"Just Good Things to Eat"
HISTORICAL SKETCH

Pittsford comprises the first permanent settlement in the eastern part of Monroe County. It was probably also the first place in the County trod by white men. Traces have been found of the French expedition under LaSalle, which visited western New York in 1668.

In 1788 the title of Phelps and Gorham was perfected and in August 1789 Iseral and Simon Stone came into this section from Salem, N. Y. and purchased of Phelps and Gorham 13,296 acres including nearly all that is now Pittsford. The first saw mill was built on Irondequoit Creek east of the Village at the site where Richardson’s mill later stood, the first saw used in this mill was made by Samuel Bennett. He made the saw of pieces of old scythes, and it answered the purpose several years. The first log houses were built without nails, the roofs being made of boards bound by poles to keep them from blowing away. In 1789 the section now comprising the towns of Pittsford, Perinton, Penfield, Webster, Brighton, Irondequoit, Henrietta and all of Rochester east of the river, were organized as the district of Northfield. In 1796 the district of Northfield was organized as a town, with the following officers, Supervisor, Silas Nye; Town Clerk, John Ray; Assessors, Noah Norton, Caleb Hopkins and Glover Perrin. Two dollars were voted for wolves’ scalps. At the first town meeting it was voted that hogs might run at large from April 20th, to the first of November. Bears were quite numerous in the early settlement and destroyed many hogs.

In 1798 the Rev. Thomas Billinghurst arrived in Northfield. The whole of Northfield at this time had no church. In 1799 a log meeting-house was put up north of Pittsford Village on what is now East Ave., at about the point of the intersection of French Road.

In 1794 a log school-house was built a mile south of the Village and is now known as No One. This was the first and for many years the only school-house in Northfield. Scholars came here from miles around. Mr Barrows taught the first school.

The first frame school-house in Pittsford was No. 2 built in 1804. John Ball was the first teacher. He had twelve dollars per month and board, thought then to be an extravagant price.

If you are interested in serving the best possible milk to your family, let "Pittsford Farms Dairy" deliver "Grade A" Pasteurized Milk to you each day. This milk now has the further protection of "cover caps" at no extra cost. The bacterial count, for the year 1936, averaged 410—the highest was 600, the lowest zero.

Rayson Miller Post
No. 899

"For God and Country, We associate ourselves together for the following purposes
To uphold and defend the constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our Association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

The above Preamble of the Constitution of the American Legion justifies in well expressed words the existence of Rayson-Miller Post No. 899 of the American Legion. For sixteen years, since our organization in 1920 we have strived to serve our community and if this Directory of Residents and Enterprises of Pittsford will serve you, or fill a need, it is our pleasure to present it to you as an indication that we are interested in the Welfare of our Home Town.

The Officers and Members of
Rayson-Miller Post No. 899,
American Legion.
