LAW RELATIVE TO WATCHERS.

CHAPTER 56.

AN ACT to Promote Honest Elections.

Passed March 11th, 1880.

§ 3. The election at every poll shall be public to the watchers hereinafter provided for, from its commencement to the close of the canvass and signing of the proper returns and copies thereof.

§ 4. Every political organization which shall present a candidate or candidates for the suffrages of the voters of any election district, shall have the right to appoint, not to exceed, two electors as watchers at the poll of such election district for every election. Such appointment may be evidenced by a written or printed appointment, signed by the President or the Chairman and the Secretary of such political organization, but no ward or town organization shall be entitled to watchers at any poll outside the limit of such ward or town.

§ 5. Such watchers, and each of them, shall be entitled to be present at such election in the room occupied by the inspectors of election, commencing at least fifteen minutes before any ballot-box shall be opened, until the close of the canvass, and the signing of the proper returns of such election.

§ 6. At every election immediately before any ballots are received by the inspectors of election, or any of them, said inspectors shall unlock every ballot-box used, or to be used, at such election, and permit each watcher present to examine said ballot-box, and every part and portion thereof, until he is satisfied as to the structure thereof, and that there is, at the commencement of receiving ballots, no ballots therein.

§ 7. Every watcher shall have the right, from the time of so inspecting said ballot-box or boxes, at any and all times until the canvass of the ballots and signing of the proper returns and copies thereof, to be present in the room occupied by said inspectors, in a position and place where he may fully, conveniently and comfortably watch the reception and deposit of every ballot cast at such election, and the full and final canvass of the ballots and signing of the proper returns and copies thereof; and no ballot-box or ballot cast, except it be in the ballot-box, shall be removed from the constant sight and inspection of such watchers, until the canvass is closed and the proper returns and copies thereof made and completed.

§ 8. Every ballot-box shall be so placed, at a window or elsewhere, that the voter depositing any ballot, and each watcher, may conveniently see every ballot received by the inspectors and deposited in the ballot-box.

§ 9. No screen or other obstruction to such view of any ballot-box by the voter or any watcher shall be allowed.

§ 10. If requested by any watcher or any elector present at any canvass, it shall be the duty of the inspectors of election, and each of them, to exhibit any and all ballots cast at such election to such watcher or elector fully opened, and in such a condition and manner that he may fully and carefully read and examine the same, though said inspector shall not allow any such ballot to be taken from his hand.

§ 11. Every return or statement of the result of the canvass of any election shall be made upon a single sheet of paper, or if not, each half sheet shall be signed at the end thereof by the inspectors.

§ 12. The room used for the reception of ballots shall be of a reasonable size, so as to admit at all times at least twelve electors, including the watchers, exclusive of the inspectors of election and clerks of the poll.

§ 13. Any watcher or other elector may challenge the right of any person offering to vote at any election, and the name of the person so challenged shall not be disclosed by any inspector of election or clerk of the poll, unless required so to do by a court of justice or magistrate in some legal proceeding.

§ 16. No inspector of election or clerk of the poll, who shall act as such during any portion of any election shall peddle, distribute or give tickets to electors, during any part of the day of such election.

§ 17. No lager beer, ale, wine or spirituous liquors shall be allowed on any election day in any room used for election purposes.

§ 20. Every inspector of election, or clerk of the poll, who shall intentionally omit, neglect or refuse to do any act required by this act, and every inspector of election, or clerk of the poll, policeman, member of any police force, or other person who shall intentionally refuse to permit the doing of any act hereby allowed to be done by any watcher or elector, or shall intentionally prevent, or attempt to prevent, the doing thereof, or shall intentionally do any act forbidden by this act, except in sections eighteen and nineteen thereof, shall be guilty of a misdemeanor, and be punished by imprisonment in a county jail or penitentiary for not exceeding one year, or by a fine of not exceeding two hundred and fifty dollars, or by both such fine and imprisonment.

READ THE ABOVE CAREFULLY.

1. Be present in the room occupied by the Election Inspectors fifteen minutes before the opening of the polls, and at least one of the watchers must be in constant attendance until the polls close.

2. Examine the ballot-box before the polls open, and satisfy yourself as to its structure, and see that it is empty.

3. Be in a position where every ballot received can be seen, and its deposit in the ballot-box observed.

4. Challenge every voter whose right to vote is questionable.

5. Make a memorandum of every ballot sworn in and the reason for the challenge.

6. Note in your memorandum the names of all Republican workmen who are forced to vote against their known will and judgment by their employers.

8. At the count, examine every ballot concerning which there is any question, and make a memorandum of its defects.

9. Ask one of the Democratic Inspectors to give you, in his own writing, the figures of the result, and carefully preserve such memorandum.

These instructions will be observed in every other district of the State. Let there be no failure in your district.

DUTY DEMANDS YOU TO COMPEL AN HONEST BALLOT AND A FAIR COUNT.
