Introduction.

In presenting to the public the Directory of Orleans County, we desire to return our sincere thanks to all who have given their aid and encouragement to the enterprise.

Especially are our thanks due to the editors of the county papers for their kindness in calling public attention to our efforts.

That errors have occurred in so great a number of names is probable, and that names have been omitted that should have been inserted is quite certain. We can only say that we have exercised more than ordinary care and diligence in this difficult and complicated feature of book making.

While thanking our patrons and friends generally for the cordiality with which our efforts have been received, we leave the work to receive that favor which earnest endeavor ever wins from a discriminating public, hoping they will bear in mind, should errors be noted, that

“He who expects a perfect work to see,
   Expects what ne’er was, is, nor yet shall be.”

George Hanford.
