fed on the refuse which is daily transported. These hogs crossbreeds of the Suffolk and the common pigs, and bacon, and ham. The majority of the pens, and this bartaf, is the most con- 
domesticated variety, because it matures early. This information is seasonable, and will, perhaps, be new to 
many of our readers. When hoeing is done, "a Reader," page 352, inquires what will kill hen swarms? "A Reader," page 352, inquires what will kill hen swarms? The BRIEF AGRICULTURAL CORRESPONDENCE.

The Bee-Keeper.

Swarming Time.

The season for the swarming of bees has commenced. The swarms of bumblebees and honeybees are now abundant, and when the weather is warm and favorable, the bees are very active in collecting nectar from the flowers. The swarms are attracted to the flowers by the scent of the nectar, and as they gather nectar, they deposit pollen on the anthers of the flower, thus completing the process of pollination.

DRAINING.

Bees may be kept in a barrel or in a stack. The drain-off method of removing excess liquid from the hive is the most commonly used method. After the honey has been extracted, the bars are removed, and the frames are placed in the drain-off box, which is a wooden box with a drain at the bottom. The nectar is then drained off and collected.

Quinsy in Hogs.

Quinsy is an acute inflamed condition of the tonsils, which is characterized by severe pain and swelling in the throat. It is caused by a bacterial infection and is most common in pigs that are fed on unclean or contaminated feed. The symptoms include fever, coughing, and difficulty in breathing.

### Special Notices

- **A NEW HALF VOLUME.**
- **THE CATTLE MARKETS.**

### New Advertisements

- **PROVED GRAIN THresher AND SEPARATOR.**
  - Manufactured of the very best of materials.
  - All kinds of new, rare, and seedling plants, fruits, flowers, trees, vines, and shrubs.

### Equal to any in the World!!!

**At FROM $8 to $12 PER ACRE.**

- 1,200,000 Acres, in Farms of 40, 80, 120, 160 Acres and upwards, in ILLINOIS, the Garden State of America.

### THE CURE FOR STAMMERING

- Cure insured in all cases, by ordinary means.

### THE UNIVERSAL

- Clothes Wringer
- Invented and only made by Sabbath Wringer Company in this city. 

### IMPROVED GRAIN THRASHER AND SEPARATOR

- Manufactured by C. F. Gregor, Farmer, N.Y.
- Sold by Special Canvassers throughout the land.

### Equal to any in the World!!!

**MAY BE PROCURED**

- At FROM $8 to $12 PER ACRE.

### THE ILLINOIS CENTRAL RAILROAD

- The Illinois Central Railroad Company offers, ON LONG CREDIT, the beautiful and fertile FARMING LANDS lying along the whole line of their Railroad, 700 MILES IN LENGTH, upon GENTLE FARMERS TERMS for railroad and manufacturing purposes.

### Price Terms of Payment—ON LONG CREDIT

- 5% per annum, with interest at 6% per annum, added to the original purchase price.

### Address

The Reviewer.

The Reviewer of Any one at times is inclined to be a little out of breath. Mr. Walton, if that gentleman had lived during the time of the French revolution, he would have been too young to have known it, but he would have been too young to have been an early subject of it. His books are of the utmost importance, and his name is one of the most valuable in the literary world. They are full of life and spirit, and it is evident that the author has not only been a student of the French revolution, but has been a worthy witness of it.
