Mrs. Hannah Anthony Bowles

Lake Geneva, Wisconsin

I am about as good as new, but sister Susan is in a very poor way.

The Dr. stayed with us all night until after breakfast this morning –

Had consultation of Physicians, & two trained nurses – our Carrie & myself, all that can work to advantage, avoiding talk & noise much as possible—we can only await the time for change for the better, which I hope will be soon.

Many thanks to you & Katie,

With love,

M.S.A.
