REMOVALS—Against names showing removals from the city, the post office address is given; if into another State, both the post office and State are given.

DEATHS—The date of death of citizens whose names appeared in the Directory dying during the past twelve months, is recorded against the name in the present book. The same has been done each year since 1876, so that the several volumes of the Directory contain a mortuary list for that period, of great reference value.
