Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

SAVE TIME—SAVE MONEY

ON SOLICITATIONS

Follow this effective guide to control solicitations:

1. **Investigate all telephone solicitations from unknown persons.**
2. **When solicited personally, do not contribute to any cause until you call the Bureau for a report, or,**
3. **Hand the solicitor our questionnaire-form. (Ask us for a supply of these forms.) If filled in, forward to Bureau.**
4. **On all advertising solicitations insist on a written order and pay only on delivery of publication to you.**

What will this accomplish? It will take your name off the "sucker" list, protect you from fraudulent and spurious promotions, reduce solicitation expense, give you the satisfaction of **knowing where** your money is really going.

THE BUREAU HAS NOTHING TO SELL

The voluntary membership of the Bureau includes Newspapers, Broadcasting Stations, Banks, Financial Institutions, and other business firms including Manufacturers, Retailers, Insurance, Professional and Service groups.

Business interests and the public depend upon the Bureau for FACTS.

The Bureau is NOT connected with ANY LOCAL ORGANIZATION OR PUBLIC OFFICE.

A "Dream" Kitchen Come True

The New Freedom Gas Kitchen is no artist's dream. The Gas industry has transformed it into a reality and homes old and new can enjoy the comfort, convenience and charm of its design and equipment.

Outstanding feature of the New Freedom Kitchen is the ventilation system which carries off all grease and grime as well as objectionable cooking odors. Ask us to tell you about this newest and most modern of all kitchens . . . the kitchen that is cooler in summer, warmer in winter and cleaner the year around.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

If You Are in a **BUSINESS FOG**
In the Aftermath of War

Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are deader than a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

BUSINESS MEN NEED SUCH INFORMATION IN SUCH TIMES!

Wherever you see the name *Bausch & Lomb*, it is your guarantee of the finest quality in optical products. On your eyeglasses, your Ray-Ban sunglasses, on the microscope your doctor uses, on binoculars, and a host of other optical instruments. For more than ninety years, Bausch & Lomb has had only one standard—quality.

Be sure you get Bausch & Lomb quality in the glasses you wear.

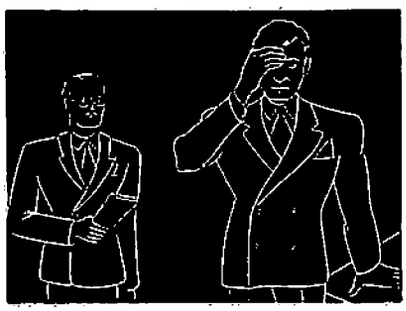
SAVE YOUR VISION



SAVE YOUR NERVES

Defective eyesight is a major cause of the jitters and "sour" dispositions. Eyes that are weak or defective usurp nerve energy intended to keep other organs in balance — and indirectly cause a person to fatigue easily, become cross, on edge—and generally jittery. Care for your eyes —and they'll care for you—for life.

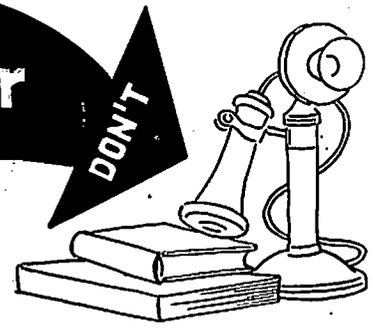
Put Telephone Receiver Back in Place!



Considerable telephone equipment in exchanges is tied up everyday because of misplaced telephone receivers. Service is disrupted when receivers are not replaced properly after a call is completed, or are tilted or lifted accidentally. By putting telephone receivers back in place properly, subscribers can prevent tying up equipment that could be used for other calls.
