We do severally certify that we have set down in the assessment roll all the real estate situated in the town of Wheatland, according ^{to our} best information and that with ^{the} exception of those cases which the value of the said real estate has been sworn to by the owner or possessor thereof we have estimated the value of the said real estate at the sums which a majority of the assessors have decided to be the true value thereof and at which they would appraise the same in payment ^{of} a just debt due from a solvent debtor and also that the said assessors roll contains a true statement of the aggregate amount of the taxable and personal estate of each and every person named in said list over and above the amount of debts due from such persons respectively, and excluding such stocks as are otherwise taxable and that with the exception of those cases in which the value of such persons estates has been sworn to by the owner or possessor, we have estimated the same according to our best information & ability.
