THE CIVIL SERVICE.

For State Board of Commissioners, see page 1116.

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments and confidential subordinates), must be filled from applicants who have successfully passed an examination by a Board of civil service examiners, or from registered list of laborers.

A Board consisting of three members is appointed by the mayor, who also appoints the secretary and chief examiner.

Whenever a position is to be filled, the examining Board will notify the applicants on record, to appear for examination, and appointments must be made by the appointing power from the list prepared by the commission.

Soldiers or sailors who served in the war of the rebellion, having any standing on the list, have the preference. Soldiers and sailors of Spanish-American war have no preference in appointment.

Local Board of Municipal Examiners. (*For City Appointments*).

CAPITAL. $200,000 00

WE ARE AGENTS FOR

Pierce Great Arrow, Thomas Flyer, Stevens Duryea, Waltham Orient, Buick, Oldsmobile, Orient Buckboard, National Electric

and usually have a few bargains in second-hand machines

ELECTRIC VEHICLES

WE make a specialty of taking care of Electric Vehicles, and solicit your patronage on the promise of exemplary service in not only keeping machines clean, but by paying special attention to caring for and charging the batteries. The only argument against electric machines is battery trouble, and nine-tenths of this is due to improper care and careless charging, which can be entirely eliminated. This department in both of our stations is under the supervision of experts on storage batteries and electric motors.

Telephone Your Troubles

FOR the convenience of those who have trouble while out with their machines anywhere within the county, we hold a grip full of tools, all sizes of tires, a tow rope and a wrecking car in readiness. Almost every farm house has a telephone. You can save time by using it. We will come to your rescue at any hour day or night, and if your troubles are two great for quick road repair, the tow rope will get you home.

Repair Department

IN this department we take special pride, and have spent thousands of dollars to install the finest machinery obtainable, and we are prepared to make in our own shop any part of a gasoline engine, no matter what kind, thus avoiding the great loss of time usually experienced in ordering parts from a factory.

We employ skilled workmen and experienced machinists, and with the advantages of the latest and most accurate machinery we are able to manufacture any part that is needed, from an axle or crankshaft to the most intricate part, just as good and in many cases better than the original. If you cannot get what you want elsewhere come to us. If we haven't it in stock we can make it on short notice.

"LIKLY" Baggage

represents the highest advancement in the art of manufacturing traveling equipment. Through more than sixty years of development the "LIKLY" line has come to embody all desirable baggage characteristics in a superior degree. Every piece is handsome and artistic in design. The work is all performed by skilled and experienced mechanics who have received their training in the "LIKLY" factories. The best of material is used. The great aim in all departments is to attain

High Quality

Every mechanical method that makes for strength, toughness and durability in the finished product is a regular manufacturing process through which every article must pass. No makeshifts are adopted, even though it might be possible to conceal all bad and bungling jobs with showy coverings and ostentatious ornamentation and trimmings. In short, "LIKLY" construction is

Honest Construction

Every piece is trade-marked and the makers guarantee satisfaction. In addition to this, "LIKLY" prices, quality considered, are the lowest to be found anywhere

A visit to our store at No. 155 Main Street East will convince anyone that our line of trunks, traveling bags, suit cases and other traveling accessories is complete and sufficiently varied to meet the requirements of all travelers
