**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have excited an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
nov19tf opposite the Eagle Tavern, Buffalo Street, only Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its *'modus operandi,'* is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

## THE SLEEPERS.

BY M. A. BROWNE.

They are sleeping! Who are sleeping?
Children, wearied with their play;
For the stars of night are peeping,
And the sun has sunk away.
As the dew upon the blossoms
Bows them on the slender stem,
So, as light as thine own bosom,
Balmy sleep has conquered them.

They are sleeping! Who are sleeping?
Mortals, compassed round with wo,
Eyelids, wearied out with weeping,
Closed for very weakness now.
And that short relief from sorrow,
Harrassed nature shall sustain,
Till they wake again to-morrow,
Strengthened to contend with pain.

They are sleeping! Who are sleeping?
Captives in their gloomy cells;
Yet sweet dreams are o'er them creeping,
With their many colored spells;
All they love—again they clasp them;
Feel again their long lost joys;
But the haste with which they grasp them,
Every fairy form destroys.

They are sleeping! Who are sleeping?
Misers by their hoarded gold;
And in fancy now are heaping
Gems and pearls of price untold.
Golden chains their limbs encumber,
Diamonds seem before them strown,
But they waken from their slumber,
And the splendid dream is flown.

They are sleeping! Who are sleeping?
Pause a moment, softly tread;
Anxious friends are fondly keeping
Virgils by the sleeper's bed!
Other hopes have all forsaken;
One remains—that slumber deep;
Speak not, lest the slumber waken
From the sweet—that saving sleep.

They are sleeping! Who are sleeping?
Thousands who have passed away,
From a world of wo and weeping,
To the regions of decay!
Safe they rest, the green turf under;
Sighing breeze or music's breath,
Winter's wind or summber's thunder,
Cannot break the sleep of death.

"WHY DONT YOU ASK PA TO BE STILL WHILE I'M DYING?"—It was the hour of twilight. The streets were getting still. All was hushed around the dwelling of ——; where lay the waisted form of Ellen. She had been raised up in her bed, that she might see the sun go down in the west. She watched his rays as they lingered upon the distant summit, till she grew tired with looking. She had just been placed in a more reposing posture, when the very room where she lay became the scene of strange confusion. From the hoarse throat of the *drunkard* were poured forth a volley of oaths and horrid imprecations. The room was filled with the stench of his sepulchral breath. The care-worn and heart-broken wife was rudely driven from the bedside of the dying Ellen. The younger children were huddled together in one corner of the room, pale with fear, and their eyes red with weeping. The senseless ba bbling and noisy violence of the drunkard still continued. The breath of Ellen became fainter and shorter. She raised her little skeleton hand and beckoned her mother who stood weeping on the other side of the room, to come to her. She, poor child had only strength to say, "*Why don't you ask Pa to be still while I'm dying?*" These were the last words of Ellen; but they were in vain. With the last sigh of her gentle spirit, there went up to heaven also the inhuman ravings of the drunken father! This story is no fiction; not a matter of imagination, but of real occurreace.

Had the owner of the grog-shop in that neighborhood the spirit of a man or of a demon within him! For a filthy lucre he could fibricate such misery, and deal out such death all around him!

---

*A strange Thing.*—A young physician of this city, of good appearance, and moderate circumstances, married about four months since a young lady of very amiable disposition and pretty face. He had been, some time before, engaged to a very intersting young woman, residing in Kensington, who, however, died of consumption shortly before they were to have been united; and he had subsequently been affianced to his wife's sistor, who also, strangely enough, took sick and died of consumption ere the arrival of the wedding day. Two months after the death of the latter, determined, it would seem, to marry in the family, he wedded her sister, and moved into a handsome house, in a handsome street, in Southwark. In a couple of weeks, his *wife* was discovered to be ill with consumption! Domestic difficulties arose, which in about three months amounted to quite a serious affair. In the meantime, the lady was evidently dying. On Monday last, while the gentleman was absent from home, and before the dinner hour, a carriage drove up to his door, and a furniture car. The mother and sisters of the lady jumped out, and soon returned placing their dying relative in one and all the furniture she had taken to the house in the other, when both drove off. When the husband returned, he found his wife gone, his home desolate, and the whole neighborhood rife with stories injurious to his character as a man and as a christian. These are the plain facts; we make no comment.—*Phila. Spirit Times.*

"We fight to Protect—not to Injure."

HENRY C. FRINK, EDITOR.

MONDAY EVENING, MARCH 2, 1840.

☞ We are indebted to the politeness of the Hon. Tho's Kempshall, for several valuable public documents, among which is a letter from the Secretary of War to the Chairman of the Committee on military affairs in relation to the employment of blood-hounds against the Florida Indians, accompained by documents on the subject.

The following letter which we extract will explain the relation in which Government stands in this matter.

WAR DEPARTMENT, *Jan.* 26, 1840.

SIR: It is understood by the department, altho' not officially informed of the fact, that the authorities of the Territory of Florida have imported a pack of bloodhounds from the Island of Cuba, and I think it proper to direct, in the event of those dogs being employed by any officer or officers under your command, that their use be confined, altogether to tracking the Indians: and in order to ensure this, and to prevent the possibility of their injuring any person whatsoever, that they be muzzled when in the field, and held with a leash while following the track of the enemy.

Very respectfully,
Your most obedient servant,
J. R. POINSETT.

Brig. Gen. Z. TAYLOR,
*Commanding Army of the South, Florida.*

We have been presented by its author, Mr. Stephen V. R. Stewart, with a specimen of his newly invented Perpetual Counting-House Almanac. It is a combination of machinery, bearing upon its face the necessary numericals; and by simply turning a wheel about the fourth part of an inch, on the first day of each year the almanac is rendered perpetual.

This almanac, when its use is understood, will be found more than a substitute for any stationary time table now extant.

Nichols & Wilson are the sole agents of this article, for this city, as will be seen by reference to advertisement.

*A Murder's Life.* It is said Holstein, the murderer of Moore, of the Red River Whig, lives within 18 miles of Alexander, Louisiana, in a sort of hammock, with his mother. A constant watch is kept, and when any person approaches the place, he betakes himself to the swamp.

---

*Shall we have War?*—England is evidently preparing for a brush—which looks bad. A Buffalo paper states that the British have commenced the building of two steam frigates, at Chippewa, below that city under the superintendence of an agent from England. We learn also, from the Detriot papers, that the barracks nearly opposite that city, are nearly completed for the accommodation of two thousand men; with block houses, stockades and batteries, sufficient to batter down the city whenever her Majesty's troops may think proper. Other preparations are also being made along the frontier, by erecting fortifications, establishing ports, &c.; which looks much as if the English government regarded the result of *negociation* as doubtful, to say the least, and were determined to enforce their claims by *blows*, if words should not succeed.—*Boston Mercantile.*

While these preparations are making all around us, it is amusing to see how earnestly the British functionaries, and the British partizans in America, depreciate any ill feeling between the two countries! God forbid! they say, we should have a war! while, at the same time, they are themselves making vigilant preparations for one. Who does not see the "iron hand beneath the velvet glove"? *Portland (Maine,) Argus.*

---

*Bodisco's Marriage.* M. Bodisco, the Rasian Ambassador at Washington, whose contemplated marriage has set the *elite* of that city all agog, is an oddity. His intended, is a charming little girl of sixteen, and the daughter of a Clerk in one of the Auditor's Offices. Bodisco himself is nearly *seventy*—is bald on his head, while his body is covered with hair all over two inches long—has one glass eye—and owing to some affection of the throat, breathes through a silver tube, inserted in his neck. Oh! what a lovely couple! How she will be able to fondle on him. His *income* is $30,000 per annum.—*Phila. Times.*

From the N. Y. Daily Sun.

## SEVEN DAYS LATER FROM FRANCE, AND ONE DAY LATER FROM ENGLAND.

The packet ship Dutchess d'Orleans, Captain Richardson, arrived yesterday morning from Havre, whence she sailed on the 9th of January, bringing Paris dates to the 7th, and London to the 5th.

The only news of great importance is in relation to the continued difficulties in China, and the war in Algiers. The English will doubtless be obliged to fight in the former country, and the French are fighting desperately in the latter.

A letter from Calcutta, of the 13th November, says the English ship Nymph arrived there from China, after a very short passage, and brought the intelligence, that at Canton all communication between the English and Chinese was entirely broken off. At Macao, a collision had taken place between the Chinese, and the English and Portuguese residents, which ended in the expulsion of the Portuguese and English from the town, of which the Chinese had taken possession. All communications were forbidden, except with the Americans, who were actually profiting by these events to extend their commerce. The letter adds there seems to be very little hope of an amicable arrangement. There were twenty of the Chinese killed in the affray at Macao.

In *Algiers*, the French are prosecuting the war with vigor and success, although the Arabs give them much trouble.

A telegraphic despatch, dated Toulon, Jan. 5th, from Marshal Vallee, to the Minister of War, is as follows:

BELIDA, 31st December.

A column under my orders attacked to-day the troops of Ab del Kader, between the upper camp of Belida and Chiffa. The enemy was completely routed. Three standards of the Caliphat of Miliniana, one cannon, and many muskets and drums, were taken by us.

The French brig Frederick Adolphus, bound to Algiers with potatoes, being becalmed off the little port of Cherchell, was descried by the Arabs, who immediately launched a felucca to capture her. The French captain, having no arms, put himself, crew and passengers, in his boat, and made for Algiers, where they arrived safely, and reported the capture of the brig. Two armed steamers, the Crocodile and the Sphinx, were immediately despatched to recapture the brig, and burn the town. They failed in both, and returned to Algiers, with the loss of four men killed, and 21 severely wounded, out of a force of 70 men landed.

Marshal Vallee intended to despatch a regular force against Cherchell, and occupy it permanently.

The *Paris* papers of the 7th contain the reply of the Chamber of Peers and Chamber of Deputies to the King's speech. The Ministerial party carried every thing their own way. The Duke de Nemours appeared and took his seat among the Peers, entirely recovered from his late dangerous sickness. The Peers had adopted their address, which was a complete echo of the royal message. The Chamber of Deputies had theirs yet under discussion.

From *Spain* the news is unimportant. The Queen's speech on opening the Chambers, was considered by the ministers as sustaining their views. It is mentioned as an innovation much applauded by the populace, that women had taken part in the bull fights, and showed much dexterity and courage.

The Queen's troops under Aspiroz have captured the fort of Chubilla, which was defended by the factions of Aravelo, Arnau, and Forcadell.

Cabrera is not so dangerously ill as reported, and has issued an order of the day prohibiting the inhabitants of the places occupied by him from going beyond the lines, on pain of death.

*Russia* has declared war against Khiva, an Asiatic province on the Caspian, and is sending on immense armaments in that direction. Much speculation and many rumors are afloat as the object of this movement. It is said the Emperor intends thereby to put himself in a position to oppose the British power in the East.

*London* papers are to the 5th, only one day later. The money market appears to be gradually improving: The day for the Queen's marriage was said to be fixed for the 16th of February.

*Penny Postage in England.* The lastest London dates, (4th Jan.) furnish a statement of the first week's experience of the British Post Office Department for the first week of the operation of the penny postage system, which went into operation on the 16th Dec. The number of letters transmitted through the Post Office during the first week was 180,000. During the corresponding week of 1838, the number was 100,000. Hence it appears that the new system caused an increase of 80,000 letters, the increase of revenue derived from which was fifty pounds.—*New York Sun.*

*Latest from the Exporing Expedition.*—A letter (post marked Edgartown, Martha's Vineyard, Mass. Feb. 15,) was received here yesterday, from the Expedition, dated Tahati, October 7, 1839. It was expected that the squadron would sail the next day, and after cruising about for a few weeks, make another trip towards the South Pole.—*New Haven Herald.*

MESSRS. ELLSWORTH'S AND NICHOLS BENEFIT.—They have a rare bill of fare; plenty of the solids from their LARDER, besides TARTS and 'nuts to crack.' Mr. Ellsworth, from his ability to cause the 'aloe to bloom' in February, should receive the patronage of the FAIR in March, and Mr. Nichols, who has already delighted all with his splendid scenic displays, will show up his Yankee in bold relief to a full house, it is hoped, this evening.

*Great Freshet on the Connecticut River.* We have just learned by a postcript on the waybill of the Northern Stage, that a very heavy freshet, accompanied with a break up of the ice, above Northampton, was experienced on Monday, the 24th ult.; so powerful that the Sunderland Bridge twelve miles above Northampton, was nearly all swept off. This bridge, we learn, came down in a solid mass, and coming with a tremendous force against it, carried away the greatest part of it. Our informant says that the freshet is about the heaviest ever known in that vicinity. The Sunderland bridge, it will be remembered, was partly carried away by ice, in Jan. last year, by the same freshet which took off a part of Hartford Bridge. The destruction of the bridges at Sunderland and Northampton, will prove a great loss to the people in that vicinity.—[*Hartford Courier.*

CONGRESS.—In Senate on Monday, Feb. 24, Mr. Webster presented several petitions for a general bankrupt law, and advocated the utility of such a measure, giving an outline of his plan. Several Senators followed, who were friendly to some such project.

Mr. Buchanan proposed a resolution inquiring into the expediency of proposing to the several states such an alteration in the Constitution, as will secure a specie basis for the currency, by prohibiting the issue and circulation of bank notes so small as to prevent the circulation of gold and silver in the ordinary transactions of business. The resolutions against the assumption of the state debts were then taken up, and debated till the hour of adjournment.

In the House, a resolution from the committee on elections, authorising the committee to send for persons and papers in the contested election cases from Pennsylvania and Massachusetts, was passed, but not without some opposition.

In Senate, on Tuesday, Mr. Buchanan, of Pennsylvania, presented a memorial from commission merchants and importers, praying a revision of the Tariff in relation to the importation of foreign woollens. Mr. Tallmadge presented the anti-sub-treasury resolutions of the Legislature of New York; which gave rise to a protracted and personal debate, principally between Mr. Tallmadge and Mr. Tappan of Ohio.

In the House, the day was principally spent in discussion of points of order; though the subject nominally before it was the New Jersey election.

THE DOGS AND THE ARMY.—The Washington Correspondent of the Evening Post says: "An officer of the army arrived in town last night and brought the gratifying intelligence, that the bounds had surprised an encampment not many miles distant from St. Augustine, of fifty insurgent Indians and Negroes, every one of whom were taken without the loss of life, or the shedding of a drop of blood!"

---

*A Drunkard burned to death.* The Greensboroug, N. C. Patriot, states that a man named Wm. Kersey, was burned to death in that county on the 31st ult. He was intoxicated to such a degree that when he lay down by a fire and his clothes caught, he was unable to get away, and was literally roasted alive.

---

*Not Bad.*—A country paper dunning its subscribers to fulfil their promises to pay, says: "We are out of almost every thing except wife, children, and nature; but our chief want is *fuel*, and if our debtors have no money in their pockets, no wheat in their barns, and no potatoes in their cellars, we hope they have at least some music in their souls, and will not refuse to "wood up."

---

*Another Skirmish.* The St. Augustine News of the 14th inst. says:

"As eight youlteers, 12 miles west of Fort Harlee, last week, were cooking their supper, seven Indians rushed in upon them, killed one man, captured their arms, amunitions, and walked leisurely off."

## LETTER

### From John Allen, Esq., declining the Nomination for Mayor!

ALBANY, FEBRUARY, 23, 1840.

DEAR SIR—Your favor dated 18th and post-marked the 19th, has been received not three minutes since, and I hasten to answer. Sheriff Perrin had written me on the subject of running for *Alderman*. I respectfully declined the nomination, as two years at a time is enough for any one citizen; and I believe in rotation in office.

If my private affairs would permit the time to give the office of Mayor the necessary attention, I would feel honored by the nomination for that office, to be *elected by the people*; but placed as I am, it might injure me at this time—therefore, it would be imprudent in me to accept the nomination.

Meantime, my dear sir, permit me to return you my sincere thanks for the honor intended; and believe me, that all that prevents me from gladly accepting that honor, is my present inability to discharge the important duties of that office, without particularly injuring my own private affairs

I am, dear sir, with respect, your friend,

JOHN ALLEN.

## Public Meeting.

Pursuant to a notice posted in the public places of the city, a respectable number of citizens assembled at the NATIONAL HOTEL, for the purpose of taking into consideration the recent nominations for Mayor of this city.

WILLIAM A. LANGWORTHY, Esq. was unanimously called to the chair, and W. S. ALLIS, was appointed Secretary of the meeting. A motion was made and carried, to enter into an informal ballot for candidates for nomination, in which ballot *JOHN ALLEN, Esq.* was chosen by a large majority.

Mr. Smith moved that Mr. Allen should be the *People's Candidate* for the office of Mayor, which was *unanimously carried.*

A motion was then made that the chair should appoint a committee of three to draft resolutions and report the same to this meeting; the following persons were appointed: G. McCracken, D. Smith, and W. S. Allis, who reported the following preamble and resolutions:

Whereas we consider our political rights, as the people of this City, have been disregarded by the leaders of both political parties in their nominations of candidates for the office of Mayor; therefore

*Resolved*, that the past conduct and present debased condition of the political press in this city,—as evinced in their attachment to party, their hypocrisy, their sacrifice of principle, and in refusing to receive and insert respectful communications in defence of our rights and, in explanation of our objections, richly deserves, as it shall abundantly receive, our unmitigated censure.

*Resolved*, that we regard the nomination of *E. F. Smith* by the *wire-pullers* of the whig party, as a gross outrage upon the feelings, interests, and rights of, not only the laboring people of his own party, but of the city generally.

*Resolved*, also, that we regard the nomination of *F. M. Haight*, by the self-styled Democratic party,—a man well known as practically opposed to the anti-Bank principles so loudly proclaimed by the party to whom he belongs,—as a flagrant contradiction between *precept* and *example*, and that he, therefore, is unworthy our support.

*Resolved*, that in our humble opinion, the time has fully arrived, when *the People* of this city, not only understood but asserted and maintained their rights; and that, to this end, we will no longer give countenance to the hypocrisy, injustice and treachery of any set of men, parties, presses, or editors, but will rather on all occasions, express our views of the political character of individuals of any or all parties.

*Resolved*, that we highly approve of the nomination of *John Allen, Esq.*, for the Mayoralty of this city, and that, we regard him as worthy, liberal, and enlightened, and do most earnestly recommend him to the suffrages of the laboring classes of this city.

On motion of Mr. Charles, the report of the committee was accepted, and the resolutions adopted.

A motion was then made and carried, that the proceedings of this meeting should be prepared by the Secretary, and published in the Daily Working-Man's Advocate on Monday.

A motion was then made to adjourn until Monday evening, at seven o'clock, at this place.

WM. A. LANGWORTHY,
*Chairman.*

W. S. ALLIS, *Sec'y.* 1t

### SECOND WARD.

At a meeting of the Whig Electors of the Second Ward, at the house of John Post, on the 28th Feb. 1840, for the purpose of nominating ward officers—ELIJAH F. SMITH, Esq. was called to the chair and JOHN H. THOMPSON appointed Secretary.

SETH C. JONES was unanimously nominated for Supervisor.

ISAAC F. MACK for Alderman.

WILLARD PUTNAM, for Constable.

Assessors—AUSTIN CHURCH, JOHN JONES, and JOHNSON M. SOUTHWICK.

On motion of S. C. Jones,

Resolved, That the thanks of this Ward be tendered to JOHN ALLEN, Esq., for the faithful discharge of his duty as Alderman for the past two years.

### Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

### READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

Prepared only by Dr. D. JAYNE, sole proprietor, No. 20 South Third-st., Philadelphia. For sale by HENRY SCRANTOM, opposite the Eagle Tavern, Buffalo-st., only dec31tf Agent for the county of Monroe.

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see Certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Rich Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Bradman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 68 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, when the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW-ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,
*Boston, Nov. 20, 1839.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.
*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.
*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 412 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 260 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known.—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

JOHN M. WINSLOW, Druggist.

From the Rochester Gem, of Aug. 10, 1839.

THE WOOD CUT—of the First Baptist Church, which embellishes this number of the Gem, was engraved by M. Miller, of this city, a young artist whose productions evince genius and taste highly creditable to him, and which will as they have opportunity for development, we doubt not, do honor to our city in that department of industry.

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

HENRY C. FRINK, EDITOR.

TUESDAY EVENING, MARCH 3, 1840.

UNITED STATES SHIP OHIO AND A TOUGH OLD COMMODORE.—There has been much talk in the city during the few days past, of a mutiny on board the United States Ship Ohio; and sundry exaggerations have been circulated, which it is perhaps as well that a plain tale should correct:

The facts as we understand them, are these:—The crew had not been ashore on leave from the time of their departure from the United States. Anxious for some liberty, at last, when in Port Mahon, one bright morning, some three hundred of them went forward in a body to the break of the quarter deck, asking to speak to the captain. The lieutenant on duty possibly not reflecting that the very fact of such a body applying to address the commander was in itself an act of gross insubordination, instead of ordering them back, sent for the captain. On his appearance, and perceiving what was the condition of things, he sent for the commodore. The old man, the hero of the Constitution, did not stay to be twice bidden. He was instantly on the quarter-deck, and as instantly told these sailors that they were committing an act of matiny that "might hang some of them." He then, after rebuking them sternly for the breach of discipline, ordered them instantly to disperse and go below. He then ordered all in a trice at their quarters. They were then piped below—and all again went below. This was repeated three or four times, and always with the same alacrity and promptitude in obeying orders. Finally, the order was given to get up the anchor. The ship was got under way, and for ten or twelve days she cruised about the Mediterranean. At the end of the time—the men conducting themselves perfectly well—the commodore returned into port, piped all hands, told them he was much satisfied with their conduct, and that he would let them go ashore; and, accordingly, leave was given them, which was not abused, for a frolic on shore. Discipline was preserved on board, and the old commodore came out, as usual, bright and true as steel.—*American.*

GEN. LA FAYETTE.—At a banquet given by the Seventh Legion of the National Guard of Paris to Gen. Lafayette, a speech was pronounced by Gen. Matthew Dumas, from which we make the following extract:

"Fifty years since, at the same season of the year, and if my memory is faithful, almost on the same day, General Washington came, accompanied by General Lafayette, to pay his first visit to the French army disembarked at Rhode Island, and to unite the arms and standards of the United States with the arms and standards of France. He returned to his quarters, and I had the honor to form part of his escort. On the way, we passed near a small town, now become a very considerable one, when a crowd of children met us, each carrying a flambeau and filling the air with acclamations: they compelled the General to stop, and kissed his knees. Much affected, Washington turned to us, and said these memorable:—'We are about to open a campaign—God only knows what will be the fate of war—we shall, perhaps, be beaten; but here (putting his hands upon the heads of the young children,) here is an army our enemies can never conquer."

ELOPEMENT.—A buxom lass, for several years the wife of a gentleman in one of our neighboring towns, passed through this village, one day last week, to meet somewhere down east at a place of assignment, agreed upon by her paramour, who passed through a day or two before. We understand these circumstances of the amour were discovered a short time prior to her starting, but her husband, who is a man of respectable standing in society, thought it not worth his while to follow her. The lady's lover is a married man, with a family of three or four children, of dissolute habits, miserable and mean; scarcely worth the love of a dog. "Oh what a falling off was there!"—*Dover N. H. Gaz.*

BE LIBERAL.—It is only a few days since that we heard of a poor widow in this place, who having made a fine shirt, and knowing the grinding disposition of her employer, only charged six shillings for that which was worth a dollar—and was denied the pay for some time, and then received but fifty cents, being all her "charitable" benefactress could afford to give. This sum was devoted to the alleviation of a sick son, who, with his mother and another child, were dependent solely on the labors of that mother's hands for support. "Poverty, thou art indeed a bitter drug!"—*Oswego Whig.*

*Suicide—Snow Hill* (Md.) Feb. 18.—We learn from the Baltimore papers that Mr. Purnell Bennet, formerly of this county, put an end to his existence, by cutting his throat, in that city. It is stated that the misery he endured in consequence of having accidentally killed a friend, caused the commission of this act of self destruction. Our readers probably remember the circumstances referred to. They occurred a few miles from this place; the person slain was named Latchum. Bennett was displaying a Spanish dirk knife, and flourishing it stuck through the heart of Latchum, (in L.'s own house) who was standing behind him. Bennett was arrested and confined in jail until the next session of the county court, when he was discharged—the grand jury not finding a bill against him. We understand that he has left a wife and two children in this country.—*Banner.*

☞ The Steam-Packet Liverpool had a most boisterous passoge out last fall. While at Fayel, a passenger wrote a Lettter to New York of which this is an extract:—

"During our voyage, we had several accidents. One day, during a gale, the tiller rope broke, the ship broached to, and a man on the yard arm was thrown on the deck and disabled; two days after, a man threw himself overboard, during a fit of delirium and was lost; and a few days subsequently, a good seaman, in a sudden lurch, was thrown into the sea, but heaving out the life buoy, which he managed to grasp was saved."

## REMOVAL.

The office of the Working-Man's Advocate will be removed to-morrow, to the third story, of No. 20, State street, over the Shoe Store of C. H. Sholtus & Co. [formerly Frink & Wilson,] and nearly opposite our present office. In consequence of the time necessary to be devoted to this arrangement, no Advocate will be issued to-morrow.

## RENTS—NO. 9.

Every thing about and under the house, being found, as we saw in the last number, to be satisfactory, and just as it should be, next look *into* the house. If it be vacant and "to let," have the windows half as many panes of glass as the sash was designed for? But do not, therefore, tax the lavish generosity of the landlord for putty and glass. Medical men are of the opinion that imperfectly ventilated apartments are prejudicial to health; and in this opinion landlords every where seem to coincide. It is, therfore, probably correct. Of course, the landlord should not be so regardless of the health of his tenants, and of *his own interest*, as to mend the windows. And if the tenants themselves, shall think when winter approaches, that there can possibly be "too much of so good a thing" as a free circulation of air, they can abridge the excess by stuffing their old clothes in where the glass is out. This mode of glazing has some peculiar advantages. The old clothes are a substitute for a more fragile and expensive material; and are not liable to be broken, though they are sometimes blown out, and that too, when they should stay in, as of a windy night. They also relieve the eye of the quaker-like uniformity which windows present when entirely filled with glass, and give a house a picturesque exterior, particularly when the projecting rags are of as many colors as the coat which paternal partiality made for the future prime minister of Egypt, and whose variegated beauty doubtless helped to excite the envy and jealousy which consigned him to the pit.

Or, in case the tenants are obliged to wear their old clothes, they have still another substitute.—They can supply the airy vacancies with patches of greased paper, which will answer the double purpose of windows and curtains, like the shaded glass with which old cathedrals are sometimes glazed. This will give the apartments a "soft religious light," favorable to meditation and sore eyes.

And what is the condition of the house within? Is there enough of the plastering left to show that lime and sand were probably used in the original construction? Are the doors unhinged and without latches, or, as sometimes happens, do they lack in only *one* of these respects? Has the ceiling shrunk and left cracks which will answer at a pinch, or *without* a pinch, in lieu of doors? And is the whole interior, notwithstanding the partitions, in such a condition as to make the difference between the whole number of apartments and a single apartment, more nominal than real? That is certainly a condition favorable to the *social habits and intercourse of the family*, or of any number of families who may tabernacle within it. But if the inmates are disposed to be unsocial, if they desire to restrict, in some degree, this universal inter-communication, and have the bad taste to prefer, for any part of the twenty-four hours, a non-intercourse, to this "all things in common," they can paste old newspapers upon the walls which the *disintegration* of the plastering has left bare. The Printer will sell them any quantity for this purpose, at $5 a thousand. The cracks in the ceiling they can cover with slips; and it is in very good taste to select the *poetry* for this purpose. By putting on the newspapers and slips "right side up, with care," a vast amount of "useful and entertaining matter," may be obtained at a cheap rate, and in very convenient form for family reading. The dilapidations of the house thus become, in a literary point of view, positively beneficial to the tenant!

But look farther. Does any more rain come through the roof than actually falls on it, so far as to make the shower baths of the family too copious? Is the oven without a lid or bottom? Are the fire-places destitute of backs, jambs, and hearths? And do the chimneys draw or *shove?* But these and, indeed, all the items mentioned, are matters that concern the *tenant*. So don't trouble the landlord about them. If the landlord collects his rent promptly, does he not do all that a reasonable man could expect, or that established custom requires?

But enough of irony. And what is the condition of these dwellings in fact? In far too many, if not in majority of cases, just what I have described, ironically. And these are the premises for which rents so generally unjust, and so often oppressive, are exacted from the classes least able to pay even equitable rents! They may, perhaps, relieve themselves, somewhat, by attending to the suggestions which I will offer them in the next number. FRANKLIN.

*Distress among the Mechanics in France.*—Much distress prevails among the working classes at Louviers, in consequence of the stagnation of business, and the manufacturers working short times. At Elbeuf, most of the factory hands out of work, are now engaged in road making and repairing, at the rate of 15 sous a day for unmarried, and twenty sous for married men. More than one half the silk looms in Lyons are without work.

*Singular Case of Swindling.*—Two men have recently been condemned, by the Court of Assize at Rouen, France, one to five years confinement at the hulk and the other to three years of the same, for having extorted 2000 from an old man who was in love with a young girl, under the pretence that a rabbit's tail, which they sold him for the money in question, would, with their cabalistic aid, compel the damsel to love him in spite of herself.

*Climate in France.*—All over France, up to January 9th, the climate had been warm as summer; thermometer up to 70 in the shade. Strawberries were gathered at Liege on the 2d January, and within the last few days some fine asparagus had been cut at Charonne, just outside Paris, from beds in the open air. A letter from Algiers, from one of the members of the scientific commission, states that the vegetation of that country is in full activity. At the time of writing, 20th January, the thermometer in the shade was at 75 of Farenheit.

A WOMAN OF A THOUSAND.—The Ohio Statesman says that Mrs Enoch Walker, of Newark, in that state, presented her husband with a pair of twin boys on the 15th inst., being the third pair since their marriage, which was solemnized on Newyear's day, 1837. All the children except one are boys, and they are healthy and promising.

PROFANITY.—A Justice of the Peace in Sandwich, U. C., committed one Smith, a Detroit man, to prison five days for profanity, in calling his honor "Old Cockalorem!"

☞ A young man named Sephere was killed at Philadelphia on Wednesday night, by being run over by an engine which he was assisting in dragging, and, while so engaged stumbled and fell, the wheels passing over his body.

☞ A part of the two mails stolen (supposed by Indians) after murdering the drivers, near St. Augustine, a couple of weeks since, has been recovered.

☞ During the recent great flood on the Connecticut river, a man at Barnet, was carried down twenty-two miles on a cake of ice, but escaped.

*Great Age.*—Mrs. Susan Brown, the widow of Mr. Samuel Brown, died at North Salem, Westchester county, on the 20th ult. at the extraordinary age of 103 years.

☞ The following advertisment appears in one of our New England papers:—"Wanted, a man to take charge of a milk cart and a horse, entertaining abolition principles."

*To Stop Accidents.*—The Canajoharie Radii, edited and published by a mute, after mentioning the accident by which a deaf and dumb man was recently killed on the Utica Railroad, says "there should be a law made, that when any man was run over by the cars, they should hang threee of the first directors they could catch."

*Bankrupt Law.*—There was a large Meeting in New York on Thursday in favor of a General Bankrupt Law.

SOUTH AMERICA.—The dates from Rio de Janeiro are to the 15th of January. The advance guard of the Government forces, in the province of St. Catharine's had been met by a party of the insurgents, and entirely cut to pieces. In the provinces of Maranham and Rio Grande the disturbance still continued. In the Oriental Republic, the expected battle between President Rivera and the insurgents had not yet taken place.—*Dispatch & Tattler.*

*Sub-marine search for the bodies of the persons lost in the Lexington.*—Capt. Taylor left Boston (as we learn by the Post of that city) on Monday last, with his sub-marine armor, for the scene of the late terrible disaster, having been employed to search for the unrecovered bodies of the drowned, and also to look for certain packages of money known to have been shipped by the Lexington.—*N. Y. Sun.*

## CONGRESS.

In Senate, on Thursday, Feb. 27, Mr. Buchanan's resolution, directing an inquiry, by a select committee, into the expediency of an amendment of the Constitution to prohibit the circulation of small bank notes, was adopted after some farther debate. After the resolution was adopted, that in reference to the State debts came up. Messrs. Strange and Henderson addressed the Senate, and Mr. Tallmadge had the floor for the next day.

In the House, the day was spent principally on the New Jersey election case, without effecting any thing. The debate was upon a proposition to direct the committee on elections to report the names of those gentlemen who received the largest number of votes at the late election. Mr. Crabb of Alabama warmly opposed it, and spoke for several hours upon the subject.

## N. Y. LEGISLATURE.

FRIDAY, FEB. 28.

### IN SENATE.

The bill from the Assembly providing for the payment of the troops called out to assist the civil authority in maintaining the law in Rensselaerville was received and referred to the committee on military affairs.

At 12 o'clock the Senate proceeded to nominate a Regent of the University in place of Jesse Buel deceased. John C. Spencer and Wm. C. Bryant were the candidates—the former was nominated, by a vote of 15 to 8.

On comparing nominations with the Assembly they were found to agree, and J. C. Spencer was declared duly elected.

### IN ASSEMBLY.

Mr. D. Sibley's motion for leave for the committee on State Prisons to visit the Prisons of Sing Sing and Auburn was passed, ayes 52; noes 49.

SATURDAY, FEB. 29.

### IN SENATE.

The bill to raise money for the Erie canal, came from the Assembly.

The rules were suspended and the bill ordered to a third reading.

### IN ASSEMBLY.

The bill to provide for the opening of the navigation of the Erie Canal, was passed.

The resolution on the bank inquiry was debated at length; but no question taken.

[*From the St. John's Courier, of Feb. 15.*]

WARLIKE! Her Majesty's ship Vestal has arrived at Halifax, where, we understand, other vessels of war are soon expected, for the purpose of bringing troops and amunitions of war to this Province, in case they should be required.

We learn, also, that the 23d Fusileers, now in garrison at Halifax, instead of being about to proceed to the East Indies, is the first regiment for services in this Province, and has received orders to be ready to move at the shortest notice.

We are further informed, on good authority, that the erection of Barracks at Woodstock, in that Province, for the accommodation of a large military force, has been determined upon, and the work is to commence immediately.

These precautions, we presume, are taken in accordance with the views expressed in the communication of British Minister at Washington to the American Secretary of State, under date of the 28th January.

*From the Savannah Georgian Feb. 22.*

INDIANS!—On Friday night, 7th inst. while a detachment of volunteers, stationed at Black Creek, were encamped on New River, about two hundred yards from the residence of Mr. McKinney, they were attacked by a party of Indians; number not known killing a Mr. Elijah Simmons and wounding a Mr. Prevat. After firing upon the camp, they rushed in and seized the rifles belonging to the volunteers, who immediately fled to the House, thus affording protection to the inmates, who would probably have fallen victims to the barbarity of the merciless savages.

On Sunday night, while Capt. Chamberlain, in command of a baggage train, was encamped at Alligator, he reports hearing Indians all arround him.

*A good Freight, and a welcome*—the eggs particularly.—The steamboat Superior arrived from Newburg on Thursday evening, with the following among other articles of freight;—300 reams paper, 400 barrels flour, 300 hogs, 300 firkins butter, 1000 pounds poultry, and 5000 eggs. *N. Y. Sun.*

☞ The steamer Liverpool did not sail from Fayal till the 9th of January. This fact makes her leaving Liverpool during the first of February extremely improbable.—*Sun.*

*Reciprocal Attachment.*—"John I always take a beau with me, when I go a promenading, merely for a walking stock."

"You does, eh! well I allers takes a gall, long with me, jist for a pocket handkercher to wipe my nose on."

*Bitters for One.*—A chap in the Montgomery Advertiser writes a long poetical communication and heads it A Sketch—*Scene*, a Tavern—*Time*—*Sunrise.* "He ought to have added *writer—drunk.*"

GO IT BOOTS.—A Mrs. Boots of Pennsylvania has left her husband, Mr. Boots, and strayed to parts unknown. We presume that this pair of Boots are rights and lefts. We cannot say, however, that Mrs. Boots is *right*, but there is no mistake that Boots himself is *left*. At the last accounts he was pursuing her with all his might. Go it, Boots!—*Picayune.*

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainbd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing.

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

Philadelphia, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

Haddonfield, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place; that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with Hair Oil impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 451 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 Gold St.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and when all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,
*Boston, Nov. 20, 1839.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.
*Boston, May 1, 1839.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.
*Boston, September 1, 1839.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the Tooth-ache, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also removes all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 200 Washington Street, George Merrill, Locust Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

## Songs of the Passions.

I SHALL NOT SEE THY FACE AGAIN.

I shall not see thy face again,
But sleep shall bring thy form,
In all thy radiant beauty, back
With all thy spirit warm;
And from the fountain of my thoughts,
So shall thine image rise,
That not e'en absence shall avail
To tear thee from mine eyes.

I shall not hear the music
Of thy voice, when it may be
That the roses of thy lips pour out
Their perfumed melody;
But the secret spirit of my heart
Shall tell me thou art near,
When the zephyr's breath is murmuring
To the blossoms of the year!

I shall not soon forget thee—
For the places where we met
Bear the shadow of thy loveliness,
And whisper of thee yet;
And the light of spring and summer skies—
The heavens—the earth—the sea—
They are beautiful; and beauty will
Recall the thoughts of thee!

NAY, TELL ME NOT THAT HE IS MAD.

Nay, tell me not that he is mad
Who drains the poisoned bowl,
And revels in the frantic joy
That steals away the soul;
For I a deeper poison drink,
When'er I meet thine eye,
And feel that though 'tis death to look,
'Tis worse than death to fly!

Thou art a vision of my night,
A mystery—a gleam
Of some far brighter world, revealed
In thee, as in a dream:
I pant for thee! my spirit longs
As morning for the light;
As doth the thirsty summer day
To drink the dews of night.

[From the New Orleans Picayune.]

## ROCKY MOUNTAIN SKETCHES.

*The Fire Jump.*—When crossing the mountains from Toas into Santa Fee, we passed along the brink of a frightful precipice, called the 'Fire Jump,' about which our guide told us the following story:—Col. Tom was a half-bred, well known a few years ago through all the villages in Toas; living at times with the Indians; a shrewd, cunning fellow, not brave, but exceedingly wicked. He was the son of an American trapper, who perished in the snow one winter night in the mountains, while Tom was yet an infant. Tom obtained the title of Colonel from the Americans, on account of a martial and commanding manner which he was fond of assuming. He spoke Spanish, and knew enough of English to mingle with the traders, and be useful to them as an interperter, being also conversant with the language of his Indian mother. Though known to be a great rascal, he was tolerated by the Americans and Spaniards, on account partly for his usefulness when he chose to make himself serviceable, and partly for his reckless and humorous disposition, but the Indians bated him with deadly hostility. His superior intelligence made him feared among them, and they were jealous of the white blood that ran in his veins. Living under the rule of the Spanish government, they could not kill him without being punished for it, and this made their hatred the more bitter. He knew well the hostile feelings of the Indians with whom he mingled, and the delight of his existence seemed to consist in planning schemes of deviltry and rascality to aggravate them. He would steal from the whites whiskey enough to make a whole Indian town drunk, and in the midst of the carousal he would drive off horses and sell them to the Spaniards. He would interpret for the Indians, when selling their skins to the traders, and invariably contrived to make to himself half the advantages of the trade.

At length, his depredations became so notorious and of so villanous a nature, that the Spaniards would no longer protect him, and the Indians commenced hunting him for his life. He had been chased a whole day through the valley and up the mountain side, by a band of the Apachus Indians, when his horse gave out just at this spot, now known as the "Fire Jump." The animal fell near the edge of the percipice, and to prevent the Indians discovering him by the fallen steed, he exerted his strength, and actually pushed the poor dying horse over the rock into the abyss below. A hollow log lay near the spot; he heard the approach of his pursuers, and jumping into the log, he turned it over and lay concealed, as he thought, beneath it.

But the Indians had seen the action, and a fiendish revenge entered into their head. They came to the spot, pretending to believe that their prey had escaped them, and manifesting great vexation and disappointment. They dismounted, and seating themselves upon the log, rehearsed to each other what they had intended to do to Col. Tom had they caught him. Thus the cunning savages sat till night was dark around them, when they gathered dry branches and leaves, and commenced building their fire close against the hollow log where their enemy was hidden. The wretched victim then knew but too well that his concealement was discovered, and a horrid death was designed for him. He peeped from beneath the log, and saw that each man had his bow in hand, and his arrows ready for use.

The fire kindled rapidly, and the Indians laughed aloud as the flames curled around the rotten log. Tom was not brave, but it would seem as if the miserable wretch formed the desperate resolution of dying by the fire, rather than give the Indians the delight of killing him with their arrows. This, however, was a feat not in human nature to perform, and after enduring the torture to the last moment, the doomed wretch dashed off the burning log, and sprang to his feet with his deer skin dress wrapt in a sheet of flame. He threw himelf supon the ground and rolled, but the fire still clung to him. The Indians yelled and danced with delight. He rose to his feet again, and rushing to the precipice, sprang over the brink; a dozen arrows pierced him at the moment, and with a frantic scream of agony he sped like a lightning flash into the dark gulf below. The Indians threw themselves upon their faces, and peeped over the brink to see the burning body dash from rock to rock until it disappeared beneath a projecting crag, hundreds of feet down the frightful ravine; after which they calmly smoked their pipes around the still blazing log; and the terrible precipice, whose brink is almost the very summit of the mountain, has ever since been pointed out to travellers as "*The Fire Jump.*"

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure"

HENRY C. FRINK, EDITOR.

THURSDAY EVENING, MARCH 5, 1840.

### REMOVAL.

The office of the Working-Man's Advocate is removed to the third story of No. 20, State-street, over the Shoe Store of C. H. Sholtus & Co., [formerly Frink & Wilson,] and nearly opposite our former office.

### LADIES' FAIR AT MARKET HALL.

The Ladies of the Third Presbyterian Church hold a Fair this afternon and evening, at Market Hall. The proceeds (after applying $100 to the Sabbath Schools of the city) are to be for the benefit of the Library of the Young Men's Association. The interest our citizens have in the advancement of this Institution, and in the more general diffusion of knowledge, for which a well selected Library is so happy a medium, will, no doubt prompt them to attend and give liberally to promote so worthy an object.

In addition to these inducements to a general attendance, the City Band, who, with a commendable spirit, are ever ready to proffer their services on any public occasion, will be present; and the Rochester City Cadets, under the command of Capt. Shoars, will be on parade at the Armory.

☞ Robert Baldwin, Esq., (lately appointed Sol. licitor General, *vice* Hagerman,) is the canditate for member, to represent the city of Toronto, in the Provincial Parliament—claiming the support of the Reformers. Lawyer Sherwood, the creature of the "Family Compact" faction, and bitterly opposed to the all-important political question in Canada—Responsible Government, is the opposing candidate.—The election is shortly to take place.

☞ We learn from our Canadian exchanges, that a general convention of the colored people resident in Upper Canada, will be convened in the Village of Ancaster, on the 11th instant, when some important documents relative to that portion of the inhabitants of that Province, will be sent to their representative, Dr. Thomas Rolph, now in England, to lay before the Grand Abolition Convention, to be held in the city of London in June next.

*Reduction of Passage Money to England.*—The owners of the steam ship Great Western have reduced the price of passage to $120; the steward's fees are fixed at $5. Heretofore the price was $170, including the steward's fees.

☞ The West India store of Messrs. Kimball & Clapp, Boston, was consumed by fire on Wednesday last.

*Not Repealed.*—The Chicago American says the Internal Improvement System of Illinois has not been repealed by the Legislature. The bill to repeal passed both Houses, but was lost in consequence of some mistake in sending it from one house to the other. For the Working-Man's Advocate.

Mr. Editor—Permit me, through the medium of your paper, the "friend of the working man," to make a few remarks upon the prevalent practice of some of our Master Mechanics, and others, of paying their workmen with "Grocery Bills." Not satisfied with the present low price of labor, they endeavor, by obliging us to receive these bills, to reduce still lower the scanty remuneration we are entitled to receive.

I am aware that there is at present a great pressure in the money market, and am not surprised that we are not able to receive the full amount to which we are entitled, and would, (as is no doubt the case with others,) show all the forbearance towards our employers which the nature of the case demands. But to be obliged to submit to such swindling as is practiced upon Mechanics, I am not willing; for it is not owing to the pressure of the times, but because they find it to result greatly to their advantage, to purchase these bills at a discount of fifteen or twenty per cent, that they practice this fraud upon us, for it can be called nothing less than fraud to cheat the "laborer of his hire."

Is it right, is it honorable, thus to take advantage of the present state of things, by compelling Mechanics to receive that for their labor which, for the common purposes for which money should be adapted, is utterly unavailable? Men, dependent upon their daily labor for the support of themselves and families, are under the necessity of calling often upon their employers for money, and are obliged to make a virtue of necessity, and receive these "Grocery Rags."

Aside from the per cent thus literally swindled out of them, many are, to my knowledge, receiving this money on contracts made without any specification which could render this practice warrantable. I would suggest to my brother Mechanics the propriety of forming an association, having a permanent fund, out of which to pay the needy members their daily wages, in case of a "strike;" and, instead of submitting to extortion, on the part of employers, to make a general "strike" on the least appearance of it in any form.

I make these remarks, not so much from motives of personal advantage, as from a desire to see justice done to those who are compelled to submit to wrong, as accidental circumstances place me partially beyond its reach.

A MECHANIC.

For the Working-Man's Advocate.

Mr. Editor:—I wish through your paper to make the inquiry, why the proceeds, exceeding one hundred dollars, of the Ladies' Fair, noticed for to-night, is to be appropriated exclusively to the Library of the Young Men's Association? Is not the Library of the Mechanic's Literary Association devoted to as philanthropic objects? Does it not circulate gratuitously to the most important, and at the same time *neglected*, portion of the community? And here let me in all kindness ask, how long, if such distinctions *continue* to be made, will they not *continue* to be neglected?

Mechanics, patronize the fair. Its objects, if partial, are still laudable: but may the time be not far distant, that you may learn not only to *know* your worth, but be able to sustain it. More anon.

S——.

The Receiver is still busy investigating the affairs of the City Bank. Immediately after entering upon his duties, Mr. Marcy discovered a large indebtedness, perhaps $100,000, against the association known as the Grand Island, or East Boston Timber Company. We are not advised of the precise steps taken in the matter, but judge from subsequent events that the association was not prepared to respond to the demands of the Receiver. We allude to the levy made upon the effects of the company by the Receiver.—*Buffalo Advertiser.*

## N. Y. LEGISLATURE.

MONDAY, March 2.

### IN SENATE.

Most of the time of the Senate was occupied on a resolution of Mr. Edwards calling on the Governor for all manner of information with regard to the difficulties on the Rensselaer Manor, which caused him to call out the Militia last December, and on the bill to require all the Banks of this State to redeem their notes in the city of New York.

### IN ASSEMBLY.

A resolution was introduced by the judiciary committee, in favor of the passage of a bill introduced by Mr. Hawley to regulate the holding of Circuit Courts in the counties of Erie and Monroe.

The resolution of the gentleman from Saratoga respecting a bank inquiry, which has been under discussion some days, was adopted after the various amendments had been negatived, by a vote of 46 to 17. A motion to refer the matter to the select committee instead of the bank committee, having been carried by a vote of 36 to 31.

Mr. Mann moved the following resolution:

Resolved, That the Canal Board be requested to report to this House whether in their opinion any change can now be made advantageously to the public interest in the plan, dimensions, or manner of executing the work adopted for the enlargement of the Erie Canal, so as to lessen the expense of that work; and also, how long a period of time will be required to complete most advantageously to the public interests, the enlargement of the Erie Canal, and also what amount of tolls at present rates, after deducting all expenses of repairs, superintendence, and other charges will in their opinion, probably be received from all the Canals of the State in each of the next seven years, without being obliged to resort to direct taxation or loans to pay the interest and defray the current expenses of the government; and also, at what period of time and from what sources of revenue the existing Canal debt unprovided for of $10,276,864 can be paid and extinguished without resorting to new laws or direct taxation for that purpose.

The resolution was laid on the table and ordered printed.

### CONGRESS.

In Senate, on Friday, Feb. 28, a report in relation to the payment of drafts by the deposite banks, since the general resumption in 1838, was presented by the Secretary of the Treasury. A bill for the organization of a company of sappers and miners was read and ordered to a second reading. The Senate then dipped into the standing dish, Mr. Benton's resolution, and after refreshing themselves upon it, adjourned till Monday.

In the House, the following resolution was passed. It is the result of many days' works, and with amendments, and amendments upon amendments, bears as little resemblance as may be to the original resolution, as offered:

Resolved, That the committee of elections be authorized to report to this House such papers, and such of their proceedings, as they may desire to be printed by order of the House; and that they be instructed also to report forthwith which five of the ten individuals claiming seats from the state of New Jersey, received the greatest number of lawful votes from the whole state for Representatives in the Congress of the United States at the election of 1838 in said state, with all the evidence of that fact in their possession: Provided, that nothing herein contained shall be so construed as to prevent or delay the action of said committee in taking testimony, and deciding the said case upon the merits of the election.

In the House, on Saturday, Mr. Curtis reported a bill to remit the duties on goods destroyed by fire in New York, and gave notice of his intention to introduce an act, establishing a uniform bankruptcy system. An effort was made to suspend the rules to take up the resolutions of inquiry into the contract with Mr. Longtree for stationery, and lost. The House proceeded to the consideration of the bill continuing the office of commissioners of pensions.

*Proof Positive.*—We understand from a gentleman who has made a personal examination, that the statement made by Governor Fairfield, and denied by the British Minister, in relation to British works and occupancy in the disputed territory, *are true to the letter.* The works created there by the British since the agreement made last spring, are stronger and more extensive than has been represented or generally supposed, in truth greatly exceeding any similar works in this state or perhaps in New England, except at Newport. This corroborative evidence will be communicated officially forthwith, and will place Mr. Fox in a most unenviable situation; the immediate action of the National Government is called for and it strikes us cannot be avoided.—*Bangor Democrat.*

## ERIN GO BRAGH!

A meeting of Irishmen and their friends (convened by public notice) was held at Wheeler's Tavern on Tuesday evening, to make arrangements for the due celebration of the ensuing Festival of Saint Patrick. The meeting was organised by Mr. Macnamara nominating Mr. James O'Maley as Chairman, which was seconded by acclamation. A committee of arrangements were appointed to meet on Friday evening at the same place.

The meeting was adjourned to assemble at Colonel Gallery's Tavern, on Monday next, at 7 o'clock P. M., to hear the report of the committee, and for the transaction of other business connected with the objects of the meetings—a full and punctual attendance is requested.

At the Regular Monthly Meeting of OSCEOLA Fire Co. No. 8, held at their Engine house, on Tuesday evening, 3d inst., the following members of said company, C. P. Dwyer, Daniel Smith, H. W. D. Brewster, and Francis Peocock were appointed a committee to draft Preamble [and Resolutions expressive of their feeling in regard to the unfortunate accident which one of our citizens sustained in assisting them in working their Engine at the fire which occurred on Main st. Bridge, January 3d.

Whereas, Mr. John Dilingham, while assisting our company at said fire, by some means unavoidable, caught his right hand between the Brake and the Body of the Engine, which was so severely injured that he has since found it necessary to have three of his fingers amputated; as he is a worthy, but a poor laboring man, and has a family to support, therefore,

Resolved, That the Director of our Company be requested to urge upon the meeting of the Board of Directors of the "Firemen's Benevolent Association" to appropriate *one hundred dollars* as a token of our sympathy, for the relief of the individual who is so able to bear this severe affliction.

Resolved, That each member of our Company use their influence with the members of other fire companies to request their several Directors to use their exertions to have the above resolution carried into effect.

Resolved, That the daily papers be requested to publish the above proceedings, and signed by the Secretary. S. ANDERSON.

---

A CARD.—Oseola Fire Company No 8, at the Monthly meeeting held at their Engine House on Tuesday evening, the 3d inst., elected the following gentlemen Officers of said company: B. W. WALCOTT, Foreman, vice Lewis Selye, resigned; George W. Burnapp, Assistant Foreman.

Resolved, That the thanks of this Company be tendered to Mr. LEWIS SELYE, for his liberality and gentlemanlike conduct which he has evinced while a Foreman of this Company. S. ANDERSON, Secretary.
March 3, 1840.

---

At a meeting of Cataract Fire Company No. 4, held on the 3d inst., the following resolutions were unanimously adopted:

Resolved, That although we are determined to be second to none in mere trials of speed and strength as well as in the discharge of the important duties of a Fire Company; yet on the *Sabbath* we will entirely refrain from racing when returning to our Engine House, and endeavor to manifest by our conduct a respect for the day.

Resolved, To prevent our conduct at such times from being attributed to cowardice or indolence, that these resolutions be published in the Working-Man's Advocate.

The resignation of D. J. Halsted, J. A. Harrison, and W. H. Brundage having been received and accepted, it was unanimously

Resolved, That the thanks of the company be presented to Messrs. Halsted, Harrison and Brundage, for the faithful discharge of their duties as firemen, while members of this company.

ROCHESTER ATHENÆUM—YOUNG MEN'S ASSOCIATION.

*Lecture postponed, so as not to interfere with the LADIES' FAIR to be held THIS DAY, at Market Hall.*

The discourse prepared for this evening, is POSTPONED till Tuesday evening next, the next regular period for Lectures.

This postponement is in consequence of the notice that a FAIR will be held this afternoon and evening, by the LADIES, who have generously proffered the avails (after devoting $100 to the Sabbath Schools) for the purpose of aiding the CITY LIBRARY (in charge of this Institution) to extend more widely its beneficial influences throughout the community.

As the members of this Institution have, from the commencement, earnestly endeavored to place the advantages of the Library and Lectures within reach of the Ladies; it cannot be doubted that now, when the Ladies have generously undertaken to aid this Institution in its efforts to extend the blessings of knowledge throughout the community, there will be a general attendance of the members of this Institution, as well as of the citizens generally, so as to promote to the greatest extent the philanthropic intentions of the Ladies.

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuirant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1839.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,

S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaints, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Southern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggists of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Stradman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with Hair On, impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.

DANIEL GODDARD, No. 8 Gold St.

NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the Tooth-ache, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 412 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tallman, 200 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorized Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

**JAYNE'S TONIC VERMIFUGE,**

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system only by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

### A Song to Freedom.

Be free! be free! a shout breaks forth,
From east to west, from south to north,
The note resounds from ocean's waves,
  And nature joins the jubilee
From woods and hills, and rock-ribed caves
And from your sires' sacred graves,—
  Americans, be free, be free!

Oh, by the blood of patriots shed
On hill, and field and ocean's bed!
Oh, by the blood that fills our veins,
  And boils to hear of slavery!
And by the free air of your plains,
Unknown t' oppression's clanking chains,—
  Americans, be free, be free!

But 'tis not freedom thus to kneel
To filthy lucre, and to steal
The soul divine with base desire
  To worse of all idolatries!
And burning with devouring fire,
Thus scour to build your dross heaps higher—
  The laboring earth and groaning seas.

Oh, 'tis not freedom thus to send
To heaven the glittering shaft and blend
Its brightness and the morning ray—
  The gorgeous palace thus to rear,
And toil for show through night and day,
For show to fritter life away
  In pale anxiety and care.

'Twas not for this your fathers' blood
Wet the green earth, or stained the flood—
Such blood as never heaven poured
  Into the veins of man before!
'Twas not for this they drew the sword,
And offered up their plighted word.

Americans! let not a shame
Be cast on Freedom's hallowed name—
Awake!—let loose the immortal Mind,
  And dash aside each earth-born chain!
Lest, all too late for hope, ye find
Your banner tattered in the wind,
  And slavery clutch the land again!

Be free! be free! let loose the Mind,
Like Eagle bold to cleave the wind,
And bend a pinion for the skies—
  From pole to pole the flight shall be—
And nations with uplifted eyes,
Shall rend heaven's concave with their cries—
  "The immortal Mind is free!—is free!"

## THE NIGHT ATTACK.

It is thirty-five years since I was quartered with my regiment in Waterford; I recollect the time particularly, for I got my company in the thirty-seventh on the same day that I received an invitation from a Mr. Morden, with whom I had made a stage coach acquaintance, to spend a week with him, and join his nephew in partridge-shooting.

* * * * * *

The old gentleman received me with friendly sincerity, and his handsome daughter added a warm welcome * * *

'We are in trouble here,' said my host, addressing me, 'and you have come to a house of mourning. We have just suffered a serious, I may say, irreparable loss, in the sudden death of two favorite dogs. They were of the genuine breed of Newfoundland, and for size, courage, and sagacity, unequalled.'

'Were they stolen?'

'Oh, no! I wish they were, for that would afford a hope that chance or money might recover them. No, sir, they would not follow a stranger; alas! they died yesterday by poison. We unfortunately laid arsenic in a meal-loft to destroy rats; and yet, how the poor animals could have got to it is a mystery; the steward declares the key never left his possession. * * *

We joined the young ladies in the drawing room. After tea, Mr. Morden took a bedroom candle, and apologised for retiring. 'Old habits best suit old people, Captain; but I leave you with the ladies, who will sit up till cock-crow, if you please; and bidding us a good night, he departed.

'Emily,' said young Morden, 'you are still thinking of your favorites; well, I will ride the country over, till I find you a handsome dog. Julia, hand me that violin from the piano, and Capt. Dwyer will dance a reel with you and Emily.'

'Gracious! who is at the window?' exclaimed Miss Morden, suddenly; 'it looked like that nasty beggarman who has been haunting the house and grounds these three days. Ah, Wolf and Sailor! had you been living, that vagabond would not have ventured here at this late hour.' Henry Morden had left the room on hearing his cousin's exclamation, but soon returned, assuring the lady that the beggar was a creature of her imagination; he had searched the shrubbery and flower-garden, and no mendicant was to be found in either.

The alarm was speedily forgotten, and we danced reels till supper was announced. The doors were locked, the windows fastened, the ladies wished us good night, and retired to their respective chambers.

Henry and I remained for some time in the eating room: the clock struck twelve, and young Morden conducted me to my apartment, and took his leave.

I felt a strange disinclination to go to bed, and would have given any thing for a book. For temporary employment, I unlocked my gun case, put my fowling piece together, and examined whether my servant had sent all necessary apparatus along with me. I opened the window-curtains. The moon—a full bright harvest moon—was shining gloriously on the lawn and lake: I gazed on the sparkling surface of the waters, till I felt the chill of the night breeze; then closing the shutters, reluctantly prepared to undress.

I had thrown my coat and vest aside, when a distant crash was heard, and a fearful noise, with oaths and screams, succeeded. I rushed into the corridor, and encountered a terror-stricken maid-servant running from the extremity of the passage. Miss Morden next appeared; she was in a complete dishabille, and had hastily thrown on a dressing-gown. 'Oh! Captain Dwyer, what has occurred?' A volley from without prevented my reply, and the crashing of the windows, as the glass was splintered by the bullets, made it unnecessary. 'The house is attacked,' she said; and then, with amazing self-possession, added, 'There are always loaded guns above the kitchen fire place.' We both ran down the corridor, she to alarm her father, and I to procure a weapon; young Morden, armed with a sword, met us. 'The attack is upon the kitchen,' he said hastily; 'it is our weakest point; this way, Captain,' and we both entered it together.

There was a bright fire burning on the hearth. The large window was shattered to pieces; and the idiot I had noticed on the lawn was standing beside the ruined casement, armed with a spit, making momentary passes at the breach, and swearing and bellowing frightfully.

I leaped upon a table to seize two muskets which were suspended in the place Miss Morden had described. I handed one to Henry, when the fire blazed out suddenly, and discovered me to the banditti without. Instantly three or four shots were discharged. I heard a bullet whistle past my head, and felt something strike my shoulders like a sharp cut from a whip; but having secured the gun, I jumped from the table uninjured. We heard Mr. Morden in the passage; his manner was calm and collected, as he ordered the servant-men to the front of the house, and dispatched his daughter for ammunition.

Meanwhile, a dropping fire continued from without; from within no shot had been returned, as the robbers sheltered themselves effectually behind the angles of the offices and piers of the gates. From some hurried words we overheard, they were arranging a determined attack.

'They will make a rush immediately,' said the elder Morden, coolly; 'and here comes Emily in good time; don't come in, love!' and he took some forty or fifty cartridges, which she had bro't in the skirts of her dressing gown. Notwithstanding the peril of her situation, I could not but gaze a moment on this brave and beautiful girl. "Go, love, tell John to bring the Captain's gun-case from his chamber; and do you, Emily, watch from the end window, and if you perceive any movement on that side, apprise us of it here. Now, my boys, be cool. I'll give my best horse to him who shoots the first man. You have a good supply of ammunition, if we could but coax the scoundrels from their shelter, and I'll try a *ruse*.' The old gentleman took the idiot's spit, placed a coat upon it, while Henry and I chose a position at either side of the broken window. Mr. Morden raised the garment to the breach; it was distinctly seen from without; three bullets perforated it, and it fell. 'He's down,' roared a robber, exultingly. 'Now, Murphy, now's your time; smash in the door with the sledge!' Instantly a huge ruffian sprang from behind a gable; his rush was so sudden that he struck twice with shattering force.—We heard the hinges give, we saw the door yielding—and, at that critical moment, young Morden's gun missed fire! He then caught up an axe and placed himself determinately before the door, which we expected to be momentarily driven in. Murphy, perceiving the tremendous effects of his blows, called to his comrades to be ready. He stood about five yards from me; the sledge was raised above his head—that blow would have shivered the door to atoms. I drew the trigger, the charge, a heavy one of buckshot, passed like a six-pound bullet through the ruffian's body, and he dropped a dead man upon the threshold. 'Captain Dwyer,' said Mr. Morden, calmly, the horse is yours!"

[To be continued.]

*A Bite.*—A very important stripling, whom favoritism had raised to the dignity of a quartermaster of a regiment of infantry, wishing, one parade day, to dismount from his charger for the purpose of wetting his whistle and adjusting his spurs, called out in a very commanding tone to a spectator who was near him:

'Here, fellow, hold this horse.'

'Does he kick?' bawled out the person addressed.

'Kick, no! take hold of him.'

'Does he bite?'

'Bite! no! take hold of the bridle, I say.'

'Does it take two to hold him?'

'No!'

'*Then hold him yourself.*'

---

*Absence of Mind.*—The following remarkable occurrence is copied from the New Orleans Picayune:

"Some 15 years ago, a young lady said '*No*' to a young man who was inspired with a desire to make her happy. She has just discovered her mistake; being thirty-five years old, single, and afflicted with rheumatics."

---

"Dick," inquired the maid, 'have you been after that salæratus?'

'No I haint.'

'If you don't go quick, I'll tell your mistress.'

'Well, tell mistress as soon as you please. I don't know Sally Ratus, and won't go near her—you know well enough I am engaged to Deb.'

*Murder will out.*—A man named Jeremiah Harper, arrested in New Orleans on the 20th ult. has been recognised as the perpetrator of a murder that took place in that city *six years ago*. Three witnesses have sworn positively to the fact.

---

*Anti-Liquor.*—The Mississippi House of Representatives modified the gallon law of that State, by the substitution of a quart instead of a gallon, as the smallest quantity of liquor which might be vended. The Senate refuse to admit the amendment, and so the law stands—in statu quo *anti*-liquor.

*An Underground Affair.*—Some workmen in New Orleans, while excavating foundations for building on the square formerly occupied by the old prison, discovered vaults at the depth of eight feet below the surface of the earth, arched with strong iron bars, on which thick brick foundations had been formerly built. In one of the vaults, the Picayune says, there was found a gold crucifix, weighing 28 lbs., as also a quantity of human bones.

The buildings which formerly occupied this square were the property of the Jesuits more than one hundred years ago.

For the Working-Man's Advocate.

Mr. Editor:—I observed in your paper of Thursday evening last, a communication signed "S——," wherein the writer petulantly demands, "why the proceeds, exceeding $100, of the Ladies' Fair noticed for that evening, is ('*are*' he should have written) to be appropriated *exclusively* to the Library of the Young Men's Association?"

This question is almost too childish to require an answer, and yet, lest perchance some one may be influenced by the narrow-minded spirit which prompted it, I here take up the guantlet so cavalierly thrown down by "S——," and am ready "in all kindness," like himself (!) to run a tilt with him.

In the first place, on behalf of the Ladies by whom the Fair is held, I would state, that they have a right to do whatever it pleaseth them, with their own. This I take to be an axiom, to contradict which, "would (in the unanswerable language of Euclid) be absurd."

In the next place, be it known, that $100 of the proceeds arising from said Fair are to be appropriated for the Sabbath School Library of the Third Presbyterian Church; but why did not our philanthropic "S——," in the magnitude of his heart, exclaim—"Why were not $50 of this given to some *other* Sabbath School Library, equally as worthy?"—for this is just the amount of his reasoning.

Again, the Ladies of the Third Church may be considered as having a *personal* interest in the increase of the Young Men's Library; for its advantages were from the beginninning thrown open to our fair citizens, as having been, heretofore, a "neglected portion of the community," in this respect—and well have they appreciated these advantages.

There is another argument, and a *strong* one, why the ladies should be upheld in the object now under discussion; and this it is—The Rochester Athenæum and Young Men's Association is emphatically a *public* institution, devoted to no sect, no party, no *particular portion* of the community, but identified with the *whole*, and laboring for the good of the whole. Its members consist of all the classes of our citizens, and no *exclusive* principle is allowed to enter there. Its privileges have not only been proffered, but actually carried nome to every portion of our citizens: to man, woman, and child; to high and low, rich and poor, white, black, and red; whether they be professional, or working men; gentlemen of leisure or day laborers—all, all may (if they will) have access to its privileges; and I challenge 'S——' and all other cavillers to show me another literary institution founded on a broader and more liberal basis in the whole range of our twenty-six States. It can't be done.

In conclusion I would say to 'S——' that his question reminds me of one of old, who, with envious glance and scowling brow demanded—"why was not this ointment sold for three hundred pence and *given to the poor*".

T——.

*Bold and daring Robbery.*—On Thursday evening, Feb. 27th, at about 8 o'clock, Enoch H. Shearman, a farmer of Deerfield while on his way from Utica to his home in the town of Deerfield, and when about one quarter of a mile from Utica, was robbed of $1200, in Bank Bills on the following Banks, viz:—$400 in $5 and $10 bills on the Bank of Cooperstown, about $300 on the Ontario Branch Bank, in this city, bills of from $2 to $10; and about $500 on the Bank of Central New York, in this city, and the Bank of Waterville.

When riding on horseback they rushed upon him, one seized his horse and two others drew him off, and after taking his money from his pocket gave him a stab in the left side with a very pointed dirk and all ran away. They were all dressed in dark clothes. The one who seized the horse was a tall man wearing a cap, (thinks fur) and a frock or box coat. The other two were dressed alike, wearing hats and dress coats, and one of them was a middling sized man and the other quite small. They ran towards this city, and Mr. Shearman ran to the next house and raised an alarm and followed on after the robbers, but no track of them was discovered.

$200 is offered for the detection of the robbers and the recovery of the money, or $100 for either. *Utica Democrat.*

---

*Nova Scotia.*—It appears by the Halifax papers that the government of the Province is in a wrangle. The House of Assembly passed a resolution that the Executive Council, as now constituted, does not possess the confidence of the Commons. The Lieut. Governor refused to approve this resolution, and declared that he had every reason to be satisfied with his Council. A retaliatory address was then passed by the Assembly, and delivered to his Excellency, who made a peremptory reply, refusing any concession; and intimating that he should refer the matter to the home government. The House, at the last dates, were considering the expediency of stopping the supplies to bring him to terms.—*Dispatch and Tattler.*

---

A rogue in the Georgia penitentiary, who passed for and was treated as a "fool," lately contrived to make his escape. He made a man of straw by stuffing his clothes with that material, and just before the hour for locking up arrived, he placed it as if looking out of the window of his cell, so that when the keeper came round he was deceived by the appearance of the figure, and locked it up.—The rogue, in the mean time, had concealed himself in one of the passages, and at night effected his escape over the walls. The cheat was discovered the next morning, when the keeper unlocked the cell and found that the man of straw did not obey his order to turn out.

---

*Odd Coincidence.*—It is stated in the neighborhood of Grosvenor Square, London, there resides four Surgeons all enjoying excellent practice, whose names are Blood, Slaughter, Death and Churchyard.

---

*A Tough Yarn.*—The Hagerstown Torch Light tells a story of a horse, which being turned out of the stable, proceeded to a pump, and taking the handle in his mouth, went to work to pump water to slake his thirst. Not being able to get water, because the pump was out of order, he walked round the yard and examined all the vessels, and finding no water, he again returned to the pump and resumed his fruitless efforts.—*N. *Singular Affair.*—A Mrs. Eliza McFarlane, of New Orleans, has been arrested and held to bail in $1000 in consequence of having in her possession, and attempting to utter, a draft for $500, purporting to be drawn by the Rev. J. N. Maffit, in favor of Mrs. McF., dated at Cincinnati, on the house of Price, Johnson & Co., at New Orleans, in whose hands the alleged drawer had no funds, and bearing on its face the acceptance of that firm, who pronounce the acceptance a forgery. The draft Mrs. McFarlane alleges she received in a letter from Mr. Maffit, but the writing does not appear to be his, though a close imitation of it.

Shortly after the receipt of the letter, the draft in question was handed by Mrs. McFarlane to a Dr. Hartridge, with a request that he would present it to the house of Price, Johnson & Co., for acceptance.—He returned to Mrs. McFarlane's residence, and placed the draft upon the mantel-piece, observing that it had been accepted. At this time Mrs. McFarlane was unwell, and kept her room. Some time after this the draft was placed in the hands of a Mr. Conklin, who was requested by Mrs. McFarlane to take it to a broker and get it shaved. The broker to whom it was offered detected the forgery, and the consequence was the arrest of Mrs. McFarlane, as before stated. The unfortunate lady formerly conducted a religious paper at Natchez, and possesses much intelligence.—It is altogether a very singular affair.—*N. Y. Sun.*

*Dreadful Death.*—An old man of the name of Busby, a corporal in Her Majesty's 1st Incorporated Militia, was burnt in such a shocking manner as to cause his death in a few hours. It appears that Busby was a man of very intemperate habits, and had gone to bed drunk in the afternoon, and his wife left the house to attend on a sick person. When she returned, about dusk, she found the wretched victim of intemperance lying on the hearth, literally roasted alive. He died the next morning.—*Hamilton [U. C.] Express.*

☞ The Toronto Commercial Herald declares, that it actually is the case, that a petition is in progress, in the Western District of Upper Canada, to the Imperial Parliament, praying that it may be permitted to join the United States. The Herald says the reason is, that the just claims on government for disbursement, are not satisfied, and that distress, and even ruin are consequences of the new Imperial economy. These are not the Herald's words, but they convey the meaning.

*Found at Last.*—The editor of the Baltimore Sun has been favored with the perusal of a letter from a gentleman in Texas to a gentleman in that city, which states that Mr. Miller, the confidential clerk of Mr. Steenbergen, who disappeared so mysteriously last fall, arrived lately in Galveston from New Orleans, bringing with him 56 negroes. It was his intention to settle at the Brazos. So, all elopements, murders, robberies, assassinations, &c. &c., that befel him, all end in G& T. T.—*N. Y. Sun.*

☞ A letter from Jamaica, W. I. states that the diminution of the sugar crop in that island, last year, in consequence of the adoption of the apprenticeship system, was about 20,000 hhds.; and that this year that diminuation will be nearly doubled. *Sun.*

*Vanity.*—Dr. Gall states that when the muleteers in the South of France wish to make their mules travel well, they decorate them with boquets of flowers; and that the severest punishment that can be imposed upon them, is to deprive them of these ornaments. We should be ungallant in suggesting that husbands and fathers manage women in the same way,—but it would be none the farther from the truth to be ungallant in this case. —*Despatch and Tattler.*

## ERIN GO BRAGH!

A meeting of Irishmen and their friends (convened by public notice) was held at Wheeler's Tavern on Tuesday evening, to make arrangements for the due celebration of the ensuing Festival of Saint Patrick. The meeting was organised by Mr. Macnamara nominating Mr. James O'Maley as Chairman, which was seconded by acclamation. A committee of arrangements were appointed to meet on Friday evening at the same place.

The meeting was adjourned to assemble at Colonel Gallery's Tavern, on Monday next, at 7 o'clock P. M., to hear the report of the committee, and for the transaction of other business connected with the objects of the meetings—a full and punctual attendance is requested. L. C. FALLON, Sec'y.

## THEATRE!

**Edwin Dean,** begs leave most respectfully to tender his thanks for the very liberal patronage bestowed upon the Theatre during his present sojourn in Rochester. Having learned that there is a prospect of an early opening of navigation, he has concluded to prolong his stay till that time. Much novelty is in preparation, and no effort shall be wanting on his part, to merit a continuance of public favor.

Friday evening, March 6, will be performed the celebrated Nautical Melo Drama of the

**Beacon of Death,**

OR, THE NORWEGIAN WRECKERS.

Frederick, Mr. Ries; Ormoloff, Forrester; Jack Junk, Dean; Maurice, Nichols; Weigustadt, Kore; Angerstoff, Ellis; Mariette, Mrs. Kore; Christine, Mrs. Dean.

After which the laughable farce of the WEATHERCOCK. To conclude with the laughable farce of the YOUNG WIDOW.

☞ Doors open at 1-2 past 6; Box tickets 50 cents; Gallery 25 cents.

☞ No money taken at the door on any account.—"Nothing but tickets" can procure admittance at the door.

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,
Rochester, February 24th, 1840. *Agent.*

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

Philadelphia, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,<br>
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

Haddonfield, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

Prepared only by Dr. D. Jayne, sole proprietor, No. 20 South Third-st., Philadelphia. For sale by HENRY SCRANTOM, opposite the Eagle Tavern, Buffalo-st., only dec5tf Agent for the county of Monroe.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hysop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggists of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with Hair Oil impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR,<br>
DANIEL GODDARD, No. 8 Gold St.<br>
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.<br>
*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.<br>
*Boston, September 1, 1831.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the Tooth-ache, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Sokey, Pleasant Street, N. Tolman, 390 Washington Street, George Merrill, Lucas Place, Fitz Henry Stephens, ... and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

## THE NIGHT ATTACK.

(Concluded.)

I had now received my own double gun, and gave the musket I had used so successfully to Henry Morden. The death of the ruffian with the sledge brought on a heavy fire from his comrades. Between the volleys they summoned us to surrender, with fearful denunciations if we resisted longer. We were within a few yards of each other, and during the intensity of the firing, they poured out threats, and we sent back defiance.

'Morden, you old scoundrel!' exclaimed the Captain of the gang, 'in five minutes we'll have your heart's blood.'

'No,' was the calm reply; 'I'll live to see you arrayed in cap and halter.' 'Surrender, or we'll give no quarter.' 'Cowardly scoundrel! come and try your hand at the sledge!' said the old gentleman, with a cold and sarcastic smile, as he turned his eye on me, where I was watching the door, with the confidence a man feels who has his own trustworthy weapon to depend upon.

'Morden! we'll burn the house about ye.' 'Will you put the coal in the thatch, O'Brien?' 'Morden, you have a daughter!' and the ruffian pronounced a horrid threat. The old man shuddered, and in a low voice, trembling with rage, he muttered, 'O'Brien, I'll spare five hundred pounds to hang you, and travel five hundred miles to see the sight!'

'The coal! the coal!' shouted several voices, and unfortunately the scoundrels had procured one in the laundry. 'Oh! they will burn us out,' said Henry, in alarm. 'Never fear' replied his cooler uncle; the firing must have been heard across the lake, and we'll soon have aid sufficient.' But a circumstance occurred almost miraculously, that averted the threatened danger. The moon became suddenly overcast, heavy raindrops fell and in an instant an overwhelming torrent burst from the clouds, rendering every attempt the robbers made to ignite the thatch abortive. 'Who dare doubt an overruling Providence?' said the old gentleman with us.'

The storm which came to our relief appeared to dispirit our assailants, and their parley recommenced. 'Morden,' said the Captain of the banditti, 'you have Lord ——'s rent in the house; give us a thousand pounds and we'll go off and leave you.'

'All I promise, I'll perform,' said the old gentleman coldly. 'O'Brian, for this night's work you have earned a halter, and I'll attend and see you hanged.'

'Dash in the door,' exclaimed the robber in a fury, 'we'll have the old rogue's heart out!' A volley of stones rattled against the door but produced no effect, and again the robber parleyed.

'Will you give us an hundred, Morden?'

'Not a six-pence,' was the laconic answer.—Once more stones were thrown, shots discharged, and threats of vengeance fulminated by the exasperated villains. At last the demand was reduced to 'twelve guineas, a guinea for each man.'

'They'll be off immediately,' said the old gentleman; 'they know assistance is at hand: would that we could amuse them a little longer!' But the ruffians were already moving, and Miss Morden presently announced that they were embarking, twelve in number, in a boat.

'Now for a parting shot or two,' said Henry Morden. We picked up a dozen cartridges, and sallied from the house as the banditti were pulling hard across the lake. We opened a quick and well directed fire, which they feebly, and without effect replied to. While a musket ball would reach them, we plied them liberally with shot; and as we learned afterwards, mortally wounded one man and slightly injured two others. As we returned to the house, we met fifty countrymen, armed with all sorts of rustic weapons, coming to our relief. Without a moment's delay we launched boats, and set off to scour the country; and at noon, so prompt and vigorous had been the pursuit, that six of the gang, including the wounded robbers were secured.

We reached the house completely exhausted by the exertions of the morning, and the fatigue of the preceding night. We refreshed ourselves, and went to bed; but previous to returning to my room I visited the scene of action. Another blow, even a very slight one, must have driven in the door; and in the rush of twelve desperate ruffians, the chances would have been fearfully against us.—Murphy lay upon his back; he was a disgusting object. The charge of heavy shot made as large a wound as a cannon-bullet would occasion. He was the strongest man I ever saw; not more than five feet eight inches in height, but his limbs, body, and arms, were a giant's; he was a blacksmith—a man of infamous character, and most sanguinary disposition.

Our escape from robbery was fortunate indeed; Mr. Morden had seven thousand pounds that night in the lodge, for he had just received the rents of two estates. It was almost entirely paid in specie. This was of course known, and two desperate hands, who had kept the adjoining counties in alarm since the rebellion was suppressed, united, for the purpose of robbing Morden's house, and securing this immense booty.

The body of the smith was sent away—and having brought the battle to a close, I shall explain some matters connected with this daring outrage.

A man named Mitchell originated the intended robbery, and arranged the method of attack. He was a slight, low-sized person, but his activity was amazing, and no attempt was too hazardous for his desperate courage to undertake. On the morning of his execution (he, with the three others, was hanged the subsequent assizes) he gave us a cool detail of his plans.

The dogs were to be destroyed, and the premises reconnoitered. In the disguise of a beggar he effected both; laid meat, prepared with arsenic, for the poor animals; then made his way into the kitchen, and ascertained that the fastenings at the back door were defective. He purposed surprising the family at supper, or forcing an entrance when they were asleep. The first attempt he made at the drawing room, but quickly perceiving that he had been observed by Miss Morden, he retired hastily. A council was held by the robbers, and it was fortunately determined to postpone the attack until the family had gone to rest.

Nothing could be bolder or more likely to succeed, than Mitchell's desperate resolution. It was to leap feet-foremost through the window, armed with a dagger, and open the back door for his associates. He made the attempt, and fortuitous circumstances alone prevented its being successful. That very morning, a small iron bar had been placed across the window; it caught the robber in his leap, threw him back with violence, and the noise, attended with the outcry of the idiot, alarmed the family instantly.

Circumstances, they say, will often make men courageous. In this case it had the same effect on two beings of a very different description—a lovely girl and an idiot boy. Miss Morden throughout the trying scene displayed the coolest courage—and the poor simpleton, who commonly would avoid the appearance of a gun, armed with his spit, defended the breach like a hero.

We met at dinner. Julia, Miss Morden's cousin, would hardly venture to join us, for her brother rated her timidity severely. When the alarm was heard, the fearful girl buried her face beneath the bed coverings, and remained in pitiable agitation until the contest ended. Mr. Morden took her from his daughter's arm, kissed her, and congratulated her on their delivery from the last night's danger.

'You little coward,' said the old man, jocosely, 'you must give your deliverer one kiss, for your preservation:' the blushing girl received my salute. Miss Morden took my hand. 'You, too, Emily, will you not reward your protector?'—Without coquetry she laid her lips to mine, and that kiss was a sufficient reward for twice the peril I had encountered.

For me no praises seemed sufficient; the successful defence was attributed to my exertions; and the unfortunate shot that killed the villain Smith, was never to be sufficiently commended.

My visit ended—*I was in love with Emily;* but then I had little chance of succeeding to the property, which afterwards by a chapter of accidents, fell to me; and a company of foot was all my earthly riches. She was an heiress; would it be generous to take advantage of a casual service, and press a suit that would be as painful to refuse as unlikely to be granted? I mean (so says vanity) by Mr. Morden. No; I overcome the temptations of risking a trial, and returned to Waterford, possessing the esteem and good wishes of every inmate of Mr. Morden's mansion.

I was on parade some mornings after I rejoined the regiment, when a horse, splendidly accoutred with a superb tiger skin, holsters, saddle, and every housing fit for a field-officer, was led into the barrack-yard by a groom. The animal was a perfect picture of symmetry and strength; a dark chesnut, sixteen hands high, and worth at least two hundred guineas. The groom presented me a letter—it was from Mr. Morden—the horse was a present.

Emily and her cousin married most happily, and we have often met since. They treat me as sister would a brother, and we frequently talk of the night attack upon the lodge.

Three years passed away; the gang had been incessantly followed by Mr. Morden, and were extirpated, with the solitary exception of Captain O'Brian. Dreading the sleepless vengeance of that determined old man, that ruffian fled the country, and established himself in a disaffected district of the south.

In the interim I got a majority in the seventieth, then quartered in Cork. Soon after I joined, I happened to be field officer of the day on which a notorious criminal was doomed to suffer. The regiment had given a guard, and curiosity induced me to attend the execution.

I entered the press room. In a few minutes the malefactor appeared in white grave-clothes, attended by two priests. It was 'mine ancient enemy,' O'Brien! Suddenly the sheriff was called out, and after a short absence returned, accompained by a plain, vigorous country gentleman, enveloped in a huge driving-coat, and apparently like one who had travelled a considerable distance.

I looked at the criminal; he was the ruin of a powerful man, and the worst visaged scoundrel imaginable. He was perfectly unmoved, and as the priests hurried over their Latin prayers, made a careless response whenever they directed him. The door leading to the drop was open; the felon looked out upon the crowd most earnestly. '*He is not there,*' he murmured: '*he caused my apprehension, but he will not see me die!*' and, he added with a grim smile, '*Morden, you neither kept your word nor proved your prophecy!*' The muffled stranger stood suddenly forward—'*I am here, O'Brien! I paid for your apprehension, have come some hundred miles to witness your execution.*

'Morden!' said the dying felon solemnly, 'if a ghost can come back again, *I'll visit you!*'

The person addressed smiled coldly. 'I found you unable to execute your threats while living, and, believe me, I apprehend nothing from you when dead.'

The clock struck—the sheriff gave the signal; O'Brien advanced to the scaffold—the drop fell—and in two minutes he was a corpse.

*That Crucifix.*—The gold crucifix we mentioned the other day, as having been found in the old calaboose "niggings," turns out to be a *brass fire dog.* It weighed 28 pounds, as we said at first. We are willing to acknowledge it was no crucifix, but we don't fall a pound in the weight of the article found.—*N. O. Pic.*

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

HENRY C. FRINK, EDITOR.

SATURDAY EVENING, MARCH 7, 1840.

## REMOVAL.

The office of the Working-Man's Advocate is removed to the third story of No. 20, State-street, over the Shoe Store of C. H. Sholtus & Co., [formerly Frink & Wilson,] and nearly opposite our former office.

☞ The sudden breaking up of winter has been productive of uncommonly high water in the streams throughout the country. Our exchanges are filled with accounts of disasters occasioned by the freshets. The west part bridge across the Hudson at Fort Edward, was carried away. At Swanton, Vt., on the 23d inst., the bridge and one marble mill were swept away, and much other damage done. A number of bridges on the Shawangauh and Halkill rivers, Ulster county, have also been carried away.

*Melancholy.*—While a number of young men at Castine, Me., were engaged in firing a salute with cannon, on the 22d ult., the gun burst, breaking both legs, and horribly maugling Mr. H. Dyer, pilot of the revenue boat Veto, so that no hopes are entertained of his recovery. Mr. Dyer was in command of the Veto at the time she saved so many lives from the steamer Royal Tar. He has left a wife and four children.

*Another Skirmish.*—The St. Augustine News of the 21st ult., says that a few days previous a party of wood cutters from the garrison at New Smyrna, were fired on by some Indians, about half a mile from the fort; one man was wounded, and for spoils of victory the Indians carried off three muskets and two or three jackets. A sortie was made from the fort, but of course to no purpose.

FIRE.—A large steam mill was destroyed by fire in Dearborn county, Indiana, on the 17th ult.

*The State Bank of Illinois,* and Branches, have resumed business.

☞ It is stated as a singular fact, that Norway is the only country in Europe where the population doubled within the last twenty-five years.

Wheat is selling in Pottsville at 94 cents a bushel, and Flour at $4 75.

Flour at Pittsburgh is now selling as low as three dollars per bbl.

☞ The Picayune tells us of a tree in his neighborhood, that has grown so rapidly of late, that it has pulled itself up by the roots.

*Finances of Deleware.*—The State of Deleware, as it appears from the ficancial report of the Auditor, is not only out of debt, but considerably in pocket. The balance in favor of the revenue, after a settlement of last year's accounts, amounts to the sum of $19,222 31. The school fund amounts to $172,997 25. The expenses on account of schools for 1840, is estimated at $32,000. The receipts on account of the same, nearly $40,000. The funds belonging to the State, exclusive of the school fund, amount to $330,686 43; making in the aggregate $512, 688.

THEATRE.—It "goes off" to night. Unforseen circumstances last evening, compelled the manager to postpone the play.

For the Working-Man's Advocate.

MR. EDITOR:—The valiant Knight of the Quill, 'T——,' inflated with as much vanity as the animal in the Fable, and with evident malignant spleen, cries "petulancy" at the mere question I asked through your paper of Thursday evening. The facts are these: Here are two institutions, whose objects run parallel; and, granting him that the one favored by the ladies, is founded on that "broad basis" which he claims for it, the other Institution has extended the same privileges, not only to the "neglected" ladies, as he pleases to term them, but to that all-important class that will soon take our places on the stage of action, that might else have been *still* and *ever* neglected—and this, too, long before the other library was in existence. The only shade of partialism with which it can in any way be charged, is that it makes one portion of Honorary Members, entitled to all its privileges, free of charge—its immediate founders and supporters sustaining its expenses and managing its affairs. With two such institutions in our community, I merely asked the still *unanswered* question, why this favoritism?—knowing that every portion would patronize, and conduce to the revenue raised.

Then comes this second Daniel, and sagely demands "have the ladies not a right to do what they please with their own?" Immeasurable comprehension! How logical in his deductions! Yes, most certainly they have the right, just with the same propriety that "T——" has the right to appropriate his funds for a mint julep; and I would still have the right to question the *propriety* or *expediency.*

"T——" closes with a scriptural allusion, caused no doubt from a survey his narrow-minded spirit had just taken of his own favored institution—while he had been led to exclaim, "Is not this great Diana of the Ephesians." S——.

For the Working-Man's Advocate.

MR. EDITOR:—My attention was this morning called to the article in your paper of the 5th inst., signed "A Mechanic" in regard to which I feel called upon to say,

1st, That the Due Bills issued by me, payable in Goods at retail cash prices, are in all cases issued to my customers upon account or for their notes, at par; and that I never, in any instance, sold them at a discount of one quarter per cent.

2d, That they are always received in payment for Goods at retail at my lowest cash prices, no difference being made in any case between these Bills and Cash or current funds. Rochester, March 7th, 1840.

SMITH, BREWSTER & CO.

From the N. Y. Sun.

*England and China—Important News—Five Hundred Chinese slain.*—The intelligence received by the ship Talbot, which arrived on Monday night from Canton, whence she sailed on the 8th of November shows that England is determined, right or wrong, to persevere in maintaining the position she has assumed towards China. We have heretofore given our reasons for believing her in the wrong, and we are confirmed in our opinion by the nature of the intelligence.

The report, which was received here by way of Havre, and published some time since, that the English and Portuguese had been driven from Macao, after a fight, in which twenty lives were lost, turns out to be untrue. The English left Macao without any disturbance, and in consequence of a threat from the Chinese to cut off the supply of provisions unless they did leave. The Portuguese remained.

It appears, however, by information obtained from Captain Storer, of the Talbot, that a most murderous affray had taken place. It seems that an adjustment of difficulties had been effected, by which the English ships were to be allowed to proceed to Canton upon certain conditions, for the purpose of carrying on their trade. Many of these conditions were most unsatisfactory to the British—certain bonds were to be signed, certain declarations to be made, ships to be searched, and cargoes confiscated in case any opium was found on board. They were, however, induced to agree to the conditions for the purpose of renewing their trade again. Two merchant ships consequently, sailed up to Whampoa, accompanied, however, by Captain Elliott and two vessels of war. A misunderstanding then arose in consequence of the Chinese demanding the surrender for trial before their own courts, of the British sailor who was charged with having murdered a Chinese some time before.—This captain Elliott refused and immediately sailed in the sloop of war Vogue to stop all other British vessels from coming up and keep them out of the reach of the Chinese. He then sent a letter ashore to the Cumshi, which was returned unopened.

Shortly afterwards the Chinese war junks, to the number of 300, came around the sloop of war, on board of which Capt. Elliott was, and he concluding that they intended to attack him, sent word to them, that if they did not go off in thirty minutes, he would fire into them. The thirty minutes expired, and the war junks remained immoveable. The sloop of war then opened her fire upon them, sunk two of the war junks, blew up two others, and it is believed killed five hundred Chinese. The Chinese made no resistance, did not even fire a single gun, but at last made off as fast as they could. Capt. Elliott, it is added, intended to blockade the port of Canton immediately with what force he had, and more was daily expected.

This information was obtained by Captain Storer, both from English and American captains, who were eye witnesses of the scene, and may doubtless be relied upon as entirely correct. The conclusion is therefore inevitable that England has now crossed the Rubicon, and however unholy the contest in which she has engaged, intends to fight it through, relying upon her own power and the weakness of her adversary for success, instead of the justice of her cause.

The Americans still remain on good terms with the Chinese, and are driving a profitable business with them. It will be likely to suffer severely, however, in case of a blockade and the open hostilities which now seem inevitable. The proceedings of Captain Elliott appear to us little better than downright murder.—The destruction of five hundred people by whom no attack had been made, and no resistance offered, certainly looks cold blooded and inexcusable. This is a poor way to teach Christianity to the heathen.

*Defeat and Dispersion of the Federal Army in Mexico.*—By New Orleans papers received last evening, we learn that on the 20th ult., the schooner Frederick Arnet arrived at that port, from Matagorda, with accounts fully confirming the reports of the defeat and dispersion of the Mexican Federalists, which had previously reached N. O. from the Mexican ports. The Colorado Gazette of Feb. 8 h says: "We stop the press to announce, that ten or twelve Americans, late from the Federal army, have arrived in Victoria. They state that the Centralists threw a strong reinforcement into Monteray just before the Federalists arrived before it—whereupon the latter backed out without making an attempt upon the town. The Central troops pursued them, and an engagement between the cavalry of both parties took place, in which the Federalists were defeated, and their whole army dispersed. One portion, some 250 Mexicans and 50 Americans, were in arms on this side of the Rio Grande—the rest have scattered."—*N. Y. Sun.*

THE MAIL DIFFERENCE.—It seems from a letter from Washington, in the Baltimore Patriot, that the Railroad Company resolutely refuse to concede the right to the Postmaster General of changing the schedule as to the time of departure of the mail—and upon this seemingly trifling point the parties declare the difference irreconcileable, and give up farther negotiation. We hope it may not prove true, and that the company may yet accede to the proposed terms.
*Spt. of the Times.*

THE MAN WITHOUT A SHIRT.—It was a tailor shop—the time afternoon—the dramatis personæ, a young woman who was waiting to carry home some work, the apparel-fabricator himself, and a customer in the shape of a young fellow fashionably dressed, in a black suit complete, boots polished, hat one of Lowry's *manifique*, dickey of black satin, and broach, apparently a diamond of the first water.

"Aw, what can you make me—aw—a superfine black cloth coat, for?" inquired the gentleman.

"Its cut must be *distingue—comme il faut*—aw—you understand?"

"Thirty dollars, sir."

"And a vest—black satin—aw—delicate as possible?"

"Seven dollars, sir."

"Aw, well—you can make 'em." I'm a little particular, you perceive. My friend Count Snapdoodle is a connoiseur in coats, and, aw,—I have a desire to titillate his taste in this matter."

"Very well, sir; will you please take off your coat to be measured?"

"Oh! dear no, that is to say, aw—I never remove my coat upon trifling occasions. I find it—aw—injurious to my health, very."

The artist remarked the impossibility of obtaining a satisfactory admeasurement for a vest at least, without the removal of the coat. Our hero was obdurate for some time; finding, however, that he could not be accommodated, conveniently, he took off his coat, and an earthquake could scarcely have produced the excitement that little act occasioned. The young woman present fainted. The shopman vaulted upon the counter with unutterable amazement. The very folds of linen upon the topmost shelves, shrunk blushing into the dimmest corner that was contiguous. The customer was a man *without a shirt!*

ACCIDENTAL DROWNING.—Last night, as we understand, a black man was chased on board a steam boat by a watchman. The watchman seized the black, and in the struggle both fell overboard and were drowned.—*Cin. Chron.*

## ERIN GO BRAGH!

A meeting of Irishmen and their friends (convened by public notice) was held at Wheeler's Tavern on Tuesday evening, to make arrangements for the due celebration of the ensuing Festival of Saint Patrick. The meeting was organised by Mr. Macnamara nominating Mr. James O'Maley as Chairman, which was seconded by acclamation. A committee of arrangements were appointed to meet on Friday evening at the same place.

The meeting was adjourned to assemble at Colonel Gallery's Tavern, on Monday next, at 7 o'clook P. M., to hear the report of the committee, and for the transaction of other business connected with the objects of the meetings—a full and punctual attendance is requested.

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block.

MR. J. H. RICHARDSON,

LATE pupil of J. W. Orr, of Buffalo, has established himself at No. 15 Arcade, where he will be thankful for any thing in his line. Those who are in want of Wood Engraving, are respectfully solicited to call and examine specimens.

N. B. I would respectfully inform the citizens of Rochester, and the public in general, that Engraving on Wood can be executed in a far superior style to Lithography, and at a much less expense.

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuirant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

Philadelphia, May 10, 1839.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

Haddonfield, N. J. Feb. 12, 1839.

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle, the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

—

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

—

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

Prepared only by Dr. D. Jayne, sole proprietor, No. 20 South Third-st., Philadelphia. For sale by HENRY SCRANTOM, opposite the Eagle Tavern, Buffalo-st., only Agent for the county of Monroe.

THE BEST MEDICINE FOR COUGHS AND COLDS.

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

The greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring the beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with Hair Oil impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 Gold St.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the Tooth-ache, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 133 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 300 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache.* Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

**JAYNE'S TONIC VERMIFUGE,**

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have excited an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!
HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

## TIME'S SONG.

BY MRS. HEMANS.

O'er the level plains where mountains
Greet me as I go,
O'er the desert waste where fountains
At my bidding flow.
On the boundless beam by day,
On the cloud by night,
I am rushing hence away!
Who will chain my flight?

War his weary watch is keeping,
I have crushed his spear;
Grief within her bower weeping;
I have dried her tear;
Pleasure caught a minute's hold—
Then I hurried by,
Leaving all her banquets cold,
And her goblet dry.

Power had won a throne of glory—
Where is now his fame?
Genius said—"I live in story,"
Who hath heard his name?
Love beneath a myrtle bough,
Whispered—"Why so fast?"
And the roses on his brow
Wither'd as I passed.

I have heard the heifer lowing
O'er the wild wave's bed,
I have seen the billow flowing
Where the cattle fed;
Where began my wanderings?
Memory will not say:
Where will rest my weary wings?
Science turns away.

From the New Orleans Picayune.

## JIM BROWN AND HIS ECHO.

A LEVEE STORY.

If an aching were to be taken of all the *cases* that are picked up by the watchmen on the Levee, they would prove as varied if not as interesting as Catlin's gallery of Indian portaits. The Levee of New Orleans, about the witching time of night, is to loafers what the Boulevards of Paris, Bond street of London, or Broadway of New York, is to dandies—it is their favorite promenade. It is there only the original characters are to be caught. You might as well look for an alligator in the Aroostook, as for a regular loafer in any other part of the city.

Jim Brown, a genius who lays claim to the highest honors of the loafing brotherhood, was arrested on Thursday night, in what might be called a peculiar situation. Jim's countenance and whole outer man would no doubt have a fine effect if conveyed to canvass, but both the artist and the composition to be used should be out of the ordinary course. A scientific bill sticker, with the aid of an admixture of Mississippi water, treacle and ground charcoal, could not fail to give a living likeness of our hero; to be attempted by any one else with other materiale, it would prove a dead failure.

Jim Brown having got as *blue* as "Kentucky ketchup" could make him, and the cabaret being an every day resort of his, he sighed for change; he sought novelty, looked out for some new state of existence, and finally found it an old steamboat boiler that lay on the Levee. Into it he introduced his person, and when inside, thinking it impregnable to any assailing party, he cut up sundry and divers shines in the way of singing and talking to himself. As the concave form of his temporary habitation gave an echo to every thing he said, the watchman who heard the noise fancied there were two Jim Brown's instead of one Jim Brown in the boiler, and Jim himself was somewhat puzzled to account for the phenomenon.

'Go ahead, steamboat,' shouted Brown.

'Go ahead, steamboat,' responded the echo.

'Fire up,' said Mr. Brown, and 'fire up,' answered the echo.

Charley was a beleiver in supernatural and natural spirits, and debated for some time in his mind whether or not he should examine the boiler or go to a doggery and liquor.

At length he summoned up courage, proceded to where the noise came from, and asked 'Who's there?'

Jim and Jim's echo answered, 'It's none of your business.'

"Oh, there's a pair of ye there,' says the watchman.

'No,' says Jim, and his echo endorsed every word that he uttered. 'No, *sir;* I'm of the single cylinder make, two hundered horse power, with a strong stroke. I'm a regular burster, and no mistake.'

'You're vagrants. Come out of that,' said the watchman.

'You'd better get out yourself. I'll blow up—I'll colapse in two minutes,' retorted the loafer, who had steam enough in him, at all events, to warrant the assertion.

Charley finally got Jim Brown out of his hiding place, but was at a loss to discover where Jim Brown's friend could have vanished to. Jim swore as much as would set a pile of pine wood on fire that he didn't see any gem'man there but himself.'

'Well, I'm blowed,' said Charley, 'if there warn't no inwisible hindiwidual there with you, the sympathy that seems to exist between you and that ere boiler, is the strongest case of hanimal magnetism that I ever did see in all my wast hobserwation.'

Jim Brown and Charley were seen moving along towards the watch house in Baronno street; what has since become of him deponent knoweth not.

David McNab, Esq., brother to Sir Allan N. McNab, and Registrar for county of Wentworth, and Sergeant-at-arms, died this morning.—*Hamilton Express, Feb. 29.*

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

HENRY C. FRINK, EDITOR.

TUESDAY EVENING, MARCH 7, 1840.

## REMOVAL.

The office of the Working-Man's Advocate is removed to the third story of No. 20, State-street, over the Shoe Store of C. H. Sholtus & Co., [formerly Frink & Wilson,] and nearly opposite our former office.

☞ The Legislature of New Jersey have been much applauded for passing an act abolishing imprisonment for debt. It turns out to be mere gammon. It merely provides that if a non-resident debtor be imprisoned at the suit of a non-resident creditor, an allowance of $2 per week for maintenance shall be paid by the creditor. Philanthropic legislators! truly.

We see nothing of very great importance in the transactions of Congress, or the proceedings of our State Legislature, and have therefore omitted our usual summary.

☞ The Globe states that Maj. R. A. Forsyth late Paymaster U. S. A., has refunded the balance due by him to the United States, to the last cent.

NAVAL.—Capt W. H. Ogden has been appointed to the Decatur, and will carry out Commodore Ridgely to the command of the Brazil squadron. The Decatur is lying under the Brooklyn Heights and will sail shortly.

*Tremont Theatre, Boston.*—The Zion's Herald says that $60,000 have been offered for the Tremont Theatre, to convert it into a church—but $70,000 are asked.

*Firing a College.*—On the morning of the 6th ult., a second attempt was made to burn one of the colleges of the University at Tuscaloosa, Alabama, by placing combustibles under the stairs, and setting fire to them. The fire was fortunately discovered and extinguished before it had progressed far.

☞ The N. Y. Commercial Advertiser announces the death of Benjamin Clark, Esq., long and favorably known as "the Quaker lawyer," and almost the only instance of one of that religious persuasion practising the legal profession.

☞ *A great excitement* prevailed at Natchez, (Miss.) on the 19th ult., in relation to the Agricultural and Shipping Company banks. Effigies were strung up before their doors, but no violence was used. The latter has closed its doors.

*Diabolical outrage.*—Mr. Daniel Neall, of Philadelphia, a member of the Society of Friends on a recent visit to Delaware, in company with his wife and a Mrs. Mott, who spoke in public occasionally on religious subjects, was siezed by a mob near Smyrna, dragged to a place previously prepared, and there tarred, feathered, and rode up on a rail;—after which they abandoned him.—The cause of this outrage is not mentioned.

*Madness and Gallantry.*—On Tuesday afternoon a young female, apparently deranged, threw herself from the West Pier of Warren bridge, into the water. A young man, Benjamin Heath, residing in Charlestown, without hesitation jumped over at the imminent peril of his own life, and rescued her from drowning.

*Packet Ships.*—The New York Sun notices as an unprecedented circumstance, that of the 100 packet ships belonging to the lines between this port and London, Liverpool, Havre, New Orleans, and Mobile, but *six* are in port.

RHODE ISLAND.—Samuel B. King is the nominee of the Whigs for Governor of Rhode Island. The Administration party nominated the Hon. J. B. Francis, who was Governor from 1833 to 1838; but he positively declines being a candidate.

To the Editor of the Working-Man's Advocate.

*Sir:*—In reply to an article in your paper of the 5th inst., signed "A. Mechanic," we would say for *ourselves*, that we never have sold any of our bills payable in goods less than par; that when we issue them, it is always on time or in some barter trade in exchange for other goods, and that we always pay them as they read, in goods at retail cash prices, and that we have but one price for goods at retail which is the cash price.

Yours respectfully,
FARLEY & HAMILTON.

P. S. We should not have noticed the article in question (as we know it is impossible to suit all persons who purchase goods) had not some of our neighbours replied to it, and should not now, if we did not think our silence might be construed into an acquiescence of the charge complained of.

F. & H.

For the Working-Man's Advocate.

MR. EDITOR:—The very style and spirit of the late two perpetrations by your contributor "S——" show that however much good may have already been derived by this community *as a body*, from its two Literary Associations, there is yet more to be derived by certain individuals: and I am not sure but that a *Fair* for the benefit of these same individuals would be a praiseworthy undertaking. To this, "S——" would certainly not be opposed, since he would come in for a *large share* of the "proceeds."

It is not my intention to pit one of the above Institutions against the other and thus ascertain which shows the most resources, the most influence, and the best policy—far from it. They are sister Institutions, having the same end in view, and they should travel on together hand in hand. But (with shame be it said) there are certain members in *one* of them whose constant aim seems to have been from the outset, to depreciate the other in every possible way, and villify all its acts; and I shrewdly suspect our philanthropic "S——" to be one of this same argus-eyed, fault-finding class.

I might here draw a parallel between these institutions, consisting of quotations from their several Constitutions and of references to their several public acts, which would prove conclusively to every man (except to him, who

"——Convinced against his will,
Is of the same opinion still"

that "the one favored by the Ladies" (I quote from "S——" himself) is founded on the broader basis, and has neglected *no* portion of this community: but, as I intimated above, it is far from my wish to make any invidious distinctions between these "sisters twain," and I shall therefore, for the present, confine myself solely to repelling the charge of "favoritism" thrown out against the Ladies of this city in the last mental effort of "S——."

"I go you halves!" seems to be the motto adopted by "S——" for and in behalf of his institution; therefore, be it known to all our good citizens and fair citizenesses, that, whenever, at any future time they may feel inclined to present the matter of a five dollar bill to *this* institution, they must seek in the other pocket for its like, with which to soothe the *other*.

I have in mind the case of a spoiled child, which illustrates "to a doit" the predicament of "S——." *He sees his little brother just coming from the* pantry hold with both hands a large slice of most delicious bread and butter, and immediately, with watery mouth and starting eyes, cries out—"Ma, *I* want half o' that!" And perhaps if the envied morsel should be divided he would look askance at the other portion, and exclaim—"now you've got the biggest piece!" This is precisely the attitude taken by my craving friend "S——."

In the Fall of last year (it may have slipped from his memory) a Fair was given for his Institution, at which the whole public, large and small masculine and feminine, were present; and none took a more active part in aiding on its object than the leading members of the other Institution. And when the jubilee was over and the nett proceeds were all told, did the latter step up and say "give us half o' that"? Oh no! On the other hand, it clapped its fellow on the back and said—"That's right! eat away my little fellow! fill your mouth *full!*"

But now when *our* turn has come, and the dear public, our common mother, has given us a slice, liberally cut and right deftly buttered, you cry out "favoritism!" "where's *our* share!" Out upon you, "S——", you've had your lunch—let us eat ours peaceably! Go 'way and sit down—you spoil our appetite by your ill looks!

☞ Dan. Marble, the inimitable delineator of Yankee peculiarities, has been engaged for a few nights, by Mr. Dean, to entertain the play-goers of Rochester with his drolleries. The house was crowded last evening to witness his performance of Solomon Swop in the Comedy of "Jonathan in England," and William in "Black-eyed Susan," and the old favorite was welcomed in the most enthusiastic manner. The "Forest Rose," and "Luke the Laborer" are the entertainments selected for this evening; and those who wish to attend should go early, for a perfect jam may be anticipated.

THE P. O. DEPARTMENT.—By a late Report of the P. M. General, it appears that the expenditures of the Department for the year ending June 30th, 1839, were $4,654,718 42—being less than the appropriations for that year by $455,281 58. The expenditures, however, exceeded the revenue of the year by about $177,000—which sum was paid off from the funds on hand at the beginning of the year.

FROM TEXAS AND MEXICO.—Our advices from Texas were yesterday brought up to the 17th ult., at which date it was reported at Houston that the Mexican government were marching a large army upon the Rio Grande, with the avowed purpose of invading Texas. The number of the invading army was stated at 8000 men. Large reinforcements were said to be on their way to join the government troops in the state of Chihuahua, and report swelled to 20,000 men the number of Mexican troops destined to invade Texas. Filosola is commander in chief, and is in advance of his division. Of their reported triumph over the Federalists there is no contradiction, though a Houston paper alleges it was not as signal an one as has been represented.

Texas notes were at a discount of 70 per cent. The amount in circulation was reckoned at two millions of dollars, but it was said no more would be issued. To supply the place of this paper, the government intended to issue bonds, which were to bear interest, and to be sold for specie only; so that the treasury notes are only to be taken for land or taxes.—*N. Y. Sun.*

*Row in Lee.*—On Thursday evening last, while the Rev. Mr. Hurlbut, an abolition lecturer, was addressing a small congregation on the subject of slavery, in the basement story of the Congregational Church, a number of individuals attempted to break up the meeting. Not being able to accomplish this, they dispersed until the meeting was closed, when they returned and vented their fury upon the room in which the lecture had been held, by breaking the windows, tearing away the pulpit, &c.—[*Mass. Eagle.*

*Melancholy Accident.*—We learn from the Hagerstown, Md. Torchlight, that on the 23d inst., four men were drowned in the Potomac, at section No. 29 on the Chesapeake and Ohio canal. One of the Superintendents had just unlocked a skiff for the purpose of crossing the river, when a number of men jumped into it, and on being ordered out, shoved off into the river, and when about 15 or 20 feet from the shore, the skiff caught on a snag, was upset, and four of the men were drowned. Five were saved by holding to the snag until rescued through the means of a rope thrown out to them. The men drowned were Luke Burke, Anthony Furguson, Patrick Boland, and Patrick Oger, who it is said, had $1000 about them. The bodies had not been recovered at the latest date.

SEAMEN'S BANK FOR SAVINGS.—The annual report of this institution states that there was received from 1038 depositors during the year ending 31st December last, $115,187 60. The deposites withdrawn during the same period amounted to 115,252 33. This institution has been in existence for nearly ten years, during which there have been received from 6,517 depositors $836,196 15; paid depositors during the same period $783,453 11.

The actual assets of this institution on the 1st day of January, 1840, were as follows.

| | |
|---|---|
| New York state stocks, | $27,397 05 |
| Bonds and mortgages, | 84,957 03 |
| Treasury Notes, | 14,000 00 |
| Cash in treasurer's hands, | 16,440 80 |

FIRE.—A fire broke out in this city, on the west side of the Market Square, on Wednesday last, about half-past five, P. M., which destroyed three houses. Were it not that the wind blew from a favorable quarter the conflagration would have been more extensive. The firemen acted most nobly, as also did many of the citizens. Nothing satisfactory is known as to how the fire originated.—*Toronto Mirror.*

*Gradations of Drunkenness.*—There is a Rabbinical tradition related by Fabricius, which has whim, ingenuity and humor, at least, to recommend it. When Noah planted the vine, it states that Satan attended and sacrificed a sheep, a lion, an ape, and a sow. These animals were to symbolize the gradations of ebriety. When a man begins to drink he is as meek and ignorant as the lamb; then becomes as bold as the lion; his courage is soon transformed into the foolishness of the ape, and at last he wallows in the mire like a sow.

**Rail-Road Notice.**

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

### No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1839.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle, the "Tonic," I have as luxuriant a growth of hair I ever had. —

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

—

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

**THE BEST MEDICINE FOR COUGHS AND COLDS.**

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggists of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

**THE HAIR! THE HAIR! THE HAIR!**

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovreign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

### NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

**INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.**

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorised by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

**TOOTH-ACHE! TOOTH-ACHE!!**

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also removes all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 380 Washington Street, George Malvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache*. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market [illegible] to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

## THE QUEEN'S MARRIAGE.

It was nine o'clock precisely that the royal flag of England was unfurled, and gave forth its magnificent sail-like amplitude to the wind amid the cheers of all assembled. At the same time it was noticed, that a large body of the police were collected. These were, in an hour afterwards, followed by a detachment of the Life Guards, who took their station within the gates of the palace. This splendid body of men were intended as the guard of honor to Prince Albert.

At half-past ten o'clock precisely, a large detachment of the Life Guards and the Oxford Blues were seen to take up their position outside the marble arch, for the purpose of keeping the line previously formed by the police down to St. James's. From this time up to eleven o'clock, the court yard of the palace became a very interesting spectacle, from the number of persons either arriving in carriages, or passing along the colonnade from the side entrance. Amongst the earliest of those who were to be the personal attendants of her majesty, were the Duchess of Sutherland and the Earl of Albemarle; and amongst the most active in superintending the necessary preparations was the Hon. Charles A. Murray, the master of the household.

It was a very few minutes after eleven o'clock when all the royal carriages were in the court yard, and then the scene became still more beautiful than could even have been hoped for from the appearance of the morning; for the rain, which to that moment had been pouring down, ceased altogether, a pleasant breeze sprung up, and with the change came the disarraying themselves, by the soldiers, of the heavy military cloaks they had worn; the Life Guards at the gate—the Coldstream regiment at the portico—shone forth; the first with their dazzling cuirasses, the latter in that uniform which has been the symbol of victory in every battle field in which it ever appeared.

As it approached to half-past eleven o'clock, the anxiety of all became manifest; for the impression was, that at that hour Prince Albert would leave the palace; and at twenty-five minutes to twelve o'clock, the intimation was given that the intended consort of her majesty was about to descend to his carriage. At this instant the spectacle presented to his royal highness must have been very interesting; for he saw on both sides of the royal staircase, and the grand hall, ladies and gentlemen with their children, all splendidly dressed, and with very few exceptions wearing bridal favors. The instant his royal highness was seen, accompanied by his father and brother, and attended by the chief officers of the household, a loud clapping of hands ensued, with which the prince appeared to be exceedingly gratified, and acknowledged the compliment thus paid to him, by repeatedly bowing to the company assembled. His royal highness wore a field marshal's uniform, the breasts of his coat being decorated with bride's favours. It was difficult to look at his fine open brow, his bright eyes sparkling with delight, his mild and manly countenance lighted up with joy, or to witness his manner of acknowledging the compliment paid to him without believing that he is one well qualified to secure for himself the respect and affection of Englishmen. The applause of the palace was but a slight prelude to the cheers—the heart-thrilling cheers that greeted him as he passed beneath the marble arch: they sent back a joyous echo to the queen, who still remained within the palace.

Immediately after the signal had been given that his royal highness was descending, the band of the Coldstream Guards and the state trumpeters struck up the national anthem of God save the Queen, which they continued playing until his royal highness had passed beyond the precincts of the palace. With the exception of her majesty, this compliment was alone paid to Prince Albert. Upon his departure, the officers of the household, who had attended him to his carriage, returned to her majesty's apartments; and then the maids of honor and the ladies of the bedchamber, who had been in the rooms leading to the Queen's private apartments, proceeded in the royal carriages to St. James's Palace.

It was precisely at ten minutes past twelve o'clock that the signal was given for the departure of the queen. Instantly the national anthem was commenced; the great officers belonging to the household then hurried into their respective carriages; while her majesty, accompanied by her Royal Highness the Duchess of Kent, and attended by the Duchess of Sutherland, seated herself in her full-dress carriage—not the state coach, in which she appeared at her coronation, or that which is generally used by her majesty upon proceeding to parliament.

In going into her carriage, her majesty's train, of white satin, was borne by two pages of honor. The dress worn by her majesty was of white satin, trimmed with orange flower blossoms. Her head-dress, a simple wreath of orange flowers, over which was thrown a veil a yard and a half square. The veil, as well as the lace which flounced the bridal dress, were both of Honiton lace, made under the superintendence of Miss Bidney, of St. Jame's-street. Both in descending the grand staircase, and for a few minutes after she had been seated in her carriage, her majesty was observed to be extremely pale. It was plain that she was a good deal agitated; and that for a few minutes the deep affection of the daughter overcame all the hoped-for happiness of the marriage state. But the cheers of the people soon recalled the spirits of our sovereign. She appeared to remember, that it was a day of great rejoicing to them; and then the blush of excitement came again upon her cheek, and smiles again sat upon her lip, and lighted up her eyes, as she bowed in return to the gratulations and acclamations that came pealing upon her. It was a beautiful spectacle for her majesty to contemplate, when, as she passed out of the palace, she saw herself so surrounded with happy countenances and merry voices, all pouring forth her name, mixed with their ardent wishes for her happiness.

The balconies of her palace, the windows, and even the roof top, were filled with persons; the colonnade had its crowd of happy visitors; while before her was the multitude, hailing her approach with shouts of joy, and signaling her advance with the incessant waving of brides' favors and snow-white handkerchiefs. There were blessings poured down upon her from above, and they came gathering around her carriage as she moved along. Thus it was that the Queen of England passed from her palace to return to it the happy bride of the beloved Prince Albert.

### THE ENTRANCE TO ST. JAMES'S PALACE.

This was a main point of attraction. Long before the gates of the Park were closed, streams of people, generally of the working classes, came pouring along by the Horse Guards and Regent street entrances. Though the rain came down in torrents, and the mud was ankle deep, they held on their way undaunted. Dripping wet as they were, there spirits were not in the least damped, and they seemed resolved to see the sight upon which they set their hearts fairly at an end, in spite of all obstacles. They ranged themselves as quickly as they could along each side of the park leading to Buckingham Palace; but as the first resting-place was at the entrance to St. James's Palace, every fresh accession to the crowd added to the force which bore down upon that point, with an irresistible impetuosity, to check with all the effects of the police and of the guards were for a long time useless.

At twelve o'clock the band struck up, the signal of the approach of the royal carriages; and down they came at a rapid pace one after the other, giving the spectators scarcely time to distinguish those who were conveyed in them. Of course all eyes were strained to catch a glimpse of the Royal couple. They proceeded to the church in seperate carriages; Prince Albert and his attendants in the first. A shout along the line announced the approach of the Prince, and he was received with much cheering. Her Majesty soon followed, and was received with a shout which must now be familiar to her ears,—long, loud, and hearty. She seemed eager to testify her sense of the exuberant loyalty of her people, and bowed frequently with an expression of that sprightliness, ease, gentless, and goodness, which have invariably marked her demeanor in public. Her looks betokened her real feelings, free from all effort or affection—those of a trustful, loving, artless girl, of whom it may well be said at such a momont, if ever of any one, that "hope elevated, and joy brightened her crest."

In about three quarters of an hour, the firing of cannon announced that the celebration of the marriage had concluded. The first of the royal carriages soon after made its appearance on its return from the Royal Chapel. It was quickly followed by that of her Majesty and Prince Albert. The Queen, on her return, looked, as we thought, pale and thoughtful. This is not to be wondered at; for she must be—what her countenance and acts alike belie—insensible and heartless, if the change which her situation had undergone since morning did not touch her feelings sensibly and intimately. She entered the church as she has hitherto done, a guileless, innocent being, reposing with confidence on the tender love of a fond, watchful, doating mother, and cherishing those aspirations of piety and devotion which ever spring spontaneously from a bosom alive to the influence of our natural affection. She came out again amongst her people a wife, as a Princess, with all the wide range of duties which attach to her in the former character as well as in the latter.

Shout succeeded shout of delight and approbation as her Majesty advanced, and all seemed struck with wonder and admiration, while her Majesty most gracefully curtisied in answer to the acclamations of her people. As chamber after chamber was passed by the royal cavalcade, in all were similar exhibited, until at length the brilliant train reached the door of the Chapel; and while the drums and trumpets again filed off, and the Gentlemen-at-arms, Yeomen of the Guard, and those who, from their condition, were not permitted to be present during the ceremonial, remained at the door.

It is not surprising that the consciousness of her exposure to the trials and afflictions—the woes and calamities—which beset this changeful life of ours, as well in the Palace as in the cottage, should chase the roses from her cheek, and cloud her brow with a momentary sadness. She evidently felt acutely and strongly the alteration which her position had undergone, but she subdued her emotions with a graceful and generous effort. Though the carriage in which she and Prince Albert were seated had the windows closed, the instant she heard the warm-hearted greetings of the multitude she pulled down the windows and acknowledged the congratulations of her subjects with a smile which lost none of its sweetness in the tinge of melancholy by which it was overcast. The Prince looked cold, whereas, we venture to say, his real feelings were those of astonishment and embarrassment at the reception with which he was greeted. But the Queen, accustomed to the rejoicings of her people, seemed to fix her eye on each member of the crowd, as if she recognized in him "one of memory's old familiar faces." It was not until long after she quitted this spot that the enthusiastic shouts of the people died away into silence.

### THE CEREMONIAL.

After her Majesty, his Royal Highness the Prince Albert, and the other Royal and distinguished personages had taken their respective places, and their ladies in waiting had been ushered to their seats below the bench of Peeresses, the Archbishop of Canterbury advanced, and in a clear and benignant tone of voice, commenced reading the marriage service contained in our ritual.

The ceremony was precisely that of our liturgy; the passages left open for the names, with the initials M. and N., being simply supplied with the names "Albert and Victoria." Thus, the Archbishop said to the Prince, "Albert, wilt thou have this woman to thy wedded wife, to live together after God's ordinance in the holy estate of matrimony? Wilt thou love her, comfort her, and keep her in sickness and in health; and forsaking all other, keep thee only unto her, as long as ye both shall live?" To which his Royal Highness replied, in a firm tone of voice, "I will."

When the similar inquiry was addressed to her Majesty, "Victoria, wilt thou have Albert to thy wedded husband, to live together after, God's ordinance in the holy estate of matrimony? Wilt thou obey him and serve him, love, honor, and keep him in sickness and in health; and, forsaking all other, keep thee only unto him so long as ye both shall live?" The Queen, in accents which though full of softness and music, were audible at the most extreme corner of the chapel, replied "I will;" and on so doing accompanied the expression with a glance at his Royall Highness, which convinced all who beheld it that the heart was with her words.

When the Archbishop inquired, "Who giveth this woman to be married to this man? the Duke of Sussex advanced, and presented her Majesty to his Royal Highness.

The usual forms of trothing faith were then gone through, and in a tone of voice and with a clearness of expression which we have seldom witnessed on similar occasions in much humbler walks of life. Her Majesty's expression of the words, "love, cherish, and obey," the confiding look with which they were accompanied, were inimitably chaste and beautiful. The exact words spoken were—

"I Albert, take thee, Victoria, to my wedded wife, to have and to hold, from this day forward, for better or worse, for richer for poorer, in sickness and in health, to love and to cherish, till death us do part, according to God's holy ordinance: and therefore I plight thee my troth."

"I, Victoria, take thee, Albert, to my wedded husband, to have and to hold from this day forward, for better or worse, for richer for poorer, in sickness and in health, to love, cherish, and to obey, till death us do part, according to God's holy ordinance: and thereto I give thee my troth."

Prince Albert then placed the ring on her finger, repeating,

"With this ring I thee wed, with my body I thee worship, and with all my worldly goods I thee endow; in the name of the Father, and of the Son, and of the Holy Ghost. Amen."

The remaining portions of the ceremony were then impressively read by the Archbishop of Canterbury, and the union having been concluded, the Royal procession left the chapel in the same order that it arrived, the only difference being, that Prince Albert's retinue went out first without him, and that he remained behind to escort her Majesty, hand-in-hand, and ungloved, out of the chapel, escorted and accompanied as she entered.

The Queen, on the conclusion of the ceremony, shook hands cordially with the various members of the Royal Family. On passing the Queen Dowager's chair, she went forward to meet her with evident an unaffected cordiality, kissing her and shaking hands. Prince Albert then kissed the Queen Dowager's hand, acknowledged her congratulations and now formed with her Majesty in the procession.

Such was the course and termination of this solemn and interesting event, of which we briefly but sincerely pray, "May God's blessing be upon it."

The royal salute which announced that the ring had been placed upon her Majesty's finger was fired at precisely half past one, and at twenty minutes to two the procession was re-formed for Buckingham Palace. At two o'clock her Majesty gave a breakfast, and at four the bride and bridegroom left for Windsor. We have not space or time to enumerate even the various fetes, illuminations, etc. etc., which took place, and with accounts of which the English papers are full. Suffice it to say, that the occasion seems to have been reserved for a fresh outbreak of loyalty.

### THE QUEEN'S DRESS.

Her Majesty the Queen wore on her head a wreath of orange blossoms and a veil of Honiton lace, with a necklace and earrings of diamonds. Her Majesty's dress was of white satin, with a very deep trimming of Honiton lace, in design similar to that of the veil. The body and sleeves were richly trimmed with the same material to correspond. The train was of white satin, and was also lined with white satin, trimmed with orange blossoms.

The cost of the lace alone on the Queen's dress was 1000*l*. The satin, which was of pure white, was manufactured in Spitalfields.

Her Majesty wore an armlet having the motto of the Order of the Garter, "Honi soit qui mal y pense," inscribed, and also wore the star of the Order.

*Another, the fourth Warning.*—We learn from the Newark Daily Advertiser, that Abijah Cutter, of Morris county, was killed on Wednesday night soon after 10 o'clock by the Philadelphia train of cars, about two miles south of Newark, on its way through to New York. This individual was walking on the track notwithstanding the repeated warnings that have been given, and the Engineer says he saw him turn his head back to see the cars approaching, just before he was run down. It was proved at the coroner's inquest that the engineer reversed his engine and had the breaks applied when he first saw him, but he could not stop the train in time. The verdict of the coroner's inquest acquits the engineer and other agents connected with the train, of any negligence or blame whatever.—*New York Sun.*

### Forty-Five Days later from England—Arrival of the Great Western.

This splendid steam ship arrived in New York on Saturday. She sailed from Bristol on the 20th ult., and performed her trip in precisely 16 days. The N. Y. papers are mostly filled with particulars of the Queen's marriage, which event took place on the 10th of February.

Prince Albert arrived in Dover on the afternoon of the 6th, in H. M. steam ship Ariel, and the next day proceeded to London under an escort of dragoons. His reception was very enthusiastic, and he was loudly cheered during his progress.

The duke of Wellington had been very ill, but was supposed to be convalescent.

The money market was much easier. Cotton had declined 1-4 to 1-2d per lb.

The news from China caused much excitement.—The papers are headed "War with China!" and the number of the Chinese killed is magnified to 900.

Congratulatory addresses had been voted by Parliament to Prince Albert and the Dutchess of Kent.

---

We insert in our columns to-day, the fulsome account of the wedding of a young woman in England named Victoria. Of the false names *assumed* by nearly all the parties engaged, we have only to say, that in this moral and intelligent republic, such deception is justly deemed useless, except for criminals, and is accordingly made a State Prison offence. And with reference to the event thus recorded, we would remark, that we believe the prospect of a new and multitudinous progeny of rats in a farmer's more than half devastated granary, to be as just a cause of exultation to him, as this event is, in truth, to the people of Great Britain.

---

*Large Estate.*—Robert Lennox, lately deceased in New York, possessed a larger estate than ever before left by any one in that city. His personal property alone amounts to nearly two and a half millions. His son has over $2,000,000, and his daughters about $100,000 each.

CONGRESS.—On Thursday, March 5th, the Committee on Elections in the House of Representatives reported that it appears *prima facie*, upon the evidence in the possession of the Committee, that the five administration claimants to seats in Congress as representatives from New Jersey, received the greatest number of lawful votes. Mr. Ellmore moved that the report be recommitted, but Mr. Petriken obtained the floor, and offered a resolution that the members named be admitted to their seats, and moved the previous question.

The House adjourned without taking any question.

WOOL.—It is estimated that there are now no less than 15,000,000 sheep in the United States, which is an increase of 3,000,000 in two years. Allowing the estimate of three pounds per head, the clip of 1839 would be 45,000,000 pounds of wool. The average price of wool for a few years past has been 45 cents a pound. At that rate the last clip of wool is worth more than $20,000,000.

*Suit against the Post-Master General.*—It is stated that Mr. Stockton, late of the firm of Stockton & Stokes, has commenced a suit against Mr. Kendall, in his private capacity, for wrongs done by him in his official character as Post Master General, to Stockton & Stokes, mail contractors.

*Rapid Travelling.*—The steamboat Jewess, belonging to the Maryland and Virginia Steamboat Company, left Portsmouth, Va., on Saturday afternoon at a quarter before four o'clock, and at twenty minutes past five the next morning, she was in Baltimore, having made the run from wharf to wharf, a distance of two hundred miles, in less than twelve and three quarter hours.

*Destructive Fire and Loss of Life.*—Two cotton boats, with $30,000 worth of cotton, were destroyed by fire at Pulaski (Tenn.) on the 19th ult., and two young men, John Kelly and John C. Browning, who were in them, were burnt to death. It is not known how the fire originated.

## SEMI-CENTENNIAL CELEBRATION.

THE SETTLERS AND SETTLEMENT OF WESTERN NEW YORK.

*Celebration on Friday evening, March 13, at the Methodist Church, at 7¼ o'clock.*

The Half-Century which has elapsed since the first settlement of Western New York, furnishes fitting opportunity for reviewing the important events connected with the History of this region.

The local position and the aboriginal occupants—the early struggles of the British and the French, and afterwards the contest between the British and the Americans for ascendancy over the "Six Nations"—the conflicting interests of Massachusetts, Connecticut and New York, respecting the title to the soil—the early settlement after the Revolution—the unsurpassed, if not unequalled, progress of improvement by individual and public enterprise—the fact that, through this region was made what may be termed the Pioneer work of Internal Improvement in America—all combine with other considerations to indicate the propriety of such a retrospective review as this celebration is designed to afford.

The "Semi-Centennial Celebration of Western New York" will furnish an appropriate sequel to the "Semi-Centennial Jubilee of the Constitution," which latter ceremony occurred last year in New York—inasmuch as the settlement of Western New York, commenced about the period of the adoption of the Federal Constitution, affords cheering evidence of the efficacy of that constitution in cherishing peace among the states, prosperity among the people, and improvement in all the points essential to private happiness and public prosperity.

Considerations like these have influenced the "Rochester Athenæum and Young Men's Association" in proposing the approaching celebration, and the members of the Institution hope to be joined by their fellow-citizens generally on an occasion which appeals so strongly to the patriotic feelings of the American heart.

1. It is expected that the venerable VINCENT MATHEWS, the first lawyer admitted to the Western Bar fifty years ago, will preside at this celebration.

2. An original ode, written for this occasion, by D. W. Chapman, will be delivered.

3. After which, MYRON HOLLEY, himself an early settler, will deliver a DISCOURSE in reference to the prominent points connected with the settlement and History of Western New York.

4. Another ODE, will be read—written for the occasion by W. H. C. Hosmer of Avon.

☞ The early settlers of the country, many of whom yet live among us—the members of the Mechanic's Literary Association—the members of the Military and Fire Companies—and the Citizens generally—are respectfully invited to attend.

Admission FREE—Seats reserved for the LADIES.

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

Rochester, February 24th, 1840. *Agent.*

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd litule or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

Philadelphia, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

Haddonfield, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle, the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

**THE BEST MEDICINE FOR COUGHS AND COLDS**

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gaff, Bristol, Me., Thos. Haskins jr., Boston, Elah Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

**THE HAIR! THE HAIR! THE HAIR!**

The greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with Hair Oil impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

**INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.**

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 Gold St.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 412 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 200 Washington Street, George Melvill, Lucas Place, Fox Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

## Muirside Maggie.

### A LEGEND OF LAMMERMUIR.

BY ONE OF THE AUTHORS OF THE 'ODD VOLUME,' &c.

Some years previous to the commencement of our story, the gudeman of Tullishill (a pasture farm in the uplands of Lammermuir, on the estates of the Earl of Lauderdale), after mourning a proper time for the death of his first wife, had wedded a young orphan, named Margaret Lylestone, who brought nothing to her husband but a frank blithe temper, a kindly heart, and a comely face; and pretty Menie, Tullishill's only child by his first wife, blessed her stars for having given her such a step-mother.

During a long period, Tullishill and his Maggie enjoyed uninterrupted happiness; for, although his years nearly doubled hers, the gratitude she felt for being taken from a state of dependence to be the gudewife of Tullishill, well supplied the place of more ardent feelings; and when, in consequence of failing crops and sheep smothered in the snow, poverty and distress unexpectedly invaded their once cheerful dwelling, her heart clung but the more kindly to the old man; and she strained every nerve to save him from the ruin which seemed to be fast approaching. But all would not do: and the dreaded term-day was now close at hand, and no rent prepared for their landlord.

'Maggie,' said the old man, as he sat at the ingle cheek, 'Maggie, I'm daized with thinking what's to come ower us; and my poor auld head can devise nae way but ane to get us out o' thae sair straits; so you'll just speed your ways to Thirlstane, and see what ye can make o' the Earl. Ye'll just tell him that rent a bawbee has I to pay my rent, and if he'll no gie us time, I kenna what's to become o' us.

'Keep up your heart, gudeman,' replied Maggie, 'and I'll do your errand with right good will; for, though I ne'er had speech o' an earl a' my days, and folks say he's but a rough-spun burly chiel, I'll no boggle to face him to tell a true tale; and wha kens, Tullishill, but that he may gie us a lift out o' this Slough o'Despond yet.'

'May be, Maggie, may be; but certes, your great folk, wha ne'er ha had their taes trampled on by the black dog, canna be expected to ken what poor bodies hae to warsle wi'; and little do they think how sair it is to bide the cauld blasts o' poortith, and the snash o' them that hae mair o' this warld's gear than their neighbors. There's Willie o' the Hill side, whom I mind a bare-legged herd-laddie at Kirtle braes, had the impudence to say I surely dinna guide my sheep right, or I wadna hae lost sae mony o' them. It sets him, I trow, to gab to me that was a grown man afore he kent a hogg frae a gimmer!—but, bide a wee; it'll maybe be his turn next to lose his sheep, and gif a hunder or twa were smoored i' the snaw, troth, I wadna greet my een out.'

''Deed, gudeman!' answered Maggie, 'it's a wonder to me that ye fash yoursel about him: let Willie just maunder on about the sheep, and never let on ye ken or care what he's havering about.'

'Cut, Maggie, d'ye no think it wad put up the birse o' ony man to be telled he didna ken the trade he was born and bred to? Haith! gin I hear ony mair o' his gab about my sheep, I'll sheep him.'

'Tullishill,' said Maggie, 'it's mair than time for you to be in your nest: mind, gudeman, what I hae afore me the morn, and let me hae an hour's quiet to settle in my mind what I'm to say to the earl.'

'Be sure, Maggie,' said the old man, as he rose to prepare for bed, 'be sure to tell him that the maist feck o' the sheep were smoored i' the snaw, and that the rot made an unco hishmahosh o' the rest.'

'I wish,' said Maggie, as she kindly drew a comfortable red nightcap on the head of her better half, 'I wish the earl may ken what *hishmahosh* means; I'm feared he might think it some daft-like word."

'You're grown unco perjink,' retorted her spouse; 'but, to make a lang tale short, tell him they're a' *dead*; he'll surely ken what that means.'

'Dinna put yoursel into a carfuffle, gudeman; but just trust to me. It's no the first time that a woman's tongue has worked wonders. The earl is but a *man* after a'; and I reckon, Tullishill, I'm no that ill at turning *them* round my finger.'

'Ye were aye a fleeching sorra', Maggie,' said Tullishill, as he stepped into bed; 'but if ye can fleech the earl to forgie us the rent, that will be ae good deed done by a woman's tongue; and take but this sack o' care aff my heart, and I'll ne'er say ye nay to ony thing ye may ask, as lang as there's breath left in this auld rickle o' banes. But hap my back, woman; I'm cauld without, and I'm cauld within. Heigh! but this is a dreigh weary warld; and what wi' ae thing and another, a feckless auld body like me is amaist driven doited.'

'Now mind, gudeman,' said Maggie, 'if I speed in my errand, I'll keep ye to your bargain.'

'Ye're unco ready,' said the old man, as he poked his head above the clothes, 'ye're unco ready to take a man at his word; hech sirs! folks should take gude care what they say afore ye, my woman, when ye're sae gleg to click them up: I see what ye're after; but, I tell you ance for a', Maggie, that my pet lamb shall ne'er gang into ane of Willie's pens. His lang-legged son, Jamie, needna come a-courting here. Sae gude night to ye, wife,' he added, as he fluffed down under the clothes; 'and let's hear nae mair about that job.'

'Gude night, Tullishill,' answered Maggie quietly; and, leaving the old man to his repose, she repaired to the apartment of her pretty step-daughter, whom she found weeping bitterly.

'Menie, my bairn!' said Maggie, 'this is no right; dry your een, and comfort your heart.—There's nae fear but that your father will be bro't out o' this strait. There's One abune a' that watches our ways, and orders a' our steps. He has never failed them that put their trust in him, nor will he now.'

'But, mother, if my father canna pay the rent, what will become o' us? Robert o' the Lea says the earl is a hard man, and rouped out auld Willie Johnstone last Martinmas, 'cause he wanted five pund o' his rent; and if he does the same to us, it will break my very heart. Wae's me! if I maun leave bonny Tullishill, where I hae lived sae lang, and been sae happy!'

'I hope, my bairn,' said Maggie kindly, 'that that is no likely to happen, but if it should be sae ordered, I trust you'll no shame the godly example of your gude father and forbears, by gieing yoursel up to sinfu' despair at the first gloom o' fortune. Rise, my bairn! and let us ask a blessing on my errand the morn, and that He will put it into the heart o' the earl to help your father in this his hour o' need.'

This duty being performed, Maggie proceeded to give her step-daughter instructions how to employ herself during her absence.

'Now, my dear bairn, ye maun be up betimes the morn, and I trust you'll no forget to do as I shall bid ye. There are three bows o' potatoes to be sent up to the laird o' Scantrigs, and Jamie has promised to bring his father's cart to take them up; but ye needna fash your father wi' telling him wha is to take them to the laird, for ye ken he's no that weel pleased with Willie o' the Hill-side, and that makes him look sae dour at Jamie, poor chiel! wha has nae fau't that I ken o' but that o' being Willie's son, and I doubt that's past remeed: however, we'll get your father to look ower that. I wish ye could gar him lie in his bed the morn; he wad be weel out o' your road; but I doubt ye'll find that a kittle job. And, Menie, there's three pund o' butter, and twa dozen o' eggs, and a pint o' cream to be sent by breakfast time to the laird o' Fillgullet; and he'll no be pleased if the cream is no sae thick as that a spoon may stand its lane in't, sae ye had best take it off Crookie's milk.—And Sir John Fuddie has taken a notion o' the tappit cock and hen; and though I ken ye will be wae to part with them, we maunna say him nay, for he has muckle in his power to help your father.'

NOTICE TO SUBSCRIBERS.—In consequence of a new arrangement of Carriers for this paper, payment for subscriptions must be made to the *publishers*, (Underwood, Falls or Frost,) or to their order.

☞Should the new Carriers neglect to serve any subscriber, on information being given at our Office, it will be promptly remedied.

### CONGRESS.

In Senate, on Friday, March 6, a number of petitions were received, praying the establishment of a general bankrupt law, and the imposing a duty on silk. The report of Mr. Grundy, upon Mr. Benton's anti-State debts resolutions, was adopted, with an additional resolution proposed by Mr. Norvell, and some modifications. An unpleasant dispute took place between Mr. Buchanan of Pennsylvania, and Mr. Davis of Massachusetts.

The time of the House on Friday and Saturday was mostly occupied in debating points of order respecting the New Jersey election case, but without coming to any decision.

*Indiana.* The Legislature of Indiana adjourned on the 24th ult. Notwithstanding the Governor declined signing it, the bill for the relief of contractors has become a law. It makes provision for paying off estimates already made, in the State Treasury notes. The State is to appoint two arbitrators, and the contractors one, for the purpose of assessing damages for suspending contracts.

The Charter election in Detroit resulted in the election of Mr. Pitcher (whig) for Mayor, by a majority of 10 votes. The administration party elected four of the six Aldermen, and the whigs two of the three Justices.

*Fire.* The store of J. D. Pierce, in Utica, was destroyed by fire on Sunday evening last. Loss, $2,500—insured, $1,500.

*Velocity of Lightning.* It has lately been ascertained by a series of ingenious experiments that the velocity at which lightning, or electric fluid, moves, is not less than 200,000 miles in a single second of time.

☞Navigation has commenced on the upper end of Lake Erie. The little steamboat, Erie, left Detroit, for Cleveland, on Friday morning last.

☞The resolution which was passed some time since, appointing Dr. Theller, editor of the "Spirit of '76," printer to the Senate of Michigan, has been rescinded by that body.

☞Two flat boats lying at the landing in Pulaski, Tenn., were burned on the 19th Feb. and on board of them perished two young men, hands of the boats.

*National Monument Society.*—The committee appointed to audit the accounts of the Treasurer of the Washington Monument Society, report that on the 16th of October last, there were in the hands of that officer $34,208 52, including $320 in Brandon Bank notes.

☞A young man died recently in Cincinnati of hydrophobia, caused by the bite of a mad dog in July last.

☞The death of Col. B. F. Johnson, and Col. Littlebury Hawkins, of the Texas army, is announced per last arrival, as having occurred in an encounter with the Indians.

James L. Edwards has been appointed Commissioner of Pensions, under the act of Congress to continue the office.

Cummings C. Crawford, arrested in Lowell for passing counterfeit money, and committed to prison, committed suicide on Friday last, by hanging himself in his cell. The Advertiser states that he sustained a good character previous to this offence.

☞A few days ago, a lady living on the banks of the Catawba river, wove nine yards of cloth; after which, before she went to bed, she spun four cuts of yarn, and the next morning had twin children.

*The Southern Mail* is to be put back upon the Philadelphia and Wilmington Railroad, early in April. The service is to be performed for $300 per mile, per annum.

☞Friday the 17th of April is appointed as a day of fasting and prayer in Connecticut.

*Flighty.*—A young woman genteely dressed, jumped from the Charlestown bridge into the river on Wednesday last, & was rescued by a gentleman named Heath, who jumped in after her. A cool bath for both.

☞*A bigamist* named John Field, has been arrested at Philadelphia, for having three wives living.

☞Some wag recommends, as every other project has failed to subdue the Seminoles, that Government plant the Morus Multicaulis all over Florida, as it has been ascertained that every branch contains two hundred and forty-two *shoots!* Good.

☞The Daily Emporium, Trenton, New Jersey, has been discontinued. It will hereafter be continued as a *weekly* as formerly.

An Erratum.—Miss Biddy Fudge, in the history of the Fudges in England, recounting the miseries of authors, says, that

Though an Angel should write, 'tis devils must print,

And gives the following instance of the havoc made by the printer in one her effusions:

But a week or two since, in my Ode upon Spring,
Which I meant to have made a most beautiful thing,
Where I talked of the 'dew-drops from freshly blown roses,'
The nasty things made it "from freshly blown noses."

### Legislature of New York.

MONDAY, March 9.

#### IN SENATE.

Mr. Maynard reported an act to reduce the expense of foreclosing mortgages in the Court of Chancery.

The bill providing for the redemption of country bank notes in the city of New York, was read a third time and passed.

#### IN ASSEMBLY.

REPORTS OF COMMITTEES.

By Mr. Hubbard, from the committee on rail roads, by bill, to authorize a survey of the Southern route for a rail road from Ogdensburgh to Lake Champlain.

By Mr. Simmons from the committee on judiciary, by bill, in relation to the usury laws.

By Mr. Mann, from the committee on ways and means, by resolution, against the incorporation of the Western Hospital at Geneva.

*From Porto Rico.*—The Arabella, Capt. Green, from St. Johns, Porto Rico, arrived yesterday. Captain Green reports that some difficulty existed between the Governor and Mr. Bradford, the American Consul, who wished to prevent the sailing of two slave vessels under the American flag, but was told they were Spanish property, and the Consul was treated with so much indignity on the subject as to induce him to declare he would leave the island and return home. The United States ships Macedonian and Levant were hourly expected at St. Johns.—*Sun.*

The steam boats on Lake Ontario are to commence their regular trips on the first of April.—The Oswego canal ought to be in readiness by that time. Would it not be well for those interested to petition the proper authorities upon this subject?—*Oswego Pal.*

*A Great Privation.*—A bill has been introduced in the Ohio Legislature, to prevent the marriage of whites with blacks.

*Murder at Mobile.*—Patrick Clark, known as a pugilist, has been arrested at Mobile, charged with murdering a man named Dillon.

### Continuation of Foreign News.

Prince Albert was on the eighth of February, appointed a Field Marshal of the Army, by the Queen. Parliament has passed an act of naturalization in his case, and voted him an annual allowance of £30,000. The sum supposed by the Ministers was £50,000—by Mr. Hhume, the organ of the radicals, £2,000, and the mean struck between them, was moved by Col. Sibthorpe. In the act of naturalization there is no clause defining his rank and title, whether Prince Consort, or King Consort. It is intimated in the opposition papers that this is left for the Queen's prerogative, ministers fearing to assume any responsibility. Melbourne said in answer to the questions of Lord Brougham, on this subject, that "nothing was yet determined on;" but refused to give any pledge that the Queen would not attempt to create Prince Albert King Consort, by the mere exercise of the prerogative alone. The Queen has ordained that "His Royal Highness" shall be the style of Prince Albert, to be prefixed before such titles as now or may hereafter belong to him.

The Ministry, still retain their places. Whether the next dates will gives us a new list or not, remains to be seen. The Tory papers strongly intimate that Melbourne will resign, in which case Lord John Russell is to be premier, with Lord Durham for a colleague. The opposition are strenuously pushing the ministry, and have gained some partial victories in Parliament, though on test votes a majority of from 15 to 21 may be counted on for ministers.

Only three, Frost, Williams and Jones, of the Carlist prisoners in Wales, have been convicted. There was a difference among the Judges on some technical points; but sentence of death was passed on them. They were once or twice reprieved, and the execution of the sentence against them for treason, was positively set for the 6th of February. Every step was taken to impress upon them and the public, that there could be no possible change in this determination; but on Sunday night they were unexpectedly taken from prison, put on board a steamer, and carried to Portsmouth, where they were placed on board a transport, and are, ere this, on their way to a penal colony. It is stated, that notwithstanding the secrecy and suddeness of this movement, some of the Chartists were present at the embarkation, which took place in the evening; and cried out "Never mind, Frost, we'll have you back in a year or two."

Late accounts from India state that the Khan of Khelat has been attached by the British forces, his capital taken, and himself killed. This was one of the Afghanistan Khans, and the territory is South of that last attack by the British. The movements of the Russians upon Khiva, on the Northern side of the Afghanistan belt, excite the comments that we expected. In relation to China, the reader will find a notice in another place. It is stated in some of the English papers that transports are to sail from Portsmouth, take on board 16,000 native troops in India, and lay Canton under contribution.

#### FRANCE.

The dates from France are to the 17th ult. The *Journal des Debats* states that the negotiations opened in the beginning of 1838 between the British and French commissioners for the revision of the commercial tariffs of both countries are nearly terminated. The commissioners are said to have agreed on all the mutual concessions practicable. The negotiations pending between France and Holland are also, according to the *Debats*, drawing to an amicable close.

We do not learn that any thing important had taken place in regard to Algiers. There were 56,000 French troops in the neighborhood preparing for the expedition against Abdel Kader. The Arabs had not appeared in the plains since Dec. 31.

The Duke of Nemours of France married to the daughter of the Duke of Saxe Coburg. She was a Catholic. Five hundred thousand francs a year have been granted to the Duke on the occasion of his marriage.

At Tois, in France, 40 lives were lost in a conflict between the troops and the country people, growing out of the high price of corn.

It was feared at Paris that the reply of Russia to the ultimatum of England would not help the speedy adjustment of the quarrel between Mehemet Ali and the Porte. A private letter from Constantinople of the 27th of January, calculates on the immediate resumption of hostilities by *Ibrahim*.

#### CONSTANTINOPLE.

News of some interest is contained in the Marseiller Journal of the 13th Feb. In a letter from Constantinople dated the 27th ult. it is stated that the all-absorbing topic in that capital was the treaty of Quadruple Alliance between England, Austria, Russia, and Prussia, for guaranteeing the integrity of the Ottoman Empire. But what created the greatest sensation was the news that Mehemet Ali had ordered the fusion of the Turkish and Egyptian crews in the harbor of Alexandria. The Divan, in a state of alarmed excitement, instantly communited the intelligence to the Foreign Ambassadors. The English and Russian ambassadors were loud in their denunciations of the conduct of the Viceroy.

Letters have been received from Alexandria, dated the 27th Feb. They dwell upon the continued preparations of Mehemet Ali for war, and the increasing belief that he would not submit to the terms which report stated it to be the intention of the great powers to propose to him. Recruiting was still proceeding, and military service from all the inhabitants rigidly exacted. Even the natives serving foreigners as domestics were not excused, although they had, up to that time, been exempted. Workmen were actively engaged on forts and fortifications "to resist the English," as

Central Library of Rochester and Monroe County
Historic Newspapers Collection

was said, among whom alarm prevailed to some extent.

The British Ambassador, Lord Palmerston, at Constantinople, has refused his assent to the proposition of Russia, to send 50,000 of her troops into Asia Minor, across the Taurus.

THE CHINESE DIFFICULTIES.—We find in the papers received by the Western, a more circumstantial account of the Chinese difficulty than had been before received. It appears that on the 20th of October a convention was agreed upon, between the English Superintendent and the Chinese High Commissioner, by which the trade with British vessels was to be carried on outside the Bocca Tigris, without coming in to the required bond—that two British vessels, regardless of the national honor, having gone up to Whampoa, and signed the obnoxious bond, the Chinese High Commissioner seized the crews as hostages, and cancelled the convention, commanding all British vessels to follow their example, or in three days to expect total destruction. This led, on the 3d November, to a demand of explanation on the part of Superintendent Elliot at the Bogue, when the Hyacinth and the Volage sloops of War were surrounded by twenty-nine war-junks, with the manifest intention of making them prisoners. Each junk contained from one hundred and for y to two hundred Chinese; but after an engagement of half an hour, six of them were sunk, and the rest sheered off as fast as they could. Had it not been for Superintendent Elliot, who would not suffer Captain Smith of the Volage to continue firing, more than half of them would have gone to the bottom. It was calculated that they lost at least nine hundred men.

The Chinese Admiral is admitted on all hands to have behaved with great gallantry. The reason of the advance of the war-junks is said to have been a demand for a man—the old story—in atonement for the death of a Chinese. The British have been obliged to leave Macao, in consequence of these difficulties. A great game of speculation in the price of teas was going on in England, in consequence of these events.—*Dispatch and Tattler.*

*A Lucky Editor.*—The editor of the Lafayette (La.) Gazette, has received a present of a beautiful pair of silk stockings, in which was foided the following poetical communication, in a hand evidently feminine. We are not surprised that "he is all nervous" to find out the source of so handsome a fcrof:—

In trav'ling through this vale of thorns,
We often suffer from our corns—
And in our hose wear many holes,
Much to the injury of our soles.
Supposing you may share with all
The sufferers from Adam's fall,
(Quite free from any mockings)
Accept, dear sir, (nor take it ill
That thus I show my kind good will)
A PAIR OF BLACK SILK STOCKINGS.

### Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 39 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block.

### Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

### No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch
PHILADELPHIA, May 10, 1839.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesnut-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.
HADDONFIELD, N. J. Feb. 12, 1839.

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle, the "Tonic," I have as luxuriant a growth of hair I ever had.
C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."
L. FLETCHER.
West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse for a bald head.*

### Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other plabes. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing.

### THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names to swell the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Mr. Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 6?? Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

### GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

The greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, cor. Washington, corner of [illegible]

### NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1833.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

### TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Toothache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 432 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 280 Washington Street, George Melvill, Lucas Place, [illegible] Shepherd, [illegible] on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache.* Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been labouring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the Vermifuge, which have entirely restored him to his usual health. Facts speak for themselves!!

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its "*modus operandi*," is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her efforts to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the direvengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## LIGHT.

BY WM. PITT PALMER.

"Bright effluence of bright essence increate!
Before the sun, before the heavens, thou wert."—MILTON.

From the quickened womb of the primal gloom
The sun rolled black and bare,
Till I wove him a vest for his Ethiop breast,
Of the threads of my golden hair;
And when the broad tint of the firmament
Arose on its airy spars,
I pencilled the hue of its matchless blue,
And spangled it around with stars.

I painted the flowers of the Eden bowers,
And their leaves of living green,
And mine were the dies in the sinless eyes
Of Eden's virgin queen;
And when the Fiend's art on her trustful heart
Had fastened its mortal spell,
In the silvery sphere of the first-born tear
To the trembling earth I fell.

When the waves that burst o'er a world accursed
Their work of wrath had sped,
And the Ark's lone few, the tried and true,
Came forth among the dead;
With the wondrous gleams of my braided beams,
I bade their terrors cease,
As I wrote on the roll of the storm's dark scroll
God's covenant of peace.

Like a pall at rest on a pulseless breast,
Night's funeral shadow slept,
Where shepherd swains on the Bethlehem plains
Their lonely vigils kept;
When I flashed on their sight the heralds bright,
Of heaven's redeeming plan,
As they chanted the morn of a Savior born—
Joy, joy to the outcast man!

Equal favor I show to the lofty and low,
On the just and unjust I descend;
E'en the blind whose vain spheres, roll in darkness and tears,
Feel my smile the best smile of a friend:
Nay, the flower of the waste by my love is embraced,
As the rose in the garden of kings;
At the chrysalis bier of the worm I appear,
And lo! the gay butterfly's wings!

The desolate Morn, like a mourner forlorn,
Conceals all the pride of her charms,
Till I bid the bright Hours chase the Night from her bowers,
And lead the young Day to her arms:
And when the gay rover seeks Eve for his lover,
And sinks to her balmy repose,
I wrap their soft rest by the zephyr-fanned west,
In curtains of amber and rose.

From my sentinel sleep, by the night brooded deep,
I gaze with unslumbering eye,
When the synosure star of the mariner
Is blotted from the sky;
And guided by me, through the merciless sea,
Though sped by the hurricane's wings,
His compassless bark, lone, weltering, dark,
To the haven-home safely he brings.

I waken the flowers in their dew-spangled bowers,
The birds in their chambers of green,
And mountain and plain glow with beauty again,
As they bask in my matinal sheen.
O if such the glad worth of my presence to earth,
Though fitful and fleeting the while,
What glories must rest on the home of the blest,
Ever bright with the DEITY's smile.

## Muirside Maggie.

### A LEGEND OF LAMMERMUIR.

BY ONE OF THE AUTHORS OF THE 'ODD VOLUME,' &c.

[Continued.]

'I got them frae Jamie,' said Menie, as she wiped away a tear, 'and he'll maybe think it no that kind in me to gie them away.'

'I'll take Jamie in my ain hand: surely, when he hears the reason, he'll hae mair sense than to take the dorts for that. And now, Menie, it's time we were baith in our beds: gang awa, and tak' a fine sound sleep; for something in my heart tells me I'll speed on my errand.'

Early the following morning, Maggie was seen wending her way to Thirlstane. On reaching the Castle, she entreated an audience of the earl, and the request was quickly granted.

'I hae come, my Lord,' said Maggie with honest frankness, as she made a rustic curtsy, 'a' the way frae Tullishill to tell you a' our distresses, and to ask you to forgie us the rent till better times come round. The sheep are amaist a' smoored in the snaw; and scant pasturage was there for the poor things, for the April snaw ne'er melts on the lands o' Tullishill. Sae, to make a lang tale short, my lord earl, we're no able to pay our rent, and if ye dinna help us, I kenna wha will.'

'Are you the wife of old Tullishill, my good dame?' said the earl, as he looked with admiration on her frank and blithe countenance.

'That I am, your worship,' answered Maggie; 'and though I say it that shouldna say it, a better husband never lived; and hadna he been driven doited wi' the dunts o' misfortune, he wad hae been here himsel to tell your lordship's honor his ain tale.'

'Tullishill, my pretty dame,' replied the earl, with a smile, 'consulted his interest fully as well in sending you to tell me the story of your mishaps. Why, a man must have a heart as cold as the unmelted snow on the Lammermuir hills to be able to resist such a pleader. But if I agree to your request, what am I to get in return?'

'Our thanks, our prayers, and our blessings,' answered Maggie with fervor; 'and, maybe our help in your hour o' need; for the king may come in the cadger's road, and there are nane sae high but that they may hae a fa'. But take my gudeman out o' the pit o' despair, and I'll bring him here the morn to thank you on his bended knees.'

'No, no,' said the earl, with a good-humoured smile; 'let Tullishill keep among the hills of Lammermuir, and come yourself to see me.'

'And will your lordship really help us out o' our distress?'

'I have half a mind not to promise that now, just to bring you back again.'

'I canna think that,' replied Maggie, with a dignity that astonished the earl; 'ye hae mair kindness than ye'll let on, and mair humanity than to keep an auld man atween life and death, when ae word o' your mouth can send joy to his heart. I see by your een that ye canna gainsay this, and that there's a yea or a nay coming. I told Tullishill that I would speed on my errand, and surely, surely, my lord earl, you'll no let me be a fause prophet.'

'I see, Maggie,' said the earl, smiling, 'that you want to have it all your own way; but, if I agree to your request, you must let me name the terms.'

'I will be blithe to do that,' answered Maggie, with a look of honest confidence; 'for weel do I ken that your lordship will ne'er ask mair than I an' mine may fairly and freely grant.'

'Well then, Maggie,' replied the earl, 'I freely forgive you the rent that is due; and if you will bring me a snow-ball in June, and a kiss as often as Martinmas comes round, you shall sit rent-free as long as you will. And I may as well take my kiss just now, in token that the bargain is concluded; and here,' he continued, putting a purse of gold in her hand, 'is a luck-penny to take home with you.'

Overpowered by the generosity of the earl, Maggie poured out her gratitude in thanks and fervent benedictions. She then, with a joyful heart and light step, turned her back on Thirlstane Castle, and took her way homewards.

During Maggie's absence, Tullishill wandered from place to place, to the great discomfort of his daughter, who encountered him at every turn, and to whose repeated entreaties that he would settle himself in bed till Maggie's return, he lent a deaf ear. At length, provoked by her insisting on sending him to bed, *nolens volens*, he exclaimed—'I think the lassie has gane gyte! what wad I gang to my bed for? Do ye think that I could bow an ee when wae and distress are sae near my door-stane? Na, na; I'll just daunder about till Maggie comes hame.'

'But, father,' replied Menie, who was anxious to get the old man out of the way before the arrival of her lover and his cart, 'I'm sure your daundering about the house this gate will no bring my mother back a minute sooner. You look real demented—sae I'll just gang and bring your cowl.'

'Cowl me nane o' your cowls here!' replied Tullishill, waxing warm and striding to the window; 'it passes my skill to ken what for ye are sae keen to put me to my bed at this time o' day. But wha the mischief is that coming up the brae? Sorra' take me if it's no Jamie o' the Hill-side! My certie! he is no that blate. I see now what way ye were so keen to cocker me up with my cowl; but, I tell you, Menie, as I told your mother last night, that ne'er a bird out o' the Hill-side nest shall big in my tree. I wadna wonder that his father has sent him up to see if there are ony mair o' the sheep dead. But gang and see what he's wanting. By my conscience! he drives his cart up as briskly as if the lands of Tullishill were a' his ain!'

Menie was just about to obey this order, when Jamie entered, and, greeting the old man in a frank kindly manner, said that he was on his way to Scantrigs, and as he had heard Maggie say that she was going to send potatoes to the laird, he had called to offer to give them a cast in his cart.

'I'm muckle obliged to ye,' said the old man, in a dry tone; 'but there are nae potatoes going to Scantrigs the now: we hae other things to think o' than potatoes in thae times.'

'But, Tullishill,' continued James, 'the gudewife hersel told me that the laird wanted them this very day; sae you may just as well let me take them up, now that I have come out o' my road for them.'

'And wha the sorra' bid ye come out o' your road?' said the old man in a rage; 'no me, I trow!'

'Nae offence, Tullishill,' replied Jamie; 'I only meant to do a neighbor-like action; and as the gudewife said that they were to gang up the day, I thought I wad just ca' in and take them up with me.'

'If the gudewife,' said Tullishill, in a sour tone, 'tell't you that there were potatoes to be sent to Scantrigs, the gudeman tells ye there are nane gaun that gate; sae there's an end o't, and dinna lash me with ony mair o' your gab about the matter.'

Menie, fearing that her lover's well-meant kindness would only serve to encrease her father's irritation, made a sign to him to drop the subject; and Jamie, finding that there was no hope of a private interview with his pretty Menie, soon after quitted the cottage.

When Maggie once more made her appearance at Tullishill, her first action was to throw her scarlet mantle to the other end of the room, and to send her straw bonnet spinning after it; her next was to take her husband round the neck and give him a hearty kiss.

'The deil's i' the wife!' said Tullishill, considerably discomposed by the vivacity of Maggie's movements; 'is this a time for daffing?'

'Nane better, Tullishill,' replied Maggie, 'for we are brought out o' a' our straits this day! Aih! man, but my heart's just rinning ower with joy; and I dare say my een too,' continued Maggie, as she wiped away a tear.

'And is it sae?' replied the old man; His name be praised! But, Maggie, woman, tell us a' about it; tell us a' about it.'

'Fient a bit o' me will tell you a word o' the matter,' said Maggie, with a smile, 'except that ye are to pay nae rent this term, and maybe as little the next.'

'Maggie! Maggie! you're surely maundering.'

'Maundering, or no maundering,' answered Maggie, 'it's as true as I tell you; but ye're no to ask me ony questions, for I'll no answer them; but this I will say, Tullishill, that I'll ne'r put muckle faith in the character that the world gies to ony body. The earl is called a burly chiel; but a mair fair-spoken civil gentleman I ne'er saw atween the een. He has nae mair pride than our colley there; and spak to me in the same hamely way that I'm doing to you, gudeman. To hae heard him ye wad hae thought I was his marrow. But I'm dead wearied: sae we will just return thanks for the mercies o' this day, and then stap away to our beds, for my feet are blistered, and my een are gathering straes.'

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

HENRY G. FRINK, EDITOR.

FRIDAY EVENING, MARCH 13, 1840.

NOTICE TO SUBSCRIBERS.—In consequence of a new arrangement of Carriers for this paper, payment for subscriptions must be made to the *publishers*, (Underwood, Falls or Frost,) or to their order.

☞Should the new Carriers neglect to serve any subscriber, on information being given at our Office, it will be promptly remedied.

We should apologise to our readers for the space unduly occupied in our paper of Wednesday last, by an article titled "The Queen's Marriage."—An unintentional omission also happened, in inserting the article to which reference is above made, by neglecting to state from what print the insipid account was copied, or whether it was copied at all, and not written by ourself. We deem it incumbent upon us, as professing a claim to common sense and respectability, to inform our readers, that the article in question was copied from the English papers, and intended only for the amusement of a very small class of our patrons.

We have, at different times, been requested to give editorial notices of lectures delivered before associations in this city, while tickets for admission were only to be *purchased;* and the poorer classes, who needed most to be benefitted by them, were thus effectually excluded from attendance. It should be remembered by all who have made or acquiesced in such a solicitation, that this paper has an object in view, which is definite, and to us of importance; from the accomplishment of which, no private partialities or personal friendships *should* have power to divert us. We in sincerity deprecate the idea, entertained by many, of an aristocracy in literary privileges, founded upon the accidental circumstance of possessing wealth; and we never will prostitute this print to its support. Our feelings have been deeply interested in the subjects of many lectures delivered in this city of late; but principally because those subjects were important for *all* to understand, and especially for those who had a higher ambition than to be drones in society. But when we beheld a system introduced that unavoidably excluded many of this class (whom the present perverted state of society generally subjects to destitution) from the information to be communicated; and provided, as generally is the case in *all things*, for the satisfaction of the opulent, we have, as we ever shall, in like circumstances, independently refused any participation in the plan. We ask, moreover, those to whom we more especially refer, to turn to No. 12 of the present publication. We there inserted an article of the following import:

"Notices of Meetings, Drills, &c., proceedings of Meetings, or Cards of thanks for Fire or Military Companies, which will not occupy more than one square, will be inserted in the Advocate *gratis.*"

We have, in every instance, fulfilled our pledge, differing, in this respect, as we believed to be just for reasons there given, from any publication in the city. We have often done this, even when not requested. Yet, notwithstanding the huge bill of TENNIS for these services elsewhere presented, by those more able than ourselves to submit to the expense, when any profitable job in printing was to be executed, it has been committed to those who are leagued together against the liberal course which we ourselves have pursued. Yet, complaint is made, because we do not insert, not only these many notices, often when not requested, but also a half column of editorial, gratis! We trust that we shall hear of such complaints no more.

*Fire in Toronto.*—Two buildings on Market Square, belonging to the Corporation, were destroyed on the 6th inst.

*Fire at Newark, N. J.*—Between fifteen and twenty buildings, on Mechanic, near Market st., were destroyed on Saturday evening last.

By a fire in Baltimore on Friday night, a house in South Liberty street, occupied by Mr. F. Scholmeyer, upholsterer, was consumed; and Mr. S. himself perished in the flames. His wife and child were so much injured that little hopes were entertained of their recovery. They were taken from the fourth story, to which they had retreated, by the almost superhuman exertions of the firemen.

*Electricity.*—The Chicago Hotel was recently struck by lightning and somewhat damaged. One of the inmates was also injured by the shock.

## Legislature of New York.

TUESDAY, March 10.

### IN SENATE.

Mr. Maynard presented the petition of sundry citizens of New York, praying for a law to prohibit Presidents and Cashiers of Banks voting on proxies, and requiring returns of the liabilities of each Director to the Bank of which he is a Director.

REPORTS FROM STATE OFFICERS.

The report of the commissioners of the Canal Fund, in conformity with the resolution of Mr. D. S. Dickinson, was received and ordered to be printed.

The annual report of the commissioners of the Canal Fund respecting the tolls collected and of property transported on said canals during the year 1839.

On motion of Mr. Moseley, ten times the usual number of copies were ordered to be printed, with 200 extra for the use of the commissioners.

A report of the Canal Board, under the act of May 3d, 1839, relating to the survey of the several branches of the Hudson river, transmitting the report and estimates of the engineer, with a communication to the Board from the Surveyor General, was also presented.

The Senate went into committee of the whole, Mr. Edwards in the chair, on the bill to prohibit illegal voting in the city of New York, and to punish illegal voters, but rose and reported without taking any question.

### IN ASSEMBLY.

REPORTS OF COMMITTEES.

By Mr. Brooker, from the committee on the internal affairs of towns and counties, by resolution in favor of the Senate bill to amend the excise law and to regulate Inns, Taverns, and Groceries.

Mr. King moved the following resolution:

Resolved, That the Canal Board, in addition to the matter specified in the Resolution of this House of the 7th inst., be required to communicate to the Assembly, their opinion of the extent to which aid may be rendered by the State, to enterprizes of internal improvements, by a loan of its Stock or otherwise, without impairing its resources, to prosecute the canals now in progress and without injury to its financial arrangements.

It was laid on the table for one day.

After some important business, the currency bill was debated until the Assembly adjourned.

From Saco Democrat.

THE ELOPEMENT—AGAIN.—An examination of some interest took place last week before Justice Bourne at Kennebunk, which resulted in the committing to jail in this county a man by the name of Jackson, from Durham, N. H. charged with abducting and enticing away the wife of a Colonel Chesley of that place. The wife was a well dressed, good looking woman, mild and amiable in her appearance, and about 30 years of age.—The husband was apparently two or three years older, with an intelligent countenance, good form, mild in his deportment, and evincing superiority of intellect and standing. Jackson was not badly formed, nor was he destitute of tact in his straightened circumstances. It was evident, however, that he had occupied a lower station in society; his features and language coarse; it was said he could not even write his name, and that he had left a wife and two children, to commence anew his fortune with another.

The lady had been married about 14 years, and left an only child, a daughter about 12 years old. She arrived at the hotel in the stage from Dover late in the afternoon, and the stage from Portsmouth two hours after, brought Jackson. He was conducted to the same room—they took supper together, and intended to take the mail stage at 12 o'clock for the eastward. The husband, and a friend who had followed in a post chaise, arrived in season to prevent the further progress of their journey. Measures were immediately taken for the arrest of Jackson. $100, which the wife had received from her husband the previous week was taken from him, and her trunk containing a portion of his clothes.

It appeared on examination that the husband and wife had lived most happily together until within a few months. She was indulged in every thing that could promote her happiness; not an unkind word ever passed between them; but on his return home from an absence of some months, he found her affections alienated, and the evidence of intercourse with Jackson, who was a neighbor, was too strong to be doubted.

Jackson was bound over, and for want of surety committed to jail.

The husband kindly offered the wife her choice to return with him or not. She said in reply—'will you live with me if I return?' This is not the choice I submitted to you—I will carry you to your friends, said her husband. "I cannot go," was her reply. He then gave her the $100 he had taken from Jackson, took leave of her, and returned home. The woman followed Jackson to Alfred, and visits him daily at the prison.

*Editorial Dilemma.*—During the dead season, the editor of a country paper being much distressed for matter, ransacked every hole and corner for intelligence; and having as he thought, completed his task, sat down to dinner with what appetite he might. In the middle of it he was interrupted by the entrance of his familiar, alas 'the devil,' demanding 'more copy!' 'Blast the fellow.' 'More copy!' said he, 'Why, have you put in the story of the tremendious mushroom found in Mr. Jones' field?' 'Yes sir.' 'And the account of the prodigious crop of apples gathered from Mr. Timms' trees?' 'Yes sir.' 'And abott Mr. Thompson's kitten being sucked by a hedgehog?' 'Yes sir.' 'And Mr. Smith's dreadful accident with his one horse chaise as he passed down Holborn Hill?' 'Yes sir, it's all up, but there is still a line and abalf wanting.' 'Then add,' said he, with great dignity, 'that they most au-da-ci-ous-ly threshed it out on the premises!'

## "Music hath Charms."

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

## READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his Balsam or Horehound: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839.

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Brad, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, no excuse for a bald head.

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, (who have used it and tested its happy effects,) I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the permission of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the directions, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Hashaway, Boston, Elias Herson, firm of Baker & Herson, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howards. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,
*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.
*Boston, May 1, 1834.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.
*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 443 Washington Street, Miss Mary Sears, Pleasant Street, N. Tolman, 300 Washington Street, George Melvill, Lucas Place, Mrs. Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest blessings to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache*. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered, from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## Muirside Maggie.

### A LEGEND OF LAMMERMUIR.

BY ONE OF THE AUTHORS OF THE 'ODD VOLUME,' &c.

[Continued.]

From this time forth every thing flourished with Tullishill; and as even his sheep prospered and grew fat, his displeasure against Willie o' the Hill-side was considerably mollified. Enough, however, still remained to occasion the youthful lovers many anxious hours; but, cheered with the hope of vanquishing his enmity, they continued to love on, and left the event to time and fortune.

'What's that you're doing Maggie?' said Tullishill to his wife, one fine morning in April, while she was busily employed in scraping together a large quantity of snow.

'I'm gathering our rent, hinney,' replied Maggie, with a merry laugh.

'That's an ill joke, wife.'

'But I'm no joking, gudeman,' replied Maggie, as she gaily shovelled the snow into a deep cleft of the rock, and strewed a quantity of oatmeal over it.

'Are ye gane clean gyte, Maggie, that you're wasting the gude meal that way?'

'It will no be wasted,' said Maggie; 'that pickle snaw will be worth mony gowdeh guineas to us afore a' is dune, for as little as ye think o't.'

'Weel, Maggie,' responded her husband, 'if it's your pleasure to divert yoursel wi' gathering snaw-ba's, I'm sure I'll no be the man to hinder ye.'

'That's right, Tullishill; and take my word for't, that my snaw-ba's are no to be sneezed at, for they'll bring us profit and pleasure baith, or I'm mista'en.'

Many a time and oft did Maggie visit her concealed treasure, where it remained undisturbed until the month of June; when one fine morning she sped to the rocky dell, where even the rays of the summer sun could not penetrate, and, assisted by Malcolm, one of Tullishill's young shepherds, rolled the snow into a ball about three feet in diameter. She then desired him to bring round the cart, which stood prepared for her expedition, and into which Malcolm lifted the gigantic snow-ball; and Maggie had just seated herself beside it, when Tullishill appeared at her elbow.

'Gude guide us!' exclaimed the old man, in utter amazement, 'my wife's deleerit! She's gotten a bee in her bannet!'

'If I hae a bee in my bannet,' replied Maggie, 'it is ane that will make store o' hinney for us.—Now gang awa hame, gudeman, and dinna be feard about me, for I hae a friend beside me,' she continued, as she patted the snow-ball, 'that will bring us good luck. Fareweel for a wee; Malcolm, gie the horse his head:—and with these words away went Maggie.

On reaching Thirlstane, Maggie was told that she could not possibly see the earl, as he was then at dinner with a party of friends. 'But I *maun* see him,' replied Maggie; 'I *maun* see him, tho' the king himsel were taking his dinner wi' him. I am come here by the earl's ain commands: sae you'll just gang and tell him that Muirside Maggie has keepit tryst, and is here waiting his pleasure.'

'I cannot believe, good woman,' said the servant, 'that the earl desired you to come here today; and yet if it should be so, I would not like to turn you away.'

'Ye had as gude no,' answered Maggie; 'but, if ye dinna believe me, gang and ask the earl himsel, and no stand glowring there as if ye had seen a warlock.'

Thus admonished, the servant disappeared; and soon returned to usher Maggie into the presence of the earl.

'Ye'll believe me another time, my man' said Maggie, with a good-humoured smile; 'but ye maun now help me to row this snaw-ba' ben to the earl: I canna gang before him wanting that.'

'Is the woman out of her senses!' answered the domestic; 'what the mischief is the earl to do with that mountain of snow?'

'That's between him and me,' said Maggie, with great composure; 'but sin' ye winna lend me a helping hand, I maun e'en take the herd lad wi' me;' and as the domestic did not think proper to object to this, he quickly ushered Maggie and her treasure-bearer into the presence of the earl.

'I hae come, my lord earl,' said Maggie, with a curtsy down to the ground, 'according to my tryst; and I hae brought you a sample o' the April snaw frae the lands o' Tullishill. And now that I had keepit my word, I wad fain hope that your lordship will no gang back o' *yours*.' And, so saying, Maggie rolled the snow-ball to the feet of the earl, much to the amusement of the guests, who seemed to enjoy the singularity of the scene, the cause of which the earl quickly explained.

'Well, Maggie,' said the earl, 'I must allow that you have fairly earned your reward; and here I declare, in the presence of this company, that the gudeman of Tullisbill shall sit rent-free all the days he has to live. And now, my blithe dame,' he added, filling a bumper of claret, and presenting it to Maggie, 'pledge my toast, that should any of us e'er be placed in difficulty or distress, we may find a Muirside Maggie to plead our cause, and help us to our ain again.'

'With right good will I shall do that,' answered Maggie, as she took the offered glass from the earl; 'and may ye find as kind a heart, and as willing a hand, as ye hae shewn to us when we were up to the neck in the cauld pit o' poortith.'

'Bravo, Maggie!' said the earl, as he rose to drink the toast; and, amidst the shouts and huzzas of the party, Maggie quitted the apartment' and gaily sped her way to Tullishill.

On seeing the joy of her husband at the intelligence which she brought to him, Maggie felt herself richly rewarded for her exertions; but the pale cheek of her step-daughter reminded her that there was yet one thing wanting to complete her happiness; and this was the consent of the old man to receive Jamie for his son-in-law, a point which Maggie, 'fleeching sorra,' as her husband called her, had hitherto failed to accomplish.

SATURDAY EVENING, MARCH 14, 1840.

### Semi-Centennial Celebration.

The celebration at the Brick Church last evening was a splendid affair. The house was crowded long before the hour fixed for the commencement of the performances; and a multitude were unable to obtain admittance. The weather was propitious, and the several military corps, in their rich uniforms, marching to the church from their Armories, presented a very imposing appearance.

The Address, by Mr. Holley was a masterly effort, and those who entertained high expectations from the known ability of Mr. H. to do justice to the subject, had them more than realized. and, with the exception of the evil complained of by our correspondent in another column, every thing was calculated to minister to the grat fication of all present.

The Odes, (one written by our townsman, D. W. Chapman, the other by Mr Hosmer, of Avon,) were read by Graham H. Chapin, Esq., and need no eulogy from us. We hesitate not to assert, that those who attended last evening will long remember with pleasure the Semi-Centennial Celebration of the Settlement of Western New York.

### THE PIONEERS OF WESTERN NEW YORK.

AN ODE.

Written for the Rochester Athenæum and Young Men's Association, by D. W. Chapman.)

'Twas fifty years ago, and bright
The morning sunshine beamed;
And vale and rock and woodland height,
Rejoicing in its golden light,
A realm of glory seemed—
O'er which, in uncontested right,
Wild Nature's standard streamed.

The giant oaks their branches flung
O'er all the desert scene;
And forth the unscared eagle swung,
From her high nest, their boughs among—
And, mantling bright and green,
The trailing wild-vine 'round them clung,
In spring-time's gorgeous sheen.

No voice the morning breezes bore,
No sound was in the sky,
Save the deep river's murmuring roar,
Where fast its headlong waters pour,
Like armies rushing by—
Or from the lone lake's distant shore,
When booming waves dashed high.

And now, from its high course again,
The rising sun looks down,—
It beams o'er teeming field and plain—
So late the forest's dim domain—
On spire and roof and town,
On sails that gleam o'er th' "inland main,"
Like pearls in a regal crown.

The voices from a thousand hills
In joyous accents rise;
And Plenty her rich garner fills,
And Art's quick pulse responsive thrills,
As vale to hill replies,
While Peace her kindly balm distils,
Fair daughter of the skies!

Bright are New-England's hills and dales,
And happy is each home
That smiles along her sun-lit vales,
Where old tradition telleth tales
Of those whose memories come
With thought of war-note on her gales
And freedom's stirring drum.

And from those quiet homes have passed
The stern-souled and the free,
Who in our land of promise vast,
With us their lot of life have cast,
Where coming years shall see
Their hearth-fires brightening far and fast,
By many a house-hold tree.

And lands whose shores are green and fair
Beyond the ocean wave,
Have seen their thousand sons repair,
With us to hope, to toil, to dare,
While we glad welcome gave,
And proudly now the triumph share,
Like brethren true and brave.

And still, as melts the forest cloud
Which broadly girds us round,
We mark the vet'ran midst the crowd,
Before whose hand the wild-wood bowed,
Which erst above him frowned,
O'er soil which now with temples proud
And our fair homes is crowned.

### ODE,

IN COMMEMORATION OF THE SETTLEMENT OF WESTERN NEW-YORK.

Written by W. C. H. Hosmer of Avon, for the "Rochester Athenæum and Young Men's Association."

High was the homage Senates paid
To the plumed conquerors of old,
And freely at their feet were laid
Rich piles of flashing gems and gold.

Proud History exhausted thought—
Glad bards awoke their vocal reeds,
While Phidian hands the marble wrought
In honor of their wond'rous deeds:

But our undaunted PIONEERS
Have conquests more enduring won,
In scattering the Night of Years,
And opening forests to the sun:

And victors are they nobler far
Than the helmed chiefs of other times,
Who rolled their chariots of War
In other lands and distant climes.

Earth groaned beneath those mail-clad men,
Bereft of beauty where they trod—
And wildly rose from hill and glen,
Loud, agonizing shrieks to God.

Purveyors to the carion-bird,
Blood streamed from their uplifted swords,
And while the crash of States was heard,
Swept on their desolating hordes.

Then tell me not of heroes fled—
Crime renders foul their boasted fame:
While widowed ones and orphans bled,
They earned the *phantom* of a name.

The sons of our New-England sires,
Armed with Endurance, dared to roam
Far from the hospitable fires,
And the green hallowed bowers of Home.

Distemper, leagued with Famine wan,
Nerved to a high resolve, they bore;
And flocks upon the thymy lawn
Ranged where the panther yelled before.

Look now abroad!—the scene, how changed!
Where fifty fleeting years ago,
Clad in his savage costume, ranged
The bolted Lord of Shaft and Bow.

No more a woody waste, the land
Is rich in fruits and golden grain,
And clustering domes and temples stand
On upland, river-shore, and plain.

In praise of Pomp, let fawning Art
Carve rocks to triumph over years—
☞ The grateful INCENSE OF THE HEART
Give to our LIVING PIONEERS.

ALMIGHTY! may thy stretched-out arm
Guard, in long ages yet to be,
From tread of slave or kingly harm,
Our EDEN OF THE GENESEE!

### CONGRESS.

On Monday, March 9th, in the House, a resolution was introduced for the removal of the seat of government from Washington; also one from Mr. Adams, calling for information as to the pedigree, scent, &c., of the blood hounds—whether they could distinguish between ages, colors, sexes, &c., and whether the benefits of the pension laws should be applied to them, to their families, children, &c. &c. The motion was objected to, and it lies over, as Mr. Adams expressed his intention of speaking on it. A resolution was also proposed for the establishment of a national bank.

In the Senate, a memorial was presented from citizens of Missouri, stating that conventions should be called to prevent Legislatures from chartering corporations, and denouncing paper money as a violation of the constitution of the United States. A message was received from the President with documents in relation to the North-Eastern boundary They consist of correspondence between Mr. Messrs. Fox and Forsyth. 5,000 extra copies were ordered printed.

The resolution that Congress adjourn on the 18th of May was discussed. The bill more effectually to secure the public monies was made the order of the day for Tuesday next.

*Divorces.* At a Court of Chancery lately held at Saratoga Springs, eight divorces were granted by the Chancellor—five, on the complaint of the wife, and three on the complaint of the husband of the several parties. Cause—adultery.

☞ Thaddeus Morgan, who killed his wife some time since, in New York, was tried last week, and convicted of manslaughter, in the first degree. He was sentenced to imprisonment at hard labor, in the State Prison, during his life.

N. Y. MARKET, MARCH 10—*Flour.* The N. Y. Express says, Flour is excessively dull; holders are offering Western at $5,75, and Philadelphia at $5,25, without finding buyers.

*To Correspondents.* "Rents, No 10, and the communication from "A Mechanic," are unavoidably deferred. They will appear in a few days.

*Resumption of Specie Payments in Pennsylvania.*—The bill before the Pennsylvania House of Representatives, compelling the banks to resume specie payments has been lost by a tie vote—42 to 42.

*Terrible.* A hurricane, accompanied by an inundation of the sea, occurred at Coringe, on the coast northward of Madras, on the 16th of November, which drowned 2,000 people.

☞ While the family of Mr. Geo. Shade, who resided near Holmesburg, Penn., were absent on Friday last, the youngest son set fire to an out house to make a bonfire, and burned up all the buildings on the premises.

*Editors looking up.* Edgar Snowden, editor of the Alexandria Gazette, has been elected Mayor of Alexandria.

*Attempted Suicide.* A respectable looking young lady, at Baltimore, on Saturday last, attempted to drown herself, by leaping from the wharf into the river. She was rescued by two gentlemen, who rushed in after her. About her waist was found a girdle with heavy stones sewed in it.

☞ The Quincy (Florida) Sentinel, states that Lieut. Whitten of the volunteers, while on a scouting excursion with 12 men, near the Ocilla, during the latter part of February, was shot down, while a little in advance of his men. The volunteers ran away, and permitted the Indians horridly to mutilate the fallen man's body.

*A singular Murder.* Mrs. Ann Hefferman, of St. John, N. B., was killed on the evening of the 26th ult., by a blow on the head, which an unknown man in the garb of a soldier gave her with his fist as he ran past her. As he passed, he merely said, "Mary Ann, dont you think I know you?" struck her down and passed on.

*Flour sunk.* Two scows laden with 250 barrels of flour, were sunk at Baltimore, on Friday, by the ship Lelia running afoul of them.

The Great Western brought about 12,000 letters and an immense number of newspapers, for all parts of the country.

*Embezzlement and Suicide.*—A clerk in the Petersburg (Va.) Post Office, of most respectable connexions, having been detected in embezzling money from letters, rather than survive the disgrace attendant upon the exposure of his conduct, committed suicide.

*Mysterious Murder.*—The body of a man named Hewin Safford, was found in the woods near Shelburn, Vt., last week. He had been missing since the 5th Dec. last. Wounds on his head showed that he had been murdered; and his body had been robbed of a cloak, boots, hat watch, a set of spoons, and a few dollars in money—which pitiful plunder was probably the object of the murderer.

For the Working-Man's Advocate.

MR. EDITOR—I have attended the delivery of several lectures in this city, during the past winter, and have been unable, in most instances, to hear the speaker, so constantly was the uproar made by the boys. I attended the meeting last evening, in the Brick Church, to hear the discourse of M. Holley, Esq. I anticipated a treat, knowing that from his age, as well as from the stations he has held in the improvements in Western New York, he is most amply qualified to give all that information which the enquiring mind desires. But I was so annoyed by the continued noise of the boys in the galleries that I could not hear sufficient to form any connected story. I went away, as I presume many others did, perfectly disgusted; and asking myself the following question: Is there no authority, either of parents over their children, or of the city authorities over the populace, that can put a stop to these annoyances? If there is not, then we may as well dispense with our public Lectures, for they cannot be heard. If there be no such authority, then I would advise one of two courses, viz: Either stop the Lectures, or charge an entrance fee. The latter mode would effectually put a stop to the disturbances, by keeping out those riotous and ill-bred boys. And the money thus gathered might be devoted to some charitable purpose.

## THEATRE.

MARBLE'S BENEFIT.—Dan Marble, who has been fulfilling an engagement with Mr. Dean, and performing his line of Yankee characters, during the week, makes an appeal to-night to the liberality of his numerous friends and admirers in this city.—The entertainments selected for his Benefit are varied and interesting. The performance commences with the Prize Drama of "Sam Patch in France," (written expressly for Mr. M.,) which is said by good judges to be his "crack piece." Dan represents Sam Patch among the *Monsieurs*; the heroine of the play, Victorine Toca, by Mrs. Marble, who makes her first and only appearance this evening.

The other pieces selected are, the Third Act of "Therese," the "Vermonter," and the Last Act of "Black-eyed Susan," in all of which Mr. M. takes part. C.

---

THE ONEIDA INDIANS.—Two delegations from the respective Christian parties of the Oneida Indians, yet remaining on the scanty residue of their reservation at the old Castle, were at Albany last week to confer with Governor Seward and the State authorities respecting the sale of their lands and their removal to the West. They are headed by Moses Schuyler, an old chief 62 years old. The Onondagas are represented by Abram Le Teort, their principal chief, who has been educated at Geneva, and is now 39 years of age.—It appears that the loose part of the tribes wish to sell out and remove, and that the parties represented at Albany are determined, if possible, to remain and cultivate the arts of civilized life.—We understand that the views of the latter receive the commendation, and will receive the aid of the executive.—*N. Y. Sun.*

---

SINGULAR AND PAINFUL DEATH.—A daughter of a Mr. Smith, aged about ten years, and living in Springfield, Mass., went to the school house early on Wednesday morning last, to get a book. The door being locked, she endeavored to get in at the window; in doing which, it is supposed the window dropped down on to her neck and killed her, as she was found in that position, dead!

---

*Slave Case.*—On Friday or Saturday last two colored men were arrested, and without any knowledge of the cause of their arrest, were taken before Ald. Hooton, of Southwark, who committed them to Moyamensing prison to wait their hearing before a Judge as fugitive slaves. Yesterday they were brought before Judge King, at 1 o'clock. Mr. Samuel H. Taggart, a lawyer of Baltimore, was sworn on behalf of the claimant. He said the men were the property of his father—that they had eloped about ten years since. He felt more sure as to the identy of one of them because he had a scrofulous affection on the neck, which had left a mark, and to the best of his knowledge and belief they were both the identical men who were the slaves of his father. Several witnesses were then examined on behalf of the respondents, some of whom were highly respectable inhabitants of the county of Philadelphia. They testified that they had known the men from infancy, and corroborated their testimony by a reference to facts and circumstances which left no doubt as to its truth. The Judge orded their immediate discharge. The decision was received by a crowded audience of blacks and whites with great noise and shouting, which it was difficult to suppress.—*Phila. Ledger.*

---

*A new way to raise the Wind.*—On Saturday last a young man called at No. 210 Fourth street, with a large package of letters in his hand, and with all the characteristic appearance of a "penny postman," demanded twenty-five cents for a letter which he presented to the servant. The letter was marked "25." The servant, presuming all was right, paid the fellow the amount, and he hurried off to play the same trick, it is supposed, on some others.—*Sun.*

## Legislature of New York.

WEDNESDAY, March 11.

### IN SENATE.

The Senate went into committee of the whole on the Registry Bill for the City of New York.

The several sections of the bill, with the exception of the 1st, 18th and last, were passed, when the committee rose and reported.

Mr. Ely, pursuant to notice, introduced a bill relating to the powers and duties of Masters and Examiners in Chancery, which was laid upon the table.

### IN ASSEMBLY.

REPORTS OF COMMITTEES.

By Mr. Welch, from the committee on canals, by resolution in favor of the passage of the Senate bill to authorize the construction of a canal to connect the Genesee Valley Canal with the Genesee River, with some amendments.

By Mr. Lay, from the committee on canals, by resolution against the appointment of an additional canal commissioner, which was laid on the table.

By Mr. G. A. French, from the committee on roads and bridges, by bill, to alter the charter of the Buffalo and Williamsville Macadamized road company.

By Mr. Lay, from the committee on canals, by resolution against the prayer of petitions from Canal Village, in the town of Rome, for the change of the route of the Erie Canal, which was agreed to.

By Mr. Birdseye, from the committee on ways and means, by resolution against petitions for a law to authorize the Board of Supervisors of Monroe county, to raise a loan to erect a bridge over the Genesee River in the town of Chili, which was adopted.

The bill for the relief of Frederick Starr being on its third reading, the question on its final passage was deferred for the purpose of receiving additional information.

Mr. E. J. Porter offered a resolution directing the Judiciary committee to report a bill for the election of Surrogates by the people, which was laid on the table, by consent of the mover.

The currency bill was again debated.

A bill was received from the senate for the protection of minors, which was read and referred. This bill, it is supposed, has arisen out of the celebrated "Barry" case of New York, and is intended to enable the mother of a child, being a native citizen, to prevent the father, if an alien, from carrying their child to a foreign country without the mother's consent.

---

☞ *Mr. Maury*, the first American Consul at Liverpool, whose death recently took place at New York, witnessed the first importation at Liverpool of American Cotton, and which was seized under an impression that it had been grown in India; the British laws not permitting the import of India articles save in British bottoms. He lived to see the crop of this country reach nearly two millions of bales, and the import from this country to Great Britain nearly one million of bales, and the money market of both countries pretty much governed by the trade in this article. *National Intelligencer.*

---

*Quicker than Magic.*—In presence of seventy-eight persons in London, a parcel of rags were recently taken, made into paper, dried and printed in five minutes! When this celerity becomes universal, loafers will have to dodge paper mills, or their ragged vestments will be whipped off, and tucked under their noses in the shape of a hand-bill advertising them as vagrants before they know it.

---

*A Queer Character.*—Among the doings of the Court of Common Pleas for Rockingham county, N. H., the Exter News Letter states that Alfred Tetherly, of Charlestown, N. H., was indicted for stealing a horse, the property of Josiah Woodman, of Nottingham. On being asked if "guilty or not guilty," for he went into the barn to lodge for the night, and finding no hay there for him to lie on, or the horse to eat, he took the beast *out of pity*, rode him up country, where there was hay enough, and sold him to a man who would feed him well, and not allow him to starve. He thought some about riding the horse back to its owner, but the jade travelled so hard that he would rather go to the state prison for a dozen years than ride him again a dozen miles. The Court sentenced him to three years hard labor in the state prison.

---

*Benefit of Advertising.*—On of the many singular instances of the benefits of advertising, among many which come to our knowledge is that of a merchant of Philadelphia, of many years standing who in looking over the advertisments in the "Republican," discovered the name of one of his old customers whom he had not heard from for seven or eight years, advertised as Captain of a steamboat; and on examining his account a balance was found standing against him of about fifteen hundred dollars. The account was transmitted to one of our Attorneys, and in due course of time the whole amount was collected.

Of course, the merchant now takes the Republican.—*St. Louis Republican.*

---

*Anecdote of the last War.*—Colonel Miller, being ordered to the sortie from Fort Erie, in the last war, and finding he had not sufficient force for the enterprise, sent back to the commander for two hundred additional men. They were immediately despatched from the fort, under the command of the gallant but rather headlong and eccentric Talbot Chambers. Eager to reach the scene of action in the shortest possible time, he marched ahead with such rapidity that he fairly distanced his soldiers; and coming up to Colonel Miller, he said, 'Sir, I have the honor to report to you my arrival, with two hundred men.'

"Two hundred men!" exclaimed the Colonel; 'where are they, Major?'

"I've *left them behind, sir,*' said the Major, as he looked around and saw that not a single one of his men was in sight.

---

*Happiness.*—It was Grey the poet, we believe, who said that the highest state of enjoyment which he could imagine was to lie all day on a sofa and read books of romance. The immagination of a Burman soldier was equally fertile, when he replied to a qustion of what were his idea of a future state. 'I shall,' said he, 'be turned into a Buffalo, and shall lie down in a meadow of grass higher than my head, and eat all day long, and there won't be a single musquito to annoy me.'

---

*Manners.*—In the 12th and 13th centuries, good manners required that persons of different sexes, when invited to parties, should sit down in couples, and that each couple should have but one plate between them. In families, one goblet was deemed sufficient for all; and St. Bernard was disinherited by his father, who was affected by the leprosy, for having wiped the edge of a goblet before he drank.

*Another Rail Road Bridge Burned.*—The Susquehanna rail road bridge, over the Codorus Creek, about five miles south of York, was destroyed by fire on Thursday, communicated by sparks from the locomotive.

*Algiers.*—The African city is brought into notice at the present time, and a few words respecting it, will not come amiss.

It is in about the same latitude with Norfolk, Va., and in abont the same longitude with Paris. It lies on a beautiful bay which is about fifteen miles in circumference and where there is fine anchorage. The ground on which the city stands rises from the shore with a very sudden ascent. The wall which surrounds Algiers is about 30 feet high and 12 thick, and about a mile and a half in circuit. Cannon are so planted as to render the approach of a hostile ship very difficult. The houses are of brick or stone, with flat roofs, and the city is so closely built that one may from one part of it to another on the tops of the buildings.

The French bombarded and took Algiers on the 5th of July, 1830. It has been for ages the abode of a mixed populatation, and a den of pirates. Many a time have these outlaws sufferred severe chastisement, and been brought to terms as they were by our Decatur; but they seem not to brook restraint, and France will find it hard to keep them quiet.

In former times the wealth and the power of the Algerines were much overated. They will be put down by France, and we fear will gain little from being subject to a Christain power. Would that they and all other nations were capable of taking care of themselves.—*N. Am.*

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healthy hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum padlers, but to ameliorate the conditions of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing.

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaints, and affections of the Breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Rue graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Boston, Mr. Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Stoadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, WM. BROWN, 431 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR,
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1838.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1838.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1838.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Seavy, Pleasant Street, N. Talman, 301 Washington Street, George Melvill, Lucas Place, Pitt Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate invention resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be sure to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

**JAYNE'S TONIC VERMIFUGE,**

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## Muirside Maggie.

### A LEGEND OF LAMMERMUIR.

BY ONE OF THE AUTHORS OF THE 'ODD VOLUME,' &c.

[Continued.]

Time passed on: but while it restored peace and plenty to the board of Tullishill, it was preparing a very different fate for his benefactor, who, having in the ensuing civil war adopted the cause of royalty, was taken prisoner at the battle of Worcester and committed to the Tower. This news spread grief amongst his friends and retainers; but none took it so grievously to heart as Muirside Maggie, who directly set her wits to work to devise some mode of assisting the earl.

'Gudeman,' said she, one evening, as they sat lamenting over the misfortunes of their landlord, 'it will no do for us to be sitting here wi' our hands afore us, when he wha has gien us bread to eat is clapped up between four stane wa's. Clavering about his mishaps winna mend them: we maun be up and doing and no be daidling here, when we dinna ken what straits he may be in. That Tower o' London maun be an awfu' place: folks say there are wild beasts there; but, beasts or no beasts, we maun try to get at the earl.'

'But, Maggie [illegible]answered her husband, 'how can we help hi[illegible]e's sae straitly shut up and watched?'

'A gowd[illegible]ony lock; and we canna better wa[illegible]n in gieing a pickle o't to him that h[illegible]o a' that we hae.'

'I dinna begr[illegible] the siller, and I would soon let you see that, if I kent how to get it to him.'

'I ken a way to get it to him; but, I'm no gaun to tell you what it is, for ye wad be saying, this 'll no do, and that 'll no do; but just gie me ane o' your bit bags o' gowd, and ask nae questions about it.'

'W[illegible]ife,' said Tullishill, 'I'll let you [illegible]is time; [illegible]t, for the future, I [illegible]e mair to say in my ain house; na[illegible]his wife a e roosed up, and hi[illegible]uld kail runt.'

'[illegible] Maggie, with a coaxing smile [illegible]ak that gate, when a' body kens y[illegible] hail sense i' the parish. I doubt na [illegible] guide this matter far better than me; bu[illegible] just ta'en a notion to try, and ye're no to say me nay.'

'Weel, Maggie, a wilfu' wife will hae her way; sae there's the key o' my kist, and ye may mak a kirk and a mill o' the money bags in't. But I'll awa to my bed, for this ill news has made me heavy.'

'Ye canna do better,' said Maggie; who, as soon as the old man was out of hering, cried—'Run, Menie; run ower the brae, and tell Jamie to come down to the back o' the fail dyke, for I want to speak anent a matter o' life and death.'

As soon as she had seen Menie set out on this mission, Maggie placed her good Culross girdle on the fire; and with eager haste baked a large bannock, which she seasoned with a costly ingredient. She also bound up in her long hair, under the head-gear, some of the same talismanic dross.—These operations were scarcely performed, when Menie returned to tell her that Jamie was waiting at the dyke. Away went Maggie; and after a short conference she returned to the house, and bidding Menie bring her a sheet of paper and the bottle of ink, she sat down to the difficult task of inditing a letter. This important affair completed, she kissed Menie, and sent her off to bed.—Maggie's next exploit was to array herself in the Sunday clothes of Malcolm, the young shepherd. She then knelt down and fervently asked a blessing on her undertaking; then resigning herself to the protection of Heaven, she softly opened the door, and was quickly joined by Jamie, who was to be her companion on this mission of gratitude and mercy.

The amazement of Tullishill at the mysterious disappearance of his wife, may be more easily conceived than described; and he was becoming seriously alarmed, when Menie suddenly recollected that aggie had written a letter the preceding evening: it was searched for, and found. It ran thus: 'I ken, Tullishill, there will be a bonnie hobbleshew when I am missed the morn; but, gudeman, I'm going on an errand o' mercy; and I hae *Him* for my guide that nane can withstand; so keep up your heart, for I am in safe hands; and dinna be short and dorty with enie, for with a' her wee fauts, (and wha's without them), she's a gude bairn, and likes ye better than she whiles lets on. And tell her I hae taken her faithfu' doo with me to help me to find out the road; so she need na be feared when she misses it. I hae nae muckle mair to say: I doubt [illegible]'ll no forget to ask a blessing on me night a[illegible]orning; and that ye may be heard is the prayer of your loving wife till death.

MAGGIE.'

During her long and fatiguing journey, Maggie had abundant leisure to arrange her future plans; and, after much consideration, she resolved to assume the dress and deportment of a beggar, and to affect a silliness of manner which would prevent the gaoler of the earl from suspecting that any sinister design lurked beneath her desire to see the prisoner. As soon, therefore, as she reached London, she changed her shepherd's garb for some tattered female habiliments, over which she flung a hodden grey cloak. She then stained her face and throat, so as to give her skin a brown and weather-beaten appearance; and, hiding her long hair under a close coif, she slung two or three meal bags round her neck. Then, wrapping her bannock up in her apron, she forthwith proceeded to the Tower; being guided by Jamie, who had previously reconnoitered the premises, but who took care not to appear to have any connection with the silly beggar. Some of Old Noll's grim-visaged soldiers were lounging about when Maggie reached the Tower. She, however, affected not to see them, and looked round her with a vacant air; then suddenly approaching the soldiers, she dropped a low curtsy, and said—'Mony happy days to your honours; will I sing you a sang?' and without waiting for an answer, she immediately began to sing—

"Thou hast left me ever, Jamie."

'Away with ye, you old Scotch witch! and let us hear no more of your profane ballads,' said one of the soldiers.

'Let her alone Tom,' said another of the soldiers, who spoke with a Scottish accent; 'the woman is doing no harm, and if she were ten times uglier than she is, you cannot deny that she has a pipe as clear as a lark.'

'Oh! you think so, because she sings the songs of your cold country.'

'There's a bonny sang that begins this way,' said Maggie—

'The king rade round the Mere-leugh head,
Booted and spurred, as we a' did see;
Syne dined wi' a lass at Mossfennan yett,
A little below the Logan Lee'—

'I'll sing the rest some other time; but, Sirs, ye maun now take me to my jo, for I've come a lang way to see him.'

'And who may your jo be, my pretty dear?' asked one of the soldiers.

'Wha should he be, but the grand earl that ye hae caged up here for naething that I ken o'. Now, my bonnie lad,' she continued, turning to her champion, 'just gang and let him out, and him and me will step cannily awa back to Lammermuir. He'll be company for me on the road; for, oh! I wearied sair coming siccan a lang gate without a living soul to say—'Maggie, how are ye? odd, I was whiles fain to talk to my very meal pocks for want o' better.'

'And so you have really come all the way from Lammermuir to see the earl?' asked the soldier.

'Ye may say that,' replied Maggie; 'I trow there's little else worth seeing in this wilderness o' stane and lime: but I'll tell you a' about it. Ye maun ken when I heard that the earl was locked up here, says I to mysel, Maggie, says I, it's mair than likely that thae daft Englishers haena the sense to bake a bannock for the earl; so, says I, by my faith Maggie, ye'll just bake ane yoursel; and nae doubt the earl will be weel pleased to see ony thing that puts him in mind o' the bonny Lammermuir hills. So, ye see, sirs, that I ran and baked my bannock, and toasted my bannock; and mair than that, I hae carried my bannock up to Lon'on town: and now, let ane o' ye, like a gude bairn, tak' me to the earl. He has keen kind to me and my forbears, and I ken it will warm his heart to see ony thing frae Lammermuir; so just let me ben.'

'It is impossible, good woman,' said her friendly countryman; 'no one is permitted to see the earl.'

'Oh! dinna say that, dinna say that!' exclaimed Maggie, while the tears started in her eyes, as she laid her hand on the soldier's arm, and looked imploringly in his face.

'I cannot help you,' said her friend; 'but here comes the warden of the Tower; perhaps he may allow you to have admittance.'

'What is the matter?' asked the warden.

'This poor creature, sir,' replied Maggie's friend, has walked all the way from Scotland to see the earl of Lauderdale. She talks in a rambling sort of a way; but from what I can gather it would appear that the earl has been very kind to her in former days, when probably she was a retainer of the family, and she has taken this way of shewing her gratitude.'

'And what for no?' said Maggie: 'may the wild hawks pike out my een when I forget what he has done for me and mine. As you would wish to find grace in your hour o' need,' continued aggie, falling on her knees before the warden, 'let me see the earl. I'll just gie him this bannock that was baked in auld Scotland, and then I'll daunder away down to the Lammermuir hills, and tell them a' that I hae seen the earl; and the daisies and the blooming heather will haud their heads up at the grand news; but I'll haud mine higher.'

Struck with the fidelity and gratitude of aggie the warden consented that she should be allowed to see the earl.

'But mind,' said aggie, 'there are nane o' you to gang in with me: I couldna thole that; for young lassies like me are unco shame-faced; so me and the earl will just hae a crack to ourselves.'

'Let her be humoured,' said the benevolent warden; 'fidelity to the unfortunate entitles even a beggar to respect;' and cutting short aggie's benedictions, he committed her to the care of her good-natured advocate whom he ordered to conduct her to the apartment of the earl.

'Oh, man!' said aggie to her guide, as he led her on; 'I wish I could let ye in to hae a crack with the earl; it would do your heart gude to hear me telling him a' about our bonnie country and its bit burns and streams—the Ettrick and the Slitterick, the Feeder and the Leader, the Fala and the Gala, the Ayle and the Cayle, the Yod and the Jed, the Blackater, the Whittater, the Teviot, and the Tweed. But I doubt it wadna answer to take ye in with me; the earl mightna like to be fashed with fremit folk.'

'I dare say not,' replied the soldier, good-naturedly; 'but this is the door of the earl's room; I must lock you in; but I'll not be long in coming for you.'

No sooner did Maggie find herself in the presence of the earl, than hurrying up to him, she dropped on her knees, and amidst sobs and tears cried out—'Wae's me, wae's me, that I suld ever see this day!'

BRITISH ARROGANCE.—The following paragraph is from the Woodstock (N. B.) Times, of Feb. 22d. It affords additional evidence of the ill-feeling of our neighbors on the North-Eastern frontier towards us; and unless the advisers of Miss Victoria are possessed of more prudence than many of her *subjects* across the lines, if our Government be true to the national honor, the New Brunswickers may learn that their "braggart neighbors" will not be longer trifled with, or insulted with impunity.

"Captains Battersby and Hawkshaw, of the Engineer Department, arrived here on the Thursday evening from head quarters, for the purpose of selecting sites for the erection of barracks, and other such works as may be deemed necessary for the protection of this place. These works, we understand, will be on an extensive scale, sufficient to accommodate a large force. The present aspect of affairs renders such a measure absolutely necessary. A large portion of this province has been forcibly taken possession of by a foreign nation.—Threats have been held out of an intended invasion this winter. Great Britain had therefore no alternative but either to give up her rights—sacrifice the interests of her subjects—destroy the communication between the upper and lower provinces—truckle to our braggart neighbors, or take the proud and lofty stand that present movements indicate she is about assuming."

For the Working-Man's Advocate.

MR. EDITOR:—Emboldened by the spirit of kindness and liberality which you have so repeatedly manifested towards the Mechanics of this city, thro' the medium of your useful and interesting paper, I beg leave to confide in the same disinterested feelings for the publicity of a few remarks which I am constrained to make, respecting the present condition of a large class of the Mechanics of Rochester, with the hope of rendering them (and the public generally) sensible of our grievances.

In the first place, therefore, I am enabled to state, from circumstances that have recently transpired, that our rights, as Mechanics, are now assailed, and that too by an individual who has hitherto lived upon the labor of the journeyman Mechanic, and accumulated the principal part of his wide spread possessions by grinding the faces of the poor, who, through absolute necessity, are obliged to submit tacitly to his impositions. This statement can be corroborated by numerous individuals who are citizens of Rochester; and, therefore, it will be seen, that I do not stand alone in reference to this matter. But in order to develope more fully my paramount object in addressing my fellow Mechanics, I must intimate to them, that the celebrated architect above referred to is now actually engaged in the most unprincipled and despotic enterprize that can sufficiently characterize or define a tyrant—namely, of trying to depress the Mechanics of this city, by depriving them of a fair and adequate remuneration for their daily toils, or, in other words, to reduce their wages immediately, because, as he states, the price of flour is now so extremely low! But can it be possible that my fellow Mechanics of this city, will suffer themselves to be gulled by thi "*plausible*" pretext, and become the voluntary dupes of this tyrannical nabob, whose predominant propensity is to correct those in his employment into profitable serfs, and thus keep them in a state of abject and cringing dependence? If, however, they should cower down beneath the awful displeasure of this *humane and philanthropic* aristocrat, let me ask them, if, in doing so, they are not deceiving themselves, ruining the interest of Mechanics, and at the same time acting incompatible with the spirit of freedom which pervades this republican country, and which is perpetually ringing in the ears of every American freeman? And let them remember, also, that this man is a Monopolist in the strictest sense of the term,—I mean a Mechanical Monopolist, as far as the business in which he is now engaged is concerned. I presume, therefore, you understand that he has actually monopolized a profession to which I unhesitatingly assert he has no claim, either by nature or art; and knowing this to be the case, I must say, that I am indeed truly astonished why some of the young men of this city, possessing as they undoubtedly do, a sound theoretical and practical knowledge of the art of Building, should receive the patronage and encouragement of the citizens of Rochester, which they are now so injudiciously bestowing upon a man who, I fearlessly affirm, knows no more even about the superficial outlines of Architecture, as the the untutored Indian does respecting the geographical outlines of Otahitae or Japen.

But to come directly to the point respecting a reduction in wages, I shall briefly notice the principal reason which our pious and exemplary citizen assigns, as being sufficient to exculpate him in the course which he has *so judiciously* adopted. He says, "my friends, you are well aware, that you are now enabled, through the blessings of a kind beneficent Providence, to procure the article which constitutes a portion of your daily food, somewhat cheaper than you have for sometime past; and therefore, as you are thus signally blessed, *I* deem it to be my imperative duty, as a humane, generous and Christian individual, to improve the happy opportunity afforded me, of reducing your wages as near as possible in proportion to the blessing conferred upon you." This is unequivocally the sum and substance of his reasoning in referrence to this matter; and in view of it, I cannot refrain from expressing my astonishment, that a sentiment like this should issue from the lips of one professing to live under the genial influence of that religion which teaches us to "love our neighbors as ourselves." As a people, we should indeed feel grateful to our heavenly Benefactor, for rendering our fields prolific and our harvests redundant; but shall it be said, because the Giver of all Good is kind to us, that our neighbors, through selfishness, must interfere and afflict us on that account? It seems to me, the public will not reflect very long, in order to give an indignant negative response to this interrogatory.

In conclusion, I have only to remark, that although it is our pride and privilege to be constituted citizens of this vast Republic, to inhale the invigorating air of freedom, and bask in the glorious sunshine of "civil and religious liberty," still, we have to regret that the clanking chains of despotic power are frequently heard throughout our land, and even the ghastly features of the tyrant, on many occasions, exhibited where *liberty* and impartial justice should *alone* preside.

A MECHANIC.

## Legislature of New York.

THURSDAY, March 12.

### IN SENATE.

The bill for the protection of minors, which passed the Senate on Tuesday, came back from the Assembly with amendments, which were concurred in, and the bill passed.

In the committee of the whole Resolutions relating to general bankrupt law were adopted unanimously.

### IN ASSEMBLY.

Reported by Mr. Taylor, from the Judicary committee by resolution, against E. J. Porter's bill to allow all persons duly qualified, after examination, to practice law.

FIDAY, March 13.

IN SENATE.—A report was received the Comptroller in conformity with the resolution of the Senate of the 4th inst., in relation to the expences of the milita called into the service of the State in the month of December last.

After a lengthy and rather acremonious debate, twice the usual number of copies of the report were ordered printed.

IN ASSEMBLY.—After some important business the currency bills were debated until the hour adjournment.

## CONGRESS.

In Senate, on Tuesday, March 10th, after the presentation of memorals relative to the Steamboat law—the public lands, the bloodhounds &c., Mr. Norvell called for any information that might be in the poscession of the President or the departments in relation to any fortifications, military or naval preparations that were making, or had been made, within the last 18 months, in any of the North-western portion of our limits. Mr. Benton offered a resolution, requesting the President to cause to be communicated to toe Senate, a detailed chronological statement of all the purchases of lands from the Indians from the commencement of the government to the present day, the amount paid for the same in money, goods or aid, and showing the aggregate amount so paid.

In the House, the report on the New Jersey election case came up, on Mr. Fillmore's motion to re-commit. Mr. Petrikin moved an amendment, to admit as sitting members of the House, Messrs. Dickerson, Vroom, Kille, Ryall and Cooper; and after some altercation about points of order, the amendment was agreed to, yeas 111, nays 89, many whigs delining to vote. The gentlemen thus admitted are at present in New Jersey, taking testimony under the direction of the committee on elections, which committee will make a detailed report after a full scrutiny of the votes.—*Dispatch and Tattler.*

*The Maine Difficulties.*—The St. John, N. B. Courier states that Colonen Goldie has been ordered to the disputed territory to take charge of the troops now there, and 250 men have been sent there, in addition to the old force. The British have barracks on the St. John River, capable of accommodating 100 men, but now under charge of one maud, and also on the Madawaska, similar works under charge of a corporal and five privates. On the Western shore of the Temiscouta Lake they have barracks, where 175 men are stationed. It is probable that the 250 men above mentioned, are intended to put the barracks at present unoccupied, in the same state of defence as those on the Temiscounta.

After all is considered, however, these steps amount to an infraction of the letter of the agreement only; for the force sent by the British amounts only to a mere handful. We are anxious to see the documents in relation to the subject, which have been transmitted to Congress by the President. It is time this open question were settled.—*Dispatch and Tattler.*

An Officer said to be Col. Wellesly)Son of the Duke of Wellington,) passed through here yesterday on his way from Canada to Fredericton. He is said to be the bearer of Dispatches, of what purport we have not heard. This gentleman stated at the Hotel that the Mail Carrier had been fired at on the Temisquatra Portage, and that the ball had passed through the back part of the neck. He succeeded however in carrying the mail in safety to his station. We have not heard whether the wound is considered to be dangerous. Various conjectures are afloat as to the motives that could influence such a wanton outrage.—*Woodstock Times of Feb. 29*

### Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

### Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his Balsam of Horehound: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

—

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a lett[illegible] Park, Pastor of the Baptist Church at H[illegible]
H[illegible] J. Feb. 12, 1839,

Dr D. Jayne—[illegible] pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

—

The Rev. [illegible] Fletcher, Pastor of the Baptist Church, [illegible] Valley, Pa., who had been more or less bald [illegible] used three bottles of the Hair Tonic, [illegible] fine growth of new hair over all that [illegible] head where he was bald, writes—"My [illegible] ing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

—

Mr. Bood, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse for a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing [illegible]ms and pains, and quieting the morbid exci[illegible] thus relieving the most urgent symptoms [illegible] direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, (who have used it and tested its happy effects) I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, a[illegible] of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing.

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the Breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tubarosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 401 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

**THE HAIR! THE HAIR! THE HAIR!**

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

**INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.**

PREPARED ONLY BY THE SOLE PROPRIETOR,
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 22d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1833.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

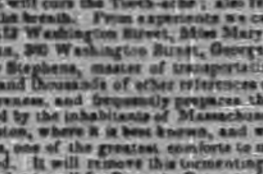
TO LOVERS OF COMFORT AND EASE.

**TOOTH-ACHE! TOOTH-ACHE!!**



Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 412 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tilman, 390 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed that have already come to his knowledge, have excited an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief**, and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the direvengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## EVERY INCH A QUEEN!

VICTORIA TO ALBERT.

Full of high hopes, with aspect sunny,
Y ALBERT, prithee, hasten here,
And you shall have (you *do* lack *money!*)
A *sov'reign down* at once, my *dear!*

I'll make you Duke of Kent—the rich,
The fertile Kent, the land of *hops*,
The value of a tithe of which
Would buy up *all* your father's *crops;*

Though you're unused to war's alarms,
Soon a Field- arshal you shall be;
Should you prove worthy of my *arms!*
And raise a *corps* of *infant*-ry!

I pity you because you're poor;
Long you have been without a "*brown*,"
But *that* you shall not want I'm sure
As long as I am worth a *crown!*

But, ALBERT, ere we wed, I warn you—
Although my love for you is fervent,
And I believe I ne'er shall scorn you—
That you must be my humble *servant!*

You class not with those happy *dogs*
Whose term of slavery is flown;
Since *I* have giv'n you *all* your "*toggs!*"
Your *small-clothes* scarce can be your *own!*

Then think not *you* shall hold the helm—
The rudder of the State I'll guide;
You know the Sov'reign of the realm
Should, as directing power, preside.

As "Britons never shall be slaves,"
And, as I am a Briton true,
And rule the land that "rules the waves,"
I'll ne'er, of course, be ruled by *you!*

*Airs* you must never give *yourself*,
Although to *me* you may give *heirs;*
You're a mere Goth, and I'm a Guelph;
I'll have my way in *all* affairs!

My *garter knight*, *stall*-fed you'll be—
No fears of famine need disturb you—
You'll always have a *bit* from me,
Yet, at my will, I mean to *curb* you!

"The *high* horse" will by me be ridden,
With you I'll now be very plain,
If *restive*, you may oft be chidden;
I'll never give to you the *rei(g)n.*

I'll keep you *under*, I avow,
For I can wield the regal thunder;
And, by *St. George!* I'll not allow
A *subject* spouse to keep me under!

Crown-street. V. R.

## A JERRY SNEAK.

ALBERT TO VICTORIA.

Yes, love, I hasten back to thee,
My fervent passion never doubt;
Ah! I am sick of Germany,
Of slender purse, and sharp sour krout!

With you, my dear, I'd fain be dining—
Than German fare there can't be worse,
I long to see a *sov'reign* shining;
I'll hold thee in my *heart* and *purse!*

Let me but have a little *change*—
A change of linen and of diet—
And *all* affairs you may arrange
Just as you please—I'm very quiet!

I know that you will reign and rule—
'Tis not for me, my gentle VIC,
When we are *harness'd*, like a *mule*
Or *ass*, against your will to *kick.*

The *inexpressibles* you *mention*
I'll never *put my foot in*, save
With your free leave, when condescension
Inclines you to oblige your slave!

Upon the wings of love I post—
I'm well aware it is expedient
That I, to one who "rules the roast,"
Should be in *everything* obedient.

Royal Hotel, Saxe Coburg. ALBERT.

## Muirside Maggie.

### A LEGEND OF LAMMERMUIR.

BY ONE OF THE AUTHORS OF THE 'ODD VOLUME,' &c.

[Concluded.]

'Who are you, my good woman? and what has brought you here?' asked the earl.

'Wha suld I be but Muirside Maggie, that ye took out o' the mirk pit o' grief; and I maun hae had a heart like a whinstane if I could hae forgotten a' ye hae done for us. But I maun haste to tell my errand. This is what brought me here,' she continued, snatching off her cap, and unplaiting her long hair from which fell a goodly number of gold pieces.

'Why Maggie! this is like a fairy tale,' said the earl.'

'I've mair yet! I've mair yet!' cried Maggie, as she broke the bannock and showed it to the earl stuffed full of gold; 'I havena time to pike the gold out o' the bannock, so ye maun e'en just let me put it in your pouch;' and Maggie hastily crammed the bannock into the earl's pocket.

'Well, aggie,' said the earl, considerably affected by this proof of her gratitude, 'I accept of the assistance you have brought me, in the same spirit in which it is offered. It may, perhaps, be the means of helping me to my own again; and should that day ever arrive, you and your's will not be forgotten.'

'Dinna speak that gate; it's only your ain that I've brought you; if we served ye by night and by day on our bended knees, it would be a' ower little for your mercy to us in the days of our great distress. But, gude sake, there is the sodger! I maun awa; Oh! get out o' this place as fast as you can, and come hame again to your ain bonny heathery hills.'

The soldier now appeared, and conducted Maggie to the Tower gate, where she found Jamie waiting for her.

'It's a' right,' said Maggie; 'but dinna speak to me yet; I'll tell you a' about it when we get into the hostelrie.'

We shall not stop to describe Maggie's journey home, nor the joy with which she was received there. Suffice it, that Tullishill's heart was so much softened by happiness at her safe return, which the good dame insisted was in consequence of Jamie's great care of her, that he consented to the immediate marriage of the lovers.

To complete Maggie's delight, she soon after heard that her golden key had unlocked the prison of the earl, who made his escape to Holland. The Restoration soon afterwards relieved him from his troubles, and advanced him to higher worldly prosperity than he or his family had ever previously enjoyed; and he had gratitude and good feeling enough (whatever was his general character as a private man, or as a party politician) to reward the generous devotedness of Maggie, by giving her and her husband a free lease of Tullishill for the term of their own lives, and that of their daughter Menie. This boon of honour and gratitude was conferred by the hands of the earl himself, who at the same time threw round his benefactor's neck a rich silver chain for the adornment of her handsome person—a gift still carefully preserved by the descendants of the family, respectable farmers in Berwickshire, as a memorial of the singular and fortunate enterprise of '*Muirside Maggie.*'

*A Fish Story.*—An Arkansas paper tells a story of a cat-fish, which is a *leetle* the toughest of any thing we have seen lately. According to this paper, a few weeks since, three boys, seven or eight years old, were swimming in the Arkansas, but a short distance from the agency, when one of them suddenly disappeared. The neighborhood was rallied, and search was made for the lost boy, but in vain. Some three or four days after, two men were walking down the opposite side of the river, when several "carrion crows" were observed to fly up at a short distance from them. Curiosity attracted them to the spot, where they observed a cat-fish, of enormous size, lying in shoal water on the bar, partially eaten by the crows, with the legs of the lost boy protruding from its mouth. On examination, it was found that the head had passed into the stomach of the fish, but he being unable to swallow it further, or to close its jaws, was strangled, and floated to the place where he was found.

*Queen Victoria.*—Speaking of the marriage of Queen Victoria, Mr. Field, the actor, who is the author of those droll verses, travelling from the New Orleans Picayune, through the country, over the signature of "Straws,"—laughably enough observes:

Vell, Wic. is gone; and though a queen,
I 'spose has said "obey,"
But that of course vos only in
A formal sort of vay;
Becos' in her new "order," George,
Of female knighthood, each is
To beat the "Garter" out and out,
Inwested vith—*the Breeches!*

If I vos Mr. Coburg, George,
I think I'd have a struggle;
And if a fair vay vouldn't do,
I think I'd try to juggle.
She'd have a fuss to get 'em off,
I vouldn't rudely snuff her;
But then I'd have 'em wery tight,
And made of *Ingy rubber!* STRAWS.

*A rare chance.—Spinsters ahoy!*—Some time since a number of stone cutters, at work upon the public buildings in Washington, were discharged from employment by the superintendant, who assigned as a reason, that they were unmarried men, and as the preference was given to married men, if they would marry, employment would be found for them. A meeting of the dismissed was therefore called, at which twenty-eight were present, and they passed a resolution that an advertisement should be inserted in the papers, inviting the ladies to assist them in the laudable design of obtaining employment, and to this end the secretary of the meeting has published that he will receive proposals, until Saturday next, at 12 o'clock, from unmarried ladies, between the ages of 17 and 33 years, who may desire to enter into the wedded state. Now, ladies, there's a chance, and as this is leap year, there certainly can be no indelicacy in your making advances. If you do not get husbands, and the stone cutters employment, it will not be our fault.—*Balt. Sun.*

---

*A Royal Crying Spell.*—The London correspondent of a morning paper in this city states that when Her Majesty, the Queen of Great Britain, was informed that the Tories had cut down her husband's allowance from fifty to thirty thousand pounds a year, she cried like a child. The "crown" in tears! What an interesting situation! "Poor thing!" She too must learn as well as the more lowly maids that the course of true love never did run smooth. But if she intends to cry every time her wishes are crossed by political partizans, she may expect to weep her life away. However, she is not all tears, but shows some grit. She took a real womanly revenge upon the graceless Tories, and would not let them have a single sip at her wine, or taste a morsel of her wedding cake—and so there.—*N. Y. Sun.*

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

HENRY C. FRINK, EDITOR.

TUESDAY EVENING, MARCH 17, 1840.

*Doings in Mississippi.*—The correspondent of the Natchez Courier—of whose veracity in the premises we have no means of judging, says that on the last day of the session of the Mississippi Legislature the Governor was seen plying the members with punch. Drinking and adding a few hundreds more to the appropriation bill went hand in hand. Street fights were all the rage. Arrests under the duelling law followed. Dr. Hagan came to Jackson to give Mr. Kendall his club, but he did not get the chance. Such is a specimen of their doings.

---

*From the Pacific.*—Lieutenant W. H. Kennon, of the frigate Constitution, has arrived at Baltimore in 54 days from Lima, with despatches to the American Government. The amount of these advices is said to be, that the Government of Peru would not recognize our charge d'affaires, and that the American Consul was acting as such.

☞ The Directors of the Union Bank of Mississippi, twelve in number, owe to that institution, either as drawers or endorsers, an aggregate of over a million dollars. The Massachusetts House of Representatives have passed a resolution requiring a return to that body of the indebtedness of bank directors in that State to the institutions over which they preside.

---

☞ The Journal of Commerce says: We learn that Sir John Colborne, late Governor of Lower Canada, was at Newport on Wednesday. It was suspected by some that he came to reconnoitre.—There are large fortifications at Newport, recently constructed, and ready for an enemy's guns which of course could be easily supplied from their ships of war.

☞ The Northampton, Mass. Republican states that an individual attempted to sound the new channel through Hockanum meadow the other day, with a rod fourteen feet in length, and was unable to find bottom.

---

*Death of Ex-Governor Wolf.*—Ex-Governor Wolf died suddenly in Philadelphia, on Wednesday morning last. Cause, an affection of the heart. He was about ascending the steps leading into the entrance of the Custom House, to proceed to his duties as Collector, he was observed to falter in his gait, and exhibit signs of a paroxysm. A chair was immediately brought him, in which he was removed within the custom-house, where he almost instantaneously sunk dead.

*Out of Employment.*—It is said that 10,000 hands are out of emplement in Leeds, England. It is the same in all the manufacturing districts in this country, and is one of the disasterous consequences of our unstable and constantly fluctuating system of banking. There is no remedy short of a radical reform of that.

For the Working-Man's Advocate.

THEATRE.—Mr. MARDLE has been *starring* with great success in our goodly city. He has departed for a larger scale of action, and will probably appear among the "tall coons" of an ampitheatre. But the lights are not all "put out," for the indomitable and untiring DEAN remains, and will continue to throw around us play-going folks a halo which will be a remembrancer of halcyon days. His bill of fare this evening is intellectual and amusing. THESPIS.

CONGRESS.—In Senate, Thursday, March 12, Mr. Norvell's resolution calling for any information which the President may possess, relative to the movements of the British Government in the North Western portion of our territory was taken up and adopted.—The bill to provide for the payment of damages sustained by individuals in Indian wars since 1830, was discussed at considerable length, and passed over with a view to printing the various amendments offered.

In the House the memorial of Mr. Ingersoll, relative to his claim to a seat in the House, was read and ordered to be printed. The motion to print some papers relative to the proceedings of the Committee of Elections on the New Jersey case was taken up and warmly debated. No question was taken. The House then proceeded in Committee of the whole, to the Treasury Note Bill, and Mr. Cushing addressed the House until the hour of adjournment.

---

OUR BOUNDARY DEBT.—In the United States Senate, on the 6th inst. Mr. Williams (of *Me.*) incidentally remarked, that the debt contracted by that state in defending her frontier against the aggressions of Sir John Harvey, was a National debt, which would unquestionably be paid by the General Government. In this sentiment, the Globe says, there was a very general acquiescence.

The mummy of a female was recently found in a peat bog in Jutland, completely sunk in the bog. From the fragments of clothing that remained, the skilful antiquaries of the north have conjectured with considerable plausibility, that it belongs to the last period of paganism. One of them has endeavored to prove in a learned and ingenious essay, that the mummy is the body of Gunnbilda, Queen of Norway, whom King Harold Blaatland enticed by promises of marriage, to come to Denmark in 965, where he put her to death by sinking her in a bog.

GREAT FIRE IN JEFFERSON COUNTY.—On the night of the 5th instant, the valuable mills belonging to Mr. Charles E. Clarke, (a member of the present assembly,) situated at Great Bend, Jefferson county, were burned down, together with the blacksmith shop of Mr. Carter, and the clothing works of Mr. Keeler, in the same block. The origin of the fire was the friction of Machinery. The bridge over Black River was also destroyed, and the dwelling house of Mr. Clarke was saved with great difficulty. Mr. Clarke's loss is estimated at $10,000—Mr. Potter's at $2500.

*The Wedding Fete*, to be given on the 26th inst., at Niblo's in commemoration of the marriage of Queen Victoria, to the English widows and orphans who have found a shelter and a home in our city, is in active progress, and under the judicious management of the committee, will be made a jubilee long to be remembered. Among the other generous supplies for the table, Mr. Shaddle, corner of Bleecker and Greene streets, is manufacturing an enormous "Queen Victoria Wedding Cake," the weight of which is to be *one thousand pounds*, the ingredients in the following proportions:

125 pounds Flour,
125 do. Sugar,
125 do. Butter,
1250 Eggs,
250 pounds Raisins,
350 do. Currants, Spices, &c.

## Legislature of New-York.

SATURDAY, March 14.

IN SENATE.

Mr. Moseley, from the committee on canals, submitted a written report on the subject of the extension of the Chenango canal from its present termination at Binghampton to the State line near Tioga Point, and introduced a bill for the construction of said extension in season to connect with the Pennsylvania North Branch canal as soon as the same shall be finished from Tonawanda in Pennsylvania to that point.

A message was received from the Governor communicating the information required by the resolution of the 4th instant in relation to the manor difficulties, of which five times the usual number were ordered printed.

The bill providing for a registry of votes in the city of New York was passed—ayes, 15; noes, 6.

IN ASSEMBLY.

The Assembly were mostly engaged on private bills.

The concurrent resolution from the Senate on the subject of a General Bankrupt Law, was received and referred to the judiciary committee.

### Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839.

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."
L. FLETCHER.
West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

Prepared only by Dr. D. JAYNE, sole proprietor, No. 20 South Third-st., Philadelphia. For sale by
HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo-st., only
dec5tf Agent for the county of Monroe.

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, *rheumatism*, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.
Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Hoarhound, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta grevcolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Josh Boston, firm of Bates & Boston, Boston, David Woolbury, clerk of Josiah Stradman, Miss E. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness; prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 491 Washington, corner of Eliot Street, Boston.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and I shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,
*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.
*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.
*Boston, September 1, 1835.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 153 Washington Street, Miss Mary Seavy, Pleasant Street, S. Tolman, 203 Washington Street, George Mitchell, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts in mankind that was ever discovered. It will remove the unpleasant pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be passed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have test edits virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,

opposite the Eagle Tavern, Buffalo Street, only

nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, [illegible], and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## BELATED TRAVELLERS.

BY GEOFFREY CRAYON.

It was late one evening that a carriage, drawn by mules, slowly toiled its way up one of the passes of the Appenines. It was through one of the wildest defiles, where a hamlet occurred only at distant intervals, perched on the summit of some rocky height, or the white towers of a convent peeped out from among the thick mountain foilage. The carriage was of ancient and ponderous coustruction. Its faded embellishments spoke of former splendor, but its crazy springs and axeltrees creaked out the tale of present decline. Within was seated a tall, thin old gentleman, in a kind of military travelling dress, and a forage cap, trimmed with fur, though the grey locks which stole from under it hinted that his fighting days were over. Beside him was a pale, beautiful girl of eighteen, dressed in something of a northern or Polish costume. One servant was seated in front, a rusty, crusty-looking fellow, with a scar across his face; an orange-tawney *shnur-bart*, or pair of mustachios, bristling from under his nose, and altogether the air of an old soldier.

It was, in fact, the equipage of a Polish nobleman; a wreck of one of those princely families which had lived with almost oriental magnificence, but had been broken down and impoverished by the disasters of Poland. The Count, like many other generous spirits, had been found guilty of the crime of patriotism, and was in a manner, an exile from his country. He had resided for some time in the first cities of Italy, for the education of his daughter, in whom all his cares and pleasures were now centered. He had taken her into society, where her beauty and her accomplishments had gained her many admirers; and had she not been the daughter of a poor, broken-down Polish nobleman, it is more than probable that many would have contended for her hand. Suddenly, however, her health had become delicate and drooping; her gaiety fled with the roses of her cheek, and she sunk into silence and debility. The old Count saw the change with the solicitude of a parent. 'We must try a change of air and scene,' said he; and in a few days the old family carriage was rumbling among the Appenines.

Their only attendant was the veteran Caspar, who had been born in the family, and grown rusty in its service. He had followed his master in all his fortunes; had fought by his side; had stood over him when fallen in battle: and had received in his defence, the sabre-cut which added such grimness to his countenance. He was now valet, his steward, his butler, his factorum. The only being that rivalled his master in his affections was his youthful mistress; she had grown up under his eye. He had led her by the hand when she was a child, and he now looked upon her with the fondness of a parent; nay, he even took the freedom of a parent in giving his blunt opinion on all the matters which he thought were for her good; and felt a aparent's vanity in seeing her gazed at and admired.

The evening was thickening: they had been for some time passing through narrow gorges of the mountains, along the edge of a tumbling stream. The scenery was lonely and savage. The rocks often beetled over the road, with flocks of white goats browsing on their brinks, and gazing down upon the travellers. They had between two and three leagues yet to go, before they could reach any village; yet the muleteer, Pietro, a tippling old fellow, who had refreshed himself at the last halting-place with a more than ordinary quantity of wine, sat singing and talking alternately to his mules, and suffering them to lag on at a snail's pace, in spite of the frequent entreaties of the Count and maledictions of Caspar.

The clouds began to roll in heavy masses among the montains, shrouding their summit from the view. The air of these heights, was damp and chilly. The Count's solicitude on his daughter's account overcame his usual patience. He leaned from the carriage, and called to old Pietro in an angery tone.

'Forward!' said he. 'It will be midnight before we arrive at our inn.'

'Yonder it is, Signor,' said the muleteer.

'Where!' demanded the Count.

'Yonder,' said Pietro, pointing to a desolate pile of buildings, about a quarter of a league distant.

'That the place?—why, it looks more like a ruin than an inn. I thought we were to put up for the night at a comfortable village.'

Here Pietro uttered a string of piteous exclamations and ejaculations, such as are ever at the tip of the tongue of the a delinquent muleteer. 'Such roads! and such mountains! and then his poor animals were way-worn and leg-weary; they would fall lame; they would never be able to reach the village. And then what could his Excellenza wish for, better than the inn; a perfect castello—a piazza—and such people!—and such a larder!—and such beds!—His Excellenza might fare as sumptuously, and sleep as soundly there, as a Prince!

The Count was easily persuaded, for he was anxious to get his daughter out of the night air; so in a little while the old carriage rattled and jingled into the great gateway of the inn.

The building did certainly in some measure answer to the muleteer's description. It was large enough for either castle or palazza; built in a strong, but simple and almost rude style; with a great quantity of waste room. It had, in fact, been in former times, a hunting-seat for one of the Italian princes. There was space enough within its walls and in its out-buildings to have accommodated a little army.

A scanty household seemed now to people this dreary mansion. The faces that presented themselves on the arrival of the travellers were begrimmed with dirt, and scowling in their expression. They all knew old Pietro, however, and gave him a welcome as he entered, singing and talking, and almost whooping, into the gateway.

The hostess of the inn waited herself on the Count and his daughter, to show them the apartments. They were conducted through a long gloomy corridor, and then through a suite of chambers opening into each other, with lofty ceilings, and great beams extending across them. Every thing, however, had a wretched squalid look. The walls were damp and bare, exceeping that here and there hung some great painting, large enough for some great chapel, and blackened out of all distinctness.

They chose two bed-rooms, one within another; the inner one for the daughter. The bedsteads were massive and misshapen; but on examining the beds, so vaunted by old Pietro, they found them stuffed with fibres of hemp, knotted in great lumps. The count shrugged his shoulders, but there was no choice left.

The chilliness of the apartments crept to their bones; and they were glad to return to a common chamber, or kind of hall, where there was a fire burning in a huge cavern, miscalled a chimney.—A quantity of green wood had just been thrown on, which puffed out volumes of smoke. The floor was paved and dirty. A great oaken table stood in the centre, immoveable from its size and weight.

The only thing that contradicted this prevalent air of indigence was the dress of the hostess. She was a slattern of course; yet her garments, tho' dirty and negligent, were of costly materials. She wore several rings of great value on her fingers, and jewels in her ears, and round her neck was a string of large pearls, to which was attached a sparkling crucifix. She had the remains of beauty; yet there was something in the expression of her countenance that inspired the young lady with singular aversion. She was officious and obsequious in her attentions, and both the count and his daughter were relieved when she consigned them to the care of a dark, sullen-looking servant-maid, and went off to superintend the supper.

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

WEDNESDAY EVE., MARCH 18, 1840.

## RENTS—NO. 10.

Allow me, Messrs. Editors, after an interruption unintentional on my part, to submit to your readers the concluding number of these essays.

The man proposing to rent a dwelling, should ascertian the equity of the rent demanded, on the same general principle given for ascertaining that of business rents. Determine the real present value of the property, and cast an interest upon the sum at ten per cent. as the rent for one year: that is, *if the house and grounds be in condition fit for occupancy.* If they are not, keep clear of the premises, unless the landlord will agree to make all requisite repairs and improvements, and *will incorporate the agreement with the lease.* No man ever yet knew a landlord make such repairs and improvements, after he had secured his rent by a written lease from the tenant, unless he was bound to do so by the same or some other equally binding instrument. Where an agreement can be avoided on the ground that it was without legal consideration, or that it was oral merely, when it should have been written, your landlord is not the man to make it good by what *he* would call a gratuitous performance. Such agreements are literally

"But words, and words, but wind,
Too feeble instruments to bind."

The lessee or proposed lessee of business property, can as we have seen in a previous number, aid his estimate of the equity of the rent, by ascertaining what the business itself will afford. But in renting a dwelling, a man has not the aid of this test. He has, however, one nearly as good for determining what *he can afford to pay;* viz. the amount which his income, whether from business or other sources, will warrant him in agreeing to pay. If this income is to be derived from the same general sources this year as last, it will in nine cases out of ten, be reduced from one to three-fourths. Let those who rely entirely on the profits of their business, and especially let *laboring men*, insist upon having their rents adjusted to the scale of reduced profits and wages. Otherwise, they will be haunted through the year by evil spirits in the shape of bailiffs and appraisers under distress warrants.

And let all who cannot obtain *inhabitable* tenements at honest rents *in the city*, betake themselves to the country whenever that is possible.—Laborers especially, will probably find their account in doing so, though it should not be necessary to escape extortion in the shape of rent. The demands of agriculture for labor, will probably be greater the coming year than ever before. The demands of the city will probably be less than they have been for ten years. The state of the times and public sentiment alike require the authorities to suspend city improvements. They have determined to do so. Many will thus be thrown out of their usual employment; while private enterprise struck down in the general paralysis, will have no occasion for their services or skill. Therefore, let as many as can, take refuge in the country. Rents will be vastly cheaper where they can be had at all; fuel, less by one half or two-thirds; all kinds of provisions cheaper, and labor in better demand and better paid.

Still, numbers of laboring people must remain. And here I would appeal in their behalf to the *self-interest* of landlords, in the enquiry whether they will not find it as profitable in the end to exact no higher rents than the tenants can pay? The first quarter's rent, to be sure, may be secured by the efficacious instrumentality of the distress warrant; but he who thinks to get, in times like these, a *second* quarter's rent out of a poor man's house by the same means, believes it possible to get a second hide from the same dead animal. Usury for the use of *tenements* as well as for the use of money, sometimes provides its own punishment.

And why is interest beyond a certain per cent. for the use of money, prohibited by law? To prevent the oppression of the poor by the rich; of the necessities by the heartless. Money is the only species of property for the payment of debts, as well as the only universal medium of exchange; and the necessity of it to all classes, is so great as to require that the *price* for its use should be limited by law.

But is money as necessary as dwellings? And does not the reason for fixing the *rent* of money, take a double force in the case of the rent for the shelter of the poor man's family? It may be impossible, to be sure, to obtain the passage of a law for preventing usury in rents; and were such a law in existence, the great diversity of tenements, and difference in their value might make it impossible to execute it. And besides, the *spirit of the age* might pronounce such a law too great a restriction upon *the freedom of trade.*

Usury and extortion for the use of dwellings, will therefore, probably not soon, if ever, be pronounced penal offences. But are they any the less *moral* crimes than usury and extortion for the use of money?

Again, we have "Inspectors" appointed by law for inspecting lumber, potash, leather, flour, beef, pork, fish, *tobacco* and *grog;* for the purpose of ascertaining their quality and whether they are fit for market, and thus protecting the purchaser from imposition.

But much more do tenants, especially of dwellings, stand in need of such protection. The imposition upon a man who buys a pound of mouldy tobacco, or a quart of over-watered whiskey, affects him only while he is chewing the one, or drinking the other; and were it to induce him to forswear both, would not be so much of an imposition after all. The imposition upon a man who hires a dwelling out of repair and destitute of the appurtenances which distinguish the abodes of civilization from the hovels of improvident barbarism, is imposed upon through the year, and in a way which destroys the comfort and well-being, and, perhaps, the health and lives of his family.

There may never be any legal restraint upon the exorbitance of rents, but there may and should be, in every city, an *inspection* of tenements established by law; at least as far as *dwellings* are concerned. It should be made the duty of the Inspectors to see that all leased dwellings were, at the commencement of the tenancy, in decent repair, and the wells, cellars, cisterns, &c., in condition to answer the purposes for which they were designed. It should be made the duty of every landlord to submit his tenement to inspection once each year, in case the tenancy should be changed so often. To secure a compliance with the law, the tenant in any case where it should be disregarded, should be exempt from rent until the premises were duly inspected and approved, and the landlord, in the mean time, have no power to dispossess him for non-payment.

I cannot here, even were I possessed of the legislative wisdom and skill to do so, undertake to suggest the details of such a law, or anything more than the above outline. It is sufficiently evident that such a law might be so framed as to protect tenants from the impositions to which they are now every where subject, and at the same time, do no injustice and impose no hardship upon the landlord.

Thanking you, Messrs. Editors, for myself and in behalf of some, at least, of the tenantry of this city, for your kindness in devoting so large a space of your columns to this discussion, I now leave the subject to those who have the pecuniary interest in it which I have not. FRANKLIN.

*Roguery on a large scale.*—Galignani's Messenger relates that a gang of thieves, fifty-one in number, have been apprehended. Many of them were liberated convicts, and were arrested on information of a notorious thief, named Favre, who had been chief of the gang.

For the Working-Man's Advocate.

MR. EDITOR:—I observed in the Advocate of Monday evening last, an attack upon some person whom the author styles "The celebrated Architect." The writer charges the individual with "oppressing" the Journeymen Mechanics of this city—also, of monopolizing all the business of his profession, (building.) In the first place, I know of only two individuals, besides myself, in this city, who claim to be Architects, Mr. Beardslee and Mr. McCallum. If your correspondent alludes to me, his long rigmarole of complaints and abuses are but one continued tissue of falsehoods. The long and short of the business is, there are a few individuals in this city who are dissatisfied with every thing that is not in accordance with their own views; they wish to dictate to the Master Mechanic how much he shall pay his men, and in what manner he shall conduct his business, and how much he shall do. If these gentlemen are dissatisfied with the *manner* in which the Builders conduct their business let them commence business themselves, if they are so talented and competent, and we will not complain, but will afford them every honorable facility in order that they may succeed. Perhaps they have made their complaints under the conviction that there is no pressure that any honest man should regret.

I have always been in favor of paying the laboring man a full compensation for his services, and that his wages should be regulated according to the times and price of provisions, &c. The writer seems to argue, that because provisions and every thing else has fallen in price, that is no reason why his wages should decline. If this was a matter that the Builders themselves could control, the complaint would come with much better grace. There is a possibility that the gentleman does not allude to me in this matter. Perhaps he has referrence to Mr. Osborn, or some other individual of the profession. If the writer's remarks are intended for me, I shall consider them in the essential, unreasonable, and in every sense of the word, illiberal. One fact I am well aware of, viz: The Builder who favors the Journeymen most, has been the first to be abused by them.—If men are dissatisfied with their wages, they have all the privileges of freemen; and if they are not under any special contract, they can at once seek employment in shops in other towns and states, or establish themselves in business. I hope the author alluded to, will be manly enough to give his own signature, and identify the person whom he alludes to, by inserting his name.

Yours respectfully,
J. BASSETT.

CHINA.—We learn by recent letters from China, that as the difficulties of the British increased, the Americans appeared to be growing in greater favor with the Chinese. An American lady, residing at Macao, had been invited by the principal Chinese officers at Canton, to visit the city, and had actually done so, and ridden several miles in the country by invitation. This is an unexampled liberty, the Chinese having from time immemorial, prohibited foreign ladies, or "she-barbarian devils," as they call them, from visiting Canton.

The story is very well known of the English ship master, who carried his wife up to Canton as his clerk, disguised in young men's apparel.—Some of the Chinese came on board and discovered the deception from the trivial circumstance that the lady, being oppressed by the heat of the weather, had thrown off her neck stock, and thus discovered that the ugly proturberance which disfigures all masculine throats, and is called Adam's apple, was wanting in hers. The captain and his lady found out in season that they were discovered, and were barely able to escape with their lives.—*Salem Gazette.*

Mr. Thomas Foster, the enterprising manufacturer of ground Coffee, Spice, &c., presented us a day or two since a number of pounds of coffee of different kinds, as he keeps it for sale, raw, burnt, and ready ground for use. The unburnt article, though of the very best kind in market, we found it out of our power to get prepared for table, so good as that manufactured by Mr. Foster, and yet "our folks" pride themselves somewhat on their coffee making abilities. There can be no doubt that Mr. Foster, who is constantly engaged in the manufacture of ground coffee, better understands precisely how it should be burnt and ground than any one of less experience. Certain it is, he fits it better for me than any person we know of.—*Buffalonian.*

*Laryngotomy.*—This delicate operation was recently performed, in Baltimore, upon a child about a year old by Professor Baxley. The child picked up from the floor a piece of nut-shell, and in endeavoring to swallow it, the shell unfortunately slipped into the windpipe. Every means resorted to for relief proved unavailing, and the little sufferer was threatened with instantaneous death by strangulation, when the operation of Laryngotomy was resolved on, and the shell removed most successfully in a few moments, and to the inexpressible joy of the distracted parents.

**READ THE FOLLOWING.**

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in *Rochester*, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. ## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesnut-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 19, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Rond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hoopings Cough, Spitting of Blood, Pain in the Side, Liver Complaints, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Hiccamptone, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the permission of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gale, Bristol, Mrs. Thos. Haskins jr., Boston, Elah Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Bradshaw, Miss L. Howard. Thousands of whom could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 68 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, imprinted in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm Brown, 451 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1838.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of *New England* Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1839.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1838.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this valuable article in your neighborhood.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dix, 459 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 260 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all nervous, and frequently preserves them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public; as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if, the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## BELATED TRAVELLERS.

BY GEOFFREY CRAYON.

[Continued.]

Caspar was indignant at the muleteer for having, either through negligence or design, subjected his master and mistress to such quarters; and vowed by his mustachios to have revenge on the old valet the moment they were safe out from among the mountains. He kept up a continual quarrel with the sulky servant maid, which only served to increase the sinister expression with which she regarded the travellers, from under her strong dark eye-brows.

As to the Count, he was a good-humoured passive traveller. Perhaps real misfortunes had subdued his spirit, and rendered him tolerant of many of those petty evils, which make prosperous men miserable. He drew a large, broken arm-chair to the fire-side for his daughter, and another to himself, and seizing an enormous pair of tongs, endeavored to re-arrange the wood so as to produce a blaze. His efforts, however, were only repaid by thicker puffs of smoke, which almost overcome the good gentleman's patience. He wo'd draw back, cast a look upon his delicate daughter, then upon the cheerless, squalid apartment, and shrugging his shoulders, would give a fresh stir to the fire.

Of all the miseries of a comfortless inn, however, there is none greater than sulky attendance; the good Count for some time bore the smoke in silence rather than address himself to the scowling servant-maid. At length he was compelled to beg for drier fire-wood. The woman retired muttering. On re-entering the room hastily, with an armfull of faggots, her foot slipped; she fell, and striking her head against the corner of a chair, cut her temple severely. The blow stunned her for a time, and the wound bled profusely. When she recovered, she found the Count's daughter administering to her wound, and binding it up with her own handkerchief. It was such an attention as any woman of ordinary feeling would have yielded; but perhaps there was something in the appearance of the lovely being who bent over her, or in the tones of her voice, that touched the heart of the woman, unused to be ministered to by such hands. Certain it is, she was strongly affected. She caught the delicate hand of the Polonaise, and pressed it fervently to her lips:

'May San Francesco watch over you, Signora!' exclaimed she.

A new arrival broke the stillness of the inn. It was a Spanish princess with a numerous retinue. The court-yard was in an uproar; the house in a bustle; the landlady hurried to attend such distinguished guests; and the poor count and his daughter, and their supper were for the moment forgotten. The veteran Caspar muttered Polish maledictions enough to agonize an Italian ear; but it was impossible to convince the hostess of the superiority of his old master and young mistress to the whole nobility of Spain.

The noise of the arrival had attracted the daughter to the window just as the new comers had alighted. A young cavalier sprang out of the carriage, and handed out the princess. The latter was a little shrivelled old lady, with a face of parchment, and a sparkling black eye: she was richly and gaily dressed, and walked with the assistance of a gold-headed cane as high as herself. The young man was tall and elegantly formed. The Count's daughter shrunk back at the sight of him, though the deep frame of the window screened her from observation. She gave a heavy sigh as she closed the casement. What that sigh meant I cannot say. Perhaps it was at the contrast between the splendid equipage of the princess, and the crazy, rheumatic-looking old vehicle of her father's, which stood hard by. Whatever might be the reason, the young lady closed the casement with a sigh. She returned to her chair; a slight shivering passed over her delicate frame; she leaned her elbow on the arm of the chair; rested her pale cheek in the palm of her hand, and looked mournfully into the fire.

The count thought she looked rather paler than usual—

'Does any thing ail thee, my dear child?' enquired he.

'Nothing, dear father!' replied she, laying her hand within his, and looking up smiling in his face. But as she said so, a treacherous tear rose suddenly to her eye, and she turned away her head.

'The air of the window has chilled thee,' said the Count fondly, 'but a good night's rest will make all well again.'

The supper-table was at length laid. and the supper about to be served, when the hostess appeared, with her usual obsequiousness, apologizing for showing in the new-comers; but the night air was cold, and there was no other chamber in the inn with a fire in it. She had scarcely made the apology when the Princess entered, leaning on the arm of the elegant young man.

The Count immediately recognized her for a lady whom he had met frequently in society both at Rome and Naples; and at whose conversaziones, in fact, he had constantly been invited. The cavalier, too, was her nephew and heir, who had been greatly admired in the gay circles both for his merits and prospects and who had once been on a visit at the same time with his daughter and himself at the villa of a nobleman near Naples.—Report had recently affianced him to a rich Spanish heiress.

The meeting was agreeable to both the Count and the Princess. The former was a gentleman of the old school, courteous in the extreme; the Princess had been a belle in her youth, and a woman of fashion all her life; and likely to be attended to.

The young man approached the daughter and began something of a complimentary observation; but his manner was embarrassed, and his compliment ended in an indistinct murmur, while the daughter bowed without looking up, moved her lips without articulating a word, and sunk again into her chair, where she sat gazing into the fire, with a thousand varying expressions passing over her countenance.

The singular greeting of the young people was not perceived by the old ones, who were occupied at the time with their own courteous salutation. It was arranged that they should sup together; and as the Princess travelled with her own cook, a very tolerable supper soon smoked upon the board; this, too, was assisted by choice wines, and liquors, and delicate comfitures brought from one of her carriages; for she was a veteran epicure, and curious in her relish for the good things of this world. She was, in fact, a vivacious little old lady, who mingled the woman of dissipation with the devotee. She was actually on her way to Loretto to expiate a long life of gallantries and peccadilloes by a rich offering at the holy shrine. She was, to be sure, rather a luxuriant penitent, and a contrast to the primitive pilgrims, with scrip, and staff, and cockle-shell; but then it would be unreasonable to expect such denial from people of fashion; and there was no doubt of the ample efficiency of the rich crucifixes, and golden vessels, and jewelled ornaments, which she was bearing to the treasury of the blessed Virgin.

The Princess and the Count chatted much during supper about the scenes and society in which they had mingled, and did not notice that they had all the conversation to themselves: the young people were silent and constrained. The daughter ate nothing, in spite of the politeness of the Princess, who continually pressed her to taste of one or other of the delicacies. The Count shook his head:

'She is not well this evening,' said he. 'I thought she would have fainted just now as she was looking out of the window at your carriage on its arrival.'

A crimson glow flushed to the very temples of the daughter; but she leaned over her plate, and her tresses cast a shade over her countenance.

When supper was over, they drew their chairs about the great fire-place. The flame and smoke had subsided, and a heap of glowing embers diffused a grateful warmth. A guitar, which had been brought from the Count's carriage, leaned against the wall; the Princess perceived it: 'Can we not have a little music before parting for the night?' demanded she.

The Count was proud of his daughter's accomplishment, and joined in the request. The young man made an effort of politeness, and taking up the guitar presented it, though in an embarrassed manner, to the fair musician. She would have declined it, but was too much confused to do so; indeed, she was so nervous and agitated, that she dared not trust her voice to make an excuse. She touched the instrument with a faltering hand, and, after preluding a little, accompanied herself in several Polish airs. Her father's eye glistened as he sat gazing on her. Even the crusty Caspar lingered in the room, partly through a fondness for the music of his native country, and chiefly through his pride in the musician. Indeed, the melody of the voice, and the delicacy of the touch, were enough to have charmed more fastidious ears. The little Princess nodded her head and tapped her hand to the music, though exceedingly out of time; while the nephew sat buried in profound contemplation of a black picture on the opposite wall.

[To be continued.]

*Singular Law Suit.*—An English paper says that a curious law suit is now going on in Perth, in Hungary, between a butcher and a cattle dealer. The butcher had lent one thousand florins to the dealer, who, some time afterwards, called on him as he was at dinner, and laid down a note for one thousand florins, thanking him at the same time for the loan. The window being open, the note was blown by a gust of wind into the soup tureen. The butcher took it out, and holding it by the corner to allow the grease to drain off, it was seized by his dog and swallowed. Perceiving that he had done wrong, the dog absented himself, and did not return until the evening, when he was killed and opened; but the note was, of course, by this time wholly digested. The butcher has bro't an action for the 1000 florins, which the dealer refuses to pay twice over, considering that the note having gone into the hands of the butcher, he alone ought to support the loss.

*Very Particular.*—The St. Louis Pennant gives the following as the memoranda of a friend, made on the night previous to his marriage:

"*Mem.*—Have John black my boots; turn my shirt-ruffles on the left side; get shaved and have my hair oiled; be marrried at ten o'clock; have the lock taken off my double-barreled gun and oiled—tell John to have 'Bose' well fed during my absence; make a short prayer immediately after getting up—if countenance pale, order some brandy and water—pay the parson an X."

*Death from eating poisonous Roots.*—We regret to state that on the 29th ult., a daughter of Mr. Kinne, agged about 14 years, of Barrington in this county, died from eating poisonous roots. The circumstances of the case, as near as we can glean them from many flying rumors in circulation, are these. During the intermission of school hours, a number of the scholars went into a neighboring wood to procure gentian and sweet Sicily roots to eat. Not being sufficiently acquainted with that kind of root, they mistook cicuta or poison hemlock for it, of which they all eat freely. Near the close of the school in the afternoon, the one mentioned above sickened and died in a short time. Soon after 8 or 10 more of both sexes were thrown into horrible convulsions; but we are happy to learn that strong hopes are entertained of the recovery of them all.—*Pen Yan Democrat.*

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

THURSDAY EVE., MARCH 19, 1840.

FIRE.—About 11 o'clock last evening, a fire broke out in the second story of Dyer's Soap and Candle Factory, on Front street, which for a time seemed to threaten the entire destruction of the building; but by the well-directed efforts of the Fire Companies, who were promptly on the ground, it was soon got under.

The building is considerably injured in the two upper stories and roof. The amount of damage we have not been able to ascertain. Mr. Dyer was fully insured.

The Mail Robbery.—Nothing farther has been learned, says the Columbus State Journal, in relation to the robbery near Springfield, on Tuesday night, excepting that the robbers left the mail bag on the road side, taking nothing from it but the letter packages directed for the city of New York. The packages of letters for Columbus, Wheeling, Baltimore, etc., were all left, and were regularly forwarded this morning, by the post master at Springfield, suffering only the loss of one day's time in their transmission. The robbers understand their art. They transact none other than New York business.

Speed and Bottom.—A trotting match came off a few days since, over the road between Troy and Albany, for a purse of $400. The winning horse trotted the distance agreed upon, (18 miles) before a sulkey, in 59 minutes and 10 seconds; beating his competitor only 30 yards! The other horse drew a one-horse wagon and two men, and kept the lead for more than half the distance.

Shipwreck.—The Gloucester Telegraph announces the loss, on the 11th, of a schooner belonging to Newburyport, and the perishing of four men out of five. The name of the vessel is not given.

☞ Gov. Fairfield, of Maine, has appointed Thursday, the 9th day of April, to be observed as a day of public fasting in that State.

Melancholy.—Captain J. Nicols, late of ship Victoria, which arrived on Thursday at New York from Batavia, was drowned, together with the carpenter of the ship, on the 17th September, at Rassahaun, on the coast of Sumatra, by the capsizing of one of the pepper boats in the surf.—Capt. N., with six of his crew, were in the boat, four of whom were saved.

Highway Robbery.—On Friday, at 2 o'clock in the morning, Henry T. Allison was knocked down in West street, New York, by a gang of villains and robbed of his money and a tobacco box. He alarmed the watchmen, and one of the robbers named John S. Matthews was overtaken and taken to the watch-house.

☞ The Editor of the Wisconsin Democrat has removed his establishment from Green Bay to Racine.

Schooners are making regular trips on Lake Michigan. The J. G. King, and H. Pierson, left Chicago on the 8th inst., for ports on the East shore.

Steam up.—The Gen. Vance arrived at Detroit from Perrysburgh on the 11th inst. Same day the Erie was aground on the "middle flats" in Lake St. Clair. She would be got off immediately.

*Female Heroism.*—While two small children, a son and daughter of paul Ellis, Jr., of South Dedham, Mass., were picking cramberries, together, on Tuesday last, both fell into the water. A lady in the neighborhood seeing or hearing them, hastened to the spot by wading into the water up to her neck, succeeded in rescuing the boy, but the girl was drowned before she could be rescued.

*Miserable Villains.*—Two young men in Illinois, have been arrested for the murder of their cousin, waylaying and killing him in cold blood, while he was on his way to Indiana, for the purpose of robbing him. The sum total of their plunder was thirty dollars! They have confessed all.

New Hampshire Election.—The returns already received of the election in New Hampshire, which took place on the 10th inst., indicate that Gov. Page, (adm.) is elected by an increased majority.

Chicago Charter Election.—The Administration party have elected their Mayor (A. Loyd, Esq.,) and eight of the twelve Aldermen.

We find by the N. Y. Truth Teller of the 14th inst., that the Right Rev. Alexander McDonald, Roman Catholic Bishop of Kingston, Upper Canada, died lately in the city of Edinburgh, Scotland. This old man was violently opposed to every species of reform in Canada, and a very profitable instrument in the hands of the Tories of that ill-fated country.

*A Bank making tracks.*—A letter from Green Bay, published in the Miners' Free Press, states Stringham, the cashier, accompained by Welles, the teller, and Meeks, one of the directors, recently absconded with the assets of the Wisconsin Bank. Pursuit has been made, and Meeks brought back.

☞ The New Orleans Bulletin states that the general impression, from the indications, is that the Mississippi will this year overflow its banks. The water is now not much below its mark in 1832, when the last great inundation took place.

*Escape from Prison.*—Peter M. Blair, of New Jersey, charged with the commission of sundry forgeries on one of the Jersey Banks, escaped from the debtor's prison, in which he had been lodged on a civil process from New Jersey, on Friday night last.

*Arson and Arrest.*—Brotherton's pottery establishment, at Baltimore, was set fire to on Wednesday, and a man named Samuel Majors, who had been discharged from the establishment a couple of days previously, has been arrested, and, after examination, committed for trial for arson.

*Don Carlos Eayres,* who was implicated as a partner of Goodridge, in the burglary of the Granite Bank, Boston, a couple of weeks since, has been tried and acquitted.

☞ Myron Tilden, Esq., (whig) has been elected Mayor of Toledo, Ohio.

*Young Men's Association.*—Dr. Rolph lectures *this evening*, before the Association, at the Third Presbyterian Church—to commence at half past 7 o'clock. Admission, Free.

For the Working-Man's Advocate.

THEATRE.—This evening Mr. Warren, who always plays with marked excellence, has a benefit, on which occasion Mr. and Mrs. Marble have volunteered their services. In the new Drama of "Rory O'More" Mr. Warren sustains the principal character, and Mrs. Rice, as Kathleen. On every occasion, we find Warren personating his characters inimitably, and with an easiness and grace that will guaranty him a full house to-night. Mr. and Mrs. Marble will appear in "Sam Patch at Home." Marble will acquit himself, as usual, the best "Yankee" that wags a tongue. We trust the Theatre will be crowded, and that Warren will have a welcome which will never be forgotten.—The evening's entertainments concludes with the Farce of the "Two Gregories," in which Marble personates "Gregory." ## Legislature of New-York.

Monday, March 16.

IN SENATE.

Col. Young, from the Select Committee to which was referred the numerous petitions on the subject of the repeal of the excise law, presented a written report on that subject, which he read.—The report states that the conclusion the Committee has come to, is, that the statutory provisions would not further the cause of temperance.

Mr. Van Dyck said that his opinion was, that the proper course would be to repeal the license law. He was very anxious that this document should be extensively circulated. He moved that 10 times the usual number of copies be ordered to be printed.

The report was then agreed to.

Mr. Moseley seconded the motion to print. It was but an act of justice to say, that the report was one of the most able that has been presented to the Senate.

The conclusion of the report expressed the unanimous opinion of the Committee. The question involved in it was not one of minor importance. This document was calculated to have a valuable influence on the community. Mr. Hawkins moved to amend the motion by ordering 20 times the usual number of copies to be printed, which was carried.

IN ASSEMBLY.

The bill entitled "an act to secure the trial by Jury of any claim to a fugitive alleged to be held to service or labor under the laws of any State."

The House went into committee on the bill for the better organization of the Militia of the State of New York, Mr. Walker in the Chair. The committee however rose and reported progress to enable the House to reach the bills on the Currency, which were debated until the hour of adjournment.

Congress.—In Senate, on Friday, Mr. Benton gave notice that he should on Monday introduce a bill abolishing the fishing bounties, and the duties on salt. Mr. Calhoun called up his resolution in relation to the national rights of vessels forced, by stress of weather, into friendly ports. He made a long and able speech in defence of the

Central Library of Rochester and Monroe County

resolutions, in which he reviewed the case of the brig Enterprize seized at Bermuda, and other vessels. The reference of the resolutions was moved to the Committee on Foreign Relations, but before the question was taken, the Senate adjourned to Monday.

In the House, on Friday, the morning hour was taken up with the consideration of the New Jersey case. On Saturday, the New Jersey debate was continued during the morning hour, interrupted by some confusion.

St. Augustine, March 6th.—*Indians.*—The blood-hounds seem to be doing a good business. Information from Middle Florida states that two of the dogs followed up an Indian trail recently, and caught one Indian. They throttled him, threw him down, and secured him. The Indian, on being relieved from his perilous situation, told the men who had charge of the dogs to keep on and they would find more Indians; which it is said they did, and captured four more. This latter is not certain. That one Indian has been caught by means of dogs, is certain.

---

*Dreadful accident from Fire Arms.*—The St. Louis Bulletin states, that a Mrs. M'Gilvrey, residing in the upper part of that city, on Saturday morning the 30th ult., was playing with a pistol which she supposed to be unloaded, and the cap of which had exploded while she was snapping it at a neighbor, when the milkman called, and she stepped next door to borrow some change, saying she would 'frighten Russell', with the pistol which she re-capped for the purpose. Mr. Russell standing at the door when she snapped the pistol at him, and it went off, the ball entering Russell's temple and coming out the back of his head. The unfortunate man survived until evening, and the still more unfortunate woman, after undergoing a close examination before Justice Shepard, was discharged, in a state of distraction, bordering on, if not absolute madness.

---

*Narrow Escape.*—As two Whitehall boatmen were running lines to the shore from a brig, which arrived a few days ago, the headway of the brig was such, as they were handing up the line to another brig at the end of the pier, that they saw they had not time to escape with their boat. They seized the chain-plates under the channels, (leaving their boat,) with their feet nearly in the water. The boat was smashed to pieces; and, had it not been for the channels of the brig, and the fender outside, they would have been smashed to atoms. —*Sun.*

A Caustic Hit.—Piron, the French author, having been taken up by the watchmen of the night in the streets of Paris, was carried, on the following morning, before the lieutenant of police, who haughtily interrogated him concerning his business or profession.

"I am a poet, sir," said Piron.

"Oh, oh! a poet, are you?" said the magistrate, "I have a brother who is a poet."

"Then we are even," said Piron, "for I have a brother who is a fool."

### Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

### Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his Balsam of Horehound: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 178, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle, the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."
L. FLETCHER.
West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Hall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Stoodman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 451 Washington, corner of Rhst Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,
*Boston, Nov. 20, 1838.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.
Yours respectfully, CHARLES RUGGLES.
*Boston, May 1, 1838.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.
Yours &c. JOSEPH BRADLEE.
*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tubman, 200 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate invention resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe the signature as a security against counterfeits, as there are other articles in market intended to be palmed off for the invaluable preparation. It is now to be found in all the principal towns throughout the United States.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places and by different persons, we would caution all who are interested, to be particular to inquire for **Burtholick's Mother's Relief**, and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## BELATED TRAVELLERS.

BY GEOFFREY CRAYON.

[Concluded.]

Here the feelings of the father were roused; he looked upon the lovely, helpless child, & trembled at the chance of her falling into the hands of ruffians.

The daughter, however, thought nothing of herself. 'The Princess! the Princess!—only let the Princess know her danger. She was willing to share it with her.'

At length Caspar interfered with the zeal of a faithful old servant. No time was to be lost—the first thing was to get the young lady out of danger. 'Mount the horse,' said he to the Count, 'take her behind you and fly! Make for the village, rouse the inhabitants, and send assistance. Leave me here to give the alarm to the Princess and her people. I am an old soldier, and I think we shall be able to stand siege until you send us aid.'

The daughter would again have insisted on staying with the Princess—

'For what?' said old Caspar, bluntly, 'You could do no good—you would be in the way—we should have to take care of you, instead of ourselves.'

There was no answering these objections; the Count seized his pistols, and taking his daughter under his arm, moved towards the staircase. The young lady paused, stepped back, and said, faltering with agitation—'There is a young cavalier with the Princess—her nephew—perhaps he may—'

'I understand you, Mademoiselle,' replied old Caspar with a significant nod; not a hair of his head shall suffer harm if I can help it.'

The young lady blushed deeper than ever: she had not anticipated being so thoroughly understood by the blunt old servant.

'That is not what I mean,' said she, hesitating. She would have added something, or made some explanation, but the moments were precious, and her father hurried her away.

They found their way through the court-yard to the small postern gate, where the horse stood, fastened to a ring in the wall. The Count mounted, took his daughter behind him, and they proceeded as quietly as possible in the direction which the woman had pointed out. Many a fearful and an anxious look did the daughter cast back upon the gloomy pile of building: the lights which had feebly twinkled through the dusty casements were one by one disappearing, a sign that the house was gradually sinking to repose; and she trembled with impatience, lest succor should not arrive until that repose had been fatally interrupted.

They passed silently and safely along the skirts of the rocks, protected from observation by their overhanging shadows. They crossed the brook, and reached the place where three white crosses nailed against a tree told of some murder that had been committed there. Just as they had reached this ill-omened spot, they beheld several men in the gloom coming down a craggy defile among the rocks.

'Who goes there?' exclaimed a voice. The Count put spurs to his horse, but one of the men sprang forward and seized the bridle. The horse became restive, started back, and reared, and had not the young lady clung to her father, she would have been thrown off. The Count leaned forward, put a pistol to the very head of the ruffian, and fired. The latter fell dead. The horse sprang forward. Two or three shots were fired, which whistled by the fugitives, but only served to augment their speed. They reached the village in safety.

The whole place was soon aroused: but such was the awe in which the banditti were held, that the inhabitants shrunk at the idea of encountering them. A desperate band had for some time infested that pass through the mountains, and the inn had long been suspected of being one of these horrible places where the unsuspicious wayfarer is entrapped and silently disposed of. The rich ornaments worn by the slattern hostess of the inn had excited heavy suspicions. Several instances had occurred of small parties of travellers disappearing mysteriously on that road, who, it was supposed at first, had been carried off by the robbers for the sake of ransom, but who had never been heard of more. Such were the tales buzzed in the ears of the Count by the villagers as he endeavoured to rouse them to the rescue of the princess and her train, from their perilous situation. The daughter seconded the exertions of her father with all the eloquence of prayers, and tears and beauty. Every moment that elapsed increased her anxiety until it became agonizing. Fortunately, there was a body of gens-d'armes resting at the village. A number of the young villagers volunteered to accompany them, and the little army was put in motion. The Count, having deposited his daughter in a place of safety, was too much of the old soldier not to hasten to the scene of danger. It would be difficult to paint the anxious agitation of the young lady while awaiting the result.

The party arrived at the inn just in time The robbers, finding their plans discovered, and the travellers prepared for their reception, had become open and furious in their attack. The Princess's party had barricadoed themselves in one suite of apartments, and repulsed the robbers from the doors and windows. Caspar had shown the generalship of a veteran, and the nephew of the Princess the daring valor of a young soldier. Their ammunition, however, was nearly exhausted, and they would have found it difficult to hold out much longer, when a discharge from the musketry of the gens d'armes gave them the joyful tidings of succor.

A fierce fight ensued, for part of the robbers were surprised in the inn, and had to stand siege in their turn; while their comrades made desperate attempts to relieve them from under cover of the neighboring rocks and thickets.

I cannot pretend to give a minute account of the fight, as I have heard it related in a variety of ways. Suffice it to say, the robbers were defeated; several of them killed, and several taken prisoners; which last, together with the people of the inn, were either executed or sent to the galleys.

I picked up these particulars in the course of a journey which I made some time after the event had taken place. I passed by the very inn. It was then dismantled, excepting one wing, in which a body of gens d'armes were stationed. They pointed out to me the shot-holes in the window frames, the walls, and the pannels of the door. There were a number of withered limbs dangling from the branches of a neighboring tree, and blackening in the air, which I was told were the limbs of the robbers who had been slain, and the culprits who had been executed. The whole place had a dismal, wild, forlorn look.

'Were any of the Princess's party killed?' inquired the Englishman.

'As far as I can recollect, there were two or three.'

'Not the nephew, I trust,' said the fair Venetian.

'Oh no: he hastened with the Count to relieve the anxiety of the daughter by the assurances of victory. The young lady had been sustained throughout the interval of suspense by the very intensity of her feelings. The moment she saw her father returning in safety, accompanied by the nephew of the Princess, she uttered a cry of rapture and fainted. Happily, however, she soon recovered, and what is more, was married shortly after to the young cavalier, and the whole party accompanied the old Princess in her pilgrimage to Loretto, where her votive offerings may still be seen in the treasury of the Santa Case.'

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure"

SATURDAY EVENING, MARCH 21, 1840.

PROGRESS OF REPUBLICAN PRINCIPLES.—The doctrine of the "divine right of Kings" finds but little favor among the majority of the people of England; and the time has passed when every "play-thing of Fortune," who happens for the time being to occupy the throne, can commit any action, however dishonest or disgraceful, to which passion or avarice may prompt him, without fear of any expression of public censure. Persons now write and publish remarks respecting the character and conduct of their sovereign, which, a hundred years ago, would have cost them their heads. This improvement in the condition of the people of that country, with respect to freedom of speech and the liberty of the Press, together with the movements of the common people, and boldness in asserting and defending their *inalienable rights*, afford conclusive evidence, that the progress of Republican principles is onward; and give hope, that the time is not far distant when the odious and fallacious distinctions which now exist, founded upon *ancestry*, or among the things that were.

This conviction has frequently forced itself upon our mind when we have observed the reverence and esteem in which the Republican institutions of our Union are held, by multitudes whom circumstances necessitate to bear the burdens which monarchical forms of government impose; and these remarks were suggested on reading the proceedings of the British House of Commons in relation to the grant requested by the Ministry, of £50,000 per annum, for the support of "His Serene Highness" master Albert, of Saxe Coburg, whom Victoria has lately imported, and who is to be fed at the public crib. In the debate on Mr. Hume's motion to reduce it to £20,000, Mr. Ward mentioned the income of the President of the greatest Republic in the world—about one-tenth of what it was proposed to grant the Prince—as an example worthy to be followed.

☞ Four persons were recently married in Mathews county, Va., whose united height makes 25 feet. The grooms are each six feet six inches high, and the brides six feet. Look out for a race of giants.

MARCH 5.—This day the steamboat STAR arrived here from Cleveland, and on Friday 6th inst., the Erie arrived from Detroit, on her way to Cleveland. The Gen. Vance, has been running for a number of days past from Perrysburg to this place.—*Toledo Blade.*

☞ Eight of the crew of the ship Adrian were committed to prison in Boston, last week, for mutiny.

For the Working-Man's Advocate.

MR. EDITOR—I sincerely regret that in consequence of intervening circumstances, which I need not mention, I have been rendered totally incapable of responding with promptness to some incoherent remarks which one of our citizens considered necessary to make upon a communication of mine, which appeared in the Advocate a few days since,—yet, notwithstanding this, I am induced, even at this *unseasonable* period, to reply to some of the gentleman's unexpected, uncalled for, and, indeed, undeserved animadversions. It appears to me, Mr. Editor, that my powerful antagonist has been *strangely* infatuated in the course he has adopted relative to this affair, conscious as I am that he must have seen *at once*, from the general tenor of my remarks, that he is not the celebrated Architect alluded to; and in coming before the public again, in reference to this matter, I wish it to be distinctly understood that it is entirely foreign to my purpose, or intentions, to affirm whether Mr. B. is, or is not, identified with any religious denomination in this city. But allow me to say, if he is not, I must contend, (unless he is incapable of understanding what he reads) it is quite, nay, palpably and positively evident, that my preceding remarks were not intended for him. If, happily however, he is so distinguished, then I have to congratulate him on his felicitous condition, in which I anticipate he will appear in all the beauty and proportion of moral rectitude, thus developing to the community at large that he now stands "redeemed, regenerated, and disenthralled by the irresistable influence of" moral and religious principles. And yet, Mr. Editor, in the full anticipation of all this, I must contend, if he only took but a cursory synopsis of my remarks, he must have been *instantaniously* convinced, that he is *not* the celebrated Architect alluded to.

I have no desire to enter into a paper war with my worthy friend B.; neither am I in the least ambitious of acquiring the "bubble reputation" of coming into contact either with his literary abilities, or military prowess. But still, I feel it to be a duty incumbent on me to inform him of the general opinion entertained respecting his injudicious interference in this matter. And first, it is presumed he will ultimately rest satisfied that he has *too* hastily applied my remarks to himself.—Secondly, that he has *prematurely*, *impolitely*, and consequently *injudiciously*, accused a large class of the Mechanics of Rochester of being liars, without having any just, or *even* presumptive authority, for this illiberal and unfounded accusation. Thirdly, for stating that there are only three individuals in this city who even pretend to be designated by the mechanical appellation of Architect—a statement so obviously fallacious, that it is scarcely necessary to direct his attention to an advertisement inserted in the columns of the "Advocate" by "P. F. Rhines, *Architect and Builder.*" I would remind him also of Mr. Walker, John F. Lovecraft, and others in this city, who have previously advertised themselves as such. These gentlemen will, I presume, feel grateful to Mr. B. for drawing this grand line of *demarcation* between himself and them. Fourthly, that he is decidedly mistaken in asserting that I "seem to argue, because the price of provisions and every thing else has (perhaps he might as well use the word *have*) fallen, that is no reason why his wages should decline." Now, I am prepared to state, without fear of successful contradiction, that such is not my argument; and here I may observe the inutility of recapitulating the causes from which our grievances emanate, which I have previously laid before the public. It will probably suffice to remark, therefore, that we, as a class of laboring Mechanics, consider it unjust and oppressive to have our wages immediately curtailed if only one or two articles of consumption are fallen in price. At the present time, I know of *no* article worth mentioning that sells at a reduced price but flour, and yet, strange to say, our celebrated Architect and puritannical fellow-citizen contends, that this *alone*, is sufficient, and that *his* fiat will ultimately accomplish the grand achievement of blending into one *undistinguished* wreck, the Mechanic's wages and the price of flour!! O, astonishing revolution, deplorable calamity! Who can wonder if we should adopt the enraptured language of the immortal Burns, and *emphatically* exclaim—

"Man's inhumanity to man,
Makes countless thousands mourn."

Before I terminate, I feel it due to Mr. B. to state, that I never considered him as being inimical to the interest and welfare of the Mechanics of Rochester. On the contrary, I am satisfied he has been, in a great measure, instrumental in establishing our rights, and hope, therefore, his conduct on this occasion will be in strict conformity with the influence which he has previously exerted in our behalf. Realizing, Mr. Editor, that I have already tresspassed *too* far upon your kindness, and the limited space to be occupied in your paper, I must break off rather abruptly by affixing, as usual, my anonymous signature.

A MECHANIC.

### The Fruits of Extravagant Living.

We find the following capital article in the New York Star, the Editor of which is famous for good things of the same kind:

The Cashier of the Manhattan Bank has offered $500 for the apprehension of Mr. Newcombe, the absconding first teller of that institution; and the laws of this State declare his offence to be felony, punishable by imprisonment at hard labor. We can hardly imagine the disgrace which this event must produce in his respectable family; but it affords an opportunity to offer a few remarks in relation to this and similar cases, which have occurred in this city. Not many years ago an officer in an institution who had largely abducted its funds, committed suicide, leaving on a slip of paper these words: "My story is soon told—an unsuccessful gambler." It will be found, on enquiry, that almost the first improper movement of Newcombe was speculating in stocks. An extensive broker's establishment took his orders for the the purchase and sale of stocks, at different periods, to a large amount: always aware that his salary could not exceed $1500 per annum, and that he had not means of his own to gamble, or if you please, to operate in Stock jobbing, as it is called, that is, running up and running down stocks, selling out and buying in one time, and some of the operations of Wall street are ever of the most dangerous character, particularly among novices, who are to be pigeoned, or become lame ducks, or pigeon their employers, before they can waddle out of the market. Respectable brokers, therefore, should decline receiving orders for the purchase and sale of stocks from clerks in banks, and other incoporated institutions, unless it is with the consent their employers, and a knowledge of the fact that they have capital of their own to speculate with.

The next ojectionable feature, applying probably not exactly to Newcombe, but to hundreds of young men in this city, is that unfortunate item, a *fast trotting horse on the Avenue.* This is ever the forerunner of other costly outlays, and ruinous consequences. A large diamond breastpin, and a dollar or two per day in wine, julips, and cigars; then an expensively furnished house, suppers, card parties, and a costly female friend, all tend to plunge young men deeper and deeper in ruin—commencing first by spending their entire income, then running in debt, and, finally, robbing employers and running away, to be apprehended, disgraced forever, and imprisoned at hard labor. Nothing is easier among discerning persons than to ascertain when a young man is living beyond his income; and nothing should shake public confidence in him so much as the conviction of that fact.

There is no city in the Union where there is so much ruinous extravagance of dress and living as among young men in this; every avenue is open to temptation, and few have the courage to fly and resist it. Young men who do not receive more than $500 per annum, make an appearance which must involve an outly of $1500. The time therefore, has arrived for employers, in whatever position they may be placed, to take some interest in looking into the conduct and situation and course of the young men in their service—to remonstrate if they are extravgant, and to watch, counsel direct and control their conduct—keep them within proper bounds, and dismiss them in time if they see any thing wrong. It is their duty so to do, and young men in time will thank employers for their caution and admonition—it may save many from ruin. How many large families there are who would happy to have an income of $1500 per annum; who would, with than income well managed, make a genteel appearance and be perfectly independent, and yet *hundreds of* single young men in this city find it inadequate to their support. Public opinion must correct this evil. Those who keep fast horses, and expensive women on their salaries, should never have credit or employment from any one, for it is abundantly evident that salary alone cannot meet such contingencies.

With respect to clerks in banks, we do not think that the most steady, economical, and industrious have the best chance of promotion; they are passed by to allow the President or Chasier to bring forward some pet, probably some friends out of doors, to place over the heads of the true, the faithful, and long-tired servants of the institution, and the result is experience, errors, folly and fraud.

You may win a friend by doing him a service; but, in nine cases out of ten, you will probably lose him again, if you require him to do you one.

THEATRE.—The "Forty Thieves," which was performed last evening, and to be continued for four successive nights, has been got up in a superior style. The machinery and scenery surpasses any thing of the kind ever produced in Western New York. The first scene, of the "Fairy Bower," is a most magnificent spectacle, and does great credit to the Artist and Machinist, and is well worth the fee of admission alone, saying nothing about the beautiful Fairies which inhabit it. The frequent Songs and Duetts constituted a very interesting part of the performance; and, in short, the piece has been well got up and well performed. All who have a taste for oriental and enchanting pieces, had better improve this opportunity, as they will find it a rich treat. Q. Z.

*England and China.*—We very much question whether in the history of the world there can be found any thing which in monstrous wrong equals the course which England has pursued and is pursuing towards China. For years the subjects of the former country have been engaged in smuggling into China immense quantities of opium.—The Chinese authorities did every thing in their power to prevent this pernicious and illicit trade. They used the utmost vigilance to detect the offenders, they threatened and implored the English authorities, they appealed to their sense of right and justice; but when they found all in vain, when they saw the destruction of life, the misery, the general demoralization which the use of opium was producing among their people, they resolved to end the evil at once by declaring a strict non-intercourse, thus voluntarily depriving themselves of all the advantages of trade with their greatest customer, rather than endure the moral consequences of an illicit traffic which experience had shown to be so disastrous. It was a heroic determination worthy the applause of all Christendom; it was a national sacrifice of pecuniary advantages for moral considerations alone, such as the world has rarely if ever witnessed.

And how was this determination met by Christian, Protestant Christian England? South of the line, in the time of the piratical Drake and his free booting companions, it was avowed that there was no peace between the Englishman and the Spaniard. East of the Cape of Good Hope, or west of Cape Horn, there is now no peace between England and the native powers. The march of the haughty islanders can be tracked by rapine and blood. All laws, human or divine, must give way to their lust of dominion and gold. Countless millions groan beneath their sway in the peninsula of Hindostan. The snowy Himmaleh present a weak obstacle to their advance. Their cloud capt summits are already scaled, and the hosts of Britain and its mercenaries have been precipitated upon Central Asia. What are the laws of China to a country whose whole career is one of bloody, remorseless, unjustifiable conquest, such as the world never saw? The decree of non-intercourse was spurned. The infernal trade went on as before. A Chinese in endeavoring to enforce the law was killed. The authorities of his country demanded that the murderer be given up for punishment. The demand was contemptuously spurned and denied. A stately English frigate, almost instinct with life, the emblem of majesty and power, suddenly made its appearance in Chinese waters. The reed boats of the natives, attracted by curiosity, clustered around it. Their presence was an annoyance, and forthwith, from each side the vessel, belched the thunder. The iron hail fell among the boats, and *nine hundred* of the Chinese, not one of whom had fired a shot, or scarcely carried a weapon of offence, were remorselessly and wantonly murdered.

Such are the facts in regard to the difficulties between England and China, as stated by the journals of England itself; and we learn that a formidable expedition is now fitting out with all possible dispatch at Spithead, to consummate the outrage by battering Canton, and destroying thousands more of innocent lives. If there is a spark of manhood or right feeling yet left, these atrocious doings will receive the deep execration of the civilized world.—*Buff. Com. Adv.*

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

### No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle, the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

### Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squilla, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

### GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1833.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

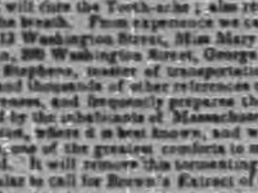
TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!



Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 113 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 200 Washington Street, George McNill, Lucas Place, Fitz Henry Stephens, master of transportation cars in Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache.* Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

OUTRAGEOUS ASSAULT.—Considerable excitement, and no little indignation, pervaded the city yesterday, by reason of an outrage, ungentlemanly, as well as cruel, which was perpetrated about 10 o'clock, A. M., upon the person of Mr. Jonathan Thompson, whose character, years, and public services, have gained for him universal esteem. The perpetrator was Mr. Robert White, ex-cashier of the Manhattan Bank, of which institution Mr. Thompson is a director. Various versions of the affair were circulated verbally and through the evening papers of yesterday, but the following, we believe, is a correct statement of the transaction as it occurred. As Mr. Thompson was passing up Wall street about 10 o'clock, he met the brothers Robert and Campbell P. White, near the intersection of William street. They passed without speaking, but in a moment afterward Mr. Robert White separated from his brother, wheeled about and followed Mr. Thompson, whom he overtook directly in front of the Manhattan banking house. Mr. Thompson was unaware of his approach, and without speaking Mr. White struck him with his cane on the back of his head. The blows were severe, and rapidly repeated two or three times, before Mr. Thompson, who kept his legs, could turn round to defend himself. His hat was cut through, and his head and the side of his face somewhat wounded, but not severely.

As Mr. Thompson wheeled about, he seized Mr. White, and while in the act of raising his cane to repay the blows, his arm was arrested by the interposition of Mr. Henry Hayward and others, and the parties were separated. Mr. Thompson walked into the bank, and was shortly after driven home in a carriage. In the course of the day Mr. Thompson entered a criminal complaint against Mr. White for the assault and battery, and Mr. White was held to bail in $2,000 to answer the charge at the Sessions.—*N. Y. Sun.*

OUTRAGEOUS MURDER OF EIGHT INDIANS.—The Little Rock Times of the 24th ult., contains information furnished by a gentleman from Fort Towson, that two or three weeks previously a citizen of the United States, at the head of eight or ten men, had occasion to go to Texas for some purpose, where he came across a party of Cherokee Indians on the borders of Texas, who kept in sight of him for two or three days, without manifesting any hostility. One night after the Cherokees had encamped, the whites stole upon them and killed seven or eight of their number, when the Indians returned the fire, and killed one or two of the whites, and then fled. The cause assigned by the commander of the whites for attacking the Indians, was that he was afraid they intended to attack him, and therefore took the start of them. If this is the true state of the case, we think the United States should punish the aggressors, and prevent, if possible, any further outrage of the kind. It was considered at Fort Towson an outrageous and unprovoked murder. Will they not have the matter investigated, and justice rendered to the Indians?—*N. Y. Sun.*

LAKE NAVIGATION.—By an advertisement in to-day's paper, it will be seen that the steam boat *Star* will leave Dunkirk for Detroit and the intermediate ports, on Monday next. This is good news to travellers bound west. We learn that on Wednesday last, the Star came down within six miles of Dunkirk, where she encountered so much floating ice, that she put back and landed her passengers at a little above Portland, twelve miles above Dunkirk. A gentleman who was on board, says he has no doubt, from the appearance of the ice, that a boat will be able to get into our port in a very few days.—*Buff. Com.*

MAN'S LOVE.—It is a poor and vulgar philosophy which teaches that man cannot love as truly and permanily as woman. There may be fewer instances, but there are many to prove the fact. There are fewer, because the temptations to forget the first, strong, overpowering passions of our being are more frequent with men than they are with women. The busy scenes wich men pass through give those other passions, ambition, avarice, the love of fame, and many others, every opportunity of dethroning love and in himself not strong and firm. The daily passing of manifold occurrences—business, danger, strife—all have many memories attached to them—strive to efface by caressing of newliness, the impressions of early years. But the diamond can neither be scratched or sullied, and if the heart be of a baser stone, it may and will lose the image that it bore. But if it be like that jewel, firm, and clear and pure, it will retain unchanged that which has been once engraved upon it.—*James.*

*Germany.*—During the year 1839, no less than 2,483 musical compositions were published in Germany; of these 89 were orchestrial pieces, 154 for the violin, 22 violincello, 1 double bass, 69 flute, 30 other wind instruments, 35 guitar, 17 harp, 1244 pianoforte, 31 organ, 81 church hymns, 71 operas, 307 songs, 22 concert pieces; 73 works on music, of which 33 are works of instruction. This exhibits a decrease of 150 musical publications, when compared with the previous year. In 1838, 2,633 musical works were published in Germany.—*Musical Journal.*

*A Noble Fleet.*—Four steamboats, with passengers only, four other steamboats with passengers, freight and barges, and five sloops, all left the docks on the Hudson on Wednesday afternoon, at five o'clock, within the distance of half a mile, and started up the river together—wind and tide both fair and strong. It was a pleasing and a noble sight.—*N. Y. Sun.*

*Silk Culture.*—The National Silk Society have offered numerous bounties, from $100 to 1000 each, for the best specimens of raw silk, to be produced during the coming summer. The whole amount of the bounties is $16,000.—*New York Signal.*

*From Matamoras.*—Accounts from Matamoras to the 27th Feb. state that every thing remained quiet in that quarter. Eight hundred government troops had been added to the garrison of that place, and nothing had been seen or heard of the Federalists for some time.

MONDAY EVENING, MARCH 23, 1840.

## Fire---A Barn and Eleven Horses.

About half past 11 o'clock last night, a barn on the Alley between Fitzhugh and Exchange-st., near Troup-street, owned by H. Hunter, Esq., and occupied by the Merchants' Line, for stabling their horses, was discovered to be on fire, and owing to the inflammable nature of the materials, it was nearly consumed before the engines arrived, although they were promptly on the ground.—There were 11 horses in the building, which were brought into town a few days ago, and it was impossible to save any them. One of the gentlemen in the Merchants' Line office, informs us that when he arrived, which was immediately after the alarm was given, the flames had spread through the whole building, and when he opened the door the horses were mostly down and struggling in the agonies of death. A report was circulated that two boys slept in the barn, and fears were entertained that they had perished in the flames; but we are happy to learn it was incorrect.

A dwelling house adjoining, on the South, was considerably scorched, and a brick house on the Alley, in the rear, was considered in great danger, but was saved with but trifling damage.

The fire is supposed to be the work of an incendiary—the person having charge of the barn having locked up before sundown.

The loss is not far from $1000—no insurance.

*Another victim of Intemperance.*—An Englishman, named Henry Wood, about 35 years of age, was found dead this morning, on Front street, nearly oppposite the store of Banker & Graves. He had fallen with his breast across the curb-stone, and lay with his face in the gutter. In the fall he had bruised his face considerably, and had bled profusely. The physician was of opinion that the wounds were not sufficient to cause death, and that he must have lived some time after falling on his face. He was a man of very intemperate habits, and entirely destitute of means of support—working wherever he could obtain liquor to supply his craving appetite, and sleeping in barns, cellars or wherever he could obtain shelter. Although there was no proof before the Coroner's jury that he was intoxicated the night previous, still, from his known habits, such was doubtless the fact. The verdict was, death from cause unknown.

*A Giant.*—The latest wonder is the Belgian giant, who arrived in New York in the British Queen, and who is engaged by Hamblin to exhibit his huge proportions at the Bowery Theatre, in a few days. The following sketch of him, taken from the N. Y. papers, shows that he casts our Kentucky giant entirely into the shade.

*Monsr. Bihin.*—This extraordinary personage was born in Westphalia, in 1807, of poor but respectable parents, who gave their son an education commensurate with their limited circumstances. His growth was rapid and astonishing, and altho' his early life has been marked by no peculiar event, he has, since his arrival at maturity, attracted the curiosity of thousands. He is in height *eight feet six inches*, and is naturally and finely proportioned. A man of ordinary height can but just reach the bottom of his ear, by standing on tip toe! His strength is commenscrate with his astonishing stature—enabling him to raise three ordinary sized men, and hold them at arm's length, without difficulty. His features are handsome and inteliigent, and his manners extremely prepossessing and agreeable.

☞ A letter from Havre, received in Boston, per the Emerald, which arrived at New York on Monday, says:—"We have at this moment floating before our port, the wreck of a French ship of about 300 tons, where every soul on board has perished! A single man has been taken off, but in a dying state—he expired before he reached the shore. The ship, I hear, is from St. Domingo, and laden with mahogany."

☞ The two boys, accused of firing the house of Mr. Scholmeyer in Baltimore, have been discharged honorably, as there was no evidence against them sufficient to justify the charge.

☞ The New Orleans Bee records the death, by suicide of L. H. Newton, a jeweller, formerly of Chartres street, late of old Levee. He went to the Israelite burying ground, on the 6th inst., and blew out his brains with a pistol.

☞ John Goodman, Esq., of the Northern Liberties, Philadelphia, has been an Alderman *forty-five years*. He declines a re-election.

☞ The firemen of New Orleans had a grand gala on the 5th instant, marching through the streets with banners and processions.

## CONGRESS.

In Senate, on Monday, March 16, the resolution for the adjournment of both Houses, was taken up and debated—Messrs. Webster, Grundy, Williams and Sevier, speaking in favor of it. It was postponed two weeks.

A bill was introduced by Mr. Benton for the reduction of the drawbacks on refined sugars and rum, and the reduction of the fishing bounties in proportion to the reduced duties on sugar, molasses, and salt. The bill was twice read and referred to the Committee on Finance.

In the House, the New Jersey members, declared to be duly elected, were qualified and took their seats, with the exception of Gov. Vroom, who had not arrived. Mr. Jennifer moved to postpone their qualification, but the speaker decided the motion to be out of order. Mr. Proffit made a motion that they be required to produce their *credentials*, but the speaker remarked that they were admitted by *resolution*, and they were sworn in.

Mr. Cushing, one of the committee on Foreign Affairs, on leave, made some explanation in regard to our foreign relations. He quoted some English ministerial newspapers which he held in his hand, wherein it was asserted that the United States would cooperate with Great Britain in obtaining commercial treaties with China. He thought this a good opportunity to place our trade with China on a good footing for the future—but God forbid that we should in any way countenance the recent operations of Great Britain in the China seas. He then called on the Chairman of the Committee on Foreign Relations to state what he knew on the subject.

The correspondent of the Journal of Commerce, says:

Mr. Pickens replied, that he was induced to believe that the Executive would favor no design on the part of Great Britain, to force the Chinese Government to allow the importation of opium; but he would be willing, no doubt, to embrace an opportunity to obtain a commercial treaty with China—but of that, there was no hope, as it was not probable that she would depart from her ancient and uniform policy. Surely, added Mr. Pickens, England is not in such a position in regard to us as to demand our sympathy or co-operation in any of her enterprises. But I forbear to touch on these subjects.

Mr. Cushing said, after what had now passed, he hoped the idea would not be entertained in Great Britain that we would encourage her in an attempt to poison the Chinese, by whole provinces, with opium.

In Senate, on Tuesday, March 17, the bill to provide for the safety of passengers in vessels propelled by steam, was made the order of the day for the 23d, (to-day.)

The Cumberland Road bill was taken up, and an amendment offered by Mr. Norvell, providing for Harbors on the Lakes, &c. The amendment was ordered printed.

The House was principally engaged in discussing the Treasury Note Bill.

In Senate, Wednesday, March 18, a resolution was offered by Mr. Southard, calling on the Secretary of the Navy for information whether Lieuts. Wilkes and Hudson have exercised powers while engaged in the Exploring Expedition which they were not warranted to do, and whether they have assumed any higher rank; and if so, under what authority it has been done. The resolution lies on the table one day, under the rule.

The New Jersey question was discussed in the House. The Treasury Note Bill was taken up and debated.

☞ A *White Man* was recently taken up as a vagrant, at St. Louis, (Mo.) and sold to a livery stable keeper for one dollar. The sale took place under a law passed by the Missouri Legislature, of 1835.

*Incredible.*—One hundred and sixty thousand dead, have been buried in the circumscribed space of Trinity Church Yard since 1702.

☞ We omit our usual summary of Legislative proceedings to-day, in order to give room for matter more interesting than anything that we can discover in the doings of our law-makers at Albany.

☞ A boy was killed in Philadelphia, last week, and two others badly injured, by being run over with a fire engine.

☞ Dr. Parish, a distinguished physician of Philadelphia, is dead.

☞ The Great Western sailed from New York on Thursday.

The report of the death of Tom Dalton, editor of the Toronto Patriot, is contradicted.

*From South America.*—Capt. Cushing, of the ship Steiglitz, arrived last night from Rio, reports that information had been received from Montevideo, of a battle between the forces of Rivera and Oribe, in which the latter were defeated. The new French admiral refused overtures of mediation from the British resident.

The United States ship Relief, from the Pacific, was going into the harbor of Rio when Capt. Chushing left.—*N. Y. Sun.*

## Foreign News.

### ARRIVAL OF THE BRITISH QUEEN.

This splendid steamer arrived in New-York, on Wednesday. She left Portsmouth on the 2d of March, and made her trip in precisely 15 days. The news is not of much importance. We should have been able to have given it to our readers on Saturday, but for the non-arrival of the New York mail on Friday. We give a synopsis of the intelligence, taken from the N. Y. Sun, and Dispatch and Tattler.

The Bank of England has reduced its rate of interest to 5 per cent, on bills not having more than six months to run.

The Duke of Wellington had so entirely recovered that bulletins of his health were discontinued.

Papers in reference to the China dispute are in preparation to submit to Parliament, including all the documents, &c.

The Ministers had been defeated in the Commons, by a majority of 28, upon a motion relative to a pension to Sir John Newport.

A line of battle ship, to be called the Royal Albert, is to be built.

The advocates of the Beer act amendment bill, are trying to connect the late Chartist outbreak with the beer houses, and allege that all the preliminary meetings of the factions have been held in such places.

The session of the Spanish Courts was opened on the 18th inst. by the Queen in person.

### RESIGNATION OF THE FRENCH MINSITRY.

The French Ministry *resigned*, Feb. 27th, in consequence of a signal defeat in the Chamber of Deputies, on the question of the "dotation" for the King's son. The Deputies, by a majority of 226 to 300, refused even to consider the Ministerial proposition. They voted against discussing "the paragraphs of the bill. The Chamber adjourned immediately after the vote; and the Ministers went directly with their resignations to the King. Louis Phillippe, who is said to have been "furious," accepted the resignations, and sent for the Duke de Broglie.

The fonds fell, and Paris was in a great state of excitement. The vote was considered a severe blow upon the Orleans dynasty.

Galignani's Messenger says, that Mr. George Plitt, of the United States Post-office Department, has returned to Paris from Germany, where he has been, in pursuance of his mission, to examine particularly the post-office system in England and on the Continent, with a view to improvements in that establishment in the United States, and to make arrangements for the interchange of documents, reports, ect. Mr. Plitt appears to have been well received throughout his extensive tour, and to have left a strong impression in favor of the general advantages to be derived by carrying the proposed interchange into effect.

Saragossa papers of 19th mention that the Carlist cavalry infests the road between Madrid and Calatayud, and stops the couriers The despatch with the Queen Regent's speech came through the Basque provinces and Victoria. Cabrera's principal force, being 5800 foot and 800 horse, was between Guenca and Guadalajara, Hoyos having shut himself up in Huete. The movement of Espartero, must recall the marauders.

From Turkey the news sounds most warlike. The French steamer which arrived at Constantinople from Alexandria on the 25th ult., brought Meheuet Ali's official answer to the three consuls, in which, instead of showing even his former disposition to arrange affairs, he most stoutly refuses to listen to terms—he throws defiance, in short, in the face of Europe, and states, to use his own words, that conscious though he be of the weakness of his position, across his own body shall the Powers march into the gates of his capitol ere he will concede one jot of his most legitimate rights.

The London Sun contains the following in regard to the momentous and interesting movements going on in the East:

We find some interesting intelligence from the East in the Paris journals of Wednesday. The steamboat from Trebisond brought an accout to Canstantinople that Dost Mohammed Khan again threatens Caboot, and that the English army had received orders to return to that city to defend the throne of the Shah Soojah-ool-Mook. Letters from Bagad likewise stated that the Shah of of Persia was dangerously ill, and that revolts had broken out in the Provinces of Shiraz and Ispahan, to surpress which large bodies of troops had marched from Teheran. These statements were regarded as not worthy of much credit. It was believed that the reported illness of the Shah and provincial insurrectionists were feints for sending an army to drive the English out of the Persian Gulf. Russia had regained all her influence at the Court of Teheran; and a Tartar, who reached Canstantionople in fourteen days from that capital, brought despatches to Lord Ponsonby, which informed his lordship that the Khivan expedition was undertaken for the express purpose of overthrowing British influence in Central Asia.

The following is an extract from the Constantinople correspondence of the *Journal des Debats*:

"The French Ambassador, M. de Pontois, has thought fit to demand explanations of the Porte on the subject of the immense preparations made at Odessa, and in the ports of the black Sea. The French envoy signified to the Divan that he was aware of the intention of the Porte to call in Russia to its Aaid; and that, in the name of France, he protested against a disembarkation of Russian troops, on any point of the Ottoman territories. The Porte, it is said, refused to receive this note."

On the authority of a gentleman direct from Toronto, we learn that instructions have been given for the immediate erection of a line of block houses, extending from Fort Erie, opposite our city, to Chippewa, a distance of about 20 miles. A cannonading from the Canadian shore will probably awaken our government to a sense of its duty.—*Buff. Com. and Jour.*

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

**READ THE FOLLOWING.**

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainbd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse for a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Long complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Hoskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 46 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovreign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 461 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Pimmmer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1836.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 113 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 280 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache.* Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary, to those persons, however, I have the honor of being permitted to refer.

A gentleman of this city, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the "Vermifuge," which have entirely restored him to his usual health. Facts speak for themselves.

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medicine known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution best formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor, to palm off and sell as ours, useless, if not hurtful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say, that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi,*' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to present a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorized Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never [illegible] while the latter, have the unblushing impudence to [illegible] Counterfeits which they know, and have in numberless instances been proved to be good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting mind can judge of the impropriety (to say the least) of such reckless conduct—the genuine

Brandreth's Pills

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

From the Corsair.

## The Scottish Orphan.

'Pile the faggots, Felix, and let us have a blaze this darksome night,' said Mother Pauline, as she drew her crimson cloak tighter round her throat, and gazed anxiously from the broken window of her desolate hamlet, situated on the confines of Solingen. 'The storm still raves furiously without. We shall be safe from intruders at least to-night, dear Blanche. Spread the cloth for our evening meal, for thy step is lighter than mine—haste thee, dear lady, for my lips are dry, and my old limbs are chilled with this autumnal blast that shrieks like Apar's ghost through the cracks of our wretched dwelling.' Blanche was a lovely, blue eyed fairy of sixteen; with long light hair in golden curls streaming over her bosom. 'I hear thee, dear nurse, let me first mend this broken string to my harp, and I will haste to cheer our rude, dark home.' Here a sigh escaped the gentle girl as she bent over the small Gælic instrument she held in her hand. The severed string was soon replaced by another, and Blanche flitted from the room.

Folding her arms across her breast, the aged mother still continued her revery at the window. 'Lord Leven will scarce abide his promise, unless his curiosity outweigh his superstitious awe of these haunted regions, upon such a night as this. The storm must drift past before midnight, and the moon will direct his course to our buried cabin among these overshadowing cliffs. The Holy Virgin renounce me, if his coming hither defeat my project, and poison the happiness of my orphan charge.' At this moment Blanche entered, followed by the aged servant man, with whose assistance the frugal repast was soon prepared, and both nurse and maiden were seated in melancholy silence to enjoy it as they best might. The storm roared in dismal cadence without, and the ancient dwelling shook fearfully. The cheek of the latter grew pale and her cup fell untasted from her lips, as she placed her hand in Mother Pauline's with a look of undisguised alarm.

'We shall perish alone, dear nurse, in this haunted spot. Let us start with Felix for the old ruin, and remain at least till the gale be past.'

'Fear not, simple child; wilder nights have I known than this sweep down from the stormy summit of the Rheingau, when the old shelter has rocked like a life boat in the midst of boiling breakers. Here, with the blessing of Heaven, I hope to wear out the short remainder of my pilgrimage, where the least of all evils that I apprehend for either thee, dear Blanche, or myself, is the fury of the whirlwind. My last hour will bring with it no gloom, if lighted by one glimmering hope of a more cheering hope for thee, my precious charge, away from the deep solitude of our monotonous abode.'

'Nay, dear nurse, talk not of this. May that dark hour which robs me of thee, my only earthly protector, find me cold in my shroud. I could not bide the sorrows of which thou hast told me life abounds, deserted and alone.' Her voice was choked, and tears like diamonds weighed down the dark fringes of her large violet eyes.

'God will raise up another protector for thee, innocent and dearly beloved child, if thou keepest in the path of maidenly honor, never forgetting—' here the sound of approaching footsteps was heard, and a loud rap instantly succeeding on the outer door of the hamlet, sent Blanche headlong with fright into the lap of the old nurse.

'Shame, child of my love, shame for thy terror-stricken nature, sucked from the breast of thy Saxon mother. Rise up instantly, and let me see who it is that requires shelter or counsel at this rude hour.' Seizing the lamp in her trembling grasp from the affrighted Felix, she unbolted the door, and after a moment's examination, admitted a traveller, muffled to the throat in a long military coat, richly trimmed with sable.

'Pardon my bold intrusion, good Pauline, at this late hour: but my path has been beset with danger, and but for the faint light of thy cabin window, which has kept me in dubious perplexity for the last half hour, I should ere this have exchanged my sympathies with the Gods. And then, too,' lowering his voice, 'I forgot not my promise, though truly I scarce dared to hope the fluctuating beacon came from thy desolate dwelling.'

'Thou art welcome, Lord Leven,' as she ushered him into the apartment, 'to my homely, but, I trust, not inhospitable shelter. Throw off thy drenched cloak, and warm thyself at my old hearth stone. Blanche'—but here observing her guest gazing with fixed surprise, not unmingled with admiration, at the fair creature who stood with her hands clasped, and her melancholy eyes riveted upon him. 'My daughter,' she quickly said, 'the lone sapling our blessed Lady has left to my withered years, give a seat, child, to his lordship, if thy senses are not clean gone with the sound of his riding whip against the door.' A blush like sunset overspread her cheek as Blanche sprang to offer the courtesy, which was gracefully declined by the commanding youth, who still continued to fix his embarrassing gaze upon her sylph-like beauty.

'By St. Mark,' he exclaimed, turning to Pauline, 'this is indeed an unexpected novelty. I thought thy life was utterly desolate. Thou hast never mentioned thy fair daughter to me in our solitary meetings in the forest.'

'Nay,' she replied with much solemnity, 'we had topics of foreign and more exciting interest to discuss than aught that pertained to my humble abode. What wilt thou have to cheer thee after thy long exposure?'

'Nothing good woman; 'tis scarce an hour since I left Dassel, where thou knowest good cheer can be procured for horse and guest. I must be back at the Castle before midnight, unless this wild storm prevent.' His voice now became absolutely lost in the violence of the tempest, which every moment seemed to be gaining strength, and threatened to annihilate the old cabin that now reeled with every gust that sweyt madly over it. The rain dashed in fury against the frail casement, and flowed in various directions through the worn crevices into the apartment.

'St. Benedict defend us,' exclaimed his lordship as he strode to the window in evident alarm, 'is there no refuge, good mother, in an hour like this, where thou canst find security with thy lovely child except within these walls?'

'Yes,' she replied, with deep emotion; 'to those whose spirits are quickly roused to a sense of danger by the sublime dirge of the elements, forgetful that the same protection can be extended here as well as elsewhere, there is an ancient ruin near by, where a rough but safe retreat can be found. Seek it if thou wilt in the face of the gale, not a stone's throw from the cabin door. Blanche and I will remain, and abide our fate together, where we are.' The former had gradually pressed close to Pauline, and at this moment sunk on her knees and hid her face in the lap of the old nurse, her fair tresses floating like a veil over her slight but exquisitely moulded form. 'The Virgin of Mercy never sleeps,' continued the latter, as she laid her withered hand upon those sweeping ringlets; 'had it been otherwise, long since should we have been consumed—not,' she added with vehement agitation, 'in the overwhelming rage of the midnight blast, but in that wilder and more terrific storm of uncontrollable passion which finds its home in the bosom of man. Alas, O God! alas for thee, my beloved orphan!' Tears choked her utterance as she bent with unresisting emotion over the object of her affections.

[To be continued.]

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure"

TUESDAY EVENING, MARCH 24, 1840.

SNOW STORM.—Winter has again obtruded his unwelcome visage in our midst. A regular northeaster commenced this morning, and the snow has continued falling through the day, and is now 5 or 6 inches in depth, with "prospects ahead."

FIRE.—About 8 o'clock last evening an old two-story house near the junction of the Genesee Valley and Erie Canals, was destroyed. The building, we understand, belonged to Charles Perkins, Esq., and was occupied by one Bush, who is now in jail for keeping a disorderly house. It must have been set on fire, as it had been shut up for two or three days.

J. C. Haslett, who was charged with setting fire to his own store, in New York, has been tried for arson, and acquitted.

☞ The Rev. Wm. Wisner, formerly Pastor of the Brick Church in this city, will preach at the First Baptist Church, on Fitzhugh street, this evening.

☞ Mr. Josiah W. Bissell, of this city, has been appointed by the Governor and Senate, Notary Public, in place of C. T. Amsden.

The committee of conference, on the bills in relation to the Pennsylvania Banks had a meeting, March 18th, and were still unable to agree. It is said that there is little probability that any agreement will be reached.

It is stated that Mr. Jonathan Thompson has commenced a civil suit against Mr. White, and laid his damages at $20,000.

The Jury, in the libel case of Rev. Doct. Breckenridge, in Baltimore, have been discharged, unable to agree.

*Singular Murder.*—The New Orleans Picayune says: A woman residing in St. Joseph street, near Tivoli Circle, was found dead in her bed on Sunday, with her *watch ribbon* twisted round her throat, and the watch gone. Another woman, we understand, has been arrested under suspicion of having caused the death of the unfortunate victim.

*Supposed Outrage and Murder.*—A correspondent of the Hagerstown Herald of Freedom, writing from Clear Spring, (Md.) states that on the 8th inst., the dead body of a young girl named Susan Potter, daughter of John Potter, of Morgantown, (Pa.) was found on the bank of the Potomac, where it had washed up during the freshet. She was about 14 years of age, and has been missing since the 20th of January. The jury of inquest came to the conclusion that she "came to her death by the hand of some person or persons unknown to the jury." No doubt appears to exist that she was murdered, and a strong belief prevails that she was first brutally outraged.

Two negro slaves, convicted of assaulting the patrol with intent to kill, were sentenced to death at the county court of Fairfax, Va., on the 13th instant.

*System of National Defence.*—Gen. Gaines has published a memorial to the Senate and House of Representatives of the United States, in a pamphlet of thirty closely printed pages, setting forth a system of national defence.

*Bad Business for so old a Man.*—Among the prisoners tried at the Boston Municipll Court, on Wednesday, was an aged man of 84 years, named Henry Hardy, who, as he said, performed a journey *on foot* from Indiana. He went into a lady's house begging for food, and was troublesome, and would not depart. In a favorable moment he stole a watch hanging over the fire place of the kitchen. He alleged he was destitute, and finding no work, he stole the article to raise money for his subsistence. He was sentenced for a year to the House of Correction.

*Cheap Enough.*—The steamer Rhode Island carries passengers between Providence and New York, via Newport, for one dollar. The fare via Stonington is down to three.

The frigate Constitution, the sloop Concord, and the Preble, are to be immediately fitted out from the Charlestown Navy Yard, to relieve the East India squadron.

The Soldier's Fate.—In the Boston Municipal Court, on Monday, Ransom Clark was convicted on a charge of passing counterfeit money. He is the only survivor of Major Dade's company in Florida. He was left for dead on the field, and was horribly mangled, but finally escaped. He formerly delivered lectures on the Florida war. His guilt in the present case was so apparent, that the jury did not leave their seats; but he was recommended to the mercy of the court.

*Murder.*—Richard Gonsalus was shot on the 1st inst., by the man whose name is not stated, opposite Loutre Island, Mo. It seems that a quarrel originated between them relative to a gun. After the man shot Gonsalus he went several miles for a doctor, when he returned he found Gonsalus dead. He then gave himself up.

☞ The *Universe* gives the following anecdote connected with the war in Algiers:—"Some Hadjoutes, who were engaged in sacking and burning the French houses and other buildings, entered a marabout at Sidi Gerruch, where they found a portrait of the Bishop of Algeirs. On recoguizing the likeness they exclaimed—'This is the Grand Minister of Religion; we must report it; and they left it undamaged."

☞ The Apalachicola Gazette of the 7th inst., states, that the boiler of the steamer Commerce burst while on her way from that place to Chattahooche, by which two engines and a passenger named John Burton, were killed.

The appointment of Calvin Blythe, Collector of Philadelphia, has been made and confirmed.

Congress.—In Senate, March 19, Mr. Norvell introduced a resolution instructing the committee on military affairs to inquire into the expediency of erecting fortifications at Detroit. The resolution offered on the day previous, in relation to the officers of the Exploring Squadron, was taken up and adopted. A petition and memorial from New York were presented, in favor of a national bankrupt law, and the early part of next week will probably witness the action of the Senate upon the subject.

In the House, the morning hour was consumed, as usual, in a debate on the Jersey question. The Treasury Note Bill was then taken up in committee of the whole.

*Continuation of Foreign News.*

### FRENCH IN AFRICA.

According to a letter from Algiers, the gross amount of the army in Africa is 55,000 men, of whom 46,000 are fit to take the field. The rest are either in the hospitals or in corps which, from the nature of their service, are never brought into line. The number of horses is said to be 5000, and mules 800.

*The affairs of India and the East—The Relative Positions of Russia and England.*—It appears now to be no longer doubted that the soldiers of England and Russia will soon meet, and have a bloody fight in the plains between Persia and Affghanistan. The movements of England in this quarter, so far, have been most properous.

Russia is coming down with nearly 100,000 men round the eastern shores of Caspian to Khiva. England is marching on towards Herat with an equally large force in a double front, as it were. The northern army under Sir John Keane, has captured Cabul, Candahar, and Ghiznee, and subdued all Affghanistan, and the extreme out posts of this part of the army is now at Herat, which place, although nominally governed by the Sultan of Herat, is defended, fortified and controlled by British officers, and munitions of war supplied by England.

But, as the British troops would be liable to be harrassed in their war, if any part of the adjacent country was left unconquered, a quarrel was picked with the reigning prince of Bulochistan. Mehree, Khan, has capital city Kelat was stormed and taken, himself and all his principal soldiers killed, and the whole of the important province of Bulochistan, (of which Kelat is the capital) reduced and placed under British control. So that now Great Britain governs and possesses all Hindostan, and Affghanistan, from Chinese Tartary up to the very confines of Western Persia and Khiva, and from the Bay of Bengal almost to the sandy shores of the sea of Aral and the Caspian sea.

Such is the exact position of the great rival powers in the east. Two mere puppets, Shah Soojah, and Kamram, tools of England, are crowned kings of Affghanistan and Herat; both these places are strongly fortified; neither of these two kings hold any communication with Persia or Russia. Dost Mahommed has been driven into the mountains of Tartary, but stands ready to come down at a favorable period, "like a wolf on the field." Persia is in a state of rebellion, and the Schah is in a helpless state at Teheran, wishing to assist Russia against Khiva but fearful of being invaded by the British if he does. So England has also completely subjected Nepaul, or lower Hindostan, and is preparing for another war with the Burmese. And a great decisive blow for "more empire" will be struck very soon, and Khiva will be the battle ground.

*Khiva—The Country about to be invaded by Russia.*—The important country, into which the Emperor of Russia has just sent 60,000 men, lies nearly due south of the sea of Aral, between Persia and Affghanistan, on the high road from Astracan to Cabul and Candahar, and therefore the very key to the British possesions in Affghanistan. Russia can only march to Hindostan, by first conquering Khiva.

## Legislature of New-York.

Saturday, March 21.

### IN SENATE.

The message from the Governor containing his reasons for withholding his assent to the bill for the protection of minors, was read.

On motion of Mr. Wager, the bill was laid on the table, and the message ordered to be printed.

A resolution fixing on the 14th of April as time for adjournment, was laid on the table—14 to 9.

The bill for the better security of the rights of married women in lands sold under judgments or decree in partition, was read a third time and passed.

The bill to provide for the construction of the New York and Erie Rail Road by the State, was debated.

### IN ASSEMBLY.

Mr. Taylor, from the judiciary committee, presented a written report in favor of the New York Registry Bill. He said as it would be printed he would not trouble the House with the reading of it.

The House went into committee on the New York Water Bill, and afterwards on the Currency Bill, and after some discussion the committee rose and reported progress.

Various messages were received from the Governor inclosing a commu nication from Gouverneur Kemble, chairman of the military committee of the House of Representatives, respecting the cession of land to the United States to erect military defences at the outlet of Lake Champlain and Black Rock, and a message containing resolutions adopted by the Kentucky Legislature respecting the public lands.

*Tuscaloosa, Ala., March 9.—Fatal Occurrence.*—A difficulty between Washington Moody, Esq., and Major John Cantley, both of this city, led to a most tragical issue on Thursday last, 5th inst. It is said that Maj. Cantley had threatened the life of Mr. Moody, and was near the door of the latter, when Mr. presented a double barrelled gun and lodged the contents of one barrel in the stomach of his adversary; and as Maj. C. turned to make his escape, the other barrel was discharged, which took effect in the back of his head, when he instantly fell to the ground. Mr. Moody delivered himself to the civil authorities, and without a prosecution or warrant against him, entered into a recognizance before Judge Williams and A. B. Meek, Esq., in the sum of four thousand dollars for his appearance at the next Circuit Court of Tuscaloosa county. Cantley died of his wounds in twelve hours after receiving them. Owing to his misfortunes in business, Maj. Cantley left his family, consisting of a wife and 7 children, in a very destitute situation. Public sympathy is much enlisted in their behalf.

*Institution for the Blind.*—We learn by the late annual report of this invaluable institution, that a new building for its accommodation, the cost of which will be near 27,000, has been commenced, and that operations on it will be resumed early in the Spring. At the commencement of last year there were 62 pupils in the institution, to which 24 were added during the year;—17 were dismissed, and 1 died—leaving at the commencement of the present year 69. Sixty-three of these are from the state of New York, five from New Jersey, and one from Michigan. The total amount of expenditures for the support of the institution the past year was $11,357 87, being less by more than a thousand dollars than the expense of the preceding year. The amount of articles made at the institution in 1839 is less than that of the preceding year, being only $947.43. The manufacturing department has been mostly confined to basket making, and has not only paid its expenses, but yielded a profit.—*N. Y. Sun.*

It is said that the Belgian giant, accidentally putting his foot through a coal vault hole, ripped up three flag stones on his toes as he lifted his foot out, and walked along without perceiving it. The street inspectors must look after this chap—if they can see him. Keenness of vision does not, however, happen to be one of their attributes.—*Dispatch and Tattler.*

*A Tragedy.*—The annexed tale of horror we translate from the Rio Janerio Journal de Commercio, of January 25th.—*Jour. of Com.*

"A horrible occurrence took place day before yesterday, which has filled the whole city with consternation. Manoel de Oliveira Coelho, formerly an officer of the Custom House, aged 60,

Central Library of Rochester and Monroe County
Historic Newspapers Collection

(be came to this city with John VI, in 1808,) was at his house in the Larangeiras. At 11 o'clock at night, after fastening all the doors of the house he went to his room and got a pistol, with the intention of killing the woman, who on the day previous had given birth to a child. His oldest son succeeded in disarming him, after which he drew another pistol, and was again disarmed. Finding his efforts thwarted in this way, he rushed upon his son, but the latter effected his escape. Oliveira then went to his room again, and got a clasp knife, with which he aimed a blow at the woman's neck, but she continued to parry it. Still desperately bent upon the accomplishment of his infamous purpose, he armed himself with a dagger, and being opposed by his oldest daughter, 19 or 20 years of age, stabbed her with it six times. He then took another dagger, and after stabbing himself five times in the arms, cut his throat with it. He died in a few moments."

This tragedy was attributed to mental alienation produced by the unfortunate situation of the suicide, who, it was said, had no bread for his children. A subscription was immediately raised in behalf of the surviving members of his family.

*The Mysterious Murder Case.*—The body of the unknown individual picked up on the Staten Island shore a few days since, which bore several fatal wounds, and which was brought to this city on Thursday, was yesterday examined by a great number of people, but who the deceased was is as yet wholly uncertain, though the countenance is recognized as a familiar one by many. Some connected with our criminal courts believe him to be an individual named Sands; others believe, whoever he may be, that he was one of the burglars of Dr. Vanderburg's house; and a third party insist that it is the body of one William McGregor, a wright, who worked in the upper part of the city, and was taken sick on Monday week, and died, and was buried in Potter's Field the following Friday. A scrupulous investigation of the matter is in progress, under the direction of the Recorder and the District Attorney; but at the time of adjournment last evening nothing satisfactory had been ascertained.—*N. ### Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HORHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

### No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesnut-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839.

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the Tonic, I have as luxuriant a growth of hair as I ever had.

C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."

L. FLETCHER.
West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has after only two bottles of this Tonic, not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healthy hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, no excuse for a bald head.

Prepared only by Dr. D. Jayne, sole proprietor, No. 20 South Third-st., Philadelphia. For sale by

### Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement and thus relieving the most alarming symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for Spasms, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, (who have used it and tested its happy effects,) I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

**THE BEST MEDICINE FOR COUGHS AND COLDS.**

THE best medicine for Coughs, Colds, and all lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the throat, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Roots, gums, also many other herbs made up procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Hankins jr., Boston, Silas Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington street, Boston, where all orders can be addressed. Also stamped on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

### GENUINE BUFFALO OIL.

**THE HAIR! THE HAIR! THE HAIR!**

The greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1/2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

### NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

**INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.**

PREPARED ONLY BY THE SOLE PROPRIETOR: DANIEL GODDARD, No. 8 GOLD ST. NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

Boston, Nov. 20, 1831. JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

### TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Bell, 113 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 300 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of others reference could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature, as it is secured against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,
for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition—allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## The Scottish Orphan.

[Continued.]

'Do not think I will leave thee, good woman,' quickly replied his lordship eagerly approaching her; 'the storm may overwhelm us, but here I will remain to protect or die with thee. Break not thy perishing frame with child like grief, while as thou hast just intimated, there is a God above us, and while thou knowest I have it in my power to relieve thy wants, and find thee a more comfortable abode, should to-morrow's dawn find us alive.'

''Tis not myself,' she faintly replied, 'O, not for myself, that weeping shames my broken spirit, but for her, the precious maiden in my lap, whose gentle nature shrinks like the fawn in the forest before the rude gale, and who, alas, I feel it to be true, must soon be left in this wilderness world to baffle its cruel changes alone and unprotected!'

'But is she not thine own child?' he eagerly inquired. Here Blanche lifted her head and bent upon the nurse a look of agonized alarm. Instantly recovering herself, the old woman exclaimed, clasping the proud orphan to her bosom, 'Yes, she *is* my child, and long may the spark of life be kept alive in this feeble frame to bless, and protect her for many years to come. Thine eyes, sweet daughter, are heavy with tears and fatigue. Hie thee to thy couch, where thou wilt soon be lost in happy forgetfulness of the shock of this rude night.' The fair girl rose from her knees, shook aside her clustering hair, bent her melancholy gaze for a moment upon his Lordship, and curtseying with the grace of a Dian, withdrew to the sleeping apartment adjoining the room she had left.

'Of a truth,' exclaimed Lord Levan, as he watched with admiration her retreating form, 'thy daughter has the air of a queen, and beauty enough to attract all the Court gallants of Vienna to thy abode.'

'God forbid,' anxiously rejoined Pauline, as she rose and tottered to the window. 'The storm is drifting rapidly towards the West. I can just see the silver crest of the moon struggling through the massy clouds above the dark brow of the mountain. Thou wilt have a clear sky studded with stars as well as the moon to light thee on thy return to Dassel.' Here she examined the door of the sleeping room, as if to ascertain if it was firmly closed, then rekindling the expiring faggots, she resumed her seat opposite her guest.

Lord Levan was a Scottish nobleman, young, accomplished, and enthusiastic, who had been absent from his country for the space of three years, and was now lingering for a few months at the castle of the Baron d'Alcace on his way North.—Not many weeks before the opening of our narrative, he had accidentally, at various times, met the old nurse, while hunting in the forest of Solingen. Taking her for a fortune-teller, he dismounted from his horse, and begged her to read his fate.—Seizing his hand, and gazing long and eagerly into his face, she addressed him by his name, and to his surprise discovered, not only a knowledge of his family, but of every change of interest that had marked his early life to ripened manhood. With the air of a magician, she promised to read his horoscope in the stars, and give him a faithful insight into the vista of futurity at a prescribed hour on the night which prompted his ardent curiosity to her desolate abode.

'Thou hast held thy promise sacred, my lord,' she said, 'better than I dared anticipate. The night after I left thee at our last meeting, I watched long and eagerly for the star that presided over thy birth. The clouds melted away like a dark curtain, and the brilliant planet rose on my aged vision just an hour before——'

'Pardon my interruption, good Pauline, but before thou readest my destiny, let me ask thee one question: did'st thou tell me the fair creature that has just left us was thine own child?'

'What vacillation, Sir Knight!' smilingly replied the assumed sorceress; 'but three days since, and thy enthusiasm was only equalled by thy impatience to learn the success of thy flirtation with the lovely Lady Honoria, whose radiant smile has wearied thee at the castle, and whom, after long and assiduous gallantry, thou art glad to forsake for new triumphs to be won within thine own borders in Scotland. But,' and the smile faded on her withered features, 'thou askest after the maiden whom thou hast seen to-night, whose life is dearer to me than the light of Heaven, and within whose veins flow as gentle blood as warms thine own life-strings. Thou art surprised—but hear me. I know thee to be noble and generous, and with unhesitating confidence I entrust to thy keeping the secret of her birth. Dost thou remember that old Laird of Melroe, whose airy castle, occupying one of those cliffs overhanging the ocean, is distant only a few leagues from thine own patrimony!'

'Surely I do,' he replied, 'and the sad story of his English bride who suffered for many years from the effects of his jealous spirit, and who died at last, it was said, from a broken heart.'

'Alas! it was too true,' rejoined Pauline, 'her tender frame bowed before the rude storm of his vindictive passions. Long and bitter anxiety for herself and infant daughter weighed upon her gentle spirit, which yields at last to the powerful, but oft times merciful arm of death. She was my honored mistress, and that infant daughter the identical maiden that is now folded in sleep in the adjoining room!'

'Can it be!' exclaimed the enthusiastic nobleman, drawing his chair nearer to the aged woman, 'tell me, in Heaven's name, why thou art in this distant country, thus deserted and comfortless?'

'At the bedside of my dying mistress,' continued Pauline, 'I solemnly engaged to assume the immediate charge of Blanche, then a blooming child ten years of age. The irregular habits and morose temper of the Laird, which seemed at intervals at that time to approach the wildness of insanity, induced the afflicted and fast-fading mother to confide the precious maiden to my care. She gave me gold, and made me promise to return with my charge to my native country, where, in the crumbling hamlet of my earlier days, we might remain undiscovered and comparatively happy, until God should send us a better fate. We secretly fled from Scotland, accompanied by the old servant, who left the room at your entrance.—Here, for six long years, have we dragged on life's pilgrimage. With the aid of her harp, and a few books which I have contrived to procure from Dassel, Blanche has borne her lot with uncomplaining resolution, though, at times, have I, with unmitigated anguish, seen the deep tears steal over her tender cheek, when I have hinted that death must soon snatch me from her, and she must abide the doom of Providence unaided and alone.'

"We join to Protect—not to Injure."

WEDNESDAY EVE., MARCH 25, 1840.

☞ No New York papers were received yesterday, it being Sunday's mail. The Albany Advertiser, of Monday, contains the following intelligence, taken from the Morning Herald, extra.

### LATE FROM CHINA.

This morning early, the Navigator, Captain ——, was announced off the Hook, from Canton, with seventeen days later news from the Celestial Empire.

The American trade still continued at the latest dates. These were the principal causes of guards up and down the Canton river.

The Navigator left Whompoa Nov. 24th, 1839, and Toou Koo (near Lintin) Dec. 21st.

The evening before the Navigator sailed from Toou Koo, letters arrived from Canton, stating that the Yum Chae, (Linn the Commissioner,) was determined to put a stop to transhipping of British property to Canton, under the flags of other nations, as has been hitherto done, and urging the utmost despatch in loading the vessels taken up for freight to Whampoa, as there was great danger that they would be shut out of the Bogue in a week. It was the general opinion that an entire stoppage to the foreign trade would again take place ere long.

After the battle between the Chinese and the British at the Bogue, the troops of the latter went to Macoa, and took away all the British residents. The Chinese Admiral had died of his wounds.—The Commissioner, Linn, had sent an express to Pekin, with an account of the battle, and for the purpose of procuring the orders of the Emperor for future operations.

☞ The militia bill before the Legislature of this State, presented by the Adjutant General, provides that there shall be but one parade, of one day, in the year, and that the fines are to be adjudged by civil courts, instead of court martials, as at present.

*Woods Burnt.*—Fourteen acres woodland near Jamaica, L.I., were destroyed by fire on Saturday last, as also a considerable number of Morus multicaulis mulberry trees, and a lot of posts and wood. The damage amounted to several thousand dollars to the owners, Messrs. Lewis Curtis and John R. Pitkin.

*A Freezing Fire.*—The house of a German physician was burnt down at Putnam, Stark co., Ohio, and also that of his next door neighbor, Mr. *John Freeze.*

*Brutal.*—A child, three years old, was found in Walnut-street, New York, on Friday morning, about one o'clock, having been abandoned by its mother.

*Literary qualifications for Office.*—The N. Y. Dispatch and Tattler gives the following letter *verbatim*, addressed to the newspapers of that city, by an old gentleman who aspires to the Chief Magistracy of Gotham. We have not a doubt that the "dear People" will do justice to his extraordinary claims to that honor.

☞ We were shown a very handsome model of a machine which, in our opinion, will soon be brought into general use, as its utility cannot but be plainly observed at first sight. It is called "the Firemen's elevator and shield, and fire escape," and is so constructed as, in accordance with its name, to raise a fireman with his hose forty or fifty feet from the ground, and as near, or distant from, the fire as he pleases; at the same time screening himself from the intense heat.—*N. Y. Sun.*

St. Patrick's Day.—We owe an apology for not before noticing the celebrations, in this city on the 17th inst., of the Anniversary of Ireland's Patron Saint—one, by "Irishmen and their friends," at the United Sates Hotel; the other, by the "St. Patrick's Benevolent Society," at Col. Gallery's.

Both parties were large, and the proceedings we believe were highly satisfactory to all present.—The speeches and toasts were eloquent and patriotic, and we regret our inability to publish them, on account of their great length.

The following poem, written for the occasion, by D. W. Chapman, Esq., of this city, was read, and the "Health of the Author" drank with great enthusiasm:

O! fair is the sea as it rolls on the strand,
And green is the soil that its glad waters lave,
And brave is the heart, ever open each hand,
Where Erin gleams brightly far over the wave!

And true in each breast burns the long-hallowed fire,
The stern love of freedom—in peace and in war:
Midst sunshine and darkness—each son from his sire
Still catches its flame as his life's guiding star.

Tho' the songs of her bards have awaked in her praise,
And her deeds live in glory on history's page,
Let her far-scattered sons each in triumph still raise
His warm-hearted pledge to the hero and sage:

Let the fame of the patriot Emmett be heard—
Let the names of her Burke and her Sheridan thrill
Thro' our hearts, as their soul moving eloquence stirr'd
Where the voice of O'Connell is thundering still!

Tho' far from the land of our birth and our homes,
And the scenes of its fame which our early years saw,
Yet here to our hearts its glad memory comes,
And rings in the accents of "Erin Go Bragh!"

And while we remember the home of our birth,
For the land we have chosen each proud bosom swells,
Where Liberty welcomes the exiles of earth,
And the glory undimm'd of a Washington dwells!

For the Working-Man's Advocate.

Mr. Editor:—I once more ask permission to tresspass upon your liberality, by asking of you the privilege of appropriating a few brief remarks in reply to my friend S., under the signature of "A Mechanic."

The gentleman makes use of a variety of small "fixings" which is rather foreign from his general character, that would seem to indicate some specific standard for morality and religion, which he would assume the responsibility of establishing in accordance with his own gigantic capacity of regulating, (the fundamental principles of religion, morality, economy and law.) I have ever held my worthy antagonist in the highest estimation, both as regards his private and literary reputation, at the same time, I would remind him that a glass house will prove but a flimsy fortress for his protection.

My worthy antagonist is in material fault for using a term, or title, in applying remarks to an individual that is not entitled to such appellation, when he, as well as the public generally, are familiar with the facts; consequently, professional titles, in anonymous communications, will serve to designate, individually, the gentleman seems to feel it to be a duty incumbent on him to inform me of the general opinion entertained respecting my injudicious interference in this matter, (quoting his remarks as near as may be,) being as much as to say, that I have not a right to act in my own defence, and that he understands public opinion in relation to the matter, and that I am ignorant of public sentiment. He says I prematurely, impolitely and injudicicusly, have accused a large class of the mechanics of Rochester of being liars. In this assertion, he will see by reflection that he is in error, unless he insists that his first communication was intended for me, which he denies in the plainest terms. In relation to the number of individuals who claim to be Architects, I confess I can do no less than cave in, by making the apology, that I, at the time of my communication knew of no such claimants; and for the gentleman's information, I would inform him of another important discovery—that a respectable workman, by profession a blacksmith, in this city, has a large and conspicuous sign on the side of his shop, with the words—"Architect and Builder" inscribed thereon. Perhaps he lays claim to the title also. If there are any individuals in this community who are disposed to oppress the laboring class, let him be pointed out and the mark of indignation be stamped upon him. Let the laboring man and Mechanic shun him as he would the Evil Spirit, or the King of Despots.—The march of intelligence among the laboring portion of community fully indicates a successful and permanent protection for their rights and interests. The intelligent American Mechanic (native or adopted) will never submit to any infraction of his sacred rights and privileges, and will repel, with the power of the mighty elements, any attempt to level his condition with the humble peasanty of the European powers. Therefore, it is the imperative duty of every Mechanic and working-man to watch with a jealous eye those who hold influential and exalted stations, in order that their invaluable privileges may not be infringed upon, or their interests treated with contempt by those who, from the influence of vanity and folly, would assume to themselves the appellation of being the better part of community.

In conclusion, as my worthy friend has paid me a compliment which would do honor to the most honorable—that of being the friend and benefactor of the Mechanic and laboring man. This compliment is, perhaps, my due, inasmuch as others have had what was my just due. I will here remark, that I was the sole originator of the Mechanics' Literary Association, the credit of which has been unjustly attributed to those who were never active members of the Institute.—There are many things yet to be accomplished, which would be highly beneficial to the laboring man; and I would assure the worthy gentleman that I am ever ready to lend a helping hand in the hour of need. Your obd'nt servant,

J. B.

For the Working-Man's Advocate.

Mr. Editor—It appears from the bill for to-day, that the Manager of the Theatre will continue the "Forty Thieves" "two nights more." I am pleased with this announcement, as it will afford a large portion of our citizens an opportunity of witnessing the splendid scenery and mechanism introduced. From the operation of Ellsworth's Fairy-Wheel, for I know not what else to term it, a mechanic may infer to what eminence he belongs, or to what he may arrive at. I reverence his ingenuity, and evidently trust there are others. As for the scenery, Nichols "snatches a grace" admired by all, and is a candidate for popular favor, without a doubt. His "Fairies' Abode" is good and great in effect, and is replete with the ingenious interest and design which he always gives to canvass, when a favorable opportunity occurs. I should accompany my assertions with proof, but the ingenious mechanic can judge for himself. What say you? T.

*Beware of a Villian.*—We warn all who are within our reach against a villain by the name of Charles Machette, a saddler and harness maker, an American probably, but of French descent. His height is about five feet, dark complexion, black eyes and and hair, large whiskers, of handsome countenance, and insinuating address.

This man (if he deserves the name of a man) ruined a most virtuous and worthy young woman of this city a year or two since. He deceived her and married her secretly, while, at the same time, he had a wife living in Providence. We cannot go into particulars, but the circumstances were of a most aggravated and melancholly character. He took her to New York city, and soon began to neglect her. He possessed himself of her money, which she had been for years earning, and even sold her clothes, and deserted her leaving her in a distant city, among strangers, destitute and lonely. She returned to her friends, but it was only to die! She soon went down to the grave, literally dying of a broken heart!

We understand that since this the same heartless wretch has been to Springfield, in this state, and succeeded in securing the affections of a young lady of that town, whom he has married, and who, we have been informed, has likewise some property. Whether he has deserted her or not we do not know; but there is no doubt he will when his villainous purposes are answered. In this way he has made it a business to sport with the affections of his victims for a number of years past, and unblushingly boasts of his success. We warn the public against him, and we request all editors to copy this article, or make a shorter one from it, that the career of his heartless wretch may be finished.

Since the above was written, we have ascertained that Machette has been in Providence, within six weeks, at work at his trade. Such a fellow ought not to be suffered to go at large.—*Zion's Herald.*

*Curious Wager.*—Three well known fashionable gentlemen of London, have made a heavy wager which is likely to create no little amusement. The first of the parties is to drive a stage coach; the second is to walk through the country as an itinerant melodist; and the third is to perform four principal dramatic characters, two in tragedy, and two in comedy. The greater part of the money obtained by these eccentric adventurers, in their several pursuits, is to be devoted to charitable purposes. The whereabouts of *Jehu* and the *Apollo* is not known, but the dramatic aspirant is to make a *debut* at Edinburgh.

☞ The trial of James Wood, for the murder of his daughter, comes before the Oyer and Terminer at its present session in Philadelphia.

*Frightened to Death.*—The Michigan Statesman says—"A little girl, about 8 years, daughter of a widow woman, residing about eight miles from Lapeer, was frightened in such a manner, we understand, on Wednesday of last week, that she died in about two hours after her freight. Her brother, a small lad, dressed himself in a dried bear skin, and chased her as she was going to a neighboring house."

*Pause before you follow the Example.*—A mule laden with salt, and an ass laden with wool, went over a brook together. By chance the mule's pack became wetted, the salt melted, and his burthen became lighter. After they had passed he told his good fortune to the ass, who, thinking to speed as well, wetted his pack at the next water; but his load became the heavier, and he broke down.

*Malice.*—Seneca has very delightfully said, 'malice drinks one half of its own poison.'

*Absence of Mind.*—The following is the last instance of absence of mind. A man thinking he was at home a few evenings since, laid down in the Park and put his boots outside the gate to be blacked in the morning.

"I feel disgraced by your company," as the thief said when marched to jail by the constable.

**Rail-Road Notice.**

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1838.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C.C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had. C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely. I assure you."

L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentlemen connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, no excuse *or a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 451 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork "New England Cough Syrup."

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1839.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectations; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1839.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. S. Dill, 413 Washington Street, Miss Mary Seary, Pleasant Street, N. Tolman, 386 Washington Street, George Mallell, Lucas Place, Mrs. Henry Stephens, master of conveyance on cars on Worcester railroad, and thousands of other witnesses could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate invention resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature, as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of inquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## WHAT I LOVE.

I *love* the man whose generous heart
Communes with the distressed;
Whose hand is open to relieve
The helpless and distressed.

I *love* the Christian follower,
Whate'er his creed may be,
If his practice and profession,
Invariably agree.

I *love* the man who will defend
An absent erring brother;
And ne'er in idle recklessness
Calumniate another.

I *love* the man whose noble soul
Disdains a tyrant's rod;
Whose mind no power can control,
But conscience and its God!

I *love* the man who looks aloft
With clear and steady eye;—
For the sweet reward allotted those
Who virtuous live—and die.

## WHAT I HATE.

I *hate* the iron hearted,
Whom self alone controls;
Nor envy them the gilded dross,
For which they sell their souls.

I *hate* the hypocrite who looks
So sanctified, and grave;
I hate the enthusiastic tool
Of such a heartless knave.

I *hate* the slanderer "who loves
Like death, a shining mark;"
I hate him more, because he strikes
His victim in the dark.

I *hate* the fawning sycophant
Who will cringe to wealth and power;
I *hate* the libertine who'd crush
A sweet, and lovely flower

I *hate* the base inebriate,
Who, for the maddening bowl,
Will sacrifice his hopes on earth,
And pledge his very soul!

From the Corsair.

## The Scottish Orphan.

[Concluded.]

'I think, then,' exclaimed Lord Leven, with sudden animation, 'thou can'st not have heard that the old Laird is dead?'

'Dead!' shrieked the faithful nurse, as she rose from her chair, clasping her hands with deep emotion, 'when did'st thou learn it for a certainty?'

''Tis scarce six months since I was informed by letters from Scotland that he was suddenly killed by a fall from his horse on his return from a roysterous hunting party.'

'Didst thou hear aught of the old priest who has so long resided at the castle?' she eagerly asked.

'Yes—he is in possession of Glencairn.'

'Possession!' exclaimed the loyal woman; 'aye, he retains it but for the rightful owner. We will immediately bend our course for Scotland, and demand the inheritance of the exiled orphan.'

'Then thou shalt travel under my escort,' replied his lordship, 'with thy fair protege. Another week shall find us on our way. Thou hast in truth forgotten to read my horoscope, good Pauline, but I will overlook thy pardonable pretensions to the deep mysteries of astrology, which were affected but for the purpose of alluring me hither, inasmuch as I have been amply repaid by a sight of the dazzling orphan whose pensive smiles has impressed itself indelibly upon my memory.—Thou shalt hear from me in a few days—in the meanwhile, prepare to accompany me. Farewell.'

Pressing warmly her hand, he rose, and throwing on his cloak, left the dwelling of the delighted Pauline; the moon now shining in unclouded lustre upon his pathway through the forest, while each leaf and branch glittered in her beams like the silver tree of the Persian.

* * * * *

It was the eighth month after the death of the Laird of Glencairn, that a light was seen to glimmer for the first time for many months in the ancient chapel of the castle. The wind whistled mournfully along the aisles, while the voice of the tide, as it rolled its deep and heavy swell against the precipitous stoop of the gloomy pile, came like the wail of a departed spirit on its lonely flight to the world of eternal despair. The interior of the chapel was dimly lighted by a solitary candle above the altar. Its cold beams fell upon the kneeling form of an old and feeble priest, whose clear grey eyes, full of holy meditation, were raised to Heaven.

At that moment a side door which communicated between the chapel and the hall opened and shut with such violence as to arrest the prayer of devotion which seemed just ready to burst audience from his lips. Slowly rising from his knees, Father Ambrose turned in the direction of the sound, and perceived two figures approaching him, muffled in long plaids. They paused, made the sign of the cross, and slowly sunk upon the ground as if to receive his benediction.

'Peace be with thee, in the name of our Lady! whoever thou art that intrudest at this hour upon my devotions,' exclaimed the ancient man. He gently approached them, and as they rose from their knees they threw aside the folds of their sweeping plaids, and discovered to his astonished vision the forms of the old Pauline and the graceful orphan. The former he instantly recognized, but some moments elapsed before the slender figure of the graceful Blanche was known to him.

Folding them both in his arms, he wept with unrestrained delight.

'God bless thee, dearest lady,' he said, as he clasped Blanche again and again to his bosom; 'long have I deemed the dead—though a lingering hope has sometimes crossed my old brain that thou wert still alive; and may he bless thee, too, Pauline, whose bending frame shows that time has laid his decaying finger upon thee, since thy secret flight from the castle.'

Mutual were the explanations that took place betwixt them that night. It appeared that the old Laird had repented of his cruel injustice to his wife before his death, & had made every possible search for the fugitives—but all in vain.

Thinking them dead he abandoned himself to the grossest pursuits and pleasures, and died by accident, after a day of unrestrained folly and excitement.

Blanche was soon recognised as his legal heir, and established in the old castle—where, under the care of the faithful Pauline, who seemed to have taken a new lease of life, and the protection of the aged priest, the bloom of her cheek again revived, and her eye lost none of its diamond lustre.

A year from that time she gave her hand to Lord Leven, in the ancient chapel, where the nuptial ceremony was performed by Father Ambrose, graced by all the pomp which attends a Scottish bridal.

THURSDAY EVE., MARCH 26, 1840.

## CONGRESS.

In Senate, Thursday, March 19, the committee on Military Affairs were instructed to inquire into the expediency of establishing a military post at Detroit and erecting barracks and other fortifications for the protection of the same, and of improving the forts at Gratiot, at Mackinac, the Sault St. Marie, and Green Bay.

The New Jersey question and the Treasury Note Bill were discussed in the House.

In Senate, on Friday, a communication was received from the Secretary of War, in answer to a resolution of the Senate, in relation to the payment of the debts, and the removal of the Winnebago Indians—referred and ordered printed.

A bill providing for the payment of damages sustained by individuals in the Indian wars since 1830, was read a third time and passed.

Mr. Webster submitted a resolution inquiring what proportion of Treasury Notes has been paid to creditors of the United States, and what proportion has been used for the purpose of raising money from banks and individuals.

The Jersey question was again debated in the House. A report was received from the Secretary of War, relating to the better organization of the militia of the United States.

The Senate did not sit on Saturday.

In the House the introduction of a resolution to discover whether any of the letter writers were furnished with stationary from that purchased for the House was attempted by Mr. Weller, but a suspension of the rules was refused.

*Crime and its Result.*—The Nashville Whig relates a recent occurrence at Hopkinsville, Ky., in which a man by the name of Cuvillier, formerly connected with the orchestra of the theatre in Nashville, and the vocalist, Barclay, an Englishman, were the principals. It appears that Cuvillier recently ran away with and married Miss Beach, of Hopkinsville—who figured in concerts at Nashville, last winter—but previous to accomplishing this purpose, had opened an illicit correspondence with the wife of Barclay. On detecting some of his letters in his wife's possession, Barclay went to Cuvillier, armed with pistols, to demand the return of Mrs. Barclay's answers. Cuvillier, on this demand, pulled one of the letters from his pocket and destroyed it in his presence, when B. instantly shot him through the body. Cuvillier expired in a few minutes, and B. surrendered himself to the civil authorities.

ALMOST A FIGHT.—Some misunderstanding having occurred between Messrs. Ingersoll and Naylor, claimants to the seat in Congress from the Third Congressional District, Pennsylvania, Mr. Ingersoll sent a challenge to Mr. Naylor, by a Mr. Pleasanton, who was thrust out of doors, and the following answer returned:

"FRIDAY AFTERNOON, March 20, 1840.

SIR—I return your note of this afternoon.—Whenever you find a person to carry your notes who knows how to behave like a gentleman in my house, they shall receive an answer.

I have the honor to be, your servant,

CHARLES NAYLOR.

## CITY OFFICERS.

The Common Council on Tuesday made the following appointments:

Superintendent—Maltby Strong.
Treasurer—E. N. Buel.
Clerk of the Board—W. R. Montgomery.
Poor Master—John Jones.
City Attorney—Jasper W. Gilbert.
Sexton—W. G. Russell.
Clerk of the Market—Hiram Nash.
Watchmen—Rodney Lyman, Capt. of Watch.
1st Ward—James Stutson.
2d " Isaac Finch.
3d " Wm. H. Crowell.
4th " Franklin Worcester.
5th " Patrick Killup.
Weighers of Hay—West side—Jeremiah Tompkins.
East side—A. S. Alexander.
Street Inspectors—West side—Peter Springsted.
East side—Martin Allen.
Sealer of Weights and Measures—Fisher Bullard.
Collectors—1st Ward—Geo. Charles.
" 2d " Jared Coleman.
" 3d " Ira Bowen.
" 4th " Jno. H. Babcock.
" 5th " Evan Evans.
Marshal—Cornelius Fielding.
Messenger and Bell Ringer—Geo. W. Pray.

UNGALLANT.—The Editor of the Owego Advertiser thus announces the Queen's marriage:

Miss Victoria Guelph, England's maiden Queen, has woo'd, won and wedded a German Prince, whose vast domain is probably not larger in extent than our good town of Owego. Of course he is about as high in rank as our Supervisor; but we don't believe he is half as likely a man.

FROM FLORIDA.—Information from the seat of war has reached us by way of Savannah. The United States troops are plundering the Indians, but not killing any of them. The dogs from St. Marks did not reach the camp until within a few days previous to our advices, and as yet no opportunity had been afforded of testing them upon fresh trails.

Previous to their arrival, the troops flushed three different camps, taking away from the enemy, who escaped into the swamps, large quantities of plunder, to wit: deer and other skins, bear skins, bed clothes, garden seeds, adzes, axes, hatchets, &c. &c., the latter articles having, it is believed, been carried off by them, while on some marauding expedition in Middle Florida.

Lieut. J. McKinstry started with an escort of ten volunteers to make a recognoisance of the hammocks, east of the camp. Dr. Maxwell and Capt. Kingsbury accompanied Lieut. K. They penetrated but a short distance into the hammocks when they flushed a large party of Indians, and captured their packs, &c., the game not proving true game. Towards evening Captain K. directed the volunteers to return to the camp they flushed in the morning, and conceal themselves, hoping that the Indians would return for their packs. While endeavoring to execute the order, the Indians made their appearance on the edge of the hammock, yelling and inviting the volunteers to fight, who being weak in numbers, declined and retreated to the camp. They estimate the Indians to be 30 in number.—*Mobile Chron.*

## Legislature of New York.

MONDAY, March 23.

### IN SENATE.

Mr. Verplanck reported a bill authorizing Mortgagors, Assignees, and their legal representatives, to redeem real estate sold for taxes, with amendments.

The remainder of the day was spent in discussing the question of repealing charters and on the N. Y. and Erie Rail Road Bill.

### IN ASSEMBLY.

Mr. Duer made a long written report from the Committee on so much of the Governor's Message as relates to the difficulties between the landlord and tenants of the Manor of Rensselaerwyck, and offered a series of resolutions and a bill for the purpose of a settlement of the difficulties now existing.

The bill proposes the appointment of a board of commissioners to carry out the suggestions of the committee. Five times the usual number of the report was ordered to be printed.

## FROM HARRISBURG.

Correspondence of the North American.

HARRISBURG, March 18, 1840.

*House of Representatives.*—Mr. Flenniken, from the Committee on Ways and Means, made a report upon the finances of the Commonwealth, and the means of raising the means to defray the expenses of the government (in which it is recommended to sell the motive power on the rail roads) and the bank stocks owned by the State—with a bill providing for the levying of a tax of the half of one per cent. on bonds, mortgages, stocks, ground rents, &c.—of two per cent. on pleasure carriages, silver plate, and household furniture over $300 in value—of $1.50 on gold lever watches, $1 on other gold watches, $1 on silver levers, and 50 cents on all other kind of watches. From these sources and a tax on brokers, it is expected to raise about $600,000.

Mr. Snowden, from the committee on conference on the resumption bill, moved that two members (additional) be appointed upon said committee. This motion caused considerable discussion, but it prevailed, yeas 53, nays 32, and Messrs. Flenniken and Roberts were appointed.

*Cincinnati Flour Trade.*—The Cincinnati Chronicle of the 13th says: "It is now just thirty days since the opening of canal navigation at this place. In that month more than 30,000 barrels of Flour have been received by the canal. There is a strong probability that this activity in the flour market will be kept up till midsummer: for two sufficient reasons. First, because the supply is very great, and next, because it is the best remittance to New York and Boston, which the barter and traffic system of this day allows.

The difference of exchange between bankable funds here and specie funds in New York is alone an ample profit. Should the coming crop be a full one, of which there is now no manner of doubt, the receipts by the canal for 1840 will nearly double that of any former year. The average price of flour at this place during the last month has been about $3 50 per barrel.

THE GREAT WEST.—The Secretary of War has reported in favor of establising a chain of military posts from Fort Leavenworth; on the frontiers of civilization in the West, to the Rocky Mountains. For the present he thinks three Forts will be sufficient, viz: one at the junction of the North and South forks of the Platte, about 500 miles beyond Fort Leavenworth; another on the North fork of the river Platte, near the confluence of the Laramies fork; the other about 500 miles still beyond, among or near the Rocky Mountains. He would have each position strongly fortified, and garrisoned by 500 men. The protection and relief which these posts, although so distant from each other, would afford to the fur trade, and to adventurers proceeding to or returning from Oregon Territory, are too obvious to require remarks. At present the wilderness is too vast to be traversed with even tolerable comfort. A few stopping places would diminish the hardships of the journey immensely.—*Jour. of Com.*

*Female and Royal Crusaders.*—The romantic idea of becoming a female crusader had got into the light head of Eleanora his Queen; and being at this time in the very flower of her youth and beauty, she swayed the king of France according to her will and pleasure. Suger gives us the description of the preparations Eleanora made for this campaign, which were absurd enough to raise the idea, that the good statesman was romancing, if contemporary historians had not confirmed his evidence. When Queen Eleanora received the cross from St. Bernard at Vezalia, she directly put on the dress of an Amazon; and her ladies, all actuated by the same frenzy, mounted on horseback, and forming a nightly armed squadron, surrounded the Queen when she appeared in public, calling themselves Queen Eleanora's body guard. They practised Amazonian exercises, and performed a thousand follies in public, to animate their zeal as practical crusaders. By the suggestion of their young Queen, this band of mad women sent their useless distaffs as presents to all the knights and nobles who had the good sense to keep out of this insane expedition. This ingenious taunt had the effect of shaming many wise men out of their better resolutions.

*All Men Alike.*—Alexander the Great, seeing Diogenes looking attentively at a large collection of human bones, piled one upon another, asked the philosopher what he was looking for. "I am searching," said Diogones, 'for the bones of your father, but I cannot distinguish the from those of his slaves.'

*The Oldest Schooner in the U. S.*—The schooner Prudence received a new set of coasting papers at the Custom House yesterday. She was built at Kittery, in 1789.—*Boston Transcript.*

FIRE AT YONKER.—*Terrible loss of Life.*—On Saturday night, between 12 and 1 o'clock, the dwelling house of Mr. John V. Austin, near Yonkers, on the road to White Plains, took fire and was burned down. *Six of his children perished in the flames!* Mr. Austin was the father of fourteen children, eleven of whom, with himself and wife, were in the house. The parents, and five of the children escaped with great difficulty. The names of the lost were Wiltsee, John, William, Betsey Ann, Freelove, and Hannah; the oldest 19, and the youngest, three years, of age. The fire was seen in this city, and caused an alarm to be sounded here. Its origin is unknown, but it is supposed to have been caused by some accident to a light, with which some of the family retired to rest in the upper part of the house.—*N. Y. Despatch and Tattler.*

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtained little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

**Rail-Road Notice.**

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## No Apology for Wigs.

ATTENTION! BALD HEADS.—Of all the remedies ever devised for the restoration and preservation of the HAIR, nothing has been found equal to ALIBERT'S OLEAGINOUS HAIR TONIC. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch

PHILADELPHIA, May 10, 1839.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of Alibert's Oleaginous Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's oil, Vegetable Hair oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH, No. 172, Chesunt-st.

Copy of a letter from C. C. Park, Pastor of the Baptist Church at Haddonfield, N. J.

HADDONFIELD, N. J. Feb. 12, 1839,

Dr D. Jayne—Sir, I take pleasure in informing you that the bottle of Alibert's Hair Tonic, which I obtained of you last October, has proved most satisfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so fallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair on the sides over it. But now, after using about half a bottle of the "Tonic," I have as luxuriant a growth of hair I ever had.
C. C. PARK.

The Rev. Leonard Fletcher, Pastor of the Baptist Church, at Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely, I assure you."
L. FLETCHER.

West Chester, Pa., March 2, 1839.

Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two officers of the American Navy had good heads of hair restored to them by using five bottles each of this Hair Tonic, one of whom was over sixty years of age.—Four gentleman connected with the Public Press in Philadelphia, have also had their baldness removed by using this remedy. The Rev. Mr. Parker, Pastor of the Presbyterian Church in Delaware county, Pa., who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this Tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, and their places have been supplied by healty hair, of a natural color. Finally, nine cases of baldness out of every ten may positively be removed by a faithful application of this valuable remedy. There is therefore, now, *no excuse or a bald head.*

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Haskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 481 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR, DANIEL GODDARD, No. 8 GOLD ST. NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

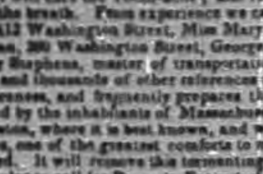
## TOOTH-ACHE! TOOTH-ACHE!!



Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 412 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 290 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache.* Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief**, and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## THE FORSAKEN.

He never meets me, as of old,
As friends, less cherish'd, meet me;
His glance is ever calm and cold,
To welcome, or to greet mee:
His sighs ne'er follow where I move,
Or tell what others' sighs do;—
But though his *lips* ne'er say "I love,"
I often think his *eyes* do!

He never turns amid the throng,
Where colder ears will listen;
Or give one thought to that poor song.
Once made his eyelids glisten:
But sometimes, when our glances meet,
As looks less warm—more wise—do,
Albeit his *lips* ne'er say, "'tis sweet,"—
I often think his *eyes* do.

Oh! brighter smiles than mine may glass
His hours of mirth, or sorrow;
And fairer forms than mine may pass
Across his path, to-morrow:
But something whispers solace yet.
As stars through darken'd skies do;
His *lips* ne'er say, "I don't forget,"
I often think his *eyes* do!

## SCENE OF THE REVOLUTION.

BY THE REV. J. N. MAFFITT.

Stony Point is about forty miles from New York and ten or fourteen miles below West Point. It is a rounded, gravelly hill, of small extent, jutting into the stream, and connected with the main land by a low morass which is partially overflowed with the tide waters. It was fortified in the revolutionary war, and occupied by a small force, might have been considered as a remote outpost to the strong fortress of West Point. It was captured by the British in the year 1779, and strongly repaired and garrisoned by more than six hundred soldiers, commanded by the brave Lieut. Colonel Johnson.

A few days before the 16th of July, in the same year, a tall, commanding personage, mounted on a strong charger, was seen on the eminences above Stony Point. He had a glass in his hand, and appeared to study the character of the defence with an intensity of interest. Johnson, who was returning the gaze of the horseman, with his spy glass, turned to one of his staff and remarked that the apparition on the hill portended no good. Rumors were afloat about the entrenchments that the same tall figure had been seen across the river on the highest opposite eminence the day before, like a horseman painted against the sky. A cow boy said that this figure was the apparition of Washington, and that it never was seen excepting just before a battle or a thunderstorm. But while these idle rumors floated round the atmosphere of the camp, the real Washington, with observations made with his own eyes, was concerting a soldier-like plan for its surprise.

On the night of the 16th of July, by the twinkling light of the stars that broke over and through the clouds, two columns of soldiers might have been seen under the brow of the eminence in the rear of the fort. They were stern men—the silent, thoughtful men of New England. The eagle-eyed Wayne was at their head, and his heart was like that of the lion. The regiments of Febigez and Meigs, and their youthful Major Hull's detachment, formed the right column; Butler's regiment, with two companies under Major Murphy, formed the left. The van of the right was formed of one hundred and fifty volunteers, at whose head stood the brave Fleury; one hundred volunteers, under Hewart, composed the van of the left. And still further advanced, the noblest post of all, stood two "forlorn hopes" of twenty men each—one commanded by Lieut. Gibbins, and the other by Lieut. Knox. Wayne stepped from man to man through the van—guards saw them take their flints from their pieces and fix the death bayonet. And at 20 minutes past 11 the two columns moved to the bloody work before them, one going to the left and the other to the right, to make their attack on opposite sides.

The inhabitants on the eastern side of the river first heard a sharp crashing as the forlorn hope on either side broke in the double row of abatis; the muskets of the sentinels flashed suddenly amidst the darkness, and in a moment the fortress vomited out flame and thunder, as if a volcano had been ignited, and was tossing its lava upwards. The cry of battle was not to be mistaken—shrieks, wild and fearful, broke upon the dull ear of night. But all was in vain for the fortress. Under the showers of grape, and full in the red eye of battle, the two gloomy, still unwavering columns, moved on, and the two van guards met in the centre of the work. The British made an instant surrender, to avoid the extermination which awaited the deploy of the columns upon the intrenchments. Sixty-three British soldiers lay dead at their guns; five hundred and forty-three were made prisoners, and the spoils were two standards, two flags, fifteen pieces of ordnance, and the other materials of war. Of the sons of New England, ninety-eight were killed or wounded. Of Lieut. Gibbin's forlorn hope, seventeen were no more. Of Lieut Knox's about the same number were slain.

These spots, where the life-blood of the free has been poured out like water, and where the traces of the revolutionary ditch and mound still remain, are altars sacred to the high recollections of freedom. Green be the turf over these departed patriots. The bold bluff of Stony Point is classical ground. Hither in future time shall the poet and the sentimentalist come to pay their tribute of affection and honor, where

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

FRIDAY EVENING, MARCH 27, 1840.

☞ We are requested to state, in behalf of the Rochester Union Grays, that, as gross misrepresentations have been made in relation to their application now before the Common Council for a remission of the rent charged for their Armory—the public are requested to suspend their opinion in regard to the matter, until a full statement of the facts are laid before them, which it will probably be necessary to do in a few days.

☞ The Washington Correspondent of the Journal of Commerce says, that "Rumors have been rife, during the last few days, of a serious and piquant correspondence between Mr. Forsyth and Mr. Fox, on the subject of the North Eastern Boundary."

☞ We were mistaken yesterday in noticing the duel case in Philadelphia. Instead of *Chas. J. Ingersoll*, as we stated, it was his son, *Charles Ingersoll*, who was the challenger. Both parties have been arrested and held to bail to keep the peace.

☞ The trial of Wood for the murder of his daughter commenced on Monday. The Spirit of the Times says, that when the wretched man arrived in court, he "exhibited in his countenance the lineaments of the most intense misery. While the indictment against him was being read, the agitation of his features evinced most painfully the anguish of his mind, and it was with considerable effort that the prisoner was enabled to stand up, supported by his counsel, and state through them that he plead NOT GUILTY of the charge of murder, and *wished to be tried by the laws of God and his country.*"

Great difficulty was experienced in obtaining unprejudiced jurors, and only nine were sworn when the panel was exhausted, and the court adjourned. A new tales of 40, from the country, was ordered.

☞ The Buffalo Daily Sun, heretofore neutral, has entered the arena of politics, and hoisted the Administration flag. Horatio Gates, Esq., for several years editor of the Daily Republican, takes charge of the editorial department.

☞ A new steam boat of 200 tons burthen has been built at Detroit, called the "Gen. Scott," and was advertised to leave for Buffalo on the 21st inst.

INDIAN NAMES.—The Legislature of Michigan have organized 26 new counties in the northern part of the State, to each of which they have given an appropriate Indian name. Among them are the following: Ne-way-go, Wa-ba-see, Wy-on-ais, Che-ku-doo, and, Os-aw-wa. Another is called *Neg-we-gon*, after an Indian Chief, of whom the Detroit Advertiser publishes the following anecdote:

"He and his two sons were with the Americans during the cruel massacre at the River Raisin. He had one son killed there. He afterwards returned, with his other son, to a village near Chippewa, where he hoisted the American Colors over his cabin. Soon after, during the absence of his tribe upon a hunting excursion, and when he was alone, a British officer, with several men, surprised him, and told him he must haul down the American flag, and put up the flag of Great Britain; but he resoluetly refused—drew his tomahawk—wound the flag around his arm—told the English Officer he had but one heart and one flag, and both must go together—and gave three war-whoops as he flourished his tomahawk in defiance of the threats of the Officer. Alarmed at the pertinacity of the old Chief, and believing these war cries to be a signal for a surprise, the Officer and his troops fled, and left the brave old Chief and his flag behind. For this act he was yearly presented with a new flag by our government, until his death."

A DIPLOMATIST'S MOTTO.—*M. Guizot*, the new ambassador of France in England, has for his motto, "the *straitest* line is the *shortest* line," a remarkable and peculiar motto for a diplomatist.

☞ The treaty of indemnity for claims of citizens of the United States against Mexico, has been ratified by the Mexican Congress.

*Louisiana.*—A bill to postone the election of Louisiana until July next, has passed one branch of the Legislature.

*The Entire.* The Frederick (Md.) Examiner, tells a story of a hog which was buried under a bank of straw seventy-six days, and was found alive!

*Very Delicate.* A western paper, announcing a steamboat explosion says "Three persons were *slightly* killed."

For the Working-Man's Advocate.

MR. EDITOR—Some four or five weeks since a petition was sent in to the Common Council signed by upwards of 500 of our most respectable citizens, asking them to refund all monies paid by either of the Independent Companies, for the use of stalls in the Market, and granting them the free use of them for the future.

This petition has not been acted upon. Although repeatedly called up, it has been deferred on account of the personal hostility of one Ald. The wishes of so large a body of our most respectable citizens upon an affair of so small moment (and when a liberal and enlightened policy demanded it,) would have been deemed sufficient in ordinary cases of twice the importance, and would, in this, had it not been for the reason above stated. It is a well known fact, that our trade with Canada was kept up the last year solely on account of a pledge given by the commandants of these Companies to owners of boats in Canada, guaranteeing them protection while in our port.—And a like pledge has been asked, and given this spring. But of the necessity and utility of a well organized citizen soldiery, no one will for a moment doubt. And the spirit manifested here in that way, should receive the approval of every good citizen, and without doubt, does.

These two Companies have (with a spirit alike creditable to themselves and the city,) taken two unoccupied stalls in the Market—stalls not needed for market purposes, and fitted them up in such a style as to be classed among ornaments of the city.

At the last meeting of the Common Council the subject of the petition was referred to a special committee, upon which the Alderman previously alluded to, has the honor of serving. But what has he done since his appointment on this committee? Has he endeavored to investigate or enlighten himself upon the subject, or acquainted himself with the facts, as justice to a large number of his fellow-citizens would seem to require? No. The very day after his appointment he gets the petition, (which he has no right to,) and carries it around with a counter petition, getting those whom he could in any way influence to erase their names from that, and sign his counter petition. This, in some cases, by misrepresentation, he has been able to effect. In others, he has been rebuked, as he ought, for his malignity, and the insult offered to the understanding of the petitionre. Dignified, truly, for an Alderman! Does he imagine the people are to be deceived into the belief that he does this for their good? That he takes the pains to go to all these petitioners to get them to erase their names merely for the good of the people? No such thing. They are aware, that under their cloak he is endeavoring to hide his real purpose and aim, which is apparent to every one. For shame; such a proceeding should not, and will not receive the approbation of any good citizen; and that his spleen may not be gratified in this instance, is the sincere wish of

X. X. X.

For the Working-Man's Advocate.

*Mr. Editor*—As your journal has ever been the ready and willing advocate of the Labouring man, I will venture to make a suggestion which touches the interest of every citizen to a greater or less extent. The present Market Regulations prohibit the sale of Meats in small quantities, by any person except those who rent stalls in the market, under strict regulations and restrictions. The result of this system is to make a monopoly of the business, by giving a privileged few the means of raising and controling the price of provisions. In the winter when the weather will permit of it, the farmer brings in his beef, and sells it by the quarter, from 3 to 4 dollars per hundred. If you go to the stall to buy, you have to pay from 7 to 12½ cts. per lb. In order to remedy the burthens imposed by the present system, I would recommend that the Common Council be applied to, to establish one day in each week as a general market day, allowing every one the privilege of selling provisions in any quantity on that day, during the whole day. By having it inspected by the Clerk of the market, in order to prevent the sale of stale and poor articles, there would be no danger of fraud.

The city of Philadelphia and several other cities have adopted the system of market days, and they have proved highly beneficial. The result would be the same here were it once adopted.—On those days provisions might be purchased for one half what we now have to pay at the market.

I.

*Employment.*—The cure for maladies is employment. "Be not solitary; be not idle!" Rely upon it, life was not given to be spent in dreams and reveries; but for active, useful exertion—exertion that turns to some account to yourself or to others; not laborious idleness.

## Legislature of New York.

TUESDAY, March 24.

### IN SENATE.

Mr. Tallmadge presented a remonstrance of the Fire Insurance Companies of the city of New York, against the proposed re-organization of the New York Fire Department.

The N. Y. and Erie Rail Road bill was again under consideration.

### IN ASSEMBLY.

Mr. Sibley, from a select committee reported the bill to incorporate the Rochester Orphan Asylum, without amendment.

On the motion of Mr. Marvin, it was resolved "That the canal board be requested to report to this House the expediency of continuing the survey and estimate of a canal route as commenced on the several branches of the Hudson river, to the State lands or such other termination as they may deem proper."

From the Detroit Spirit of '76 of March 17.

Yesterday information was received in this city, by a member of the Legislature from that district, that letters had been intercepted from the British authorities in Upper Canada, to raise the frontier tribes of Indians bordering on the shores of Lake Superior, and offering them inducements to come down "immediately, and enter into arrangements previous to commencing hostilities along the frontiers of the American States."

The manner in which this nefarious transaction came to light, is as follows: some time in the month of February, a party of adventurous traders, belonging to Ste Marie, were about leaving that place on a voyage of discovery, for the purpose of establishing themselves in business at some of our remote posts on Lake Superior, and on the eve of their departure, they were handed a package of letters addressed to the principle Chiefs of that country, with a request that they should be forwarded to them, at as early a day as possible. As most of these Chiefs were known to be rather indisposed to the Americans, and fearful that there might be something in them that would be of injury to themselves, they became suspicious, and after some consultation, they delivered them to the Indian agent, who opened them and found that they were from the British authorities—men high in power in the Canadas, inviting the Indians to repair to a certain Island in Lake Huron and there rendezvous, for purposes that would then and there be known; but urging them to come, and informing them that they would receive valuable presents, "and find employment congenial with their disposition and inclination, along the frontiers of the American States."

Those letters were forwarded to Washington immediately.

*North Eastern Boundary.*—It was currently reported in this city that Col. Worth had been ordered to proceed with his regiment to the Maine boundary. We were unable to learn whether the report was founded in truth. If it is not true we are decidedly of opinion that it ought to be. The British have beyond all question violated the agreement by which hostilities were suspended; and if they are concentrating troops in that direction we should not be wanting in similar precautions however improbable it may be that there will be any occasion for military service there.—*New York Sun.*

HORRIBLE.—The Hagerstown Torchlight states that on the 8th inst., the dead body of Susan Potter, aged 14, daughter of Mr. John Potter, of Morgan county, Va., was found on the Maryland bank of the Potomac, near McCoy's Ferry, having floated down the river and lodged there during the late freshet. On the 20th of January last, the deceased visited a house on the line of the railroad, a little above Sleepy creek and near the road, for the purpose of collecting some money due her. She left the house in the evening to go home, and had not afterwards been heard of. It is presumed she had been violated and murdered on the road by some inhuman wretch, and her body then thrown into the river. The verdict of the jury was, "that Susan Potter came to her death by the hands of some person or persons unknown to the jury."

*"You can't come it, Pete!"*—Folks say that the Editor of the New Orleans Sun once made love—which, as love often does, poured itself out in rhyme—and the history of his passion had this familiar termination:

"And when I swore I'd keep my vows,
As true as rule or square, or plummet,
She put her thumb upon her nose,
And whispered "Jummy, you can't come it!"

*Witt C. Peabody* in employ of Stone & Clark, of Ithaca, as Engraver, was arrested on Sunday last, by the Sheriff of Orleans county, on a charge of being concerned in counterfeiting. A large supply of red back bills on the Bank of Warsaw were found secreted in his room. He was examined on Monday and commited.—*Elmira Republican.*

A NEW ARTICLE FOR LADIES' DRESSES.—The gossiping Liverpool Correspondent of the New York Star, says:

The body of the Queen's bridal dress was of dead-white satin. The slip was of a new material, recently invented in Paris. The woof is of white silk, and the web of glass, spun into threads of exquisite fineness! I assure you this is a fact:—the spun glass, when thus woven with silk, makes a flexible article, and the whole appears like woven cloth of silver. The first gown ever made of it was that worn by the Queen. She has ordered a suit of drawing-room curtains in which the spun glass is to be woven with yellow silk, and the effect will be that the curtains will look like golden damask.

## Sash, Blinds, and Doors.

WILLIAM LAWTON begs leave to inform the citizens of Rochester and vicinity, that he has taken the shop and machinery formerly owned and occupied by Joseph Higgins & Co., in carrying on the above line of business. The stand is situated in the lower story of the stone building now occupied by Henry Coleman, (owned by J. I. Braithwaite) as a Wool Carding and Cloth Dressing Factory, and in the rear of Beebee & McMillin's Flouring Grist Mill, Frankfort, where he will be ready at the shortest notice to furnish the citizens and public generally, with every variety of Sash, Blinds and Doors, on the most reasonable terms. The work manufactured by the subscriber in Livingston, Co., (in which place he has carried on the above business for the last ten years) having attained considerable celebrity, he doubts not but that he can give general satisfaction to this community.

## SECOND ANNUAL MECHANICS FAIR FOR WESTERN N. Y.

*Under the direction of the Mechanics Literary Association of the City of Rochester.*

### CIRCULAR.

To the Mechanics and Artizans of Western N Y.

The first annual Fair held in Rochester under the auspices of the Mechanics Literary Association having resulted more favorably than was, or could have been, anticipated by the most sanguine, of its success, both in articles of competition and exhibition, and general benefit and utility to all concerned: This Association has therefore determined to continue this Fair annually on the first Tuesday of October, 1840.

The first effort was novel to most concerned, and consequently not as perfect in the general arrangement as could have been desired. The uncertainty of its ultimate success among the mechanical portion of the community deterred many from producing so great a variety of rich specimens of Mechanism as was desirable, and as it is confidently known can be brought forward in this section of the state. This apparent want of confidence deterred the committee from awarding premiums in any other mode than diplomas. At the next annual Fair, the first premiums will be medals; the second diplomas. Rules and Regulations to govern, will be published sufficiently early for all concerned.

The object of this Circular being merely to announce to the public the intentions of the Association, with the fullest assurance of their consummation; and a notice thus early, it was hoped, would give sufficient opportunity to each and every one to be prepared to enter their articles at the specified time—one of the most desirable objects to the committee—as the greatest annoyance they suffered at the last Fair was the lateness of the hour depositors brought in their specimens.

Will not the Mechanics of Western New York second the efforts thus making to elevate this important portion of the community by bringing into honorable competition the skill and taste of competitors; thus creating a stimulus to animate the fertile genius which might otherwise be but a latent talent "born to blush unseen." Arouse, fellow Mechanics, to the importance of the subject. Whilst the Agriculturist boasts of the rich vallies and fertile fields in the highest state of culture, yielding a golden and abundant harvest, richly repaying the husbandman for his well conducted efforts—let us by mutual good feeling and combined effort, rear the standard of improvement, and soon may we justly add to the Garden of the State the Nursery of the Arts.

It is confidently expected that the Ladies will bring in specimens of their handy-work. The splendid display of embroidery and other needle-work presented at the last Fair was highly creditable, and added much to the brilliancy and interest of the exhibition.

JOHN C. STEVENS, Chairman.
J. GRAHAM KLINCK, Secretary.

N. B.—The Plate for the Diplomas for the last Fair is completed, and they would have been sent out before this, but suitable Paper could not be obtained without sending to New York. They will be ready for distribution in a few days.

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

### READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

### THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Eschscholtzia, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Hoskins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. M. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

### THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

**INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.**

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully.

*Boston, Nov.* 20, 1831. JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May* 1, 1835.

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September* 1, 1834.

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

The above article is sold wholesale in

*New York,* by the Proprietor and all the druggists.

TO LOVERS OF COMFORT AND EASE.

### TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Gill, 512 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 260 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate invention resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the *Tooth-ache.* Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

**JAYNE'S TONIC VERMIFUGE,**

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the publicto prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched (Butternut, or some other) "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

For the Working-Man's Advocate.

Mr. Editor—The following lines, taken from the Olive Branch, and written at Wenham, Mass. by A. J. D., contain some valuable hints; and if the theories they contain were more regarded in practice, we think it would be quite an improvement in, at least, many.

## WHAT I LOVE TO SEE.

I love to see a poor young man
Take caution for his creed;
And not to ruin reckless run,
With more than rail road speed.

I love to see a married man
Contented with his lot;
And when he meets a pretty girl,
With kisses touch her not.

I love to see the married men
Not over much polite;
Especially when o'er them hang
The curtains of the night.

I love to see the pretty maid
Regard the married man
As one that cannot be too true,
And help him all she can.

I love to see the new made pair
Their pockets well survey;
And never for a paper sign
Till for it they can pay.

I love to see, when wedlock ties,
Both hearts and hands agree;
And if I ever thus am bound,
God grant it so may be.

*A Challenge and its Result.*—Writing of this genteel and *honorable* mode of settling disputes, I will endeavor to give you a description of a duel which took place in a southern city not long since; and to do the narration justice, I must inform you of its origin. One night, a stranger, a tall, bony, & powerful man stepped into the bar room of a fashionable hotel, and swaggered about to the no small amusement of the company. His costume was unique: a coarse petersham coat, dear skin pantaloons, and heavy water boots. His head was graced with a huge Mexican hat, with a brim a half a yard wide. The butts of two large horse pistols protruded from either pocket of his coat, and the handle of a bowie knife projected from under his vest. "I'm a gentleman," said he, by way of introduction. No one appeared to dispute it, and so he proceeded, "I own three thousand acres of prime land, two sugar plantations and one hundred negroes, and I can chew up the best man in this room!" Still no one disputed him, and looking round with a sneer, he exclaimed, "I've killed eleven Indians, three white men, and seven panthers; and it's my candid opinion you are all a d——d set of cowards!" With this denunciation he jostled against Doctor B. a man of high honor and unquestionable courage. The doctor immediately threw a disgraceful epithet back on him, and at the same time spat in his face. The bowie knife of the stranger in an instant glistened in the light, but the timely rush of several gentlemen prevented his plunging it into the heart of his opponent. Matters were soon brought to an understanding, and a formal challenge was given and accepted by the parties. The terms were these: The parties were to be locked up in a dark room, (the seconds remaining outside) each to be stripped of his clothing with the exception of pantaloons and the arms and shoulders to be greased with lard. Each had a pair of pistols and a bowie knife. At a given signal from the seconds, the butchery was to commence. The Doctor, who survived the dreadful conflict, stated that for nearly a quarter of an hour they kept at bay, and scarcely a tread or breath could be heard after the cocking of the pistols. At moments he could see the *cat eyes* of his antagonist, and when he was about firing they would disappear and appear again in another part of the room.

He at length fired, and, as quick as thought, the shot was returned, and the ball passed through his shoulder. In his agony he discharged his second pistol at random. The flash brought a return from his opponent, and another ball passed through the fleshy part of his thigh. Faint with loss of blood, he staggered about the room, and at length fell heavily upon the floor. The stranger chuckled when he heard the noise of his fall, but soon became silent, and slowly and softly approached his victim with the intention of despatching him with his knife. This, however, the Doctor, with much presence of mind, though barely alive, prevented—for the grey eyes of the stranger betrayed him, and while they glared like fire balls over him, he struck his knife upward, and it went through the heart of his antagonist, who fell by his side without a groan. The door was then opened, and the duelists found weltering in each other's blood.—*Western Correspondent of Bal. Clipper.*

*A Sailor's Cruise.*—One of the seamen of the ship Exchange, just arrived at this port, relates, of himself, rather a singular adventure. About 18 months ago he left Boston, in the U. S. ship of the line Ohio, and continued in her until last August. Whilst that ship was cruising in the Grecian Archipelago, he fell overboard, during a night watch, from her main chains, and, some evolution being performed on board at the time, he was not missed until the watch was mustered, two hours afterwards. The ship kept on her stately course, and left him to contend with the element, and to sink or swim, as might be his fate. Three or four hours afterwards, he was picked up by a small Greek brig, bound to Gallipoli. At that place he could not find the American Consul, and was persuaded, by the English Consul, to whom he told his story, to enter on board the English fleet, then lying off Gallipoli. Being entirely destitute, with scarcely a rag of clothes upon his person, he was about to agree to the proposition, but subsequently escaped, in a Maltese felucca, and went to Constantinople, where he entered on board a Dutch vessel, bound to Antwerp. This vessel put into Gibraltar; and there he saw, once more, his old ship Ohio, which he had left so unceremoniously some months before.

He now anxiously desired to join her again, and intreated the master of the Dutch vessel to allow him to go on board, or to send some notice to her of his whereabout. The Dutchman, being short-handed, would suffer him to do neither, and he finally had the mortification to see the gallant Ohio depart again, without him. At Antwerp, he gave himself up to the American Consul, who supplied him with clothes, and sent him on board the Exchange, for passage home. That vessel went from Antwerp to Cadiz, and has just arrived in Boston. Thus, eight months after falling overboard from the Ohio, and after so many curious adventures, he has now safely arrived at the very port from which he sailed a year and a half ago. The sailor's name is Charles Smith. He reported himself yesterday, at the Navy Yard, to Commodore Downes: by which act he will be entitled to all his wages, for the whole time of his singular cruise.—*Boston Transcript.*

SATURDAY EVENING, MARCH 28, 1840.

## CONGRESS.

Monday, March 23.—Monday is petition day, and the time of the Senate was taken up in the presentation of petitions and memorials on different subjects.

The House was mostly occupied in the same way. A suspension of the rules, in order to take up the Treasury Note Bill, was refused.

A resolution was passed, appointing a committee, with power to send for persons and papers in relation to alleged abuses of the franking privilege by members of Congress, charged upon them by the Post Master General.

Affray.—Stimson, the editor of the Buffalonian, was attacked on Wednesday afternoon, in the street, by Mr. Viele, a young lawyer, who had become exasperated at repeated attacks on his characters, in that paper. He proceeded to cudgel him soundly with a cane, when Stimson, not liking the castigation he we was receiving, drew a pocket pistol; but instead of shooting his antagonest, discharged the ball through his own hand! The parties were seperated, and thus the affray ended.

☞ The panel of jurors for the trial of Wood, in Philadelphia, was completed on Tuesday, but the cause was not proceeded in on account of the illness of one of the jurors; and the court adjourned to allow him medical attendance. Great anxiety is manifested to hear the trial, the Court House being crowded during the session.

*N. Y. Mayoralty.*—The Whigs have nominated David Graham, Jr., and the Administration party, Isaac L. Varian, as candidates for Mayor at the ensuing charter election in New York, which takes place next month.

The widow of Professor Follen proposes to publish a memoir of her husband, with selections from his works, in five numbers of 300 pages each.—The price will be 75 cents per number.

*Sudden Death.*—James Lowndes, Deputy Sheriff of New York, died suddenly of Appoplexy, on Tuesday last.

It is rumored that the authorities at Washington have decided to send a squadron to Canton without delay, for the protection of our commerce in that quarter.

*Incendiary Fire at Wilmington, Del.*—On Saturday night last, the barn of Mr. Woolaston, at Wilmington, was consumed, with five horses and two cows. An individual has been arrested for the arson.

☞ The Hartford Palladium states that Henry Johnson, a black, was committed for trial in that city, on Monday, for an attempt to kill one Dickinson, another black. The dispute was about a girl; the two having disputed which should accompany her home. Dickinson was preferred to Johnson, and the latter hastened to the residence of the girl, armed himself with an axe, and as she and Dickinson entered the door, Johnson aimed a blow at D. which cut through his hat, and wounded his head badly, and also cut him on his shoulder.

☞ The fishermen of Nahant have caught a queer specimen of the piscatory family, supposed to be some relative of the far-famed sea-serpent. It is an elephant shark.

☞ Second Lieutenant L. F. Whitney, of the U. S. Marine corps, who was recently tried by a Court Martial at Charlestown Navy Yard, was, we learn, found guilty of the charges and sentenced to be dismissed from the service; which sentence has been approved by the President. Lieut. W. is the son of Reuben M. Whitney, erewhile famous for his financial connection with the government, as agent of the deposite banks.

Large Cargo.—The splendid ship England, of eight hundred and twenty tons, Capt. Gardner, cleared from Mobile on the 12th inst. for Liverpool, with three thousand and three bales of cotton.—The same ship cleared last season with three thousand and ten bales, which is said to be the largest cargo ever carried from any port in the United States.

☞ The number of revolutions the paddle wheels of the British Queen performs in coming from Portsmouth to New York, is now ascertained with great accuracy by means of a clock attached to the machinery. During her recent voyage from Portsmouth, the number of revolutions were two hundred and ninety-one thousand eight hundred and forty-eight. Diameter of paddle wheels thirty-one feet.

☞ The proprietors of the stages upon the National Road, Pennsylvania, in consequence of frequent robberies, have placed guards upon their coaches. On the night of March 20, the guard, concealed among the baggage on the top of the coach, saw a man unbuckle a strap, and shoulder a trunk, as the coach walked up hill. The guard fired, and the fellow dropped his booty, and run howling into the woods.

☞ A murder was committed at New Orleans on the 16th inst., by a man named Chas. Reilley, keeper of a coffee house in that city. His victim was a produce merchant, named Amos St. Clair, formerly of the house of St. Clair & Turner, of whom Reilley had become jealous. Happening to meet him in the street, the latter stabbed St. Clair in five different places, and then made his escape.

☞ It is stated that in consequence of the refusal of the Winnebagoes, to remove, agreeably to the terms of their treaty with the United States Government, Gen. Atkinson has received orders from the War Department, to remove them at all hazards. He will forthwith call into active service the necessary number of troops, and repair to the present locality of the tribe.

☞ The name of the town of East Machias, Maine, has been changed by act of the State Legislature to Mechisses, that being the Indian name of the river upon which it is situated.

☞ A bill abolishing the punishment of death for the crimes of treason, rape and arson, is before the Legislature of Massachusetts. The Senate, by four majority, have ordered it to be engrossed.

☞ A nolle prosequi has been entered by the Attorney General, in the libel case of Mr. Breckenbridge, late on trial in Baltimore.

☞ At Boston, Forrester, mate of the ship Sophia, has mulcted the master, Wilson, in $50 damages, for an assault at sea.

Navigation.—The Dunkirk Beacon says: "At present a south wind would move the ice from this shore so as to open a free passage to this port. There is but very little ice above us, but unless the winds are favorable, there is enough to answer all purposes of obstruction for some time."

☞ A little girl aged eight years daughter of Mr. N. Sargent, of Newburyport, Mass., was burnt to death on Wednesday week, her clothes accidentally taking fire.

*Singular Death.* A St. Louis paper says, a colored woman, while going to a dance on Friday evening last, in the lower part of the city, was hooked by a cow, the horn penetrating the woman's eye, and causing her death in the course of a few hours.

For the Working-Man's Advocate.

THEATRE.—Mr. Dean presents an unusually attractive bill to the lovers of the Drama, this evening. The representation of "Cherry and Fair Star" and the "Forty Thieves," both on one evening, affords an opportunity seldom offered, of witnessing the greatest triumph of art, in the way of scenic display, ever before seen "in these diggings;" and we trust the manager will be amply rewarded for his efforts to please his patrons. C.

☞ Dandies are not enlisted at present for the Florida service, the old blood hounds refusing to act with puppies.

*Awful Disclosure of Five Murders in one Family!*—The Frankfort, Kentucky, Commonwealth of the 17th instant gives the following revolting particulars in a letter from Greensburgh, in that state, dated March 8. It appears there lived, in July, 1838, about seven miles from that town, an aged woman named Lucinda White, with her two sons, aged 14 and 13, and a daughter-in-law, (whose husband lives in the southern states) with an infant about 20 months old. Intending to move south in the month of July, 1838, as above, a man named Carrington Simpson undertook to convey them, and on a certain night he set off with the younger Mrs. White, the infant and the younger boy, all on pack horses. In about a mile, Simpson knocked them on the head till they were dead, and buried them in a hole two feet deep, near an old out house. The next morning the elder boy was sent off from the home of his mother, and the same night the old woman was killed and buried in the same hole, and in a week after, the older boy returning, was also killed and buried in the same place—making five human beings murdered! Suspicions lately led to the arrest of Simpson, and sixty or seventy men turned out and found the bones, and an inquest was held.—He has confessed, and implicates two others, whose names are concealed. The fiend killed them for their property, which consisted of a few beds and old furniture, altogether not worth $100. The two implicated by Simpson, and the family of the latter, have all been arrested. This deed of blood almost outherods all that has blackened the annals of our country.

## EARLY LUXURIES.

"Mine Host" of the Arcade House, who is never behind hand in furnishing his table with all the delicacies which the market affords, regaled his boarders to-day with a fine dish of Asparagus, from the garden of Dr. A. Kelsey, of this city.

I am happy to say, that the attention shown by Mr. Watson, in catering for the gratification of his guests, receives as it abundantly merits, a corresponding reward, from a discriminating public.

A BOARDER.

March 28th.

A Rare Book.—M. Thilate, an amateur of scarce books, purchased, a few days since, for a trifle, an old Virgil, at a stall on one of the quays. Having carried his purchase home, he sat down to collate it, and, to his astonishment, found, as he imagined, several leaves torn out. He was on the point of throwing the book aside, but resolved to ascertain whether the leave were actually gone, or whether the pages had been misnumbered. In doing this, he found that the leaves were there, but had been pasted together at the edges. On separating them with care, he was surprised at the appearance of three bank notes for 1000 francs each. Next day M. Thilate returned to the stall at which he made the purchase, and found that the book had been lying there only a short time before he bought it, having been sold by the son of a man who from being wealthy, and by improvidence, reduced himself to a state of abject distress, in which he had died, and whose little remnant of furniture and effects were sold by the son to defray the expenses of his father's funeral. M. Thilate having made himself acquainted with the young man's address, went to him and placed in his hands the 3000 francs found in the old Virgil.

Opening of the Navigation.—We learn that the Steamer "Transit," Captain Richardson, is already plying between Toronto and Niagara.

The Steamer 'St. Lawrence' is advertised to commence her trips on the first of April, on the south side of the Lake. She will proceed from Oswego to Lewiston on that day.

The ice on the Bay and River in front of Kingston, retains its position yet, with some considerable appearance of firmness, though the middle of the channel is partly open.—*Kingston U. C. Ch.*

Fatal Accident.—The Cincinnati Republican says: "A man by the name of Thomas Parry, a native of Wales, in the employ of Mr. C. S. Bradbury, a miller, was killed on Thursday night about 12 o'clock. While engaged in attending to some part of the machinery, his clothes must have been caught; he was drawn in & immediately crushed to death. The deceased was on his watch at the time, and the one who was to relieve him being asleep, considerable damage was done to the mill in consequence of the machinery running on without any person to attend to it. The family of the deceased, who depend entirely on him for support, is left in a destitue conditon."

☞ The Boston brokers refuse bills on the Agricultural Bank, Me. No cause assigned.

*First Fruits.*—Potatoes of this year's growth are for sale in the Baltimore Market.

## To the Afflicted.

HADLOCK'S Vegetable Powder and Syrup, for diseases of the Lungs, Coughs, Colds, Dyspepsia and Liver Complaints.

From the following certificate some judgment may be formed as regards the virtues of the above medicines.

We have respectively used Hadlock's Cough Syrup in our families for some time, and have uniformily found it the safest, most convenient, and best curative for common coughs and colds of any medicine with which we have been acquainted. We have also substantial reasons for believing that it would prove essentially serviceable to such as may be troubled with affections of the Lungs of recent or long standing.

## Sash, Blinds, and Doors.

WILLIAM LAWTON begs leave to inform the citizens of Rochester and vicinity, that he has taken the shop and machinery formerly owned and occupied by Joseph Higgins & Co., in carrying on the above line of business. The stand is situated in the lower story of the stone building now occupied by Henry Coleman, (owned by J. & R. Braithwaite) as a Wool Carding and Cloth Dressing Factory, and in the rear of Beebee & McMillin's Custom Grist Mill, Frankfort, where he will be ready at the shortest notice to furnish the citizens and public generally, with every variety of Sash, Blinds and Doors, on the most reasonable terms. The work manufactured by the subscriber in Livingston, Co., (in which place he has carried on the above business for the last ten years) having attained considerable celebrity, he doubts not but that he can give general satisfaction to this community. ## SECOND ANNUAL MECHANICS FAIR FOR WESTERN N. Y.

*Under the direction of the Mechanics Literary Association of the City of Rochester.*

### CIRCULAR.

To the Mechanics and Artizans of Western N Y.

The first annual Fair held in Rochester under the auspices of the Mechanics Literary Association having resulted more favorably than was, or could have been, anticipated by the most sanguine, of its success, both in articles of competition and exhibition, and general benefit and utility to all concerned: This Association has therefore determined to continue this Fair annually on the first Tuesday of October, 1840.

The first effort was novel to most concerned, and consequently not as perfect in the general arrangement as could have been desired. The uncertainty of its ultimate success among the mechanical portion of the community deterred many from producing so great a variety of rich specimens of Mechanism as was desirable, and as it is confidently known can be brought forward in this section of the state. This apparent want of confidence deterred the committee from awarding premiums in any other mode than diplomas. At the next annual Fair, the first premiums will be medals; the second diplomas. Rules and Regulations to govern, will be published sufficiently early for all concerned.

The object of this Circular being merely to announce to the public the intentions of the Association, with the fullest assurance of their consummation; and a notice thus early, it was hoped, would give sufficient opportunity to each and every one to be prepared to enter their articles at the specified time—one of the most desirable objects to the committee—as the greatest annoyance they suffered at the last Fair was the lateness of the hour depositors brought in their specimens.

Will not the Mechanics of Western New York second the efforts thus making to elevate this important portion of the community by bringing into honorable competition the skill and taste of competitors; thus creating a stimulus to animate the fertile genius which might otherwise be but a latent talent "born to blush unseen." Arouse, fellow Mechanics, to the importance of the subject. Whilst the Agriculturist boasts of the rich vallies and fertile fields in the highest state of culture, yielding a golden and abundant harvest, richly repaying the husbandman for his well conducted efforts—let us by mutual good feeling and combined effort, rear the standard of improvement, and soon may we justly add to the Garden of the State the Nursery of the Arts.

It is confidently expected that the Ladies will bring in specimens of their handy-work. The splendid display of embroidery and other needle-work presented at the last Fair was highly creditable, and added much to the brilliancy and interest of the exhibition.

JOHN C. STEVENS, Chairman.

J. GRAHAM KLINCK, Secretary.

N. B.—The Plate for the Diplomas for the last Fair is completed, and they would have been sent out before this, but suitable Paper could not be obtained without sending to New York. They will be ready for distribution in a few days.

**New Exchange Office,** Under the Rochester House.—I have lately made arrangements to accommodate the public in a way hitherto unknown in this city. I have on hand *new and good second-hand CLOTHING*, which shall be sold or exchanged to suit the TIMES.

## Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 33 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

### READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainbd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the permission of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Hastins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Stendman, Miss L. Reward. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 281 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.

DANIEL GODDARD, No. 8 GOLD ST. NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,

*Boston, Nov.* 20, 1831. JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May* 1, 1835.

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September* 1, 1834.

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Seavy, Pleasant Street, N. Tolman, 280 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove this tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, as fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the counts of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical herb known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system only by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned; and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

**Brandreth's Pills**

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

LORDS BROUGHAM AND MELBOURNE.—We quote the following anecdote from the Metropolitan:—'Melting with a Scotch baronet at Tours last summer, we learned the following circumstance illustrative of the 'ancient intimacy' which existed between Lords Brougham and Melbourne. Upwards of thirty years ago Sir George S. Mackenzie, of Coul, in Rosshire, was waited upon at his house one day by a messenger from the inn (or change house) to tell him that two gentlemen were at the said hostelry, and were desirous of speaking with him. The baronet repaired to the spot, and on entering the cottage saw to his surprise his college acquaintance, Mr. Henry Brougham, dressed in a kilt, sitting with his feet upon a pail of water, and by his side Mr. William Lamb, apparently very tired and woe-begone. After the usual congratulations, the travellers stated that they were on a pedestrian excursion in the Highlands, and were considerably fatigued. The gentleman then pressed to go to his house, but this they declined. Some whiskey was called in, and after the glass had circulated a short time, and many a pretty remark and lively sally had been made, the two strangers, little dreaming, we dare say, that one was to be Prime Minister and the other Lord Chancellor of England, slung their knapsacks on their backs and departed. It is a pity that courts or debates should come between a friendship of so old a standing, and cemented by kindly thoughts and offices thirty years since among the Highland hills. The energy and perseverance of Brougham at this time led all who knew him to predict his future greatness; and one gentleman in Glasgow, Mr. Jardine, bet ten guineas to one that Brougham would be a Cabinet Minister. The merchant did not live to see this realised; but so firm was his conviction that it would take place, that he left a memorandum in his will, stating that the ten guineas were to be paid over to the Glasgow Infirmary. This was actually done after Lord Brougham's elevation to the wool-sack. Mr. Jardine's son (who told the circumstance) was a Scottish advocate, or barrister, and is now a sheriff in Scotland."

THE PAST.—*Memory* is like moonlight, the reflection of brighter rays emanating originally from an object no longer seen; and all our retrospects toward the past time, as well as our individual remembrances, partake in some degree of the softending splendor which covers small faults and imperfections by grand masses of shade, and brings out picturesque beauties and points of interestwith apparentlybrighter effulgence than even when the full sunshine of the present beaming upon them, suffers at the same time the eye to be distracted, and mind otherwise engaged by a thousand minor particulars. Nothing gains more, perhaps, from the impossibility of close inspection than the manners, the customs, and the things of the past; and, in some instances, even Nature herself, and Time, that enemy of man's works in general so remorseless, seem to take a fanciful pleasure in assisting the illusion. That which was in itself harsh and rude in form, acquires, as it decays, picturesque beauty which it never knew in its prime; and the rough hold of the feudal robber, which afforded but small pleasure to behold, and little convenience to its inmates, is now seen and painted with delight, fringed with wild flowers scattered from natures bountiful hand and softened with the green covering of the ivy.

HUMBUG.—Waterhouse, while Professor of Natural History in Havard University, some years ago, made an artificial *insect*, to the limbs of which he could communicate motion while he held it in his hand. After exhibiting it to the class he was lecturing, and permitting every pupil to inspect it, none of whom could tell to what class of insects it belonged, though they all believed it to be a real living creature, the Doctor thus addressed them:—"I suppose, young gentlemen, you wish to be informed of the name of this bug; had you examined it more attentively, you would all have perceived that it was a *humbug*."

"Dick," said his master to his servant, 'have you fed the pigs?' 'Yes massa, me fed um.' 'Did you count them, Dick?' 'Yes, me count 'um all but one.' 'All but one?'—'Yes massa—all but one—dare be one little speckled pig he frisk about so much me couldn't count him!"

A fellow asked the meaning of 'Reward,' the other day. 'Why,' said another, "it means sometimes five dollars and sometimes ten, and I have known it run up as high as fifty."—*Maummee Express.*

A school boy in the Literary Emporium, being asked to define the word admission, said it meant twenty-five cents and children half price. Ha! good.

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

MONDAY EVENING, MARCH 30, 1840.

BANK RESUMPTION.—The committee of conference on the bank resumption bill, in the Pennsylvania Legislature, have reported a lengthy substitute containing, among others, the following provisions:

"§ 10. The banks to resume specie payments on the 1st of October next, or forfeit their charters at the instance of any one to whom gold or silver has been refused, making oath or affirmation before any Judge of the county. Complaint to be heard on 10 days notice, and if found true, to be filed in court, who, by a mandamus directed to the sheriff, shall close the bank, and give its effects to trustees."

"§ 21. After the first of February next, the amount of notes issued shall at no time exceed the ratio of $3 for $1 in specie in the vault, under a penalty of double the excess on the officers, for the use of the commonwealth, exempting officers who are absent or do not consent."

The vote for officers by *proxy* is also prohibited.

D. Graham, Jr., has declined the nomination for Mayor of New York, and J. P. Phenix is nominated in his stead.

The Dry Goods Dealers in Buffalo have entered into an agreement to make no display of their articles outside of their stores for the future.

DAN MARBLE has had an invitation from a number of the citizens of Buffalo, to partake of a public dinner. He declined, his engagements elsewhere calling him away.

☞ The Judges of the Supreme Court in Vermont have directed that the murderer Holmes, be retained in jail to await the further order of Gov. Jennison.

☞ The Governor of Mississippi has issued a proclamation warning capitalists not to purchase the State bonds held by the Union Bank.

*Musical.*—On Monday evening last, the opera of *Der Freischutz*, was performed in Philadelphia, with all its original music and choruses, by a corps of German vocalists.

☞ The crew of a schooner supposed to be the Thomas H. Jenks, bound from North Carolina to the West Indies, were taken off the wreck, and carried to Liverpool, by the Jupiter, Capt. Carter, on her recent passage out from Charleston. The men were in the last stage of destitution, having nothing but a little salt beef and water to live upon.

☞ It is said that a wealthy Jew, a brother-in-law to the Rothschilds, is endeavoring to negotiate for a tract of land in Palestine, for the purpose of planting a colony of Jews there, preparatory to the final restoration of that dispersed and persecuted people to the land of their fathers.

The Nantucket Inquirer states that one of the whale-ships which has recently arrived there from the Pacific, is estimated to have cleared more than a dollar an hour, besides interest on cost, &c., from the time she sailed, until the arrival home. About twenty Nantucket whalers are expected home this year.

MELANCHOLY!—Forty weddings were lately consummated in one week in one of the northern counties of Mississippi. The opinion prevails that heavy pecuniary embarrassments drove them to this last act of desperation.

*Horrible.*—A daughter of Dr. Bushman, of Boothbay, Maine, was lately bitten in the foot by a green lizard, and although she lingered 21 days, she died in the greatest agony—the whole left side having become paralyzed. It has been generally supposed that the lizard was harmless.

*The Bloodhounds.*—The last Tallahasse Floridian says—"We regret that Mr. Poinsett has taken the course he has about the dogs. He is mistaken. They were *intended* by the people, at whose instance Gov. Call imported them, to "*worry*," to "*hunt*," to "*bite*," to "*tear to pieces*," all the red devils they can catch."

*Attempt to Murder an Editor.*—An attempt was lately made to murder William G. Brownlow, Esq., a clergyman of the Methodist church, and the Editor of the Elizabethtown, Tenn., Whig. While he was sitting at his fireside writing, a gun was fired at him through the window, and one of the two balls with which it was loaded passed within a few inches of his breast. He pursued the ruffian with a pistol, and fired at him as he was about to mount the fence, but the fellow escaped.

*Success to Rail Roads and Steam.*—Several travellers made the trip from Cuba via Charleston, and rail road to Wilmington, N. C. to New York, a few days since, in *seven days*. They had a 4 days passage from Havanna to Charleston, and 3 days from thence to New York, passing over the Wilmington and Weldon rail road.

☞ The bark Burlington, Captain Hallet, of Boston, 32 days from New Orleans, for Havre, was struck by lightning at sea on the 10th inst., and consumed. All hands were saved by the ship St. James, Captain Sebor, which arrived on Wednesday. She had 1553 bales cotton on board

*Destructive Fire.*—The Eatonton (Georgia) Factory was destroyed by fire on the 12th. Loss about $70,000—no insurance.

☞ We insert to-day, by request, the Regular Toasts drank at the celebrations at the United States Hotel and Col. Gallery's on the 17th inst.

At the States, Henry O'Reilly, Esq., after some neat and appropriate remarks, read the following:

*The Emerald Isle*—Though distant long and far from its friendly shores, the memory of it flourishes with perennial verdure in our hearts.

Exile of Erin.

*The land we live in.*—May the galling tyranny exercised over their native land, teach all true-hearted Hibernians to appreciate more highly the blessings of free government in this happy Republic.

Hail Columbia!

*The Memory of Robert Emmett*—May his "Epitaph" soon be written on the Pillar of Irish freedom.

"O breathe not his name."

*The Memory of Washington.*—One of "the few, the immortal names, that were not born to die!"

THEATRE.—It is gratifying to find that there are those among us who will cheerfully contribute the best of their exertions for the benefit fixed for this evening. In addition to Marble, we learn that the valuable services of Mr. R. Sifler are to be had, which will ensure a good house; and likewise, those of Mr. O. H. Etheridge, whose voluntary assistance will no doubt draw the fashion of our city to the theatre this evening to witness his debut.

With all the novelties set forth in the bill, we anticipate a good benefit for Mr. and Mrs. Rice, who will add a zest to the entertainment which will be truly interesting and agreeable.

## CONGRESS.

In Senate, on Wednesday, March 25, joint resolutions from the State of Michigan were presented, pressing the immediate passage of a bankrupt law. An answer from the Treasury Department was received to Mr. Webster's resolution offered on Monday. It is stated that none of the Treasury Notes, issued under any of the acts, have been deposited in Banks for the purpose of raising a credit.

In the House, the great battle between the two parties was made a drawn game. The Administration men had protested that the treasury note bill should be reported from the Committee of the Whole, before the adjournment of the House. The Whigs on the other side had determined to prevent it. Our report yesterday left the House in session at four o'clock on Wednesday morning. It continued in session, and the absentees were brought to the bar of the House. After daylight a quorum was obtained, and the House went into committee on the sub treasury bill again. A motion was made that the committee rise, and upon putting the question, the Whigs refused to vote, and there was no quorum. Another call of the House was resorted to, and at ten o'clock a quorum was ascertained. Mr. Barnard, of New York, made a speech of several hours against the bill, and was followed by Mr. Goggin, of Virginia, on the same side. About half past three Mr. Duncan, of Ohio, took the floor, and commenced an elaborate reply. A motion was made that the committee rise and report, and again it was found that there was no quorum. After an hour or two longer spent in calling for the yeas and nays, on various points, the two sides came to a compromise. The House adjourned, the Administration men agreeing to it, on condition that the bill should be reported at six o'clock on Thursday evening.

During all this long session, from 11 A. M. one day, till between 4 and 5 P. M. the next, the members were in perfect good humor. During the last hours of the session they were too sleepy to be troublesome; and many of them were stretched out on setters and chairs, undisguisedly and openly in the arms of Morpheus. Others dosed in their seats; and how gentlemen could make long speeches to such an audience we cannot conceive.—*Dispatch and Tattler.*

## Legislature of New-York.

THURSDAY, March 25.

### IN SENATE.

Mr. Root offered the following resolution:

*Resolved*, That the committee on the judiciary do enquire into the expediency of passing a declaratory act, declaring that Judges of County Courts cannot hold their office for a longer period than five years, nor Masters and Examiners in Chancery, longer than three years after their appointments, and that the same committee have leave to report by bill, or otherwise."

The bill to provide funds for carrying on the public works now in progress, was passed.

### IN ASSEMBLY.

After a lengthy debate, the N. Y. Registry Bill was passed by a vote of 57 to 42.

THE HUMAN LUNGS.—The structure and functions of the lungs in human subjects has long been a chief study of Doct. Majendie, of Paris, and by very numerous dissections of this organ in its ordinary and also in its phthisically diseased state he has ascertained that the tissues or cellular coats of the lungs are almost entirely composed of the minute branches of blood vessels, of the pulmonary arteries and veins, anatomising or connecting with each other. The cells of the lungs diminish in number but increase in size with considerable regularity, from childhood to old age, the increase being greatest, where a cough has attended the individual. That on the whole, aged people consume much less oxygen, and consequently have less animal heat, and are less able to resist cold than the young. Dr. Majendie has found, that the beginning of phthisis, or consumption, is owing to the small parieties of the pulmonary blood vessels secreting a greyish yellow matter, in one or more of the cells of the lungs; this, in some cases, is moveable, and the patient coughs it up, and recovers; but much too frequently it increases, adheres to the small vessels, gradually obliterates them, and the whole globe at length becomes tuberculous, or formed of greyish yellow matter. Considering thus the commencement of consumption as only an alteration in the habitual secretion of the vascular tissues of

SECOND ANNUAL MECHANICS FAIR FOR WESTERN N. Y.

*Under the direction of the Mechanics Literary Association of the City of Rochester.*

**CIRCULAR.**

To the Mechanics and Artizans of Western N Y.

The first annual Fair held in Rochester under the auspices of the Mechanics Literary Association having resulted more favorably than was, or could have been, anticipated by the most sanguine, of its success, both in articles of competition and exhibition, and general benefit and utility to all concerned: This Association has therefore determined to continue this Fair annually on the first Tuesday of October, 1840.

The first effort was novel to most concerned, and consequently not as perfect in the general arrangement as could have been desired. The uncertainty of its ultimate success among the mechanical portion of the community deterred many from producing so great a variety of rich specimens of Mechanism as was desirable, and as it is confidently known can be brought forward in this section of the state. This apparent want of confidence deterred the committee from awarding premiums in any other mode than diplomas. At the next annual Fair, the first premiums will be medals; the second diplomas. Rules and Regulations to govern, will be published sufficiently early for all concerned.

The object of this Circular being merely to announce to the public the intentions of the Association, with the fullest assurance of their consummation; and a notice thus early, it was hoped, would give sufficient opportunity to each and every one to be prepared to enter their articles at the specified time—one of the most desirable objects to the committee—as the greatest annoyance they suffered at the last Fair was the lateness of the hour depositors brought in their specimens.

Will not the Mechanics of Western New York second the efforts thus making to elevate this important portion of the community by bringing into honorable competition the skill and taste of competitors; thus creating a stimulus to animate the fertile genius which might otherwise be but a latent talent "born to blush unseen." Arouse, fellow Mechanics, to the importance of the subject. Whilst the Agriculturist boasts of the rich vallies and fertile fields in the highest state of culture, yielding a golden and abundant harvest, richly repaying the husbandman for his well conducted efforts—let us by mutual good feeling and combined effort, rear the standard of improvement, and soon may we justly add to the Garden of the State the Nursery of the Arts.

It is confidently expected that the Ladies will bring in specimens of their handy-work. The splendid display of embroidery and other needle-work presented at the last Fair was highly creditable, and added much to the brilliancy and interest of the exhibition.

JOHN C. STEVENS, Chairman.
J. GRAHAM KLINCK, Secretary.

N. B.—The Plate for the Diplomas for the last Fair is completed, and they would have been sent out before this, but suitable Paper could not be obtained without sending to New York. They will be ready for distribution in a few days.

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

### READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

Z. B. PORTER.

Rochester, Jan. 1, 1840.

P. S. The above Liniment is neatly put up in bottles and labled, with directions for use. None is genuine, unless my name is affixed in my own hand writing. Z. B. P.

## THE GREAT INDIAN REMEDY FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Asclepias tuberosa, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the persuasion of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, where we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Esqr., Me., Thos. Hankins jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 61 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

## GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 421 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,

*Boston, Nov. 20, 1831.* JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May 1, 1835.*

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours &c. JOSEPH BRADLEE.

*Boston, September 1, 1834.*

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

## TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy?

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 63 Washington Street, Miss Mary Beavy, Pleasant Street, N. Tolman, 300 Washington Street, George Melvill, Lucas Place, Pitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States.

**Important to the Afflicted!**

JAYNE'S INDIAN EXPECTORANT.—For Coughs, Colds, Consumption, Asthma, Spitting of Blood, Bronchitis, Hoarseness, Pains and Weakness of the Breast, and all diseases of the Pulmonary Organs, is decidedly superior to any other medicine now before the public, as the daily increasing demand, and the universal approbation of those who have tested its virtues, fully demonstrate.

JAYNE'S TONIC VERMIFUGE,

for Worms, Dyspepsia, and all diseases of debility of the Stomach and bowels, has fully met the expectations and wishes of those who have given it a trial.

The subscriber having had the Agency for the above valuable Medicines, only about four months, is happy to assure the public that the general satisfaction given, and the many cures performed, that have already come to his knowledge, have created an anxiety to have their virtues more extensively and generally known—many certificates have already been obtained, and many more, from persons of the highest respectability in this city, could be obtained, if necessary; to those persons, however, I have the honor of being permitted to refer.

A gentleman of this county, of unquestioned veracity, called upon me a few days since and assured me that he had been laboring under dyspepsia so severely as to be confined to his room, that no medicine had the desired effect until he obtained of me two bottles of the 'Vermifuge,' which have entirely restored him to his usual health. Facts speak for themselves!!

HENRY SCRANTOM,
opposite the Eagle Tavern, Buffalo Street, only
nov19tf Agent for the county of Monroe.

IT is now little more than 8 years since we discovered from the aborigines of our country, the medical nero known as Mother's Relief is made; since that time, we have contented ourselves in letting it be its own advertiser; and we would still adhere to this resolution first formed, if we were not compelled to believe that there are persons so unprincipled, and so reckless of the health and lives of the unsuspecting and confiding, as to endeavor to palm off under its name, useless, if not baneful compounds, and thus not only disappointing the just expectations of those who use it, but we fear, doing in many cases, much injury.

As we are informed that there are such compounds now offered at various places, and by different persons, we would caution all who are interested, to be particular to inquire for **Bartholick's Mother's Relief,** and purchase of no persons except they can show a certificate of agency, signed by G. A. BARTHOLICK & Co.

As the subject cannot, with propriety, be enlarged upon in the form of a newspaper advertisement, permit us to say that all who have the Genuine article for sale, are also furnished with a pamphlet for gratuitous distribution, wherein the subject is more fully discussed, in which its '*modus operandi*,' is demonstrated to be upon true Physiological data, operating upon the system *only* by restoring the deranged functions to their natural condition; allaying the febrile and irritable symptoms, thus aiding and assisting nature in her effort to prepare the system for the important change about to take place. This pamphlet will be given to all who wish, but it is intended to be read only by those who are about to become mothers, or their physicians.

As we are thus obliged to come before the public to prevent a wicked and reckless imposition, we will take the occasion to say, that if the increase of the call for the Mother's Relief, wherever known, be any guide to a correct opinion to be formed of the estimation in which it is held, we have the satisfaction of believing that it has been the means of alleviating an infinite amount of suffering and of saving many valuable lives. Wherever it has been used during the above period, deep rooted prejudices have given away to candid and thankful expressions of gratitude, and a wish to extend, on their parts, as far as possible, its benefits. Medical men of high standing, have had the candor to acknowledge for once, that their prejudices must be abandoned, and have been advocates for its use.

All those who wish, are invited to call at some of our Agents and procure a pamphlet, without charge.

BRANDRETH'S PILLS.—No article has ever appeared before the American public as a family medicine, or genuine purifier of the blood, that has been so highly approved of, and acquired such universal celebrity as these pills—their virtues have only to be known, to be appreciated, and that they are appreciated wherever known, is evident, from the fact that the demand for them is constantly increasing—the decided preference given to these pills over every other—the unexampled success that has invariably attended them, together with the course pursued by Dr. Brandreth in supplying none but regularly authorised Agents—and keeping such agency out of the hands of Quacks and Druggists, has brought down the dire vengeance, and united opposition and attacks of these two professions—the former have in vain attempted to imitate their virtues, and with tremendous names and titles, and far-fetched [Butternut, or some other] "extracts" have compounded pills, the mighty powers and qualities of which, Doctor Brandreth's "Grandfather" never dreamed of, while the latter, have the unblushing impudence to sell Counterfeits which they know, and have in numberless instances been proved to be, good for nothing, and when threatened with prosecution, refunded the money—every candid, reflecting man can judge of the impropriety [to say the least] of such reckless conduct—the genuine

stand upon their own merits, and are not dependant for success upon labored puffs or manufactured certificates. That the country is literally flooded with quack nostrums, and useless trash, called medicine, is no secret, neither is it a secret that the genuine Brandreth's pills belong not to that class of medicines.

## THE RIVAL BROTHERS.

(A Tale of the Revolution.)

BY MRS. CHILD.

"It is a fearful tale—yet true."

It was in the middle of one of the most delightful days in June, that I commenced a short journey, which led me through the cool sequestered forests on the eastern shore of Massachusetts. Few things are more enchanting, than to saunter through the woods during a summer's noon. Nature, enjoying the deep tranquility of a most voluptuous repose, the gay warbling of the birds, changed for that occasional twitter which speaks the full enjoyment of their tiny hearts, more plainly than the rich burst of their morning song; the very butterflies, like gay coquettes, weary of conquest, closing and spreading their gorgeous wings in languid indifference; the deep shade; the drowsy splendor mantling the distant hills; all these bring to me a delicous sense of quiet existence, which no other scene produces.

During my ride, every thing tended to heighten this feeling to the utmost. I could not mistake that I was in the land of my forefathers. Even Nature bears the aspect of those venerable heralds of our freedom; and Time, while he has led wealth, taste, and fashion, through all our favored land, has passed by these secluded spots with religious awe, and scarcely brushed the antiquated scene with noiseless wing. Faces you meet are as a title page, on which "by gone days" are written; the children have the reverential demeanor of olden times; the sea breeze murmers through the wood, with more of psalmody than song; and the very moss-grown stoaes have an air of Puritan sanctity.

My companion was one with whom I was too familiar to strive to be agreeable; and they, who cannot be eloquent when effort is unnecessary, may forever despair of the power. Conversation is always delightful when, the thoughts spring spontaneously from the tongue, attended with all the contagious exhilaration of wit and talent; but is is even more delightful, when catching its tone from surrounding objects, flows gently on, deriving new charms from the scene around and new interest from the circumstances under which we enjoy it. Such a conversation I was at this moment listening to from my companion, and every instant with increasing pleasure. It was suddenly interrupted by the appearance of one of the most frightful and loathsome-looking objects my eyes ever beheld. The lofty and projecting forehead, and the bold, rigid contour of the head, all indicated the possession of prodigious power; and the 'spark of hell burning in his eye,' proved that power had been exerted for the prince of darkness. He was clothed in the tartared drapery of exceeding poverty; and deeply had age graven upon his iron visage the lines of guilt and passion. The painter and sculptor could not have found a more fitting personification of pestilence or crime.

At sight of us, he darted into the woods with that instinctive aversion which ever leads the fallen spirit to shun a purer nature. My companion knew him well; and at my request, repeated the terrible incidents of his life. As nearly as I can recollect they are contained in the following story.

Among the numerous families who worship the Lord in the beauty of holiness in 1726, few, even in the days of primitive devotion, were more blameless in life and conversation, than those of Eliphalet Warren and Louis Leslie. Their dwellings joined each other; and their children had grown up together, healthy and beautiful, as the trim shrubbery around their doors. Frances, the only daughter of the widow Leslie, was the sweetest little wild flower that ever breathed fragrance on this sinful world. Seldom has nature blended in countenance two striking characteristics of loveliness. Mildness was the prevailing expression; and it was not until we had looked again upon her large blue eye, that it revealed its depth of meaning. Thought was there, not in the grandeur of beaming inspiration, but tranquil as the waveless lake, pure as the intelligence of angels, and joyous as infancy in its happy dreams. There is a nameless light in this spiritual kind of beauty. It comes from the sun of a world brighter and holier than our own. The painter, poet, sculptor, have never embodied it; and nature with all her radiance, her bloom and purity, affords no metaphor. The mother, faded and careworn, was still such a one as once seen, could not easily be forgotten. Her face manly, but not masculine, in its outline, and energetic in its expression, indicated the possession of vehement feeling; but its serious and somewhat severe aspect, told that youthful enthusiasm had been checked by many sorrows, and that the waves of affliction, checked on every side, had worn a channel deep into the soul. An only son, the stay and staff of her old age, recently returned from the American camp, exhausted by long and painful illness, completed the number of their affectionate household.

Mr. Warner, a rigid, but kind-hearted old man, had long been deprived of the partner of his youthful days. It was strange for one apparently so harsh in his nature, but though his hand and his heart were ever open to his neighbor, and tho' his eye lighted up with all a father's joy while Frances stood before him in all her loveliness, yet his thoughts were ever with her who slept the last sleep and the old man lived in the bosom of his family, estranged from all others save the widow and her charming daughter. Two sons were all that remained to him, and they were a most striking instance of dissimilarity of characters, produced by the same education, and in the same habits of life. That intellect differs in native vigor in various individuals, and is strong in any peculiar department only from the accidental direction of attention, has been abundantly proved; but supposing the mind to be thus bent by circumstances and situation, how hard it is to trace the hidden causes, which create in the same family such various modifications of moral purity and mental force.

Joseph and William Warner looked as unlike each other as they really were in pursuits and inclinations. Joseph was dark, lowering, and designing; with eyes deeply set, and looking out from beneath their shaggy brows, like the fiery balls of a tiger hidden in the clifts of a precipice. William's complexion was likewise dark, but his expression was extremely noble and ingenuous, and his face had much of fresh youthful beauty. Joseph was furious Tory; William a firm and decided Whig. Both were the declared lovers of their fair neighbor; and both had been told by their judicious mother to wait for more peaceful times, and until maturer years should enable her to judge discreetly and decide wisely. In habits of unreserved intimacy with both—treated as a cherished sister by William, and the alternate object of the most headstrong love, and the most taunting jealously of his fiery brother—it seemed for a long time doubtful how the balance would turn.

WORKING-MAN'S ADVOCATE.

"We join to Protect—not to Injure."

TUESDAY EVENING, MARCH 31, 1840.

*Northeastern Boundary.*—On Thursday the President communicated a message to the Senate with the recent correspondence between Mr. Forsyth and Mr. Fox on this troublesome question.

Mr. Fox commences by complaining of infraction by the people of Maine, of the agreement of last Spring, by taking possession of certain parts of the disputed territory. The Courier and Enquirer's correspondent gives the following summary of the remainder of the correspondence:

Mr. Forsyth replied, by reviewing the character, terms, and stipulations of the compact, and of the situations of the respective parties. He denies that any encroachments have been made on the "*disputed territory*," by the state of Maine; and after charging that the British have been guilty of palpable violations of the arrangement, and requiring them to retrace their steps, he protests against all such proceedings, and intimates that they will not be tolerated by this government. He further states that no abandonment of the treaty of 1783, in reference to the boundary line, will be admitted by the United States, unless with the consent and approbation of the state of Maine. Both parties, however, refer to the pending propositions for an adjustment of the difficulties, expressing a hope that the result may prove auspicious.

Mr. Fox replies, without introducing any new argumenis, or presenting different suggestions from those heretofore presented, except that he remarks he shall have nothing further to communicate, until he receives new or additional instructions from the Queens government.

LAKE NAVIGATION.—*First Steamboat arrival at the Port of Rochester.* The new Canadian steamboat GORE, arrived from Cobourg last evening. We understand it is the intention of her owners to have her run regularly between this city and some of the Canadian ports three times a week.

The Schooner Peacock, Capt. Voller, has already made several trips between Toronto and this place.

*Quite a Trifle.*—The St. Augustine Herald of the 20th inst., states that information had just been received that a waggon Train from Post No. 2, on its way to Micanopy, escorted by some of Lieut. Hanson's men, (who commands Post No. 2,) were attacked by Indians, and two of the escort, the teamster, and one or two of the mules *killed*. The bodies were much mutilated.

*Bold Procedure.*—Thirty-two physicians of St. Clairsville, Louisiana, and its vicinity, have threatened to refuse medical attendance to any one who shall support the bill before the Legislature of that State, making disinterment of dead bodies for dissection a State Prison offence.

☞ A large steam-turning and machine shop in Sterling Alley, Philadelphia, occupied by Mr. McFadden and Mr. Baker, was consumed on Wednesday. The loss of the two occupants is about $11,000, of which about one half was insured.

*Singular.*—An elderly woman, though apparently in good health, applied a few days since to a cabinet maker, in Germantown, to take her measure for a coffin. She requested that it might be made four inches longer than her body, as she had seen a corpse whose "flesh cracked" for the want of sufficient room.

A Mr. Sanders and his son, of Littlestown, Pa., were so dreadfully wounded and mangled, a few days since, by the premature explosion of a blast, that neither is expected to live.

*A Fair Hit.*—The Grand Gulph Advertiser says the Legislature of Alabama have conferred Banking privileges upon the *Penitentiary*, about to be erected in that State.

A Mrs. Macauley died at Philadelphia of lockjaw, produced from a beating which her husband had inflicted upon her a few days previous.

*Removal of Indians.*—The Correspondent of the N. Y. Courier & Enquirer states, that in the Senate on Thursday a treaty with the Seneca Indians, in this State, was ratified and confirmed.—By this treaty the Indians are to be removed to the far west, and will receive 320 acres of land each, and $400,000 in money.

*Riot.*—At the Whig meeting in New York on Friday night, in favor of a Registry Law, a serious riot occurred. Six of the rioters were arrested, and sent to the watch-house, but were released by Assistant Alderman O'Neil.

The report of the committee of Conference, in the Pennsylvania Legislature, has been rejected by the House by a vote of 49 to 45.

*Straws, &c.*—It is said that the New York Insurance Companies are inserting a clause in their policies providing for the contingency of a war with England.

☞ The Hon. Geo. Hull, the whig nominee, declines being a candidate for re-election as Lieut. Governor of Massachusetts.

Why is hanging not a death? Because it's merely a "suspension."

The reported loss of the Bunker Hill steam boat on the Sound, proves unfounded.

*Boring.*—A Dutch woman, at New Orleans, was discovered on the Levee, purloining the contents of coffee bags by means of a child concealed under her ample petticoats, and who was found boring away through the canvass as busy as a bee.

For the Working-Man's Advocate.

## THE ROCHESTER HOUSE.

MR. EDITOR—This establishment is now under the management of Mr. H. A. CHASE, formerly the popular host of the Auburn House, who has, I understand, leased it for a term of years. Of his ability to conduct a public house, all who have ever been his guests, speak in the most flattering terms. Of his character, all who have ever gained his acquaintance, testify that he is a gentleman of the "right sort"—one who will ever be an ornament to the community in which he lives, and rightly calculated to please all who may honor him with a call. He is making many improvements in the house, rendering it convenient, airy and clean. His rooms will all be finished in the best of style;—his servants always gentlemanly and attentive. Of his table I shall say but little, for I consider my ability to judge too limited.—Let the man who prides himself upon eating good dinners and "*genteel fixings*," be once seated at his table, and at the first glance of the good things by which he is surrounded, he will be very likely to say, that his "*greatest earthly wish is gratified.*" His dinners will show for themselves. Let all who are inclined partake thereof, and judge accordingly. Your's, &c., S.

CONGRESS.—After its long pull on Tuesday, Tuesday night, and Wednesday, a session of twenty-nine consecutive hours, the House met on Thursday at 12. The New Jersey matters were as usual discussed; and the Treasury Note Bill was then taken up in committee of the whole. It was debated several hours, and made the special order for Friday. The Senate spent the day on the Seneca Treaty and Cumberland Road Bills.

The reception of the Boundary correspondence in the Senate gave rise to some very warm speeches, particularly from Mr. Williams of Maine, and Mr. Davis of Massachusetts. Mr. Webster also spoke upon it, and urged the necessity of an adjustment of the question. In the House Mr. Pickens spoke in allusion to this matter, while the Treasury Note Bill was under discussion. He said that the country is in danger, and there is no time to waste in party speeches. The House was still in session at eight o'clock.—*Dispatch and Tattler.*

*Latest from Canton.*—By the Albion, Captain Lovett, arrived yesterday, dates from Macao have been received to December 3d. No farther acts of violence had occurred between the Chinese and the British, but the prospect of the widening of the separation was increasing. An edict has been published, declaring that all foreigners who refuse to sign the bonds required by the high commissioner, before the 6th of December, should be expelled from the country, and never afterwards be allowed to trade there.—*Dispatch.*

*Description of the Cathedral at Milan.*—This cathedral is a most astonishing work of art. It is built of white marble, and cut into pinnacles of immense height and the utmost delicacy of workmanship, and loaded with sculpture. The effect of it piercing the deep blue with solid groups of dazzling spires, relieved by the depth of this pure Italian heaven, or by moonlight, when the stars seem gathered among those clustered shapes, is beyond any thing I had imagined architecture capable of producing. The interior, though very sublime, is of a more earthly character, and with its stained glass and massy granite columns loaded with antique figures, and the silver lamps that burn forever under the canopy of black cloth beside the brazen altar, and the marble fretwork of the dome, give it the aspect of some gorgeous sepulchre. There is one solitary spot among those aisles, behind the altar, where the light of day is dim and yellow under the storied window, which I have chosen to visit, and read letters there.—*Shelley's Letters from Italy.*

*Transferring of Vital power.* A not uncommon cause of loss of vital powers is the young sleeping with the aged. The fact, however explained, has been long remarked, and it is well known to every unprejudiced observer. But it has been most unaccountably overlooked in medicine. I have, on several occasions, met with the counterpart of the following case. I was, a few years since, consulted about a pale, sickly, and thin boy, of about five or six years of age. He appeared to have no specific ailment, but there was a slow and remarkable decline of flesh and strength, and of the energy of all the functions—what his mother very aptly termed a gradual blight. After inquiring into the history of the case, it came out that he had been a robust and plethoric child up to his third year, when his grandmother, a very aged person, took him to sleep with her; that he soon afterwards lost his good looks; and he had continued to decline ever since, notwithstanding medicinal treatment. I directed him to sleep apart from his aged parent, and prescribed tonics, change of air, etc. The recovery was rapid. It is not with children only that debility is induced by this mode of abstracting vital power. Young females, married to very old men, suffer in a similar manner, though not to the same extent. These facts are often well known to the aged themselves, who consider the indulgence favorable to longevity, and therefore often illustrate the selfishness which, in some persons, increases with their years. Those in good health should never sleep with sickly persons.—*N. Y. Dispatch and Tattler.*

*Sunrise on the Himalaya.*—We reached the summit of Jukkoo long before day-break, and anxiously awaited the dawn. The sky appeared an enormous dome of the richest massy sapphire, overhanging the lofty pinnacles of the Himalya, which were of strangely fantastic forms. At length five vast beaming shadows sprung upwards from five high peaks, as though the giant day had grasped the mighty barrier to raise himself, while in the same instant the light rolled in dense dazzling volumes through the broad snowy vallies between them, and soon the glorious orb arose with blinding splendour over the Yoosoo Pass, and assumed the appearance of a godlike eye. In a moment all these rising solitudes flung off their nightly garments of the purest blue, and stood arrayed in robes of white. The intermediate mountains cast their disjointed dark brown shadows across the swelling ranger below, the interminable plains were illumined, all the gorgeous, all the ineffable variety of earth became distinct; it was day, and the voiceless soul of the great globe seemed to rejoice smiling.—*Tour in the Himalaya, by Maj. Lloyd.*

The Governor of Massachusetts prorogued the Legislature of that State on Tuesday. During the session just terminated ninety-seven acts and fifty-seven resolutions were passed.

*Dignified.*—The editor of a 'down east' paper is endeavoring to elevate pumpkins to a more dignified standing. He calls them "domestic citrons."

For the Working-Man's Advocate.

O! Mr. DEAN, when you came here
My ribs were all in place,
And I've been lately known to wear
A very sullen face;
But you came trooping into town
With your mirth moving train,
And now I've lost my wonted frown
And learned to laugh again.

My ribs are shaken out of joint,
And jumbled into "*pi*;"
A grin hath grown upon my phiz—
A merry dog am I:—
There's RICE, the polished and genteel,
The gentleman confessed;
And WARREN with his drolleries
Hath split my strongest vest.

Next ELLIS totters o'er the stage
With his cocked hat and cane,
The very semblance of old age—
Who'll see his like again?
Then KORE, who stoutly kicks aside
Whate'er impedes his way;
And FORRESTER, with stately stride,
Joins in the bright array.

And NICK—"O! Yes," there's Nichols too,
Whose brush lights up the scene
Where nightly trips the beauteous form
Of merry Mrs. DEAN—
Where Mrs. RICE, with graceful skill,
Wins proud admirers o'er,
And she, the pet of many a heart,
The fav'rite Mrs. KORE!

Where, "on the light fantastic toe,"
The fairy-like LE BRUN
Hath chased the *blues* from many a breast,
And golden favors won.—
Now, Mr. DEAN, to you and your's
A brimming health I quaff,
And when "hard times" come round again
Come here and bid us laugh.

### SECOND ANNUAL MECHANICS FAIR FOR WESTERN N. Y.

*Under the direction of the Mechanics Literary Association of the City of Rochester.*

**CIRCULAR.**

To the Mechanics and Artizans of Western N Y.

The first annual Fair held in Rochester under the auspices of the Mechanics Literary Association having resulted more favorably than was, or could have been, anticipated by the most sanguine, of its success, both in articles of competition and exhibition, and general benefit and utility to all concerned: This Association has therefore determined to continue this Fair annually on the first Tuesday of October, 1840.

The first effort was novel to most concerned, and consequently not as perfect in the general arrangement as could have been desired. The uncertainty of its ultimate success among the mechanical portion of the community deterred many from producing so great a variety of rich specimens of Mechanism as was desirable, and as it is confidently known can be brought forward in this section of the state. This apparent want of confidence deterred the committee from awarding premiums in any other mode than diplomas. At the next annual Fair, the first premiums will be medals; the second diplomas. Rules and Regulations to govern, will be published sufficiently early for all concerned.

The object of this Circular being merely to announce to the public the intentions of the Association, with the fullest assurance of their consummation; and a notice thus early, it was hoped, would give sufficient opportunity to each and every one to be prepared to enter their articles at the specified time—one of the most desirable objects to the committee—as the greatest annoyance they suffered at the last Fair was the lateness of the hour depositors brought in their specimens.

Will not the Mechanics of Western New York second the efforts thus making to elevate this important portion of the community by bringing into honorable competition the skill and taste of competitors; thus creating a stimulus to animate the fertile genius which might otherwise be but a latent talent "born to blush unseen." Arouse, fellow Mechanics, to the importance of the subject. Whilst the Agriculturist boasts of the rich vallies and fertile fields in the highest state of culture, yielding a golden and abundant harvest, richly repaying the husbandman for his well conducted efforts—let us by mutual good feeling and combined effort, rear the standard of improvement, and soon may we justly add to the Garden of the State the Nursery of the Arts.

It is confidently expected that the Ladies will bring in specimens of their handy-work. The splendid display of embroidery and other needle-work presented at the last Fair was highly creditable, and added much to the brilliancy and interest of the exhibition.

JOHN C. STEVENS, Chairman.

J. GRAHAM KLINCK, Secretary.

N. B.—The Plate for the Diplomas for the last Fair is completed, and they would have been sent out before this, but suitable Paper could not be obtained without sending to New York. They will be ready for distribution in a few days.

### Rail-Road Notice.

THE RAIL-ROAD between Rochester and Batavia is now open, and the cars are making their regular daily trips. Travelers going west or east, will find this route in connexion with the celebrated Swiftsure Stages, decidedly the most pleasant, expeditious, as well as cheapest route, connecting Buffalo with Auburn, particularly during the spring bad roads—being a clear, smooth spot of 32 miles in the mighty waste of mud on either hand, a resting place to the weary traveller.

Until further notice, the Cars will leave from opposite the United States Hotel, every morning, at nine o'clock—and Batavia, going east, at 3 o'clock, P. M.—The stages, either way, will, as far as possible, accommodate to Rail-road time.

For seats, apply at the offices, in the United States Hotel or Eagle Block. A. SPRAGUE,

## Cure Your Cough.

More, and still stronger evidence of the efficacy of *Winslow's Balsam of Horehound.*

### READ THE FOLLOWING.

I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions but obtainhd little or no relief; I was much alarmed. Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs at this inclement season, I say "go and do likewise."

## Kilbourn's Liniment.

THIS invaluable composition was discovered during the prevalence of the Cholera in 1832, by the gentleman whose name it bears, and was found effectual in removing the spasms and pains, and quieting the morbid excitement, and thus relieving the most urgent symptoms of that direful malady. Having, some years since, obtained a Recipe of the proprietor, for preparing this Liniment, I have prepared and used it in my own family, and also distributed it freely among my friends and acquaintance in this city and other places. The result is, that it has proved almost a sovereign remedy for *Spasms*, and all painful affections of the nerves, rheumatism, gout, pains in the breast, stomach, side, back or limbs, ague in the face, sprains, bruises, &c. and is an excellent application for burns, scalds, and all indolent cutaneous ulcers. Therefore, at the earnest solicitations of my friends, [who have used it and tested its happy effects,] I have been induced to prepare it in larger quantities, and give it a more extensive circulation; and this, I trust, not to puff, nor with a view simply to amass wealth, as is the case with too many nostrum pedlers, but to ameliorate the condition of man, by relieving my fellow sufferers of their pains, and many of the diseases that flesh is heir to.

THE BEST MEDICINE FOR COUGHS AND COLDS

THE best medicine for Coughs, Colds, and all Lung complaints, Hooping Cough, Spitting of Blood, Pain in the Side, Liver Complaint, and affections of the breast, is Mrs. M. N. GARDNER'S INDIAN BALSAM OF LIVERWORT, containing the strength of many roots and herbs. Among the number are Liverwort, Elecampane, Boneset, Antispisi tuberose, Iceland Moss, Squills, Hyssop, Ruta graveolens; also many other herbs not to be procured in this part of the globe. For the last ten years this valuable Balsam has been in extensive use in most of the principal towns in the Northern States, and, by the permission of those that have tested its efficacy, the Proprietor has made arrangements to furnish the druggist of this place, that all may avail themselves of this remedy, before the disease gets so seated that no medicine will remove it. Its effect on obstinate coughs is truly wonderful, and the following individuals voluntarily give their names as among the number who have proved its efficacy. From the knowledge of the materials, and the favorable effect upon our patients, whom we have prescribed the above Balsam, we recommend it to be a valuable medicine for what it is recommended. Calvin Ellis, M. D., Albert Williams, M. D., members of the Massachusetts Medical Society. Also, see certificates on the direction, what astonishing cures it has effected for A. Webster, Boston, Horace Gall, Bristol, Me., Thos. Hastings jr., Boston, Elish Horton, firm of Baker & Horton, Boston, David Woodbury, clerk of Josiah Steadman, Miss L. Howard. Thousands of others could be named, where it is best known. As a security against counterfeits, each direction will be signed by the Proprietor, M. N. Gardner. Proprietor's residence 48 Washington Street, Boston, where all orders can be addressed. Also observe on the bottle, impressed in the glass, the name Mrs. M. N. Gardner's Indian Balsam of Liverwort.

*For sale by Hawks & Brothers, Druggists, No. 32 Exchange street, Rochester.*

## GENUINE BUFFALO OIL

THE HAIR! THE HAIR! THE HAIR!

THE greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo's Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty. It is far superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1-2 cents) that all classes can have access to it. None genuine unless put up in flat bottles, with HAIR OIL impressed in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 481 Washington, corner of Eliot Street, Boston.

## NEW ENGLAND COUGH SYRUP,

*The reputation of which has now become established as the most safe and efficacious remedy ever discovered for*

INFLUENZA, COUGHS, COLDS, ASTHMA, WHOOPING COUGH, SPITTING OF BLOOD, AND ALL AFFECTIONS OF THE LUNGS.

PREPARED ONLY BY THE SOLE PROPRIETOR.
DANIEL GODDARD, No. 8 GOLD ST.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing effect. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used very extensively, and the proprietor has not known a single instance in which it has failed in giving relief in diseases for which it is recommended; even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed, the most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, will yield to its influence in a few hours; when used in asthma, hoarseness, wheezing, and shortness of breath, it gives immediate relief, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates by gentle expectoration, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enveloped in a bill of directions, enclosed in an engraved wrapper, bearing on it the signature of the proprietor in his own hand writing. The bottle will be sealed and stamped on the cork 'New England Cough Syrup.'

A few of the many certificates in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

*Messrs. Moffat, Plummer & Co.*

*Gentlemen*—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness that it has cured me of one of the most obstinate coughs I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine. Yours respectfully,

*Boston, Nov.* 20, 1831. JOHN P. STEVENS.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of April, has entirely relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The result I have already stated; it succeeded beyond my expectation; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully, CHARLES RUGGLES.

*Boston, May* 1, 1835.

It gives me great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c. JOSEPH BRADLEE.

*Boston, September* 1, 1834.

The Proprietor would add, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

TO LOVERS OF COMFORT AND EASE.

TOOTH-ACHE! TOOTH-ACHE!!

Why will you suffer with the TOOTH-ACHE, when there is a perfect remedy!

BROWN'S EXTRACT OF GALL AND KREOSOTE will cure the Tooth-ache; also remove all unpleasant smell from the breath. From experience we can testify to this fact. J. A. Dill, 413 Washington Street, Miss Mary Searry, Pleasant Street, N. Tolman, 300 Washington Street, George Melvill, Lucas Place, Fitz Henry Stephens, master of transportation cars on Worcester railroad, and thousands of other references could be made. It removes all soreness, and frequently prepares them to be filled. It is considered by the inhabitants of Massachusetts, particularly in the city of Boston, where it is best known, and where the fortunate inventor resides, one of the greatest comforts to mankind that was ever discovered. It will remove the tormenting pain, the Tooth-ache. Be particular to call for Brown's Extract of Gall and Kreosote, and observe his signature as a security against counterfeits, as there are other articles in market intended to be palmed off for this invaluable preparation. It is now to be found in all the principal towns throughout the United States

# THE LAST MOMENTS OF A DYING PENITENT;

Or the Statements made by

# CHARLES FRENCH

TO THE

*REV. MR. RYERSON,*

*And by him communicated to the people at the place of Execution.*

---

I think the sentence of the Law which condemns me to death just. I confess I shed the blood of Nowlan, and on that account deserve to die. It is BAD COMPANY AND DRINKING, that have involved me in all my miseries, and finally brought me to my present unhappy state; It was by mixing in such company that I first became acquainted with the unfortunate Nowlan, and by associating with wicked and unprincipled men that I was led to indulge in those fatal excesses of intemperance which prepared me for the commission of the crime for which I am about to suffer.

I was often warned of my danger, and advised to avoid those destructive ways, but I would not listen to the friendly counsel, and consequently have involved myself in shame and ruin.

It was liquor that led me to perform the fatal deed that brings me to this untimely and shameful death: Had I not been intoxicated I should not have armed myself with such a dangerous weapon, and had I been sober at the time of the unfortunate encounter I should not have used it, but at that time I had been intoxicated for several hours, and consequently incapable of taking care of myself. Ardent spirits always excites in me a very daring fearless spirit, and while under that influence I met the unfortunate Nowlan, and was led to take his life.

But notwithstanding I have been guilty of these and many other crimes, I trust God hath mercifully forgiven me, and I now feel that I am at peace with God and all mankind; I feel that I have experienced pardon through the atoning blood of a Saviour, and am now fully prepared to meet death; I most sincerely and heartily forgive every one who has ever injured me, and humbly beg the forgivenness of any one whom I may have injured.

I wish others, especially the young, to take warning by my unhappy fate, and to avoid those vices that have proved my ruin. Had I attended to the often repeated advice of my friends, especially my Dear Mother and Mr. Mackenzie, and avoided bad company and drinking, I should not now be here, but I would not attend & now I have to suffer. My dear young friends but little think when listening to the kind advice of their parents, from what anxious solicitude and affection such advice flows, and when disposed to complain of the rigour of the discipline under which they live, how necessary such wholesome restraints are for their present as well as eternal good.

I now return my most grateful acknowledgments to Mr. Parker and family, for their friendship and kindness to me since I have been confined with them, and most fervently pray that God may abundantly reward them. I also most sincerely thank those kind friends who have so generously interested themselves in my behalf, and now make them all the return that it is in the power of a poor dying youth to make (i e) my gratitude and my prayers, assuring them that with my latest breath I shall implore the blessings of Heaven on them and their families.
