MY KODAK.

When sauntering thro the woodland glade,
What catches every light and shade,
And takes it home to be displayed?
My Kodak.

What fixes every lovely view,
Of silver cloud and water blue,
Of landscapes, sea, and faces too?
My Kodak.

What "takes" the Baby, "quick as scat,"
My horses, dogs and favorite cat
Before they know what I am at?
My Kodak.

What thing to life new pleasure lends,
And every beauty apprehends,
A treasure for myself and friends?
My Kodak.

Jack: Do you think baby will be quiet long enough to take her picture, mamma?
Mamma: The Kodak will catch her whether she moves or not; it is as "quick as a wink."

Send to the Eastman Company, Rochester, N. Y., for a copy of "Do I want a Camera," (illustrated) free by mail.

Rochester Free Academy Fire Drill.

In accordance with Article XIII, Sec. 15, of School Regulations, and suggestions from the Free Academy Committee, the Principal will carry into effect the following instructions respecting fire drills.

- I. Such drills will occur at irregular intervals.
- II. Every precaution must be used to allow free egress from the building and a sufficient number of pupils must be instructed to open, upon a given signal, all outside doors.
- III. The word F-I-R-E will be indicated by striking the gong four (4) times, upon which all pupils in the building shall form in line, in the rooms where they may be at that time reciting or studying, and remain in position until ordered to be seated by the electric bells, or to *walk* out by the following signals.
- IV. ONE stroke of the gong shall signify that the S. W. halls are dangerous.
TWO strokes the N. W. halls are dangerous.
THREE strokes the N. E. halls are dangerous.
FOUR strokes the S. E. halls are dangerous.
- V. Soon after the word f-i-r-e has been struck, one of the above signals will be given, whereupon all pupils will immediately pass down the nearest of the three stairways *not* designated dangerous. During the passage, should *one* gong be heard, pupils will "about face" and return to the rooms just left.
- VI. Pushing, jostling, running, communicating, or any other disorder while in line, will be deemed a misdemeanor.
- VII. The penalty attached to Sec. 15 of School regulations is as follows: "Any pupil refusing to obey the above signals shall be suspended."

THE AMATEUR WRITER, CHICAGO, ILL.

R. F. A.

Early in the forties the idea was first suggested in this city, which finally developed into the modern high school system. but it was not until Sept., 1857, that the Central High School organized, and five years later this institution was admitted by the Regents as the Rochester Free Academy.

Yet as far back as March 15, 1827, a school, known as the Rochester High School, No. 2, was chartered and was admitted to the University of the State of New York in 1831. This school according to the Regents' Centennial Report, grew into the Rochester Free Academy.

The present building—an excellent lithograph of which, by the Stecher Co., of this city, appears on the cover—was erected in 1873, at a cost of about \$130,000. The principals of the school up to date have been :

Rev. Gilbert Morgan,	1833
Daniel Marsh,	1835
Rev. Chester Dewey,	1836-7
Edward Webster,	1864
Rev. Nehemiah Benedict, D. D.,	1865
