Automobile Club of Rochester

Official Western New York Route Book and Official Hotel and Garage List

Mileage Secured with Warner Speedometer

THE ROUTE BOOK CAR

The contents of this book have been compiled very carefully. Every mile of road has been covered by the official route book car and by the secretary. We have endeavored to make the publication one to be relied upon and simple to follow. Any permanent road changes, new routes not covered in the book, and other matter will be sent you from time to time to paste on blank pages in rear.

Western New York Perpetual Route Book

THE "MOST FOR THE MONEY" CAR

As we are located on East Avenue at Rochester's Eastern gateway, we shall endeavor at all times to carry a complete stock of Oils, Greases, Gasoline and Accessories for the Tourists' trade.

Mrs. Jane Storer

29747
A 9392

How to Use the Book

Look in the index for the place you wish to reach or the route you desire. The town index gives the number of the page on which the name of the place appears. If on more than one page look up each one and decide which route you wish to follow. The route index gives the title of the route and page on which it appears.

Every route starts at the Club headquarters. This does not necessarily mean that you must start from there, start from where you wish and at the first point reached on the route set your speedometer to correspond with the total mileage on the route.

The blank pages in the rear are for additional routes and changes of routes which will be sent you from time to time and should be pasted on these blank pages.

Bell Phone 1043 Chase,

500 Park Avenue

Secretary Bert VanTuyle of the Automobile Club of Rochester and the New York State Automobile Association, says:

"I have used many different kinds of polish, but for the past two years have used *Puritan Polish* exclusively and can readily say, that, it is the best polish now on the market.

My car has been for weeks in the rain and mud compiling the route book until the brass was green and slimy, one application of *Puritan Polish* with very little effort caused a wonderful transformation."

The Club Headquarters

are at

The Hotel Seneca

THIS IS A REPRODUCTION OF

THE **SELDEN** CAR MADE BY THE FATHER OF THEM ALL

used in mapping out the routes in this book.

Starting May 11th, it traveled 11,820 miles on route book work. In seven months 18,890 miles were covered, many of these through hub-deep mud, and deep snow-drifts, but running beautifully always, under even these adverse conditions.

Not a particle of mechanical trouble of any kind was developed in all this distance.

After nearly 20,000 miles of hard, wearing road work, a critical examination of mechanism brought to light not a single imperfection and no signs of wear in any of the moving parts.

From start to finish there was absolute freedom from car troubles—on the contrary always perfect service. Just such service as is given by every Selden.

The 1910 Munsey Tour and many other hard tests of above nature prove THE SELDEN CAR the equal of any on the market.

1911 Models are bigger, more powerful and more attractive than ever.

With complete touring equipment \$2250 to \$2600.

Send post card for address of nearest Selden agent.

Cunningham

The car of real touring comfort, refinement,
luxury. The car that takes you where you
wish to go with pleasure and satisfaction.
The car with the low cost of up keep.
Noted for fuel economy.

Winner of Standard Oil Trophy for Fuel Economy
in Chicago Motor Club Thousand Mile Reliability
Contest, 1910; also perfect road score in same
event.

SAVES 50 per cent in Gasoline.

GIVES 20 per cent more power.

ELIMINATES all dirt from Carburetor Intake.

EDWIN W. HOWARD

428 Cutler Building

Rochester, N. Y.

MORGAN & WRIGHT

Nobby Tread Tires

The tire with the "classy" design.

The knobs prevent both side and drive slips.

The tread being made entirely of rubber will not harm the roadbed.

The broad flat knobs expose almost as much surface to the wear and tear of the road as does the plain tread, and wears down little if any, faster.

The knobs being in addition to the regular tread add from one-third to one-half more service to the casing.

We have a complete stock of Morgan & Wright Tires

BY THEIR CLEAN-CUT, SWEEPING VICTORY IN THE
GLIDDEN TOUR, GOODRICH TIRES GAVE
THE MOST IMPRESSIVE AND CONCLU-
SIVE PROOF OF TIRE ENDURANCE
EVER SHOWN.

For the seventh consecutive time the Glidden Tour has demonstrated that Goodrich Tires give better service under greater punishment than any other tires. This year's 2850-mile grind is unique in history—for its mileage the unprecedented road conditions encountered, yet

GOODRICH TIRES

equipped both the winner of the Glidden Trophy, the winner of the Chicago Trophy; the majority of the cars entering, the majority of cars finishing—and needed less replacements than any other tires!

58 Casings and 111 tubes were used on 17 cars,
as compared with 81 casings and 120 tubes on 14
cars by the nearest competitor.

In the wind-up it was found that Goodrich Tires traveled 34,459 miles, compared with 20,667 miles by the nearest competitor --nearly 70 per cent more mileage
for Goodrich with nearly 70 per cent less trouble.

The B. F. Goodrich Co.

Akron, Ohio, Largest in the World.

PART TWO

REVERSE ROUTES

This section gives the reverse of the most important routes in Part One. The numbers start with 201 and are numbered to correspond with the routes in Part One as for instance, Route No. 3 in Part One, the Reverse Route in Part Two is 203, Route No. 113, reverse 313, etc.

In compiling the reverse routes there is always more of a chance for mistakes than in the straight route. If any of our members find an error, we would appreciate their notifying the office so that it may be rectified and sent out to all users of the book.

New reverse routes will be sent you from time to time and are to be pasted in the blank pages in the rear provided for that purpose.

The entire contents of this Official Western New York Route Book is protected by U. S. Copyright laws, issued to the Automobile Club of Rochester, all rights reserved. Infringements in whole or part will be vigorously prosecuted.

ROUTE NO. 201.

Reverse of Route No. 1.

BUFFALO TO ROCHESTER.

via Batavia and Churchville.

The Motor Vehicle Law

LAWS OF NEW YORK---By Authority

CHAP. 374

AN ACT to amend the highway law, by repealing article eleven thereof, and inserting a new article eleven, in relation to motor vehicles.

The People of the State of New York, represented in Senate and Assembly, do enact as followss

Section 1. Chapter thirty of the laws of nineteen hundred and nine, entitled "An act relating to highways, constituting chapter twenty-five of the consolidated laws," is hereby amended by repealing article eleven thereof and by inserting therein a new article, to be article eleven thereof, to read as follows:

ARTICLE 11.

MOTOR VEHICLES.

Section 280. Application of article.

281. Definitions.

282. Registration of motor vehicles; age of operator; fees; renewals.

283. Distinctive number; form of number plates.

284. Registration by manufacturers and dealers; reregistration.

285. Exemption of non-resident owners.

286. Signaling and other devices; signals; rules of the road.

287. Speed permitted.

288. Local ordinances prohibited.

289. *Registration of chauffeurs; renewals.

290. Punishment for violation; procedure.

291. Disposition of registration fees; fines and penalties.

292. Rates of toll on motor vehicles.

293. Acts repealed.

§ 280. *Application of article.* Except as herein otherwise expressly provided, this article shall be exclusively controlling:

1. Upon the registration, numbering and regulation of motor vehicles, and the licensing and the regulation of chauffeurs;

2. On their use of the public highways and
3. On the accessories used upon motor vehicles and their incidents and the speed of motor vehicles upon the public highways;
4. On the punishment for the violation of any of the provisions of this article.

§ 281. *Definitions.* The term "motor vehicle" as used in this article, except where otherwise expressly provided, shall include all vehicles propelled by any power other than muscular power, except motor bicycles, motor cycles, traction engines, road rollers, fire wagons and engines, police patrol wagons, ambulances and such vehicles as run only upon rails or tracks. The term "local authorities" shall include all officers of counties, cities, boroughs, towns or villages, as well as all boards, committees, and other public officials of such counties, cities, boroughs, towns or villages. The term "chauffeur" shall mean any person operating or driving a motor vehicle as an employee or for hire. The term "state" as used in this article, except where otherwise expressly provided, shall also include the territories and the federal districts of the United States. The term "owner" shall also include any person, firm, association or corporation renting a motor vehicle or having the exclusive use thereof, under a lease or otherwise, for a period greater than thirty days. The term "public highway" shall include any highway, county road, state road, public street, avenue, alley, park, parkway or public place in any county, city, borough, town or village, except any speedway which may have been or may be expressly set apart by law for the exclusive use of horses and light carriages.

§ 282. *Registration of motor vehicles; age of operator; fees; renewals.* 1. Registration by owners. Every owner of a motor vehicle which shall be operated or driven upon the public highways of this state shall, except as herein otherwise expressly provided, cause to be filed, by mail or otherwise, in the office of the secretary of state a verified application for registration on a blank to be furnished by the secretary of state for that purpose, containing: (a) A brief description of the motor vehicle to be registered, including the name of the manufacturer and factory number of such vehicle, the character and the amount of the motive power stated in figures of horse power in accordance with the rating established by the Association of Licensed Automobile Manufacturers; (b) the name, residence, including county and business address, of the owner of such motor vehicle; (c) provided that, if such motor vehicle is used or to be used solely for commercial purposes, the applicant shall so certify.

2. Age of operator. No person shall operate or drive a motor vehicle who is under eighteen years of age, unless such person is accompanied by a duly licensed chauffeur or the owner of the motor vehicle being operated.

3. Registration book. Upon the receipt of an application for registration of a motor vehicle, as provided in this article, the secretary of state shall file such application in his office and register such motor vehicle or vehicles, with the name, residence and business address of the owner, manufacturer or dealer as the case may be, together with the facts stated in such application, in a book or index to be kept for the purpose, under the distinctive number assigned to such motor vehicle by the secretary of state, which book or index shall be open to public inspection during reasonable business hours.

4. Certificate of registration. Upon the filing of such application and the payment of the fee hereinafter provided, the secretary of state shall assign to such motor vehicle a distinctive number and, without expense to the applicant, issue and deliver to the owner a certificate of registration, in such form as the secretary of state shall prescribe, and two number plates. In the event of the loss, mutilation or destruction of any certificate of registration, number plate, license or badge, the owner of a registered motor vehicle or manufacturer, or dealer, or chauffeur, as the case may be, may obtain from the secretary of state a duplicate thereof upon filing in the office of the secretary of state an affidavit showing such fact and the payment of a fee of one dollar.

5. Times for registration and reregistration. Registration applied for on or before August first, nineteen hundred and ten, shall take effect on that date and certificates issued on such application or under any application made prior to January thirty-first, nineteen hundred and eleven, shall expire on the latter date. The fees for such registration shall be one-half of the annual fees provided herein. Registration thereafter shall be renewed annually in the same manner and upon payment of the same annual fee as provided in this section for registration, to take effect on the first day of February, in each year beginning with such date in the year nineteen hundred and eleven; and the certificates of registration issued thereunder or issued between any such dates shall expire on the succeeding thirty-first day of January.

6. Registration fees. The following fees shall be paid to the secretary of state upon the registration or reregistration of a motor vehicle in accordance with the provisions of this article: five dollars upon the registration of a motor vehicle having a rat-

ing of twenty-five horse power or less; ten dollars upon the registration of a motor vehicle having a rating of more than twenty-five horse power and less than thirty-five horse power; fifteen dollars upon the registration of a motor vehicle having a rating of thirty-five horse power and less than fifty horse power; twenty-five dollars upon the registration of a motor vehicle having a rating of fifty horse power or more; provided that if a motor vehicle other than one used solely for commercial purposes shall have been licensed for four separate years hereunder, and for which there shall have been paid the annual registration fees herein provided during said period, the annual registration fees thereafter shall be one-half the amount; and further provided that for motor vehicles which are used or to be used solely for commercial purposes, the fee for such registration shall be five dollars.

7. Fees in lieu of taxes. The registration fees imposed by this article upon motor vehicles, other than those of manufacturers and dealers and those used solely for commercial purposes, shall be in lieu of all taxes, general or local, to which motor vehicles may be subject.

8. Sale and registration by vendee. Upon the sale or transfer of a motor vehicle registered in accordance with this section, the vendor shall immediately give notice thereof with the name and residence of the vendee to the secretary of state, and the vendee shall, within ten days after the date of such sale or transfer, notify the secretary of state thereof upon a blank furnished promptly by him for that purpose, stating the name and business address of the previous owner, if known, the number under which such motor vehicle is registered and the name, residence, including county and business address, of the vendee. Upon filing such statement duly verified such vendee shall pay to the secretary of state a fee of one dollar, and upon receipt of such statement and fee the secretary of state shall file such statement in his office and note upon the registration book or index such change in ownership.

9. Upon the sale of a motor vehicle by the manufacturer or dealer the vendee shall be allowed to operate the same upon the public highways for a period of fifteen days after taking possession thereof or until he shall have received his certificate of registration and number plates from the secretary of state, providing that during such period the motor vehicle shall have attached thereto, in accordance with the provisions hereof, a placard bear-

ing the registration number of the dealer under which it might previously have been operated, and provided, further, that application for registration shall be made by mail or otherwise before such vehicle shall be so used.

§ 283. *Distinctive number; form of number plates.* 1. Distinctive number must be carried on motor vehicles. No person shall operate or drive a motor vehicle on the public highways of this state after the first day of August, nineteen hundred and ten, unless such vehicle shall have a distinctive number assigned to it by the secretary of state and a number plate with a number corresponding to that of the certificate of registration conspicuously displayed, one on the front and one on the rear of such vehicle each securely fastened so as to prevent the same from swinging.

2. Number plates to be changed annually. Such number plates shall be of a distinctly different color each year, and there shall be at all times a marked contrast between the color of the number plates and that of the numerals or letters thereon.

3. Form of number plate. Such number plate shall be of metal, at least six inches wide and not less than fifteen inches in length, on which there shall be the initials "N. Y.," and there shall be the distinctive number assigned to the vehicle set forth in numerals four inches long, each stroke of which shall be at least five-eighths of an inch in width; provided that in the case of a motor vehicle registered by a manufacturer or dealer there shall be on such plate in addition to the foregoing the letter "M," each stroke of such letter to be at least four inches long and five-eighths of an inch in width. No vehicle shall display the number plate of more than one state at any time.

§ 284. *Registration by manufacturers and dealers; re-registration.* 1. Registration by manufacturers and dealers. Every person, firm, association or corporation manufacturing or dealing in motor vehicles may, instead of registering each motor vehicle so manufactured or dealt in, make a verified application upon a blank to be furnished by the secretary of state for a general distinctive number for all the motor vehicles owned or controlled by such manufacturer or dealer, such application to contain: (a) A brief description of each style or type of motor vehicle manufactured or dealt in by such manufacturer or dealer, including the character of the motor power, the amount of such motor power stated in figures of horse power in accordance with the rating established by the Association of Licensed Automobile

Manufacturers; and (b) the name, residence, including county and business address, of such manufacturer or dealer. On the payment of the registration fee of fifteen dollars such application shall be filed and registered in the office of the secretary of state in the manner provided in section two hundred and eighty-two of this article. There shall thereupon be assigned and issued to such manufacturer or dealer a general distinctive number and without expense to the applicant issued and promptly delivered to such manufacturer or dealer a certificate of registration in such form as the secretary of state shall prescribe, and a number plate with a number corresponding to the number of such certificate of registration. Such number plate or a duplicate thereof shall be displayed by every motor vehicle of such manufacturer or dealer when the same is operated or driven on the public highways. Such manufacturer or dealer may obtain as many duplicates of such number plate as may be desired upon payment to the secretary of state of one dollar for each duplicate. Nothing in this subdivision shall be construed to apply to a motor vehicle operated by a manufacturer or dealer for private use or for hire.

2. Reregistration annually. Such registration shall be renewed annually in the same manner and on the payment of the same fee as provided in this section for original registration, such renewal to take effect on the first day of February of each year. Provisions of subdivision five of section two hundred and eighty-two, relating to first registrations made under this article and duration of renewals, shall apply to registration under this section.

§ 285. *Exemption of nonresident owners.* The provisions of the foregoing sections relative to registration and display of registration numbers shall not apply to a motor vehicle owned by a nonresident of this state, other than a foreign corporation doing business in this state, provided that the owner thereof shall have complied with the provisions of the law of the foreign country, state, territory or federal district of his residence relative to registration of motor vehicles and the display of registration numbers thereon, and shall conspicuously display his registration numbers as required thereby. The provisions of this section, however, shall be operative as to a motor vehicle owned by a nonresident of this state only to the extent that under the laws of the foreign country, state, territory or federal district of his residence like exemptions and privileges are granted to motor ve-

hicles duly registered under the laws of and owned by residents of this state.

§ 286. *Signaling and other devices; signals; rules of the road.*

1. Brakes, horns and lamps, signaling at crossings. Every motor vehicle, operated or driven upon the public highways of this state, shall be provided with adequate brakes in good working order and sufficient to control such vehicle at all times when the same is in use, and a suitable and adequate bell, horn or other device for signaling, and shall during the period from one-half hour after sunset to one-half hour before sunrise, display at least two lighted lamps on the front and one on the rear of such vehicle, which shall also display a red light visible from the rear. The rays of such rear lamp shall shine upon the number plate carried on the rear of such vehicle in such manner as to render the numerals thereon visible for at least fifty feet in the direction from which the motor vehicle is proceeding. The light of the front lamps shall be visible at least two hundred feet in the direction in which the motor vehicle is proceeding. Every person operating or driving a motor vehicle on the public highways of this state shall also, when approaching a cross road outside the limits of a city or incorporated village, slow down the speed of the same and shall sound his bell, horn or other device for signal in such a manner as to give notice and warning of his approach.

2. Stopping on signal, and other regulations. A person operating or driving a motor vehicle shall, on signal by raising the hand, from a person riding leading or driving a horse or horses or other draft animals, bring such motor vehicle immediately to a stop, and, if traveling in the opposite direction, remain stationary so long as may be reasonable to allow such horse or animal to pass, and, if traveling in the same direction, use reasonable caution in thereafter passing such horse or animal; provided that, in case such horse or animal appears badly frightened or the person operating such motor vehicle is so signaled to do, such person shall cause the motor of such vehicle to cease running so long as shall be reasonably necessary to prevent accident and insure the safety of others. In approaching or passing a car of a street railway which has been stopped to allow passengers to alight or embark, the operator of every motor vehicle shall slow down and if it be necessary for the safety of the public he shall bring said vehicle to a full stop. Upon approaching a pedestrian who is upon the traveled part of any highway and not upon a

sidewalk, and upon approaching an intersecting highway or a curve or a corner in a highway where the operator's view is obstructed, every person operating a motor vehicle shall slow down and give a timely signal with his bell, horn or other device for signaling.

2. Rules of the road. Whenever a person operating a motor vehicle shall meet on a public highway any other person riding or driving a horse or horses or other draft animals or any other vehicle, the person so operating such motor vehicle shall seasonably turn the same to the right of the center of such highway so as to pass without interference. Any such person so operating a motor vehicle shall, on overtaking any such horse, draft animal or other vehicle, pass on the left side thereof, and the rider or driver of such horse, draft animal or other vehicle shall, as soon as practicable, turn to the right so as to allow free passage on the left. Any such person so operating a motor vehicle shall, at the intersection of public highways, keep to the right of the intersection of the centers of such highways when turning to the right and pass to the right of such intersection when turning to the left.

§ 287. *Speed permitted.* Every person operating a motor vehicle on the public highway of this state shall drive the same in a careful and prudent manner and at a rate of speed so as not to endanger the property of another or the life or limb of any person; provided, that a rate of speed in excess of thirty miles an hour for a distance of one-fourth of a mile shall be presumptive evidence of driving at a rate of speed which is not careful and prudent.

§ 288. *Local ordinances prohibited.* Except as herein otherwise provided, local authorities shall have no power to pass, enforce or maintain any ordinance rule or regulation requiring from any owner or chauffeur to whom this article is applicable any tax, fee, license or permit for the use of the public highways, or excluding any such owner or chauffeur from the free use of such public highways, excepting such driveway, speedway or road as has been or may be expressly set apart by law for the exclusive use of horses and light carriages or in any other way respecting motor vehicles or their speed upon or use of the public highways; and no ordinance, rule or regulation contrary to or in anywise inconsistent with the provisions of this article, now in force or hereafter enacted, shall have any effect; provided, however, that the power given to local authorities to regu-

late vehicles offered to the public for hire, and processions, assemblages or parades in the street or public places, and all ordinances, rules and regulations which may have been or which may be enacted in pursuance of such powers shall remain in full force and effect; and provided, further, that local authorities may set aside for a given time a specified public highway for speed contests or races, to be conducted under proper restrictions for the safety of the public; and provided, further, that local authorities may exclude motor vehicles from any cemetery or grounds used for the burial of the dead, and may by general rule, ordinance or regulation exclude motor vehicles used solely for commercial purposes from any park or part of a park system where such general rule, ordinance or regulation is applicable equally and generally to all other vehicles used for the same purposes, and provided further that nothing in this article contained shall impair the validity or effect of any ordinances, regulating the speed of motor vehicles or of any traffic regulations with regard to the operation of motor vehicles, heretofore or hereafter made, adopted or prescribed pursuant to law in any city of the first class; provided, further, that the local authorities of other cities and incorporated villages may limit by ordinance, rule or regulation the speed of motor vehicles on the public highways, such speed limitation not to be in any case less than one mile in four minutes, and the maintenance of a greater rate of speed for one-eighth of a mile shall be presumptive evidence of driving at a rate of speed which is not careful and prudent, and on further condition that each city or village shall have placed conspicuously on each main public highway where the city or village line crosses the same and on every main highway where the rate of speed changes, signs of sufficient size to be easily readable by a person using the highway, bearing the words, "City of ————" or "Incorporated village of ————," "Slow down to — miles" (the rate being inserted), and also an arrow pointing in the direction where the speed is to be reduced or changed, and also on further condition that such ordinance, rule or regulation shall fix the punishment for violation thereof, which punishment shall, during the existence of the ordinance, rule or regulation, supersede those specified in subdivision two of section two hundred and ninety of this chapter but, except in cities of the first class, shall not exceed the same. Official copies of all local ordinances passed under the provisions of this subdivision shall be filed with the secretary of state at least thirty days before they shall re-

spectively take effect and all such local ordinances shall be printed in pamphlet form and issued at regular intervals by the secretary of state.

§ 289. *License of chauffeurs; renewals.* 1. License of chauffeurs. Application for license to operate motor vehicles, as a chauffeur, may be made, by mail or otherwise, to the secretary of state or his duly authorized agent upon blanks prepared under his authority. The secretary of state shall appoint examiners and cause examinations to be held at convenient points throughout the state as often as may be necessary. Such applications shall be accompanied by a photograph of the applicant in such numbers and forms as the secretary of state shall prescribe, said photograph to be taken within thirty days prior to the filing of said application and to be accompanied by the fee provided herein. Before such a license is granted the applicant shall pass such examination as to his qualifications as the secretary of state shall require, and no license shall be issued until the secretary of state or his authorized agent is satisfied that the applicant is a proper person to receive it. No chauffeur's license shall be issued to any person under eighteen years of age. To each person shall be assigned some distinguishing number or mark, and the license issued shall be in such form as the secretary of state shall determine; it may contain special restrictions and limitations concerning the type of motor power, horse power, design and other features of the motor vehicles which the licensee may operate; it shall contain the distinguishing number or mark assigned to the licensee, his name, place of residence and address, a brief description of the licensee for the purpose of identification and the photograph of the licensee. Such distinctive number or mark shall be of a distinctly different color each year and in any year shall be of the same color as that of the number plates issued for that year. The secretary of state shall furnish to every chauffeur so licensed a suitable metal badge with the distinguishing number or mark assigned to him thereon without extra charge therefor. This badge shall thereafter be worn by such chauffeur pinned upon his clothing in a conspicuous place, at all times while he is operating or driving a motor vehicle upon the public highways. Said badge shall be valid only during the term of the license of the chauffeur to whom it is issued as aforesaid. Every person licensed to operate motor vehicles as aforesaid shall indorse his usual signature on the margin of the license, in the space provided for the purpose, immediately upon

receipt of said license, and such license shall not be valid until so indorsed. Every application for license filed under the provisions of this section shall be sworn to and shall be accompanied by a fee of five dollars. The license hereunder granted on or before August first, nineteen hundred and ten, shall take effect on that date, and licenses issued prior to January thirty-first, nineteen hundred and eleven, shall expire on that date. The fees for such licenses shall be one-half of the annual fees provided herein.

2. Chauffeurs' licensed registration book. Upon the receipt of such an application, the secretary of state shall thereupon file the same in his office, and register the applicant in a book or index which shall be kept in the same manner as the book or index for the registration of motor vehicles, and when the applicant shall have passed the examination provided for in the preceding section, the number or mark assigned to such applicant, together with the fact that such applicant has passed such examination shall be noted in said book or index.

3. Unauthorized possession or use of license or badge. No chauffeur having been licensed as herein provided shall voluntarily permit any other person to possess or use his license or badge, nor shall any person while operating or driving a motor vehicle use or possess any license or badge belonging to another person, or a fictitious license or badge.

4. Unlicensed chauffeurs cannot drive motor vehicle. No person shall operate or drive a motor vehicle as a chauffeur upon a public highway of this state after the first day of August, nineteen hundred and ten, unless such person shall have complied in all respects with the requirements of this section; provided, however, that a nonresident chauffeur, who has registered under provisions of law of the foreign country, state, territory or federal district of his residence substantially equivalent to the provisions of this section, shall be exempt from license under this section; and provided, further, he shall wear the badge assigned to him in the foreign country, state, territory or federal district of his residence in the manner provided in this section.

5. Renewal. Such license shall be renewed annually upon the payment of the same fee as provided in this section for the original license, such renewal to take effect on the first day of February of each year.

§ 290. *Punishment for violation; procedure.* 1. The violation of any of the provisions of section two hundred and eighty-

two, two hundred and eighty-three and two hundred and eighty-four of this article shall constitute a misdemeanor punishable by a fine not exceeding fifty dollars.

2. The violation of any of the provisions of section two hundred and eighty-seven of this article shall constitute a misdemeanor punishable by a fine not exceeding one hundred dollars.

3. Punishment for operating motor vehicle while in an intoxicated condition; for going away without stopping after accident and making himself known. Whoever operates a motor vehicle while in an intoxicated condition shall be guilty of a misdemeanor. Any person operating a motor vehicle who, knowing that injury has been caused to a person or property, due to the culpability of the said operator, or to accident, leaves the place of said injury or accident, without stopping and giving his name, residence, including street and street number, and operator's license number to the injured party, or to a police officer, or in case no police officer is in the vicinity of the place of said injury or accident, then reporting the same to the nearest police station, or judicial officer, shall be guilty of a felony punishable by a fine of not more than five hundred dollars or by imprisonment for a term not exceeding two years, or by both such fine and imprisonment; and if any person be convicted a second time of either of the foregoing offenses, he shall be guilty of a felony punishable by imprisonment for a term of not less than one year and not more than five years. A conviction of a violation of this subdivision shall be reported forthwith by the trial court or the clerk thereof to the secretary of state, who shall upon recommendation of the trial court suspend the license of the person so convicted, or if he be an owner, the certificate of registration of his motor vehicle and, if no appeal therefrom be taken, or if an appeal duly taken be dismissed or the judgment affirmed, and upon notice thereof by said clerk, the secretary of state shall revoke such license or in the case of an owner the certificate of registration of his motor vehicle, and shall order the license or certificate of registration delivered to the secretary of state, and shall not reissue to him said license or certificate of registration or any other license or certificate of registration unless the secretary of state in his discretion, after an investigation or upon a hearing, decides to reissue or issue such license or certificate.

4. Any chauffeur operating a motor vehicle while his license is suspended or revoked shall be guilty of a misdemeanor.

5. Any person who operates any motor vehicle, while a cer-

tificate of registration of motor vehicle issued to him is suspended or revoked shall be guilty of a misdemeanor.

6. Upon a third or subsequent conviction of a chauffeur for a violation of the provisions of section two hundred and eighty-seven, or an ordinance, rule or regulation regulating speed of motor vehicles under section two hundred and eighty-eight, the secretary of state, upon the recommendation of the trial court, shall forthwith revoke the license of the person so convicted and no new license shall be issued to such person for at least six months after the date of such conviction nor thereafter except in the discretion of the said secretary of state.

7. The violation of any of the provisions of section two hundred and eighty-nine of this article shall constitute a misdemeanor punishable by a fine not exceeding fifty dollars.

8. Any person making a false statement in the verified application for registration shall be guilty of a misdemeanor punishable by a fine of not exceeding fifty dollars.

9. Any person violating any of the provisions of any section of this article for which violation no punishment has been specified, shall be guilty of a misdemeanor punishable by a fine of not exceeding twenty-five dollars.

10. Certifying conviction to the secretary of state. Upon the conviction of any person for a violation of any of the provisions of this article the trial court or the clerk thereof shall immediately certify the facts of the case, including the name and address of the offender, the judgment of the court and the sentence imposed, to the secretary of state, who shall enter the same either in the book or index of registered motor vehicles or in the book or index of registered chauffeurs, as the case may be, opposite the name of the person so convicted, and in the case of any other person, in a book or index of offenders to be kept for such purpose. If any such conviction shall be reversed upon appeal therefrom, the person whose conviction has been so reversed may serve on the secretary of state a certified copy of the order of reversal, whereupon the secretary of state shall enter the same in the proper book or index in connection with the record of such conviction.

11. Release from custody, bail, et cetera. In case any person shall be taken into custody charged with a violation of any of the provisions of this article, he shall forthwith be taken before the nearest magistrate, captain, lieutenant, clerk of the court or acting lieutenant who shall have the power of a magistrate and be entitled to an immediate hearing or admission to bail, and if such hearing cannot then be had, be released from custody on

giving a bond or undertaking, executed by a fidelity or surety company authorized to do business in this state, or other bail in the form provided by section five hundred and sixty-eight of the code of criminal procedure, such bond or undertaking to be in an amount not exceeding one hundred dollars, if the charge be for a misdemeanor, for his appearance to answer for such violation at such time and place as shall then be indicated. In case a person is taken into custody charged with being guilty of a felony in violation of any of the provisions of this article, such bond or undertaking shall be in an amount not less than one thousand dollars. On giving his personal undertaking to appear to answer any such violation at such time and place as shall then be indicated, secured by the deposit of a sum of money equal to the amount of such bond or undertaking, or in lieu thereof, in case the person taken into custody is the owner, by leaving the motor vehicle, or in case such person taken into custody is not the owner, by leaving the motor vehicle as herein provided with a written consent given at the time by the owner who must be present, with such officer; or in case such person is taken into custody because of a violation of any of the provisions of this article other than on a charge of violating any of the provisions of subdivision three of section two hundred and ninety and such officer is not accessible, be forthwith released from custody on giving his name and address to the person making the arrest and depositing with such arresting officer the sum of one hundred dollars, or in lieu thereof, in case the person taken into custody is the owner, by leaving the motor vehicle, or, in case such person taken into custody is not the owner, by leaving the motor vehicle with a written consent at the time by the owner who must be present; provided that, in any such case, the officer making the arrest shall give a receipt in writing for such sum or vehicle deposited and notify such person to appear before the most accessible magistrate, describing him, and specifying the place and hour. In case such bond or undertaking shall not be given or deposit made by the owner or other person taken into custody, the provisions of law in reference to bail, in cases of misdemeanor, shall apply. Where the charge is a violation of subdivision three of section two hundred and ninety of this article, the provisions of law in reference to bail in cases of a misdemeanor or a felony as the case may be shall apply exclusively.

12. Holding defendant to answer where magistrate has not jurisdiction to try offender; admitting to bail. In case the magistrate before whom any person shall be taken, charged with the violation of any provision of this article, shall not have jurisdic-

tion to try the defendant, but shall hold the defendant to answer as provided by section two hundred and eight of the code of criminal procedure, he shall admit such defendant to bail upon his giving a surety company's bond or undertaking to appear to answer for such violation at such time and place as shall then be indicated, or upon his giving a written undertaking in the form provided in section five hundred and sixty-eight of the code of criminal procedure in a sum not exceeding one hundred dollars, except that in a case where the defendant is charged with a violation of any of the provisions of subdivision three of section two hundred and ninety of this article, the provisions of law in reference to bail in cases of a misdemeanor or a felony as the case may be shall apply exclusively.

13. Disposition and return of bail. Such bail as may be deposited as herein provided shall be held by the officer accepting the same or the clerk of the court. Upon the person who has taken into custody and given security or bail for his appearance surrendering himself for trial and upon the conclusion of such trial, the court shall issue to the defendant an order upon the magistrate or clerk of the court or other officer authorized to accept bail to return or deliver back said security or bail as was given.

14. A conviction of violation of any provision of this article shall not be a bar to a prosecution for an assault or for a homicide committed by any person in operating a motor vehicle.

§ 291. *Disposition of registration fees; fines and penalties.*

1. The registration fees provided herein shall be paid by the secretary of state into the state treasury.

2. Disposition of fines and penalties. On the first day of each month or within ten days thereafter all fines, penalties or forfeitures collected for violations of any of the provisions of this article or of any act in relation to the use of the public highways by motor vehicles now in force or hereafter enacted, under the sentence or judgment of any court, judge, magistrate or other judicial officer having jurisdiction in the premises, shall be paid over by such court, judge, magistrate or other judicial officer to the treasurer of the state, with a statement accompanying the same, setting forth the action or proceeding in which such moneys were collected, the name and residence of the defendant, the nature of the offense, and the fine penalty sentence or judgment imposed. On the first day of each month or within ten days thereafter, every judge, magistrate or clerk of a court having jurisdiction of the violation of any of the provisions of this article, shall make and forward to the treasurer of the state, a veri-

fied report of all criminal actions or proceedings instituted or tried before him or it during the preceding calendar month for violation of any of the provisions of this article, which report shall set forth the name and address of the defendants, the nature of the offenses and the fines and penalties collected or imposed by such court, judge, magistrate or judicial officer, which report shall be open to inspection during reasonable business hours to any citizen of the state. On or before the first day of February of each year, the treasurer shall transmit to each branch of the legislature a statement showing the amount of the receipts under this article during the preceding fiscal year paid into the state treasury.

3. All moneys paid into the state treasury pursuant to this article shall be appropriated and used for the maintenance and repair of the improved roads of the state, under the direction of the state commission of highways.

§ 292. *Rates of toll on motor vehicles.* Where a different rate is not otherwise prescribed or permitted by law, any person or corporation maintaining a plankroad, turnpike road, or bridge and authorized, or which shall be hereafter authorized, to receive tolls for the passage of vehicles over the same, may charge and receive for each and every motor vehicle propelled by any power other than animal power, passing over the same, a toll rate not greater than the maximum rate allowed by law to be charged and received for the passage of a vehicle drawn over such road or bridge by two animals, provided that for such motor vehicles designed to carry only two persons the rate of toll charged or received shall not exceed the maximum rate allowed by law to be charged and received for the passage of a vehicle drawn over such road or bridge, without a load, by a single animal.

§ 293. *Acts repealed.* All acts or parts of acts inconsistent with this article or contrary thereto are hereby expressly repealed.

§ 2. This act shall take effect August first, nineteen hundred and ten, excepting that applications for registration may be made, examinations held and number plates, licenses and badges issued, at any time within ninety days prior to the time of the taking effect of this article.

STATE OF NEW YORK, }
Office of the Secretary of State } ss:

I have compared the preceeding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

SAMUEL KOENIG, Secretary of State.

This Route should be cut out and pasted on page 285 of your Route Book, then note route on page 268.
