Rochester Suburban Directory

For the year 1933

INCLUDING THE TOWNS OF

BRIGHTON, GATES, GREECE and IRONDEQUOIT

A Supplement to the Rochester Directory

Containing

Alphabetical Section (White Pages) for each town, giving names, occupations and addresses of all persons over twenty years of age, business and post office addresses.

Business Directory (Page 411) of all firms or individuals in business or profession, under listing best describing their service or product.

Reference Department (Page 17) where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the town, and stands for them and the town in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

House and Street Directory (Pink Sections) A complete list of streets, giving location of intersections and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All business houses, individuals in business, and householders are listed in numerical order upon their respective streets. Resident property owners are designated, and Post Office address is given for each street. A feature of great value and convenience.

ROCHESTER SUBURBAN DIRECTORY

REFERENCE DEPARTMENT

a

Where more complete information than is possible to give under the classified listings is assembled for the convenience of buyers. It is a catalog of services offered by leading business interests of the community and is the logical place to look for specific information concerning them.

Silver Trophy awarded each year—in National competition—by the Direct Mail Advertising Association for the best direct advertising campaign of the year, featuring Letters.

Won by SAMPSON & MURDOCK COMPANY in 1929 for campaign prepared for the Copley Plaza Hotel —won by Sampson & Murdock Company in 1930 for campaign prepared for the Workingmen's Co-operative Bank and won again—in 1932—for the third time, making it permanently ours—in work handled for The Coward Shoe.

IT'S well to know what sort of background an advertising house has before you spend your money and entrust the directing of your selling policy into its hands.

Good advertising brains, long and varied experience, mechanical equipment of the latest and most approved types, and financial responsibility—these are the things that make Sampson & Murdock Company one of the most important direct advertising firms in the East.

Directory publishers since 1846, compilers of special mailinglists ever since mailing-lists have been used, and now—the latest stage of a progressive development—a completely staffed and splendidly equipped creative direct advertising house.

As proof of the quality of our work we invite your inspection of any advertising campaign we have produced, and call your attention to the prize award pictured at the top of this page which stamps our work as uniformly successful. As proof of the up-to-dateness of our equipment and the proficiency of our mechanical layout, we invite your inspection of our offices, our directory library, and our two plants at your own eonvenience. As proof of our financial responsibility, we invite your inspection of our rating in Bradstreet's or Dun's.

We will appreciate the opportunity to consult with the officers of any firm interested in the possibilities of carefully planned direct advertising as a stimulant to sales.

How To Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising suggests wants and creates desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants when he wants to buy.

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as in this book.

A Help to You

In your buying, use the lists in this book. If you see a name in heavy type it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page ——", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to you as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you now how little it costs to be protected.

Sales Letters: Letters, because their real object is to appear as personal messages and not advertising, are the most difficult form of advertising to prepare, and should always be done by trained minds. Our Sales Promotion Department has a splendid record for successful letters.

Your advertisement in any or all of them will prove to be a compelling force for good business.

729 POWERS BUILDING - ROCHESTER, N. Y.

You may be remembered a hundred years from now

It seems a long time in this era of change but it is a fact that the influence of our forefathers is often carried on for generations.

Especially in business and financial affairs is the record of the past liable to be of vast importance to the present.

The silent testimony of old directories is often accepted by courts as valuable evidence and too much care cannot be taken by business men to insure that all such records are accurate and complete.

Unlike most other mediums for advertising, the Directory is kept on file in many law and public libraries for years after its immediate usefulness as an address book has disappeared and it becomes a permanent record of the firms and individuals listed therein.

A very small sum insures adequate representation from year to year and such record may prove of great service at some future date.

Rise and Walk

HERBERT N. CASSON, Editor, Efficiency Magazine, London, England Sends a Message to America

You are depressed. You think you are crippled. You are afraid of the future. You are full of fears.

You have half the gold in the world and half of the machinery and most of the automobiles and all the skyscrapers.

You have the greatest home market in the world and the largest corporations that the world has ever seen.

You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do.

How can it be possible that a progressive nation of 120,000,000 people can be wrecked by the speculations of a little handful of fools in Wall Street?

The prices that were forced too high had to come down. Today all the prices are too low.

There is now a golden opportunity for every man who has eyes to see it.

Dollars are now being sold for 30 cents. Practically every security in the United States is now being sold at less than its value.

The way to create a fortune is to buy from pessimists. Pay your money and take the risk.

Frick started his career by buying coke ovens in the slump of 1873. Carnegie made \$300,000,000 by buying steel plants in the slumps.

Hundreds of fortunes have been made by buying from pessimists. Ye gods! What a chance there is at this moment!

In five years from now most American business men will belong to the "I Wish-I-Had-Club."

Then it will be too late to buy a dollar for thirty cents. The opportunities will be gone.

When a horse balks, the balk is in his head, not in his legs. He moves on when he thinks he will.

And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will.

When fear rules the will, nothing can be done, but when a man casts fear out of his mind, the world becomes his oyster.

To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples.

This silly depression has gone on long enough. Get rid of it. It is inside. of you. Rise and walk.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

Ours is a complete service that relieves you of every mail advertising detail
