for building the bridge at Albrights \$235. —

paid on a contract with Moses Wells

for building a Bridge across the Creek at

Garbutts Mills ----- \$16.75

total amt. p. 251 75

We further report that the roads are generally good
and need no appropriations more than the labor
to be assessed thereon, except the Bridge across the
Creek at Garbutts which is condemned and a
contract made with Moses Wells for building a new
bridge for which he was to have \$325. — and he is
to complete the same by the 15th of Sept. next
paid as above stated ----- 16.75
Due \$308.25 on

the contract with sd Wells to be paid as soon as the
same can be levied and collected. — And we therefore
report it necessary to raise \$250. to be applied on
said contract

Report of the Commissioners of Highways
March 29. 1825—

We the Commissioners of Highways for the Town
of Whetland do report as follows—

That the whole Number of days assessed on
the Highways for the last year was 1131 and
also that 1151 days work have been performed
and that we have received no money and
have appropriated none and that there is
public Money for the Purpose of repairing
Highways and Bridges in the Hands of the
Town Clerk to the Amt of Seventy One dollars
and further we report that the Roads are
generally in good Repair and need no public
Money appropriated on them but the Bridges
over Allen^{Creek} need some Repairs and we con-
sider the Money on hand will be sufficient
to make said Repairs— and that it will not
be necessary to raise any Monies for the ensuing
Year —

Annual report of the commissioners of Highways
of the Town of Wheatland for the past year
1st That the roads and Bridges are in passable Order
and that no public monies will be required to keep
the Roads passable and in Tolerable Order
except the Bridge across Allens Creek at
Scottsville. Where they consider it necessary to build
a new Bridge and for the purpose of building
said bridge they consider it will require
Six Hundred Dollars- Also that they have recei-
-ved Forty Eight dollars & fifty Cents of the Town
Clerk- all of which they have expended on the
bridges in said Town in the following manner
- on the Bridge near Mumfords, twenty two dollars
& fifty Cents in plank stringers & railing
on the bridge at Garbatts, twenty four dollars
& fifty Cents in Guard Walls- And on the bridge
at Scottsville in plank &c One dollar & fifty Cents

2nd That there remains in the hands of the Town Clerk
Twenty Six dollars & twenty Nine Cents

3^d That Twelve Hundred & Seventy three days work
were apportioned on the road- and that twelve hundred
& twelve days have been worked and that Fifty six
days work were apportioned in district No 8. from which
they have had no returns of the work done and that
the path Master of said district has removed out of
the County- and that they have good reasons to believe
that the work in said district has been faithfully performed
and that the exemption of Non Commissioned officers that
were apportioned makes the deficiency remaining

^{no}
The Commissioners of Highway for the Town
of Wheatland Report, That for the last
Year they Applied 1713 days work on the
Highways and the returns made to them
by the Overseers of Highways of work done
amounts to 1647 days. which leaves a deficiency
of 66 days which is owing to Exemptions of
Non-Com. Officers and removals - that they
have had no returns of Commutation Money
except such as have been expended by
the Overseers in their respective Districts, that
the principle ^{Bridges} in Town are in good repair
except the one near Garbuths Mill which
requires a more substantial Railing and
the one near Mumfords one of the Piers
of which has lately failed, and also they
report that there was \$44.75 on hand at
the last Audit belonging to the Commissioners
for the use of Roads and Bridges, that \$250

1778½

The commissioners of Highways for the Town of Wheatland Report, That for the last year they assessed 1778½ days work on the Highways, and that returns made to them by the overseers of Highways, shews the amount of work done to be 1762 days and 155d.⁵ ^{exempted by removal & non commissions} and notes for 18 days work which shews an excess of labor over the assessment of 1½ days which is owing to the assessment by overseers of persons omitted to be assessed by the commissioners and the labor hired by commutation money -

That a return of commutation money from district No. 2 of \$3.50 is in the hands of Ezra Carpenter to be expended in placing guideboards at the corners in Scottsville -

We report further that there was a balance of \$56.25 on hand at the last audit that we have rec^d from the collector \$218.00 That we have paid for repairs of bridge at Albright's \$4.00 and for rebuilding the bridge at Mumfords ~~\$200.32~~ \$200.32 and for removing floodwood this spring \$2.00; and to J. D. McNaughton for extra work ^{and \$2.50 for surveying roads} as overseer of highways \$4.44, in all \$219.75 leaving in the hands of the commissioners \$55.00 of which \$52.28 is in the hands of E. H. Mumford and \$2.72 is deposited with the town clerk. -

We farther report that the bridges over Allens creek will need some repairs at Garbutts, Albright's & Mumfords as the planking is defective and we estimate the probable expense which will be necessary to raise by tax at \$50.00

Assessment for
Highways 1832

B

The Commissioners of Highways for the Town of
Wheatland, Report, That for the last year
they assessed 1793 days work on the highways,
and that returns made to them by the owners
of Highways, shows the amount of work done
to be 159 1/2 days, and 158 3/4 days exempted by
removals & non-residents, and notes for 160 1/2 days
work, - which shows an excess of labour over the
assessment of 117 3/4 days - which is owing to the
assessment by owners of persons omitted to be assessed
and by adding on a third more than the assessment.

That a return of commutation money from District
No. 3 of 94 cents - We report further that there
was a balance of \$55 - on hand at the last
Town audit, that we have received from the
Collector \$50. - making in all \$105, 94 -

That we have paid for repairing the bridge at
Garbotts \$57 - at Mumfords \$9, 50 - at Scottsville
\$3, 63 - at Albright \$4, 62 - for plank for
District No. 7 \$4, 28 - amounting to \$79, 00 - leaving
a balance in the hands of Commissioners of \$26, 91
which amount is in the hands of Edward Collins.

We further report that the bridges at Albright
and Scottsville will need some considerable repairs
on account of the failure of the piers. The probable
expense, which will be necessary to raise by tax
we estimate at \$150 -

The Annual Account of the Commissioners of highways of the Town of Wheatland in the County of Monroe, to the Board of town auditors of said town, for the year ending the 24th day of Feb^y 1846

1.st The labour expended in said town, during the year ending on the 24th day of Feb^y 1846 is 1764 days, and the amount of said labour actually performed is 1845 $\frac{1}{4}$ days, as appears to us by the returns made by the several Overseers of highways in said town

2. The commissioners of said town have received for commutations, received under the statute relative to highways, the sum of 99 cents from James McVean, being ballance of money received by him as Overseer

3. The improvements which have been made on the roads & bridges in in said town, during said year, are planking bridges at Scottsville, also the bridges at Allens Factory and new timber & plank on the bridge at Mumford

4.th The following improvements, in our opinion, are necessary to be made on the bridges the present year viz - the small bridge on the north side of the creek near Allens factory ought to be removed and the space filled up - The east half of the bridge at Scottsville will probably require planking, Also the out side stringpieces on the bridge at Garbatts Mills will require to be renewed,

And it is our opinion that there is now sufficient funds on hand to meet said expenditures, And that it will be unnecessary to raise any money for said purposes for the present year

Clerk

The Commissioners of Highways of the Town of Wheatland in the County of Monroe render to the board of town auditors of the said town the following ^{acct.} ~~list~~.

1st The highway labor asessed in said town for the year ending the 26th Day of February 1850 was two thousand five hundred sixty six and a half Days and the highway labor performed in said town during the said year was two thousand one hundred and ninety five days as appears to us by the returns made by the several overseers of Highways in said Town

2nd That from Elisha Harmon overseer of Dist No 7 and from Samuel Wood overseer of Dist No 19 we have received no reports the number of Days asessed in said districts being 219 ¹/₂ And the amount of labor returned to us as not performed in the other districts in town which is to be asessed is 145 ³/₄ Days

The following sums of money yet remain in the hands of George Lewis Overseer of Dist No 15 \$3.94

Thomas Falkner " " " 12 1.56

Chauncy Woolcot " " " 24 2.81

John McCrean " " " 1.31

Amounting in all to — — — \$9.62

Which moneys should have been handed over to the Commissioners previous to the town audit

3rd The amounts of money received and expended the past year are as follows.

Balance on hand at the last annual acct \$471.52

Received for commutations 1.62

" from Town Collector 1277.81

Whole amount of Receipts being \$1749.95

The Whole amount of Expenditures being 1588.08

Leaving a Balance in hands of Commissioners of \$161.87

The improvements which have been made in town on bridges during said year are as follows.

The bridge on Allens Creek at Mumfords has been rebuilt. The bridge at Smith's Mills has been supplied with a new set of stringers. The other bridges on Allens Creek have undergone slight repairs and are now in an advanced state of decay some of which will require heavy expenditures to keep them in passible condition.

4th The Highways in ^{town} have underwent no outlay over and above the Highway labor assessed thereon. except a new road which has been opened at a heavy expenditure through lands occupied by George Sheffer.

5- The Commissioners recommend that a new bridge be erected at Garbutts Mills this present season. And that a bill of timber and lumber suitable and sufficient to rebuild at any time the two race bridges in Scottsville be also procured. And if the town think it policy to proceed with the above improvements. We would further recommend the raising by loan a sum not less than nine hundred dollars over and above the two hundred and fifty dollars which the town by law are authorized to raise by assessment.
