## PLANS FOR LYELL FESTIVAL UNDER FULL SWING

Save Saturday, August 21 as the day to attend the Lyell Avenue Street Festival, there'll be something for everyone! Merchants along the street are planning to offer super sales in front and in their stores, and there will be several special events that will make it worth everyone's while to attend. Here's some of the details planned so far:

### BIKE RODEO

LARC, in cooperation with the Automobile Club of Rochester, Spoke-n-Wheels Bike Shops, the City Police Dept., the County of Monroe Youth Bureau, and the First Assembly of God Church are sponsoring a Bicycle Rodeo, a fun-time, learning experience for youthful bicyclers up to 15 years old.

Entrants will review the basics of safe biking and will run through a skills course that focuses on safety rules and safe biking skills. The first 400 participants will receive FREE NEW BICYCLE HELMETS! All bicycles will receive a free safety check and can be registered with the City Police Department. There

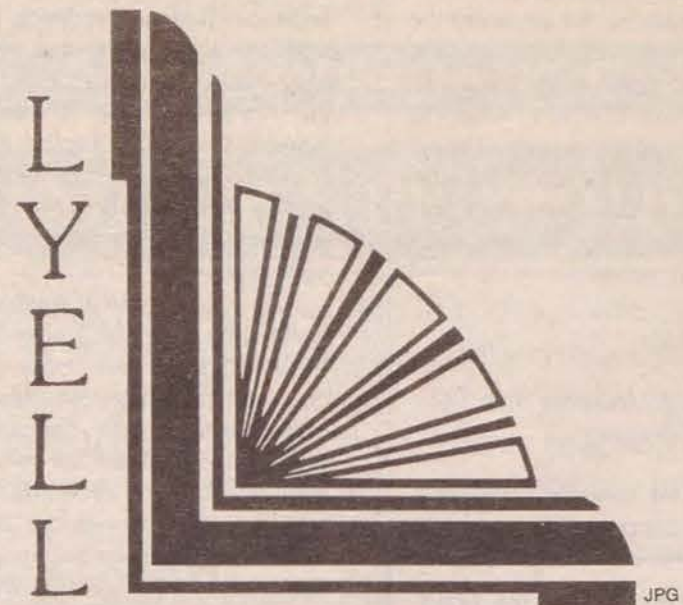

will be a bike check area so that participants can leave their bikes in a secure area if they want to tour the rest of the festival. Some courtesy bikes will be available to use if participants do not have a bike or couldn't bring one.

Spokes-n-Wheels will have a drawing on a new bike and other prizes; all entrants will be eligible for the drawing. Also Spoke-n-Wheels will be sponsoring a "Roller Blade Stunt Show" with some exciting daredevil feats. Below is the pre-registration form that should be sent in to qualify. Remember, only 400 helmets are available, so it'll be first come first serve, pre-registering will help ensure you of a helmet.

### THE FEATURE ATTRACTION OF THE DAY: THE GREAT MAYORAL CANDIDATES BIKE RACE!

This is it folks — never before in Rochester, perhaps never again will you see the candidates take to the track in head to head

**LETTER TO THE EDITOR**

June 27, 1993

Dear Mr. Coniff,

We really enjoyed the article about Officer Riley in your May 19, 1993 edition. We are two of the kids who were able to count John Riley as a friend. We grew up on Sherman Street, went to school at Jefferson and spent many happy, youthful days at Edgerton Park under the watchful eyes of Officer Riley. The article brought back many fond memories.

Sincerely,

Doris D. Ogletree  
Fred Dearling

P.S. Our Aunt sent us the copy.

**Neighborhood In Motion  
- Root Out Drugs**

The neighborhood meeting which was held at Grace Methodist Church (121 Driving Park Avenue) on July 19th at 7 p.m. had Rochester Police Department and City Conservation Department representatives in attendance. Discussed was National Night Out and it's motorcade that is scheduled for Tuesday, August 6th around 6 p.m. If interested call Karen at 254-1909. There is an increase in police foot patrols in the NIMROD area as well as quite a few PAC-TAC patrols. Acknowledge them—give them your support.

Toward the end of August, Nimrod is planning a hopefully large Neighborhood March Against Drugs. City officials and candidates for office will be invited to participate. The exact route is being worked on and the police department will be there escorting the March and participating with the DARE van which will hopefully end up at the Rose Garden for a rally. This is where YOU are needed to stand up and be counted. Walk with NIMROD!! If you can't walk, cheer us on. These drug dealers and users do NOT like attention being brought to themselves. They prefer the dark and remaining anonymous, they don't like being brought into the light. That's our job, yours and mine.

The Lake Section of the Rochester Police Department is working on a new program that will involve more of the uniformed officers being able to help us in our effort to TAKE BACK OUR NEIGHBORHOOD! WE NEED YOU!!!

**NIMROD NOTES**

Thanks to all who gave their support and help with our recent car wash. It was a great success! The funds will help us with our fight for our neighborhood. August 3, 1993 will bring us to National Night out. There is a motorcade being organized that begins with the Lyell-Otis Neighborhood Association through the Maplewood area, including us. We want to participate as a GROUP.

If you would like your car to be involved in the motorcade, please contact Karen Fox, 254-1909 for further info. Late in August we are planning a neighborhood march against drugs. We need and want your participation. More details will follow. Please watch flyers for details. The fall will bring us to working with the schools to make them all drug free zones.

And always we are diligently reporting, and watching and listening! WE WILL TAKE OUR NEIGHBORHOOD BACK!!! Our next meeting will be August 16 at Grace United Methodist Church, 121 Driving Park Avenue at 7 p.m. All are welcome to attend.

**LARC PRE-FESTIVAL MEETING PLANNED**

Set aside Wednesday, August 11th at 7 p.m. LARC's Summer Meeting is planned at D'Andrea's Party House, 1713 Lyell Ave. (by Delco). Many of us were disappointed by the missing of Louise Slaughter at LARC's last meeting. She has been very apologetic and will be at the August 11th meeting, since Congress is out of session and no conflicts will occur. Also present will be Chief Roy Irving with details on Community Policing. The feature of the evening will be an update on the Lyell Festival. Anyone with any interest in the festival, especially merchants or craft people or food vendors, should certainly make the meeting.

Also in attendance is M&T Bank with a presentation on some of their new services. Make sure you attend! Free refreshments.

## BOB STEVENSON

It's 2 a.m. A pickup stops at the empty lot at the end of the street. A shadowy figure jumps out, unloads a dozen worn tires and speeds off, illegal dumping. It's Sunday evening at grandma's house in the tenth ward. A granddaughter and husband are visiting. Before departing for the burbs, they leave four black plastic garbage bags on the tree lawn. Grandma pays for solid waste pick ups — why should they? Illegal dumping.

It's 5:30 a.m. A car with Wayne County plates stops along Ridgeway Avenue. The door opens and out tumbles several plastic trash bags and then the car speeds off, illegal dumping. Joe the contractor, has just rebuilt a garage and has a truck load of old lumber, roofing and doors. Special landfills accept building demolition debris, for a fee, a big fee. Conrail has a branch line paralleling Rutter Street. Dump it near there at night. Illegal dumping.

Who pays for removal of this solid waste. Right! You do! Last year the City hauled 3000 to 5000 tons of illegally dumped refuse. The cost of clean-

up, collection and disposal was \$230,000 to \$385,000. The city assesses fines for illegal dumping. So for this year two contractors were assessed \$1000 fines, and several individuals \$100 each.

In an effort to reduce this burden on city residents, Council has been asked to pass a reward program for illegal dumping information. One hundred dollars will be paid to any person whose report of illegal dumping results in a conviction of the offender. Information about fines for illegal dumping and the reward program will be disseminated through a public information campaign. Tired of looking at a junked unlicensed car in a backyard? If the owner gives the City the title, the City will tow the car FREE and give a \$50 bonus to the owner. To report junked cars, call 428-6520; a City representative will contact the owner to remove the vehicle.

Meanwhile, we could use your body for Pac-Tac. Give 428-6170 or 428-7270 a call to help out. If I can be of any assistance with City problems, please call 428-7538 or 254-8845.

## CATHERINE SPOTO

"No more pencils, no more books, no more teachers' quieting looks"...so went the summer vacation rhyme of our youth. People frequently ask me if the Board continues to work over the summer. Indeed it does! The entire school district barely seems to take a pause. There are a variety of summer school programs for youth and some of our adult programming continues on a year-round basis. Serious planning occurs to prepare for the next school year. A top priority is addressing school safety concerns, and representatives from all schools will be participating in workshops in July and August. The Marshall High School Transition team is dedicating the summer months to creation of a "new and improved Marshall" and is determined that when school opens this fall students will find a safe and welcom-

ing learning environment. I share their determination!

The Board's work is focused on contract negotiations with the teachers and five other bargaining units — administrators, paraprofessionals, home and hospital tutors, substitute teachers, adult instructors. In these tough economic times, affordability and accountability will drive the discussions. We can't give what we don't have. But more about that in next month's column.

EDGERTON KINDERGARTEN GRADUATION

Edgerton Child Care Services, Inc. celebrated Kindergarten graduation on Thursday, June 24th. The children sang several songs and then recited individual nursery rhymes. This was followed by the presentation of diplomas and then refreshments. Patricia Dombroski (kindergarten teacher) and DeWanna Heard (assistant) would like to thank the par-

ents for their support and help in making 1992-93 a memorable year for the children. Due to the nature of the program, many of the children will be staying at Edgerton Child Care Services for the summer months. The children will enjoy a stimulating program with many recreational activities.

SCHOOL #43 NEWS

A delightfully entertaining musical play entitled, "Hey, George", was provided by School #43 Intermediate Grades and Chorus on June 7th, before a standing room only audience. There were Dragons and Knights, Kings, Princesses and Peasants...as they never were! This delightful musical light-heartedly parodies a tale of knightly derring-do and dragonly danger, adorning the perill-gilled plot with eight appealing and freshly original songs.

Many thanks and cudos to "all" students and other participants involved in

supplying their huge audience with a very pleasant evenings worth of great talent and entertainment.

Special thanks to Mr. Buckpitt's graduating class for their organizational abilities, their creativity and hard work on the costumes, sets and lights for "Hey, George"! Classmates are: John Desantis, JeMar Durant, Jarrod Giles, Fernando Lopez, Terrell Nelson, Patrick Phillips, Jason Smith, Bobbi Stearns, Jesse Szczech, Jaime Vargas, Danielle DiFrancesca, Zenobia Jones and Precious Bray.

## BUSINESS PROFILE

### • KAYLA'S INTERIORS •

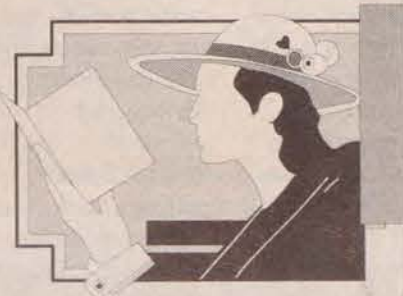

"Kayla's" is a unique and unusual new approach design center featuring in-stock wallpaper, decorative accents, window treatments and many interior ideas. Something to look for will be our seminars on home decorating. We will have representatives from our vendors come in and teach you the hows of decorating. Along with this is offered in-home consultation for those who have busy schedules — our many samples will help you decide.

Another wonderful feature the store has is a consultation area where you may sit comfortably and browse

through many magazines and decor books to help inspire and create your decorating needs. A design consultant will also be there to help you.

Some of the wallpaper vendors are: Waverly — which special orders are \$12.99 - \$14.99 a single roll; Sea Brook; Brewster-Santis; Fashion; 3 Sisters and many more. Kayla's is located at 423 Stone Road in Greece, just east of Dewey Avenue.

The opening debut will be August 1st. Anyone interested in ordering now can call us at 621-5870. We will be happy to take your book order — we look forward to being part of your decorative world!

## SUMMER BASKETBALL CLINICS

If your son/daughter has an interest in basketball and wants to learn more, regardless of skill level, there is a clinic available right in the neighborhood, from trained professionals, at reasonable cost. Called Austin Snead's Sure Shot Clinic, run by Mr. Austin Snead & Joe Setek, concentration is on skills development and participation. "Our goal is to have each child receive personal attention and learn skills to make them appreciate and enjoy the game more", says Mr. Snead. Austin has been a physical education teacher for over 17 years, and is very knowledgeable in basketball, as a player, a teacher, a coach and a referee. Joe Setek, Asst. Director has also coached

Basketball at Greece Athena. The clinic will be at Sebastian Park, 20 Planet Street which can be reached off Stenson or Polaris Streets (which run between Emerson and Lexington). Sebastian Park is right behind Lexington Court Apts.

This is an outdoor experience running from 4-6 p.m., Monday - Friday. Clinics being from July 26 - August 6; and August 16 -27. Fee is only \$60 and includes a free tee-shirt and baseball cap. Here's an inexpensive way to give your child good experience right in the area at a reasonable price. Call now at 254-3046 to reserve space, which is limited.

(continued from page 1)

competition. Each mayoral candidate will have an adult tricycle to race on a special course, with the race being announced by the official announcer of Batavia Downs! Two heats will be featured — the fillies and mares, then the colts, and finally the grand runoff for the finish!! You certainly won't want to miss this grand, once in a generation event! The grand finale winner will receive a "Key to the City" of baked bread courtesy of Petrillo's Bakery. Plans are for the event to take place around 5 p.m.

### LYELL'S GIANT USED CAR LOT

Lyell Avenue and Lake Avenue has long been noted as one of the main used

car thoroughfares in the community. Some of Lyell's and Lake's car dealers have banded together to form a giant used car sale for the day. Over 100 different cars will be available at special sale prices for you to take advantage of. Special accessory and service coupons will be offered with each sale. If you're in the market, or are even considering the purchase of a car, or if you just want to see what bargains might be out there, this is an event worth your while to check out.

### A CAVALCADE OF BANDS: AN ETHNIC VARIETY

Located on the Avenue will be a sound stage with plans to have different ethnic bands performing throughout the day. Promoters are still looking for different ethnic groups willing to produce and sponsor their bands, so all calls in this regard are welcome. Call LARC at 458-8893.

### GOSPEL TALENT SHOW

WWWG is sponsoring a Christian Music Talent Show at the festival. Different Gospel groups have been signed up and more are welcome. A talent search will be conducted during the show, so if you, or you know someone or some group that would like to participate, contact LARC at 458-8893. Vendors of religious related items are also welcome.

### KIDS ACTIVITIES

Plans are incomplete at this time, but hope is that a variety of kids games and activities with prizes will also be offered. More details including a map for locations of events and other special news will appear in the next issue.

LARC has renamed Lyell the "Avenue of Opportunity". This has been the vision that built the heritage of this street and it's adjacent neighborhoods: a place where one could work, play, learn, and worship, where one could raise a family and be proud. This festival is an effort to call this vision back into focus for the community. Make sure that you come to participate!

## KIWANIS COMMUNITY SERVICE IS ALIVE AND WELL IN THIS AREA

Three years ago, a group of women in the Rochester area wanted to do more for their community than they were able to do individually. They joined forces with Kiwanis International (the third largest community service organization in the world) and were chartered as the twenty-third Kiwanis Club in the Genesee Division. Their name is the Kiwanis Club of Gates-Greece, but they have a great deal of interest in our area as well. Many of their current 72 members grew up in this area; some, still live or work here while others have close ties to our area through family and friends.

Kiwanis clubs are driven by the interests of their members and the needs they see in their community. In only its third year, the Gates-Greece club has an impressive list of community service and organizations they support. They sponsor a "Builders Club", a middle school community service club, at Charlotte Middle School and are looking to sponsor one in Jefferson Middle School too. Every year they have a Baby Shower to help the Crises Pregnancy Center; work with the Special Olympics, the N.Y. State Games for the Physically Challenged, Foodlink, the Children's Miracle Network Telethon, the March of Dimes Walk America, and host a monthly Pizza-Bingo Party at a nursing home. They financially support many activities and organizations as well.

The members are always looking for ways they can contribute to the well

being of the community. In order to provide these services, they do several fund-raising activities throughout the year. At the current time, they are selling raffle tickets for an all expense paid trip for two to Jamaica. Countrywide Travel Agency in Spencerport, and SuperClubs have combined to donate this fantastic vacation trip. If you would be interested in buying a raffle ticket, they are \$1.00 each or six for \$5.00. Purchasing a ticket could win you this all expense paid trip for two, but by doing so, you definitely will be helping provide for community service projects. You may get additional information about the raffle or make arrangements to purchase a ticket by calling Countrywide Travel at 352-3999; or Joanne Underwood, president of the Gates-Greece Kiwanis Club at 342-7657. The club meets every Tuesday evening at Dandrea's Restaurant on Lyell Avenue.

**NATIONAL NIGHT OUT AGAINST CRIME**

Area residents are invited and encouraged to join thousands of other communities across America in supporting a symbolic, nationwide crime prevention project called "NATIONAL NIGHT OUT". The event, sponsored by the National Town Watch Association and co-sponsored locally by the Rochester Police Department's LAKE SECTION and our local community organizations, is a crime prevention demonstration during which residents join their neighbors and spend a symbolic hour outside in front of their homes on porches, lawns, etc. and turn on outside lights. The Rochester Police Department is hoping that the awareness, unity and spirit that exists on National Night Out will last after the August 3rd event.

The first "National Night Out" was held in 1984 and since then, the event has grown to a point where last year an estimated 25.1 million citizens in over 8,500 communities in all 50 states participated. "National Night Out" is a way for all area residents to unify and express their determination to protect and enjoy the security of their homes and neighborhoods. "We encourage everyone in our local neighborhoods to participate this year", says Rochester Police Chief, Roy Irving. "We believe that getting tough on crime at the local level is one of the best ways to fight this national problem", Chief Irving adds.

Overall, "National Night Out" is designed to: 1) heighten drug and crime prevention awareness; 2) generate support and participation in local police-community crime prevention efforts; and 3) strengthen neighborhood spirit and police/community relations.

Chief of Police, Roy A. Irving, said that he is extremely pleased that our community is responding in such a "positive manner" to the National Night Out project. "This program is making it

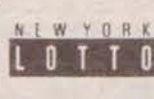

possible to fortify the relationship between the community and the Rochester Police Department as well as promote the crime prevention concept. Only by working together we can strive to enhance the quality of life and safety of our community."

The LAKE SECTION's local neighborhood organizations are promoting a community wide event involving a motorcade through our neighborhoods ending at the beach in Charlotte. Our annual TORCH RUN will join the motorcade in CHARLOTTE to show unity, cooperation and strength in the war against crime. We will gather at the SAND SCULPTURE WAREHOUSE and join in the entertainment of the JOHNNY CAPONE BAND. Door prizes from area merchants will be given away for those involved in the event. Please contact your local neighborhood community representative to arrange participation.

All are asked to turn their auto headlights ON when driving and to leave outside lights ON after dark in a show of unity against crime. The theme: "Give Neighborhood Crime and Drugs A GOING AWAY PARTY" involves everyone. The motorcade begins at 6:30 p.m. from Edison Technical High School and will proceed to Ontario Beach Park. Mark the date...TUESDAY evening, August 3rd, 1993.

Any questions regarding "Night Out" activities please contact those persons listed below: Lyell-Otis — Fran and Mike Visconte at 254-1526; Charlotte Community Association — Jean Carozzi at 865-3096; Edgerton Neighborhood Association — Gerry Kusse at 724-3775; and Lake Section (Rochester Police Department) Crime Prevention Office — 428-6170 or 428-7252 and ask for Officer Chris Picha or Officer Ron Chabot.

## CONGRATULATIONS, MRS. GALLMON!

As part of Kodak's 21st Century Learning Challenge, Mrs. Gallmon has been selected to receive the 1993 Science Teaching Award in recognition of her exceptional ability to teach science in a way that her students find interesting and fun. Not only does her teaching have a direct impact on her students, but it also affects our neighborhood and community.

Mrs. Gallmon has enhanced her student's knowledge, skills and attitudes in many ways by employing a number of unique techniques and methods to make science more interesting and relevant. In all of her science teaching, Mrs. Gallmon firmly believes and demonstrates that students will learn best by seeing first hand and by doing and experiencing first hand. When students in Mrs. Gallmon's class study electricity, they produce it themselves, using Rise kits with batteries, bulbs and wires. They also have applied this knowledge, making some of their own electrical motors, fans, etc. They understand how a flashlight works by looking at and identifying each of its parts. When studying the human body, the students see and touch life-size, realistic replicas of the various body parts such as the human skeleton, the eye, the heart and the brain. Visitors are an integral part of Kathy's science program and a registered nurse is invited in to talk about the human heart and demonstrate blood pressure. As a participant in the Xerox Science

Consultant Program, Mrs. Gallmon works hand in hand to obtain optimum results for her students. Mrs. Gallmon's classroom and our building as well, thanks to Kathy, is alive with science. Her male and female hamsters have just given birth to several offspring, the occasion being shared with the entire school population. The class also has their own chameleon, hermit crab, painted lady butterflies, bird's nest, starfish and a beautiful aquarium. Along with this, you will also find many visiting species throughout the school year including all of the beauties of nature that the students brought back with them when Mrs. Gallmon rented the Kodak Science Van and walked with them to Lower Seneca Park and its pond. Kathy's students

watch with awe as incubated chick and duck eggs hatch before their very eyes! No wonder Mrs. Gallmon's class is so affectionately called "The Zoo"! When her 4th graders share the "chickens and ducks" with the kindergartners and the rest of the school, amazement prevails.

The Prey-Captor game, which strengthens problem solving skills, is another regular. A trip to the fish market was Kathy's introduction to zoology. The students made Japanese fish prints, dissected, cooked and ate fish. The teacher and class returned to the fish market and bought ingredients for fish stew that they also made, employing many math, reading and social studies skills.

Plants are just as important as animals to Kathy. What a delight to see the planters in the library with the plants rapidly working their way from floor to ceiling! Plants and seeds can be found all over Mrs. Gallmon's classroom. Impromptu walks outside of school as well as the Rivers and Pollution game, demonstrating man's impact on nature, keep sharp student observation, prediction and hypothesizing skills. Charts and graphs document student observation of the growth of their plants and animals.

Even on vacation Kathy's mind is never far away from her students. On her yearly visit to the Atlantic Ocean, Kathy would no think of returning without bringing back shells and other beach items for her students to observe, discuss and ultimately take home as precious mementos. Students can even do their work to the pleasant music of the Atlantic Suite with the sounds of gentle shores and the mockingbird.

When it's time to learn about life long ago, the students make their own plaster of paris molds of prehistoric fossils and plant life. The study of the solar system coordinated with Virgil I. Grissom's accomplishments, for whom our school is named after.

Mrs. Gallmon came to School No. 7 in 1990 after teaching at Schools No. 33, 36 and 42, delighted to be teaching in the community where she resides. We are so very proud of Mrs. Gallmon! She touches the lives of our children, our school and our community in such a special way.

## "WHAT'S HAPPENING?"

by Michael D. Cerame  
Chairman, LARC

a good qualified candidate like Roosevelt was forced to drop out. We know that "Rosie" will be coming back again at another time.

And So What's Happening?

Your Maple Section of the Rochester Police Department is having a "Meet Your Police Day". It will take place at Brown Square Park on Saturday, July 24th. It will be an all day affair from 10 a.m. to 6 p.m. There will be exhibits and demonstrations by the Rochester Police Department. This is a multi-culture community event. Entertainment and food will be available. The LARC Caravan, music, and the LARCets will be on the grounds. There will be hots, hamburgers, pop and soft drinks as well as the new LARC T-Shirts and Caps. This is your opportunity to meet and talk with officers of the Maple Section. Their theme is "Let's get to know each other." See you all at Brown Square Park on the 24th of July.

And So What's Happening?

After 39 years on Lyell Avenue the sign of Romeo's Restaurant came down on June 30th. A new sign with the new name, and guess what, the new name is "Juliet"! So we have Romeo followed by Juliet and a promise by the new owner Bill Ellis that the food will be as good as Romeo's. They have added a few extra specials and are anxious to meet all their new customers and friends. Bill Ellis is a member of LARC, and expresses a desire to cooperate with LARC's goal to revitalize the Lyell area. And so at this time, we say, "Welcome and good luck, Bill Ellis!"

And So What's Happening?

The first graduating class of the newly formed Bike PAC-TACers will make their official entrance into our neighborhood this week. We are happy to see that 18 volunteers who took the PAC-TAC Course have been fitted with uniforms, helmets, and police radios. I am sure they will be a welcome sight as they bicycle through our neighborhood. These men should be congratulated for their efforts and hard work as a member of the BIKE PAC-TACers first team of its kind in the country. We in the community welcome them and promise to cooperate with them in every manner, shape and form to help prevent and reduce crime.

And So What's Happening?

As of this writing this afternoon, the writer was notified by Roosevelt Myers the eighth Mayoral candidate from Xerox, who notified this writer that he didn't have the necessary signatures to continue in the race. We are sorry to see that

And So What's Happening?  
The LYELL AREA REVITALIZATION COMMITTEE STREET FESTIVAL will take place on Saturday, August 21st, 1993. It will take place from 10 a.m. to 7 p.m. The festival committee announced that it will have entertainment for everybody. There will be clowns, games, crafts, bike rodeo, and of course all kinds of food, namely: hamburgers, hots, Italian Sausage and peppers. There will also be many features by the businessmen of Lyell Avenue such as Petrillo's Bakery's famous pizza, and Italian pastry, baked by their famous Italian Baker direct from Italy. Roncone's Restaurant, Veltre's Bakery, Sparkey's Communications and many, many big bargains from Tent City; in short all merchants on Lyell Avenue from state Street to the Barge Canal will be involved. There will be spectacular store-wide sales and bargains from our Lyell Avenue members. It has been rumored that the committee is featuring the "Mayoral Bicycle Race". All mayoral candidates will participate in this race which will be announced by the race announcer from Batavia Downs, Dave Provanzano. It is scheduled as a featured event to take place at 5 o'clock right on the famous LYELL AVENUE. The committee says, "Come join us! Have some fun on the famous LYELL—THE AVENUE OF OPPORTUNITY."

So my friends, that's what's happening!

## EDITORIAL

### WHOSE PAPER IS THIS ANYWAY?

Having never known Fred Metzger, the founder of the Tenth Ward Courier and The Vicinity Post I can only conjecture as to what his thoughts were when he started this venture back in the late 20's. My thinking is that he liked his City, his neighborhood, and thought that it was important that his neighbors in the community be aware of what was going on around them. Apparently Fred recognized that the City-wide papers may not carry all the important neighborhood news, or maybe not in enough detail, or maybe not get the full facts of the story. I suspect Fred also wanted to give these neighborhood merchants a way to effectively communicate their services to the community at a reasonable cost.

Certainly a great many things have changed since Fred launched this venture some 63 plus years ago. Our community make-up has changed. Our interests have changed. Our lifestyles have changed. The way this paper is put out has changed. Yet the need for our readers to be informed about neighborhood activity, especially the good news is still very much there. Our local merchants who deal with neighborhood trade, need to be able to speak to their customers based at a reasonable price. So, the need is there.

But who generates the news? You folks do. You in your everyday lives, in your community activities, in your interests need to pass them on to the rest of the community. In my limited scope, I can only gather so much. Send us your news and encourage others to do it. That is what makes the newspaper and helps keep our community informed.

### LETTER TO THE EDITOR

July 24, 1993

Dear Mr. Coniff:

Your article regarding Officer Riley was a big hit for my brother and myself. We attended Jefferson Jr. High School and remember when the Zoo and the Exposition were at Edgerton Park. We both remember Officer Riley's kindness and I sent the articles to my brother, who now lives in Waco, Texas to enjoy.

Sincerely,  
Virginia Dent  
Merwin DeVilbiss

### MAPLEWOOD LIBRARY NEWS

**SAVE THESE DATES!!!** The Maplewood Community Library, 1111 Dewey Avenue, is holding it's semi-annual Used Book Sale on Tuesday, Wednesday and Thursday, August 31, September 1 and 2, from 10 a.m. - 9 p.m. each day. We have a large quantity of terrific books and recordings for adults and children. Many of these were books from the library collection which had to be discarded to create space for newer titles. Many others were generous donations from people in the community, and we appreciate their support greatly!

Book prices will be as follows: Hard cover fiction & non-fiction — 75 cents (10 or more, 50 cents each); Paperback fiction & non-fiction — 25 cents (10 or more, 20 cents each); Children's books — 25 cents (10 or more, 20 cents each); Harlequin Romances — 10 cents each (13 for \$1.00); and specials- any 10 for \$1.00.

Come on down and get a head start on some great holiday bargains and support your library at the same time. If you have any question, please call Jeff Rice at Maplewood (254-7048).

## JOHN ERB

Election season is upon us once again. The endless stream of mail and door-to-door literature drops is already under way. Candidates, Democrat and Republican, are seeking support in contests for the Board of Education, City Council, and of course, the office of Mayor. In order to vote, you must be a registered voter. In order to vote in a Primary election you must be enrolled in the political party, the primary of which you want to vote in. The deadline to register to be eligible for the September 14 Democratic Primary is Friday, August 20.

Election law requires that you have voted in recent elections in order to maintain your registration. If you are not sure whether your name is among those of eligible voters, you can call the Board of Elections at 428-4550 to inquire.

If you are not now registered to vote, why not do so today? Voter registration forms can be obtained at various locations around the City: libraries, banks, Topps and Wegman's. Or con-

tact my office, 491 Lyell Avenue, 428-1250.

Don't put it off. After all, you pay the bills. It's time to make government respond to your needs and your priorities. It's time to get our city back to the basics of safe neighborhoods, job and economic opportunity, and schools that teach.

The power to do that lies with each of us and the interest we take in how this City operates, whether it be the School Board, City Council or that other office — Mayor of Rochester.

Register to vote, today! Every vote counts!!

## ERB PROPOSALS

To get Rochester back to the basics of job and business opportunity we must let small business do what it does best — create jobs. I have proposed a plan to re-focus economic resources to help small businesses thrive, create an environment to attract manufacturing jobs, and create economic opportunities in revitalized neighborhoods.

Small business owners don't want handouts, they need opportunities. Ask any business owner in the City, if they had a chance to improve one part of business what would it be? SALES.

To accomplish this we will identify and articulate their key needs, such as: Cutting "red" tape; cooperative development programs; better access to city resources; improved public safety; increased public awareness. City government must become "user friendly" by offering one stop shopping for business. That is, one office where all questions and needs can be addressed. In addition, I have called for:

Direct Micro Loan Programs — A direct loan program for small businesses crating jobs. Economic Incentive Programs to Revitalize Neighborhoods — Reward businesses that locate in neighborhoods and create new jobs with working capital for businesses and development dollars for neighborhoods.

Co-op Programs for Physical Improvement and Public Relations — Provide development dollars to neighborhood and small business to revitalize it, create new business, and improve the public's image. The end goal will be to create new jobs and employ people from the neighborhood.

Cooperative Development Program — Provide resources for new business initiative when large corporations and small business create jobs. Our focus must be on helping small business to thrive and grow in the City of Rochester. It is not the Mayor's job alone, but cooperative efforts with small businesses working together toward a common goal: to improve Rochester for its citizens.

## GRACE UNITED METHODIST CHURCH

Grace United Methodist Church has concluded another successful Vacation Bible School, coordinated for the 6th year by Ruth DePaul. The two week program ministered to between 105 and 125 children daily. This year's theme was Noah's Ark and was hosted by LeRoy Lion, a puppet who enthralled the children with his daily words of wisdom. Self-esteem, anti-drug and peer pressure were just a few of the topics covered in his messages. Crafts, songs, Bible study and Christian Fellowship were enjoyed by all.

Grace Church Pastor, Rev. Duane Miller and Rev. Ida Miller lead everyone

*"Self-esteem, anti-drug and peer pressure were just a few of the topics covered..."*

in prayer and spiritual guidance each day. A visit by Russ Corridi the new police captain of Lake Section, and Officer Ron Chabot, Crime Prevention Officer, shared summer safety tips, and the children donated food daily to MEEK (Maplewood Edgerton Emergency Kupboard).

The highlight was the evening program presented by the VBS children to a packed audience of family and friends. This program included songs sung by various classes, a wonderful skit of the Noah's Ark story written and performed by the 5th and 6th graders, and a beautiful presentation of The Lord's Prayer, done in sign language, by all of the children.

An outreach ministry such as this would not exist without tremendous support. Heartfelt thanks and gratitude to the numerous Grace Church members and community volunteers who taught, helped, staffed the kitchen, registered children, provided transportation, donated snacks and offered prayers.

## BOB STEVENSON

Jameson Delorenzo is a scout, not your ordinary scout. Jameson wants to achieve scouting highest rank, Eagle. Many candidates for Eagle perform projects designed to enhance their communities. You may have seen Jameson working with other scouts along Dewey Avenue cleaning tree pits. He and his helpers have removed scores of bags of trash, weeds, glass, butts, car parts and stumps. Our part of northwest Rochester is a nicer place because of this young man with a cause. Thank you, Jameson. Wouldn't it be great if the merchants along Dewey Avenue said thanks by maintaining what he has started?

Jameson also had the help of a couple of retired citizens of the Tenth Ward. Karl Denninger and another member of the gray-haired, over-the-hill crowd helped out for two Fridays. Thanks, Karl. Quality of life. You don't miss it until something or someone invades your quiet, well-kept neighborhood. All night parties by a loud, pugnacious drinking crowd, a booming stereo with raunchy lyrics spreading over blocks, a formerly well-kept home degrading into an inner city slum, beat up cars on the front lawn, trash piled between the sidewalk and curb days before pickup, do I need to continue?

You feel threatened; you feel defenseless; you feel robbed of the value of your home. What to do? Flee? Sell? Fight back? No one has the right to steal a neighborhood! No one! Neighbors unite! Fight back!

Sounds simple, how difficult is it? The City can help. There are parking laws: no front yard parking, no routine repairing of cars in the street. Trucks may not be parked on the street for more

than six hours. Cars may not be parked for more than twelve hours except on alternate parking streets. Who enforces? On private property, a Neighborhood Conservation Officer (428-6660) enforces; in the public right-of-way, the police enforce (911).

There are anti-noise laws, Section 75-12 of the City Code prohibits sound from radios, stereos, etc. to be AUDIBLE beyond fifty feet of the property line between 8 a.m. and 10 p.m.; between 10 p.m. and 8 a.m., the prohibition says not audible beyond the property line. Who enforces this? The Police. It's a violation just like a parking violation. The police officer has to witness the noise. On busy nights, you have to call 911 several times. Get all the neighbors to call, not just one.

If the property is rented and has an absentee owner, contact the owner. If that don't work, call me. The Maplewood Neighborhood Association has a very effective landlords group. They can speak as a fellow businessperson. They succeed when other offices sometimes fail.

Far and above your best results come from uniting with your neighbors. Form a block club. Join your local neighborhood association. If you don't know who to call, call me. There's a lot of help out there; you are not alone unless you choose to be so. The police will meet with you, your Neighborhood Conservation Officer will meet with you. The officers of your neighborhood association will meet with you. I will meet with you. No one has the right to steal a neighborhood.

Call me at 428-7538 or 254-8845. Get involved!

## JOHN ERB PROPOSES STOREFRONT COPS

Mayoral candidate John Erb announced more specifics on his plan to make Rochester neighborhoods safe at a news conference. In addition to his proposal to add 90 new foot patrol officers to the police force, Erb is proposing to use abandoned storefronts as satellite police stations in neighborhood where a more visible police presence is needed.

"The citizens of Rochester see police officers on television more than they see them in their neighborhoods. Storefront police stations will help the police do their job, make neighborhoods safer, and improve police relations with the community", Erb said. "It's a central part of my 'back to basics' approach to making our neighborhoods safer."

The proposal will be implemented with the joint participation of both the private and public sectors, each contributing approximately half the operational costs. Private businesses that have left storefronts vacant will be encouraged through tax incentives and/or matching funds to donate that space for the purpose of increasing police protection to those areas. The city would staff the storefront stations with police personnel and PAC TAC volunteers.

Erb insists that storefront police offices are an effective tool to address two problems currently plaguing the City:

neighborhood safety and police-community relations. Storefront stations increase police ability to detect and deter crime on the streets, and allow citizens positive opportunities to get to know the police who protect them.

Services to be provided:

- \* Storefront police stations will be responsible for providing response to all requests for service that come to their attention. Emergency or potentially hazardous police service requests will be augmented by sector car response.
- \* Storefront station officers will provide foot patrol service as deployed by their commanding officers.
- \* To improve and stimulate citizen participation with police in crime prevention activities, storefront officers will institute neighborhood and business "watch" programs in their areas. Station facilities will be used to conduct these types of community meetings as the need occurs.
- \* Storefront stations will be staffed to offer citizens a quick, efficient means to report criminal activity.
- \* Through neighborhood/community "watch" programs and individual citizen reports, identified crime pat-

## Help Keep Lovely Lake Ontario A Beautiful Sibling Among the Great Lakes Family.

*It's human nature to take everyday gifts of this earth and this universe for granted—like the sunrise, sunset, misty rains, a walk on the lakeshore, a day of boating or fishing on our lovely Lake Ontario.* Whether it be recreational activities or in our daily work routines, routine and sundry tasks such as cleaning up after ourselves, recycling and throwing away garbage can often be thankless and bothersome—BUT IT'S NECESSARY and rewarding when we set out to do our next activity.

Taking care of a vast natural resource, like the great lakes, is a task we, each and all, must assume. As consumers, we buy products made by local industries. As employees, we earn a livelihood from these industries. As residential citizens, we consume and live between a manmade culture and a natural environment. Often, it's difficult to discern between the two, as the manmade technical environment become pervasive. Lake Ontario and the Great Lakes are natural resources that we use, industrially and recreationally. As its caretakers, through the public sewage treatment systems, we've managed to reasonably keep the water quality level safe for use. Industry is also making their best efforts to operate and function well within regulatory compliance levels. At this point though, federal environmental compliance regulations are not stringent enough to keep up with the cycle of use and waste expended and water quality level required and demanded by us, the consumers.

Also, because of the delicate nature of the lakes' ecosystem, the natural balance has been effected by industrial/consumer wastes at a faster and greater rate than our ability to keep this valuable resource as naturally unaffected as possible.

A part of our government's efforts to maintain the Great Lakes water quality resources was manifested by the joint creation of an initiative called "The Water Quality Guidance for the Great Lakes", a 300-page draft technical proposal, which was published April 1993 and is open to public comment until September 13, 1993. This was jointly written by the U.S. EPA (Environmental Protection Agency), the NYDEC (New York Dept. of Environmental Conservation),

American Indian Tribes, municipalities, industries and participating states in the Great Lakes Basin area. This water quality initiative is published in the NYSDEC Water Bulletin, dated May 1993; and the Federal Register, Vol 58, No. 72, Page 20802, April 16, 1993.

On June 23, 1993, a citizen information workshop was held, exclusively in NYS, in Rochester, New York, co-sponsored by the Great Lakes United and the National Wildlife Federation to appeal to this area's local citizen support of the Great Lakes Water Quality Initiative. As a result, a group of concerned citizens formed the "Citizens for the Great Lakes Initiative/Genesee Region" in support of this initiative. Their mission is to inform and invite local individuals and/or organizations and associations to lend their support during this public comment period which ENDS SEPTEMBER 13, 1993. This can be done by sending your individual or org./association's comments directly to: Carol Browner, US EPA, 401 M Street SW, Washington DC 20460; and to the Honorable Mario Cuomo, State Capital, Albany NY 12224. Also, Citizens for the GLI/Genesee Region formally submitted to the Monroe County Legislature's Environmental Committee, a resolution for their support of this very important water quality standards proposal. The Monroe County Legislature will formally consider this resolution, along with a report on the proposed EPA's water quality guidance in their regular meeting, scheduled for September 14, 1993.

If you would like to go on record, along with the Citizens for the G.L.I./Genesee Region, as a supportive individual or representative organization/association, you may submit your name and/or organization's endorsement to: The Citizens for the Great Lakes Initiative/Genesee Region, c/o the Sierra Club, P.O. Box 39516, Rochester NY 14604-9516, or phone 716-254-1815.

*Article submitted by Mary Sevilla, member of Sierra Club/Rochester-Board of Governance Rep. and ad hoc member of Citizens for the Great Lakes Initiative/Genesee Region.*

## BUSINESS PROFILE

### PUMPUTIS KARATE CENTER

by Chris Ambrose

Randy Pumputis will always remember the summer day of August 3, 1978. It was the day of his first karate lesson, he was 13 years old. Today, Pumputis is a 5th degree black belt, and a karate world tournament champion, having won the title under the Isshin-Ryu system in 1983, 1985, and 1988. And, as an adult, Pumputis has turned his love of karate into a career: he owns Pumputis Karate Center in Stoneridge Plaza, on W. Ridge Road in Greece.

At first glance, the center looks just like a ballet studio, complete with wall-to-wall mirrors and carpeting — except that ballet studios don't have punching bags in the corner and sword and stick-like (called a "bo") weapons on the walls. However, karate isn't all punching-bags and weapons, as anyone who has ever seen the graceful moves of the martial arts can attest to.

Pumputis says the Japanese

Isshin discipline teaches "all of the different pieces of the pie (that make up) the karate system", mainly the sporting aspect, the traditional art, and self-defense. Pumputis stresses that "karate appeals to everyone". Currently, his students range in age from four to 72. "The best part", Pumputis says, "is working with the kids...It's fun watching the kids mature into something, especially the kids with low self-esteem or family problems".

Randy Pumputis is a man who is truly dedicated to his profession. "My students are awesome", he says, "That's what makes it not a job. That's what makes it exciting to come in everyday". Pumputis Karate Center, in Stoneridge Plaza, Greece, is open everyday. Eighteen different 1 1/2 hour classes are offered each week and members are unlimited as to the number of classes they choose to attend.

### TRUESDALE STREET AND GUETTI'S MARKET — WHAT CONNECTION?

Guetti's Market, located at 758 Ridgeway Avenue, and Truesdale Street, a short residential road running north off of Ridgeway Avenue, have a tie-in, but one has to do some searching to find it. Starting with a map of Monroe County dated 1872 published by Beers, one can see that the road now known as Ridgeway was once called Big Ridge Road in order to differentiate it from the Ridge Road we know today. The map shows that from the railroad tracks crossing Ridgeway Avenue today going west to

Four Mile Grocery, only six homes existed, two on the north side and four on the south. The Four Mile Grocery probably received its name since that was approximately the distance from the center of the city along the canal to the groceries location. The canal crossed Big Ridge Road just west of present day

Weiland Road, probably named for H. Weiland who owned a farm in the area. The map also shows the large farm owned by Samuel Truesdale. All the land along the north side of Ridgeway Avenue between Mount Read Blvd. and the railroad tracks, and bordered on the north by Lot 70, currently the south line of Kodak, was his. His farm house was just east of a creek which meandered from the canal, across Big Ridge (between current Pittsford and Perinton Streets) and eventually worked its way into the Genesee, crossing Lake Avenue just north of the intersection with Ridge Road.

The Monroe County Map dated 1902 shows some changes. Samuel Truesdales' farm had been subdivided among his sons. Almost equal in size and starting at Eddy Road, the former name for Mount Read Blvd., they were owned by J. Warren, Edgar C. and J.M. Truesdale, respectively. There were now eleven homes between Eddy Road and the railroad.

During the late 1910's a brick building was constructed at the northwest corner of Ridgeway and Ramona Park, formerly known as Woodrow Avenue. The first tenants were Herbert Bolton and his wife, Annie. They were the proprietors of the first grocery store west of the railroad tracks and before the former canal crossing. With so few

houses in the area, one must wonder why Bolton took the gamble. In retrospect, it may have not been much of one.

With the City of Rochester border being at the railroad right-of-way, many homes existed east of that line. In those days it was desirable to live within the city because of its services. Owning property within a township was sometimes necessary due to financial restraints. In addition, Edgar C. Truesdale had left the farming business and subdivided his property into building lots. Truesdale lived until 1936 and died at his farmhouse near the street named for him. Following are some quotes from his obituary:

"Edgar C. Truesdale entered into rest Monday afternoon, September 21, 1936, aged 78 (he may have been 79) 876 Ridgeway Avenue. Survived by two daughters, Miss Mary C. Truesdale and Mrs. Raymond F. Hyland (yes, that Hyland) and one son, Albert E., four grandchildren - family lot in Riverside Cemetery."

"Mr. Truesdale was born in the Town Line Road where his grandfather settled more than a century ago. Early in his life he became interested in Democratic politics. For ten years he was the Town of Greece assessor, the only elective office he ever held - son Albert E. is a Rochester attorney.

"Descendant on one of the pioneer families of Greece ... at the time of his death was an honorary chairman of the Tenth Ward Democratic committee..." "Mr. Truesdales' grandfather settled in Greece more than one hundred years ago. E.C. changed his farm into a real estate division, one of the streets laid out being named for him. Later he sold real estate, mostly in farms." Edgar Truesdales' subdivision covered the land roughly between Perinton Street and La Grange Avenue. Wendell Place, a short street running between Perinton and Truesdale, was named for Herman H. Wendell who purchased a large parcel from Edgar C. Truesdale.

In the next issue we'll look more closely at the activity over the years at the intersection of Ramona Street and Ridgeway Avenue, including the history of Guetti's Market.

### TENTH WARD RESIDENT ELECTED TO AMERICAN LEGION AUXILIARY OFFICE

At the June meeting of the American Legion Auxiliary, Dept. of N.Y., Mrs. Kathy Cubit, a member of the Ira J. Jacobson Unit in Charlotte was elected for a third term as Monroe County Treasurer of the Auxiliary. Kathy has been very active not only in her unit since 1968, serving as President twice, but has gone through the chairs serving as County President 1989-90, Chapeau Passe of the Monroe Salon #6-8/40 and Gift Shop chairman for 7th District, twice for the Canandaigua VA.

Also elected for the year 1993-94

are: President: Ms. Gerrie Hasxlauer, Smith Warren Unit Scottsville; 1st Vice-President: Connie Kless, Milton Lewis Navy Unity; 2nd Vice-President: Bea Agostino, Chili Unit; Secretary: Kathy Veltz, Chili Unit; Veterans Affairs & Rehabilitation: Mrs. Millie Schott, Ferris Goodridge Unit, Spencerport; Children & Youth: Theresa Whitney, Greece Unit; Vice-Chairman: Sue Kier, Chili Unit; Dolores Carpenter, Chili Unit was appointed by Department President as the VAVS representative for the Canandaigua VA.

## RESTAURANT PROFILE

- Goodbye Ruth's -

Tired of the same old dining experience? Goodbye Ruth's, located at 465 Ridge Road West just west of Dewey, offers casual dining with a twist. While many dine out for convenience, this restaurant promises a taste sensation. Goodbye Ruth's offers a mix of traditional and contemporary dishes, from authentic German sauerbraten to orange glazed chicken. Within the next month they will be expanding their menu to include more pasta, seafood, and lighter entrees. In addition, Ruth's chefs are happy to accommodate special requests - call ahead or simply ask if you don't see it on the menu.

Their specials speak for themselves. The chicken piccata, a delicate dish sauteed with vegetables, herbs and white wine, tastes as light as part-owner Linda Fineout promises. Her mission, "A healthy and exciting dining alternative in the Tenth Ward". The establishment cooks everything from scratch, doesn't deep-fry, limits the use of salt, and uses only olive and canola oil. The "healthy cooking attitude" doesn't mean that taste comes second. Specials include such dishes as the Blue Cheese Tarragon Shrimp, served over a bed of linguine, with an intriguing blend of seasonings, wine and real crumbled bleu cheese. For being open less than a year, this restaurant has a handle on making different taste great. And the price? No dish exceeds \$14.

Goodbye Ruth's is a hidden gem in the Tenth Ward. They offer a large variety of New York State wines, and a banquet facility which can cater up to 30 people.

Lunches start at 11 a.m. and are

served all day. Dinners are served from 5 p.m. to 9 p.m., Monday through Thursday, and until 10 p.m. on Friday and Saturday. Convenient off-street parking is located in the rear. For a new taste in Rochester, Goodbye Ruth's certainly hits the mark. Reservations are requested, or you can call for take-out at 581-0810.

### WORKING AT McDONALD'S "WHAT'S IN IT FOR YOU?"

The three area 10th Ward McDonald's restaurants on Lake Avenue, Lyell Avenue and W. Ridge Road are currently accepting applications for employment. According to area marketing representative Shirley Finley, and owner/operator Bob Weichbrodt, McDonald's is a place where one can start a career. Finley states that working at McDonald's is a tough job, however, one can expect more than hard work and a paycheck. You will learn how to use your time to better advantage, how to balance your work schedule with school, family and other activities. Your performance may give you a chance to pursue management opportunities. You will learn useful skills such as quality control, inventory management, sales building, and safety practices as a team player.

Your McDonald's experience will be helpful in any job you undertake. A reference from such a well-known company can open many doors for you in the future. We also offer competitive wage, flexible hours, vacations, meals, uniforms, and scholarships. Become a part of the McDonald's family - stop by and speak to a manager for information.

### ERB - STOREFRONT COPS

(continued from page 4)

terms will be called to the immediate attention of the commanding officers so that sector patrols can direct their attention to the problem.

- \* Storefront stations will not have incarceration capability nor will they store any property or valuables.
- \* Special unit investigations (ie: tactical, homicide) will be coordinated, and the personnel of the relevant storefront station(s) will be contacted for information.

\* Public relations, police community service and participation programs sponsored by the police department will be coordinated through these storefront offices with the goal of improving citizen involvement and satisfaction with police services.

"Law abiding citizens welcome initiatives such as this." Erb concluded, improving both communication and interaction between our citizens and their police officers, we will keep the heart of our City - its neighborhoods - safe and vital."

# Community Calendar

**NIMROD** will be holding the next neighborhood meeting August 16th, 7:00 p.m. at Grace United Methodist Church, 121 Driving Park Ave. On the agenda will be NIMROD's community MARCH AGAINST DRUGS, which will be held August 22nd at 2:00 p.m.

NIMROD needs YOU! There was a march held on July 24th and the response was very good. A lot of people came off their porches and joined the march enroute. The members of NIMROD wants to show the drug houses and dealers that they mean business. The people in the neighborhoods don't want them there, they don't want their drugs there and they don't want the violence their lifestyle breeds.

There have been Drug Busts in the area that have not been publicized in the paper or on TV. We as a community made a valuable contribution, and we've been told there are more to follow.

WE'RE TAKING OUR NEIGHBORHOOD BACK!!!

## LYELL FESTIVAL OVER THE MEMORY LINGERS ON

by: Michael Cerame  
Chairman, L.A.R.C.

I am happy to report that The Lyell Avenue Festival held on August 21st turned out to be very successful. The festival portrayed that the Lyell Avenue Area is really the area of opportunity and heritage. The night before, Lyell Avenue was washed from State Street to the Barge Canal. The poles were decorated with the new L.A.R.C. logo banner which delivered the message, "Neighbors banned together under a rainbow of peace."

The festival embraced five different locations. The first location was at the Lyell-Mt. Read Shopping Center, where it started off with a Bike Parade led by the Bike Police Officer. Then the festival moved over to the Bike Rodeo in the field next to the plaza, which was supervised by Mike Coniff and people from Spokes and Wheels Company, Rochester Police Department, and the American Automobile Club of Rochester, with help from volunteers from Assembly of God Church and Campbell Street Recreation. Four hundred new bicycles helmets, provided by the County of Monroe, were distributed free to children who participated in the Bike Rodeo. Also at this site the Girl Scouts, under the direction of Vivian Hamilton, volunteered to run our games. Under the

supervision of Verneta Brown, there was a Talent Show, Puppet Show and band music of the Firebird Drum and Bugle Corp.

The next site was at the Holy Apostles Church Parking Lot. There, under the direction of Father David Mura, was church festival type Games of Chance, Marathon Bingo, Food Booths, the music of Jonnie Capone's Band, and a Show Case of Local Talent. At 7:30 p.m., there was a Mass to close the Festival Day.

Going to the other end of Lyell Avenue, at the Marine Midland Bank parking lot, our third site, the St. Martin's Boxing Club held exhibition boxing bouts with boxers from all over New York State. Special guest was World Champion Charles "Natural" Murray. He was there to meet people and sign autographs. Across the street at the famous Petrillo Bakery, we had a live DJ, remote station WKLX, and a visit from Elvis the Hound Dog. And, of course, food, cookies and every thing that's good from the bakery.

The next location was at Roncone's famous Italian Restaurant for a reception where all the invited guests and the

# BOB STEVENSON

In case you may never have met the "Dynamic Duo", let me introduce Mike and Fran Visconte of the Lyell-Otis Neighborhood Association. LONA includes a large section of northwest Rochester from the former subway to Lee Road and from Lyell Avenue to Driving Park Avenue. Mike is currently the president. Monthly meetings are extremely well attended, 50-100 people.

Fran is the other half of the "Dynamic Duo". She has organized a Court Watch group to monitor the judicial system's handling of the two thousand plus arrests of the Prostitution Suppression Project. She maintains a computer data file on arrests and dispositions. She even find time to bake goodies for the officers working the project.

Mike and Fran in addition, have organized and promoted concerts in the park, not only in LONA, but also in the Maplewood Rose Garden. On Thursday, August 26, over two hundred people enjoyed the music of Johnny Matt. The orchestra used the large gazebo as a stage and folks sat or danced on the lawn; the incredibly great weather didn't hurt attendance. Many, many thanks to the Visconte's.

In case you may have been away for a couple of weeks, you missed the first Lyell Avenue Festival organized by another "Dynamic Duo", Michaels Cerame and Coniff. Thousands promenaded Lyell in magnificent weather from the Mt. Read Shopping Center to Tent City and the Marine Midland Bank at Plymouth.

As I mentioned in my last article, "No one has the right to steal a neighborhood", not hookers, not johns, not drug dealers. The two Michael's firmly be-

lieve this and are "turning heaven and earth" to take their neighborhood back.

They have organized around the businesses on Lyell Avenue. If you have missed "the Avenue" you have missed opportunities to shop in Rochester, from kitchens to camping, from banks to bakeries. All things being equal, you should try to patronize Rochester businesses.

Many thanks to the hundred Pac-Tackers of Lake Section. Officer Chris Picks organized a thank you picnic at the warehouse in Charlotte. The food was good, the music was great, and several folks were honored such as former Senator Bill Steinfeld, a member of Pac-Tac since its inception and Captain Bob Wiesner.

Thanks also to the folks at Dorn's Bakery for the flowers out front in the tree pits. Any other businesses along Dewey Avenue willing to help make "the Avenue" more inviting. Sorry, but sandwich signs are no substitute for nature's greenery.

Thanks also the folks at NIMROD for another successful drug march. Neighbors in Motion, Root Out Drugs are firm believers that no one has the right to steal their neighborhood. NIMROD is small, Dewey to Lake, Glenwood to Birr, but are they focused! If you live in that area, give Laura Putnam, 647-2651, a call.

Remember, it is your neighborhood. You have the right to quality of life conducive to family values and living. Don't get discouraged; get mad, get even, join your local neighborhood association; join Pac-Tac.

Till next time, please feel free to call for any City problem, 254-8845 or 428-7538.

# TAKE TIME TO SPARE

Cameron Community Ministries will hold its Third Annual Bowl-A-Thon, "Help Keep The Ball Rolling", on Saturday, October 16th. Cameron Community Ministries is an ecumenically-sponsored mission project located in the former Lyell Avenue Baptist Church building since 1984. Sponsored primarily by the American Baptist Churches of the Rochester/Genesee Region, the Presbytery of Genesee Valley and the American Baptist Churches of New York State, Cameron Community Ministries works to meet neighborhood needs. This ministry provides hot lunches, clothing and personal hygiene supplies distribution, tutoring and youth groups for the people of the Lyell-Otis and Edgerton Neighborhoods.

Put a team together and head over to

Terrace Garden Lanes, 1151 Ridgeway Avenue or Clover Lanes, 2750 Monroe Avenue. Bowling begins at 1:00 p.m. at Clover Lanes and 2:30 p.m. at Terrace Garden Lanes. Registration begins 30 minutes prior to bowling. Teams of four people: mixed, adult or youth aged 12 and older will bowl three games. Their effort will raise money in support of programs at Cameron Community Ministries. Bowlers will pay a \$5 registration fee unless they have collected in advance from sponsors pledges totaling \$25 or more.

All participants will receive a thank you gift and will also qualify for door prizes and special awards to be given on October 16th. Call 254-2697 for further information or to sign up. Registration deadline is October 8th.

I'm using this month's column for an open letter to parents and neighbors responding to concerns about school safety. It is an unfortunate fact that violence has become a daily circumstance of children's lives in the City of Rochester. They encounter it in their neighborhoods as an all-too-regular occurrence.

Parents' concerns about safety used to focus on dangerous intersections and busy streets. Today, parents worry about drug houses, child molesters, prostitutes, and random gunfire. Students — even elementary children — often contend that they need to carry a weapon for protection.

Rochester is not alone. In city after city across the nation, urban school districts struggle to keep their students from harm. The Houston School District, for example — the fifth largest district in the nation — spends \$5.7 million to support its own police force and is considering a plan for improving safety and security at a cost of nearly \$30 million.

If we are going to come to grips with this serious social problem in Rochester, we must first acknowledge as a community that our children are in harm's way. We must commit as a community to creating a totally safe environment for children in our neighborhoods and in our schools.

Historically, our public schools have served as neighborhood centers and gathering places. Schools have provided a safe haven from harm. Today, schools must provide leadership against violence.

Over the past year, the Rochester City School District has strengthened its anti-violence efforts in a number of ways:

- \* A Civic Values Policy — which set standard of behavior for every level of the organization, from the boardroom to the classroom. With leadership from a community task force, this policy provides the basis for creating a safe, caring, and well-disciplined atmosphere in all our schools;
- \* Zero-Tolerance Weapons Policy — continuing the District's efforts to rid our schools of dangerous weapons. Beginning last year, the School Board required that police be called for student possession of an illegal weapon, in addition to continuing the enforcement of automatic referral for suspension. The Board reinstated the Weapons Diversion Program, a cooperative effort of the District and the Rochester Police Department;
- \* A Safe School Route Pac-Tac — which builds on the successful neigh-

borhood Pac-Tac model, has been established at several schools. When a problem arose at School No. 34 on Lexington Avenue, the Lake Section of the Rochester Police Department and a community organization, Neighborhood Hope, joined forces to provide a safe route, to help with conflict resolution strategies, and to establish appropriate consequences. School No. 17 on Orchard Street has formed a strong partnership with the Maple Section of the RPD and has trained parents to participate in a Safe School Route Pac-Tac. The neighbors of John Marshall High School have also developed a Pac-Tac program;

- \* Districtwide implementation of pre-K to grade 12 Conflict Resolution and Violence Prevention strategies — which currently exist as model programs in some schools. This year, such effective efforts will become part of a systematic approach at every school, implemented with appropriate resources and training. A regular parent presence in schools must be an integral part of such an improved learning atmosphere for students.

We have asked our state legislative delegation to seek special funding on our behalf. It is unfortunate that we must allocate scarce resources to programs which are not instructional. However, learning cannot occur in an atmosphere of fear and danger. We must work cooperatively in this community to create a culture of caring in our neighborhoods.

Schools must be sanctuaries for children, where fear of violence does not hinder learning. Together, we can make a difference for our children and our community.

## AREA SENIORS CELEBRATE WITH CANAL FUN WALK

Seniors from all over Monroe County will converge on Perinton Park, 99 O'Connor Road in Fairport for a two-mile fun walk on the Canal Path. The Canal Fun Walk, scheduled for Thursday, October 14 at 1:00 p.m., will be held as part of a nationwide yearlong celebration marking 50 years of the Senior Center concept.

Participants will assemble at the flagpole in Perinton Park for opening ceremonies at 1:00 and then walk for enjoyment along a loop route on the easy-to-walk canal path. The full two mile route will end up back at Perinton Park. If a shorter walk is preferred, transportation will be provided from the one mile point at the Box Factory in Fairport Village back to the Park. In addition, it is possible to turn around at any distance and return to the starting point. Along the walking route there will be musical entertainment and other surprises, and refreshments will be provided after the walk at the new Perinton Park Pavilion. Participants will receive a commemorative gift and there will be a drawing for door prizes.

To register for the Canal Fun Walk, pick up a registration form at any local Senior Center or call Monroe County Office for the Aging at 274-7800. Send the form along with a \$1.00 registration fee (check made out to Perinton Senior Citizens) to Perinton Senior Citizens, 1350 Turk Hill Road, Fairport, N.Y. 14450. Registration on the day of the event will be \$2.00.

The Canal Walk, open to all older residents, is the final event in the Monroe County area of the nationwide celebration focusing attention on Senior

Centers and the many activities they provide for older residents of their communities. The Canal Fun Walk for Seniors is sponsored by the following organizations, working together to better the lives of older Americans: Monroe County Office for the Aging, Valley Manor Apartments, Monroe County Health Department, Town of Perinton, Town of Webster, Town of Irondequoit, Town of Pittsford and the Town of Brighton.

## MAPLEWOOD NEIGHBORHOOD ASSOCIATION

Report of Executive Board Meeting, August 1993

Stacy Massera from the Volunteers of America met with the MNA Board and Selye Terrace neighbors to discuss the VOA's plans for a house that they purchased from HUD at 214 Selye Terrace. The VOA has a permit in process to totally rehabilitate the house, including gutting the structure, taking down the garage, and installing new windows. The work is expected to begin in early 1994. The home will be used to house three to five adults, age 18 and up, who have successfully completed drug/alcohol rehabilitation and half-way house programs at the VOA. Residents will be required to have a job and/or attend educational programs during their residence, which can last up to two years. Tenants will be evicted from the house for use of mood altering substances or for disruptive behavior.

There was a neighborhood picnic at Maplewood Playground on Sunday, August 29, from 1:00 to 4:00 p.m. in honor of the Officers of the Rochester Police Department who were of assistance to Char Staples who was recently stabbed.

There was a good turnout at the Rose Festival this year and the roses were great! Next year it will be called the MAPLEWOOD Rose Festival. There has been much discussion regarding fund raising possibilities, expansion of the festival activities, and publicity. Residents who are interested on working on this project for next year are encouraged to contact Phil Mizesko at 458-1833.

Don Rothschild reported that the next meeting of the MNA Landlord's Group will be on Wednesday evening, September 29th, at 7:00 p.m. at Sacred Heart Rectory. Presentations will center around handling drug trafficking problems and expansion of the Landlord's

Group to cover all of the Lake Section: Lyell- Otis, Maplewood and Charlotte.

Pat Anderson reported on the success of a block party that was held by residents in the immediate vicinity of Marshall High School. Acting Principal, Mike Robinson, was present to discuss the school's plans for dealing with students who do not attend classes and hang-out in the neighborhood.

Students who come into school on school buses in the morning, but who do not report to classes will not be allowed to board school buses to return home at the end of the school day.

Additional school attendance staff will be hired. Lunch periods will be shortened to 30 minutes from the previous 45 minutes. Students will be issued ID's. If their ID is not logged in for the day, an automatic telephone dialing system will notify parents of their absence. The IDs will also be color coded for lunch period assignments in order to identify students who are not where they are supposed to be during lunch periods.

Students will be issued permission cards whenever they have a legitimate reason for being out of the building during school hours. They will be required to show these cards to Police or Pac-Tac staff who stop them outside school buildings.

The school will establish a hot-line for neighbors to call if they spot problems with students outside the building. The next Executive Board Meeting will be Wednesday, September 1st at Maplewood Library, 1111 Dewey Ave., 7:00 p.m. We can't help with problems we don't hear about. We can use more hands to work on projects to enhance our living experience in Maplewood and to help solve problems that exist.

**PLEASE ATTEND — YOU CAN MAKE A DIFFERENCE!!**

## GRACE UNITED METHODIST CHURCH

This September, the #34 School/Grace Church Partnership will start it's third year. Under the direction of coordinator Sandy Powers, volunteers are matched with teachers, students, programs and activities to aid in the social and academic development of the children.

On a regular basis, volunteers are in classrooms as reading partners and teacher helpers. Board games, coloring books and crayons have been donated for the recess period. Volunteers share their skills and talents by sewing, baking and making items when requested. Hats and mittens have been donated for children in need during the winter months.

Past programs have been a "Then and Now" Day where senior volunteers shared experiences with the students and staff. Grace Church loaned it's kitchen facilities, fellowship hall and expertise for a spaghetti dinner fund raiser. The list goes on and on how #34 School/Grace Church Partnership is impacting the lives of these children.

On the first day of school this year, each student at #34 school will receive a pencil with Grace Church's name and address on it, to remind them that the love, commitment and future of the Partnership is alive and growing stronger every day. This wonderful outreach ministry which Grace Church developed has been possible through prayers, God's grace and Christ's love.

## U.N.I.T. NEWS

by Jim Patrick

August brought some good news to the UNIT neighborhood. Early in the month the Lyell Theater closed after many years. I am sure this will help to improve the image of the Lyell Avenue area. It certainly will not be missed.

August 21st was an important day in our area. It brought the first every Lyell Festival. Volunteers from UNIT operated a cold drink concession at the Lyell/Mt. Read site which was the center for the childrens activities. On that same day, 25 homes on Glide Street, Holworth Street, Dakota Street, Pool Street, Louise Street and Jay Street took part in RG&E's Homework's Program. RG&E conducted energy audits on all 25 homes and contractors hired by RG&E followed the auditors and made the necessary improvements. Everything from attic insulation to furnace repairs were done at no charge to the homeowners. This took a tremendous effort between RG&E and the UNIT volunteers to coordinate the day's activities.

Our association needs volunteers to help with activities like these. Please call Jim Patrick at 436-8236 for information on starting your membership. Our neighborhood boundaries are Lyell Avenue to the North, the city line to the west, West Ave. to the south and Penn Central track to the east.

## ATTENTION SALMON FISHERMAN : Rules For Fishing the Genesee Gorge

Welcome to the Lower Gorge of the Genesee River, one of Western New York State's most productive sport fisheries.

This information has been developed by the Mayor's Ad-Hoc committee on the Lower Gorge to insure a safe and enjoyable Pacific Salmon snatching season for both anglers and Rochester's residents.

A fishing access point is located at the corner of Seth Green Dr. and St. Paul St. and open from 6a.m. to 7p.m. There is no westside access in the Lower Falls Area.

Please note that on-street parking regulations are strictly enforced. Limited parking is available at the Seth Green access point. Additional parking is available in the Silver Stadium lot, 500 Norton St. Call 428-6770 for parking information.

### FISH CARCASS DISPOSAL LAWS

It is illegal to discard any fish carcass or parts into the freshwaters of the state within 100 feet of shore, or on public or private land within 100 feet of the water, except:

- By owners of those lands;
- Live fish or fish required to be returned as directed by other laws and regulations;
- Bait;
- By proper disposal into suitable garbage or refuse collection systems or by burial; and
- For incidental cleaning of fish to be consumed, but not within 100 feet of any public launching or docking site (unless suitable refuse collection system is used).

### MUNICIPAL PARKS CODE

Section 79-4,.A. - No fish shall be deposited on-site except in approved areas. Section 79-11 - No camping is allowed without a permit in writing. Section 79-19,A - No commercial cleaning or purchase of eggs is allowed without permit.

### GENESEE RIVER FISHING REGULATIONS (NYSDEC)

Anyone 16 years of age or older must possess a valid NYS Fishing License on their person.

### Snatching permitted only:

1. For coho, chinook and pink salmon (all other foul-hooked fish must be released without unnecessary injury);
2. From September 18 through October 17;
3. In reach from Stutson Street Bridge up to the Lower Falls; and
4. With conventional Rod, reel and line with one hook (maximum gap 1/2 inch) no more than three hook points).

Possession of trout and salmon is prohibited at night (1/2 hour after sunset to 1/2 hour before sunrise).

The total combined daily limit is three (3) for trout and salmon in any combination. (See current NYS Fishing Regulations Guide for additional details).

## OLIN PLANT CUTS TOTAL TOXIC EMISSIONS 58%

Olin Corporation has reported that in 1992 its specialty chemicals plant on McKee Road cut its total environmental emissions by 58% and its air emissions by 8% during the last year, as reported under the federal Community-Right-To-Know Act Air emissions last year were 40,363 pounds, down from 43,001 pounds in 1991.

"We have dramatically reduced air emissions of carbon tetrachloride, dropping 92 percent from a total of 40,620 pounds in 1987 to 3,437 pounds last year", said Olin Plant Manager John Kranjc. "In addition, we have cut chloroform air emission 67 percent, and methylene chloride is down by 46 percent over 1988 levels." All three of these Industrial Toxics Reduction Project (ITP) substances are also reportable under the

Community Right-to-Know Act.

"We want our neighbors and the community at large to know that we are striving to make improvements in environmental performance", Mr. Kranjc said. "For example, we are working on ways to change our processes to continue to reduce the use of such chemicals".

In addition, Mr. Kranjc stressed that the plant would continue to reach out to the community to communicate its environmental programs. It has done so in the past through meetings with neighbors and the plant's community advisory panel. Olin Corporation as a whole has reduced its overall emissions (air, water and offsite disposal) of toxic substances by 68% from 1987 through 1992.

## BUSINESS PROFILE

### Rubert Signs

There aren't too many people who can say they make their living as an artist. But, Michael Rubert can. Rubert is the owner and operator of Rubert Signs, 1358 Dewey Avenue, where he specializes in lettering, artwork and etched glass work. Rubert's projects run the gamut in size and elaborance. One of Rubert's major endeavors was the glass mural depicting race horses that he etched onto the glass of the entranceway to the Batavia Downs racing track. At one time he worked on the hand-painted logos of a truck fleet.

Rubert also works on smaller, projects such as etched glass designs on shower doors for Home-A-Rama, or simple sign banners for businesses. Rubert signs makes the kind of hand-lettered signs that one sees above the

doors or on the windows of businesses and restaurants. One particularly unique design of Rubert's is the man-in-the-tub sign he constructed for local bar "Bathtub Billy's".

When the Rochester Press Radio Club hosts celebrity speakers, Rubert does airbrush portraits of the featured speaker. Past paintings includes portraits of hockey legend Bobby Hall and local Olympic champion Cathy Turner.

In addition to lettering, etched glass and artwork, Rubert Signs offers services for magnetic, paper, and contractors signs, vinyl letters, posters and window lettering. Special items are custom-made. Rubert Signs is located at 1358 Dewey Avenue, phone number 254-8493.

(continued from page 1)

media met. Everybody who's who in the area was there.

The next location was the Main Event Location, behind Tent City. There, in a five acre span, we had vendors, crafts and informational booths, and a large stage with performances going on all day long. The stage entertainment started at 12 noon with a Karaoke Fest. After that, the Lyell Avenue Hall of Fame awards were presented to the following: Johnny Antonelli, John Lomenzo, John Parrinello, John Mastrella, Joseph Esposito, Peter DeLucia, and the late Joseph C. Wilson. From 3 p.m. to 7 p.m. Nik and the Nice Guys performed. At 5:30 p.m. the Great Mayoral Bicycle Race took place. This was a bicycle race contested by all the mayoral candidates and announced by Dave Warner, race announcer from Batavia Down. The winner was John Erb.

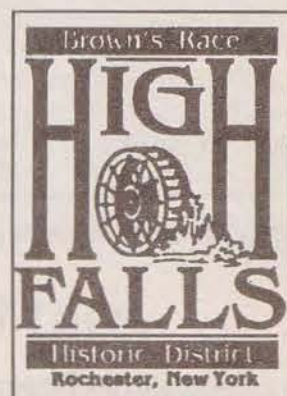

We congratulate and thank the L.A.R.C. Team who worked so hard and fervently to make this a grand success. Special thank to the RAIN Organization (Rochesterians Against Illegal Narcotics) for providing us with a team of 30 security guards, the Lake and Maple

Section of the Rochester Police Department, plus the Bicycle and Mounted Police, Chip Dawson head of the Bicycle PAC-TACers, the beautiful LARcetts (L.A.R.C.'s cheerleaders), Eileen Coyle of Monroe Ambulance, all the business people and neighbors, tee folks at Lyndon Guarantee Bank, especially Maryanne Judge and Carmen Arilotta. A special thank you to Michael Rood and John Kranjc from Olin Corp. for all of their help putting this festival together. To all of you a great **THANK YOU**, your efforts were enjoyed by all!

This First Lyell Avenue Festival's memory will linger on for time to come. L.A.R.C.'s goal in putting on this festival was to prove to the community that L.A.R.C. is an area where people live, play and do business everyday. The festival was one more step towards the realization that revitalization is being accomplished. Remember,

L.A.R.C. is the name.  
Revitalization is the game!  
If you don't try,  
Then don't cry!  
If you try,  
Then L.A.R.C. will fly!  
We hope to see everybody again next year!

## OLIN AWARDS \$15,000 TO THEODORE ROOSEVELT SCHOOL

The Olin Corporation Charitable Trust recently committed more than \$15,000 to Theodore Roosevelt Elementary School #43 on Lyell Avenue. The grant was one of a dozen that were made to vitally needed educational and environmental projects in Olin communities as part of the company's innovative Targeted Community Outreach (TCO) program.

The grants will be used to fund science kits and other materials for a newly established Science Resource Center at the school, and will help address specific school goals of increasing student's scientific literacy, developing effective problem-solving techniques, developing a positive attitude toward science and increasing understanding of scientific principles.

Another aspect of Olin's involvement is a commitment of plant volunteers to ensure frequent and effective use of the center. By pairing Olin employees with each classroom, these volunteers will augment the teachers in developing the knowledge level and skills of

the students in various sciences including chemistry, biology and health. Some of the proposed employee activities include conducting experiments for classes, providing demonstrations of scientific principles and relating various work experiences to enhance the students' understanding of how science is applied to everyday life.

John Kranjc, manager of the Olin plant on McKee Road, said, "Olin is extremely pleased to be able to help

establish a special Science Resource Center at Theodore Roosevelt School. This targeted program enables us to work side-by-side with our community on a project that really makes the difference."

Located near Lyell Avenue, the Olin Rochester plant is considered the oldest continuing manufacturing business in the city. This industrial legacy began in 1823 when Samuel Moulson and his family began making soaps for saddles,

boots and personal use. Today, the product line at Olin-Rochester has evolved to a broad array of specialty chemicals that are tailor-made to satisfy each customer's needs. The primary product line is Omadine biocides. Zinc Omadine is the active ingredient in the world's leading anti-dandruff shampoos. Sodium Omadine has obtained popularity in the metalworking industry, where it fights metallic corrosion.

## KEVIN B. MURRAY — REDUCING VIOLENCE

City residents deserve safe streets, schools and neighborhoods, but violence has forcefully intruded upon our lives, whether directly or indirectly. Violence and the fear of violence inexorably diminishes the quality of life in many of our neighborhoods, and the surrounding suburbs are not exempt from its effects. The entire community must be involved in solving the conditions which lead to violence, and County Legislators who represent the city are working to get County government to be part of the solution. We need to forget about political partisanship, turfism or who gets the credit. We need to get to work and solve the problem of violence.

Last December, The Community Mobilization Against Violence, appointed by Mayor Ryan, released its report: "The Will to Reduce Violence: Mobilizing the Rochester Metropolitan Community." The report recommends actions and programs which involve both the county and city governments, as well as business, social service agencies, churches and educational institutions.

I and several other county legislators who represent the City, William Benet, H. Todd Bullard, and Willie Lightfoot, immediately asked the county to implement the report's recommendations, particularly in the area of improve-

ments in the criminal justice system, job training and creation and changes in the delivery and accessibility of health and human services. These are all areas in which county government has a great deal of jurisdiction and clout.

We have also asked county administration to join with the City and appoint a permanent task force to work with all segments of the community, set concrete goals for reducing violence, and oversee implementation of the resulting comprehensive plan.

To this date, however, the administration has not responded to our requests. We understand that the County Executive is developing his own plan to address community violence — we have waited months for that plan, and it has not yet come forth.

Meanwhile the recommendations of The Community Mobilization Against Violence gather dust, and the safety of the community continues to disintegrate. If we are not willing to take the urgent and necessary steps to address the violence in our community, we will never be able to ensure a desirable quality of life for all county residents or guarantee our economic stability. Residents of Rochester's northwest neighborhoods can help by letting all elected officials know that we need action now.

## NEW VOLUNTEERS OF AMERICA BUILDING EXPANSION

The Volunteers of America will be holding an Open House and ribbon cutting ceremony on September 24th, in honor of the new expansion to its building at 175 Ward St. The two-year project was started in 1991, with a HUD grant of \$543,000.

The new expansion brings 40 additional beds to the VOA's homeless shelter, a new kitchen and dining facility, a library, chapel, group rooms, counseling services, and office space.

### What the VOA is About

Since 1896, The Volunteers of America has been one of the nation's largest multi-purpose human services organizations. The VOA provides programs to address specific community needs. In Rochester, these programs

include: residential programs, child care services, and community outreach. Specific community outreach services include: a health clinic, crisis assistance, a literacy program, handicapped assistance, drug and alcohol support, volunteer opportunities, among other services.

By far the largest source of the VOA's operating revenue comes from its sales of donated products. There are eight VOA thrift stores in the Rochester area (including 424 Lyell Avenue and 822 Dewey Avenue). The VOA gladly accepts donations of appliances, clothing, household goods and fixtures, medical supplies and vehicles/boats.

For more information about the VOA call 454-1150.

## Restaurant Profile

### WILSHIRE RESTAURANT AND CATERING

Tucked away near the intersection of Mt. Read Blvd and Lyell Avenue, there is a place where a home-style lunch is always \$3.95 or less. That place is the Wilshire Restaurant, 1245 Lyell Avenue, a family-owned business for more than 30 years.

The Wilshire offers traditional American diner food: meat and potato, gravy, veggies — plus pasta and sandwiches. The restaurant itself is rich in tradition — founder Joe Putrone has been in the restaurant business for nearly his entire life. As a youth during the 1940's, Putrone worked at the old Avery restaurant. After entering the Army in 1950, he served as a mess sergeant. These days, however, Joe mostly does the office paperwork and his wife Sally handles the cooking, but Joe still makes the sauces and gravies.

The Putrone family also operates Wilshire Catering, which opened during the late 60's. The catering business offers complete sit-down meals that start at \$4.50 per person, and include free set-up and delivery. The Putrone family

provides catering services for anything from small groups of ten or more to large crowds. At one time, they provided the food for 2,500 people at an RG&E picnic. Joe and Sally's son Greg, who also works in the business, says, "There's nothing we can't do when it comes to food service and catering".

In 1979, Greg started another business related to the restaurant — he began whole-selling the families' homemade salads to neighborhood groceries and deli's. Greg says that whenever he made a delivery, someone would exclaim, "Here come the 'salad man'!" Thus, the business known as The Salad Man was born.

Currently, The Salad Man clientele reaches as far away as Buffalo, Syracuse, and Pennsylvania. The Wilshire Restaurant, 245 Lyell Avenue, is open 6 a.m. to 3 p.m. Monday through Thursday, 6 a.m. to 8 p.m. Friday, closed Saturdays and Sundays. Wilshire Catering, at 254-5765 is open seven days a week.

## CAMPBELL STREET REC CENTER "CHAMPS"

On Tuesday, August 17th at Cobbs Hill Recreation Center, Campbell Street Recreation Center defeated Charlotte Recreation Center to win the City-wide 16 and under Softball Championship, by the score of 14 to 6.

Led by Kyle DeFranco's 4 RBI's, the team put the game away in the first inning with 6 runs. The team combined solid defense with a total of 15 hits to take command early in the game. Congratulations to the Campbell Street Rec-

reation Center team for a job well done, and to the coach, Sally Soler, for working with the team through the spring and summer. The team consisted of: Cyril Doctors, Angelo Martinez, Shawn Nelson, Larry Cook, Robbie Polimini, Julian Rodriguez, Josua Ruiz, Yvette Logares, Kyle DeFranco, Marci DeHollander, Calvin Huggins, Wally Mays, Anthony Williams and Miguel "Danny" Cruz

## NYSERNet Computer Conference Comes to Rochester, NY

Rochester, NY - The New York State Education and Research Network (NYSERNet) will bring *NYSERNet '93*, a convention focusing on computer networking and worldwide information resources, to the Holiday Inn Holidome in Rochester, New York from Thursday, September 30 to Saturday, October 2, 1993. The Theme for this year's conference is "Access to the World's Information Resources."

NYSERNet is a computing networking organization that provides Internet access to over 200 New York State colleges, universities, research centers, K-12 schools, libraries, agencies of state and local government, and private sector corporations.

Thursday afternoon's agenda will include an Open Board Meeting of NYSERNet's Board of Directors, and a meeting of NYSERTech, NYSERNet's technical user's group, followed by a wine and cheese reception. Friday's Conference program will feature a full day of parallel sessions along four program tracks: Education, Libraries, On-Line Information, and Network Technologies. Tutorials will take place Saturday, utilizing the computing facilities of Rochester Institute of Technology and the University of Rochester. Tutorials will include one-half day hands-on sessions for beginning and advanced users, plus one-half day workshops on "Organization and Policy Issues for Libraries" and "Integrating Internet Access into the Classroom." Full-day technical tutorials include "Linking Your LAN to

Internet," "Building and Maintaining a Gopher Server," and "Token-Ring Connections to Internet."

*NYSERNet Conference '93* registration fees are \$120 for non-profit organizations, \$195 for others. Walk-in registrations add \$25. Tutorial fees are \$65 for on half-day session and \$120 for one full-day or two half-day sessions. Reduced-rate lodging is available at the Holiday Inn host hotel on Jefferson Road in Rochester. Call 716/475-1510 and request the NYSERNet rate. Persons interested in receiving the full conference brochure can either send an Internet e-mail request to conference@nesernet.org, call NYSERNet's corporate offices at 315/453-2912, or send a written request to *NYSERNet Conference '93*, NYSERNet Inc., 200 Elwood Davis Rd., Suite 103, Liverpool NY 13088-6147.

The First NYSERNet conference, held in New York City in September 1992, filled with over 300 attendees, so early registration is recommended. For more information, call Reno Antonietti, conference co-chair, RIT, 716/475-2552, Timothy Lance, conference co-chair, SUNY Albany, 518/442-3535, or James Luckett, executive director, NYSERNet, 315/453-2912.

## ARTISTS CONCERNS — GALLERY EXHIBITS

A variety of visual statements by members of the Rochester Art Club and their guest exhibitors, will be on display at City Hall's Link Gallery from August 24th through October 4th. The public is invited to meet the artists at a reception on Friday, September 17th, 5 - 7 p.m.

Members of the Rochester Art Club have organized a show for the express purpose of sharing, through the visual media, artists concerns. Using watercolor, photographic collage, acrylics and pencil, area artists explore environmental issues, world tension, human and animal rights, gender identity and idolatry.

Art Club members contributing to this show are: Charlotte Barnard, Shirley Blier, Harry Bliss, Milton Bloom, Loc Cross, Marjorie DiSalvio, Barbara Ford, Alice Gold, Christine Henehan, Harry Hicks, Valerie Larsen, Carol McHarry, Kristine Malone, Jeanette Musliner and Katherine Page. Guest artists include: Richard Beale, Yvonne Cupulo, Patti D'Ambrosia, Bruce Gluck, Jill Gussow, Joe Hendricks, Judy Jones, Wendy McHarry, David Pruden, Krysia Mnick and Jack Wolsky.

Incorporated in 1897, The Rochester Art Club is the second oldest art club in the United States. Early members of the club are credited for helping to establish the Memorial Art Gallery. As a non-profit organization, the Rochester Art Club continues to promote the arts and art education in the Rochester area.

The Link Gallery is open from 9 a.m. to 5 p.m., Monday through Friday. It is located outside the Employee Relations Office (Room 103A) in City hall, 30 Church St. For more information, contact Judie Griffin at 328-2600.

## MAPLEWOOD YMCA SWIM TEAM INFORMATION MEETING

The Maplewood YMCA Sea Dragons are looking for new swimmers to be part of this year's exciting swim team. Our YMCA participates in a league comprised of Rochester area YMCA's. Meets are held on Saturday afternoons starting in November and running through the first part of February. Flexible practice times are available at the Maplewood YMCA throughout the week. The team is made up of boys and girls, ages five to seventeen. Swimmers of ALL abilities are welcome and you do not need to have experience in competitive swimming prior to joining the team. In preparation for this season, we will be holding an informational meeting at the Maplewood YMCA on Monday, September 13th at 6:00 p.m. Sea Dragon parents and swimmers, along with YMCA Staff will be present to talk about the ben-

efits and fun of participating in this family oriented activity. Our practices will start the week of September 20th. The first week of practice is open to all prospective team members without having to register for the program. If you have any questions regarding the Sea Dragons please call the Maplewood YMCA at 647-3600.

## FALL FEST

Maplewood Neighborhood Association will be holding its annual Fall Fest on Saturday, September 25th from 2 - 7 p.m. at lower Maplewood Park, near the playground. Fun for the whole family! Games! The pass is \$5, valid for one year from September 1st and entitles the bearer to a 50% discount to many Bureau of Recreation admissions and activities. For information call 428-6755.

## TOY TRAIN MEET:

To be held at the Edgerton Community Center, 41 Backus Street, (turn on Phelps from Lake Avenue), from 10 a.m. - 3 p.m., Sunday, November 7th. Visitors may tour the well-known Edgerton Model Train Exhibit during the show. Admission is \$2 per adult, \$1 for children under 13 or \$5 family maximum. For details call Lee Wood at 544-0916.

## NORTHWEST SENIOR CENTER: A STUDY IN UNIQUENESS

Northwest Senior Center, 41 Backus Street, prides itself on being unique... first, the Center is situated in one of Rochester's oldest and most popular dance spots, the Stardust Ballroom at Edgerton Park. Secondly, Northwest's mature adults participate in customized classes and special events arranged by Program Manager Carolyn Arnold. One popular course offering currently operating is:

Wednesday, Sept. 29, 10:00-1:00, "Native American Day," dancing, costumes; Friday, Sept. 24, 10:00-12:00, "Indoor/Outdoor Picnic at Center in Park," \$1.75 donation, games and music;

"Nutrition for the 90's," - 10:00 am Fridays - optional cost for materials (\$1.00 - 3:00). Topics include: "Who me? Fat?" (Learn how to assess your nutritional health); "Learning to Use the Pyramid," (practice choosing healthy foods); "Everything You Read Isn't True!" (explore nutritional myths and facts in print); "Fat Chance for Survival," (calculate the fat content of your present diet); "Healthy Alternative Eating Styles," (study vegetarianism and what it involves); "Public Market-ing," (travel on a field trip to the Public Market to study natural, fresh food); "Recipe Sharing and Food Sampling," (practice preparing foods for your good health); "Pulling it All Together," (begin to develop an improved permanent eating plan)

For more information on "Nutrition for the 90's," and other programs, call Carolyn at 254-0663.

## MAPLEWOOD NEIGHBORHOOD ASSOCIATION

Minutes from September 8, 1993 Meeting

Phil Mizesko reported that he had appeared at a Zoning Board of Appeals meeting to express the Neighborhood Associations opposition to an expansion request submitted by Mirage Palace on Ridge Road. George Winter confirmed that the Board of Appeals has denied the expansion request. If Mirage Palace wishes to pursue its expansion, it will have to go to court.

Don Rothschild announced that the next meeting of the Landlord's Group will be on September 29th at 7:00 p.m., at Sacred Heart Rectory. There will be speakers there from the Police Department to discuss Operation STAND which is directed against open marketing of drugs.

Don also reported on his participation, as MNA's representative, on a West Ridge Road Reconstruction Committee. The NYS Department of Transportation has submitted three ideas for its reconstruction of Route 104. The plan includes the coordination of traffic lights, the shutoff of Pullman Avenue, the extension of Eastman Avenue, and the construction of a fly-over for Lake Avenue. The construction of the fly-over would require the demolition of existing housing in the area and would shut down Piehler's Auto Sales location. Don had some drawings of the proposed reconstruction and there was a decision to form a separate West Ridge Road Committee to analyze DOT's plan and develop a response to the proposal. Several people signed up for a meeting to be announced by Mr. Rothschild.

Six Owens Street resident came seeking assistance with addressing drug sale activity and gun shots on their street. STAND apparently conducted a drug raid on the street recently, windows had been shot out of a resident's car, and residents are totally fed-up with the situation. City Council Member Bob Stevenson, Don Rothschild from the Landlord's Group and Captain Corridi from the Police Department agreed to set up a meeting with concerned resident's on the street to develop a plan to address these concerns.

Captain Russ Corridi introduced himself and two other officers to the group: Lieutenant Mark Case from the 3 to 11 shift and Officer Chris Picha, Lake Section's Crime Prevention Officer. Captain Corridi discussed how Lake Section handles drug house activity in the area: When he receives complaints of drug house activity from citizens he checks with officers on the street to verify the observation. If other complaints have been received and officers verify activity, the address is noted. Each week, the 10 most active houses are reported to the Vice Unit and Operation STAND. Captain Corridi works with landlords and residents to suggest actions that help cut down on drug activity in the area: actions ranging from eviction to increasing visibility by adding lighting and cutting down bushes or putting up fences to cut down on accessibility.

Every twenty-four hours, Operation STAND and the Vice Unit report what they have done to the section Offices. If they have taken no action (examples: search warrants or drug raids) on the ten most active houses reported by the Lake Section, Captain Corridi calls headquarters to urge them to take action on his reports. When

arrests are made at an address, the Police Department sends out written notice to landlords. If there are two arrests at a rental property within an eighteen month period, the landlord will be notified that he cannot lease the property for one year.

Captain Corridi is supportive of the expansion of the Landlord Group to cover all of Lake Section. The Group is instrumental in instructing landlords about their rights and responsibilities and in helping them to screen tenants and evict bad ones more effectively.

The next Maplewood Neighborhood Executive Meeting is scheduled for Wednesday, October 6th, at the Maplewood Public Library on Dewey Avenue, at 7:00 p.m. If you have a problem or concern as a resident of Maplewood, please attend. The MNA can't help if we don't know about it. We also invite you to come and get involved in the solutions!

lot more expensive than one might think, so let's have a strong show of support. Other groups will also be participating in the Fall Fest, among them the Maplewood Co-Op Nursery School and the Maplewood Neighborhood Association.

We have been invited by Mayor Ryan to participate in what the mayor describes as "an exciting and critical Neighborhood Planning process, creating a vision, identifying short and long term goals and objectives, and developing a strategic implementation plan". What this means is that by the end of the next year the various neighborhoods across the city will come up with detailed, concrete plans about how they want their neighborhoods to develop in the next five to ten years. This will not be an idle exercise. We are given assurances that these plans will determine the City's budgeting for capital improvements and other investments in our neighborhoods.

We cannot simply rely on the efforts of two or three people in developing these plans. I would like to invite anybody in the Maplewood community interested in the planning process to join us in this effort. The Maplewood Neighborhood Association meets every first Wednesday of the month at the Maplewood Library, 7:00 - 9:00 p.m. The meetings are open to the public. Please share with us your concerns and your vision for the future of our neighborhood.

**BOB STEVENSON**

A few issues back, I announced a reward program for reporting illegal dumping. The administrative regulations have just been announced. The reward is \$100. The number to call is 428-5990.

What you need to report to 428-5990: (1) Location, time, date of alleged dumping; (2) Description of material dumped; (3) Any information regarding the identity of the alleged violator which may include: the name of the violator, a description of the individuals involved, a description of the vehicle and license number of the vehicle; and (4) Your name, address and telephone number.

To collect the \$100 reward, you should be the first person reporting the event and not be an employee of the City or a family member of an employee. Also, the report must result in the issuance of a ticket for illegal dumping. Remember, illegal dumping is costing us \$500,000 to \$800,000 per year. Eight hundred thousand dollars will pay for twenty-four new police officers. We need them. Please report any illegal dumping. The regulations fill two single-space sheets. Call me at 428-7538 if you want a copy.

We have a fine young Police Department. Of the 674 authorized police, 198 officers have three years or less time on the job. They are well trained. Although the State of New York only requires sixteen weeks of training, Rochester provides 47 weeks of training. It's a slow but thorough process.

The County of Monroe collects about \$56.6 million in real estate taxes from city taxpayers, about 23.5% of the county taxes. We pay for a Sheriff's

Road Patrol which does not directly benefit city residents. The major benefits go to localities with no police departments.

To balance this, the County gives \$1.368 million for city policing downtown. Most of the thousands commuting in and out of downtown daily are suburban residents. This \$1.368 million figure has remained unchanged for many years while the costs for the Downtown section have increased to \$2.8 million. Should the Sheriff's Road Patrol continue to be funded by city residents? Should the County's subsidy to the Downtown Police Section be increased?

**CHILD & ADULT  
FOOD CARE  
PROGRAM**

The Edgerton Child Care Services, Inc., 121 Driving Park Avenue, announces the sponsorship of the Child and Adult Care Food Program for the Family Day Care Satellite Program.

All adults enrolled in an adult day care program will be offered the same meals with no physical segregation of, or other discriminatory action against any adult because of race, color, age, national origin, sex or handicap. Adult participants enrolled in an adult day care program and who are members of food stamp households or who are SSI or Medicaid participants are automatically eligible for free benefits.

For further information regarding this excellent nutrition program, please contact Kathy Bell at 254-6734.

**Assemblymember SUSAN JOHN**

As crime and violence continue to plague our public schools, we must realize that this can no longer be considered just a "city problem". Suburban and rural schools are facing an alarming increase in drug and alcohol use, assaults, and weapon possession.

In fact, studies have shown that alcohol use by suburban students is higher than for urban students. Too often the mistaken assumption is made that less-populated areas do not have problems with school violence and substance abuse.

Sadly, New York State lags the nation in coming to grips with this growing problem. Not only does the state lack a program aimed at curbing school violence, the State Education Department does not even gather the statistics to identify the magnitude of the problem. In May, I was pleased to be appointed chair of the Assembly subcommittee on Public School Violence which will give me the opportunity to further examine this critical issue. Children will not succeed in school if they do not feel safe. Let's take a look at what students have to say:

- \* One out of every five students has feared being attacked at school.
- \* One out of every eight students has been afraid when going to or from school.
- \* Almost 33 percent of students said they had brought a weapon with them to school for protection at least one time during high school.
- \* 44 percent of students consider their school less safe or as unsafe as the neighborhood where it is located.

The increasing violence occurring in our schools reflects the serious prob-

lems facing our community. Children witness violence daily and observe adults condoning violent behavior, either in sports, movies or the family unit. We can adjust both our behavior and the message we send to children, and we must consider including steps in any comprehensive program to address the growth in violent acts in schools.

Many people wonder how much schools can really do when there are so many societal reasons for the increase in violence. While schools certainly need to institute clear and strict discipline policies, more measures are necessary to develop safer schools. One area of promise has been the increased use of violence prevention programs which teach children how to resolve their disputes peacefully. Educators have argued that the tactics used in the war against drugs and smoking should be applied to the problems of violence. Children should be taught the danger and consequences of violence as well as methods of avoiding conflict. These prevention programs provide hope for a long-term reduction in violence so that schools can concentrate their attention on education instead of fights, guns and drugs.

**BIG BAND DANCES RESUME**

Big Band dances resume Wednesdays September 1st - October 13th in Warehouse #3. Dancing begins at 6:30 p.m.; a donation of \$2 per person (\$3 per couple) is requested. Dances are sponsored by the Ontario beach Park Program Committee, the County of Monroe, 950 AM, and Music Performance Trust Fund. Let's dance!!

**CITY OF ROCHESTER - African Awareness Series**

The City's generational-building program, JOY (Joining Older and Younger), will host an African Awareness Series featuring African musician Lansana Kouyate from the Republic of Guinea Conakry, West Africa, beginning Tuesday, September 21, at the Danforth Community Center, 200 West Ave.

This six-part African Awareness Series, for ages 12 through adult, will be repeated five times during the 1993-94 year on Tuesdays, 7:00 p.m. - 8:30 p.m. The series is free, but pre-registration is suggested.

The series will explore the music, dance, food, language, customs and history of Kouyate's native African tribe, the Malinke Tribe of West Africa. Kouyate will demonstrate African instruments such as the djembe and balafon. He will also teach traditional African dances such as dundunba, soli and kassa, and recount Malinke folktales. Participants will prepare African dishes and utilize Malinke vocabulary during the course of the series.

Kouyate's name denotes his status as a musician. "My name means musician", says Kouyate. My music is more than my heritage; it is my life, my soul." The Kouyate clan has served traditionally as griots or oral storytellers to the descendants of the great Emperor Soundiata of the ancient empire of

Kouyate has performed with the National Orchestra of Guinea as a guitarist. He has also participated in the prestigious "Festival Arabo of Morocco" in Agadir, Morocco. While in Morocco, he worked with the National Ballet of Guinea as well as the musical ensemble, Les Aigles. Kouyate has traveled extensively in Europe with another musical group, Fatala, of Guinea.

In February of 1992, Kouyate

moved to Rochester to join his wife Mariame. He hopes to develop a corps of dance and drums in the area to encourage the growth of traditional African music, culture and dance.

Currently, Kouyate has an ensemble in Rochester named Djoliba, which plays traditional-modern African music. The African series is one of many JOY sponsored events and activities. "We want youth to share positive experiences with adults and senior adults - and vice versa", says Donna Bopp, Center Director.

Last year the Danforth Community Center offered a Spanish cultural series, filed trips, a bowling event, a musical, an African Fashion Show, dances and numerous other activities.

For further information and registration, call the Danforth Community Center at 428-6746, 9 a.m. - 5 p.m.

**CITY OF ROCHESTER - Garden Contest**

The City's Department of Parks, Recreation and Human Services today announced the winners of the third annual Flower City Garden Contest. Top entries were named in six categories: 1) Coordinated neighborhood enhancement; 2) Commercial; 3) Institutions/not-for-profits; 4) Single family residences; 5) Multi-family residences; and 6) Special mention.

Judges were master gardener Jim Lytle, Meteorologist at R-News; Linda Schaffer, Cornell Cooperative Extension 4-H Program Assistant; and Teresa McEntee, City of Rochester horticultural technician.

Selected as first place recipient for neighborhood enhancement was the Oxford Street Mall, maintained by the Oxford Mall Association and located between Park and Monroe Avenues. Greater Rochester Cablevision, 71 Mt. Hope Ave., received the award in the commercial category. The Presbyterian Residence Center, 1570 East Ave., was named recipient of the award in the institution/not-for-profit category.

Frances Davis, 29 Diem Street, was honored for her outstanding gardening

in the single-family residential category. In the multi-family category, the Cornhill Community Garden, 170 Troup Street, was named tops. Special mention went to Monroe Community Hospital, Residence Flower Club, in the institutional category.

A formal recognition of the winning gardens and a presentation of large matted photographs of the recipients' gardens will occur during River Romance Weekend at the Center at High Falls, Rochester Room, 4 p.m. on Sunday, October 17th. A reception for the winning gardeners will follow.

A photo display of the winning gardens will be on display through Thanksgiving weekend at the Center at High Falls.

The contest is a part of the City's Flower City Looking Good program designed to enhance the city through gardening, including workshops, children's gardening classes and programs, flower festivals, the Flower City Market Day, and the "Lots of Blooms" program designed to encourage residents to adopt and beautify vacant lots.

**ATTENTION SALMON FISHERMAN :  
Rules For Fishing the Genesee Gorge**

Welcome to the Lower Gorge of the Genesee River, one of Western New York State's most productive sport fisheries. This information has been developed by the Mayor's Ad-Hoc committee on the Lower Gorge to insure a safe and enjoyable Pacific Salmon snatching season for both anglers and Rochester's residents. A fishing access point is located at the corner of Seth Green Dr. and St. Paul St. and open from 6a.m. to 7p.m. There is no westside access in the Lower Falls Area.

Please note that on-street parking regulations are strictly enforced. Limited parking is available at the Seth Green access point. Additional parking is available in the Silver Stadium lot, 500 Norton St. Call 428-6770 for parking information.

**FISH CARCASS DISPOSAL LAWS**  
It is illegal to discard any fish carcass or parts into the freshwaters of the state within 100 feet of shore, or on public or private land within 100 feet of the water, except:

- By owners of those lands;
- Live fish or fish required to be returned as directed by other laws and regulations;
- Bait;
- By proper disposal into suitable garbage or refuse collection systems or by burial; and
- For incidental cleaning of fish to be consumed, but not within 100 feet of any public launching or docking site (unless suitable refuse collection system is used).

**MUNICIPAL PARKS CODE**  
Section 79-4,.A. - No fish shall be deposited on-site except in approved areas. Section 79-11 - No camping is allowed without a permit in writing. Section 79-19,A - No commercial cleaning or purchase of eggs is allowed without permit.

**GENESEE RIVER FISHING REGULATIONS (NYSDEC)**  
Anyone 16 years of age or older must possess a valid NYS Fishing License on their person.

**Snatching permitted only:**

1. For coho, chinook and pink salmon (all other foul-hooked fish must be released without unnecessary injury);
2. From September 18 through October 17;
3. In reach from Stutson Street Bridge up to the Lower Falls; and
4. With conventional Rod, reel and line with one hook (maximum gap 1/2 inch) no more than three hook points).

Possession of trout and salmon is prohibited at night (1/2 hour after sunset to 1/2 hour before sunrise).

The total combined daily limit is three (3) for trout and salmon in any combination. (See current NYS Fishing Regulations Guide for additional details).

**TIPP/DEC**  
Help protect your natural resources. If you witness an environmental conservation law violation, call the new Tipp Dec tollfree ("Turn in Poachers and Polluters to Dec") statewide hotline at 1-800-Tipp Dec (1-800-847-7332).

It's available to New Yorkers 24 hours a day to report fish, wildlife and environmental crimes.

Citizen reports are valuable in helping to end crimes against the environment.

More than 200 calls per month are being received already. The identity of all TIPP DEC callers is kept confidential.

## LOCAL SALES ASSOCIATE AWARDED ONSTAGE AT LONGABERGER NATIONAL CONVENTION

Nancy Robinson was among the nation's top achievers awarded onstage by The Longaberger Company at its August national convention, attended by more than 6,000 people in Columbus, Ohio.

Robinson was recognized as a member of Longaberger's 1992-93 VIP Club, which consists of Sales Associates who sold more than \$30,000 in Longaberger products during the fiscal sales year. In addition, she was recognized as achieving one of the highest levels of sales achievement, selling from \$30,000 to \$45,000 for the year.

Based upon their level of achievement, Longaberger presented winners with specially designed award baskets, handcrafted by the Company's weavers in Dresden, Ohio. Additional awards included United States Savings Bonds, gold jewelry and an award luncheon at Founder and CEO Dave Longaberger's home in Dresden.

Robinson is one of more than 16,000 independent Longaberger Sales Associates nationwide who sell Longaberger products in private home showings, owning and operate their businesses in their homes. The Longaberger direct sales career opportunity offers Associates great flexibility and income based on effort, making it a popular choice in today's lifestyle.

Located in the tiny Ohio village of

Dresden, Longaberger is owned and operated by the Longaberger family. Its basket factory is the largest of its kind in the world, with more than 1,000 basketmakers handcrafting 100,000 baskets a week. The company's products are crafted in America with traditional craftsmanship and the highest quality materials available.

Longaberger's offerings include hardwood maple Longaberger Baskets, Longaberger Pottery, fabric basket liners and table accessories and Longaberger WoodCrafts accessories. Longaberger's famous baskets are each signed and dated on the bottom by the basketmaker, making them cherished collectives.

Through the years, Longaberger has been recognized for premium quality in products and service, as well as its commitment to being a socially responsible business. The Company's distinctions include receiving the Direct Selling Association's Vision for Tomorrow Award, Inc. Magazines' Socially Responsible Entrepreneur of the Year Award and the U.S. Department of the Interior's Take Pride in America Award.

## OLIN INITIATES NEW PHASE OF FIELD WORK

Rochester, Sept. 14, 1993 — Employees at Olin Corporation today advised their neighbors on McKee Road that investigative field work is set to begin on Sept. 23rd at and around Olin's Rochester specialty chemicals plant to determine the extent and nature of historical industrial pollution at the site. Olin initiated investigations of groundwater on its property in 1981, which has led to corrective actions of pumping, treating and monitoring efforts. This latest phase of investigation is needed to determine what has happened beyond Olin's property and to determine the most applicable remedy. The field work is expected to be taking place over the next three to four months.

Olin has retained ABB Environmental Services of Portland, Maine, specialists in groundwater and soil testing, to conduct the field work. Starting next week, ABB will be setting up a field office and laboratory on the site. Olin has contracted for the field work as part of the Remedial Investigation/Feasibility Study (RI/FS) process at the site.

The investigative work will encompass four different operations — 1) profiling to characterize subsurface soil and the different strata of bedrock; 2) sampling by hydraulic press to collect subsurface samples of soil and water; 3) drilling test wells; and 4) well sampling. During the field work, the technicians will wear protective gear ("white suits") as a precaution from direct contaminant contact to the workers, but the general public will not be at risk. There will be some noise as well as a minor amount of dust associated with such tasks as routine test well drilling. The activities will be restricted

to the Olin plant and a roped-off safety area at the sampling work zone. Activity generally will be taking place during the normal work week, specifically from the hours of 7 a.m. to 5 p.m.

The field work is a vital process of gathering complete data about the nature of industrial pollution at the site and determining whether any has migrated off-site. The data will be analyzed, and a report will be submitted to the New York State Department of Environmental Conservation (NYSDEC) as a step to developing the most appropriate method to clean up the site to remove any potential threats to human health and the environment.

For a copy of the Fact Sheet on the Olin site, please call Linda Vera, NYSDEC Citizen Participation Specialist, at (716) 226-2466 or 1-800-342-0256. Further information about this site is available to review at the NYSDEC Avon Office (by appointment only) and at the following document repositories: Rochester Public Library—Lyell Avenue Branch and the Gates Public Library or from the NYS Department of Health, contact Emmy Thomee at 1-800-468-1158.

A Fortune 200 company that celebrated its 100th anniversary in 1992, Olin Corporation's businesses are concentrated in chemicals, materials and metals, defense, aerospace, and Winchester sporting ammunition. A part of the company's Performance Chemicals Division, the Rochester plant manufactures zinc Omadine<sup>®</sup> bactericides and fungicides for antidandruff shampoos, among other specialty chemical products.

## JOHN MARSHALL TAKES A NEW APPROACH TO LEARNING

Students who left John Marshall High School for summer vacation in June will return this fall to the John Marshall Center for Learning, a new educational center that is taking an innovative approach to better serving their needs and interests.

Over the summer, a team of educators, parents, students, and community members set out on the task of redesigning Marshall to improve the school climate and personalize the school experience for students. The result of their efforts is the John Marshall center for Learning, an environment that breaks down the traditional high school structure and replaces it with smaller, independent units that focus on the specific needs of students.

"The John Marshall Center for Learning can be viewed as a shopping mall where students and their families can choose the services and 'goods' that best meet their needs," said C. Michael Robinson, head of the District's New Schools Project.

During 1993-94, those needs will be served by two "schools-within-a-school": the School of Initiatives and the School of Law and Government. Both schools have their own budgets and each has the authority to design and implement the most effective strategies for teaching its students.

### School of Initiatives

The School of Initiatives will serve 800-900 students this year. It will be the "breeding ground" for educational programs that may eventually be developed into other schools-within-a-school at the Center. Programs being piloted this year include:

The Jump-Start Program for 9th graders who are new to Marshall and not enrolled in the School of Law and Government. Students receive extended block scheduling in English/social studies and math/science, providing longer instructional periods in these areas. Teams of teachers will serve smaller groups of students to allow for cooperative planning. Students who are failing a subject after the first five weeks will be required to enter tutoring.

The International Academy of Leadership and Excellence, which features a program of study that takes an Afrocentric approach in its content and delivery; block scheduling; teams of teachers serving smaller groups of students; support services for students and their families which concentrate on improved attendance; and a focus on student self-awareness and personal development.

The Professional Practice Initiative, which focuses on improving student performance through new educational practices.

The Thematic Initiative, which

organizes Center-wide activities based on broad themes such as mass communication, the environment, space exploration, and others. The Graduation Program, which focuses on the academic needs and support for all seniors and graduating juniors. The Careers in Education Program, which will become a citywide magnet for all students interested in the field of education.

The Special Education Initiative, which provides support services to allow more students with special needs to attend courses in the regular education program. The Multicultural Program, which will broaden the multicultural approach of Center curricula.

### School of Law and Government

The School of Law and Government will serve approximately 325 students through a curriculum covering the following areas: law enforcement and career awareness, civic service learning, conflict management and mediation, communication skills, and a "middle college connection" which prepares students for higher education.

Through extended daily class time, students will be able to complete full-year courses in one semester, allowing them to take advanced courses during the second semester. Student government leadership in the school will be based on national and world government models.

The John Marshall Center for Learning also includes a unit known as Center services which provides student and instructional support, parent and community services, and administrative support. This unit will provide complete support to all schools and initiatives so that teaching staff can focus maximum attention on teaching and learning.

## HOLY FAMILY CLASS OF '63 30TH REUNION

The thirty year class reunion will be held on Friday, October 1st, at Mapledale Party House (1020 Maple Street). Doors open at 6:30 p.m. and dinner will be served at 7:30 p.m. The cost is \$25 per person and there will be a cash bar. Music from the 50's and 60's and many surprises!!

The reunion committee consists of: Tony Liccione (964-3077), Tony Serafine (227-1461), Ann Marie Scibilia (352-6049), Lucille Massaro (986-3693), and Angie Lucisano (467-2257).

Please help us locate the following: Ann Glover, Kathleen Johnson, Ellen Munnings, Anthony Petote, Dorothy Schickler, Cheryl Smith, Jeffrey Stock, Michael Verno, Lillian Zaccaria, and Cathrine DeCesare. Send in your special memories you wish to share or comment on. The party is for graduates, husbands, wives and friends who would like to renew old acquaintances and share a few laughs! The choices for dinner are Prime Rib, Mediterranean Breast of Chicken, or Broiled White Fish. Select your dinner choice and mail your check for \$25 per person to Tony Liccione, 1313 Brookedge Drive, Hamlin, N.Y. 14464 (please enclose phone number).

## THE CLUSTER GAZETTE OF SCHOOL #43

The school year is off to a great start. The Family Cluster is a new concept this year. The Cluster involves Mrs. Desso's, Mr. Kenyon's and Ms. Deverell's classes, along with the school support staff. The classes will be working together during the afternoons. The Cluster has developed weekly and monthly themes. The first theme is "All About Me". We will be working on manners, self-esteem, and families.

Our first week was used to review manners and everyone decorated their own placemats. The placemats were laminated and will be used all year.

On Friday each class invited some of the other students from the other classes and each class practiced manners while having a snack. Each child had an opportunity to share their placemat with the class. The cookies and juice disappeared in record time and with no spills. Everyone did a Super Job!

The 4th, 5th and 6th grade students in Peg Heberling's and Pat Hostutler's classes will participate in a program this year called "TEACH AND REACH".

"Teach and Reach" is an effort to link classroom learning with commu-

## CONCERTS BY THE SHORE A SUCCESS

Joe Carrozzi, Chair of the Ontario Beach Program Committee, reports record numbers attended the summer Concerts by the Shore. Honors were presented to the Program Committee from Wegman's and County Manager Bob King, who attended the last concert. Both presented the committee with framed color pictures of Charlotte and the Park as it appeared at the turn of the century. The pictures will be displayed in the Sand Sculpture area of Warehouse #3. Donations collected at the concerts are used for the family-type entertainment programs presented at Ontario Beach Park. The program Committee extends its thanks to all who donated during the summer.

## CCA FAMILY PICNIC BIG SUCCESS!

About 100 Charlotte Community Association families attended the first annual Family Picnic on Wednesday, August 11th at Ontario Beach park. The variety of salads, desserts and other foods brought by members was almost endless. Chase Manhattan Bank picked up the tab for most of the picnic costs by paying for the hots, rolls and condiments.

There were also some great door prizes too. Prizes were provided by the LDR, Charlotte Video Worx, Harbor Miniature Golf and Carvel's as well as from the Marine Volunteer Fire Dept. who provided a cruise to about 20 attendees in their two boats. Thanks to all who participated.

The Trinidad & Tobago steel band was the featured concert for the evening at the Performance Pavilion. They were great and drew a crowd of several thousand to the park. All in all, the weather was superb and the event was just super. Because of its success, we plan to do it again next year.

**MAKING MEMORIES — 1993 SUPPORT CAMPAIGN**

Maplewood Family YMCA will kick-off its 1993 Annual Support Campaign on October 6th. This year's theme "Making Memories" summarizes what the Support Campaign is all about. Making lasting memories for kids of all ages by providing Summer Camp, swimming and sports programs. Leadership opportunities for teens, Parent/child programs creating memories never to be forgotten.

The Annual Support Campaign helps Maplewood YMCA provide programs that bring families closer together, keep kids going in the right direction; and help them meet their pledge that no one will be denied the opportunity to experience YMCA programs because of an inability to pay.

"The Annual Support Campaign supplies the necessary funds to provide special services in the Maplewood YMCA service area. The funds raised enable us to offer needed programs at affordable rates and to provide financial assistance to many people who are not able to afford these fees. Thus providing a quality of life otherwise unavailable to a large section of this

community". Tom Flynn, Executive Director, Maplewood YMCA. This year's goal is \$35,000. Every dollar counts toward providing needed programs that make a difference in the lives of our children and the future of this community. There are Heritage Club (\$1,000) and Founder Club (\$500) contributions. A Triangle Club (\$250) contribution will provide a Youth & Government Scholarship, and four weeks of Resident Camp. A Century Club (\$100) contribution will provide one week of Day Camp and four sessions of Swim Lessons. A \$50 contribution will provide one session (7 weeks) of Swim Lessons and one Youth Sports Activity. "Your contributions will be used directly for these needed services. I ask you to consider a generous gift." Linda Kunz, Chair/Support Campaign.

The Campaign is in progress and will run through to November 6th. Last year's campaign was a tremendous success and with your help this year's campaign will also be successful. Now is the time to show your support of the Maplewood YMCA and send your con-

tribution to: Maplewood Family YMCA, 1993 Support Campaign, 25 Driving Park Avenue, Rochester, N.Y. 14613.

If you would like more information on the 1993 Support Campaign contact Tom Flynn, Executive Director, Maplewood YMCA at 647-3600. Help Maplewood YMCA to keep making lasting memories for kids, teens, and adults. Make your contribution today. Thank you.

**THE FAMILY PLACE**

The Family Place provides parent education and support as well as early childhood education for families living in the Northwest quadrant of the city. A need for additional help in fundraising is needed due to the lack of available money for prevention. If you have time and an interest in fundraising please call Mary Muller at 458-4100.

**NEIGHBORHOOD HOPE RECEIVES FUNDING**

Neighborhood HOPE, a program that teaches elementary school students peaceful conflict resolution techniques, has received \$5,000 from The Harold and Joan Feinbloom Foundation that will help enable the program to provide these services to 30 classrooms in Rochester's Lyell-Otis and Edgerton neighborhoods.

The program, which was successfully taken to 33 different classrooms during the 1992-93 academic year, has met with the approval of principals of Schools #5, #30, #34, #57, and Most Precious Blood one of whom said "Up till we had this program, we talked about conflict resolution, now we do it!" Requests for this program have come from these and other schools within the target neighborhoods.

Nancy Donatucci, Program Manager for Neighborhood HOPE, said "This grant will directly impact the level of violence in the Lyell-Otis and Edgerton neighborhoods by teaching elementary school students the skills they need to solve conflicts in a non-violent manner."

**"WHAT'S HAPPENING?"**

by Michael D. Cerame  
Chairman, LARC

And so what's happening?

At first there were 8 mayoral candidate and now it has boiled down to one—**Bill Johnson, Jr.** On September 14th Bill Johnson Jr. won the Democratic primary election. It seems that of all the other candidates, Mr. Johnson appeared most resolute and capable of dealing with the City's numerous problems. He won decisively, taking 35% of the vote, compared with 25% for **Ruth Scott**, and 20% for **Kevin Murray**, the party's designee. He ran strongly throughout the city. He and Mrs. Scott combined polled 60% of the vote in the city with a white majority. Thus, the Democrat nominee is almost certain to emerge from the November General Election with a clear popular mandate to pursue his agenda of change. We wish Mr. Johnson all the luck in the world and urge all citizens to support him in this endeavor to fulfill his agenda.

And so what's happening?

We are happy to report, there are more new businesses opening on Lyell Avenue. **Elvis** will be opening a new **Sub-Sandwich Shop** at 254 Lyell Ave. **Lewis Rivera** will be opening a **Collision Shop** at 265 Lyell Avenue. **The Trade-Wind-Noodle Company** owned by **Vin Nguyen** and his partner **Loren Carter** will start production the week of September 27th. At the beginning, they expect to employ ten, with an anticipation going to 100 within two years.

And so what's happening?

In my last column, I failed to acknowledge the following for their participation in the Lyell Festival. **Eddie Traugott** for being so gracious for letting us use the famous **Ronccone Restaurant** for the VIP Reception quarters. **Eddie Winters** of **Winters' Collision** at 1716 Lyell Avenue for his fantastic Antique Car Show that he ran on the Delco grounds. And to **The Abundant Life Congregation** of Jay street for donating and performing with their Drum and Bugle Corp. at the Mt. Read Plaza Children's portion of the festival.

And so what's happening?

We are happy to report that **General Supply Company** of 366 Lyell Avenue just had a new face lift with a new front façade. We are also happy to report that **Frank Byrnes** of 55 Lois Street has remodeled all of his interior and repainted all of his building outside. And while we are at it, we want to congratulate Frank Byrnes' daughter, former Assistant District Attorney for winning the Democrat nomination for City Court Judge in the last primary election.

And so what's happening?

It was great to see Monroe County Graffiti Busters led by **Mike Rood** and **Vernetta Brown** from Monroe County Graffiti Buster, and volunteers from the **Vivian Hamilton's Girl Scouts** from Schools NO. 5, and 17, Holy Apostles, Holy Family, and volunteers

from the Charles House, Abundant Life Congregation, and L.A.R.C. clean all the buildings that had graffiti on Jay Street beginning on State and all the way up to Glide Street. This gang did that cleaning, and then all the volunteers were treated to pizzas at No. 17 School. Pizzas were donated by **Sammy's Pizza** of 401 Ames Street, **Mario Nacca Pizza** of 463 Jay Street, **Pugino's Pizza** of Lyell and Murray Street, **Veltre's Pizza** of Parkway, **Petrillo's Pizza** of Lyell Avenue, and **New York Pizza** of 1219 Lyell Avenue. Many, many thanks for all the pizza for the volunteers. And of course **L.A.R.C.** supplied soft drinks to quench their thirst.

And so what's happening?

We are happy to report that the porno picture house in the Lyell Shopping Center has finally been closed. L.A.R.C. has been busy trying to find new tenants. Several proposals have been ventured. One proposal by a group of church ministries, the other proposal had been made by a group that would like to promote various ethnic movies. There seems to be a demand for this type of entertainment. In any case, either of these proposals is better for the revitalization progress of the community.

And so my friends that's what's happening!

**NFL/GATORADE "PUNT, PASS & KICK" COMPETITION**

The Punt, Pass and Kick is a football competition that allows youngsters (boys and girls) to showcase their talents in punting, passing and place kicking with scores based on distance and accuracy. The Competition is open to all boys and girls ages 8 through 15. There are eight age groups that are eligible to compete. Age classification is as of December 31, 1993. A valid birth certificate must be presented for age verification.

To enter participants must fill out an entry form that includes a parental waiver signature; which can be picked up and returned to the Maplewood Family YMCA. There are no registration fees or purchase requirements. All participants receive a certificate from the NFL, signed by the Commissioner Paul Tagliabur. Prizes for age group winners include ribbons, metals, plaques, and trophies.

The Competition will be on Saturday, October 2nd (10:00 a.m.) at Edg-

## JOYFUL SOUNDS

by Rev. Jeff Jarrell

Abundant Life Christian Center  
Oh what joy it is to see the North-west neighborhoods coming together to "take back our streets". We have so many great opportunities that are right at our fingertips, and now is the time to join hands and all pull together in the same direction in order to become more effective.

I learned years ago, that for me to have great success, that I must first put my thrust in God. Many time we may try hard at making our plans successful, but with God's help and his divine wisdom...many more ideas, suggestions and strength will come to me in many different ways. Isn't it just wonderful to be able to put our differences aside and to join hands and hearts together...to once again regain "total control" of our great and beautiful neighborhood. The great majority of the folks who live within our area, are honest, caring and loving citizens...therefore with each of us doing our part we all become..."winners".

Just another little word of encouragement...you must never allow your differences with one another to come between you and your "vision". We don't have to agree on everything and we never will, so we must put aside our childish attitudes and learn to love each other as we are. No matter the color of your skin, or how much money you have or don't have and no matter what church you attend, we serve a God that is a God of all people and He shows no favor to no one, therefore it's high time to stop playing games and for each one of us to come together and sound the "Joyful Sounds" of unity, laughter, power and most of all "Love".

So don't QUIT, don't turn back, don't even talk about the negative part...just hold your head high, be positive, we will win, we are winning...and remember we may loose a battle now and then...but we have already won the war..because we serve a God of a second chance!!!

It's exciting to be a part of a team of winners, join the Neighborhood Association today and become a positive force in our great city.

erton Park (Jefferson Middle School). Entry forms will be received at Maplewood YMCA up to closing time (9:45 p.m.) on Friday, October 1st and at Edgerton Park field on Saturday, October 2nd from 9:30 - 10:00 a.m. the day of the event. Entry forms are not complete until a parent or guardian signs the waiver on the entry form and a valid birth certificate is presented for age verification.

There are six other sites for local competitions coordinated through the Rochester are YMCA Branches. The top scorer in each site competition will advance to the area finals (10:00 a.m., Saturday, October 16th at Bay View YMCA). The top scorer in each local age group advances to a Sectional competition. The top five in each age group will advance to the NFL Team Championship at Rich Stadium. The top 5 scorers nationally in each age division will advance to the National Finals.

For additional information contact Tom Flynn, Executive Director at Maplewood YMCA (647-3600).

## MAPLEWOOD CO-OP NURSERY SCHOOL — A NEIGHBORHOOD TRADITION

The Maplewood Co-Op Nursery School has been helping three-and four-year-olds get ready for school — and have fun doing it — for almost thirty years! Originally known at the Dewey Avenue Presbyterian Nursery School, and operated by the church, the operation of the school gradually was turned over to the parents of the nursery school children. After a lull of a few years in the late seventies, the school was revived at the Maplewood Co-op Nursery School in 1981 under the leadership of Lorna Lawler, Faye Hale, Irene Michaels, who served as teacher, and Grace Dillon, kindergarten teacher at School #7. Since 1985, Mrs. Jeanne Spalty has taught at the school. Mrs. Spalty earned a bachelor's degree in Elementary Education from Kent State University and has experience as a kindergarten teacher.

A special feature is that the school is co-operative — the parents take turns assisting in the classroom. "I really enjoy being involved with the kids," said parent Laurie Sarkis. "It's a great way to spend some special time with your child," added Abby Rowe, another parent. The children have such a good time with play, crafts, stories, and songs that they hardly notice that they're leaning colors, shapes, numbers and letters. Monthly field trips also give the children a glimpse into a wider world.

"We still have a few openings for three- and four-year-olds," said registrar Denise Petrakis. "Anyone who is interested should call me at 647-3805. Parent and child can come observe a class to see if our school is right for them."

## LETTER TO THE EDITOR

To the Editor:

Last week my thirteen year old son Keith commented that he used to be proud of his neighborhood, the Tenth Ward. He said this as I drove him home from his paper route. Seems he'd lost another bike. Well, he didn't really lose the bike, it was forcibly taken from him by three young males who were brazen enough to walk up to him in broad daylight and relieve him of his property. Out of context this would simply be another example of kids without respect for other's property. This is however, only the last in a string of such incidents. Seems only two weeks before, on that same paper route, two different boys tried to relieve Keith of that same bike, but with no success. If two times wasn't enough, my son's last bike was forcibly taken from him at the Maplewood Rose garden last summer in full daylight by three more Urban hoods that patrol our once safe neighborhood. Now, stealing bikes that are left on lawns is one thing, but this confrontational behavior is growing evidence of a shift in the nature of our neighborhood.

Last weekend, a friend's 11 year old boy was beaten by a group of nine boys on the way back from the Maplewood Playground, a facility that so many of us helped to build. The police, incidentally, know the identity of these young criminals-in-training but judged that prosecution was not possible. The police also reported that one of the suspect's parents laughed when she heard what had happened. Once again no consequences accrue to those who act outside the law. What a marvellous lesson we just taught those

hoods.

Seems one of our scouts at Troop 68 showed up with a black eye, he too had been beaten up a group of young thugs, walking the streets of the Tenth Ward. Was there a provocation? Not according to the recipient of the beating.

As if the safety of our kids walking the streets wasn't enough, we have the dubious distinction of having burglaries on three sides of our house after the recent four house spree on the street next to us.

We are long time residents of the area and have elected to stay in what has until now, been a stable area. Many of our closest friends are here. We have always been attracted to the diverse nature of the local population and the proximity to good schools and shops. We find ourselves in the position of questioning our decision. We are torn between our links to the people here and our growing concern about the level of crime and violence in the neighborhood. We wonder if our kids will ever be able to walk the streets safely? Will we be safe in our own home? It is out of anger that we ask, what can be done to get a handle on the problem, lest we be chased from our home of 11 years.

Let's not just sit around and complain or hope that the problems will simply go away. We applaud the work of the Maplewood PAC TAC organization and hope more people will get involved. We all need to encourage an active dialog among community groups, local schools and the police department. This is our chance to fight back! Let's take back our neighborhood so that we can all be proud of our neighborhood again.

- Dennis E. Lohouse

## MAPLEWOOD NEIGHBORHOOD ASSOCIATION EXECUTIVE COMMITTEE MEETING

Minutes — 10/6/93

The meeting was opened at 7:10 p.m. by President Nicholas Zumbulyadis. Treasurer, Debbie Mousso, reported that there are currently 165 paid members of the MNA. This represents a considerable drop from several years ago when it used to run 350+.

Phil Mizesko reported that the Fall Fest was a big success. Proceeds from the festival are used exclusively for the maintenance and updating of the playground. Thanks were expressed to George Winter for making a great sign for the festival. The MNA had a booth and raised approximately \$100 from the sale of T-shirts and maple sugar candy. Phil has very attractive MNA T-shirts for sale, call him at 458-1833 to get one — they're only \$8.00.

A meeting on the subject of the restoration of Lakeview Park will be held at the City's Parks Department Office at 400 Dewey Avenue on Tuesday evening, October 26th, at 7:30 p.m. Funding for the project will come from a combination of monies from the ice storm (FEMA) and the Frederick Olmstead Restoration Grant.

Everyone is welcome to attend a Chicken Bar-B-Que at the Maplewood Rose Garden on Saturday, October 16, from 1 to 5 p.m. Money raised will be used for funding the Rochester Landscape Technicians Program which trains men and women for careers in horticulture.

Cost is \$5. Entertainment will be provided by "Whiskey Road", a Country music band — from 3 to 5 p.m. This event is part of the River Romance Weekend.

Several residents of Winchester Street were present to complain about drug activity at one of the houses on their street. They stated that they were thoroughly frustrated with the lack of response to their complaints from the Police Department. Bob Stevenson immediately went to the telephone and placed a call to the Lake Section and stated that he would follow-up with Captain Corridi and Lt. Joseph Sturnick the next day. Lt. Sturnick is keeping the statistics on drug activity for the

section. Each call to the Lake Section office is recorded in order to identify the ten most active sites for drug sales each week. Police response, from the Vice Squad and STAND is then prioritized based on this information. Please call the Lake Section, 8 a.m. to 4 p.m., to report drug activity (428-7252), or call the drug hotline at 428-6000. Needless to say, if you or another individual is in immediate danger call 911 first!

Owens Street residents met with Police, John Guigno from the City's Property Conservation Office, Bob Stevenson, and Don Rothschild at the Lake Section Office as a follow-up to last month's MNA meeting. Efforts are being coordinated to address their concerns with drug activity on their street. From now on, there will be a spiral notebook passed around at all MNA meetings to record concerns about drug sales or code violations. As Steve Wilcoz suggested, we will use the information collected as a basis for identifying the Top Ten trouble spots in the neighborhood and prioritizing follow-up investigation and action.

Don Rothschild reported on the "104 Reconstruction Committee" which met with Kevin Farley from the Sear Brown Group, project consultants, and Daniel Landers from the New York State Department of Transportation. There was a presentation and discussion of three possible plan proposals. Neighborhood residents all expressed their dismay at a proposal to create a "fly-over" of Lake Avenue that would require significant demolition of properties surrounding the area. Mr. Farley and Mr. Landers both stated that the idea will be scrapped as a result of strong neighborhood opposition. Other parts of the plan will include: Reconstruction of Route 104 from the Veteran's Bridge to out past the Mall area; Ridgeway will be four lanes to Primrose — with no parking allowed; Eastman Avenue will be extended through Dewey to 104; and Pullman Avenue will be closed off. Don will report back to the MNA on subsequent

**BOB STEVENSON**

110,000 tons of garbage, excuse me, solid waste, are collected citywide each year. Nobody really wants it; so we have to pay someone to take it off our hands. Most of it goes to a nice sounding place, a landfill, Millseat Landfill.

Landfills are built like very fancy in-ground swimming pools except much more expensive. A pool is a hole in the ground, leveled and covered with sand and clay and lined with plastic. A landfill requires two plaster liners, underground collector pipes, many feet of gravel, sand and clay and expensive covers when filled.

All this is expensive, very expensive. The City has been paying \$67 per ton to Monroe County to take our solid waste, \$0 per ton for recyclables and we do our own leaf composting, 5000 to 10,000 tons of leaves. Add on the cost of collecting this stuff at \$75 per ton and you get a feel for the real cost of collecting and disposing of our garbage. Luckily, we have just renegotiated a long term more favorable tipping rate with Monroe County, \$62 per ton, a savings of over one half million dollars per year.

If we could eliminate illegal dumping on Rochester streets, we could save another half million dollars. Don't forget that you can help by reporting illegal dumping to 428-5990, and the Senior Code Inspector, Louis Gilmette, AND claim a \$100 reward.

To claim the \$100 reward: (1) describe the vehicle; include the license number; (2) describe the driver; (3) record the date and time; and (4) if possible, take a picture.

Great Lakes ports were originally designed for large commercial vessels; recall the hoopla when the St. Lawrence

Seaway opened. The commercially intensive use never materialized at the Port of Rochester. Instead the Port fell into disrepair.

In the early 1980's, New York State asked communities with commercial port facilities to rethink those waterfronts and plan to redevelop them. The Mayor's Administration asked a large group of people to brainstorm and plan such reuse of our port area. This effort resulted in our local Waterfront Revitalization Plan, a \$110 million vision.

This vision was refined, presented to New York State, accepted and also adopted by City Council. Critical to the LWRP, is some way to control the "SURGE". The "surge" is our local name for large waves generated by northeast storms. This surge can destroy any small boat against its dock.

The port is regulated by the Corps of Engineers. Any protective structures in the lake must be federally funded. Representative Louise Slaughter has lobbied successfully in the House for the last two years. However, there is also a Senate and we had no clout until Senator Daniel Patrick Moynihan became the first New York Senator since Robert Wagner in 1946 to lead a Senate Standing Committee.

Thanks to Louise Slaughter and Daniel Patrick Moynihan, both houses have funds for a surge control structure at the mouth of the Genesee. Our fingers are crossed. One hundred million dollars of development along the Genesee hinges on their efforts.

Till the next time, get mad; get involved. Join your neighborhood association. Join PacTac. Take your neighborhood back. Any governmental problems? Give me a call 428-7538 or 254-8845.

**NIMROD**

October is Drug Awareness Month and keeping with that theme, we had Craig Johnson, from Park Ridge Chemical Dependency as our special guest speaker on October 18th. He filled us in on what their special perspective is concerning the drug problem.

We would like to remind everyone also that October is renewal month for your memberships. Thanks for all your support this past year. We couldn't have accomplished anything without your help.

Exciting things are happening within our community and organization. October 23rd, a silent community side march is being planned — Regional United March Against Drugs (R.U.M.A.D.). Right down Main Street folks!! We will be asking everyone to get involved. Kids will be encouraged to join us by participating with their schools. It is the start of Red Ribbon Week and a great way to help build awareness. Imagine — thousands marching down Main Street — get excited!! Encourage other to join. It's going to be great!!

Also we are in the process of helping a great group of younger people in our area organize a chapter of Jr. NIMROD. This opens up a whole new resource in our community — our kids!! It will be their organization, with their own goals, meetings, and direction. It's something that I'm very excited about. All too often, we hear about the negative things where kids are concerned. We have a great number of fine decent young people here. Let's help them show their stuff.

Interest has been expressed concerning the Adult DARE Program that is offered by the Community services division of our Police Department. We

need to know how many would be interested and what evening would be best to schedule the program. Please call 647-2651 and leave a message or drop a note to our address.

We're looking forward to a great second year. Neighborhoods are coming together all over the city. Be proud of what we have done!! We are being used by the police department as an example of what can be done when people stick together. We are taking our neighborhood back.

**CROSS COUNTRY**

The First Annual Nazareth Schools Cross Country Invitational was held at the Maplewood Park site on Saturday, September 18th. Twelve schools participated. Among these were Aquinas, Albion, Alfred, Brighton, East, Gates-Chili, Finney, Geneva, Midlakes, Sedus, and Wayne.

The Nazareth Schools came away with three trophies: one for second place in the JV small schools modified race, one for first place in the varsity race (Karen Scozzafava) and one for the fastest female athlete also earned by Karen.

Coach Joe Merenda and Athletic Director, Dave Pisano were pleased by the participation and turn out at the first annual event. The weather prevailed, the parent-boosters were super and the athletes were dedicated.

Theodore Roosevelt School #43 put together an extensive program to help students recognize the varied heritage and tremendous contribution of Hispanic culture to our society. Along with making decorations and studying different aspects of Hispanic Culture, students and staff enjoyed the opportunity of meeting and learning from guest speakers of Hispanic background, who are in a variety of different career roles. Included were Roberto Ortiz from Olin Chemical Corporation; Eduardo Mantilla of Delco Chassis (both companies sponsor projects at #43 School); from the City School District August Melendez, Supervising Director of Human Resources; Rebecca Tores Lynch, Director of Human Resources; Senora Kathy Henzel, Spanish teacher World of Inquiry, (#58 School); and Maria Haymon, Spanish teacher at #55 School.

Assistant Principal Alma Campbell expressed that all enjoyed the enrichment of learning about Hispanic customs and traditions and how these have influenced American Society.

Reginold Royston, a senior at The Aquinas Institute, has been named as a Commended Student in the 1994 Achievement Scholarship Program for Outstanding Negro Students. Rev. Dennis P. Noelke, C.S.B., principal, made the announcement today. The Achievement Program is administered by the National Merit Scholarship corporation (NMSC) and is a privately financed, compensatory activity in which only Black Americans may participate.

Reginold is one of nearly 3,400 seniors chosen from more than 90,000 black students who requested consideration in the 1994 Achievement Program. Entry into the program was gained through the 1992 Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT). Students being commended have shown academic promise, but they fall below the level needed to continue in the competition for Achievement Scholarship to be awarded in 1994.

Reginold is the son of Mr. and Mrs. Alva Royston of Rochester. He currently serves as President of the Aquinas Student Council and is also a member of the varsity football team.

Seven students of The Aquinas Institute have been named as Commended Students in the 1994 National Merit Scholarship Program. Rev. Dennis P. Noelke, C.S.B., principal, announced that Cori Chase, Christian DiPaola, Matthew DiPaola, Shane Eisenman, Erik Gustafson, Aaron LeBlanc, and Ramon Sanchez will receive a Letter of Commendation from National Merit Scholarship Corporation (NMSC).

About 35,000 Commended Students throughout the nation are being honored for their outstanding performance on the 1992 Preliminary SAT/National Merit Scholarship Qualifying Test, which was the route of entry to the 1994 Merit Program. Commended Students have shown exceptional academic promise by placing among the top five percent or more than one million program entrants; however, their qualifying test scores are slightly below the level required to continue in the competition for Merit Scholarships to be awarded in 1994.

An NMSC spokesperson stated, "Being designated a Commended Student in this keen competition is a credit to these young people as well as to their schools, which play a key role in their development. We hope that the recognition these scholastically able students receive will encourage them to develop their talents and abilities to the fullest, and that the example they set will inspire other young men and women to strive for academic excellence. Commended students represent a valuable intellectual resource crucial to our nation's well-being".

Two seniors at The Aquinas Institute have been named as Semifinalists in the 1994 National Merit Scholarship Program. Rev. Dennis P. Noelke, C.S.B., principal announced that Thaddeus Brown and Robert Murphy are among some 15,000 Semifinalists announced by the National Merit Scholarship Corporation (NMSC), which conducts the program. They have an opportunity to continue in the competition for more than 6,500 Merit Scholarship worth over \$25 million, to be awarded next spring.

More than one million juniors in over 19,000 U.S. high schools entered the 1994 Merit Program by taking the 1992 Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which served as an initial

screen of program entrants. The nationwide Semifinalist pool includes about half of one percent of each state's high school graduating class. They are top scorers in each state, and they must now advance to the Finalist level of the competition to be considered for Merit Scholarships.

Thaddeus, the son of Mr. and Mrs. William Brown of Rochester, has been actively involved in football, lacrosse and the AQ video club. Robert, the son of Mr. and Mrs. Patrick Murphy, also of Rochester, has been actively involved in Speech and Debate, Mock Trial and Peer Ministry.

**MARSHALL'S WILLIAM  
WORTH WINS WNY  
PLAYER OF THE WEEK  
AWARD**

Marshall quarterback William Worth received the All Western New York High School Football Player of the Week Award for his outstanding performance against Greece Athena.

TV-13 Sports Director Mike Catalana and Buffalo Bills' superstar Bruce Smith made the presentation at a local restaurant. The plaque will be on display in the main corridor of John Marshall High School.

**GREECE ATHENA HAND  
JURISTS 1ST LOSS IN JV  
FOOTBALL, 22-6**

Greece Athena snapped John Marshall High School's three game JV football winning streak by stopping the Jurists 22-6.

Maurice Jackson scored for Marshall in the first period on a 73 yard TD run and Jamil Porter led the offense with 122 yards rushing. Chris DeJonge and Josue Torres led the team in tackles.

**MARSHALL SHUTS OUT  
EDISON TECH 12-0 IN  
FRESHMAN FOOTBALL**

Marshall shut out Edison Tech 12-0 in freshman football.

David Ceasar led the Jurists with 91 yards on 15 carries and scored one touchdown. Reggie Owen carried five times for 40 yards and one TD, and Sheefe Duniat totaled 82 yards on eight carries.

James Williams and Tyshawn Wilson led the defense with 15 tackles each. The defense also stopped Edison three times on the Marshall goal line.

**TEACHER  
OF THE MONTH**

In keeping with our theme for the '93-'94 school year: "The Measure of Our Success"..., we will be highlighting a teacher of the month.

This month, that honor goes to Sister Mary Ann Mayer of the language department. Sister Mary Ann received her BA from Nazareth College and her MA from St. Bonaventure University. She is former member of the Board of Trustee's serves as a lecturer at St. Francis Xavier/Holy Redeemer Church and is a former Brazilian missionary. This year, Sister has assumed the duties of Freshmen class moderator in addition to teaching Latin and Spanish.

Sister Mary Ann, who is a 1958 graduate of the Academy, says, "Nazareth has a long tradition of excellence and of being a caring community. I am proud to be part of that tradition."

**HOW TO BARROW A BOOK FROM  
JOHN MARSHALL LIBRARY**

Your plastic student I.D. card is also your library card at The John Marshall Center for Learning. You just give it and the book(s) to the person at the desk. The book will be due in the library in about two weeks on the date stamped on the blue card in the book pocket. One caution: If you charge out books for friends, you do so at your own risk because you are responsible for the books.

**WHO DIALS DIAL-  
A-TEACHER?  
YOU AND 9,000  
OTHERS FROM  
ALL OVER!**

Dial-A-Teacher, the student telephone help-hotline, handled more than 9,000 calls last year. That's an average of 73 calls each evening.

Dial-A-Teacher is operational 4 p.m. to 7 p.m., Monday through Thursday by calling 262-5000.

Most call (3,584) were from city elementary schools, with an additional number (2,236) from city high school students.

There were 426 calls from parents seeking advice on how to help their children with homework, 217 requiring a response in a language other than English (mostly Spanish), and 569 call to the Homework Hotline Show on WXXI-TV.

While the vast majority of calls came from city school students, there were calls taken from students in public and parochial schools in virtually every town and suburban school district in Monroe County.

**PUMPKIN FEST AT  
EDGERTON**

The children at Edgerton Child Care Services Inc. celebrated fall by having a Pumpkin Fest!

The morning started with pumpkin shaped cinnamon toast with raisin smiles. The playground was then converted into a pumpkin patch. Each child was able to select his own pumpkin to take home. The children then snacked on decorated mini donuts and apple cider. Pumpkin stories, pumpkin projects, pumpkin songs and pumpkin stickers filled the day. A great day was had by all.

Everyone at Edgerton Child Care would like to thank Gerald Schwartz for his generous donation that funded the Pumpkin Fest.

**NON-SMOKING  
ROOM SEATS 100+**

Since June Aquinas Institute has made their spacious cafeteria a non-smoking room for Bingo players. With seating of 100 or more, there is plenty of room and there's no smoke floating in the air! So if you like Bingo but don't want to breathe smoke, this is the place. Every Wednesday, 8 p.m., \$1000 in prizes, Bell Jars and refreshments including fresh pop-corn.

**DIRECTOR OF  
DEVELOPMENT**

Sister Ann Collins is pleased to announce the new Director of Development for the Nazareth Schools, Mrs. Joan Fama. Mrs. Fama has been in the "development" field for a number of years, beginning at the U of R Medical School, then ten years at Harley and most recently at the Park Ridge Foundation.

She is skilled and has been very successful in her work. It was her wish to return to the academic environment and the school calendar. We are fortunate to have her join us in our mission.

Mrs. Fama began on September 7th and her office is in the newly re-structured #112. Join us in welcoming Mrs. Fama to the Nazareth Community.

## AMERICAN HEART ASSOCIATION'S HEARTFEST SHOWS HOW LOW-FAT EATING CAN HELP YOUR HEART

The American Heart Association is pleased to present HeartFest, a nutrition event designed to help people learn about low-fat, heart-healthy eating. HeartFest will be held October 11-17 at all Tops Friendly Markets and Quality Markets and at participating Bells, Big M, Super Duper and Jubilee stores.

When you enter your grocery store during HeartFest week, an American Heart Association volunteer will give you a free booklet with information on heart-healthy eating and how to read the new nutrition label that will appear on all prepared foods. The new label will make it much easier to find the fat and sodium in packaged foods, so that planning heart-healthy meals will be easier than ever.

Why is it important to know the fat and sodium content in foods? When you reduce your intake of total fat, saturated fats and cholesterol, you can reduce your blood cholesterol, and thus your risk of developing heart disease. Controlling the sodium you eat can lessen your chances of developing high blood pressure, also a risk factor for heart disease.

Blood pressure is especially important for African-Americans to watch. recent studies indicate that the tendency of african-Americans to have high blood pressure is related to a gene of African origin. The gene causes African-Americans to retain salt, increasing body salt and water, which raises blood pressure.

African-Americans have the highest rate of high blood pressure in the world — almost one in three adults has the disease.

High blood pressure increases the heart's workload, causing the heart to

enlarge and weaken over time. It can damage blood vessels and, if left untreated, can also damage the brain, kidneys and eyes. High blood pressure is called the "silent killer" because there are usually no symptoms. It can go undetected for years until a severe problem develops.

High blood pressure cannot be cured, but it can be controlled. In addition to eating less sodium, fat and cholesterol, the American Heart Association recommends the following ways to help control high blood pressure.

- \* Have your blood pressure checked regularly. If it's high, work with your doctor to get it under control.
- \* Get regular exercise. You can condition your heart with 30 to 60 minutes of brisk exercise 3 or 4 times a week.
- \* Maintain a reasonable weight — people who are overweight are more likely to have high blood pressure.
- \* Go easy on alcohol — heavy or regular drinking contributes greatly to high blood pressure. In some people, any alcohol can raise blood pressure.

The American Heart Association recommends that total fat intake be less than 30 percent of calories eaten each day, and that saturated fat be less than 10 percent of total calories. Cholesterol intake should not exceed 300 milligrams a day, and sodium intake should not exceed 3,000 milligrams a day.

HeartFest is sponsored nationally by ConAgra (Healthy Choice), The Quaker Oats Company, Campbell soup Company, Guiltless Gourmet, Keebler and the Morningstar Group (Second Nature Real Egg Product).

## ASSEMBLYMEMBER SUSAN JOHN WARNS AGAINST TELEPHONE SCAMS

BEWARE. A new telephone scam is being run in New York State that could leave you on the hook for someone else's calls. Consumers are being warned to be on the alert for scam artists impersonating New York Public Service Commission employees to gain access to telephone credit card numbers in order to charge long distance calls to unsuspecting victims.

The PSC recently issued a "Consumer Alert" warning New Yorkers not to give out personal telephone credit card numbers to anyone, or to accept charges for long-distance calls from people they don't know.

Look out for con artists who call after 5:00 p.m. claiming to be conducting an investigation for the PSC, AT&T or some other legitimate company. Frequently these crooks say they are conducting an official investigation of fraudulent use of the telephone system and will ask their victim to cooperate

by giving their telephone credit card PIN number. The victim is then given the PSC's toll-free HELPLINE (1-800-342-3377) to call for verification — but since it is after business hours, the victim only hears a recording verifying that the caller has reached the PSC. Unfortunately, many people assume that this means the investigation is legitimate — but it is not!

If you give your telephone credit card PIN number to a stranger, you could end up with staggering phone bills for long distance calls you never made, both in and out of the United States.

If you think you have been trapped by telephone con artists, call or write the Federal Communications Commission, 2025 M Street NW, room 6202, Washington, D.C., 202554 — (202) 632-7553 and notify the local office of the New York State Attorney General, 546-7430.

### HANDY HARDWARE STORE

by Chris Ambrose

The Handy Hardware Store, 1306 Dewey Avenue, is ready to compete with the big chain stores. Handy Hardware now offers:

- \* Single-cut keys for the everyday price of 59 cents;
  - \* Weekly specials that rival those of the chain stores;
  - \* A new sharpening machine (scissors, knives, sawblades, etc.);
  - \* Window and screen repair services with the guaranteed lowest price of the competition — and a quick turnover.
- Handy Hardware will pick-up within 24 hours.

workers) may not be knowledgeable about construction or remodeling."

In addition to customer service, Handy Hardware emphasizes low prices. For example, an East Wing 24 inch hammer that the competition sells for \$34.95 can be found at Handy Hardware for \$24.95. The store is also gearing up to offer Contractor Discount Cards — a service that the major stores no longer offer.

Handy Hardware's inventory is expanding too. The store plans to sell

plants and seeds and the regular inventory includes plumbing supplies and bikes and trikes.

Keith Johns promises, "We will do everything in our power to give you the best service as well as the best price." Handy Hardware (647-6630), 1306 Dewey Avenue, is open Monday - Friday 8:00 a.m. to 8 pm; Saturday and Sunday, 9 a.m. to 4 p.m.

Handy Hardware manager Keith Johns, a licensed contractor, who specializes in refurbishing/remodeling, says that his store offers "all the services that the old (neighborhood) stores used to provide but no longer offer; (such as) customer service and advice — versus the big stores where (the

His outspokenness on the true conditions of our inner city, and the gross mismanagement of our city government by our present City Council proves that E.J. Harris is not afraid to step on toes...

### 12-POINT STRATEGY FOR GREATER ROCHESTER

1. Community Policing with stronger Civilian Review
2. Repeal of the City's new gun control law, Introduction No. 64, to be replaced with one that focuses on criminal misuse.
3. Better implementation of education and School District budget reform.
4. Focus on Rochester's Mental Health crisis.
5. Proactive approach to crime/violence among youth.

6. Economic Development with Tax Abatements
7. Neighborhoods/Housing/City Inspectors
8. More Drug Treatment Facilities within the inner city.
9. Focus on Illegal Drug Use: No to the needle exchange program & smoke shops.
10. Prostitution task force
11. Repeal of the Hack Plate ordinance.
12. Professional sports franchise feasibility study.

# MAPLEWOOD YMCA

Rediscover Parenting • Y-Indian Guides & Indian Princesses

Rediscover the meaning of being a parent. Renew your commitment to your child. YMCA Indian Guides Program has four branches that provide important times together for fathers and sons (Indian Guide), fathers and daughters (Indian Princess), mothers & daughters (Indian Maiden), and mothers & sons (Indian Brave).

The Maplewood Family YMCA is organizing tribes for Y-Indian Guides Program which coincides with your child's school year. Tribes can be formed by neighborhood groups or by school groups. Each tribe is built around Indian folklore with special activities, games, crafts, dance, storytelling, songs, and tribal outings.

Each tribe has two or more tribal activities a month, one of which is a

tribal meeting held in the homes of members on a rotating basis and a tribal outing.

Tribes may be affiliated with other tribes as part of a Y-Indian Guide "Nation". The Nation sponsors intertribal events several times a year like special trips and campouts. The Y-Indian Guides Program is for children ages five to nine years of age and each child must bring a parent/guardian with them to the tribe meetings and outings.

Each parent-child team pick out Indian names for themselves. American Indians name their children for some event in the child's life, for an outstanding character trait or for a spirit that they hope will guide the child.

Each tribe makes its own "tribal property" like a tribal drum (opens &

closes each meeting), totem pole (different sections are constructed by each parent-child team), talking sticks (which grant the right to speak), and many more. Making these "properties" are fun and they teach responsibility. These activities also help knit the tribal members closely together.

The exact nature and content of each Y-Indian tribe's activity will vary considerably as its members seek to develop a program related to the needs and interests of all parents and children. However, there seems to be a certain magic for both parent and child as they share a campfire together; listen to stories of the Iroquois, sleep in a teepee; share in making Navajo jewelry; paddle a canoe; or play a Choctaw game (more later!).

The past and present culture of American Indians challenges parents in two ways: to be aware of their roles as parent, guide, friend, and example for their children; and to develop young boys' and girls' natural curiosity and enthusiasm for life.

Registration for this program runs from October 20th - 28th. The program begins in November and continues till the last day of school.

If you would like to know more about the Choctaw game stop by Maplewood YMCA or call Amy Steinbrenner, Y-Indian Guides Program Director (647-3600). If you would like to talk to Linda Kunz, Nation Chief; leave a message at the reception desk for a return call.

# "WHAT'S HAPPENING?"

by Michael D. Cerame  
Chairman, LARC

And so what's happening?  
It's with a happy note that we report that the former Russo Gas Station was recently purchased. The new owners are Jose and Grace Espinosa. Mr. Espinosa is an excellent mechanic and he invites all of his new neighbors to stop in and say hello. He moved in on the first of October, and he is looking forward to servicing his neighbor's autos.

And so what's happening?  
Speaking of the Russo Gas Station, we want to take time out to compliment the good police work that resulted in the arrest of Russo's killers on September 29th. Congratulations to the Policemen who worked so hard and diligently to capture the culprits. Again, Congratulation! Good police work!

And so what's happening?  
The famous Rancone Restaurant still has the same good menu, however, the outside is undergoing a complete change for the better. The new façade is being put on by owner, Ed Traugott. It will probably be finished by the time you read this. It is evident that owner Traugott has great confidence in the Revitalization Program taking place on Lyell Avenue. Ed is confident that LYELL is still the Avenue of Opportunity. We congratulate Ed for his effort, and we hear rumors that other businessmen are thinking of making façade changes too. The spirit is catching!

And so what's happening?  
Speaking of changes, we note that Rochester's Community Development Commissioner Thomas Argot has stated that the first phase of the demolition of the Empire Mall is now taking place. The asbestos part is being attended to now. The balance of the building is predicted to be coming down by Thanksgiving. We can look forward to using the Parking Lot next year.

And so what's happening?  
On Saturday, September 26th, THE GRAFFITI BUSTERS, headed by Mike Rood and his assistant Vernetta Brown headed a team of County Workers, plus adult and youth volunteers from L.A.R.C., Girl Scouts, Church and School organizations cleaned the Graffiti off Jay Street, from State to Glide Street. Congratulations to the Graffiti Busters Gang who have

done a great job all summer. By golly it shows, making a great difference to our neighborhoods.

And so what's happening?  
Speaking of Graffiti clean-up, the Chrismar Corporation of 1260 Lyell Avenue has sent out flyers and posted a \$500 reward for information which leads to the arrest and conviction of Graffiti culprits. This contributes to the on-going good community spirit.

And so what's happening?  
L.A.R.C. is happy to report that their new Bike PAC-TAC Program is catching on. This year they have had a class of 12 volunteers who have taken and passed the police course and are now biking through the neighborhoods in conjunction with the Police Department. L.A.R.C. invites more neighbors to join the effort and become volunteers.

And so what's happening?  
It is great to see that the ITT Bank of New York has confidence in Lyell Avenue. They recently purchased the Delco Products Plant on Lyell Avenue, and they paint a pretty picture for its future, especially in the subject of more jobs availability. This is another indication that the Revitalization Spirit is catching on and spreading.

And so what's happening?  
In closing, I am happy to announce L.A.R.C.'s next meeting November 15 at D'Andrea's Party House. Plans are being made for a very important, informative, educational, entertaining meeting. It is rumored that even the Aquinas Band may attend. Put it on your calendar, and come see for yourself. We are the gang that gets things done!

And so my friends that's what's happening!

### JOYFUL SOUNDS

by Rev. Jeff Jarrell  
Abundant Life Christian Center  
601 Jay Street

The trees are turning different colors, the nights are turning a little colder, our days are becoming a little shorter and we all are becoming a little older — but that isn't all that is changing!

Attitudes are changing and that is the key to taking back our city. I would like to share with you my friends a number of attitudes that each of us must share in order to keep doing what we are doing to change our neighborhood.

1) Attitude towards God — this is a must! We can no longer treat God as a glass on the table, we need to properly address Him as who He is — He's God, our Savior, our Lord, our source of power, our answer to taking back our great city.

2) Attitude of self — we need to believe not only in God — but also in ourselves — we are somebody, we are special, we do have something worth living for, no matter what has happened in the past — we are important — and we are part of God's plan — isn't that exciting.

3) Attitude of Team Spirit — let's face it, if we are going to change our streets, then each of us must play ball together, someone has to pitch the ball, someone has to hit it, then someone has to catch it! It's called playing ball as a team and in order to be effective, you must have the right attitude in your own heart and mind to be part of a winning team.

4) Attitude of Worth — you must understand that if you could only give one hour a week to your neighborhood — it is worth something. Multiply that

by thousands and then you will see how much your hour a week is worth.

5) Attitude of Expectation — this is so very important as many of us work so hard to take back our city, we need to develop an attitude of that of a woman who is getting ready to deliver her child during labor — hand on, keep up the fight — and push for all you got and then finally — you will deliver your expectations.

I know that I'm different than most Pastors, but to me that's exciting, because for me to be successful, I must have the right attitudes. And so as you are reading this column, put yourself in check and see how your attitudes line up.

In closing, I would like to share with you on how to make your dreams and visions to become reality. We use to sing a song called "I Got My Mind Made Up And My Heart Is Fixed", and in reality this is so true, because if we are to be winners, we cannot look to the left or to the right, but we must put our eyes on Jesus Christ and become unmovable and unwilling to give in to those who put us down or even laugh at us once in a while. Do not get caught up in slinging mud or pointing fingers at those who oppose you, just remember who you are, hold your head high, don't look back, keeping your eyes on your dreams and visions and run directly in a straight line toward your God.

May God bless you and I, as we all work on our attitudes everyday and remember God loves you and so do I.

plan revisions; he also has maps showing proposed changes if anyone is interested in reviewing them. It is expected that construction will begin in the spring of 1998.

The Landlord Group meeting on September 29th was a rousing success, with 126 attending! The meeting topic was drug activity: what landlords can do to protect their investments and the neighborhoods in which they operate. Deputy Police Chief Robert Duffy, Vice Squad Officer, and Lake Section Police presented information and advice regarding Police support that can be provided to landlords, legal consequences for failure to act against drug sales on rental property, and encourage for opening up and maintaining a dialogue. The next meeting is scheduled for October 27 at Sacred Heart Rectory, Flower City Park (next door to the church in the basement) at 7 p.m.

As a result of many complaints of deterioration in the area, John Guigno, from the City's Property Conservation Office will take a walking survey of Selye Terrace and Lakeview Park properties. He will be accompanied by Phil Mizesko and Don Rothschild. Don has

consistently raised the problem of parking in the area, especially Selye Terrace where so many homes have been turned into multiple residences. It was suggested that perhaps we should look into the possibility of petitioning that the street be designated as "one-way" in order to alleviate the problem. John Guigno pointed out that 60% of the residents of the street would have to agree in order to change it.

Bob Stevenson suggested that the MNA invite the Lake section's Crime Prevention Officer to attend its meetings on a regular basis, his presence would be helpful in addressing many of the concerns that residents bring to the meeting. Bob and his wife have been participating in the PAC-TAC patrol at Marshall High School during the lunch time period. He has been armed with a 35mm camera which is showing itself to be very effective in motivating the kids to behave! The Vice-Principal is riding with Police Office Chabot every noon to coral kids who are outside without a pass.

Bob announced that he has prepared maps of the Maplewood Neighborhood. They can be mounted to a foam backing to be used for meetings, etc.

**SAFE HALLOWEEN TIPS**

Each year, on October 31st, little children throughout the United States, in costumes like Snow White, a wicked witch, Mickey Mouse or whatever will be ringing doorbells with "Trick or Treat". There are many unsavory people out in our world today trying to hurt these children out on a night of Halloween festivities.

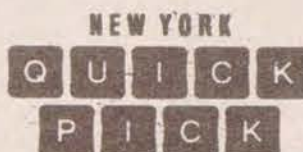

The American Legion Commission on Children & Youth, National Safety Council and American Legion Auxiliary urges all parents to follow some safety tips for these little ones.

Children should wear costumes light in color and non-flammable; do

not use masks (they restrict vision) use facial make-up; carry a flashlight; young children under age of 13, go only in their own neighborhood, urge parents to accompany them; do not accept open treats, and open only at home; neighbors make sure you have a light on; cross only at corners, not between parked cars; obey all traffic lights and motorists should be careful also on this night; walk never run and use sidewalks. We, the members of

the American Legion Auxiliary, Monroe County urge all parents and neighbors to follow these guidelines so these little ones can have a "Safe & Fun Halloween".

## UPCOMING CCA MEETINGS

The October General Meeting will be Tuesday, October 26th, 7 p.m. at Lakeview Towers. The November Executive Board Meeting will be Monday, November 1st at the Charlotte Branch Library. The business meeting is from 6:45 p.m. until 7:30 p.m. The community reps and discussion segment is from 7:30 p.m. until 8:30 or 9:00 p.m. All are welcome to attend.

The November General Meeting will be Monday, November 29th at Lakeside Presbyterian Church, 75 Stutson Street at 7 p.m. Our election of officers and directors will take place then.

The December Executive Board Meeting will be on Monday, December 6th at the Charlotte Branch Library at 6:45 p.m.

## NOMINEES NEEDED NOW FOR 1994 CCA OFFICERS AND DIRECTORS

Are you interested in becoming an active member of the Charlotte Community Association's Executive Board? How about becoming an officer (President, Vice President, Secretary or Treasurer)? If not you, then who? Why not nominate a neighbor or a friend who you feel would be an asset to the organization?

The annual election of the four officers and five directors takes place at the General Meeting in November (it's the 29th this year). The meeting will be held at the Lakeside Presbyterian Church, 75 Stutson Street at 7 p.m. on Monday, November 29th. If we have your nominees by our October newsletter deadline (10/27/93), we will publish their names.

No one has a "lock" on a director's or officer's position. First-time participants are encouraged. For more information, our CCA phone number is 865-6101. Indications are that the following people are interested in the indicated positions: Jim Wood — President; Nancy Scott — Treasurer; Tom Brewer, Dawn Kester, Mary Bayles, Kevin Maloney, Virginia Kobylarz, and Tom Shay — Directors.

Members of CCA, who are in attendance at the November meeting and whose dues are current, will be eligible to vote.

## FDC ORIENTATION SESSIONS OFFERED

Edgerton Family Day Care Satellite will offer New York State Department of Social Services approved orientation sessions monthly. Family day care providers caring for three or more children must register with the NY State department of Social Services and attend a NYSDSS approved orientation which describes the requirements, advantages, and responsibilities of being a registered child care provider.

You must call 254-6784 to sign up for the orientations. Next session date is November 3rd, 9:30 a.m. - 12:00 noon.

## FAMILY RESOURCE CENTER

We have a new neighbor in our midst. It is the Miriam Family Resource Center, located at the Lakeside Presbyterian Church, 75 Stutson Street. There will be a "grand opening" party in the Fellowship Hall of the Church on Sunday, October 17, 2:00 p.m. till 4:30 p.m. Everyone is invited.

There will be refreshments, games, music and crafts for all. Come and find out more about what a Family Resource Center is and what it can do for you. Bring friends! Children are definitely included.

## CANDIDATES NIGHT — TUESDAY, OCTOBER 26TH — 7:00 P.M.

The CCA General Meeting for October will be the annual Candidates Night — on Tuesday, not Monday, October 26th to be held at Lakeview Towers, 4575 Lake Avenue. This is an important meeting for you because it gives you the opportunity to find out first hand how the candidates stand on various issues.

We have invited the Republican and Democrat candidates for Mayor, City Council, and the City School Board to each make a three minute presentation. There will be time allowed for questions from the audience — and refreshments will be served.

While it may seem at times, that going to a Candidates Night is not that important, THINK ABOUT IT! The offices up for election this November probably affect your life more directly than any of the others. The Mayor and City Council determine what kind of city we are going to live in. Streets, trash pick-up, public safety, job opportunities, parks, recreation, sidewalk repair, tree maintenance and replacement, your property assessment and much more come under the control of these officials.

The City School Board affects us in a very big way also. They determine if we are going to have good schools. Their products are our future — our children. Private and parochial schools teach only a small fraction of the City's children. If our public school system doesn't graduate students who can read and write at high school levels, then our city's future looks bleak. The School Board sets the tone and determines our future.

Find out more, come to the meeting on Tuesday, October 26th at Lakeview Towers.

## NORTHWEST SENIOR CENTER

The Northwest Senior Center at 41 Backus Street will be offering the following services:

- Thursday October 28th — Flu Shots, 10:00 - 12:00, \$5 (by appointment only).
- Wednesday October 27th — Northwest's Halloween Happening, 9:00 a.m. - 3:00 p.m., \$4 donation (Mike Kornrich on guitar, games, dancing; Art Scheid's Trio, apple fritters, coffee, cider; Hot Roast Beef Lunch & Chocolate Tarts).
- Monday, November 1st & Wednesday, November 3rd — Northwest & AARP "55 Alive" Defensive Driving Course, \$8, 10:00 a.m. - 2:00 p.m., lunch available both days (\$1.75 donation).
- Friday, November 5th — Sadie Hawkins Day, lapel corsages for men, Kickapoo Joy Juice Punch Music, special activities.

**AENON MISSIONARY BAPTIST CHURCH**, 175 Genesee Street, will hold the 5th 24-Hour Gospel Extravaganza entitled "Can You Rejoice For A Day!", on Friday, November 5th, 7:00 p.m. through Saturday, November 6th, 7:00 p.m. This praise and worship service will include messages from three dynamic speakers (Rev. Jeffery W. Jarrell, Abundant Life Christian Center; Rev. James L. Cherry, Sr., Aenon Missionary Baptist Church and Rev. Clarence Turner, Christ Temple Apostolic Faith Church) along with songs of praise from many choirs, musical groups and soloists from the Rochester and surrounding areas. Special "Twilight Service" uniting parents and youth against violence with a special word of encouragement from Rev. Norvell Goff, Pastor of Baber Chapel A.M.E. and 1993 President of N.A.A.C.P.

The community is invited to come and fellowship together "As One Body In Christ". Come let us "Praise the Lord, sing to the Lord a new song, his praise in the assembly of the saints". Remember the date — Friday, November 5th.

**VENDORS are invited to participate in a Holiday Craft Sales & Fair** 9 a.m. - 5 p.m., Saturday, November 20th at the Danforth Community Center, 200 West Avenue. Fee is \$10 per table. Registration deadline is November 13th. Call 428-6746 for registration.

**A TOY TRAIN MEET** will be held at the Edgerton Community Center, 41 Backus Street (turn on Phelps from Lake Avenue) from 10 a.m. - 3 p.m., Sunday, November 7th. Visitors may tour the well-known Edgerton Model Train Exhibit during the show. Admission is \$2 per adult, \$1 for children under 13 or \$5 family maximum. For details call Lee Wood at 544-0916.

**SIX LOCATIONS OFF FREE BALLET LESSONS** through the City's Bureau of Parks and Recreation. Classes continue through June, culminating in a public recital at East High School. Students may register at any time throughout the year. For general information call 428-6755.

**A TRADITIONAL GOSPEL SING-ALONG** will be held at the Danforth Community Center, 200 West Avenue, every Tuesday from 4:30 - 6 p.m. through May 24, 1994. Interested families, groups, clubs and individuals may join the sing-along at any time. Activities are free. For information call 428-6746.

**ROCHESTER PUBLIC MARKET**, 280 North Union Street. A cornucopia of seasonal produce, as well as meat, fish, poultry, home baked goods, flowers, plants, jewelry, ethnic delicacies and other bargains! 5 a.m. - 12 noon, Tuesday & Thursday and 5 a.m. - 2 p.m., Saturdays. Call 428-6907 for information. Free parking.

**THE "GOOD TIMES PASS"** a discount pass available to city residents 60 years of age and over is now on sale at all City of Rochester recreation centers during regular operating hours and 9 a.m. - 4 p.m. at Parks and Recreation Administration Offices, 400 Dewey Avenue or City Hall, 30 Church Street, Rm. 222B. The pass is \$5, valid for one year from September 1st and entitles the bearer to a 50% discount to many Bureau of Recreation Admissions and activities. For information call 428-6755.

**ROCHESTER'S RIVER ROMANCE** will take place along the scenic Genesee River corridor, from Genesee Valley Park to Ontario Beach Park, Friday, October 15th through Sunday, October 17th. For information call 428-6690.

**THE DANFORTH COMMUNITY CENTER**, 200 West Avenue, offers the following fall/winter activities for adults and senior adults through December 1993. Inter-generational ac-

tivities which bring together all ages are also held at Danforth and sponsored by the JOY program, Joining Older and Younger. Call 428-6746 for information or a copy of the fall brochure.

**Mondays:** Indoor horseshoes at 6 p.m.; evening ceramics for adults (fee \$15), Joy Sit-n-Stitch program, JOY sewing class, all beginning at 6:30 p.m.

**Tuesdays:** Breakfast Club, crafts and ceramics all at 9:30 a.m. Bingo at 12:45 p.m.; youth cooking class at 4 p.m. (adults welcome to help!); gospel sing-along at 4:30 p.m. and JOY African Awareness Series at 7 p.m.

## EDUCATION DISCUSSION GROUP

Parents, educators, and others concerned about the welfare of our nation's children are invited to a reading/discussion group based on the book *Savage Inequalities* by nationally acclaimed author, Jonathan Kozol.

This book focuses on the status of our nation's urban school systems and the many forces which impact those institutions. The study group will discuss what Kozol's findings mean for our country and whether the book has meaning here in the Rochester metropolitan area.

Discussions will be held on three Sunday evenings, October 17th, November 7th and November 21st from 7 - 8 p.m. at Lake Avenue Baptist Church, located at the intersection of Lake Avenue, Jones Avenue and Ambrose Street, just north of Lyell Avenue. Interested persons may call the church office to reserve a book (458-5765).

## REGIONAL UNITED MARCH AGAINST DRUGS

(Rochester City Police Dept.'s Stand Together Against Neighborhood Drugs) is sponsoring a march to help raise drug awareness and kick-off the 1993 Red Ribbon Celebration on Saturday, October 23rd at 10 a.m. We will assemble (9:30 a.m.) at the corner of Plymouth and Exchange and end at the Liberty Pole for a small Red Ribbon ceremony. For more details call the WNYCADA office at 262-2300. We ask you all to participate!

## THE MALL TO GO OUT WITH A BANG!!!

After two years of negotiating and working through red tape, L.A.R.C. and the City of Rochester are pleased to announce the demolition of the vacant building on the corner of Dewey and Lyell Avenues known as the "Empire Mall" on 1 December.

Ceremonies are to held at the site at 10am celebrating the event. This project is part of a bigger plan to revitalize the corner through additional parking and possible improved traffic flow. Addresses will be made by Mayor Ryan and Commissioner Tom Argust.

The Lyell Area Revitalization Committee has pointed to the need for parking as part of the three essential elements needed to revitalize this neighborhood. The first element, increased lighting was started by upgrading lighting on Lyell Avenue in August of '92. Plans are in the works for further upgrades on the rest of the Avenue. The third element, increased police visibility is being negotiated via a mini-police station in the area, hoped for in early '94.

**BOB STEVENSON**

Forget the Snow! You are at Ontario beach on a hot sunny July day soaking up the rays. Small children are bailing water out of the lake into small ponds dug along the water. Inevitably, some water suns back into the lake.

Do you know that these kids could be in violation of Environmental Protection Agency regulations? There is an EPA regulation called the Great Lakes Water Quality Initiative. This initiative sets such strict guidelines for water entering the Great Lakes that you could not pump water out of the lake and return it to the lake without first going through an expensive purification process.

This type of regulation could destroy the economies of the eight Great Lakes states. Companies like the RG&E pump millions of gallons of water out of the Great Lakes each day and return it to the lakes. This is cooling water. Essentially, the same water returns to the lake. It doesn't make sense!

It doesn't make sense when more than 50% of the contaminants in the Great Lakes are airborne from all over the continent. It doesn't make sense to spend billions for less than 1% improvement in lake water quality. It doesn't make sense to the Town of Tonawanda, 70,000 people to spend \$40 million in construction costs and an additional \$6.5 million per year in operation and maintenance.

Over 1500 cities in the U.S. have banded together in an organization called the National League of Cities. This group is formed to lobby congress. I serve on one of the standing committees, Energy, Environment and National Resources Committee.

You have heard of "Unfunded Mandates?" Our water filtration plant was an unfunded mandate; build it or we will fine you. So, the City had to

spend \$27 million to comply with no money from those ordering the construction.

The National League of Cities, NLC, gathers to form policy statements and resolutions to let congress and the Administration know that cities want to comply in environmental cleanup but please, we need some help. Since 1980, aid to cities from the feds has been cut by over \$22 billion as more unfunded mandates are dumped on cities.

The new ballpark is not a free ride for city taxpayers. The City has to pay \$3 million for demolition of the Norton Street stadium and do site improvement, roads, sewers, water for an industrial park. And since Rochesterians also pay Monroe County taxes, you will shell out an additional \$3.2 million in county taxes for the country's \$16 million contribution. Some of this \$16 million may or may not be repaid in revenue from the stadium. If it isn't, you pay.

Let's play another number game, cop on the beat. Just how much does one cost? How many cops are lost when the county withdraws its \$1.368 million contribution to the downtown police station? Let's assume a salary of \$34,000 per year. Factor in overtime and the number could reach \$40,000. Add in approximately \$8000 in benefits. A little long division yields money for 28 officers.

What does this mean in additional city taxes? About a 4% increase. Currently, you are paying \$43 million in city taxes and \$56 million in county taxes. You are already the highest taxed residents in Monroe County and could go higher under the county budget. If I may be of any assistance, please give me a call, 254-8845 or 428-7538.

**CATHY SPOTO**

A top priority for the Board and Superintendent is ensuring a safe, caring, well-disciplined educational environment where teachers can teach and students can learn free from fear. While we have all experienced a rising tide of violence invading our neighborhoods and sometimes even our homes, it is crucial that schools be safe havens for our children. To this end, the Board is supporting a comprehensive package of reforms which send a clear and forceful message to our students, staff and community: Violence will not be tolerated in our schools. Since March 1993 the District has:

- \* Changed our policy to require notification of the Rochester Police Department whenever students have weapons in their possession;
- \* Established a weapons diversion program;
- \* Held numerous meetings with students, parents and administrators to communicate the dangers and consequences of weapons possession;
- \* Created a Safe School Climate Task Force comprised of representatives from the District and the community;
- \* Awarded Violence Prevention Mini-Grants to 22 schools;
- \* Trained staff in conflict resolution;
- \* Planned and implemented comprehensive school climate programming and curricula.

On November 18th, the Board further toughened our Student Discipline

Policy: Student referral for a long-term suspension hearing in instances of assault is now required; expulsion or removal from a regular school program for those found guilty of assault or weapons possession are now possible consequences made explicit through policy. Specific administrative guidelines will be provided for Board approval prior to the policy taking effect on January 31, 1994.

In addition, the Board will work with community agencies, the Mayor, City council and Chief of Police in implementing violence prevention strategies:

- \* School community centers where support services for families can be offered after working hours.
  - \* Safe School Route PAC-TAC patrols in neighborhoods around our schools.
  - \* A School Safety Officer Program, with school employees empowered by law as peacemakers.
  - \* More Youth Officers in our middle and high schools.
- Together, we can protect our students from harm.

**MAPLEWOOD COMMUNITY LIBRARY NEWS**

Registration for Winter Storyhours at Maplewood Community Library begins on December 1st. Registration can be done in person or by phone (254-7048). Storyhours begin the week of January 24th and run for 6 weeks. Toddlers, (2 years old, with parent) will meet Tuesday mornings at 10 a.m.; 2's and 3's (with parent) meet Monday nights at 7 p.m.; Pre-schoolers (3's and 4's) meet Tuesday mornings at 10:45 a.m.

Mark your calendar for these special children's programs: on Saturday, December 18th at 2 p.m., Barbara Jablonski will create some Christmas magic for us with a family sing-along. Join in or just listen to old holiday favorites and some silly, fun songs for kids. Come to the library during winter recess and see Mr. Beau the Clown juggle, do magic and more! Mr. Beau will be at Maplewood on Tuesday, December 28th at 10:30 a.m. And don't miss Marianne Smith's Exotic Pets on February 24th at 10:30 a.m. No registration is required for these special programs.

The Maplewood Library has great collections of children's and adult's holiday books. Stop in for ideas on making Christmas gifts, decorating, or holiday baking. It's a good time of year to look into those inside the home projects you've been thinking of. We have many books that might help you get started. High School students who are starting to think about colleges will want to know that we have an extensive college catalog collection. Our staff is ready to help you find what you need in these or any other subjects.

**LYELL AREA REVITALIZATION COMMITTEE**

Mayor-Elect Johnson Met With the Lyell Community At L.A.R.C.'s Fall Meeting

On Monday, November 15th at Dandrea's Party House, Mayor-elect Bill Johnson was guest speaker to over 300 people at the fall "Report to the Community" by the Lyell Area Revitalization Committee. Johnson and the audience was entertained by the Aquinas Band and over 20 community leaders who portrayed the accomplishments brought about by L.A.R.C. in the last year. Areas such as public safety, community development, housing, jobs, economic development, hu-

man services and others were highlighted. Host emcee Bill Norman of Olin Chemical Corporation capsulized the vision that L.A.R.C. foresees for '94. Of special interest was the revelation of up to 300 career jobs per year available in tooling and machining at businesses within a mile of Lyell Avenue, a message delivered by Renee Whitmore of MCC's Tooling and Machining Apprentice Program.

Johnson's remarks were straight forward and encouraging. Obviously impressed by the turnout and the community involvement, the mayor-elect emphasized the importance that his

administration will place on neighborhood involvement and empowerment in the City's future course. Johnson was officially enrolled as a member of L.A.R.C. when he received the "LARC" tee shirt with his name and caricature printed on the back. He also received L.A.R.C.'s version of the "key to the City" — a 6 foot key shaped cake baked by Petrillo's Bakery at 67 Lyell Avenue.

Over 26 sheets of pizza were donated by neighborhood pizzerias in the northwest, along with 300 cans of pop supplied gratis by Dandreas'.

**NAZARETH SENIOR RECEIVE "HANDS OF CHRIST" AWARD**

Five Nazareth seniors were among those honored with the Hands of Christ award on October 31 at Sacred Heart Cathedral.

Bishop Clark presented plaques to recipients Erin Dady, Heather Downey, Amy Frank, Gina Masters and Jaime Tackett who were nominated by their parishes.

The Hands of Christ awards are given to seniors, in the Diocese who, in the estimation of their parishes, have demonstrated a Christian attitude and example within their communities and who have been positive role models for their peers.

The event, which included a liturgy and a reception was sponsored by the Diocesan Youth Ministry. Besides giving time and energy to their parishes, all five students are active, dedi-

cated members of their Nazareth Academy school community. Gina Masters is a member of the National Honor Society and an officer of the Senior class; Jaime Tackett is in the Honor Society, an officer of the Student Senate and a recent keynote speaker for the Youth Conference held at the Rochester Convention Center; Erin Dady, an Honor Society member, is active in volleyball and softball; Heather Downey, who is also an Honor Society, is an editor on the school newspaper and a softball manager; Amy Frank, a member of the Art Club, plans to attend art school with an eye on a career in advertising.

Nazareth academy is a private girls school owned and operated by the Sisters of St. Joseph with a tradition of excellence since 1871.

**THE COURAGE TO REMEMBER**

On Friday, November 12, Aquinas Institute provided a unique opportunity for its freshman class. They were able to listen to the personal stories of two survivors of the Holocaust. Anna Suss Paull and Chana Michaeli spoke to students all day long about their experiences. Both speakers and students displayed their emotions throughout the various sessions. Students were allowed to ask questions and peruse posters about the Holocaust at the end of each session.

Many freshman students commented on the significance of this experience. They felt that it was beneficial to learn about history from real people, rather than books. This event was sponsored by the Jewish Education Center in conjunction with the Aquinas English Department.

**URBAN LEAGUE HONORS 34 BLACK SCHOLARS FROM MARSHALL IN CEREMONIES AT EAST HIGH SCHOOL**

Thirty four students from The John Marshall Center for Learning were among several hundred Black scholars from 47 Greater Rochester Area schools recognized by the Urban League of Rochester in the 9th annual Early Recognition Program Recognition Ceremony for academic achievement Sunday afternoon at East High School.

The following categories were honored based on computed GPAs for the previous (3, 2, or 1) years of high school. Seniors attending the ceremony received a memento at the ceremony and will receive certificates of recognition later. The Black Scholars were greeted by Ms. Virginia Cornyn, manager, Community Relations, Xerox Corporation; Manuel Rivera, Superintendent, City School District; and Rochester Mayor-elect, William A. Johnson, Jr., President and

C.E.O., Urban League of Rochester.

The ceremony was sponsored by Xerox Corporation. Marshall students honored: Roger Allgood, Mack Amons, Youlanda Barber, Stacey Boose, Kendrick Bronson, Tyneshia Brown, Timothy Campbell, Jowanda

Chandler, Kim Coleman, Semira Hailemariam, April Hepburn, Monika James, Nadine James, Ahmand Johnson, Michael Johnson, Jessica Jones, Tanica Kinsey, Rodney Lane, Scharyta Martin, Romarah McFadden, Tracy Moore, Makeva Myricks, Patricia Nesmith, Ketashe Parnell, Jeffery Patterson, Bryant Ritzie, Michelle Rodgers, Regina Sapp, Tynice Singleton, Latisha Smith, Shirley Strother, Erin Thompson, Oronde Ward and Senetra Wyatt.

**NAZARETH SENIOR IS GUEST SPEAKER**

Senior Jaime Tackett was the keynote speaker at the Rochester Youth Conference held at the Riverside Convention Center. The conference brought together 450 youth from Monroe county and was held on Thursday, November 18th. Topics covered were on poverty, health, crime, and community service.

Jaime was a member of the planning committee. Television personality, Wanda Miller, from Channel 8, was the adult keynote speaker.

**TEACHER  
OF THE MONTH**

Michael Klesch, a graduate of Westchester University in Pennsylvania and the University of Massachusetts was selected as current Teacher of the Month at Nazareth Academy. Mr. Klesch is Nazareth Schools Fine Arts Director and coordinates all the arts programs and dates for their presentations. He is also musical director for the Show Choir and the school band.

An accomplished musician, he writes and arranges music for Nazareth as well as other groups and musicians.

Mr. Klesch says, "Nazareth offers an atmosphere for innovation and creativity. There is a tremendous opportunity for growth".

**ADVANCED PLACEMENT SCHOLAR AWARDS**

Twenty current and former students of The Aquinas Institute have been named AP Scholars by the College Board in recognition of their exceptional achievement in college-level Advanced Placement (AP) Examinations. Only about 11% of the 424,000 students who took AP Examinations in May 1993 performed at a sufficiently high level to merit such recognition.

The College Board recognizes three levels of achievement — the AP Scholar with Distinction, the AP Scholar with Honor, and the AP Scholar. Timothy Bezio qualified for the AP Scholar with Distinction award. During his years at Aquinas, Tim earned grades of 3, 4, or 5 on seven AP Exams with an average exam grade of 3.50 or higher.

Marcia Buechel, Alissa Childs, Kimberly Coniff, Matthew DiPaola, Stephanie Reynolds, and Gina Ziblut have qualified for the AP Scholar with Honor Award. These students earned 3, 4, or 5 on four or more AP Exams, with an average exam grade of 3.25.

Amie Alscheff, Dieder Becks, Christian DiPaola, Timothy Gibbons, Matthew Giordano, Kenneth Grason, Erik Gustafson, Robert Murphy, Matthew Poore, Martin Romeo, Daniel

Shamblen, Kristen Smizzi, and Matthew Staub have qualified for the AP Scholar Award. These students earned 3, 4, or 5 on three or more AP Exams.

AP Examinations are taken in May of each year after completing challenging college-level courses. Those who earn a score of 3 or better (on a 5 point scale). Most of the nation's colleges and universities award credit and/or placement for grades of 3 or higher, and more than 1,300 institutions award a year of credit to students with a sufficient number of qualifying grades.

There are 29 AP courses in 16 disciplines. Aquinas currently offers 9 different Advanced Placement courses in Social studies, English, Mathematics, Sciences, and Computers. 144 students are enrolled in at least one of the various AP courses offered at Aquinas this school year.

## JOYFUL SOUNDS

Rev. Jeff Jarrell — Pastor  
written by Carlos Torres — Youth Pastor

Praise the Lord, Joyful Sounds — the Sound of Joy. In Psalms one hundred, verse two, in the New International version, says worship the Lord with gladness and come before Him with Joyful Songs.

Now speaking to the parents who are reading this segment of Joyful Sounds, I tell you with all the love in my heart to never give up on your kids. No matter what they've done or what they put you through. I pray you keep on loving them and teach them the correct way of life.

With all this violence surrounding us from every which way, we need to help the youth of Rochester, we need to reach the children before their lives are destroyed by evil doings. Parents you need to send your kids to church and fellowship with them, help them, correct them when they try to use you and turn against you.

Prayer is vital in our lives, when our children go to school we need to pray that they will be an example rather than just a sample for the world. Parents you also need to pray for their future and pray for a hedge of protection to cover them from head to toes, so when they do go to school or out they will be protected from evil, drugs, sex, violence, killing, satanism, rebellion.

Now to the teenagers who are reading this article. The Lord my God loves you and cares for you. You are a child of God and you are very, very important in his eyes. It makes no sense to do drugs and commit violence when God is full of love and peace. The Lord sacrificed his son Jesus Christ to die on the cross for you and me, so

that we may accept him and strive to live in perfection. we need to repent and change our ways and accept God's ways. Young men and women you have so much to offer the Lord and in accepting God it isn't easy. I don't want to tell a lie cause when you accept Jesus as your personal Savior, the devil will fight you and discourage you. He will try to make you fail into what you've been trying to escape from. I encourage all of you youth out there to obey your parents and honor them for you then will live a longer life. That is God's promise to us. Everyone hears everyday that a young man or young women gets shot or hit by a car, raped and killed and so on. If we follow what God says in the Bible, God's true word, then we will surely stay away from all these things happening. We will also be very protected on the authority of God. all of us need to live for God who created us, not Satan who wants to destroy you and I. Speak on good things and never lift up evil doings. Help each other and stop killing one another, stop using drugs and get high on Jesus Christ. Stop having sex and wait till God gives you the perfect mate. Stop being disobedient to your parents. Live for God and lift his name up.

Trust me, I didn't change in one day, it took time, but time is what you don't have, so let us change and accept God today before it is too late. In Revelation the last book of the Bible says, I am coming soon, I am coming. The Lord says His time for arrival is near. Prepare your hearts for goodness, for the Lord knows your heart. Once you have accepted Christ go out

and tell your friends for God loves everyone, they also need to hear the Good News and walk in holiness.

Well, out of love I tell you this that the Lord is the only way out of this corrupted world. Please for your own benefit I encourage you to read your Bible and seek God's face because time is not a guarantee. Life will soon come to an end on earth but through Christ we have eternal life and praises be to God. Boy - oh - Boy! I can't wait till I hear the sound of the trumpet and the dead will rise first and the one's who accepted Jesus Christ as their personal Savior will be caught up and put in the heavenly realms with God and his angels to live for ever and ever and not have to worry about hell or being punished for our sins because God has forgiven us.

To tell the truth, there is nothing wrong with serving God, but serving evil you will be punished the hard way. I encourage you to read your Bible and pray all the time, serve God with all your heart. Most of all, make something out of your life, make your parents proud and make the Lord proud of you.

Well I just want to say to all of you readers that Jesus Christ is Lord and is coming back soon. Also Abundant Life Christian Center care and loves you very much. Well take care until the next Joyful Sound is heard on words.

(You have just read the words from the Youth Pastor at Abundant Life Christian Center, 601 Jay St. If you have any questions or comment you may call the church office at 328-7878).

## NOTES FROM LYELL BRANCH LIBRARY

Great Books For the Holiday Gift List If you need to buy a gift this holiday season why not consider a book. For about ten dollars or less you can buy any number of books for anyone on your gift list. Most of the books by the best selling author John Grisham (The Firm) are available in paper back. For humor look for any of a number or books by columnist Dave Barry. If you want to read the book before seeing the movie take home The Joy Luck Club by Amy Tan. Everyone's favorite cook, Mr. Food has a new pasta cookbook. Anyone on your list would appreciate a Would Almanac. You could spend hours just browsing through it. For the preschool child a copy of the classic book Goodnight Moon by Margaret Brown is a must. For the middle reader the Little House of the Prairie by Laura Ingalls Wilder or Chronicles of Narnia by C.S. Lewis are available in gift sets. For additional suggestions please visit the Lyell Branch Library at 956 Lyell Avenue. Why not add a book to your wish list!

# WILL THE REAL VERNON JACKSON PLEASE STAND UP?!

Oops! We goofed. Last issue's ad on McDonald's showed a picture of Joyce Donovan (Mgr. of Ridge Road) but had the caption of Vernon Jackson — Manager at Lake Avenue. Our apologies. To rectify this error, we thought that we'd give you a little background on the managers and thereby help get the record straight.

Vernon Jackson, current manager of the Lake Avenue store, has been with McDonald's for over 14 years. He started out in Cincinnati as a crew person and worked his way up to manager. Vernon moved to Rochester and became manager at the Ridge Road store about two years ago and has been managing the Lake Avenue store since April of this year. Vernon has stayed with McDonald's because he likes the business and he likes the company. He enjoys working with people and enjoys the people he works with.

Joyce Donovan is an 18 year veteran with McDonald's and like Vernon started as a crew person worked her

way up to manager. Joyce started in Newark and put ten years in at the Williamson store. Joyce has been managing the ridge Road store since April. Joyce enjoys the variety that managing a McDonald's brings. Every day is different, with new challenges and new opportunities for success.

Shirley Finley is the Field Marketing representative for seven McDonald's stores in Monroe and Wayne counties. Like Vernon and Joyce, she started at the bottom and has worked her way up. Having been with McDonald's for 14 years, she has found the company to be simply fabulous. Shirley has observed that McDonald's philosophy is to promote from within, which means that there is always opportunity for McDonald employees willing to work hard. Finley describes McDonald's philosophy of employees as "part of a family". McDonald's is not just a place where you come to work, it's a place where you make friends.

Vernon Jackson, Joyce Donovan, & Shirley Finley

## Short Story Winner at Sacred Heart

Lauren Hannan, a 5th grade student in Mrs. Mary Alice Montenaro's Language Arts class, won Second Place in the 4th Annual Short Story Competition of Left Bridge Kids Bookstore in Brockport.

The contest was to write a journal of a famous person or literary character. Lauren chose to write the journal of Snow White. She was honored at a ceremony on November 15th at the Left Bridge Kids Bookstore. Lauren received a Second Place Certificate and a Gift Certificate. Her entry was

autographed by the famous author Vivian Varde Velde.

Everyone at Sacred Heart Cathedral school is very proud of Lauren and her literary ability.

## MAKING GREAT MUSIC

Another honor for choir director Dexter Sanders and the Marshall Choir which has been asked to perform the theme song of a new Channel 13 show to be aired in January. A TV-13 production crew will visit Marshall to tape the choir in action.

**NEWS RELEASE...**

Mayor Thomas P. Ryan, Jr., announced today that the City will apply for a New York State Economic Development Zone (EDZ) designation, which would make qualified businesses locating or expanding in the Zone eligible for special tax incentives.

The state recently invited applications from eligible municipalities and held a briefing on November 8th from about 40 of the 76 communities from which 15 new zones will be selected. There are currently 19 economic development zones in New York State.

Economic Development Zones are small, geographically defined areas in which special incentives are offered to attract manufacturing and some commercial businesses. Eligible businesses qualify for a Wage Tax Credit of \$1,500 for each targeted employee hired, an enhanced Investment Tax Credit and a State sales tax refund on the purchase of building materials.

In addition, organizations and agencies are encouraged to coordinate services for residents of the Zone with economic development activity stimulated by the EDZ to facilitate training and placement of those residents in the resulting jobs.

Eligibility for an EDZ designation, which lasts for 10 years, is based on several demographic criteria:

- \* Each eligible census tract must have a population of at least 2,000;
- \* A poverty rate of at least 20% and an unemployment rate of 125% of the State average;
- \* Proposed EDZs must have large amounts of land or buildings available for development by manufacturing, wholesale, distribution, assembly or other industrial or large scale commercial businesses.

Completed applications are due on February 28, 1994. The state is expected to announce its selection of the 15 Zones in May or June, 1994.

**CEO SAYS  
PARENT-TEACHER  
CONFERENCE NIGHT  
A SUCCESS!**

The Parent-Teacher Conferences held on October 13th at The John Marshall Center for Learning were successful according to C. Michael Robinson, John Marshall principal and chief executive officer. For example:

- \* There were 758 parent-teacher conferences held;
- \* Parents of 165 different students signed in for at least one parent-teacher conference; the actual figure may be higher because not all teachers turned in actual parent names; Teachers reported 333 telephone conferences with parents;
- \* And several teachers reported mailing communications home to parents.

# "WHAT'S HAPPENING?"

by Michael D. Cerame  
Chairman, LARC

### And so what's happening?

At a L.A.R.C. meeting, held on November 15th at the D'Andreas' Party House on Lyell Avenue, newly elected Mayor Bill Johnson was the guest speaker. Despite the fact that we were competing with two other affairs, namely Gov. Cuomo's Weekly Radio Talk Show and Mayor Ryan's, banquet at the Chamber of Commerce, the L.A.R.C. gang had a tremendous crowd of over 300 people. Mayor-Elect Johnson was escorted to the podium by the LARCETTS high-stepping to the tune of "Hello Dolly", but they were singing "Hello Billy!"

The program featured annual reports from the different Chairmen on many topics, such as Crime, Education, Housing, etc. During the program L.A.R.C. present the Mayor-Elect with a new designated LBJ T-shirt (Lyell Bill Johnson), which featured his picture and his authentic autograph on the back. The Mayor-Elect applauded Lyell Avenue Area Residents' efforts to let others know about the positive features of their neighborhood. The evening concluded with the presentation of the Key to the City made of the most delicious confection by Petrillo's Bakery.

### And so what's happening?

We are happy to report that the latest two new business on Lyell Avenue are faring very well. Grace the new owner of the former Russo Gas Station reported that she ran out of gas Thursday night—a happening that usually occurs on Saturday night.

Karen Cole new operator of the Beauty Shop at 447 Lyell Avenue reports that business is very good since she came on the Avenue.

### And so what's happening?

We see by the Television Evening News that one of our members, namely Eileen Coyle owner of Monroe Ambulance Company, featured an ad with her and her family. Her's is a family owned business located at the corner of North Plymouth and Smith Street. We are happy to see our members prosper, and we understand that Eileen is enlarging her quarters at that site. We in the neighborhood wish her GOOD LUCK!

It is a pleasure to report that one of our new members, namely Dana

Gignac druggist who runs Saratoga Pharmacy, is also doing well. It is interesting to note that he is one of the few Pharmacists with a delivery service in this area. Dena has confidence in the Lyell Area to the extent that he recently purchased another nearby building. Paraphrasing Al White, we'll be watching for new developments.

### And so what's happening?

Last summer's festival was so much of a success that plans for 1994 are going to be spectacular! We are happy to announce that the 1994 Lyell Festival Fair will be headed by a committee whose co-chairmen are: Joseph Lucessi and Frank Malaria, a strong team who will bring many new features to the festival. For one, they plan the biggest parade this city has ever had. It will take place Saturday morning, July 30th. They anticipate a three day, July 29 through 31st, weekend of fun and wonder. They are looking for volunteers to head up subcommittees. Those interested should call the L.A.R.C. office at 458-8893.

### And so what's happening?

L.A.R.C. has been contacted by a Burglar Alarm Company, owned by one of our neighbors, which has made a proposal to install burglar alarms for a total price of \$250 and NO monthly payments. L.A.R.C. is looking into the possibility of some kind of helping-hand via grants from either the state, county or city to help pay the installation charges.. This system, in conjunction with the newly formed Neighborhood Watch Groups, will go a long way toward reducing crime in the area.

### And so what's happening?

We at L.A.R.C. need volunteers of any age or sex for the following: PAC-TAC, Bike PAC-TAC, Neighborhood Watch, Court Watch, the newly formed Board of Education Watch, and office help. We also need office equipment, such as a fax machine, computer, and copier. Please help L.A.R.C. continue its revitalization effort by volunteering wherever and whenever you can. For more information call 458-8893.

And so my friends that's what's happening!

**AMERICAN LEGION AUXILIARY IRA J. JACOBSON AUXILIARY UNIT #474**  
90 St. Johns Park, Rochester N.Y. 14612

Almost thirty years ago, December 1965, a beautiful tradition was started in Charlotte by the Auxiliary of the American Legion, Ira Jacobson Post #474, with the lighting of the trees at the triangle at River St. and Lake Avenue. This idea, first suggested by Noreene Kennerson and Dorothy Dodd of the Auxiliary, is the Charlotte community's celebration of this season of Holiday Lights. Originally, the Northside Kiwanis purchased the lights but now, over the years, community businesses and organizations contribute toward the lights.

Carolyn Rapp, Auxiliary Community Services Representative, stated that this year the tradition includes the lighting of the Genesee Lighthouse whose holiday decorations have become part of the community's tradition. Also, ten years ago the American Legion Post and Color Guard became affili-

ated with the event. For this holiday celebration the Charlotte Community gathers each year to enjoy the season with family, friends and neighbors by joining in the lighting ceremony, singing carols and sharing refreshments at the Legion Post Home afterward.

On Friday, December 3rd, all are welcome to join us at the Genesee Lighthouse, 70 Lighthouse St., at 6:45 p.m. for the decorative lighting of the Lighthouse. Following this activity the group will walk to the park at River St. and Lake Avenue singing carols and escorted by a mounted police unit for traffic control. A bonfire will be built at the park to keep away the chill while kids visit with Santa Claus and everyone joins in the caroling. After the tree lighting ceremony at 7:15 p.m. refreshments will be served at the Ira Jacobson Post Home at 90 St. John's Park.

## SCHOOL NO 43 SHARES \$750,000 GRANT

Theodore Roosevelt School No. 43 will share \$750,000 with schools No. 39 and No. 55. This grant is funded through the National Science Foundation to help invent new ways to teach science/mathematics, and technology. The schools will receive the money over the next five years. "These schools will have a license to do very innovative things. break-the-mold programs",

said Douglas Llewellyn, Director of Science for the City School District. Twelve schools in New York will share a total of \$10 million from the foundation. The other schools are in Albany, Buffalo, Syracuse, Yonkers, and New York City. State Education Commissioner Thomas Sobel said each school would become a live "demonstration of what works, what doesn't work and

what must be done differently".

Members of the Grant Team are: K. Hendel — Principal; A. Campbell — Vice-principal; Ralph Shade — MAP 4 teacher; Meg Zimmer — Kindergarten teacher; Kim Hoffman — parent; Mike Fedyk — parent; Meg Deverell — teacher grade 1/2 Family Cluster.

Our goal at School No. 43 is to

enhance and expand our School Business/and Community Partnerships with Delco Chassis, Olin Chemical Corp., LARC (Lyell Area Revitalization Committee) and Charles Settlement House.

Miss Scahill's third grade class made Thanksgiving Decorations for McDonald's on Lyell Ave. Students enjoyed this creative activity.

**CATHY SPOTO**

On Tuesday, November 30th at the Rochester Children's School, students and faculty were called together for a very special school assembly. What they witnessed was an historic moment for education reform in Rochester — the recommitment of key players to improving educational outcomes for all students, the willingness to be held accountable for results, the recognition of financial constraints. After nineteen arduous months of tough negotiations, we had a teachers' contract that was good for students, fair to teachers and in the best interest of citizens.

Appropriately, the Rochester Children's School quilt, crafted by tiny hands and portraying "windows of Rochester", hung behind us as we made the announcement. The superintendent and I were joined by Adam Urbanski, Rochester Teachers Association President; Dick Stear, Association of Supervisors and Administrators of Rochester President; Al Sutura, Rochester School Employees (BENTE) Local 2419 President; Abraham Brouk; District Parent Council President; Mayor-elect Bill Johnson; Art Aspengren, Industrial Management Council President; and Mutiu Fagbayi, Chief Operating Officer of the National Center on Education and the Economy. Their presence and their statements made clear that the settlement not only was supported by the school community but was endorsed by key leaders of the political and economic community.

Being the target of irate teachers, not only at Board meetings but at my home, I was pleased that the Board had not succumbed to the intense pressure, but had remained firm in our position regarding affordability and accountability. The contract is the lowest settlement in Monroe County and in line with private sector increases. The contract is a model of accountability that surpasses any in the nation.

The four-year agreement, which covers the period 1992-96, includes a retroactive bonus of up to \$1,475 for 1992-93, provides annual increases for teachers of 3.5 percent for the remaining three years, establishes a group accountability system tied to student achievement and strengthens individual

teacher accountability.

The accountability plan for schools or groups of educators included in the agreement has four key principles:

- \* Student outcomes are the primary indicator of progress. Student growth and progress in meeting learning standards will serve as the fundamental measure of school or school unit accountability;

- \* Annual assessment of progress, including public reporting by each school or school unit, will occur;

- \* Evidence of how school results have been used to make changes in the school's improvement plan must be reported annually;

- \* Incentives, including a \$1 million classroom resource fund to support effective practice and promising directions, will be tied to school or school unit progress.

School quality indicators in the accountability system will include measures of parent involvement and customer satisfaction. Schools or schools-within-schools demonstrating progress will receive "greater autonomy, flexibility, recognition and discretion in the use of resources". Distribution of the \$1 million classroom resource fund will be linked to student progress on agreed-upon achievement measures and other school quality indicators.

In addition to incentives for improved performance, corrective action will be taken at schools or units unable to demonstrate progress, which may include any combination of: necessary support and assistance; changes in procedures, staff and/or school operations; prescribed training; replacement or reconstituting of the school program; school closing.

The agreement also strengthens individual teacher accountability with a rigorous evaluation system that will determine progress through a four-level career path. All teachers will be evaluated during the life of the agreement.

I look forward to the future with renewed optimism about Rochester's capacity to create a school system which will be a source of pride to the entire community. I invite each of you to be a part of the effort. Happy Holidays!

Most long-time residents of Rochester are aware that the City restricts certain activities in residential areas. You can repair your own car in your backyard, but you are not permitted to operate a car repair business in your backyard. I get approximately a dozen calls each year about illegal car repair. Early last summer, I received a call complaining about a neighbor doing major mechanical work on his car while parked in the street. The transmission was removed and the car was up on blocks. Transmission oil covered the street and trickled into the sewer.

I notified the police to have the vehicle ticketed or removed. A day later the car was still propped up in the street minus a transmission. A call to Lake Section produced a puzzling response. There was no regulation in the City prohibiting a major ongoing auto repair on city streets.

As of December 14, 1993 there is an addition to the City Code, Section 104, allowing emergency minor repairs, like tire changing, but expressly restricting major auto repair on city streets. Some people may enjoy greasy streets and partly stripped cars in front of their house, but the majority of city residents have strong opinions to the

contrary. If you have this problem on your street, give a call.

Winter is here and so is the white stuff — snow. Those of us who walk PacTac appreciate residents who clean their walks after a snow storm. Are you familiar with the City Code regarding sidewalk snow removal?

The Code states that the person occupying the ground floor of a building is responsible for clearing the walk of snow and ice. What about sidewalk snow plows? Such plowing is supplemental; you are responsible for keeping the sidewalk clear, not the city.

In certain areas, the snow on sidewalks is piled there by roadway plows, for example, along Lake Avenue where there is insufficient snow storage room in the tree lawn. I have requested additional sidewalk plowing in those areas. It's obvious that heavily compacted snow rolled from Lake Avenue presents an unfair burden to the man with the shovel and a bad back.

There is another grip that folks complain about. The private plow operator who cleans a driveway and deposits the snow in the street. The City Code is very explicit. "No person shall

We are currently selling 1994 Family Leisure Book's as a fundraiser. They make an excellent Christmas gift that can be used year round. These books can save you hundred's, if not thousands of dollars on everything from Restaurants to movies. The cost is only \$15. Contact Jim Patrick at 436-8236 for books. New lighting for Dodge Street! Within the next few months we hope to see upgrades in the street lighting on Dodge Street from mercury vapor to 250 wat high pressure sodium. This upgrade is made possible by the Community Development Block Grant for which our membership spent many hours planning for, Dodge St. was chosen as our top priority because of the high crime rate at the apartment complex located there and the high volume of pedestrian traffic. As part of next years planning for the C.D.B.G. we

have again asked for monies for up-graded lighting on several more streets.

At our November 29th meeting our steering committee authorized spending \$50 towards helping a needy family in our area for the holidays. Christmas dinner and some gifts for their children should help put some cheer in their Christmas.

Remember! Being a member in your neighborhood really does make a difference. Call Jim Patrick at 436-8236 for membership forms. Our boundaries are the city line west, West Ave., Lyell Ave., and the Penn Central tracks near JP Mead.

We also need people for PAC-TAC and courtwatch. Contact Maple Section at 428-7270 to sign up.

remove snow or ice from private property and deposit it on the sidewalk or roadway." If you have that problem, call 428-5990. the Department of Environmental services will send an inspector authorized to issue a ticket. If you don't get results, call me, 254-8845 or 428-7538.

The penalties can get fairly expensive. The City will charge \$65 for the first cubic yard of snow \$15 per yard for additional snow plus a heavy equipment charge.

Private contractors plow 880 miles of sidewalks in the City. Sometimes after the firs heavy wet snow, the location of the sidewalk is a little "iffy".

The snow gets plowed and so does six inches of your lawn. The City will repair your lawn. Call 428-5990 to register the complaint but still better do it in writing; send a letter.

We budget \$3.5 million each year for snow and ice control. We use the 30 year snowfall average, about 100 inches per year. DES trucks spread 25,000 tons of rock salt, sodium chloride, and spray 53,000 gallons of calcium chloride in an average year on 800 lane miles. We also plow 1600 lane miles of roadway each plow run.

Inevitably, there are foul-ups, equipment breakdown and, on occasion, contract plow operators unable to perform to contract. If you have problems call 428-5990. If that doesn't work, call me.

**LAW STUDENTS TEACH JEFFERSON MIDDLE SCHOOL STUDENTS ABOUT LAW**

by Mr. John Hurley

School of Law and Government Teacher Second period civil law students turned teachers last week when they visited Jefferson Middle School to teach eighth graders about — what else — some law.

The Marshall students chose the topics they wanted to teach and developed their own lesson plans. They even practiced their lessons on Introduction to Law and Government classes. One group, which included Sonya Smith, Latoya Cooper and Lesley Copeland, taught about sexual harassment and date rape. Another group, comprised of David Piotter, William Curtis, Nadine James and Josue Rivera, taught drug abuse. A third group wrote

and performed a mock trial about an attempted murder. This group was led by Tiffany Fair and included Malissa Buntley, Robert

Gallagher, Dan Phillips, Craig Thomas, Lee Vongchachnh, Dawn Trapani, Liz Van Voorhis and Furosa Mohammad. The Jefferson students responded well to the young teachers from John Marshall. The students raised some excellent points in their discussion of the legal issues.

The eighth graders also had many questions about the School of Law and Government at Marshall and several expressed an interest in attending school here next year.

**MARSHALL JV GRIDDEERS BREAK EVEN FOR SEASON**

Marshall's JV football team finished 4-4 for the season and 3-3 in the City-Catholic JV League, good enough for fourth place. Jamil Porter finished with nine TD's, 940 yards rushing and 341 yards receiving. Maurice Jackson totaled 7 touchdowns, 973 yards rushing and 420 yards on 18 passes.

Rashad Brown rushed for 788 yards and 117 in pass receptions. He also scored 14 extra points. Mark Lee caught 6 of 8 passes for 185 yards against Wilson and threw the longest TD pass of the season, 55 yards against Aquinas.

Benajah Scott had the longest run from scrimmage when he zipped 85 yards for a TD against McQuaid. Steven Fluitt scored an 80 yard TD on a kick-off return. Levar Colquitt led the team in fumble recoveries with six. Rahad Ross had the longest run after a pass interception — 60 yards against Victor.

Rupert Rose intercepted five opponents' passes and Porter and Lee had three each. Mack Amons, Kendrick Brown and Michael Johnson received Urban League awards. Patrick Coley, Maurice Jackson and Jeremy Morgan made the League Honor Roll.

Rose led the defense with 127 tackles including 61 solos; Brown totaled 119 tackles and 58 solos; Chris DeJonge had 114 tackles including 47 solos; Colquitt turned in 100 tackles before he was called up to the varsity.

Bobby Benson, who only played in four games, totaled 89 tackles. Josue Torres made 86 tackles including 35 solos.

Brown recovered a fumble and ran 35 yards for the team's only defensive score. Rahad Ross scored the only safety of the season against Aquinas. Colquitt and Brunson had five quarterback sacks each. Rose and Tim Hill forced 7 and 3 fumbles, respectively.

The team's offensive success would not have been possible without the players in the trenches. Chris DeJonge, Erick Hawkins, George Joseph, Mike Johnson, Robert Teeter, Josue Torres, Anthony White, Shamarac Wormley, Stephen Green, and Shawn Hicks.

The coaching staff: Bryan Ragland, head coach; Alex Harewood, Roman Whitmore and Robert Moten, assistant coaches.

**SACRED HEART STUDENTS IN NUTCRACKER SUITE**

Two students from Sacred Heart Cathedral School's second and third grade, Chelisa Adams and Amy Steinfeldt, recently appeared in productions of the Nutcracker Suite. Chelsea was an Angel, and Amy a Sugar Plum Fairy. The faculty and students at Sacred Heart are very proud of our talented young dancers.

**SACRED HEART  
INSTRUCTIONAL  
BASKETBALL PROGRAM**

The 1993 Sacred Heart Instructional Basketball Program came to an end on Friday, December 17, 1993. The program was developed to teach students in grades 4th, 5th and 6th the basic skills of basketball. Participants received instructions in dribbling, ball-handling, passing, footwork and some offensive and defensive options.

The program was overseen by Paul Gotham, head basketball coach, Sacred Heart Cathedral. The hands-on instructor was Ed Baron, assisted by Howard Nielson, Coach Zapf and Terry Brooks. "The kids showed a great deal of enthusiasm during the length of the program. The competitive spirit to become winners is in all of the kids; we have to show them the path needed to achieve this," Coach Baron said.

The following individuals were participants in the program: Dee Ann Magliocco, Lorne Brooks, Ashley Borelli, Brandon Hall, Thomas Kent, Mark Magliocco, Lisa Muratore, David Rector, Allison Sidmore, Hilary Summa, Meredith Summa, Chris Toeper, Matthew Walsh, Brian Bates, Michael Bates, Matthew Coniff, Nathan Daugherty, Lisa Genovese, Kayla Kimbrew, Joseph Kinney, Kyle Knitter, Joshua Osinski, Christopher Platten, Kelly Zapf, Adam Barlow, Mark Hryvniak, Bobby Hurley, Daniel Keenan, John Kostin, Michael Krupiarz and Anthony Summa.

**YOUTH CONFERENCE**

On November 18, six students from Nazareth, (Cari Rosario, Jaime Tackett, Carmel Nelson, Valeka Barfield, Melissa Heisley, and Nikki Stewert), along with Ms. Battisti, attended the Third Annual Youth Conference held at the Riverside Convention Center. The Conference was sponsored, in part, by the Monroe County Youth Bureau in conjunction with the United Way of Greater Rochester and FOODLINK.

This year's theme, "Youth Can Make A Difference", was woven throughout the all-day workshop, beginning with the address by keynote

speakers, Wanda Miller of WROC-TV News Channel 8 and Nazareth academy senior, Jaime Tackett and ending with storyteller, Ms. Almeta Whitis.

During the day, the students and school personnel had the opportunity to attend various workshops on such topics as: "Runaways and Homeless", "Young Single Parents", "Suicide and Depression", "101 Reasons to Volunteer", and "Your Spiritual Self". The day was uplifting for Ms. Battisti and the Nazareth reps, filled with creative, energetic, and giving high school people from around the country.

## DON'T JUST TALK ABOUT CRIME — DON SOMETHING — JOIN PAC-TAC

The perfect way to increase your involvement in your neighborhood is to join with the Rochester Police Department in the Police And Citizens Together Against Crime program (PAC-TAC). The program allows concerned citizens the opportunity to volunteer to patrol their neighborhoods under the guidance and supervision of the Rochester police.

We walk in beats, teams of two or more people, usually in the evenings year round. We carry 2-way radios and wear a distinctive, reflective vest. As PAC-TAC, we provide an extra set of ears and eyes to report any crimes in progress and suspicious or dangerous conditions. PAC-TAC is a crime prevention, not a crime suppression program. We do not carry weapons and we do not make arrests.

This is an excellent opportunity to meet people in the area and for them to meet you. When you are in the PAC-TAC program you are kept informed of what is going on in your neighborhood. You can make your area safer by becoming involved. And with PAC-TAC you are making a difference.

Here is just a small sample of the hundreds of items appearing in our log books:

- \* Prevented a fight from starting because we were there at the right time.
- \* Witnessed a person with a weapon and got an officer there within minutes.
- \* Reported smoke at a local business and got RFD in route.
- \* Got an officer to help out reports of

stolen property.

- \* A stolen vehicle was spotted only moments after the theft, and immediately got suspect into custody.
- \* Countless descriptions of suspicious persons and addresses of drug activity.

To join PAC-TAC all you have to do is get your name, address and date of birth to your Crime Prevention Officer, (for Lake Section that is Officer Chris Picha at 428-6170, in Maple Section it is Officer Curtis Gainey at 428-7270). The CPO can do a record check on you and if all set you will be invited to the next 4 hour training session. After that you will be "field trained" in how to use a radio, log reports, etc.

I know, with all the programs I volunteer with, PAC-TAC is the one that is most personally fulfilling, and gives me the greatest sense of "doing something worthwhile". I urge all residents to get involved with PAC-TAC. Whether you have one night a month or a few nights a week, joining PAC-TAC means you are not just talking about crime, you are doing something about crime!

If you have any questions about PAC-TAC, feel free to call me at home (621-4090) and leave a message, I'll call you back.

Happy New Year!**

## LAKE SECTION — WORKING TOGETHER AS ONE!

### WHAT IS PAC-TAC?

submitted by John Jelfo

We all know what it stands for (Police and Citizens, Together Against Crime), but what does it mean to the people that we come in contact with when we're walking?

First of all to the criminal element, PAC-TAC means trouble. It means putting a crimp in their business. When PAC-TAC is around we represent a direct link to their most feared foe — those dreaded police. Those police that are always trying to keep them from "conducting their business".

Secondly, to the law abiding folks, PAC-TAC is a deterrent to crime in the area. A mobile neighborhood watch. When PAC-TACers are around most people feel a little bit safer. PAC-TAC is a welcome sight, as most of us know by the comments we hear.

Another area that PAC-TAC

serves, but is generally not noticed is the fact that some folks feel more comfortable talking to us than they do a uniformed officer. They feel a need to express themselves, complain or just get something off their chest. "Where

IS a cop when you need one?", "Why don't they do something about..?", "What was going on the other night when I saw the cops over at ...?"

Whatever PAC-TAC means to different people, we need to be there for them. We need to be there for the criminal element so they feel a little heat and know that someone is watching. We have to be there for our neighbors, to help them feel safer and show them that there are folks that care. And we do have to be there for the people that feel a need to talk but don't feel they can talk to a cop.

PAC-TAC must continue to be a presence in the community as a visible element of crime prevention.

## FROM THE PAC-TAC LOG SHEETS...

Report of stolen property; witnessed a MVA; citizen reported woman threatened child with a knife; witnessed 'fight to start' at Dewey and Birr; displayed weapon Dewey and Ravine; car stolen on Lexington, Officer was walking with team and spotted vehicle moments later — immediately took suspect into custody; smoke at DeJunes Liquor Store; PAC-TACers heard call of suspects heading north from a crime scene on Lake Ave., because of knowledge of area and known suspicious per-

sons, PAC-TACers played hunch and were with an Officer at suspects known location as they arrived. Immediate arrests were made. Bike PAC-TACers spot man with a weapon at Driving Park and Archer; witness verbal abuse of Brooklyn St. neighbors; PAC-TAC log sheets include information on drug activity locations — 15 in August — 23 in September — 19 in October. All of the above incidents were reported and responded to.

## THE FUTURE OF PAC-TAC

by Captain Russ Coriddi

What is the future of PAC-TAC under the new Johnson Administration? Mayor-elect Johnson has indicated in his plan of action entitled "Living Within Our Means", that citizen involvement in both neighborhood revitalization and combating crime is vital. In fact, in the section outlining Police/Community Relations, Mayor-elect Johnson specifically mentions that he would like to expand neighborhood foot patrols and PAC-TAC.

As we move forward in our efforts with Neighborhood Policing or what is more commonly referred to as Com-

munity Policing, I see the PAC-TAC Program expanding and taking on greater responsibilities throughout our community. The future of PAC-TAC will be exciting as we build upon our successes of the past. As the commanding officer of the LAKE SECTION, I am proud to work with and be associated with so many dedicated citizens who are willing to do something about crime in their neighborhoods. Be Safe and have a Happy Holiday Season.

## CITY OF ROCHESTER NEWS RELEASE

The City's Bureau of Parks and Recreation is offering a series of courses designed to train and certify lifeguards.

The training series consists of three courses; Basic Life support (BLS) Certification, which includes community CPR; Standard First-Aid Certification; and Basic Lifeguarding (for pool lifeguards).

The Basic Life Support Certification course will be held on Saturday, December 18th, from 9 a.m. until 4:30 p.m., and Monday, December 20th, from 4 p.m. until 9:30 p.m., for a fee of \$45. Candidates who are currently certified in BLS can re-certify by taking the BLS Challenge. The BLS Challenge will take place Thursday, December 16th, from 5 p.m. - 9 p.m.

The Standard First-Aid Certifica-

tion course costs \$30 and will take place on Tuesday, December 21st, from 5 p.m. until 9 p.m. This course, as well as the BLS course and the Challenge will be held at the Edgerton Community Center, 41 Backus St.

Basic Lifeguard Certification will

be taught 9 a.m. - 5 p.m., from Monday, December 27th through Thursday, December 30th, at the Adams St. Recreation Center, 85 Adams St. The non-refundable fee for the lifeguarding

course is \$60. Attendance on all days is mandatory, as is fulfilling the adult-level CPR training and standard first-aid certification pre-requisites.

Registration and pre-payment are required. Enroll for the series or any single class by calling 428-6755. Class sizes are limited.

## REMEMBER YOUR NEIGHBORS THIS HOLIDAY SEASON — BUT MAKE SURE YOUR DONATIONS GET INTO THE RIGHT HANDS

As the holiday season moves closer, the spirit of the season moves many New Yorkers to open their hearts and help those less fortunate.

Last year New Yorkers gave over \$6.7 billion to charities. Add to that the \$1.4 billion given out from United Way contributions and the \$5.7 billion contributed by local, state and federal governments and charitable organizations received almost \$14 billion.

As you share the spirit of the holidays with those less fortunate make sure that your contributions will be used to serve others. Unfortunately, the holidays are the most profitable time of year for con artist scams.

So before you contribute to a charity, Assemblymember Susan John suggests you do a little homework to make sure your donation gets into the right hands.

"Never give to a charity you know nothing about", said Assemblymember John. "Ask for literature about the organization and don't be afraid to ask questions. Representatives from bona fide charities are more than happy to share details and answer any questions about their organizations."

Don't succumb to tear jerking stories and other types of pressure. Real charities don't expect you to contribute immediately. Anyone claiming to represent a charity should have proper identification and be willing to let you send your contribution after you've checked its background. If you are solicited over the phone, ask the caller

to send you more information about the charity before you decide whether or not to contribute.

Another tactic to watch for is the use of names similar to legitimate charitable organizations. "Don't be fooled by an organization's convincing name", Assemblymember John said. "Often fake charities use the name recognition of other groups in order to line their pockets."

Find out how much of your contribution actually goes towards helping people and how much is spent on fund raising and general administration (i.e. salaries, etc.). Check with New York State's Office of Charities Registration, 162 Washington Ave., Albany, New York 12231; Tel: (518) 474 - 3720. Most charities must file an annual financial report with the department that shows where your dollar goes. Only religious and educational institutions aren't required to file such reports.

"Remember, there are many worthy charities which need and deserve support, but precautions must be taken to ensure your money is well spent", Assemblymember John concluded.

## CRIME PREVENTION IS EVERYONE'S BUSINESS

by CPO Ron Chabot

Every member of society has a responsibility to contribute to crime prevention. NO SINGLE GROUP or organization can possibly prevent crime on behalf of all.

Preventing crime is not solely the job of law enforcement. Nor is it exclusively the province of parents, home owners or alarm companies. Each person, each group has the potential to prevent crime and spur others to action, and the efforts of all are necessary.

Making crime prevention each person's business can mean a host of actions from specific improvements in physical security to bringing groups together for more far-reaching efforts. The central point is that each of US brings his or her leverage to bear against crime.

The key to effective crime prevention is cooperation and coordination

not only within the corner occupied by the criminal justice system but throughout the social, economic and environmental framework that makes up our community. Our vision is that crime prevention, in it's full range, will become an essential part of every

*"The key to effective crime prevention is cooperation and coordination..."*

AMERICAN's daily life.

Crime prevention merits sustained commitment from the public, private and voluntary sectors. Prevention as a cornerstone of policy can reduce the burden on the criminal justice system — a burden felt at federal, state and local levels.

Crime prevention is more than

locking crime out; it aims to protect citizens, their homes and the whole community. Locks and alarms are important, but EFFECTIVE crime prevention goes far beyond.

Crime prevention faces the challenge and opportunity of addressing crime causes and concerns in homes, workplaces, and throughout the community. It necessarily involves personal and group behavior, public services and community needs.

Prevention of crime must be valued as highly as apprehension of criminals in the law enforcement agency's work. Citizens most frequently turn to law enforcement for expertise in preventing crime. Law enforcement agencies, both in specialized units and through general training, must equip officers to demonstrate that expertise as a valued part of the CRIME PREVENTION MISSION.

## LYELL BRANCH LIBRARY

The holidays are here, and everyone needs a break from the hustle and bustle of shopping, entertaining and traveling. This would be a good time to treat yourself to a quiet time in some nook with a good book. If you like local history, "A Little Piece of Ourselves" by Richard A. McMahon will interest you.

Mr. McMahon has written a history of John Marshall High School and the old Tenth Ward. He goes back to the Indian settlements, with pictures of the trails along the Genesee River, and of Indians who came to Lower Maplewood for commemorative ceremonies.

There are maps and pictures that follow the progress of the area from the 1800's to the present time. The Veterans Memorial bridge was officially opened in December of 1931, and old timers still refer to it as the "new bridge".

In the days before Wendy's and McDonalds, everyone went to the Avenue for good food and to meet old friends. Palmos Sweet Shoppe and the Sugar Bowl were very popular, and

Jimmy Wallace's Drug Store was noted for bringing in the intellectuals who discussed politics over a banana split.

The movie theaters were a great source of entertainment and the Riviera was one of the finest. There are pictures of its grand opening and of its demolition in 1983.

Many people worked in the neighborhood factories such as Eastman Kodak and DuPont. The smaller business on the main streets employed many of the local residents. The book gives a feeling of a small town within a city.

John Marshall High School from its beginnings to the present is well documented. There are pictures of sports events, graduates, school dances and activities, faculty, and many firsts notably the radio school, driver education World War II obstacle course and the new magnet school of law and government.

This book is highly recommended for nostalgia bluffs and lovers of local history. This book is available at the Lyell Library, 956 Lyell Avenue and other public libraries.

## "WHAT'S HAPPENING?" by Michael D. Cerame Chairman, LARC

And so, what's happening?

It has come to the attention of this writer through reliable sources that the Lyell area has been invaded by a New York movie production that is filming a great movie. For the past several weeks many of the stars have been in the neighborhood. In their midst included Gerry Cooney, former heavyweight contender of the world. Filming has stopped for the holiday season but it is expected to begin again after the first of the year. So let's keep our eyes open because I am sure they will be visiting many of our local restaurants, bakeries, pizza parlors and, of course, "Rocci's."

And so, what's happening?

It has come to our attention that Father Dave and his parishioners, friends, landlords/tenants, police department and many local officials in his area held a very important meeting at his parish hall the night of December 16th. The topic was to formulate a plan to reduce crime in the area. This will include the "STAND" part of the police department. It also included a program to contact every resident in the area of Murray, Myrtle and Austin Street. This was done at 12 noon on Saturday, December 18th. They will meet again soon to implement other strategies in this special crime fight.

And so, what's happening?

We are pleased to announce that on December 20th the new Mary

Magelin House was officially opened at 11:30 am. The new address of Mary Magelin House will be 291 Lyell Avenue. The ribbon cutting ceremonies were performed by Monroe County Executive Bob King. The ceremony was attended by many dignitaries, friends, neighbors and business-people in the area. The county is helping fund part of the program. It is anticipated that this outreach program will help many HIV positive individuals. This is another great step towards revitalizing this area.

And so, what's happening?

We are happy to announce that our newly elected mayor, Bill Johnson, visited the LARC office on December 8th. At this meeting many points were discussed relative to working together to help make the city a better place to live and work in. We discussed the need of more lights because darkness encourages crime while light discourages it. We also discussed the need to make available "The American Dream" (occupied ownership). Along with this we discussed the need of jobs as a necessity to pay the mortgage with. We discussed the possibility of revitalizing the potential Tool and Die industry via special job training schools in our area. This seems very appealing because our area has many Tool and Die shops. We also discussed the urgency of establishing the policy visibility image namely walking policemen, and mini-storefront police stations. All and all it was a great meeting and he again reiterated the statements expressed the day after his election; namely he said, "We, not me, together will turn this town around."

### JOYFUL SOUNDS

by Rev. Jeff Jarrell, Pastor

Abundant Life Christian Center (328-7878) • 601 Jay St., Rochester, N.Y. 14611

Merry Christmas — NOT Merry X-Mas, but a sweet and wonderful "Merry Christmas". You never use an "X" when referring to our Lord Jesus Christ, for if it wasn't for Him, we would have never had Christmas in the first place!

I would like to share with you what Christmas means to me. First of all, it means that I have "Hope" — Hope to keep on keeping on — Hope to put my Faith in! Hope in our Lord Jesus Christ — because of him, we all now have hope — so "Happy Birthday to you Jesus". Secondly, Christmas means to me a time of caring for others like Jesus cared for me. Over the last couple of days Pastor Bill and I and a few others from Abundant Life, rented a 24 foot U-Haul and spent two days just going from one house to another giving away thousands of dollars in goods, furniture and other needs that families have had in the last few months; and oh my soul — the Joy — the Warmth, the Happiness that it even brought to my heart to see "tears" rolling down the faces of those that we were able to bless. I remember one home that we went to, they had almost nothing — and when we left, they had 4 rooms full of furniture — Glory to God. (We received more joy in giving than those who received — that's one of God's major principles in life — Give and it shall be given unto you!)

Thirdly, what Christmas means to me, is that we can come together as families and enjoy together and remember the birth of our Lord Jesus, as a family — because nothing — I mean absolutely nothing is more important than keeping the family structure together and strong.

Fourthly, I believe Christmas should be in our hearts every day of the year. We should always be in a spirit of love, joy, happiness and peace. Let's lift up the name of Jesus every day of the year — let's continue to join hands and pull together and have a Christmas spirit in our hearts one for another.

Another reason that Christmas is so special to me every day, is that I see the hurting people, the wounded, the pain, the nightmares of life, the crime, the evil — I see all of this everyday in peoples lives — turning around — I see hurting people healed, I see the wounded made whole, I see the pain leaving people's faces, I see Joy coming and taking over nightmares, I see those who have committed crime, giving back to those they have stolen from — ALL BECAUSE — there's a "Jesus", and there's "HOPE" and praise God because of God we can have Christmas every day.

In my closing, I want you to understand just what I mean when we talk about HOPE. No matter who you are, your age, your race, your religion, or where you have been in life, you can have HOPE, but you must understand that you cannot and will not find HOPE in drugs, immorality, money or whatever. But Glory to God, you can, you will, you may have HOPE today in Jesus Christ. Call me today and one of our Pastors or staff members will show you how you can have HOPE. THERE'S HOPE FOR EVERYONE — but you must follow God's plan.

HEY, MERRY CHRISTMAS and remember God loves you and I love you and praise God — there's HOPE. Don't go through yet another day of suffering and pain, put up no longer with evil spirit, but cast them out, replace it with the Holy Spirit. Sometimes I shake my head in amazement and ask myself — why are people choosing to live in pain when they don't have too? Why are people living so poorly when God has a plan for each one of us to prosper? Why are people begging and looking so hard for love and peace and God has given us the greatest gift of all — Love.

Live no longer a life of misery, but of Joy, Peace and Happiness, (and really — it's not hard, call me today).

Well, keep looking up and never give up!!

### What's Happening

(Continued)

And so, what's happening?

Recently your writer was visited by a well-known basketball star named Jo Jo White. It seems that Jo Jo White, along with the National Basketball Association, are starting a program to encourage youths to participate in the great sport of basketball. This program will be used as a pilot program that, if successful, will be implemented nation-wide. Jo Jo visited the LARC office because he has made arrangements to work out of Jefferson Middle School. He has asked for LARC and all other neighborhood groups in the area to help him put this program together. He and the National Basketball Association both feel that this program will be a great deterrent to crime. We at LARC feel the same and have therefore pledged our upmost cooperation.

And so with the Christmas Spirit we wish all our readers a Merry Christmas and a Happy New Year. And please ask Santa to bring us a new mini-police station.

## "NEIGHBORHOOD LOOSES GREAT FRIEND"

Frank Malara

Frank Malara, a long time resident of this area, passed away suddenly on December 4, 1993. He was an active parishioner of Holy Apostles Church. He was the president of Holy Name Society and Men's Club at Holy Apostles Church. He was also a member of the finance committee, usher group and executive board of the festival committee.

For twenty years, Frank was involved in all phases of Holy Apostles' annual festival. Every year he helped to erect booths, set-up and take them down again. He also chaired a booth every year, recruiting his own help and working every night of the festival.

He was also a doer; if he couldn't perform a certain task he would seek out a person who could. He was always there to help Holy Apostles Parish.

Frank had worked most of his life at Rochester Gas and Electric from which he retired several years ago. After his retirement he undertook the task of running an annual summer festival for the Italian-American Organization in Victor, New York.

He had been appointed Co-Chairman of LARC's 1994 festival. Frank Malara was looking forward with great enthusiasm to participating as Co-Chairman of the festival. He and his Co-Chairman Joe Lucchese were making big plans for the festival. One of his last statements was, "Park Avenue, move over, there is a new team on the block."

Frank Malara has passed away but his spirit will never pass away. (by Joe Esposito)
