My Dear Mrs Coonly

Your lovely letter from Lyon's was sent on to me at Leavenworth Kansas - It is too lovely of you to give me such a warm place in your heart & home - and I want you to feel that I realize the good, big soul that thus open its welcome to from me -

The Board of Lady Managers gave Mrs Sewall a reception this P.M. of my return Tuesday - so I betook me at once to Woman's Building - when I met Mr & Mrs Gross - who both levied upon me to stop with them until your return - so here I am - came last evening - and am settled in her lovely front room - where I have the lake in front - and your lovely side don at my side-

So I feel really almost at home both Mr & Mrs Gross make me feel very like at home - both went with me to the Religious Congress this morning - It is too bad for you & your precious mother to miss the truthful scorings our Christian boastings are getting from the Orientals . all of them alike prick our soap-bubbles-preachings-not practicings. I do enjoy seeing our vain gloryings handled by the "heathen"!!

Mr & Mrs Sewall returned to Indianapolis yesterday - and - Mr Young has sent her all of the stenographic reports of our Women's Congress and she is to begin preparing copy from the two volumes of our report at once - & Mr Young is to begin printing it at once!! Do I hope we shall - ere see the year closes see the two huge volumes- & yourself & dear mother & all

P.S. Oh- I sent your good letter, with its good word of Mrs Sewall & darling Rachel Foster Avery - to Mrs Sewall - and she said to me "if Mrs Coonly would or could make Fridoor Saturday night her at home night - I would love to come over - & visit I could - once or twice at least"- Monday eveing has seemed to be reception time for the Congresses - Your Sunday evenings are always lovely - ~~so~~ were your Monday evenings - I really do not know which eving would be likely to be the freest to the largest number - but any one that suits you best will bring to you plenty of the best people at the Fair -
