PUBLISHER'S NOTE.

I desire to express my appreciation of the support accorded me by the residents of the village of Canandaigua and vicinity in the publication of this, the third edition of my Canandaigua City and Rural Directory. Especially would I mention the generous response and cordial greeting met with from the majority of the business men of the village in the matter of advertising, and while all did not contribute, those who did may well feel a sense of satisfaction in the knowledge that it is only by their co-operation and financial support that a thoroughly reliable directory can be published.

Circumstances permitting, the fourth edition of this directory will be published in 1911. This directory contains the names of 5,256 residents of the village and 859 rurals. The last directory contained 5,283 village names and 703 rurals. It shows 1,005 changes of residence from the 1906-7 edition. There were 82 vacant houses in Canandaigua when the canvass was taken. In the numbering system, Main Street South and streets running parallel thereto receive a number for every 12½ feet; all other streets receiving a number for every 25 feet.

J. CHARLES SMITH, Publisher.

WHAT DOES IT PROFIT YOU ?

In buying meat, to save a few cents at the counter and throw it away in the kitchen? Did you ever figure it out—how

much of the poor steak or roast goes into the garbage can—how unsatisfying is the tough, dry, flavorless fragments that are left.

QUALITY
QUALITY
QUALITY

Everything bows to quality and cleanliness in this market. That's easy to say, isn't it? But let us prove it—prove that it is our trade mark—prove that none but the best meats of every kind enter our coolers—prove that we carry the most complete variety of meats, and maintain a sanitary, mechanically operated refrigerating plant that

keeps them fresh and good. It all comes pretty near to being perfect market service, you'll find.

Street and House Directory

Showing the location of streets and giving the occupants of houses and business places. In the new system of numbering, Main, West ave. and Ontario streets are the dividing lines. On all streets numbering north and south, No. 1 begins at the point nearest West ave. and Ontario street. The odd numbers are on the left hand side as one advances with the numbering. In the resident portion the name of the head of the house or family only is given. Where a name is not given after the number, the house was not occupied at the time the canvass was taken. The names of streets intersecting or crossing are printed in **heavy face**.

The Biggest Little Paper in Canandaigua

- ¶ Would you rather have three men work an hour apiece or have one man do the work in one hour?
- ¶ If you advertise in all the other local papers, you are taking the long way of doing what The Bulletin can do for you quicker and better.

The Bulletin

goes into each home in Canandaigua every Thursday morning. It is a clean, wholesome newspaper, and is making hosts of friends in the rural districts as it has in the local field.

You can reach more people

through The Bulletin than by any other means, and at less cost. Ask for rates and the reason.

Rx *Type, Paper, Ink, Brains*
For poor business,
Take often

Here is a prescription

For weak and run-down business. It's a guaranteed cure and will insure a healthy condition of prosperity. Most any print-shop can supply the first three ingredients. The fourth is the important one, and should be used in liberal quantity.

We mix brains with our ink

Poor printing is as common as poor people. Cheap printing is costly at any price. We believe in the "Art Preservative" in this shop, and study to perfect all the little niceties of color harmony, type effect and balance that make printing a fine art.

You know good printing

When you see it. If another man can attract your attention by good work, why not make your own printing compel attention? We can help you. When you have another job to be done, let us show you how to make it mean more than type and ink and paper. Let us supply the brains to the formula that will mean health to your business.
