CANANDAIGUA HOTEL.

This Hotel is situated in one of the most beautiful places in Western New York. Finely elevated, and surrounded by the public grounds of the village, it has in respect of beauty and pleasantness no superior. This, in connection with the unsurpassed beauties of the lake which bears the same name, (an Indian word, Canadargua, signifying "sleeping in beauty,") adds all that seemingly is necessary to make it one of the most desirable places of resort during the summer months that can be found. Abounding in fish the finest the world ever saw, with scenery as beautiful as the Hudson, and animate in wildness and game, man can no where find a spot in which so much of health, beauty and enjoyment, are all combined.

SOUTHWORTH & CALLENDER,

(Successors to Warrant & Southworth,)

Central Library of Rochester and Monroe County · City Directory Collection · 1863

D. W. LEARY'S

FANCY DYEING AND SCOURING ESTABLISHMENT,

Mumford Street, Opp. the Gas Works, Rochester, N. Y.

D. W. LEARY has located his NEW DYEING ESTABLISHMENT at a point very central and convenient for business, on Mumford Street, opposite the Gas Works, and is prepared to execute a large share of the Dyeing which has heretofore been compelled to go to older houses, although located at an inconvenient distance from the business centre. His long experience in this city, together with the fact that he gives his undivided attention to his work, and IS HIS OWN OPERATOR, enables him to appeal to the public with the greatest confidence for a fair share of their patronage. He feels grateful for the very liberal patronage already extended to him, and hopes for its continuance and increase. And he pledges himself that all orders entrusted to him shall be faithfully and promptly executed in the best manner.

As it has been intimated by some that he is connected with another establishment in another part of the city, bearing a similar name, I would inform the public that I have no connection with it, and desire none.

As to the mean, dishonorable, and crushing out spirit shown by a rival establishment, and its base charge of counterfeit signs, &c., I will have nothing to state except that they seem like some of those contemptible methods usually adopted by those who are too avaricious and mean to allow quietly a fair and honorable competition in business, and that I seek by promptness and the good quality of my work, rather than such contemptible flings of a rival, to give character to my establishment.

D. W. Leary, Proprietor New Dye House,

MUMFORD STREET, OPPOSITE THE GAS WORKS, ROCHESTER, N. Y.

N. B.---Goods Received and Returned by Express.

A MANUFACTURING ESTABLISHMENT CREDITABLE TO ROCHESTER.

There is at the corner of Oak and Jay Streets, in this city, an extensive manufacturing establishment, owned and conducted by MARTIN REED, which is entitled to particular notice. Mr. REED has perhaps the most extensive cooperage in Western New York. He manufactures barrels from the blocks, cutting his heads and staves, and putting the work up complete. There is a heading machine capable of turning out three thousand heads per day, and stave machines to match, which complete the stave ready for the cooper to set up. About forty coopers are employed in putting up barrels, and they turn out five thousand barrels per week.

These shops are located on the bank of the Erie Canal, and the timber used is brought in by boats to the yard. He has a heading factory on Water street, where the heads are cut from the logs and finished. Mr. REED buys his timber standing, in large quantities, and is thus enabled to manufacture barrels at the lowest possible cost. He takes into the woods Kidd & Co.'s famous portable steam saws and cuts up the trees by steam power only. He owns the canal boats used for conveying his stock to the city. His hoop stuff comes from Michigan, and much of his other stock down the Genesee Valley Canal. There are from seventy-five to one hundred men constantly employed in this establishment in taking the material from the woods and converting it into barrels complete, and we are told that this is the only establishment where the work is thus done.

Mr. REED manages the concern himself, and shows his practical knowledge in doing it so successfully. Everything is going smoothly in all the various branches of the concern. The barrels made are of excellent quality, and are sold in the city and abroad, many being shipped to other places by canal. The barrels are used for flour and for packing produce of various kinds —the barrel being the favorite method for packing many articles.

But there is another branch of business conducted by Mr. REED, which must not be overlooked, as it is important to the public to understand it. He has an extensive wood yard in connection with his barrel works, and fills all orders for fire wood which may be sent him, delivering it in such shape as may be wanted. He has a buzz saw constantly running, upon which fuel is sawed to any length, and split as fine as may be desired. This can be done much cheaper than by hand and with less trouble, in these days when wood sawyers are so scarce. This feature of the business of Mr. REED is an important one, and those who want wood ready for the stove will do well to send him their orders and try the experiment of getting such.

"MONITOR"

CLOTHES

WRINGER.

THE ONLY PERFECTLY SELF-ADJUSTING MACHINE IN THE MARKET.

It is so constructed that the pressure is perfectly equalized at both ends of the rolls at all times, requiring no turning of thumb screws or other mechanical contrivance to adjust it to large or small garments, therefore making it so simple and certain in its operation that the most stupid person can use it without the least danger of getting it out of order. Vulcanized Rubber rolls, if left compressed together, will stick, and soon tear from the shaft,—the pressure in this Machine is removed in taking from the tub, and put on in putting it on the tub again, an arrangement which no other Wringer has. It has no rubber bands or thumb screws to take off and unscrew, which may be neglected and spoil the rolls,—you cannot forget, as it is perfectly self-adjusting in every respect. So much for this Machine.

A few of the many advantages of Wringing Machines are:—It is almost, and we might say, the only successful labor-saving machine invented for woman's use.

It saves clothes; as every housekeeper knows there is nothing more injurious to table and other linen than wringing by hand. It will save its cost in three months.

It will wring the finest lace without injury, as any one can satisfy themselves by passing a piece of wet tissue, or other paper, between the rolls, and with the same adjustment will wring the heaviest blanket or quilt.

In short, it saves labor, it saves clothes, it saves time, it saves strength, and does the work better.

It is worth as much for starching as wringing; leaving the starch perfectly even in every part of the clothes.

It only needs a fair trial to convince any one that the above is perfectly true, and to which much might be added in its favor.

ESTABLISHMENT MITCHELL,

110 State Street, Rochester, N. Y.

WM. L. MARKELL & BRO.,

Manufacturers and Dealers in

MITCHELL'S GENUINE PERFUMERY,

Flavoring Extracts, Pomades, Perfumed Oils, and Cosmetics,

All of which are prepared by the Inventor, D. MITCHELL, which fact is alone sufficient to commend them to the confidence and patronage of the Public.

Special Attention is Invited to his

FLAVORING EXTRACTS.

In quality and style they are, without question, superior to all others in the market. Attention is also invited to his new and beautiful HAIR DRESSING, known as

MITCHELL'S COCOA-CREAM.

Instantly imparts a Dark Brilliant Lustre and a Silk-like Softness to the Hair. It possesses all the peculiarly bland and delicate properties of COCOA-NUT OIL, in the highest possible state of purity and fragrance. It preserves and beautifies the Hair—produces a rich, luxuriant and rapid growth, and renders it beautifully Dark and Glossy.

It is cooling and emollient in its influences upon the skin—cures all cutaneous eruptions, and renders the Scalp white, soft and healthy. In every respect it is the most perfect dressing for the Hair in the world. It is the cheapest because its effects are the best and most lasting.

Orders are solicited, and should be addressed to

PREFACE.

The Rochester Directory is presented this year in an enlarged and improved form, with the addition of a Business Directory of the Counties of Genesee, Livingston, Ontario, Orleans, Monroe and Wayne. This will give the work a large circulation in the country towns, and prove a benefit to those who have patronised it with their advertisements.

Those not conversant with the business can not form anything like an adequate idea of the labor connected with it—the difficulties attending it, and the care and system required in its compilation: differing as it does from every other class of book-making, and can not be lightened by any previous volume: To be done aright the work has to be commenced each time anew: It allows no play of the imagination, being a plain exponent of facts wherein every person represented becomes a direct interested party. Where there is so much to be done, and that of an intricate and complicated nature, it must inevitably happen that a little will be done wrong, for it often occurs that it is almost an impossibility to get correct information from those whom the canvassers have necessarily to rely upon, and where so many are to examine and all become interested critics, there are some who will censure by malevolence, and oft the just will do it through mistake, but it is hoped that the patrons and citizens generally will look upon the work with leniency should any inaccuracies or omissions occur, on the ground of our evident desire to make it as correct as possible.

When canvassing among the humbler classes in Rochester we found a little difficulty in getting the names—they thinking we were enrolling for the draft; but by detailed explanations and a determination to get the names, we seldom failed in obtaining the information.

Names will be found arranged strictly alphabetical according to the spelling of the party themselves, as given to the canvassers, it being one of the features of Directory compiling that orthography of names—however odd, or quaint—be adhered to, simply adding to a name or taking from it, *one letter*, will so alter its place alphabetically as to separate it several pages from names with exactly the *same pronunciation*. In the Business Directory names are classified under Business headings.

My thanks are tendered to those who kindly aided me and promptly responded to my inquiries.

ANDREW BOYD.

POUGHKEEPSIE COLLEGIATE SCHOOL,

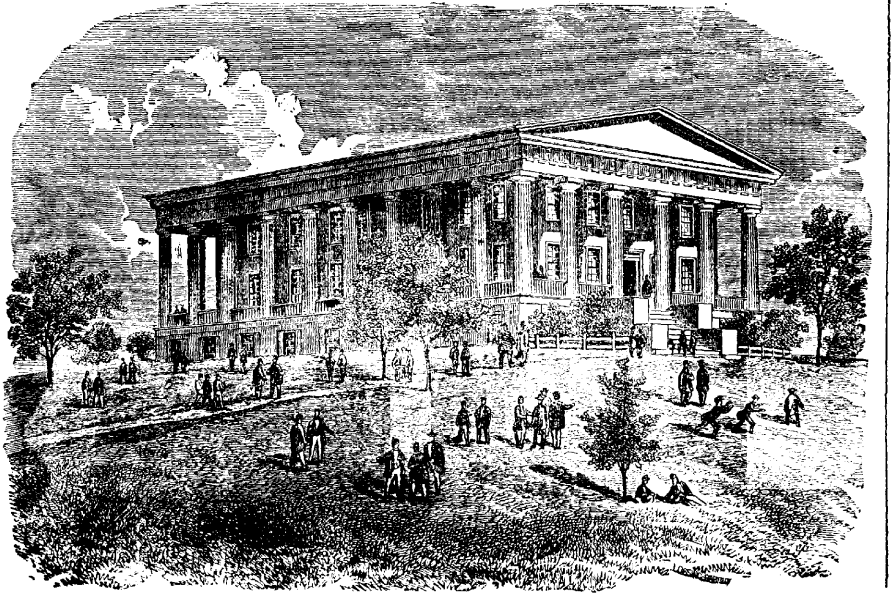

On College Hill, Poughkeepsie, N. Y.

A BOARDING SCHOOL FOR BOYS.

Expenses, - - $252 per Annum.

ADDRESS:

OTIS BISBEE, Principal.

The Poughkeepsie Collegiate School, long favorably known under the management of Charles Bartlett, is now conducted by Otis Bisbee, assisted by an able corps of instructors. The aims of the School are comprehensive, and embrace three distinct courses of study—the Elementary, the English and Commercial, and the Classical. The first is preparatory to the other two. The Principal feels that a young class of pupils is desirable.

TERMS AND VACATIONS.

The Fall Term commences on the Wednesday following the 4th of September, and continues fourteen weeks, followed by a vacation of three weeks.

The Winter Term begins on the Wednesday following the 1st of January, and continues fourteen weeks; a vacation of three weeks follows.

On the first Wednesday of May the Summer Term commences, and continues fourteen weeks.

The following extracts are submitted.

I have been well acquainted with the teachers, and know the high reputation for discipline and instruction of the Poughkeepsie Collegiate School, and take pleasure in commending it as one of the most eligible places for preparing young men for college and business operations, of any with which I am acquainted in the State.

L. P. HICKOK.

Union College, July 25, 1862.

I cordially recommend the Collegiate School at Poughkeepsie, in its present establishment, not only as an excellent school for classical and general instruction, but also as entitled by its management and care of pupils, and moral influence, to the full confidence of all parents and guardians.

GULIEN C. VERPLANK.

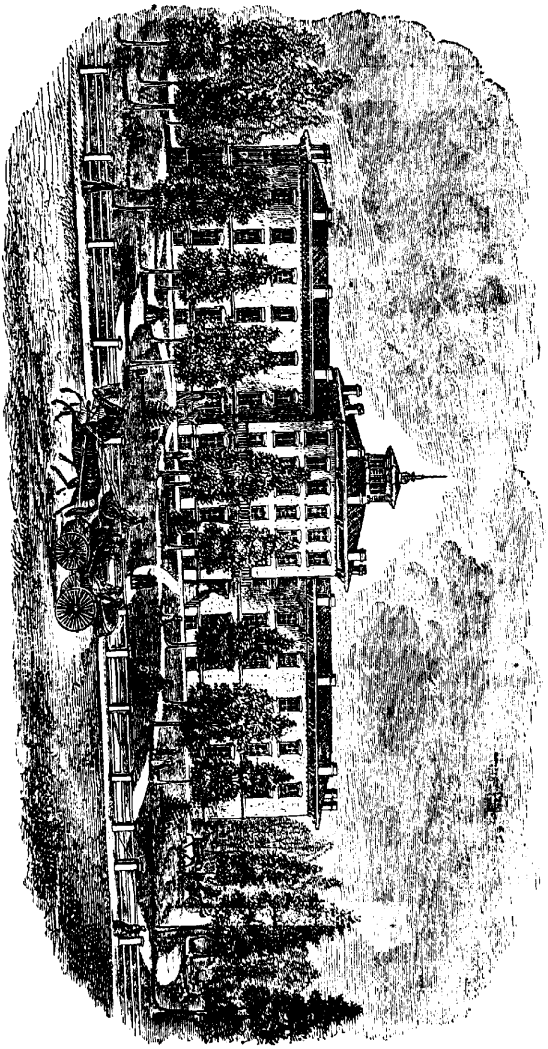

We are acquainted with the management of the Poughkeepsie Collegiate School, and do not hesitate to recommend it as a school of superior merit, and well entitled to the public confidence.

Albany, N. Y. DEODATUS WRIGHT.
FRED. W. SEWARD.

BROCKPORT COLLEGIATE INSTITUTE.

FACULTY.

M. McVICAR, A. B., Principal; O. MOREHOUSE, M. A, Associate Principal; P. J. WILLIAMS, A. M., Professor of Greek and Latin; MISS HELEN ROBY, Preceptress; MRS. C P. CARY, Teacher of Music; A. W. MOREHOSE, Teacher of Preparatory Department.

EXPENSES.

Annual charge for Family Students, $150. Tuition per Term in Regular Studies $6 and $7. Music, $10; use of instruments, $2; incidentals $3.5. All Boarding Students furnish their own sheets, pillow cases, towels, napkins and napkin rings, each of which, as well as every article of clothing, should be distinctly marked with owner's name.

All bills payable in *advance*. The School is for those *only*, who desire thorough and practical attainments.

FALL TERM begins August 31st, 1863; WINTER TERM begins December 16, 1863; SPRING TERM begins April 1st, 1864.

For further particulars address the Principal, or

E. WHITNEY, Prest.

BRIEF SKETCHES

Of the Principal Towns in the Counties Embraced in the Directory.

Population of the Counties.

Genesee,	32,189.	Monroe,	100,648.	Orleans,	28,717.
Livingston,	39,546.	Ontario,	44,563.	Wayne,	47,762.

ROCHESTER.—The traveler who crosses Rochester by the Central Railroad, gets but a faint idea of the city, for he sees but little of it, and that by no means the most attractive part. To see and appreciate the beauties of this really handsome city, one must drive through its broad, clean, well paved and shady avenues—stroll through its parks — gaze upon its water-falls — enter its elegant public and private buildings — visit its churches and schools — go among its flour mills and manufacturing establishments—walk in its nurseries and gardens, and then he may to some extent realize what an enterprising people can accomplish in half a century, upon a productive soil, in a favorite clime, and under the smiles of a bountiful Providence. It has been not inaptly styled a city of foliage and flowers. Ornamental trees are cultivated with care, and the growth of fruit trees in the town and adjacent country is extensive. Here are the great nurseries of the American continent. Thousands of acres within five miles of the center of Rochester are devoted to the culture of fruit trees and ornamental shrubs, and millions of trees are annually sent abroad to distant counties, States, and even to foreign countries. The annual product of these nurseries is valued at over $2,000,000.

Rochester is a modern town, having risen from a wilderness in less than half a century. It now has a population of more than fifty thousand. Here the waters of the Genesee, in their course northward from the Allegany hills, make their last leaps ere they lose themselves in the bosom of Lake Ontario. There are four distinct cataracts within a distance of two miles, the total fall being about two hundred and fifty feet. These water-falls afford great facilities for milling.

Situated in the center of the most fertile region of New York State, surrounded with a population of industrious and wealthy farmers, it is not strange that Rochester is a flourishing city. The wealth that her citizens have accumulated has not been hoarded, but has been lavishly bestowed, so as to add to the beauty of the town and enhance the comfort of the people. There are nearly thirty miles of improved streets—including many finely paved with stone. There are twenty-five miles of excellent sewerage; nearly one thousand street gas lamps, a dozen spacious parks, four elegant bridges over the Genesee—including one of cut stone, costing nearly $100,000, upon which are fine blocks of bricks stores; and there are many handsome public buildings: the Court House and City Hall cost $80,000. There are eighteen public school houses, some of which cost $15,000 each; fifty churches, the best of which cost $70,000. The University of Rochester, a popular college, is

☞ See New England Mutual Life Insurance Company, facing page 152 ☜

Central Library of Rochester and Monroe County · City Directory Collection · 1863

situated in the eastern part of the city, near the Central Railroad. The Western House of Refuge, a State Reform School for boys, is situated in the northern part of the city, and the immense pile of buildings can be seen from the Rochester & Niagara Falls Railroad. There are two large hospitals—one under the management of the Sisters of Charity, the other a city institution.

A line of street railways, seventeen miles in length, is being constructed.

At Rochester five sections of the New York Central Railroad converge, viz.: lines to Buffalo, to Niagara Falls, to Syracuse direct, to Syracuse by the way of Auburn, and to Charlotte at the mouth of the Genesee. The Genesee Valley R. R. extends from Rochester nineteen miles to Avon, there connecting with the Buffalo, N. Y. & Erie Railroad, giving the city railway connection with Southern New York.

Rochester has some lake trade. The Genesee is a fine harbor, and navigable waters extend within the city limits, but the business of the port is chiefly done at the mouth of the river, seven miles distant, accessible by rail.

Manufacturing in Rochester is extensive, flour taking the lead. From 600,000 to 1,000,000 bbls. of flour are made here annually. Other branches of manufacturing are prosperous. The mercantile business is considerable, as a population of nearly half a million people are within two hours' travel by rail of the city.

Mt. Hope Cemetery, in the south part of Rochester, is an object of local pride, and is visited annually by thousands of strangers. The cemetery contains about one hundred acres of hill and dale, thickly studded with forest trees, and beautified by the expenditure of many thousands in making its winding paths, towering monuments, massive tombs and grassy mounds, pleasing to the eye and becoming to the "City of the Dead." Mt. Hope has not received that lavish expenditure of wealth bestowed upon Mt. Auburn or Greenwood, but in natural advantages it vastly excels both.

The Erie canal divides the city near its business center, and crosses the Genesee by an aqueduct of cut stone, which cost the State more than $600,000. The Genesee Valley canal, tributary to the Erie, has its northern terminus here, its southern being at Olean, on the Allegany river.

ALBION—the chief town and county seat of Orleans, is a pretty thriving village of about three thousand inhabitants. It is in the town of Barre, which has a population of upwards of seven thousand. The Erie canal runs through the village. The court house, which stands in the center of a neat and tasteful park, is a handsome edifice, surmounted by a dome a hundred and ten feet high. There are five churches, an extensive establishment for the manufacture of agricultural implements, several other manufactories and many well furnished stores in the place.

AVON SPRINGS—about 20 miles from Rochester. The traveler for pleasure, and particularly the invalid, will find at Avon Springs inducements that cannot fail to please even those most familiar with places of summer resort either at home or abroad. The Springs have been favored for their remarkable curative properties.

BATAVIA—is the chief town in Genesee county, as it formerly was of the whole Genesee district, always celebrated for its fine wheat. Batavia is a flourishing and very handsome village, of nearly three thousand inhabitants. Its principal streets are built up with neat, tasteful, and in many cases, elegant houses, surrounded with trees and shrubbery. The main street is one of the handsomest avenues to be found in any village in Western New York. It is broad, straight, with double rows of trees, and forms one of the finest drives imaginable. The village, with the surrounding country, was settled in 1798.

BROCKPORT—in Monroe county, seventeen miles from Rochester, is a handsome village of over three thousand inhabitants, as well as a railroad and canal station of considerable importance. There is a popular Collegiate Institute here, several large foundries, reaping and mowing machine manufactories, and many other mechanical establishments, all conducted with great industry, intelligence and success.

☞ *See New England Mutual Life Insurance Company, facing page* 152. ☜

Central Library of Rochester and Monroe County · City Directory Collection · 1863

CANANDAIGUA—the most noted place in Western New York, during the latter part of the last century, is now one of the handsomest villages in the country. It is the capital of Ontario county, and was about the earliest point settled west of Utica. Phelps & Gorham, who purchased a large tract of land in this region, opened here the first land office ever established in the United States. This was in 1789. The village contains the county buildings, five churches, a State arsenal, an academy founded by Phelps & Gorham, in 1795, and which is still in a flourishing condition, and about five thousand inhabitants. The situation of the town is remarkable for its picturesque character. Standing on a gentle eminence, at the outlet of Canandaigua Lake, one of the finest of those beautiful sheets of water with which the center of the State abounds, and commanding an extensive view of the lake and surrounding country, tastefully laid out and well built, one can hardly imagine a more attractive spot. Brigham Young, the famous Mormon Chief, resided here many years, and at Fayette, in the adjoining county of Seneca, the first Mormon society was formed in 1830, three years after the pretended discovery of the golden plates by Joe Smith.

Canandaigua is a railroad station of considerable importance. The direct track to Niagara Falls commences here, and also the railway which runs to Elmira.

CLYDE—is a village second only to Lyons, in the county of Wayne. It is situate on the Clyde river, the Erie canal running through its southern part. The village is in the township of Galen, so called from being a portion of the military tract assigned to the medical department of the Revolutionary army, as a recompense for its sufferings and sacrifices during the war. At the time of its incorporation, the village was called Lauraville, but changed to Clyde in 1818. The population is about 2,000. There is a large capital employed in the various kinds of manufacturing here. Glass of excellent quality is made in Clyde. It has also extensive distilleries, steam flour mills, steam saw mills, furnaces and shops for the manufacture of agricultural implements, malt houses, a tannery, and other manufactories. Six temples of divine worship adorn the village.

DANSVILLE—a thriving village in Livingston county, about 40 miles from Rochester. It contains a bank, two newspapers, several hotels and fine stores. The falls of the creek at this place furnish valuable water power, which is employed in mills and factories of several kinds. Population about 2,500.

FAIRPORT—ten miles from Rochester, is a railroad and canal station. It has five churches, flour mills, saw mills, plaster and planing mills, a saleratus factory, carriage and machine shops, and 800 inhabitants.

GENESEO—Livingston county, a handsome village on the Genesee river, about 25 miles from Rochester. It contains the county buildings, a bank, an academy, newspaper offices, several factories, stores, &c.

GENEVA.—Geneva is one of the most beautiful places in the country. It lies on the left bank of Seneca Lake, near its foot—a charming sight, commanding a view of the whole of that fine sheet of water and the surrounding country, which is distinguished alike for fertility and picturesque beauty. The most interesting feature of the village is the Hobart Free College, so called from its chief promoter, Bishop Hobart. Education is free to all in this excellent institution, no charge being made either for tuition or room.

KNOWLESVILLE—about six miles west of Albion, contains about five hundred inhabitants. There are three churches and several manufactories here.

LE ROY—is in Genesee county, ten miles from Batavia. The village, which contains nearly twenty-five hundred inhabitants, is finely situated on the banks of Oatka creek, whose falls afford an ample supply of water power, much of which is made available for manufacturing purposes. There is a female seminary of excellent reputation in Le Roy. It bears the name of Ingham University, from two benevolent and generous maiden ladies, who founded the institution, and donated it to the

☞ *See New England Mutual Life Insurance Company, facing page* 152. ☜

Central Library of Rochester and Monroe County · City Directory Collection · 1863

Genesee Synod, on condition that a permanent fund should be provided for a complete course of instruction. These terms were accepted, and the seminary has always been in a flourishing condition.

LYONS.—Lyons, the capital of Wayne county, is one hundred and ninety-three miles from Albany. It stands on the Erie canal, at the confluence of Canandaigua outlet and Mud Creek, and contains about four thousand inhabitants. It is one of the prettiest villages in the State, being ornamented by a large number of handsome edifices of different descriptions. The court house is a tasteful cut stone edifice, with a fine portico of the Ionic order of architecture, and surmounted by a towering dome. There are seven churches; a union school house; two banks; a great variety of stores; manufactories of different kinds, including a furnace, a machine and agricultural implement shop, pottery, brewery, fanning mill establishment, &c.

Lyons is one of the oldest towns in Western New York, a settlement having been made on the site of the village as early as 1789.

MACEDON—a canal and railroad village, five miles west of Palmyra, is a thriving place, containing five hundred inhabitants, two churches, grist and saw mills, furnace, machine shop, and other manufactories.

MEDINA—is a village of about twenty-five hundred inhabitants. There are large quarries near the village, furnishing an excellent variety of sandstone, which is extensively used in building and paving. Salt springs, affording strong brine, are situate in the neighborhood, and half a century ago, salt in considerable quantities and of good quality, was manufactured there. The Holland Land Company, with that far-seeing liberality which marked all its proceedings generally, erected works and constructed roads to afford ready access to the springs, but when the Erie canal was opened, the richer waters of Syracuse caused the Medina springs to be abandoned.

MT. MORRIS—Livingston county, on the Genesee valley canal, about thirty-six miles from Rochester. It contains four or five churches, newspaper offices, numerous stores, mills, factories, &c.

NEWARK—six miles west of Lyons, is a flourishing railroad and canal station, containing about twenty-five hundred inhabitants. It is the centre of an extremely productive agricultural region. The village is a part of the township of Arcadia. It was in the village of Hydesville, in this township, that the notorious Fox family originated. These people gave rise to the "Rochester Rappings," which excited so much curiosity and wonder all over the country.

NUNDA—a village in Livingston county, contains four or five churches, a newspaper office, several stores, &c.

PALMYRA.—Palmyra is twenty-three miles east of Rochester. The town contains upwards of four thousand inhabitants. The population of the village is about twenty-five hundred. It contains five churches, a union school, a bank, and several considerable manufactories. Joseph Smith, the father of the famous Mormon prophet, who was murdered at Nauvoo, in Illinois, some fifteen years ago, settled near this village, in 1819. A short distance from the Palmyra line, on the side of a little mound, in Manchester, Ontario county, the younger Joe pretended to have discovered the plates of the famous Mormon Bible. And this was the germ of the famous system of which Brigham Young is now the apostle.

PHELPS—so called from Oliver Phelps, one of the firm of Phelps & Gorham, who bought a large tract of land in this region about seventy-five years ago, lies three miles further west, on Flint creek, near its junction with Canandaigua outlet. The village contains fifteen hundred inhabitants. The town, which was formerly named Vienna, has a population of nearly six thousand.

SQUIERS' PHOTOGRAPH GALLERY,

No. 14 State Street,

(Gould's Block,)

ROCHESTER, N. Y.

Since MR. SQUIERS' occupation of this Elegant Gallery, the Public have witnessed a constant succession of improvements in the Photograph art. The superb and varied collection which adorn the walls include the best specimens extant. Every desirable style of execution, either plain or fanciful, may be selected—from the tiny and fashionable *Carte de Visite* to the elaborate and costly life-size figure, finished in Oil or Water Colors, and rivaling the best productions of the Painters' Pencil.

The Proprietor employs only the most accomplished Artists, and with his perfect facilities for producing every variety of Camera Portraiture, he is enabled to guarantee the highest degree of satisfaction to all Customers, and accordingly solicits the Public Patronage.

DWIGHT GIBBONS,

PIANO FORTE MANUFACTURER,

43 Main Street, Rochester, N. Y.

Mr. G. respectfully asks the attention of connoiseurs and the public to his

NEW SCALE PIANO FORTES,

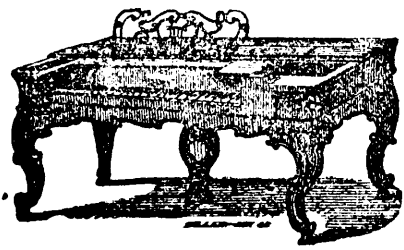

which it has been his sincere effort to render as *absolutely faultless* as possible *in every respect.* He believes they will be found free from the defects too often observed as the result of imperfect construction and careless finish of details, and invites for them *a most thorough and critical examination.*

They will be sold at *reasonable prices* and *fully warranted.*

These Piano Fortes have received the most unqualified approbation of the leading members of the musical profession in this city, to whom, as well as to his numerous patrons, Mr. G. is happy to refer with the fullest confidence.

Rochester, June, 1863.

STARR'S PIANO MANUFACTORY.

This establishment, so long and favorably known through all this region and the Western States as furnishing Piano Fortes not surpassed in the world for quality and, durability, is about CLOSING UP—SELLING OUT CLEAN not quite so fast as I desire nor as my kind neighbors [who say that "Mr. Starr is entirely out of business,"] represent. Perhaps if *purchasers* learning that I have still on hand *twelve or fifteen thousand dollars* worth of *Instruments* and *Musical Merchandise*, selling at reduced prices, and cheaper than can be bought elsewhere, embracing from 30 to 40 *New Piano Fortes*, and 20 to 30 second hand, [many of them nearly new,] at prices from $50 to $550 each, with *Melodeons*, *Accordeons*, *Guitars*, *Violins*, Flutes, Instruction Books, and Sheet Music of every variety—they would choose to save 50 or 75 dollars in price, and 100 dollars in quality, by *buying of me.* It costs nothing to satisfy yourself of the facts. *Come, then, to my Music Rooms and see.*

Nos. 45, 47, 49 & 51 MAIN STREET, (UP STAIRS, ROCHESTER, N.Y.

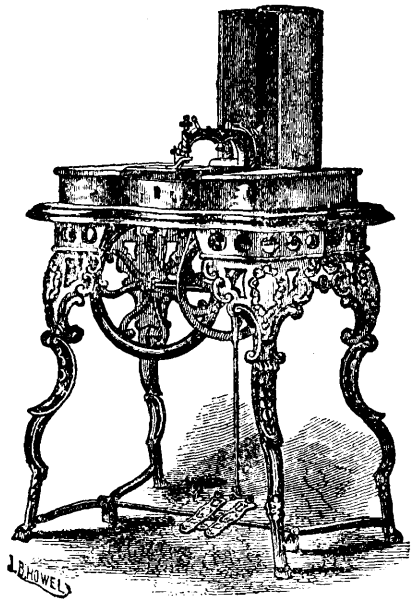

FREDERICK STARR.

N. B.—Piano Fortes and Melodeons to rent.

ELLIPTIC LOCK-STITCH

SLOAT'S

IMPROVED AND SHUTTLE

SEWING MACHINES.

THE SLOAT SEWING MACHINES

Are the simplest, cheapest and best, with Glass Presser, Hemmer, Corder, and other modern improvements. They are the CHAMPIONS OF THE NINETEENTH CENTURY.

PREMIUMS AWARDED IN 1862.

State Fair, held at Rochester, First Premium. Maryland State Fair, held at Maryland Institute, Baltimore, under the strongest competition, First Premium.

A child can conduct its action, and the merest novice work it with success. Who will question the absence of complication and the ease with which it may be run? In speed it outrivals any machine now before the public, and in this particular there can be no limit to its resources, for the certainty of its successful operation is not in the least affected by any increase of power attained or speed applied. In the uniformity and beauty of its work, it is far in advance of any Sewing Machine, either upon THICK OR THIN FABRICS.

EVERY MACHINE WARRANTED.

Machine Needles, Silk Thread, and all Machine Trimmings.

OPINIONS OF THE PRESS.

Perfection in Sewing Machines.

Geo. B. Sloat's Sewing Machines, as they are now manufactured, come nearer to perfection than any other Sewing Machines that ever came under our notice, and in beauty they are unequaled.—*Rochester Union and Advertiser.*

Sloat's Elliptic Sewing Machine is a gem, and is now allowed by competent persons to be the best manufactured.—*Rochester Democrat.*

PERSONS WISHING TO OBTAIN

Elegant, Economical and Reliable Machines,

Are requested to call at the Principal Office for Western New York,

EVANS' INTERNATIONAL

PHOTOGRAPHIC

GALLERIES,

State Street, Nos. 40 and 42, Concert Hall Building, Rochester,

And 238, 240, 242 & 244 Main St., Buffalo, N. Y.

In response to the solicitations of many of the citizens of Rochester, the subscriber has opened this immense Gallery, and pledges himself to make it one of the best Photographic establishments in the WORLD.

Twenty-one years practice in this art, with more first class premiums than any artist in America, is, we hope, a sufficient guarantee to place us far beyond any photographic artist in this country.

The following are the premiums awarded us in the last fifteen years:

First at the STATE FAIR AT BUFFALO in 1848, 2 Silver Medals and 2 Diplomas for best Daguerreotypes. In 1849, at STATE FAIR AT SYRACUSE, a Diploma for the best and most Artistic Daguerreotypes. In 1851, a Medal and Diploma from WORLD'S FAIR AT LONDON. In 1851, at the STATE FAIR AT ROCHESTER, a Silver Medal for the best Daguerreotypes, and a Diploma for the best Daguerreotype of a domestic animal. In 1855, at the STATE FAIR AT ELMIRA, we received for the best Oil Colored and Imperial Photographs, the first Gold Medal with a Diploma that was ever awarded by the Society for works of art. In 1857, at the STATE FAIR AT BUFFALO, we again come up against heavy competitions, and received the first premium for the best Photographs and best tinted Ambrotypes. In 1862, at Rochester, the first premium for the Best Photographs of all descriptions, and all the above awards have been made by the most able Connoiseurs and competent judges of Art.

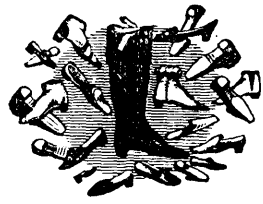

Hours for Operating from 9 A. M. until 5 P. M.

☞ Parties wishing Photographs will please give notice a day in advance if convenient, and also consult us in regard to dress, &c.

GEO. GOULD,
N. C. BRADSTREET,

16 State Street, Rochester, N. Y.

Munger's Block, Cor. Main and St. Paul Sts.,

ROCHESTER, N. Y.

THIS INSTITUTION is simply what its name indicates—a SCHOOL for the instruction of those who would acquire a thorough knowledge of the Science of Accounts, including the application of its principles to business purposes by what is technically termed

BOOK-KEEPING.

To acquire this knowledge, the preliminary training of the Common School in the branches usually taught, is, ordinarily, all that is essential—the study itself being merely an application of the knowledge so obtained to practical purposes; and the design of the institution is so far distinguished from that of the *College* proper as to include within its scope—when required—even these fundamentals of a business education—while those who wish to make the Art of Writing a special object of study can without material interruption avail themselves of the professional services of Mr. J. V. R. CHAPMAN, whose reputation as a teacher of

PENMANSHIP,

either Plain or Ornamental, has become thoroughly established by his uniform success in imparting to others a practical knowledge of the art.

As regards methods of instruction—the plan of "*Object Teaching*" is adopted so far as practicable in demonstrating the *forms* of Bills, Notes, Receipts, and other papers or *implements* necessary in the transaction of business, their purpose or use being at the same time illustrated by examples derived from an experience of several years on the part of the instructor—as a practical accountant.

The regular exercises include the most approved forms in modern use for recording commercial transactions, and these are so arranged as to refer the student directly to the *principles* of the science—with the object primarily in view of teaching him to *think* as well as to *act*, and in short never to act without thinking.

As there are no vacations—and no class system—students can enter this School at any time—the full course requiring from two to four months for its completion—much depending upon the *application* and previous acquirements of the student.

For terms of tuition and for other particulars or references, those interested are invited to call at the School, or address,

C. R. DAVIS, Rochester, N. Y.

LAW BLANK PUBLISHERS,

Manufacturers of Law Registers, Justices' Dockets,

RECORD BOOKS FOR COUNTY AND TOWN OFFICERS,

Blank Books for Banks, and Dealers in Law and Commercial Stationery.

[OVER.]

29 BUFFALO STREET, ROCHESTER, N. Y.

Central Library of Rochester and Monroe County · City Directory Collection · 1863

It has been our aim to establish in Rochester a

First Class Printing Office,

and the best Machinery and the most desirable styles of Printing Materials have been purchased for this purpose. Our work, in

BEAUTY OF DESIGN

AND

ELEGANCE OF EXECUTION,

is unsurpassed in this State. We rely entirely upon our merits, and not upon Newspaper Puffs or Political Influence, and the rapid increase of our business is a gratifying evidence of public appreciation.

We are extensively engaged in publishing

LAW BLANKS,

Which have stood the test of use by nearly every Lawyer in Central and Western New York, and are believed to be better adapted to the wants of the Profession than any other.

Legal and Commercial Stationery,

BLANK AND PRINTED RECORD BOOKS, for County and Town Officers, BLANK BOOKS FOR BANKS and MERCHANTS, LAW REGISTERS, JUSTICES' DOCKETS, on hand and made to order.

BENTON & ANDREWS.

BENEFITS OF LIFE INSURANCE.

The principles of Life Insurance are now so well established, that they are no longer matters of experiment, and its advantages are beyond dispute.

The great and special advantage is the securing of wife and children against want and misery after the death of the husband and father. Every one acknowledges the wisdom and prudence of providing for a family against the adversities of fortune, or the accidents of life, and it is the moral, social, and religious duty of every one, not to abandon those dependent upon him to the cold charities of the world, and liable to the temptations and sufferings of poverty, when deprived of his protection and support. The late Lord Chancellor of England declared, that "no man with a dependent family is free from *reproach* if his life is not insured." The man who neglects to insure his house is condemned for imprudence. How much more improvident is he who refuses to insure his life? Every house may not be burned, but every man *must* die. Bishop Hawkes wisely declares, that "Life Insurance is not only a humane, but almost a Christian institution," for the Apostle says: "If a man provide not for his own, and especially for those of his own house, he hath denied the faith, and is worse than an infidel."

This important duty of every head of a family may be easily and securely performed by obtaining a Policy of Life Insurance. A very small daily saving will accomplish this purpose. Five cents a day, commencing at the age of twenty-one, will insure one thousand dollars at death, whether immediate or remote, together with all the profits which may accumulate on the policy; and six cents a day, at twenty-eight years of age, will accomplish the same object. And by the judicious laws of Massachusetts and New York, policies issued for the benefit of widows and orphans are protected from the husband's creditors.

Can it be that any father, husband, or man, is unwilling to make a little sacrifice of daily comforts, in most cases of what would be unnecessary expenses, to protect those most near and dear to him from suffering and want after his death?

There are many other advantageous uses of Life Insurance, besides the security of a family against want. Creditors can insure the lives of their debtors as a security for their claims. A man with incumbrances upon his property may insure to the amount of them to secure their ready payment at his decease. A young man may borrow money to complete his education, or may obtain credit for a stock of goods, or tools, or a farm, by insuring his life and assigning the policy as contingent security. A parish may relieve their clergyman from anxious care by raising a small sum to insure his life and provide for his family. In short, Life Insurance is applicable to all purposes of raising money on loans, where only personal security can be offered; and, generally, as affording means of certain indemnity against any pecuniary loss, claim, or inconvenience whatsoever, to which one individual may become subject, by reason of the death of another.

The moral and social influence of Life Insurance is no slight benefit both to the individual and to the community. It develops the amiable and generous traits of character, accustoms a man to think for others, induces habits of industry, economy and accumulation, and by relieving the mind from anxiety and over-exertion, promotes health and longevity. A *systematic* adoption of Life Insurance, by the people of any country, would do more to eradicate pauperism and crime than all the combined wisdom of its legislators; so that a well-founded, well-conducted institution of this description is a subject of public interest, as its beneficial effects are at least equal to those of any charitable, philanthropical public institution; and these effects are produced without any donation, sacrifice, or act of beneficence by the public or by individuals, being the natural and easy results of the spontaneous thrift, prudence, and forecast of individuals in conducting their own concerns.

SECURITY OF LIFE INSURANCE.

Life Insurance Companies are the most stable and permanent institutions known among men. The experience of the commercial world can point to no such permanency, nor do any class of institutions compare with Life Companies for uniformity, safety, and reliability. The insured cannot invest their funds in a more sure and profitable manner; for Life Insurance is simply setting aside and investing a yearly sum, with the certainty of a safe return with accumulations; whereas other investments, with a profitable and sure return, are not so easily found, and often end in an entire loss.

An investment in a policy of Life Insurance is far preferable to deposits in a Savings Bank. An Insurance Company accomplishes all that is done by a Savings Bank, and much besides, combining all the advantages of the latter with an indemnity against risks. Like the Savings Bank, it takes care of the depositor's money, and it virtually allows him interest upon his deposits: but it does more. What is of higher importance to the depositor, the Company engages, in consideration of a certain sum of money paid to it annually, during the life of the depositor, to pay a much larger sum to his family upon his decease.

There are *three reasons* why a Life Insurance policy is a wiser investment than a deposit in a Savings Bank: 1. Money in a Savings Bank, being entirely at the will of depositors, is too easily drawn out to gratify some passing desire, and there is no strong motive to compel a regular deposit. How many persons have commenced an account with a Savings Bank, and continued for some time with a laudable perseverance, but at last have been tempted to withdraw, and never had sufficient confidence to commence again! In Life Institutions, a man, after mature deliberation, *binds* himself to make a deposit of a specified sum at a specified time; knowing this, he provides for it, and we can safely say that in a majority of cases the money saved to deposit in a Life Institution, *would not be saved at all, had they not insured.* 2. Money in a Savings Bank is exposed to the demand of creditors, while an Insurance policy is not liable for a man's debt, being held by a special law of the State, as a fund for the benefit of his family; and thus, in times of pecuniary disaster, to which every man is more or less liable, it often becomes a means of support when everything else is gone—cheering with ease and competence the declining years of those who, without its aid, would have been left to all the miseries of poverty and old age. 3. *Life is uncertain, while death is certain;* and a Savings Bank makes provision only for life. The average length of human life is only thirty-three years. Of 500 persons, only one lives eighty years, and of 100 only six live sixty-five years. Those who can cheat them-

Central Library of Rochester and Monroe County · City Directory Collection · 1863

selves into the belief that they run no risk of dying, will not, of course, insure. No one, however, need consult books to learn lessons of mortality. 'Tis the burthen of pulpit eloquence; the lesson of the graveyard; and the teaching of every day's experience. The uncertainty of life being admitted, it will follow that accumulation upon the Savings Bank principle, does not meet the requirements of the case

To illustrate: suppose a husband and father, thirty-three years old, wishes to leave his family the sum of $2,000, and for that purpose deposits annually $50 in some Savings institution. In the course of thirty or forty years he will thus accumulate the required sum. But what guarantee has he that he will live ten years, or even one year? He has none, and, of course, no security for provision for his family. But, if he pays $50 as an annual premium for a policy of Life Insurance, he will be SURE of leaving $2,000 to his family *whenever* he dies, in six months or twenty years! Thus, while all other means are fluctuating and uncertain, and riches often "fly away," a Life Insurance policy (if from a reliable company) is certain, and becomes a patrimony JUST AT THE TIME IT IS MOST NEEDED.

The question is no longer, SHALL I GET MY LIFE INSURED? but rather, WHERE CAN I INSURE IT TO THE BEST ADVANTAGE?

In answering this question it will be necessary to explain briefly the

DIFFERENT KINDS OF LIFE INSURANCE COMPANIES.

They are all based upon the same fundamental principles, but are divided into classes, according to the different plans of their organization and the different methods of conducting their business. They are either *Stock*, *Mixed*, or *Mutual* Companies.

Joint Stock Companies issue at fixed rates, the *profits* being WHOLLY divided among the proprietors, and the enormous dividends thence divided have, in some cases, raised the value of the stock to *seven hundred per cent.* upon the amount paid in.

Mixed Companies are also Joint Stock Companies with proprietary bodies, but the assured are allowed to participate to a certain extent with the proprietors in the profits of the business.

Mutual Companies are owned and managed *exclusively* by policy-holders, *all of whom* have their proportionate *share* in the surplus accruing from the business.

The *Mutual* Company is clearly the most perfect in *principle*, and experience has fully tested and placed beyond a doubt the *perfect security* of the system. No Mutual Company, when once well established, has ever met with disaster on account of the mutual principle; but, on the other hand, they have rapidly accumulated funds, reaching sometimes in amount to millions of dollars. In Mutual Companies, too, the assured have entire control of the funds; there is "universal suffrage," and the form of government is essentially "democratic." A Mutual Company divides the *whole* surplus among the insured, after deducting only the actual cost to the Company of carrying on the business, which is not the case with the first class mentioned, and only in a *degree* with the Mixed companies. This plan of operation insures the applicant at the *lowest possible* premium, for all that is over the sum required to insure him safely, is returned in dividends, which is not the case with the Stock companies, and only partially so with the Mixed companies, the proprietary body in the latter having first to receive its share of the surplus before a dividend can be declared to the insured.

The Governor of Massachusetts has recently vetoed a bill to incorporate a Life Insurance Company, because, among other reasons, it was not a Mutual company. He says: "Purely Mutual Life Insurance Companies have been proved by experience to be the safest and best for the insured."

A PURELY MUTUAL COMPANY IS, THEN, THE ONE IN WHICH TO INSURE TO THE GREATEST ADVANTAGE.

SUPERIORITY OF THE NEW ENGLAND LIFE INS. CO.

It is a purely Mutual Company, and has made three distributions of surplus funds (1848, 1853, and 1858,) in *cash*, amounting to OVER $600,000. It now has an invested fund of $2,350,000, to pay losses, and a surplus of $1,050,000; so that it could reinsure for $1,250,000, and divide $1,050,000.

The New England Mutual Life Insurance Company do not pay their dividends in scrip, but always in CASH. At the close of every five years the Company, after paying the expenses of the business, reserving a sufficient sum to reinsure all risks, and cover all possible contingencies, divides the surplus proportionately among the assured. By this plan, there is no accumulating scrip, or possible liability to guard against, and the rates of premium are materially lessened by the cash dividends, the insured reaping the immediate rather than the prospective advantages of the mutual plan. Some Companies are compelled by their charters to *credit* their distributions on the policies in the form of a bonus, payable only when a loss takes place, thus creating an immense and unnecessary capital, and depriving the members, in case of non-payment of premium, of all right to the bonus. In this Company, the distributions are a source of pecuniary relief in paying future premiums, and in times of great financial distress, are sensibly felt. *In no event* does the bonus (if a member choose so to apply his distribution) *become forfeited.* The cash distribution in 1858 amounted to $335,000.

Its *standing* and *economy* are unequaled. The Insurance Commissioners of Massachusetts, in their last report to the Legislature, compare the standing and the economy of the eighteen Life Insurance Companies which issue policies in that State, comprising the principal companies in the country; and they place the New England Company FIRST in *standing*, i. e. in its ratio of value to liability, and FIRST in *economy*. This Company's expenses are only 8 per cent. of the receipts, while those of the others *average* more than 11 per cent.! This is the *oldest* Mutual Company in the country, and, for that reason, must be the safest and most economical.

Its directors are well known to community as men of integrity, sagacity, and experience in business; and *every year* the affairs of the Company are thoroughly investigated by a body of Commissioners chosen by the State of Massachusetts, for that purpose; and a full and complete statement of the operations of the Company, with its assets and liabilities, is made to the Legislatures of Massachusetts and New York, and a report is made to the assured, of the condition of the Company. Every five years, at the time of declaring the dividends, the business

Central Library of Rochester and Monroe County · City Directory Collection · 1863

is, as it were, closed, so that its actual position and solvency are made manifest at that time. This guards the assured against any possible loss from inefficiency on the part of the Company, and is a sure guarantee as regards the future.

☞ The New England Mutual Life Insurance Company has deposited with the Comptroller of the State of New York, $100,000 for the security of its policy-holders in this State.

A company in which so shrewd a financier as the late ABBOTT LAWRENCE, and so profound a lawyer as the late RUFUS CHOATE, insured their lives to the largest possible amount, needs no other voucher for its economy, stability, and perfect security.

TERMS OF PAYMENT.

The terms of payment of the premium in the plan adopted by the New England Life Insurance Company, while ignoring entirely all uncertainty arising from the credit system, are peculiarly advantageous to the assured.

PREMIUM may be paid quarterly, semi-annually, or annually; or one-half of the amount of five premiums may lie over on notes for a term of years, on whole life policies, interest being charged at the rate of six per cent. per annum, on the deferred portions. Premiums for the whole life may also be settled in ten annual payments, or in a single payment.

This is not insuring on credit; for the Company gets pay, from time to time, previously to running the risk—the interest on the note being taken into the account. The notes, or any part of them, will be demandable after five years from the date of the first one, on notice of ninety days, so that the Company may have command of their funds, should the same be necessary; but it is not supposed that such notes will ever need to be paid. There can be hardly a doubt that the principal may remain outstanding so long as the assured wishes.

Five annual life premiums being double the amount of the cash premium required for an insurance for the term of five years, it follows that the policy is adequate collateral security for a loan to the amount of one-half of the life premium. The Company, by this rule, never insures upon the personal credit of any member, its loans being restricted to those policies only which have a pecuniary value. The Company also aids those members who have paid several life premiums in cash, by affording them a credit in times of pecuniary distress, for subsequent premiums, to an amount equal to what would be paid them on surrender of the policy.

In this Company a person cannot forfeit a policy until its value is worked out in insurance. For example, if a person pays four life premiums *in cash*, this will insure him seven or eight years, or about three years after his four have expired, if he is unable, from any cause, to pay the annual premiums.

Insurance may be effected for one year, a term of years, or for life.

Annexed are the tables of premiums for insurance of $1,000 for one year, for seven years, and for life; also the amount in ten annual premiums, and in one payment.

SURRENDER OF POLICIES.

It sometimes happens that the motive for making insurance, ceases before the policy has expired. Instances will also occasionally occur of persons being disappointed of the means of paying the premium, and so being liable to forfeit their policies. In such case, *the Company consents to a surrender of the policy upon fair terms*, if application is made for that purpose before it is forfeited.

All over and above the actual cost will be returned of the premiums paid.

Now is the time to effect an insurance! As a man grows older, the rates of premium are higher, and his health is liable to fail. Life is uncertain, and delays are dangerous!

TABLE OF PREMIUMS FOR INSURANCE OF $1,000.

VIEW OF CASE & MANN'S RETAIL DEPARTMENT.

CASE & MANN,

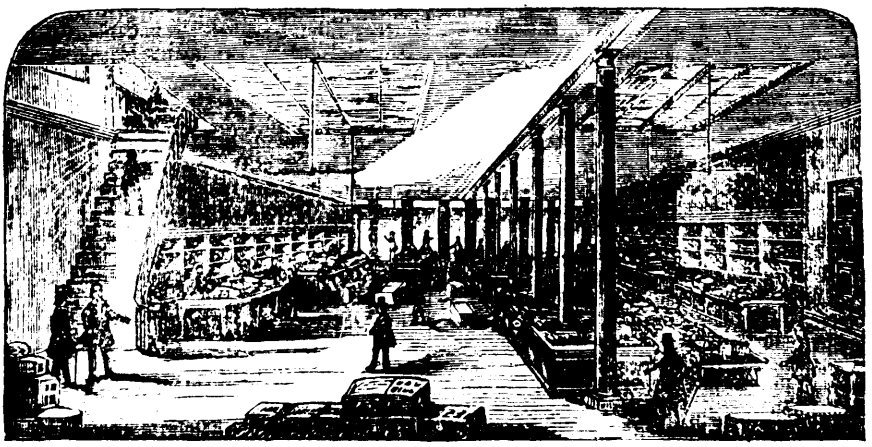

(Successors of Wilder, Case & Co.,)

DRY GOODS MERCHANTS,

At Wholesale and Retail,

NOS. 37 & 39 STATE STREET,

ROCHESTER, N. Y.

WHOLESALE DEPARTMENT OF CASE & MANN'S STORE.

Business at this Store is conducted strictly on the ONE PRICE system—without variation.

Established in 1832. It is one of the largest, best lighted and most beautiful Stores in this State.

Every one coming to Rochester should visit this Establishment.

OLD ESTABLISHED HOSPITAL,

FOR THE TREATMENT OF PRIVATE DISEASES, ON THE FRENCH SYSTEM.

DR. E. J. REYNOLDS, Proprietor.

W. C. LISPENARD, M. D.

Consulting PHYSICIAN and SURGEON,

Rochester, N. Y.

DR. LISPENARD is one of the most scientific and successful Physicians and Surgeons in the United States. His fame is personally known in every City and Village in the Union and the British Provinces.

DR. REYNOLDS announces to the sick and unfortunate that his HOSPITAL is still open for the reception of patients and that he is daily making rapid and permanent cures in all parts of the United States and Canadas, with his concentrated remedies, which are sent by Express, under seal, to all parts of the world. The many quacks, nostrum-venders, and impostors, with which this city and other parts of the Union is flooded, renders it necessary to caution the public against these knaves, some of whom have added Doctor of Medicine to their names, to give them the appearance of respectability. Dr. R. is pleased to announce to those afflicted with any form of private disease, that his cures are the most remarkable on record, and his remedies the wonder of the Profession and admiration of the sick.

By a long course of study and practical experience, Dr. R. has now the gratification of presenting the unfortunate with remedies that have never failed since he first introduced them, to cure the most alarming cases, and that in a very short but reasonable time, without the aid of mercury or any other deleterious drug. Within the last forty years, Dr. R. has cured more than one one hundred and ninety thousand cases of the above character, and it may be said safely, that MORE THAN ONE-HALF of the patients had been previously treated with mercury and other mineral poisons.

Dr. R. can be successfully consulted on all diseases with which the human family is afflicted, with cures warrented in all curable cases.

MARRIED OR SINGLE LADIES.

All female complaints, of whatever name or nature, are treated by us successfully. The most convenient room always in reserve for ladies who may wish to consult us confidentially with regard to any of these interesting complaints to which their delicate organization renders them liable.

N. B.—Dr. Reynolds is sole agent for Dr. Vichois' Female Monthly Pills. Among the many thousand boxes of these Pills annually sold, not one complaint has yet been made against them. Ladies in a certain situation should not use them, the particulars of which will be found in the directions accompanying each box. Price 1.00, Sent by mail to any part of the world. Beware of counterfeits. They are not on sale at any other place in the United States.

Dr. Reynolds' PATENT FRENCH SAFE is warranted a safe and sure preventive against pregnancy and disease. Price $1.00. Sent by mail to any part of the Union.

YOUNG MEN.

Who, by indulging in secret habits, have contracted that soul-subduing, mind-prostrating, body-destroying vice, should apply to Dr. Reynolds without delay.

In these, as well as all other cases of a private nature, Dr. Reynolds commends an early application, and without any vanity or aspiration, decidedly states, that no case within the reach of mortal aid shall ever leave him without a cure or satisfaction given.

Dr. Reynolds' Great Work, THE PRIVATE MEDICAL GUIDE, beautifully illustrated; with nearly 300 pages. Price 25 cents.

Letters describing age, symptoms, occupation, &c., promptly attended to, and medicines, securely sealed from observation, sent to all parts of the world.

No letters will be answered unless they contain a remittance of one dollar, consultation free. Consultation at the Office free of charge.

Consulting Office and Operating Rooms, corner of Mill and Market streets, up stairs. ☞ Persons calling will see no one but the Doctor.

The above concentration of medical talent ensures the sick a scientific and improved course of treatment, and a rapid and a permanent cure. All letters addressed, DR. E. J. Reynolds, Rochester, N. Y., will meet with prompt attention. Office hours, from 7 A. M. to 9 P. M.

Rochester Evening Express

JOB PRINTING

ESTABLISHMENT.

BOOK AND JOB PRINTING

PROMPTLY DONE

IN THE BEST STYLE OF THE ART,

At the Office of the Evening Express.

We have New Presses, New Type, the Best Workmen, and all facilities for every description of

JOB WORK.

We respectfully ask the patronage of MERCHANTS, LAWYERS, MANUFACTURERS, NURSERYMEN, SCHOOLMEN, RECRUITING OFFICERS, and all who have

BOOKS, PAMPHLETS,

HANDBILLS, CARDS,

Catalogues, Blanks, Points, Cases,

Or Job Printing of any kind to be done.

Office, No. 4 Mill Street,

A few steps North from the Post Office,

opposite Corinthian Hall Building.

C. D. TRACY & CO.

Central Library of Rochester and Monroe County · City Directory Collection · 1863

ONE CONSTITUTION—ONE COUNTRY—ONE DESTINY.

Rochester Daily Evening Express.

AN UNCONDITIONALLY AND HEARTILY LOYAL PAPER,

Containing all the latest Telegraphic, Local and General News, together with full Market Reports, is published every evening, Sundays excepted, corner Exchange Place and Mill Street, by

C. D. TRACY & CO.

TERMS.—ROCHESTER EVENING EXPRESS, *Daily*, delivered to any part of the city, at ONE SHILLING PER WEEK, or $7.00 per annum. If paid strictly in advance, $6.00. Mail Subscribers, $6.00 per annum; Six months, $3.00; Four months, $2.00. Three months, $1.50; One month, 60 cents, *invariably in advance*. Single copies, three cents.

☞When sent in the mails, the paper will be discontinued at the expiration of the time for which advance pay is received.

TO ADVERTISERS.

The EVENING EXPRESS has an extensive and constantly increasing circulation both in city and country, rendering it a highly desirable medium of advertising.

Rochester Weekly Express.

ONE OF THE LARGEST AND CHEAPEST,

As it is acknowledged to be one of the BEST FAMILY PAPERS to be found anywhere.

THE WEEKLY EXPRESS spreads before its readers every week 32 large columns of

CHOICE

NEWS AND MISCELLANEOUS READING MATTER.

TALES, POETRY,

Etc., including the LATEST MARKET REPORTS from all the great commercial centers of the country.

THE ROCHESTER WEEKLY EXPRESS is sent by mail, or supplied at the Counting Room, for *One Dollar and Twenty-five Cents per annum*, or six copies for $7: Twelve copies or upwards, sent to the address of one person, One Dollar each, *payable strictly in advance*.

☞When sent in the mails, the paper will be discontinued at the expiration of the time for which advance pay is received.

Insurance may be effected for life, or any number of years, and payment of a single premium, or annual premium the first ten years, or during the whole period of the risk. (See pages 11 and 12 for other Tables.)

Central Library of Rochester and Monroe County · City Directory Collection · 1863

REPORT

OF THE

Directors to the Members, at the Annual Meeting,

DECEMBER 16, 1861.

At the end of the Eighteenth year of our Company, the members will see, by the annexed Statement, its condition is still satisfactory. Our present net accumulation of funds to respond to future liabilities, free from any deduction for present outstandings, is over two millions of dollars; presenting an encouraging prospect for the next distribution of surplus two years hence.

Our investments have satisfactorily stood the shock of the crisis; their present average value, according to actual sales in the market, being only a fraction of one per cent. under that at which they have stood on the Company's books.

The disturbed condition of the country and the diminution of the area of our operations have had much less effect in checking our business than might have been reasonably expected. The number of policies issued during the year is one thousand, being more than in any year except the preceding, and that of 1859, in which latter, 1007 were issued; and the amount the past year is $2,866,575.00, also exceeding that of prior years, with the above exceptions.

Central Library of Rochester and Monroe County · City Directory Collection · 1863

The average age of the new members has been somewhat less than in former years. The losses have been in just about the same ratio to the whole number of members and the amount of insurances; the amount being $134,800.00; making the whole amount paid out, in losses, by the Company, during the eighteen years of its operation, nearly $900,000.00; over $700,000.00 for the benefit of the surviving families of the insured; the remainder to creditors or other parties interested in the policies.

Members will see that our whole expenses have amounted to between eight and nine per cent. of our receipts of premiums and income for the year, a rate which will not compare unfavorably with that of other similar institutions. Included in this expense is a subscription of one thousand dollars for the use of the Sanitary Committee of the Army, which subscription was made promptly upon the application for the same, in order to encourage other like subscriptions, the Company having a pecuniary interest in the operations of that board, since the risk on members engaged in the military service would be thereby most materially diminished, especially in the early stages of hostilities, before effective sanitary arrangements could be perfected by the official functionaries.

The recent insurrectionary eruption presented novel questions of some complexity. The Company had, from the beginning, taken military and naval risks, at greater or less extra premium, varying according to the kind of service, the climate, and other circumstances. The data for estimating the aggravation of the risk, in the new service and new state of things, were quite imperfect, and yet it seemed incumbent on the Company to make an estimate, and not drive old

Central Library of Rochester and Monroe County · City Directory Collection · 1863

members out of the Company whose services were needed by the country. And if prior members should be insured against this risk, those subsequently admitted could not be excluded, since they might have no intention to enlist until a longer or shorter time after they had become members. Upon deliberate consideration, it was decided to admit the risks, subject to limitations and restrictions as to the amount of such insurances, and the descriptions of risk. Cases, where the parents or family of the applicant were dependent upon him for support, have been favored. Applications, on such risks as collateral security to creditors, have been declined. The additional premium for the different varieties of such risks has been put at a rate which was estimated to be adequate. And, according to our experience thus far, it will prove to be so, notwithstanding that the future extra risk should greatly exceed the past. The utmost extent of an unfavorable turn of these risks, even supposing (if such an incredible supposition can be made) that every one should result in loss, cannot be more than to diminish the next distribution; but, at present, any such diminution from this cause is altogether improbable. It is hardly to be expected that the Company will ever hereafter encounter circumstances so difficult and trying.

The Company has not yet arrived at the period when the number of policies issued is balanced by the terminations. The annual change of members in this way has been increasing in the ratio of the growth of the Company. The efflux of members is illustrated by recurrence to the first five years of our history.

Issued in A.D.	1844—343	1845—459	1846—435	1847—461	1848—413.
Remaining " "	80 "	88 "	110 "	120 "	73.

Central Library of Rochester and Monroe County · City Directory Collection · 1863

Thus of 2111 insured in those five years, 471, being somewhat less than one-fourth, are still members. The proportion of those remaining out of the whole number insured during the eighteen years is much greater. The number of the present members is 4881, being about one-half of the whole number who have been insured. These data may serve as an illustration of the current of members into, and out of the Company, including those insured for terms of years, which number may be estimated to be not far from one-half of the terminations.

Central Library of Rochester and Monroe County · City Directory Collection · 1863

STATEMENT

OF THE

BUSINESS OF THE COMPANY,

For the Year ending November 30, 1861.

4648	Policies	outstanding November 30, 1860,	$14,910,626.00
1000	"	issued since, ...	2,866,575.00
5648	"	. . . . .	$17,777,201.00
767	"	terminated, ...	2,353,590.00
4881	"	outstanding November 30, 1861,	$15,423,611.00

Forty-one Policies have terminated during the year by death of the insured; of which number, thirty-seven, amounting to $118,300.00, were for the benefit of surviving families, and the remaining, amounting to $16,500.00, were for the benefit of creditors.

Of the 1000 Policies issued, 776, amounting to $2,437,250.00, were for life; and 224, amounting to $429,325.00, were for terms of years.

The ages of new members are as follows:—

Under 20 years, . . .	9	40 to 45 years, . . .	134
20 to 25 " . . .	97	45 to 50 " . . .	85
25 to 30 " . . .	200	50 to 55 " . . .	54
30 to 35 " . . .	211	55 to 60 " . . .	25
35 to 40 " . . .	172	60 and over, . . .	13

Central Library of Rochester and Monroe County · City Directory Collection · 1863

The classes of new members are as follows:—

Merchants, Traders, and Brokers,	323	Students,	22
Clerks,	145	Clergymen,	21
Government Officers,	83	Physicians,	20
Mechanics,	79	Teachers,	20
Manufacturers,	46	Master Mariners and Mariners,	15
Lawyers,	34	Gentlemen,	13
Agents and Superintendents,	29	Hotel Keepers,	13
Bank, Insurance, and Railroad Officers,	26	Females,	12
Engineers and Machinists,	25	Editors,	10
Farmers,	24	Expressmen and Conductors,	9
		Professors,	2
		Miscellaneous,	29

The residences of new members are as follows:—

New England States,	555	Europe,	4
Middle States,	330	China,	1
Western States,	99	Sandwich Islands,	1
Southern States,	7	Oregon,	3

MARSHALL P. WILDER.	GEO. H. FOLGER.
A. W. THAXTER.	FRANCIS C. LOWELL.

The Company has deposited with the Superintendent of the Insurance Department at Albany, bonds and mortgages amounting to $100,000, in compliance with the law of New York.

Central Library of Rochester and Monroe County · City Directory Collection · 1863

SINGLE PAYMENT

For an Insurance of $1000, *calculated from the next Birth-day of the Applicant.*

Age.		Age.		Age.	
10	$271.60	27	$378.00	44	$538.80
11	275.90	28	385.50	45	551.10
12	281.10	29	393.00	46	563.40
13	286.90	30	400.60	47	578.50
14	293.00	31	408.50	48	589.80
15	299.40	32	416.70	49	603.50
16	305.80	33	425.10	50	617.40
17	312.00	34	434.00	51	631.50
18	318.30	35	443.10	52	645.50
19	325.40	36	452.60	53	660.00
20	330.60	37	462.50	54	674.70
21	337.00	38	472.60	55	689.80
22	343.50	39	483.20	56	705.40
23	350.10	40	494.10	57	720.50
24	356.80	41	505.00	58	736.00
25	363.80	42	516.00	59	751.50
26	370.80	43	527.20	60	766.50

Thus, a person aged 30, to insure $1000, would pay $400.60 and be relieved of all future annual payments. He would share in the distributions of the Company the same as though an annual payment were made through life. The single payment could be made in cash, or a note could be given for the amount, bearing interest at 4 per cent. per annum, upon which note an amount would have to be paid annually, equal at least to what would have been the annual premium. The interest is first deducted from the annual payment, and the surplus is endorsed upon the note. After a series of years the note is liquidated.

Super-Carbonate Soda, Sal-Soda, Cream Tartar,

AND

Choice Brands of Cigars,

FAIRPORT, N. Y.

DANSVILLE, N. Y., March 15, 1861.

Messrs. D. B. DE LAND & Co.:—The samples of your Chemicals, ordered Feb. 18th, has been received and analyzed, and I am much pleased with the result. It shows a trace of alumina and about 0.2 per cent. of chloride of sodium, 99.8 per cent. pure. It is, you will therefore see, *incomparably* purer than the commercial article generally.

As an illustration of its *comparative* purity, I need but state that in a sample of what purported to be pure, I found 22.5 per cent. chloride of sodium. Indeed, yours is so nearly pure that I shall use it in my laboratory for most purposes where such a reagent is required. I wish therefore you would send me three or four pounds for laboratory use. Send your bill.

Yours truly, J. J. BROWN, Chemist.

AVON SPRINGS,

ON THE DIRECT ROUTE

From New York to the "Falls,"

AND

About 20 Miles South from Rochester.

The Traveler for Pleasure, and particularly the Invalid, will find at AVON SPRINGS inducements that cannot fail to please even those most familiar with places of Summer resort, either at home or abroad.

These SPRINGS have, since the earliest settlement of Western New York, been favored for their remarkable curative properties in cases of RHEUMATISM, SCROFULA, GOUT, &c.

CONGRESS HALL,

Long known and well conducted by its popular Proprietor, JOHN DANN, will be found as comfortable a Home as the most fastidious could require.

Visitors are conveyed in comfortable carriages three or four times a day to and from the Springs, and to those choosing the walk, the exercise will be found invigorating. The cool, but decidedly sulphurous draught has a most marvelous effect in creating an appetite for the bountiful supply of well prepared, fresh and healthy food, which MINE HOST *always* supplies.

KNICKERBOCKER HALL,

Under the careful management of the SAME PROPRIETOR, and upon a gentle rise of ground with pleasant surroundings, has been refurnished and fitted, and will be found a place of

Quiet Comfort,

Where the weary man of business, with his family about him, either in the Principal Building, or in one of the

PLEASANT COTTAGES,

May throw all care away, and prepare himself for a return to the engrossing duties of business.

These Houses will Accommodate Comfortably

ABOUT TWO HUNDRED VISITORS,

AND

Will be Opened May 20th.

P. S.—Both Houses are within Twenty Rods of the Springs.

THE DANSVILLE HERALD,

The Largest Paper in the County.

Published every Wednesday Morning, at Dansville, Livingston County, N. Y., by

GEORGE A. SANDERS,

Editor and Proprietor.

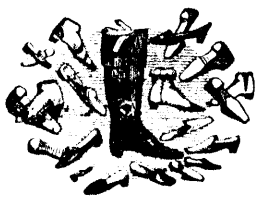

THE DANSVILLE HERALD is now in the fourteenth year of its publication, being the only paper ever published for five years successively in Dansville. Our regular weekly circulation is now larger than ever before, and by the aid of local and traveling agents it is rapidly increasing. This paper has long enjoyed the reputation of being the best local journal in this part of the country, and a special effort is made to make it a complete record of events transpiring in this vicinity. It has an established Educational Department, in charge of the School Commissioners of the County, in which all their notices are published, and is taken regularly by nearly every teacher under their official supervision. In Politics it is an independent Republican sheet, advocating the Union, the whole Union, and the enforcement of the laws. Each number also contains a choice variety of Literary, Humorous, Agricultural and Miscellaneous matter, and a Summary of the News of the week. The paper is neatly printed, and advertisements are set up and arranged in a manner that cannot fail to attract the attention of every reader. Yearly advertisers are entitled to a change of their notices quarterly or oftener if desired, and all our patrons will receive frequent reference in the Editorial columns. Advertisements inserted at low rates.

TERMS OF THE HERALD.—Single copy, one year, One Dollar and Fifty Cents, payable in advance. Ten Copies, $12.50; Twenty Copies, $20.00.

N. B.—The List of Letters remaining in the Dansville Post Office, is published in the *Herald* by virtue of its having the largest circulation of any paper in town.

STEAM BOOK AND JOB PRINTING.

Connected with the HERALD is one of the most complete and extensive Printing Establishments to be found in any village in the State. It is furnished with one of A. & B. Newbury's superior Cylinder Power Presses, which does every description of work in good style, and prints a larger sheet than any other Press in the County. We have also a very extensive assortment of the latest styles of Type, Borders, and all other material. All work done in the best style and at the lowest city prices.

WANTED.

Agents in every Town and County to sell DALE'S NEW, DURABLE and BEAUTIFUL UNNING STITCH SEWING MACHINE

This MACHINE will hem, run up breadths, gather, ruffle, shir, tuck, &c, with single or double thread, using the common sewing needle, (which can be purchased at any store for six cents a paper,) making a uniform long or short stitch at the will of the operator. It will sew any kind of material that requires the running stitch, weighs one pound, and can be carried in the pocket or work box, and is so arranged as to be attached for use to a table top or work-stand, with directions that a child who can read can operate it without instructions. The superior tools and large facilities for manufacturing enables us to put them in the market at the low price of $6.00 by retail.

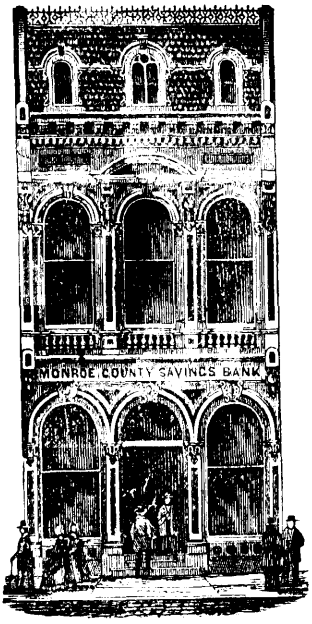

☞ For further particulars, apply to

N. Y. CENTRAL RAILROAD,

DOUBLE TRACK, FOR

ALBANY, TROY,

NEW YORK AND BOSTON.

THE NEW YORK CENTRAL RAILWAY, running the entire length, and through the most populous part of the State, forms one of the great, oldest and best managed links of communication between the East and West.

It has two Eastern termini, one at Albany and the other at Troy, connecting at Schenectady, and running thence west through Utica, Rome, &c., to Syracuse, from which point there are two roads running to Rochester, known as the "Direct Road," viz: Port Byron, Lyons, &c., and the "Old Road," viz: Auburn, Cayuga, Geneva, Canandaigua, &c. From Rochester there are also two roads running west, one through Lockport, &c., to Niagara Falls: the other through Batavia, &c., to Buffalo. Also a branch commencing at Buffalo, and running along the banks of the Niagara River, through Tonawanda, and the village of Niagara Falls, to Lewistown; and likewise a branch from Tonawanda to Lockport.

At either Albany or Troy, passengers for New York and intermediate places connect with the Hudson River Railway, Harlem Railway, or (during the season of navigation) with North River steamers. Passengers for Pittsfield, Springfield, Worcester, Boston, Hartford, New Haven, Providence, and intermediate places, connect with Western Railway and its connections. Passengers for Saratoga Springs, Rutland, Burlington, Montreal, and all places North, also connect by Railway from either Albany, Troy, or Schenectady. Passengers for Sharon Springs leave the Central Railway at Palatine Bridge, and go from there by stage. Those for Cherry Valley, Cooperstown, and places South, leave at Fort Plain. Those for Trenton Falls leave at Utica, and go by railway. Those for Watertown and places North connect with the Rome and Watertown railway, at Rome.

At Syracuse, the Central Railway connects with the S. & B. Railway, running to the Erie Railway at Binghampton, and with the O. & S. Railway, running north to Oswego. At Canandaigua with the E. C. & N. Falls Railway, running to the Erie Railway at Elmira. At Rochester with the Buffalo, N. Y. and E. R R., running to the Erie R. R. at Corning, and with steamers for all ports on Lake Ontario. At Buffalo with steamers on Lake Shore Railway to Erie, Cleveland, Sandusky, Toledo, and thence to Chicago by Michigan Southern Railway. At Niagara Falls passengers connect with the Great Western (Can.) to Detroit, and from thence to Chicago by Michigan Central Railway. At Lewiston passengers connect (during the season of navigation) with steamers for Toronto and all ports on Lake Ontario.

Commodious SLEEPING CARS are attached to the Night Trains, running East and West, on this Road.
