Rochester Suburban Directory

For the year 1931

INCLUDING THE TOWNS OF
BRIGHTON, GATES, GREECE and IRONDEQUOIT

A Supplement to the Rochester Directory

Containing

Alphabetical Section (White Pages) for each town, giving names, occupations and addresses of all persons over twenty years of age, business and post office addresses.

Business Directory (Page 701) of all firms or individuals in business or profession, under listing best describing their service or product.

Reference Department (Page 17) where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the town, and stands for them and the town in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

House and Street Directory. (Blue Sections) A complete list of streets, giving numbers at intersections and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business, and householders are listed in numerical order upon their respective streets. Resident property owners are designated, and Post office address is given for each street. A feature of great value and convenience.

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Rochester Suburban Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe its product, is wise.

Investigate the City Directory, the book of many uses

The Return Circuit in Advertising

*The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made*

Creative Advertising—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find **You?**

Cost Is Now Available**

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or product, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

*Ours is a complete service that relieves you of
every mail advertising detail*
