a "short" in the tube. Such a tube will check O. K. in a tester, but will create "static" or howling or squealing when used in a radio.

Again, due to the prevailing (and necessary) modern practice of enclosing tubes in metal compartments (shields) they are unable to dissipate the heat created within them. Therefore, the tubes operate at high temperatures, which tends to warp the elements in the tube and cause various and serious disorders. Such tubes may check well but will "cut up" when they have been in use about 20 or 30 minutes and become thoroughly heated.

JOHN MARSHALL HIGH

Housewives in need of part-time help or a high school girl to stay with children afternoons or evenings may call the girls' adviser at John Marshall High School, Miss Caro FitzSimons. She has a number of girls which she will recommend.

Many girls are anxious to get part-time work. In a number of cases they are turning the money in toward the support of the home. Others are using it as spending money.

Miss FitzSimons has successfully filled all calls which have come in to the school from homes, the girls who are most in need being assigned first. A number of girls are willing to do housework and would like work to carry them over the summer.

THE COLOR SCHEME

—By Gerald C. Kenny—

Color is an enjoyable, but almost inexhaustible subject, and in this article we shall only attempt to outline some of the principles which underlie its uses in the home. There are many rules about the use of color which are hard and fast, the mastering of which will save serious errors which tend to make homes unpleasing to us and distasteful to our friends.

Can you honestly say your living room has a color scheme? Can you sense a definite arrangement about it?

Now to arrive at a color scheme does not necessarily involve scrapping all the furnishings and starting afresh. In every room there are the rudiments of a color scheme and perhaps all that need be done is to eliminate one or two colors, subduing one and enhancing others. It does not necessarily mean additional expense. The easiest way, in a furnished room, is to select some piece of the furnishings and make that a basis for the color combination. Perhaps it will be the rug, or the draperies, or the upholstery material or the wall paper.

Let us choose the upholstery material on the davenport, for instance. Suppose we say blue is the dominating color, with brown, a little bit of black and green, on a buff background as other colors present. Now let's work out a scheme for the living room.

With blue as dominating, most conspicuous color, that rose chair near it should be upholstered blue. Thus the color scheme is more definitely established. Now of course although blue is to be outstanding it is not to be the only color. We mentioned brown, a little green and buff in the davenport and we should use these colors, less conspicuously of course than the blue. For this reason, duller, more subdued shades should be used than in the blue. This will make them less conspicuous even though they are used in greater quantity.

The blue in the davenport and on one chair is the dominant hue. Now we want to have the other colors distributed about the room both to enhance the dominant color and to give variety to the decorations. One might suggest another chair upholstered in brown and blue figured material and still another in blue and dull yellow stripes. The yellow is not another color; it is just another shade of the same color family as the brown and buff.

Color must be distributed throughout the room; some of the dominant color should be in the draperies. One suggestion would be solid blue with glass curtains of light yellow or tan beneath them; or they might be of figured material in blue, tan and a very little dull pink.

If the draperies and upholstery materials are figured, a plain tan wall paper is a more pleasing background. Too many figured surfaces in the room are confusing and annoying. The effect of a firm foundation would be accomplished by a plain dark brown rug, with a buff border acceptable if desired. In this particular room, brown mahogany, brown oak or walnut furniture should be used.

Into this room where we have used so much blue (a cool color) the warm glow of pink shaded lamps is essential. A small vase or other bit of pottery of very deep, rich blue would emphasize the color scheme and give the room a smart, spirited appearance. Cushions in dull pink, sapphire blue, tan and brown are suggested for the davenport.

To summarize, we select a dominating color, choose others to harmonize and contrasting to emphasize it, and distribute the color throughout the room. This combination is easy to achieve, not necessarily expensive, and easy to live with. You will enjoy it and your friends will be impressed by the "taste" displayed.

This is one of a series of talks to be published in each issue of this publication; prepared by Gerald C. Kenny, manufacturer of Kenny-Kraft Lifetime Upholstered Furniture, Factory and showrooms at 1476 Lake Avenue, Rochester, N. Y. (Adv.)

THE NEXT ISSUE OF THE COURIER WILL BE PUBLISHED THURS., JUNE 9

The Courier's Birthday Party

Another year has passed and the Tenth Ward Courier observes its fourth birthday as the news publication of the Tenth Ward. This issue, Vol. V, No. 1, marks the beginning of the fifth year of publication.

Distributed regularly every other week, The Courier, we are confident, has found a ready reception and an increasingly prominent place in the family circle. Despite the fact that it comes without solicitation, its readers are no less interested in its news and advertising columns. The Courier endeavors to be newsy and in this connection is much indebted to the many people who contribute bits of news that help to maintain the neighborly spirit of the publication.

From an advertising point of view, many Courier advertisers will assert that the paper is showing constantly greater pulling power despite adverse conditions. Consequently active business-seeking Tenth Ward merchants find it profitable to avail themselves of this medium reaching 7,500 homes in the Tenth Ward regularly.

We might repeat here the statement made so many times before, that The Courier is pleased to include in any issue the news events and publicity for any organization in the Tenth Ward whether it be religious, political or social. This service is gratis.

RIVIERA FEATURE REVIEW

Tonight

Drama of the thoroughly modern type is "The Wiser Sex." Claudette Colbert, perhaps the "most unscandalized" beauty of films, and an exquisite brunette who performed charmingly in "Manslaughter," "Secrets of a Secretary" and "The Smiling Lieutenant," is featured in the new offering with Melvyn Douglas, young stage thespian, who made his photoplay debut with Gloria Swanson in "Tonight or Never."

"The Big Timer," comedy-drama featuring Ben Lyon, Constance Cummings and Thelma Todd, is the story of a small town clump who wanted to be a big time champ, and nobody believed he had the makings except a girl, and she undertakes the unique job of being a boxer's manager.

Friday-Saturday

George Arliss, star of five of the talking screen's great pictures, appears in his latest dramatic production, "The Man Who Played God."

This is a story of a musician of international fame, an essentially human being whose life and happiness revolves around his music and the pleasure he brings to countless thousands via the Heaven-sent gift he possesses. Fate plays strange tricks on him, giving and taking love, presenting the world for a plaything and then taking everything away.

The same proven qualities of entertainment that made "The Broken Wing" a hit on the stage make it outstanding as a motion picture. Lupe Velez, one of the most vivid personalities in pictures, is the central figure of the plot of "The Broken Wing." She is now appearing as the star in Florenz Ziegfeld's New York production, "Hot-Cha."

Sarah Y. Mason. It is said to present a glamorous role for the emotional talents of Miss Stanwyck. She is first seen as a young girl of lowly surroundings but high ideals.

Dickie Moore, the six-year-old actor featured with Charles (Chic) Sale in "The Expert," was discovered to be the quickest and surest "study" on the lot, having learned his lines perfectly. In two weeks Dickie didn't cause a single "retake" by forgetting his lines, a distinction not claimed by anyone else in the cast.

SCHOOL NO. 40

To realize that the making of a superlative apple pie is an art, one needs only to see the artistic demonstration given by Miss Emma Morrow, Supervisor of Domestic Science. The 8A girls had the good fortune to see this on May 13.

There will be a pie baking contest on Friday, June 3. A prize has been offered by the principal, Miss Arnett, for the best apple pie made by the girls, without help.

The science room will have an addition this week. An aquarium has been bought with the pennies brought in by the children. Lessons on the balanced aquarium have been given and much interest has been shown.

Miss Kathryn Parker's first grades visited the farm of R. S. Rudman on Titus avenue on May 25. This trip is in connection with their work in English, Geography and History, the center of interest being "Places Near Our City, the Farm."

Go to EDOUARD'S. Lovely Silk and Sport Dresses, in Prints and Pastel shades, also the new Mesh Dresses, at \$2.98 and \$5.00. Full fashion Hose at 59c pair. EDOUARD'S Sample Dress Shop, 1546 Lake Ave., opposite Wagg's Corners.

Rev. W. C. Compton Given Diocesan Appointments

Rev. William C. Compton, pastor of the Church of Ascension, was assured an active part in the affairs of the new Episcopal Diocese of Rochester as a result of elections and appointments at the first convention being held this week. Rev. Compton was named as member of the standing committee for one year; member of the executive council for two years; and delegate to the General Synod.

NO. 7 SCHOOL

Pupils from the 6B-5A grade presented a play in the assembly entitled "The Boy Who Did Not Care." Songs especially written for the occasion were thrown on the screen and sung by the school.

The 4B class made a Memorial Day Poster to stimulate the collection of money for flowers for the soldiers. The 4A Geography class took a "trip" to Albany this week to visit the State Capitol and the State Educational Building.

The pupils of the 5A-6B-6A grades have written a play, "The Story of Writing," which will be presented in the assembly tomorrow. Friends of the school are invited.

Miss Maxwell's grade had a pleasant surprise in seeing a moth come out of its cocoon.

The telegraph was discussed by Miss Langham's class in their English work last week. The boys and girls learned how the Indians sent their messages, how the colonists sent theirs, how Franklin helped by discovering electricity and how Samuel Morse invented the telegraph.

Billy Grove made a poster for the school to record the amounts collected daily for the flowers to be used in decorating the graves on Memorial Day. Miss Desmond's grade has collected money to buy flowers for the soldiers' graves for Memorial Day. Miss Desmond's 100% in contributions.

UNION TRUST BRANCH MOVING ON JUNE 15 TO LARGER QUARTERS

Complete remodeling of the store at 844 Dewey avenue, corner of Driving Park avenue, is underway to make a new and modern home for the Dewey-Driving Park office of Union Trust Company. The office will move from its present location at 834 Dewey avenue to the new quarters about June 15.

Realizing the merit of the corner location, the Union Trust Company is sparing no expense to make it one of the finest branch banks in the city. Marble is being used in the interior decoration. Considerable more space is provided in the new location and will allow more room for service.

The Dewey-Driving Park office was opened for the first time last September and the volume of business transacted there is said to have been very satisfactory. The new bank, according to a Union Trust announcement, will be "commensurate with the dignity of the community which it is serving."

New Pastor Assigned to Dewey Reformed Church

Arthur D. Knoebel, student at Eastern Theological Seminary of the Reformed Church located in Lancaster, Pennsylvania, has accepted a call to serve as pastor of the Dewey Avenue Reformed Church for the summer months.

Mr. Knoebel attended Mission House College at Plymouth, Wisconsin, and Franklin and Marshall College at Lancaster, Pennsylvania. He received his A. B. degree at the latter institution in 1930. A few weeks ago he completed his second or middle year in the seminary at Lancaster, where he will return next September for his final year in preparation for the ministry.

During the past few years Mr. Knoebel has preached in various Reformed Churches in eastern Pennsylvania, and has been an active leader in young people's work in Lancaster County. His home is in Shamokin, Pa. He began his pastorate at the Dewey Avenue Reformed Church on May 22.

Redeemer Lutheran—Memorial Sunday will be celebrated with appropriate festival services and memorial sermon by Rev. W. L. Dowler on the theme, "Honoring Our Hero-dead," emphasizing that "we must live for the ideals for which they poured out their last full measure of devotion, and should highly resolve that these dead shall not have died in vain."

Beginning the first Sunday in June and continuing until the second Sunday in September the Sunday School will begin at 9:30 o'clock and the morning worship at 10:30, continuing exactly one hour, to give the members more time to enjoy God's great out-of-doors.

Children's Day will be celebrated on June 12, at 10:30 o'clock. The primary department will give the first part of the program of recitations and songs. A Children's Day pageant, "Out of the Bible," will be given by the junior and intermediate departments. The leading characters will be portrayed by Ethel Davis, Hilda Graden, Norman Doe, Fred Versprille, John Dowler, Bernice Liestman, Robert Hunt, Buddy Myers, Florence Danielson, Arnold Wehrle, Geraldine Liestman, Thelma Davis, Doris Danielson, Marjorie McGowan, Ronald McBride, Jack Connelly, Dulcie Doe, Dorothy Dowler and Katherine Peters.

The Sunday School and Congregational picnic will be held June 25 in lower Seneca Park.

Rev. Dowler is spending the week in New York City attending the annual Convention of the United Lutheran Synod of New York. Mr. and Mrs. Charles W. Albrecht are also attending some of the sessions as delegates.

two o'clock. North Church young people and their friends will be welcome.

Sunday at the regular meeting of the Sunday Evening Group, Mrs. Forest Bond, wife of the minister at Irondequoit Presbyterian Church, will tell of her experiences as a missionary in Africa. She will have pictures and curios to illustrate her talk which will be of an informal nature. Sunday evening meetings will continue until June 15, before disbanding for the summer vacation.

Four from North Church have been registered for the Presbyterian Young Peoples' Conference at Aurora. The names of those who will go have not been definitely decided upon as yet. The director of religious education of North Church, Mrs. E. J. Miller, has been chosen a member of the faculty of the Aurora Conference this year. She will teach a course on "The Ten Commandments and the Teachings of Jesus." The conference extends from July 1 to 14 and is held on the campus of Wells College, Aurora, New York.

**Radio Tips, Questions
and Answers**
By H. S. Russell

As this article is being printed the radio manufacturers of the United States are holding their annual convention and trade show in that mid-west shooting gallery known as Chicago. All the radio creations which are to be featured during the 1932-1933 season are on display and here is part of the line-up:

Several television receivers by well-known manufacturers. Must be used within 150 miles of the sending station. Images fair.

Practically nothing being built but superheterodynes.

Auto radio sets being built to clamp on steering column—making them easier to install, service and control.

Several new and improved types of tubes—the twin grid (fine for automatic volume control), the triple twin (two tubes in one; very powerful), a mercury vapor rectifier giving high voltages at high current drains and several new radio frequency pentode tubes.

The midget craze is apparently over. The tendency is back to the console types of receivers. The necessity of using small speakers with very little baffle robbed the midgets of the bass notes.

The public need not worry about having to throw away their present receivers when television "arrives." Two instruments are needed—one to receive the music and speech—one to receive the "pictures." While these may be combined in one cabinet nevertheless there are two receivers used—so if you already have the "sound" receiver you need only buy a television (or picture) receiver.

Bits of News

Memorial services to our soldier dead on Monday will occupy the attention of the entire nation. Parades, sound of taps, rifle salutes and flag waving will constitute a gala holiday, although the significance of the day might better be conveyed by somber meditation. For the majority of Uncle Sam's citizenry, however, Memorial Day means the beginning of Summer and somber thoughts are left to dignified speakers. . . . And who will say it should be otherwise?

Considerable expansion on a theme broached in this column two weeks ago is now quite necessary. We noted then that five of the Red Wing ball players had taken abode in the Tenth. This week we learn that Billy Southworth, clever little manager of the Rochester club, is to reside during the summer months at 139 Pierpont street.

Now that "Lewiston avenue" officially and otherwise has been succeeded by "Ridge road" residents and business men of the street are wondering what will be done about re-numbering. The former Maplewood terrace is also now a part of the Ridge road and of necessity will be numbered. This will entail re-numbering of the entire Ridge road out as far as the city line and perhaps beyond into Greece and points west. One person suggests that we inaugurate plus and minus numbers. Thus it would be possible to leave present numerals stand with the exception of a little plus (+) indicator attached for pieces of property west of Lake avenue and minus (—) eastward. Inasmuch as there is an East Ridge, the plus and minus system is the only alternative to re-numbering. But don't bank on plus-and-minus.

Just before departing yesterday, George Rogers, Dewey avenue grocer, announced that he had an important engagement made a year ago with a couple of muskellonge up at Rice Lake. In other words George has left on another of his fishing pilgrimages to Canada, an annual custom from which nothing could dissuade him. George is one of a few who really go for the purpose of fishing as he will be pleased to prove next week some day when he gets back to Rochester.

The Civic Defense League, Rochester's organization of independent business men, is showing a steady increase in membership. Its work on behalf of independence as against the chain system of retail business is gaining new advocates every day and eventually it is hoped to have about every Independent in the city enrolled. It cannot be doubted that the league has accomplished a great deal in the education of the housewife and as its membership grows, so will its influence.

The usual jam of traffic at Dewey and Driving Park avenues for several days last week was considerably enhanced by the addition of a New York State Railways line wagon to the middle of the intersection. While the linemen repaired and replaced the intricate network of trolley wires at the corner, motorists dodged each other as best they could. However, if now, as a result, the trolley doesn't come off the wire every time a street car turns the corner, the maze will not have been in vain, and traffic conditions may be slightly improved.

"MY INSPIRATION"
By Carolyn Falls

It could be bits of driftwood
On its way out to the sea;
It could be a flashing sunset
That conveys a thought to me.

It could be the blare of trumpets,
Or the tramp of marching feet;
It could be the thrilling picture,
Of our country's war-like fleet.

It could be a wondrous vision,
Or, may be, just a word,
It could be catchy music,
Or phrases I have heard.

It could be perfumed flowers,
Perhaps roses wet with dew,
It could be—oh! so many things,
So why couldn't it be you?

DRIVING PARK BRIDGE TO BE OPEN SATURDAY

Two shifts of workmen have been busy all week replacing the asphalt planking in the Driving Park avenue bridge and of necessity the span has been closed to traffic. The work is progressing rapidly and Edwin A. Miller, supervisor of public maintenance, states that it will probably be ready for opening Saturday night.

The re-planking was made necessary by the heavy traffic over the bridge occasioned during the construction of the Bausch and Memorial Bridges. The wood planking beneath the asphalt was found to be in excellent condition, according to Mr. Miller.

Charlotte Morgan Wins Marshall Horse Show

There were four events, with these results:

Horsemanship for advanced riders: First, Louise Sullivan; second, Constance Morton; third, Charlotte Morgan.

Horsemanship for beginners: First, Natalie Newall; second, Betty Varcoe; third, Barbara Tarbox.

Horsemanship for those not having won first place in events in former shows: First, Helen Sadden; second, Charlotte Morgan; third, Gwendolyn Troughton.

Manikan race: First, Charlotte Morgan; second, Helen Sadden; third, Louise Sullivan.

William P. Barrows was judge of events.

Levin Market Observes Anniversary With Sale

A year ago this week the Levin Cash Market was forced to move to a new location when the building which it occupied was torn down to make way for the Memorial Bridge approaches. The market was moved across the street to its present quarters at 1525 Lake avenue.

The new store has proved a popular one and to express his appreciation Mr. Levin this week is conducting an anniversary sale. The Levin Market has now been at the Lake and Ridge corners for 12 years.

RIVIERA FEATURE REVIEW

Tonight

Dick Barthelmess, star of "Alias the Doctor," is the first motion picture actor, so far as the records run, to become a war correspondent.

His dispatch from Shanghai, describing the war-torn city as it looked to eyes fresh from Hollywood, was carried in newspapers all over the country; and it demonstrated that Dick is not only a good actor but a keenly observant and graphic writer.

British races, a London playhouse, and the gathering places of high society in the British capital are woven into lulling romance and comedy interlarded with a delightful love story, in "—But the Flesh Is Weak," new Robert Montgomery picture.

The picture, based on Ivor Novello's famous London and New York stage success, "The Truth Game," shows Montgomery as a debonair and aristocratic London fortune hunter—who tries to marry for money until another girl comes along with whom he falls in love.

Friday-Saturday

Tom Mix, who rides so superbly in "Destiny Rides Again," just as though he had never had any tussle with Old Man Peritonitis, has won competitive cowboy championships in eight different divisions. These, of course, were during his years as a cowpuncher and before he went into the movies. However, he still has the trophies.

The amazing events which followed immediately the assassination of Czar Nicholas and the exaction of Russia's royal palaces by noblemen and aristocrats were screened to help make a talking picture more authentic.

Four reels of actual scenes filmed during those red days were projected on a screen at the Paramount studios so that George Bancroft's picture, "The World and the Flesh," could be realistically depicted. The showing was attended by the star, Director John Cromwell and representatives of the casting, wardrobe and architectural departments.

Orpheus Male Chorus presented a musical service Sunday which was enjoyed by a large number of North Church people and their friends.

The Women's Society picnic will be held at Ontario Beach Park on Thursday, June 16. Luncheon at one o'clock, will be served by members of the Eric Circle.

Boy Scouts of Troop 69 plan their annual strawberry festival for June 21, at the Parish House. Tickets will be 15 cents. The Scouts take this means of raising funds for their treasury. Moving pictures will provide entertainment during the evening. Final plans for the festival will be made tomorrow evening at 6:30 in the Parish House at a bean dinner, when every member of the troop is expected to be present.

Plans are being made for the annual Vacation Church School to be held in North Church. Fifty boys and girls may register in the school this year, twenty-five between the ages of nine and twelve; and twenty-five from six to eight. It has been found wise to limit the number of children who may register in the school, because of the number of helpers, the standards of teaching, attendance, etc. Those who wish to enroll are asked to make their reservations early. About fifteen children are now registered. The school will begin on June 27 and continue until July 22. Children's Day will be observed in North Church on June 19, when children will be baptized, Bibles presented to those who have reached the age of eight years, and the work of the departments of the Sunday School demonstrated.

A farmer tells us that the price of fresh eggs has been so low since the first of the year, that his hens, instead of cackling when they lay one, blush.

Sylvia Sydney comes to the Riviera Theatre Sunday, Monday and Tuesday in "The Miracle Man." Associate feature is "Play Girl," with Loretta Young and Winnie Lightner.

Bits of News

Perhaps it's because of the budget balancing efforts of the Congress; perhaps it's just the change to good legitimate summer weather (barring a couple of days) that accounts for the noticeable boom in retail sales in various sections of the ward during the past fortnight. Whatever may be the cause, one may be assured, it is none the less appreciated and our fondest hopes are that it may continue.

Between 8:30 and 9 every weekday morning, weather being favorable, at a good gait down Lake avenue goes Charles E. (Clip) Bostwick. By his side is generally Robert B. Clifford and occasionally they are joined by someone else. Their destinations are respectively the Union Trust Building and City Hall where they take up their daily routine. Walking to the office, in their opinion, is the best exercise in the world and is the most appropriate way to start the day right. Perhaps, to put it another way, one might say it puts them in fighting trim.

The new office of the Union Trust Company most certainly will be a fine addition to the Dewey-Driving Park corners. Although yet to be completed, it has assumed the dignified appearance of a downtown office. The additional space provides a more appropriate setting for the new office, and it also should make more "elbow room" for the staff.

A short time ago Joseph J. Buckley and Thomas Nolan, undertaker and druggist, acquired to themselves a pair of steeds from the Wadsworth stables. Now, as a result, a 5 a. m. gallop has more appeal for them than a well-known swing and cuss game of Scottish origin; and about every other morning at this hour they can be seen cantering in the neighborhood of the Bemish farm in Ridge road.

Gunnar Wiig, Tenth Warder, famed most for his broadcasts of the Red Wing baseball contests, had a fine opportunity last week and he made the most of it. Gunnar is "ace" announcer as well as manager of WHEC. Kate Smith came to town and someone had to announce for her on the nationwide Columbia hook-up during her stay in Rochester. Gunnar got the job and undoubtedly got a thrill in the realization that he was sending his voice to all corners of the country, but it did not interfere with his work. His diction was fine and he broadcast the message of a well-known brand of cigars like a veteran.

Wesley Y. Cunningham's job as fire chief in the Barnard Fire District of Greece can hardly be construed as a hazardous one, judging by the report he just turned in for the past year. The fire loss was just slightly over \$2,000 for one year in a district containing 2,000 homes. But Wes accepted the job for another year so he must like something about it. When he isn't rushing to fires, Wes usually can be found supervising the workshop at Cunningham-Joyce.

Ted Kornischky, energetic Lake avenue mailman, we see by the papers must be somewhat of a shooter as well as being a rabid fisherman. We read that he gets one of the medals awarded postal employees on the revolver team.

GOOD PUBLICITY

The minister stood before the happy couple and was about to pronounce them man and wife.

"Does anyone present," he said, "have anything to say before this marriage is consummated?"

A moment's stillness ensued, only to be broken by an enthusiastic young man. "Do I understand that no one wishes to say anything?" he inquired.

"It would seem so," replied the minister.

"Then," continued the young man, as a light came into his eyes, "may I be permitted to make a few remarks about Southern California and its wonderful climate?"

Studley Named Delegate To Veteran Conventions

George W. Studley, 100 Mayflower street, was elected Thursday to represent the Thomas F. Healy Post No. 16, of the Veterans of Foreign Wars at their State Convention in Schenectady on June 22-25.

The Veterans of Foreign Wars are the Gold Stripe Veterans' organization and to be eligible to membership one must have seen active service in a foreign country. Mr. Studley enlisted in January, 1909, when the navy recruiting station was in the old Cook Opera House, and has been in almost all the countries where there was trouble.

Here is the way he describes his experience: "First Cuba; then Panama, 6 years before the Canal made that trip the pleasant one it is today; Nicaragua; then 3 years on the Asiatic Station covering the whole station several times; having been twice called into Mora Province of Mindanao, hunting pirates along the China coast and rivers; and late in 1911, while serving on the U. S. S. New Orleans, was ordered to Nanking, China, from Manila in the Philippines at the outbreak of the Chinese rebellion, where there was plenty to do. Later Cheefoo and Tsingtau was visited by the New Orleans, but at both places things were quiet, and the ship was ordered to Shanghai where a great number of warships of all nations were anchored. After a short stay here the New Orleans was ordered home by way of Japan and this was the most welcome news we had had in many months.

"Japan and its world famous hospitality after a long campaign in the Southern Islands and months in war torn China, was sure a treat and all the crew took advantage of this beautiful trip."

Service on the West Coast was uneventful and in the summer of 1912 Mr. Studley visited his home at 16 East Hanford road for a few months. Returning to the West Coast, he did not come East until the World War, in which he served on the Torpedo Boat Destroyer Stringham, doing war zone convoy duty.

At the regular meeting of the Edgar F. Kohler Garrison No. 19, Army and Navy Union, held in the City Hall Annex, Mr. Studley was elected as a delegate of that organization also to the State Convention, this convention to be held in Rochester late in July.

As National Inspector of this organization he has spent much time traveling and only a few weeks ago returned from a nine-week trip that covered well over 12,000 miles and most of the cities on the West Coast.

JOHNSON—DONOVAN

Miss Lois H. Donovan, daughter of Mr. and Mrs. Dennis Donovan of Dewey avenue, and Lawrence W. Johnson, son of Mr. and Mrs. W. Johnson of Plymouth avenue South, were married in Sacred Heart Church on June 1. The Rev. Msgr. John V. Burns performed the ceremony at 9 o'clock.

Red peonies and white lilacs decorated the church. The bride was in a white satin gown with a picture hat to match and wore white kid slippers. Her bouquet was of white roses and lilies of the valley.

Mrs. John Fowler was matron of honor, and she wore peach colored chiffon with a picture hat to match and white kid slippers. John Fowler was best man.

The bride's mother was attired in yellow printed chiffon with matching hat and the bridegroom's mother's frock was of navy blue chiffon, her hat of the same shade.

A wedding breakfast was served at Craig Hill. The bridal couple left on a trip to New York and Atlantic City, and after June 15 will be at home at Grandview Beach.

Pre-nuptial parties for the bride included a dinner and shower given by her office associates and a show given by Mrs. John Fowler.

The following Tenth Warders will spend the week-end at Holland's Cove where they will play ball on Sunday against the Dan's Auto nine; John and Emmett McKague and Lee and Aurele Comeau.

WITH PLEASURE

The colonel's wife sent the following note to Captain Green:—"Colonel and Mrs. Brown request the pleasure of Captain Green's company to dinner on the 20th."

Captain Green's reply gave her a shock. It read as follows:—"With the exception of four men on leave and two men sick, Captain Green's company have very great pleasure in accepting your invitation."

A HELPFUL LETTER

"Did you give our daughter that copy of 'What Every Girl Should Know'?" asked dad.

"Yes," replied mother, despondently, "and she's writing a letter to the author suggesting a couple of dozen corrections and the addition of two new chapters."—Beanpot.

Radio Tips, Questions and Answers

By H. S. Russell

Radio service men are confronted daily with this question from customers whose inexpensive radios have "gone dead" after 5 or 6 months' service. "Why does it cost so much to replace one defective part when the whole radio cost less than \$35?" Well this is a perfectly natural question, but if the replacement is being made by an honest, substantial man or organization you may rest assured the charge is warranted—and here is "the why."

During the recent business upheaval many radio concerns were forced out of business or to the very brink of failure. To close out bankrupt stocks or to raise cash quickly thousands of radios built to sell from one to two hundred dollars each were sacrificed on the market at very low prices and were "buys." This condition, however, lowered the standard of radio prizes to such an extent that many manufacturers "threw receivers together"—radios of the poorest and cheapest construction—and dove frantically into this new sea of low priced competition with the determination to stay in business at all costs. These cheaply constructed receivers are now (and naturally) giving trouble.

When a real "radio doctor" is called to fix such receivers he refuses to replace the defective part or parts with ones of similar make and construction because he knows that if he does put in such material, his replacement will not "stand up" and his reputation will suffer. Therefore, by the time he has put his skill, knowledge, labor and a good replacement part (that will "stand up") into a low priced receiver his bill will seem high when a cheap receiver is used as the yardstick.

Q.—My new radio has an automatic volume control arrangement that works nicely when stations are "coming in" but when tuning between stations the set is very noisy. Why?

A.—This is common with, and natural to, "automatic volume control" systems. When you set the volume control knob you place a limit of "loudness" beyond which the automatic control will not permit the radio to operate. If the signal (music or speech) begins to fade below this limit the automatic control will turn on "more power" and if the signal continues to fade the automatic control will continue to "turn on" the power until the limit is reached and the receiver is "on full."

This is the condition between stations. No music or speech (signal) is being received and the receiver is striving its utmost to bring in and amplify a signal so that all static (either of nature or man made) is amplified to a terrific, crackling, popping, banging, etc. However, as soon as a strong station is tuned in the automatic control turns down the power to just enough to receive the program and this noisy background is lost.

PLAN TO CO-ORDINATE CHILDREN'S ACTIVITIES

Organization of a Common Council on summer activities for children has been brought about on a city-wide basis and is now functioning in ten different zones corresponding to the districts of the Rochester Junior High Schools. The Tenth Ward lies in two zones, that part above Seneca parkway in the Jefferson Junior High zone and that below in the John Marshall zone.

Both these zones, like the others of the city, are organizing on individual lines according to their conditions. The work, which consists of a survey of facilities, and co-ordination and promotion of play groups for children of the neighborhood, is being carried on by steering committees.

The two zones in which the ward is located are faced with different conditions and consequently their plans vary. The John Marshall zone has three available play spaces, Schools 40, 41 and John Marshall, but no regularly established playground under supervision. Hence this committee is directing its efforts at establishing such a playground and is also seeking to provide adequate supervision for a number of play projects which will be conducted at various places in the zone.

Will Raise Funds

William C. Storandt is chairman of the group handling arrangements in the Marshall zone and Mrs. J. J. C. Hickey, secretary. Rev. William C. Compton, pastor of the Church of Ascension, is chairman of a special committee to arrange for a fully supervised and equipped playground. Funds for carrying out the program this summer will be raised by the committee, with the assistance of the schools and Parent-Teacher Associations.

Boy scouts will co-operate in supervision of play as will a number of volunteers from among parents. Rev. William Long Dowler, pastor of Redeemer Lutheran Church, has offered to indirectly supervise a play group on the grounds in the rear of his church. Improvement of facilities at John Marshall Field and in lower Maplewood Park will be sought. The public library has offered to co-operate in the matter of story-telling for youngsters.

Working On Program

All these various projects, designed to furnish supervised recreation for children of all ages, obviously necessitate a considerable amount of work. The committee is working speedily and within another week hopes to have its program more definitely settled.

In the Jefferson zone, Arthur C. Simmons, principal of Jefferson Junior High School, is chairman and the leader of the steering committee is Miss Bertha Servis. In

Offer \$100 Reward for Jewelry Store Robber

Early last Thursday morning a stone was hurled through the front window of the Jackson Jewelry at 325 Driving Park avenue and \$100 worth of merchandise on display in the window was stolen. A reward of \$100 for apprehension of the guilty person is offered by the Jewelers' Security Alliance.

The theft apparently took place in daylight, inasmuch as the policeman on the beat reported the window was not broken when he tried the door at 4 a. m., just before he went off-duty. The presence of blood on boxes which had been taken from the window and discarded in Broedel street indicated that the thief had been cut by glass.

No trace of the daring robbers who held up an attendant at Crown Service Station at Dewey and Clay avenues early Monday morning has been found. They escaped with \$31 in cash.

French Soiree Tuesday At Home of Mme. Gruaz

A French Soiree to which anyone interested in the French language is invited, will be held Tuesday evening at the home of Mme. Ernestine Gruaz at 40 Gorsline street. A program has been planned starting at eight o'clock.

Among those who expect to attend are the pupils of Mme. Gruaz, who tutors in French in addition to teaching at the Y. M. C. A. School. M. Carron, formerly professor of French of the University of Rochester has accepted an invitation.

The entire affair will be conducted in French. There will be readings and French songs will be sung. Among those who will render vocal solos of French pieces are Mrs. Edward M. Koninsky of Flower City park and Mrs. W. Rogers of Driving Park avenue, a native of Lille, France. Miss Margaret McCarthy will give piano selections and Francis Bott will present a special entertainment. Refreshments will be served.

this district facilities seem more ample and a long list of activities and available places has been prepared. City playgrounds, the Y. M. C. A., Y. W. C. A., Boy Scouts, Girl Scouts, Daily Vacation Bible Schools, indoor play spaces and libraries will be co-ordinated and an attempt made to interest children in some of these activities to provide them supervised recreation.

THE NEXT ISSUE OF THE COURIER WILL BE PUBLISHED THURS., JUNE 30

A special Fourth of July issue of The Courier will take the place of the issue which normally would appear on July 7. This special issue next Thursday will replace the July 7 issue and thereafter The Courier will resume its regular schedule, being published again on July 21.

RIVIERA FEATRE REVIEW

Tonight

"Sky Bride" is a modern story of aviation motivated by a gripping theme of love and adventure, in which Richard Arlen, Virginia Bruce, Jack Oakie, Charles Starrett and Robert Coogan play the leading roles.

The story of "Sky Bride" has a rich melodramatic flavor.

"The Heart of New York," features Joe Smith, Charles Dale, George Sidney and Anna Appel. Directed by Mervyn LeRoy, who directed "Five Star Final," one of last year's "best ten pictures." "The Heart of New York" brings a new treatment to the metropolitan which has served as the background for more movies than any other city.

Friday-Saturday

Ramon Novarro demonstrates his ability as a versatile player by attempting the most radically different role of his career in "Huddle."

The picture, adapted from the widely-read story by Francis Wallace, concerns the social adjustment of an Italian laborer who attends Yale University. His troubles and conflicts are worked out to a smashing climax. Thrilling football scenes show leading All-American players in action with Novarro.

"Misleading Lady," a stage hit, co-stars Edmund Lowe, who has a strong way with women, and Claudette Colbert, who has a silent, but equally effective way with men.

Miss Colbert plays Lowe for a dupe to make him propose in order

to win a wager. He retaliates by kidnaping her and breaking her spirit with the help of chains and an escaped inmate.

Sunday-Monday-Tuesday

"Letty Lynton" with Joan Crawford and Robert Montgomery in the principal roles, sensational filmization of the Marie Belloc Lowndes' novel, is an intriguing drama of modern morals with a vivid climax in which the heroine is faced with the choice of loss of reputation or prison.

He introduced his best friend to his fiance and discovered they were lovers.

Warner Baxter is the best friend, Karen Morley is the girl, and Con-way Tearle the third corner of the triangle in "Man About Town," a glittering, glamorous drama of the Secret Service in Washington, D. C.

It is the nation's capital shown against a background of adventure, love, intrigue . . . and a pair of tell-tale lips.

CARTHAGE VILLAGE IS MARKED WITH TABLET

Carthage, promising village of a century ago which lost its identity in the establishment of the city of Rochester, is now commemorated with a bronze tablet. The tablet, set on a quartzite base, was ceremoniously dedicated last week at the former site of Carthage near the eastern terminus of the new Veteran's Memorial Bridge.

The memorial was erected by the Irondequoit Chapter of the Daughters of the American Revolution and the Rochester Historical Society. Partaking in the ceremonies were Elon Huntington Hooker of New York City, representative of one of the founders of Carthage, Edward R. Foreman, city historian, Peter Nelson and Charles Hastings Wiltsie.

Tenth Warders Graduate From Nazareth College

Included in the class graduated last week from Nazareth College were five young women of the Tenth Ward. They were: Mildred J. Burke, Pierpont street; Gertrude Connor, Glenwood avenue; Mary Eva Hener, Raines park; Rita M. Kier, Villa street; Elsie C. Strebler, Glenwood avenue. As part of the exercises, a pageant written by Miss Kier was presented. Miss Kier was also one of three in her class elected to Kappa Gamma Phi, honorary sorority.

NEW BEAUTY PARLOR IS OPEN ON DRIVING PK. AVE.

A new low-priced beauty parlor was opened last week at 296 Driving Park avenue, opposite the Liberty Theatre. It is the Wade Beauty Shop, which features among other things a new hair-drying method.

Charles Ainsworth is pleased to announce that he is now associated with the J. C. Harrigan Barber Shop at 1456 Dewey avenue. He will be pleased to see his friends and former patrons at the Harrigan shop. Mr. Ainsworth is a barber of many years' experience and formerly had a shop on Ridgeway avenue.—Adv.

REPUBLICANS PLANNING STAG PICNIC JULY 17

A new type picnic will be held this year by the Tenth Ward Republican Club. It will take the form of a stag affair to take place at Hartman's Farm, Ridgeway avenue, corner Mt. Read boulevard, on Sunday, July 17.

Tickets are already on sale and plans are underway to make it one of the banner events of the local club's busy calendar. Harvey Shannon, who has been named general chairman, states that the long program which is being prepared will consume the greater part of the day.

Others on the committee with Mr. Shannon are the following sub-committee chairmen: William Doane, grounds; Edward Masseth, tickets; Sherman Pierce, sports; Carl Ester and James Ryan, refreshments; Donald N. Morris, publicity. Further committee assignments will be announced later.

Kavanaugh, Oriole street; Miss Mary Roach, Canary street; Patrick Welch, St. Anne's Home; Mrs. Mary Butler, Electric avenue; Alfred C. Hazard, Tacoma street; Miss Bessie Kelly, Electric avenue.

Howard is standard bearer at Sacred Heart School. The three ranking standard bearers in local schools are guests for the trip each year of Theodore C. Cazeau and Charles J. Peck, 90-year old Civil War veteran.

North Presbyterian—Sunday, at the regular morning service, Children's Day will be observed. The work of the school will be presented under direction of Miss Margaret J. Huck, superintendent, assisted by the department superintendents and the children, as a review of the year. Mrs. Anna M. Nicholson, chairman of the Religious Education Committee, will be the guest of the school. Baptism of infants and presentation of Bibles to baptized children who have reached their eighth birthday will complete the program.

In the afternoon, the first of a series of Sunset Pilgrimages to be made by the Young People's Division will take place at Hilton Beach on Lake Ontario. The trip will be made in cars under the direction of Walter E. Tack. Meeting at "Camp Owenee," the summer home of Mr. and Mrs. E. F. Davison, a basket luncheon will precede the worship service on the shore of the lake, which will take place exactly at sundown. Devotions will be led by Miss Dorothy Rhodes and a short talk will be given by the Rev. Robert Findlay, pastor.

This pilgrimage inaugurates a series of such devotional meetings to take place during the summer and fall to various places within driving distance of Rochester. Points of historic and religious interest as well as those noted for their scenic beauty will be visited.

On Monday, the fourteenth annual Vacation Church School will begin its sessions. Registrations will occupy the first part of the morning, but after nine-thirty, the regular program will proceed, as plans have been made to carry through according to schedule. Fifty children will be registered in the school this year, and twenty-two are already on the list. Those who wish to attend are asked to communicate with the office of the church, 7 Locust street, Glenwood 921, promptly. Juniors, with the pastor, Rev. Robert Findlay, as their leader, will study "A Trail of Everyday Living;" and the Primary children, with Mrs. E. J. Miller in charge, will use a course entitled "Growing in God's World."

Miss Helen Edwards and Miss Esther Kier will act as assistants, and the following high school boys and girls will act as helpers.—Caroline Lauer, Carol McGregor, John Swain, Robert King, Esther Wilshaw, Jean McConnachie, Eunice Boyce and Edna Forest.

The Annual Strawberry Festival of the Troop 69, Boy Scouts of America, was held at the Parish House on Tuesday.

The Women's Society Garden Party, sponsored by the Afternoon Circle, was held Monday at the home of Mrs. E. C. Lewis, St. Paul boulevard.

Dewey Reformed—A delightful Children's Day service was held on Sunday morning, June 19, at which time the members of the primary and junior departments of the Sunday School presented a very interesting program. The preparation of the program was in charge of Mrs. Edward Marlowe, superintendent of the primary department. The church was beautifully decorated with flowers and attendance was unusually large.

Recitations and songs were given by Irene Marlowe, Jane Griffiths, Harold Courson, June Bettner, Al-

fred Newell, Robert and Jack Muir, Jane Easterly and Edwin Lusink.

Promotion Day exercises will be held Sunday at 9:45 a. m. A brief program will be presented and the pupils of the Sunday School will be promoted in the various departments. Bibles will be awarded to Robert and Jack Muir and Janice Stillman in consideration of their excellent attendance record during the past year. Jane Griffiths and Harold Courson will each receive a book for a two year record of perfect attendance.

Over thirty young people of the Sunday School enjoyed a party last Thursday at the home of the pastor, Mr. Knoebel, at 583 Clay avenue. Games were played on the rear lawn and refreshments were served.

At the midsummer Communion service on Sunday, July 3, Dr. H. H. Price, former pastor of the church, will administer the sacrament of the Lord's Supper.

The annual Sunday School picnic will be held on July 9, in lower Maplewood Park.

Redeemer Lutheran—The first great out-door social evening of the season will be held tonight on the parish lawn by the combined organizations of the church. Mr. Clicquenois and Kenneth Storandt will have charge of the games and contests. Ice cream and home-made cake, pop and hot, and other refreshments will be for sale. All members and friends of the community are cordially invited.

The annual congregational and Sunday School picnic will be held Saturday in Seneca Park. Automobiles will be furnished by the Men's Class to take the children to the park, leaving the Parish House at two o'clock. Lemonade, candy and peanuts, ice cream and coffee will be furnished by the committee in charge, for which a free-will offering will be received. Each family is requested to bring a picnic lunch. For details as to the supper call Mrs. W. J. Ohlrich. The Brotherhood Class has challenged the Young Men's Class to a game of baseball. There will be games and contests for the children and also for the adults.

The Fifth Sunday after Trinity will be celebrated with appropriate services next Sunday morning at 10:30 o'clock when the pastor, the Rev. W. L. Dowler, will deliver the sermon and Henry W. HERE is what a steady advertiser in the TENTH WARD COURIER has to say of results received. It is a communication from W. H. Bellinger, who makes, reverses and hangs window shades and specializes in making curtains, draperies and furniture slip covers.

"Our advertising in the Tenth Ward Courier has produced very gratifying results and we do not hesitate to say that our large increase in business during the past year has been due largely to calls received directly from our advertisements in The Courier. . . . We should most certainly recommend The Courier to anyone with something to sell in the Tenth Ward, for it has produced actual returns for us far in excess of the money invested."

Bits of News

Temporarily it seems that warnings and frequent arrests coupled with a live publicity campaign have produced the desired result in the matter of speeding. Traffic along Dewey and Lake avenues is noticeably at a much more seasoned pace and undoubtedly will continue so as long as the police drive persists. No one, not even the drivers themselves, can deny that all reasonable speed limitations had been scrapped as far as these two streets are concerned and if the police continue their drive indefinitely, as they promise, these two main arteries will be considerably safer for pedestrian as well as vehicular traffic.

Disdainful of the boasts of Messrs. Buckley and Nolan (see last issue) at horsebacking, Hawley Jardine set out one day last week to show how it should be done. But unfortunately, according to his two friends, Mr. Jardine had little opportunity to display his talents in the saddle although he did illustrate a perfect "Prince of Wales." . . . Since that time, it is said Mr. Jardine is eating his meals from the proverbial mantle.

Although in its lower section Maplewood Park was considerably cut up when the new bridge was built, its attractiveness is generally unimpaired. As far as scenic beauty is concerned, the flower garden display at Driving Park avenue offers as attractive a background as any park can boast. The wooded paths along the river bank still have their charm and as a picnic spot we note it seems to retain if not enhance its reputation. The only missing links seem to be the band concert, in other years a regular Thursday night feature, and some of the playground space.

Another attempt to organize barbers in the Dewey avenue section apparently failed to materialize when a price agreement was discussed last week. . . . Rain fell in torrents for about five minutes late Tuesday afternoon and thoroughly inundated the Dewey-Driving Park section, yet at Dewey and Lewiston the sun never stopped shining and nary a drop of water was in evidence. . . . Walter Meyerhoff finally won a prize at the new-fangled ball and slot game in the drug store next door to his market on Lake avenue this week and the machine was immediately removed because it was too easy.

This is rank heresy and should not be spoken above a whisper, although perhaps you, too, may have heard some of the nice things being said about the Socialists. It seems that tremendous success apparent in Socialist-controlled Milwaukee in the matter of reducing taxation and accumulating a sizeable surplus in city funds has struck a responsive note. Every once in a while you meet some perfectly good Republican or Democrat who cites Milwaukee and tells you he's voting for Norman Thomas this Fall. However, lest one be too alarmed, we hasten to state that this Milwaukee state of affairs constitutes not so much a challenge to our present form of government as it does to the sadly-delinquent condition into which we have allowed the government to deteriorate.

Laying of the federal tax brought real business back for at least one day for those businesses fortunate (or unfortunate) enough to be subject to the new excises. In one particular instance, a malt and hop store that we know of, the proprietors could have done a good year's business last Monday if they could have laid their hands on the necessary stock.

WHO WAS THE OTHER?
A soldier went to his colonel and asked for leave so that he could help his wife with her Spring cleaning.
"I don't like to refuse you," said the colonel, "but I've just received a letter from your wife saying that you are of no use around the house."
The soldier saluted and turned to go. At the door he stopped, turned and remarked:
"Colonel, there are two persons in this regiment who handle the truth loosely, and I'm one of them. I'm not married." —Exchange.

Buy Good Shoes, Then Have 'Em Rebuilt

"The test of the wearing is found in repairing"
Is a motto many folks choose.
But, if you must know, it really is so,
It applies mostly to shoes.
Good shoes they should be,
For then, don't you see,
Besides joy in the wearing
When soles are worn through
or heels are askew,
They're worth the price of repairing.

If you bring those shoes here
You need have no fear
You'll like the job that we do.
When you look at your feet
They'll surely be neat.
You'll say, "They look almost like new."

BOY SCOUT NEWS
Troop No. 81

Scouts of Troop 81 have been busy this week getting ready for the City-wide Jamboree at Mendon Ponds tomorrow, Saturday, and Sunday. Last Saturday evening a number of the scouts enjoyed a swim with boys of Troop 83 at the Maplewood "Y."

As a part of a Parents' Night program recently, George Hartman, Jr., was admitted to the troop in a brief tenderfoot investiture ceremony. Monroe Smith, Rochester scout field executive, told about the camping privileges of scouts in and around Rochester. Camp Pioneer movies were shown and explained by Robert Gabel of Syracuse University, one of the camp leaders. Knot-tying demonstrations were given by Scouts John Peer and Edwin Meyer. Ed Meyer and Renkert Meyer demonstrated fire by friction, and Troop 81 movies were shown.

Last Thursday evening the committee of Troop 81 prepared a supper for more than 50 scout leaders of the Blackhawk Division. The group gathered at Three Lakes in Durand-Eastman Park for a business meeting. Charles Legg is the Deputy Commissioner.

Illness Forces Frear To Discontinue Writing

Confined to his home and bed since last April, George W. Frear of Lake avenue has been forced to resign as a regular contributor for two professional magazines, although his writings already prepared will continue to appear for some time.

Ill health apparently has seriously interfered with the career of a young man who was recognized for his writings in several fields. Mr. Frear has written many pieces on mortuary work, chief among which was his "Physiology for Morticians." A 3,000 word article on "Diabetes" in the Parents' Magazine three years ago brought him commendation from Prof. E. V. McCollum of John Hopkins University.

Last month he was honored by the musical publication, Metro-nome; and in August and September his writings will be included in Physiological Abstracts, an international magazine, published at Clark University, Worcester, Mass., for professors, physicians, psychiatrists, scientists and social workers.

Tropical Fish Display In Beckwith's Window

The Rochester Aquarium Society has placed a unique display in the window at Beckwith's, 271 Lyell avenue, and it is attracting considerable attention. Several aquariums of tropical fish together with gold fish constitute the display; and despite the public attention, the fish seem quite at home and contented in their electrically heated aquatic parlors.

A rapidly growing interest in tropical fish raising brought the Aquarium Society into existence and the display at Beckwith's gives some indication of the reason for this new fancy. Breeding is a very interesting though comparatively easy process and it is amply illustrated in the public showing.

The collection includes guppies, platies, swordtails, montazumas and several varieties of hybrids. This group is viviparous, or in other words are not hatched from eggs in the accepted manner, but rather are born alive. These fish are at home only in the tropics of the new world, where all live-bearing fish with the exception of the shark are to be found exclusively.

Other features of the exhibit are the goldfish, which have been induced to spawn during their stay in the window. Floating on top of the gold fish aquarium is a large quantity of water hyacinth, native to Mexico, but doing quite well in the Beckwith window.

All these fish and the water hyacinth have an interesting background and a description of them is forthcoming on a trip to Beckwith's. Visitors are welcome every week-day from 8 a. m. to 3 p. m.

A recent addition to the display is a baby alligator shipped from Florida. This youngster is attracting no little attention as are a group of mud turtle eggs which are being hatched in the window.

Radio Tips, Questions and Answers

By H. S. Russell

Q.—Do you recommend inside or outside aerials? Does an inside aerial require a lightning arrester?
M. R.
A.—Wherever access can be had to an attic we recommend the inside type of aerial. Wind, sleet, snow and ice, falling tree limbs, loose wires, boys' kites, etc., don't effect the indoor aerial. If any part of the aerial or lead-in wire runs outside the house a lightning arrester should be used.

Q.—I have an radio which has a dynamic cone speaker. I also own a magnetic speaker and would like to know if it could be hooked up to the radio so that the two speakers would play at the same time. We would like the magnetic speaker in the kitchen.
R. J.
A.—Any good service man can run an extension from your radio to any part of the house and permit you to play an additional speaker from your radio receiver.

Q.—Does a lightning arrester really stop a lightning bolt?
J. M.
A.—By no means. When a lightning flash or discharge takes place and "strikes" the lightning or electrical charge is seeking and has reached the earth. Usually a tree, building, pole, lightning rod, wire, animal or person serves as part of the pathway for the electricity or lightning. This is the job of the lightning arrester. When an aerial is struck the "bolt" follows the aerial and lead in into the house, through the radio and into the "ground" with disastrous results to the house, the radio and sometimes the people in the house. However, such an occurrence is rare.

Now if a lightning arrester is employed the lightning is automatically conducted from the lead-in wire of the aerial to the ground, preventing the lightning reaching the radio.

Q.—Do double speakers in a radio add to the quality of reproduced speech and music? Could I attach a second speaker to my present radio?
M. J. K.
A.—Very much if one speaker stresses the high notes and the other the bass. You do not state the make or model of your radio but if it is fairly recent and powerful a second speaker can be attached and if properly matched to the set speaker will greatly improve your reception.

Solving a Vacation Problem

Private citizens, school teachers, clergymen and civic leaders have united their efforts in one of the most worthy attempts ever made in Rochester to give intelligent direction to child's energy during the summer months of irresponsibility. They plan no interference with already established institutions, but rather hope to co-ordinate the various agencies and activities and if possible to widen their scope and provide leadership for more of the rising generation.

This group, known as the Council on Summer Activities, has undertaken a rather complicated task and as already discovered every neighborhood or zone presents different problems. However, voluntary workers have started to work with a will and as a result there will undoubtedly be opportunity afforded many additional children to take part in some supervised activity to the profit of both the youngsters and the community.

SCHOOL NO. 40

Graduation exercises were held last night at John Warrant Castleman School No. 40. Charles Finch, Director of Junior High Grades, spoke on Junior High School Objectives. A chorus of eighth grade pupils sang.

Diplomas were awarded to the following children: George Edward Gorwaiz, Theodore Clark Hilfiker, Charles Gordon McMahon, Norman Edward Meier, Charles Daniel Nelson, Grant Edward Osborn, Robert David Popp, Robert Haines Riggs, Ralph James Rogers, John Adrian Spaan, Robert William Wagner.

Margaret Elizabeth Bahtinger, Marjorie Lillian Best, Merna Janet Canan, Lois May Doane, Elizabeth Ruth Fink, Edith Gertrude Gilbert, Beverly Bradford Hawley, Jeanne Lorraine Kehr, Audrey Marie Loftus, Eva Lillian Maynard, Ruth Marion Meerdink, Elizabeth Anice Swartwood.

Transfer of flags was a part of the program. June, 1932, standard bearer was Theodore Hilfiker and daughter of the flag, Ruth Meerdink; January, 1933, standard bearer is Walter Treiber and daughter of the flag, Jane Corp.

PLAYGROUNDS, PRE-SCHOOL GROUPS ARRANGED IN MARSHALL SECTION

Preliminary organization work in the John Marshall zone of the Community Council on Summer Activities has been practically completed and plans were approved at a committee meeting Monday night in the club rooms of the Lower Tenth Ward Republican Club. Two playgrounds will be supervised at Nos. 40 and 41 Schools for children seven to 16 years old and a pre-school group will meet at the Lutheran Church of the Redeemer in Dewey avenue.

Burnell Farnan, graduate of Illinois University, who has had much experience in organizing recreational work, has been engaged to supervise the work of volunteer directors at the playgrounds. These volunteers include Dorothy Rose, Frank and Harold Lines, Ardath Paget, Mildred Wakefield, Eileen Finnegan, Helen Lockman, Clara Taylor, Elizabeth Servoss, Delores Leadley, Luella Marsh, Charles Terry, Grace Campino, Arthur Mountain, Herbert Shears, Neil Hickey, Jack Dobbins, Norman Clark and Robert Norris.

Schools Start Fund
Activities at the playgrounds will include volley ball, baseball, track events, orchestra, band, observation trips, nature study, story telling, hiking, beginning and advanced swimming, quoits, various other organized and semi-organized games and relay races. The playgrounds will be open daily from 9 a. m. to 6 p. m. No. 41 playground opened yesterday and No. 40 opens next Tuesday, July 5. Donations of \$25 each from Schools 40, 41 and John Marshall have provided funds to get the program underway. Further funds will be raised by the committee later to carry on the work throughout the summer.

The pre-school group meets for the first time next Tuesday, July 5, and will have daily sessions for a period of four weeks. This group will be conducted by Misses Ardath Paget and Eileen Finnegan, students at City Normal School, Miss Llewelyn Marsh, a college student, and Miss Mildred Wakefield, John Marshall student. Meetings will be held mornings from 9 to 11.30.

Registration Tuesday
Registration for this group will take place Tuesday morning, the opening day, at 9 o'clock in the club rooms of Redeemer Church. Only 25 children will be accepted and these must be between three and six years of age. There will be no charge, but mothers will be requested to give about ten cents per week to help furnish materials with which the children are to work.

At its meeting Monday night the committee passed a resolution, calling the attention of the Park Commissioner to the "moral and social conditions" in Lower Maplewood Park and requesting that "proper policing and better lighting" be

Jefferson Zone Divided Into 3 Units for Play

Jefferson Junior High School zone set up by the Community Council on Summer Activities has been divided into three units for purposes of directing children's activities during the summer months. Two of these units center around No. 7 and No. 34 Schools and the third comprises practically all the area outside the Tenth Ward and included in the zone.

Rocco Pagnella, a student at the University of Illinois and experienced in directing playground work, has been engaged to supervise the work of the area. Miss Bertha Servis of Plymouth avenue North is chairman of the committee. Others working with the committee are William Drexel of Glenwood avenue, George Hauser of Admiral park, William Erwin of Oriole street, F. Del Valgio of Raines park and Mrs. Louis Rudin of Raines park.

Marshall High Graduates Winners of Scholarships

Maynard H. Jameson of 12 Kay terrace, a member of the graduating class at John Marshall High School, recently was notified of his nomination for the New York scholarship in the Colorado School of Mines. He was named by Dr. Frank P. Graves, state commissioner of education at Albany, for this honor. He has done exceptional work in physics, chemistry, and mathematics during his high school course.

Leonard Edelman, 131 Empire boulevard, also a member of John Marshall's graduating class, was awarded a Hobart College scholarship recently because of the excellent quality of his high school record. The value of the scholarship is \$300 per year.

The committee will hold its next meeting Tuesday evening, July 5, at 7.30 at the Lower Tenth Ward Republican headquarters in Lewiston avenue. All interested residents of the Marshall zone (Seneca parkway to Holy Sepulchre Cemetery), are invited to attend.

THE NEXT ISSUE OF THE COURIER WILL BE PUBLISHED THURS., JULY 21

Urge Organization of Backyard Play Schools

A special plea in the interests of the pre-school child has been made by the Community Council on Summer Activities. The small child, from 2 to 6 years of age has been one of those to suffer most from the tension and anxiety due to financial difficulties in many homes. Kindergarten teachers say that there has been a noticeable increase of emotional disturbances among small children.

To take care of these children who are too young for the regular playground, parents are urged to organize backyard play schools. Two or more young children under supervision, from 9:00 to 11:30 in the morning from Monday until Friday constitute what is known as the play school. The purpose of such a group is to provide an environment which shall insure the health, safety and personality growth of young children, and at the same time provide for the constructive use of play materials.

In many sections of the city such backyard play schools have been organized and are carrying on successfully. The mothers of the children in the group take turns as supervisors or in some cases someone with special kindergarten or nursery school training is secured.

A pamphlet has been prepared giving full directions for the organization of such a play school and it can be secured at the library. The Sunday Democrat and Chronicle is running a series of articles on making inexpensive equipment for backyard play schools. The July number of the Parents' Magazine has an excellent article, "An Adventure in Co-operative Mothering," which tells of the experiences of a group of mothers who have organized and run their own play school. Many ideas can be obtained from all these sources for mothers to adapt to their own problems and resources.

If the little children in this section of the city can be kept off the streets and be given supervised play in back yards, besides the benefit which the children will receive, it will mean a boon to the parents themselves to know that their little children are safe and happy.

Rev. Foery Installed At Holy Rosary Church

Rev. Dr. Walter A. Foery assumed his new duties this week as pastor of Holy Rosary Church, succeeding the late Rt. Rev. Mgr. Arthur A. Hughes. Doctor Foery was formerly pastor at Our Lady of Mt. NEW OFFICE OF UNION TRUST OPENS JULY 1

Formal opening of the new and enlarged Dewey-Driving Park office of the Union Trust Company at 844 Dewey avenue will take place tomorrow, July 1, states an announcement from William W. Foster, president. The temporary office occupied by the branch at 834 Dewey avenue will be supplanted by the new quarters.

Although the youngest of the Union Trust's branches, the local office has had a steady growth in volume of business since its opening a year ago, necessitating larger and more attractive quarters, according to Robert K. Faulkner, assistant secretary in charge of branches.

The new location is regarded as one of the finest offered any community bank in the city and its interior has been decorated and remodeled to enhance this reputation. J. Curtis Flanagan is manager of the Dewey-Driving Park office.

Holy Rosary Champions As Result of 5-4 Win

By defeating St. Monica's Tuesday at Seneca Park, Holy Rosary School baseball team won the championship of the western division of the Parochial School League. It was a hard-fought decision, but the locals ended on top of a 5 to 4 score.

As a result Holy Rosary will clash with the eastern champions, St. Stanislaus, tomorrow (Friday) afternoon for the city championship. The game will be played on the Edgerton Playground diamond in Avenue D starting at two o'clock.

BOY SCOUT NEWS Troop No. 81

Last Friday, Saturday and Sunday nineteen scouts and four leaders of Troop 81 enjoyed an outing at the Mendon Ponds Jamboree of all scouts of the Rochester Area Council. The scouts arranged their equipment and cooked by patrols. The Flying Eagle Patrol did better than any patrol in the troop has done during the last year.

In the Blackhawk Division Rally at the Jamboree, Troop 12 won first place, Troop 27 was second, 68 third, and 81 fourth. Tent pitching, string burning, water boiling, scout pace, and nature were the events of the rally. Since this is the second rally of the present series which has been won by Troop 12, they need win only once more in order to be entitled to keep the big silver plaque being competed for by all twelve Blackhawk troops. The next rally will probably be held in November.

Radio Tips, Questions and Answers

By H. S. Russell

Q.—I have a radio. Is there any change I can make or attachment I can add to remove static from the programs I receive. U. L.

A.—No "static" is an electrical impulse just as the radio "waves" are electrical impulses and is picked up and amplified just as the radio waves are. However, be sure that the static you hear is "picked up" and not caused by faulty aerial and ground joints and connections or trouble within the set. If your receiver is in first class condition with all the tuning stages properly aligned and every tube doing its work efficiently your reception will be so clear and undistorted that, except on very bad days, natural static will not greatly bother you.

Q.—My radio will not play though all the tubes light. What can be the trouble be? M. P.

A.—There are several hundred working parts in your radio, any one of which may be at fault. The fact that the tubes light doesn't mean that they will operate. I have seen worthless tubes you could read by and first class tubes that showed only a spark by light. Having your tubes checked on a metered tube checker at your dealers is the only way to learn their ability to "play."

Q.—I just purchased a new radio. Practically every part is enclosed in metal boxes—even the tubes are covered with cans. Why is this? H. O. J.

A.—For several reasons. The first is that under present conditions a radio to be a success must be selective—must "tune in" only one station at a time. Your radio therefore, receives all signals or programs through the aerial connection only, from which the tuning circuits select the one program to which you wish to listen. The metal shields (through which radio waves cannot pass) prevent the radio waves entering your receiver by any path other than the aerial. If these shields were omitted you would "get" a dozen stations at one time. The shields and cans also serve another function. Radio waves do not have to follow wires or metal but can and do pass through the air. If the shields and cans were removed from your receiver the radio waves would hop or jump from tube to tube, tuning stage to tuning stage, etc., producing a bedlam of squeals and howls. Old fashioned receivers built when selectivity wasn't necessary, when the "works" didn't have to be jammed into the area of a cigar box and low power was used, to say nothing of neutralizing and balancing circuits, didn't need such shielding; but such receivers are almost useless today, when the air is crowded with high power stations, operating simultaneously and separated by only a point or two on the dial.

Bits of News

Indoor baseball, played out-of-doors, has long been a popular sport, but seldom has the interest from the spectator point of view reached the heights it apparently has here. Tuesday two fast teams were playing on the No. 7 School diamond and actually standing room was at a premium. Several hundred people lined both sides of the rather cramped diamond and stayed to the finish to cheer on their favorites and they were not all youngsters either.

The Democratic Convention at Chicago this week is attracting no little interest here as well as elsewhere. One can walk along the street and catch nearly every one of the million or more words that are being sent out over the air, for about every radio is tuned to the same broadcast. . . . Oratory, it seems at these national talkfests is at its best and one can really listen to it without extreme boredom. The silvery-tongued mouthings that come babbling through the loud speakers will furnish prospective public speakers with a free course in the art of self-expression, in addition to providing a sort of tense excitement that takes minds from the wearisome economic problems of the day.

Gradually the shades of time are effacing from our memories those grand and glorious celebrations of the Fourth of July which we, in our saner moments, have seen fit to banish forever. We'll celebrate the Fourth in the newly-accepted fashion on a trip, an outing or perhaps by entertaining at home. If we have sight or sound of fireworks, these will be at community gatherings and alas even these are becoming scarce. . . . Those who remember the celebrations we had at Edgerton Park in years behind us may sigh at the present state of affairs, and yet perhaps for the fellows who used to do all the work, it's a sigh of relief.

Church News

Grace M. E.—The evening services have been discontinued for July and August at Grace Methodist Church. Morning service and Sunday School are held as usual. The Men's Class picnic will be held at Ellison Park on Saturday, July 9. Every Tuesday evening at 6:15 men from the church gather at the Maplewood "Y" for horse shoe pitching.

North Presbyterian—Change of hour: The Session of North Church approved the suggestion made by the executive committee of the Sunday School Council that for the summer months the hour for services be changed as follows: Sunday School to begin at 9:45—fifteen minutes earlier than usual, and continue until 10:30, when the church service will begin. At the morning service Sunday at 10:30 a. m., the four young people who will represent North Church at the Aurora Conference at Wells College—a gathering of Presbyterian Young People—will be commissioned. They are Eleanor Herrle, Harriet Miller, William Muir and Gordon Steinfeldt. The conference begins July 7 and continues to July 14. Mrs. Elizabeth J. Miller, director of Religious Education of North Church, will be a member of the faculty at the conference this year; she makes the second Rochesterian to be included in the faculty there, the other being Miss Ruth Kenyon, Director of Religious Education of Brick Presbyterian Church.

In spite of the rain Monday an enthusiastic group of boys and girls met at North Church for the opening of the fourteenth annual Vacation Church School. Fifty-two primaries, juniors and high school boys and girls are listed, the latter acting as helpers to the pastor, Rev. Robert Findlay, who is in charge of the juniors; Mrs. Miller, in charge of the primaries, assisted by Miss Helen Edwards, who will act in Mrs. Miller's place during the Aurora Conference.

Fifty-one persons attended the first Sunset Pilgrimage made by the Young People of the church. It was held at the summer home of Mr. and Mrs. E. F. Davison, at Camp Owenee, Hilton Beach. After lunch, which was served at six o'clock, a sunset service, with the topic "Trees" was held under the willows on the lake shore in view of a marvelous June sunset. Music was furnished by Neal F. Clement, violinist; and Mrs. George R. Jones sang "Trees," and Charles Richardson, "The Ballad of the Trees." Rev. Findlay spoke on "God's Sentinels." The service was led by Miss Dorothy Rhodes.

PAGE THE APPLAUSE

It was getting very close to the time for the celebrated guest to make his speech at the banquet. The chairman came over to the speaker and whispered, "Shall we let them enjoy themselves a little longer, or do you think you'd better begin your speech now?" They are calling certain movie actresses "suicide blondes"—died by their own hands, you know.

"That fellow's driving his car so carefully that I think he must be a new driver." "No, he just paid cash for the car."
