GOOD LUCK.

NO more annoyance from bad flesh wounds necessary. Although an old and well tried Remedy, it has never been put upon the market.

A plaster the thickness of a table knife spread from the

ONLY I
GOOD LUCK
ONLY I

will securely hold together a bad cut—at once removing all soreness—defying cold or inflammation, and by adhering firmly to its place admit the person to work as usual. It is just the thing for mechanics. It is just right for any out door laborer. It is exactly the article needed in every family as children are always liable to get hurt.

It supplies a want long felt for a convenient dressing that will remain in its place without bandaging, and admit washing without interfering with the dressing.

One thin spread plaster is usually sufficient to effect a cure, and that, too, in one half the ordinary time required. Rest assured your wound is all right so long as the plaster is left in its place. Price 25 cents per box. Trade supplied by SHAW & STILES, BATAVIA, N. Y.

For all Aches and Pains use GOOD LUCK OIL, both externally and internally.

DIRECTORY

OF THE

Village of Batavia.

NEW YORK

PUBLISHED BY GEO. B. HERRICK.

1880:

CONCERT HALL PRINTING HOUSE.

IN presenting the Batavia Directory for 1880 to the public, the publisher begs leave to say that, with all the care taken in the enumeration, a few omissions have been made; but it is said that "misery loves company," so there is some satisfaction in stating that, though the Directory does *not* contain *all* the names it should, it *does* contain names of citizens not obtained by the census enumerators.

One trouble experienced in the preparation of this edition is the irregular numbering on some of the streets, duplicate numbers in several cases, and many streets and avenues without any attempt at numbering. It is hoped that measures may be taken, in the proposed revision of the village charter, to provide for an accurate and complete numbering of the buildings and lots within the corporate limits.

The Directory of 1877 contained 1,238 names; the Directory of 1880 contains 1,689 names; increase 451. It is a matter of pride to call attention to the evidence of prosperity shown by the above figures, the growth of Batavia being solid and healthy.
