EVALINE R. CLARKE, State Organizer,  
SOUTH STOCKTON, N.Y.

Rochester N.Y. Dec 14/92

My Dear, Dear Girls -  
Each & all three

The Wyoming Times is just here telling of the passing on to "the better land" of your precious Mother - how well I remember her a little over a year ago - when at Mrs Crassetts home - So sweet & so earnest; It was hard to see & hear father no more - and it will be doubly hard to see & hear your lonely & lovely Mother no more - here on earth!! Mind cannot be lost any more - not so much as matter - hence we may be sure that somewhere - somehow the spirits we loved so much when embodied and with us here - are still - and are being & living to good purpose - We hope ever better purpose than when here with us-- We have seen our father pass on - our mother - our two sisters - one very dear nephew and three precious nieces - and our hearts were sent over the "gone but lost" over & over - and what is the fate of one left here - has been & will be the fate of all - for it is as much the order of nature for mortals to go hence as it is for them to come into this world - hence each & all of us left must learn to submit to the inevitable - to learn the lesson seems easier for others than for ourselves - always but I imagine it is about the same to each & all of us!

And the dear grand-children - how they will miss their dear Grandmother - and your brother - whom I do not remember of seeing and your good husbands - to each & all will come a honesty of feeling that something has gone out ou your hearts & homes - And yet as Emerson says - and as you will realize - "We never know how constantly our loved ones are in our thoughts until they are gone from our sight forever" - So with deepest sympathy & love we subscribe ourselves

Susan B. Anthony
