VOL. 41 NO. 26

ROCHESTER, N.Y., WEDNESDAY, JULY 1, 1968

School 40 PTA Elects Officers

Parent-Teacher Association of John Warrant Castleman School No. 40, LaGrange Ave., recently held elections for the coming year. Chosen were:

President, Mrs. Joel Roemer of Elk St.; first vice president, Mrs. Frank Reber, Truesdale St.; second vice president, Mrs. Robert Hart, Electric Ave.; recording secretary, Mrs. Fred Bonisteel, Ridgeway Ave.; corresponding secretary, Mrs. Ronald Flurschutz, Ridgeway Ave.; and treasurer, Harry Marino.

The executive committee is planning varied and interesting programs, beginning in the fall and hopes that all No. 40 School parents will attend the school events.

Howe Wins Praise From GOP Leader

Gordon A. Howe II, Republican candidate for the state senate in the 51st district has been singled out as "the outstanding young man among Republican senate candidates in New York State".

Howe drew praise of Republican chairman, Charles Schoeneck and Senator Majority Leader Earl W. Brydges during a Republican sponsored seminar for state senate candidates held in Albany. "Gordon Howe is the type of young man who illustrates the vitality of the Republican party," Brydges said. "He has experience in staff work in the state senate. He has youth and energy and a knowledge of state affairs which will make him

First Democrats Re-elect Fuino

Peter J. Fuino, 27 Karnes St., was unanimously re-elected to the Democratic leadership of the First Ward at a meeting of his organization on June 27. He has held the post of executive committeeman for the last six years.

Also unanimously re-elected were Lido Annucci, 75 Curlew St., chairman of the ward and county committee; and Thomas Paglia, 292 Selye Terr., secretary; and William Moeller, 80 Michigan St., sergeant-at-arms.

Fuino announced at the same time that he was appointing Ellen Long, 164 Curtis St., as executive committeewoman for her second two year term. He also took occasion to thank his workers for the "fine job" they did in the June 18 Primary. The First Ward, he pointed out, carried all regular Democratic organization delegates to the national convention, Frank Lamb, Robert Quigley and Dr. Louis Cerulli.

Meetings have been suspended for July and August, says Fuino, and necessary business will be conducted through the district committeemen.

an outstanding senator."

Schoeneck lauded Howe as "a young candidate in a year when youth demands and deserves a voice in the important affairs of government. Gordon Howe represents both his party and his generation with distinction and he will be a credit to the state senate", Schoeneck said.

NEWS BRIEFS

MR. AND MRS. JOHN A. MARCELLO of 28 Ridge Rd. W., have just returned from a five week trip to San Juan, Puerto Rico; also St. Thomas, St. John and St. Croix in the Virgin Islands. They stopped on the way to visit relatives and friends in Miami, Ft. Lauderdale and Plantation in Florida.

MR. AND MRS. JOSEPH MYERS of 34 Starling St. will celebrate their 32nd wedding anniversary on July 2. They have three sons and three grandsons. Their youngest son, Charles, has just graduated from Aquinas Institute and will attend the University of Notre Dame this fall.

GEORGE PROUD who for many years was manager of the Gulf station at Dewey and Driving Park Ave. has retired. In honor of his retirement, business men at the corner and friends and customers gave a dinner on June 24 at A Malfi's Restaurant and presented him with a gift.

Students Advised "Get Involved"

Rather than turning their backs on today's troubled world, young people should get actively involved in seeking responsible solutions, Councilman Stephen May told 195 Charlotte High School graduates last week. In his commencement address the Councilman stressed that these are trying times for Americans, but added that "under our system of government and given the massive nature of our problems, we must not expect answers overnight".

Noting that reforms and progress "will never be achieved without conflict and intense debate", May said that "the great issues of war and peace, black man and white man, poverty in the midst of plenty, would never really have been faced directly without many of the menacing confrontations which dominate the headlines".

He noted that America has gone through "periods of forboding and pessimism" before and "we have come out stronger in the end". He

Republicans Honor Party Workers

Ninth Ward Republicans report that their recent annual dinner was the "largest ever", drawing a capacity crowd to the Crescent Beach Hotel.

One of the features on the evening's program was the award of honorary memberships in the GOP organizations. One went to Mrs. Mabel Webster, 117 Pierpont St. who was cited for her services to the party over the past 50 years and "still going strong". The other was presented to George Masters, 171 Maryland St., a sector captain rated as "a hard worker who always comes up with the results whatever he does".

The women's club also made a presentation to Ruth Allen, retiring treasurer of the club who had served the old Tenth and the new Ninth Ward women for many years.

Winners in the membership drive were rewarded with prizes, first going to Dorothy Nichols and second to Mary Allin and Elia Romano who were tied. The drive continues, according to Sally Sullivan, dues being \$1.00 per year.

said today's unsettled conditions demonstrate that "the old American story of progress through friction is being repeated".

May urged the graduates to play a part in making certain that "change is guided along orderly, constructive lines". He said this means an effort on the part of all to be tolerant of the views of others. He urged an effort to "take the venom out of public debates, so we can regain the ability to disagree with each other without being disagreeable".

Sacred Heart Picnic July 14

Sacred Heart Cathedral's annual parish picnic is scheduled for Sunday, July 14, rain or shine in lower Maplewood Park. Co-chairmen Dick Casey and Anne Culhane promise "a good time, with plenty of games and fun for all".

The picnic will begin with the annual ball game at 2 o'clock with the games for young and old starting at 3.

All those interested in helping with the preparations are asked to call Jim McKeon at 254-1119.

"The Cellar"

Beckons Youth

Junior high students in the 11 to 13 age group are invited to attend the weekly sessions of "The Cellar" at St. Anthony's Hall in Costar St. The hall is reserved for them every Wednesday night from 7:30 to 10:30 in a coffee house atmosphere for games and dancing. Sponsors are a church group called JHEM, a part of the ecumenical movement.

A special feature planned for Wednesday, July 10, will be a "paint-in". Materials will be supplied by JHEM.

"TOPS" Open To The Men

Membership in the Primrose "TOPS" is now open to men, according to announcement by the president of the organization, Mrs. Frances Robertson of Clay Ave. The group, dedicated to weight control, meets every Tuesday at Edgerton Park in the recreation ballroom at 8 p.m. Further information on the program is available from the secretary, Mrs. Jill Tift of Lake Ave., phone 458-3699.

Powers Assails Narcotic Veto

Governor Rockefeller's veto of the Narcotic Death bill is under attack by State Senator James E. Powers. Under the provisions of the bill, any individual who illegally injected a dangerous drug into a second party could be charged with manslaughter, if death resulted.

The Senator, who supported the legislation, contends that drug peddlers and addicts induce the innocent to try the "stuff" by offering to inject a shot "to see how easy it is."

The Legislature made it clear that no sympathy should be shown

to this type of degenerate, who ruins lives and promotes a life of crime to "support the habit".

With the recent declaration by the State Narcotic Commission that civil commitments for drug addiction would be suspended beginning Monday, June 24, the state has taken two giant steps backwards in our fight against narcotic addiction and safety in the streets, concluded the Senator.

Swimming Rules Outlined By "Y"

SKIN DIVING TIPS

1. Be in good health and a better than average swimmer.
2. Use equipment designed for skin diving, and learn how to use it.
3. Dive with a "buddy" and at all times know where he is.
4. Know and respect your limitations. Don't take chances.
5. Have flotation gear handy.
6. Know and respect the conditions of the diving area.

WATER SKIING TIPS for skiers and boatmen

1. Be a good swimmer before trying to water ski.
2. Always wear an appropriate ski belt or life jacket.
3. Take instruction from a qualified ski instructor.
4. Stay away from all objects such as docks, sea walls, and boats.
- (Skiers seldom get hurt from hitting the water but have been killed from hitting solid objects.)
5. Be thoughtful of the rights of swimmers, other boatmen, and fishermen.
6. When landing, come in slowly, and release the tow bar a safe distance from shore. Do not land in swimming area.
7. Always test equipment before skiing.
8. Have one person in the boat at all times to watch the skier. Skiing areas are becoming more congested everywhere, and the boat operator must continually be alert.
9. Turn off engine when skier is in the water near the boat.
10. Know and practice the boating "rules of the road".

SCUBA DIVING

The skin diving tips are applicable also to scuba diving. In addition are these:

1. Use equipment designed for scuba diving; learn how to use it from a qualified instructor.
2. Keep equipment in good condition, and examine it each time before using.

Medicare Issues New Handbook

A new edition of "Your Medicare Handbook" has been mailed to elderly people in the Rochester area, according to Joseph Tomaino, Social Security District Manager.

The new edition includes the many important changes in Medicare enacted in the 1967 Social Security Amendments. In addition, every attempt has been made to make it easy to read and understand.

In an introductory letter at the front of the new Handbook, Tomaino said, Robert M. Ball, Commissioner of Social Security, points out, for example, that new term, "benefit period", is used in the new edition, because there was confusion about the definition of "spell of illness", the term used in the Law.

Many people thought the term had something to do with single illness or a particular sick spell. The new edition of "Your Medicare Handbook" points out that a "benefit period" is simply a period of time for measuring your use of Medicare's hospital insurance benefits.

The first time you enter a hospital after your hospital insurance starts under Medicare will be the beginning of your first benefit period. Your first period ends as soon as you have not been a bed patient in any hospital (or any facility that mainly provides skilled nursing care) for 60 days in a row.

After that, a new benefit period begins the next time you enter a hospital and you become eligible for a second round of hospital insurance benefits - 90 days of hospitalization, 100 days of post-hospital extended care, and 100 posthospital home health visits.

The Medicare beneficiary need not bother to keep track of how many "days" or "visits" he has used in a benefit period, the Handbook notes. He (or she) will get a notice from the Social Security Administration after he has used any hospital insurance benefits, telling how many days or visits he has left.

Only a very few people will need these medical services long enough to use all the benefits they have for a benefit period. But for those who do, an extra "lifetime reserve" of 60 additional days of hospitalization has been added under the Social Security Amendments of 1967.

(Editor's Note: This is the first in a series of articles by Joseph Tomaino, Social Security District Office Manager, regarding the new Medicare Handbook.)

Old Electric System Discontinued

One of the oldest electric systems in service anywhere in the country has been discontinued. It was part of the Edison three-wire, direct current network, first established in Rochester in 1886, and has been in continuous service for 82 years.

Francis E. Drake, Jr., board chairman and chief executive officer of RG&E, opened the switch, shutting down the system. Commenting on the network, he said, "This system was one of the real workhorses of its day. It was very adaptable for use in electric motors, and as such played a very important role in the development of industrial uses of electricity."

The Edison system was one of the first in the country to bury its wires, thus becoming the forerunner of RG&E's vast underground network. It was also the start of RG&E's steam system, which now provides heat for nearly 500 customers. Exhaust steam from the engines driving the original 125 volt generators was used for heating adjacent buildings.

Touch-Phone Service To Alter Dial Tone

Beginning last Sunday, a slightly different dial tone went into effect at Rochester Telephone's Lexington Ave. switching center.

About 17,000 residential and business customers whose telephone numbers begin with 254, 458 and 647 are served by the Lexington center.

The new lower-pitched tone is a result of modification of existing equipment that will enable residential and some business customers served by the Lexington center to use Touch-Phones.

Touch-Phones, introduced by Rochester Telephone last year, has a keyboard instead of a dial, with ten numbered buttons. To call a number the calling party touches the buttons; a musical tone responds to each touch. All Touch-Phones come in color, in standard styles.

A display of Touch-Phones will open next Monday, July 15, at the Dewey-Driving Park office of Marine Midland Trust Co.

24th Democrats Re-elect Terra

Democrats of the 24th Ward have re-elected their executive committeeman, William A. Terra, and by their action have backed Terra in his criticism of the county organization and the county chairman, Charles T. Maloy.

Terra voiced his sentiments at the recent county committee election which kept Malloy in office. He is fighting for the people, he says, and will continue to do so. Promises have not been kept, he claims, and he is particularly miffed at Malloy because two 24th Warders were fired from their jobs.

Terra defeated Frank Palma, who reputedly had backing from the county organization, in a fight for the leadership. The vote was 21 to 12.

The Otis Planning Unit of the Northwest Ecumenical Ministry will be holding its Neighborhood Interchurch Program Monday through Thursday, July 29 - Aug. 8 from 9:30 to 11:30 a.m. at Grace Presbyterian Church in Maitby St. and at Holy Family Church, Ames and Jay St.

This is an ecumenical bible school program sponsored by Holy Apostles, Holy Family, Grace Presbyterian and Lyell Ave. Baptist Churches. The theme, "Ser-

ving the World" will be presented through bible study, music, art and drama. The program is designed for young people, grades Kindergarten through sixth, who live in the general area of the four churches. Transportation will be provided for children and staff members alike.

Those interested in registering children or taking part in the program, contact Mrs. Della Heed at 254-2367 or Sister Marie at 458-9064.

Tennis Program At Maplewood 'Y'

The first period of junior and teen tennis programs will come to an end Friday, completing a full two weeks of fun and excitement for all those involved. The two weeks have been filled with both instructional and competitive tennis which taught the youngsters the basic and more complicated skills of tennis.

Also included was a well rounded program of swim instruction,

archery, crafts and gymnastic skills.

The overnight held at Frontier Valley Day Camp near Bergen has added another new experience to the boys and girls involved.

Maplewood is offering another two periods of tennis for youngsters ages 8 through 17, the first starting July 15 and the second on July 29. More information is available at 254-5250.

Your Medicare Handbook

By: Joseph M. TOMAINO
District Manager

The new edition of "Your Medicare Handbook" points out that in each benefit period, an older person's hospital insurance under Medicare can help pay for up to 90 days of bed patient care in a participating hospital. Medicare pays for all covered services in the first 60 days, except for the first \$40. For the 61st through the 90th day, it pays for all covered services, except for \$10 a day.

The additional "lifetime reserve" is like a bank account of extra days to draw on if the older person ever needs more than 90 days of hospital care in the same benefit period. For each day of his "lifetime reserve" that is used, Medicare pays for all covered services, except for \$20 a day.

When an older person is a bed patient in a hospital, Medicare can pay for the following services:
Bed in a semiprivate room (2 to 4 beds) and all meals, including special diets.

Operating room charges.
Regular nursing care, including intensive care nursing.

Drugs furnished by the hospital.
Laboratory tests.
X-ray and other radiology services.

Medical supplies, such as splints and casts.
Use of appliances and equipment furnished by the hospital, such as wheelchairs, crutches, braces etc.
Medical social services.

Services Not Covered
Some services that Medicare cannot pay for are:

Charges for a telephone, radio, or television, furnished at the patient's request and other similar items of personal comfort or convenience.

Private duty nurses.
Any extra charge for use of a private room, unless needed for medical reasons.

Doctors' services (the voluntary medical insurance part of Medicare helps pay for these).
Care that is custodial, rather than medical.

"Twenty-Eight" TOPICS
By John J. Romano
28th District County Legislator

I'm sorry I haven't been able to
report to you in these columns as
often as I've wanted during 1968,
but the pressures of opening a new
business have taken a great deal of
my time. We are open now, at the
Tire Mart on Lake Avenue, across
from the main entrance to Kodak,
and I hope you'll all stop in to see
me.

Though I haven't had an oppor-
tunity to report to you, it's been a
busy six months in the county
legislature. I've attended as many
as six committee meetings a week,
and during the month of June had
a near-record of 19 meetings in 20
working days.

And there's much to show for all
our work - much in the way of
"fair share government", about
which you'll be hearing more. It
means simply that the people of
Rochester, who contribute to both
the county real estate tax and
sales tax, are at last beginning to
get their fair share of services in
return. Earlier this year the county
agreed to take over a large part
of the cost of operating the Museum
of Arts and Sciences, and just this
past week three other city functions
passed to county operation. These
were the Bureau of Vital Statistics,
Weights and Measures, and the City
Court Probation Office. It all
means money in your pocket, and
more efficient operation besides!

Another area that especially
concerns me is the recent wave
of vandalism in our parks. Park
protection must be increased and
heavier penalties given to vandals.
I hope we can press for immediate
action in this area.

A problem of somewhat longer
range is that of Driving Park
Bridge and some of the streets like
Dewey Avenue that serve both city
and county residents. Speaking
personally, I would like to see the
county take over more functions in
this area, maintaining Dewey Ave.,
Driving Park Bridge, and other
key arteries. It's more of that
"fair share government" I was
telling you about.

I'm pleased to report that county
funds and personnel are making
possible the opening of the swim-
ming pools at John Marshall and
Charlotte High Schools this sum-
mer, for the use of all. Hopefully
by next summer this valuable pro-
gram can be extended to other city
schools as well.

We're all happy that the airport
parking lot addition is at last
nearing completion. I have a num-
ber of other matters about which
people have called me, and I hope
to report on these next month. In
the meantime, don't hesitate to
phone me if I can be of service.

Films Listed At Libraries
The Dewey Avenue Library will be having two film programs for older children (over six years of age) this summer. The first will be held at 2:30 p.m. on Wednesday, July 17 and will be a program of films about famous people - John F. Kennedy, Mark Twain and Jackson Pollack.

The second program will be held at 2:30 p.m. on Wednesday, Aug. 14 and the films to be shown then will be "Peter and the Wolf", "Hen Hop" and "A Very Special Day."
Edgerton Branch Library will be presenting during the summer, a film series for young adults on Thursday evenings at 7:30. Scheduled July 11 are two films: "Happy Anniversary" - a short comedy concerning the frustrations of a married couple as they attempt to be with one another on their anniversary; and "No Reason To Stay" - Dilemma facing a high school student as he tries to decide between two compelling futures. Future films will be concerned with such subjects as modern morality, narcotics and war. The films are free and everyone is welcome to attend.

New Books Added
"America The Beautiful" is the title of a collection of books which arrived at the Dewey and Edgerton branch libraries. These books form one of the rotating collections sent out from the Monroe County Library System to supplement the books of member libraries. They will remain at the local branches for three months before being sent on to other libraries in the county. A fine cross-section of Americana is found in such books as "A Religious History of America", by Guastad; "American Painting in the 20th Century", by Geldzahler; "Handmade in America", by Lavine; "The Whooping Crane", by McNulty; "New York: True North", by Millstein and "An Age of Barns" by Sloane.

Free Advice On Food Guidance
How much energy do you use in an hour of lawn mowing. . . three hours of fishing. . . a half hour walking the dog. . . a game of tennis. . . ?
The information can be helpful to persons who have been experiencing a slow but steady weight gain over the years. It's contained in an activities chart in "Facts About Figures", a new 32 page booklet. The chart enables you to check your daily energy "output" against "input" or the amount of calories you consume. The booklet also contains a daily food guide and a seven page Food Value Guide to help plan daily menus for weight reduction. To obtain a free copy, write or call: Monroe County Health Dept. ALBANY
REPORT
*
By Senator
James E. Powers

In my address to the Greece Chamber of Commerce at its Installation of Officers on Saturday, June 29th, I emphasized the importance of the business community's role in solving the problem of the hardcore unemployables. The American economy is based on the concept of the free enterprise system. The only permanent solution to the problem of qualifying the unemployable for today's job market lies in a partnership between private business and government. In the past year Rochester Jobs, Inc. has successfully placed 1,386 people in the job market, many of whom were thought to be unemployable. Lockheed Aircraft Corporation has also been successful in seeking out and qualifying heretofore unemployables.

If the unemployables remain unemployed society faces three adverse results: First, human beings who could be beneficial to themselves, to their families, and to our community will instead be nonproductive and hostile detriments to our society. Secondly, the unemployed individual is not able to care for himself and his family. This increases the already huge government outlay for various forms of welfare. As you may know, the biggest cost of welfare is the aid to dependent children category, and these children need aid largely because their father is not in a position to discharge his obligations. Thirdly, the unemployed is a non taxpayer, and everyone knows that government costs are skyrocketing higher every day. The more people we have who contribute to the tax roles, the lower the rate of taxes each one of us will pay.

And so, in substance, when the hardcore unemployable becomes a member of the working force his human dignity is enhanced,

the welfare roles are reduced, and the tax revenue collected by the government is increased. Not to mention the fact that, as a consumer with an increased income, the employed man can afford to buy the products we as businessmen produce, and thus, everyone's situation is enhanced.

Job placement and job education for the unemployable is not an easy task. The problems involved are unique and the traditional approaches to employment and on the job training are not applicable. However, in the words of James D. Hodgson, Vice President for Industrial Relations at Lockheed, these programs have not hurt production nor increased employee turnover. "So we think from a company standpoint it is a success. From the standpoint of the nation, people who have been thought unemployable have proved to be employable."

LETTERS

DEAR EDITOR:

This is a busy season for the members of "Baker's Dozen", 4-H Club, as they figure it a must to complete their projects but not before they convey their wishes to you and yours for "the happiest of summers", for the good you do and joy you bring. Your staff should be commended for searching out the news. We credit your subscriber column for pointing out new neighbors and the where-a-bouts of old friends. This new column should become a permanent feature.

A big bouquet to the 10% of early volunteer subscribers who not only have shed some light, but have echoed the sentiment of the reading public with their expressions of gratitude for your service.

They have paved the way for the "late-bloomers", the 90% who are still to send in their voluntary subscription. It isn't too late to send in an avalanche of contributions, to help cover your postage costs and keep our neighbors well informed at all times with the goings on around them.

MRS. THERESA BOWERMAN, Leader, "Baker's Dozen".

Kay Zaumeyer Dies After Heart Attack

Sadly missing is a familiar face at Dewey and Driving Park. Kathleen (Kay) O'Callahan Zaumeyer who had clerked at Sy's Drug Store for a dozen years was taken with a heart attack last week and passed away. She had worked right up to the time of her death.

Mrs. Zaumeyer had lived for many years in Selye Terr. and then in Seneca Pkwy. More recently her home was in Willis Ave., Greece. She is survived by her son, David, a graduate of Fordham who is now studying for his master's degree; a sister, Maureen O'Callahan; and a brother Brendan O'Callahan.

Grace United Methodist

Worship services on Sunday morning are at 10 in Grace United Methodist Church. The pastor, Rev. Christian W. Kocher will preach next Sunday on "What Your Faith Makes Possible".

Enrollments are still being taken for the Church Vacation School program which runs from Aug. 5 to 9, mornings from 9:30 to 11:30. Information is available at the office, 458-5927.

Pupils Advanced By No. 43 School

Omitted from the Vicinity Post listing of children advancing from No. 43 School to Jefferson High next September were three boys, David Guentner, Carl Webb and James Phalen. This is due to the elimination of the Seventh Grade MAP classes at No. 43.

In the graduation exercises held June 20 for Sixth and Seventh Grade pupils, standard bearer and guardian of the flag exchanges were made, as follows: Standard Bearer from David Guentner to Nicholas Kowalchyn; co-standard bearer, Niles Geerhold to Ronald Oyer; guardian, from Diane Romanovich to Ann Marie Blanchi; co-guardian, from Ranta Liders to Donna Stoneham.

Incidentally Raymond F. Guentner, father of David, was standard bearer of No. 43 in 1945 and his uncle, Donald Guentner in 1949.

JOHN P. LOMENZO

Lomenzo Backed For U. S. Senate

The strong possibility that John P. Lomenzo may be Governor Rockefeller's choice to fill the seat in the U. S. Senate made vacant by the assassination of Senator Robert F. Kennedy is good news for many of the former judge's friends in the Northwest area.

Mr. Lomenzo, now serving as secretary of state at Albany, was brought up in the old Tenth Ward, on Otis St. His father Samuel, now deceased, ran a grocery store and subsequently a restaurant for many years at the corner of Karnes and Otis. His mother who re-married following her husband's death, is the wife of Vito Russo and lives in McNaughton St.

Mr. Lomenzo always has had a soft spot in his heart for the old neighborhood and frequently has served as toastmaster at many local affairs. His talents are highly regarded throughout the state and he has many powerful Republicans who, according to newspaper reports, are urging the Governor to appoint him to the Senate.

Removal of City Dump Now A Possibility?

Something may be done about the all too-familiar smoke screen emanating from the Mt. Read-Emerson city dumps which for many years has been the nemesis of the immediate area and occasionally making life miserable for other parts of Northwest Rochester.

City Manager Seymour Scher and other city officials have agreed to "move quickly for the completion of studies now being carried out by consultants, so that alternatives can be found for the deposit of incinerator residue, garbage and rubbish".

Prominent political figures have clamored for years for relief. City firemen, unhappy about the long stand-by tours of duty, fighting a losing battle against smoke and flames for weeks on end, have complained bitterly.

The death of a fireman who had been at the scene of the fire for considerable time recently will add further complication if it is decided that smoke inhalation was a contributing factor.

Now Northwest Councilman Andrew G. Celli has taken a militant stand and has called for immediate removal of the landfill operations, including transferring it to a location remote from the city.

Skeptical and long suffering home owners are nevertheless hopeful that the city is about to take action.

Councilman Celli's communication to the city manager on the subject reads as follows:

The bad situation which has intermittently occurred at the Emerson landfill was culminated with intermittent fires throughout the landfill which required the dispatch of four fire pumps, a truck company and battalion chief to work for twelve hours to bring this intolerable situation under control.

An unhealthy, unsafe and danger-

ous condition resulted from these fires by reason of huge clouds of smoke, dust and polluted air, which covered the residential areas in the Northwest District, a number of miles from the landfill.

This situation endangers the health, safety and well being of the residents of my district, as well as residents of other adjoining areas.

By reason of this, I am asking you to consider the immediate closing of said landfill for the dumping of combustible materials, which have evidently been coming from the incinerators throughout the City. I believe that it is imperative that action be taken for the location of a landfill area which would be located far enough away from the residential areas of the City. This solution may come about by cooperation with the County of Monroe with regard to the problem of refuse disposal.

The seriousness of this problem requires your immediate attention. I would appreciate your contacting me after you have discussed the matter with the Commissioner of Public Works.

Opportunity for the public to speak before the City Council has been asked by Councilman Robert F. Wood in a letter to the Mayor stating in part:

"Local government should be closer and more responsive to the people than other levels of government. People should be afforded the opportunity to speak to the City Council, ask questions and become better informed as to what is being done in and about their neighborhood. Failure of communication between local government and people has been listed as one of the primary causes of friction and turmoil in cities throughout the United States."

Damage To Grass Due To Drought?

Don't be alarmed, says Monroe County Cooperative Extension, if your lawn browns out during mid-July. For well-built bluegrass and fescue lawns normally "brown-out" during mid-summer if not watered. They will recover quickly when cooler, more moist fall weather arrives, advises Kirkwood E. Personius, turf specialist.

Lawns that will not survive ordinary summer drought without watering probably need rebuilding since they undoubtedly contain a proportion of undesirable annual, shallow rooted grasses and weeds, says Personius.

The appearance of lawns can be improved by watering, but they can also be ruined by frequent light waterings which encourage undesirable annual grasses and weeds. Thus, Cooperative Extension advises, that if you do water, apply one inch of water at weekly intervals or two inches of water every two weeks if your soil will absorb this much water in a 24 hour period without excessive run off. Coffee cans placed at random around sprinklers are an excellent method for measuring the amount of water applied.

Whether you water during the day or at night makes no difference to the lawn. Just be certain that when you do water, you moisten turf soil thoroughly to a five to six inch depth, Personius says.

"Black Comedy" At Playhouse

Comedian Dick Shawn stars in the Town & Country Playhouse production of "Black Comedy" which is running all this week. Shawn is best remembered for a "A Funny Thing Happened on the Way to the Forum" and "Peterpat" on Broadway; filmgoers will recall his starring roles in "It's a Mad, Mad, Mad World" and most recently, "The Producers".

Shawn plays an artist who is in the process of throwing an important party for an art collector and his future father-in-law. The preparations collapse when the lights go out - - the rest of the play centers around the confusion that ensues as characters come and go, bumping into each other and fumbling in the dark. The switch - - no pun intended - - is that the power failure is played on stage in bright light: the audience can see the actors madly pretending they can't see one another.

"Black Comedy", starring Lynn Redgrave, ran for ten sell-out months on Broadway. As on Broadway, it has been paired at Town & Country with Shaffer's specially written companion piece, "White Liars".

Tickets may be reserved by phoning the Playhouse box office at 381-1001 between 10 a.m. and 8 p.m. daily.

"Black Comedy" will be followed by Barry Tuttle's own production of Neil Simon's "The Star Spangled Girl", starring Ed Byrnes, Diane McBain and Carleton Carpenter. Town & Country audiences will remember Carpenter from the 1966 season, when he played Frump in "How To Succeed in Business Without Really Trying" and Will Parker in "Okla-homa!"

DO YOU HAVE a question? It is the job of your public library to furnish the facts you need on any subject and for any purpose.

(Ruth) Hughes; one granddaughter, Miss Jacqueline A. Hughes.

May Proposes Code Changes

Councilman Stephen May recently introduced at a City Council meeting amendments to the City Zoning Code to require that 20 (rather than 10) days' notice be given of zoning hearings, and to increase the notification area from 200 to 500 feet from the property in question.

May said adoption of the proposals would increase the ability of groups and individuals to promote sound neighborhood development and protect against unwarranted zoning variances and special exceptions.

The Councilman said he felt that since the reorganization of the Zoning Board of Appeals staff and procedures two years ago, it had upgraded its performance, in terms of granting fewer variances and in following up better in enforcing its decisions. However, May added, "so long as sheer numbers for or against proposed changes are vital to the decision reached, all concerned parties should be notified in plenty of time to present their side of the story".

"Sound planning and strict zoning enforcement are crucial to saving neighborhoods and stabilizing our aging urban plant", May said. "Properly alerted residents, combined with a vigilant Zoning Board, are our best bulwarks against abuse of the zoning laws. By insuring that the voice of affected residents will be heard,

Tips from the Lab

By Dr. Herbert E. Ulrich, Director
County Health Dep't. Laboratories

Yankee ingenuity is characteristic of the American people, who take pride in converting discarded items into usable forms. Sometimes, however, there may be a danger to this practice.

For instance, an enterprising do-it-yourselfer obtained a wire shelf from an old refrigerator and used it as a hamburger grill. He ended up poisoning himself and his family.

This happened because the wire shelf was plated with cadmium, a toxic element. When the shelf was heated, the cadmium contaminated the hamburgers.

It would be wise, therefore, to do a little investigating before using castoff items for some purpose other than that for which they were intended. Make sure you are not creating a booby trap.

HIBERNIAN FIELD DAY SUNDAY, RAIN OR SHINE

The Monroe County Board, Ancient Order of Hibernians and Ladies' Auxiliary will hold its annual Irish-American field day next Sunday from 2 to 7 at Mother of Sorrows Church Hall, corner Mt. Read Blvd. and Latta Rd., rain or shine.

Frank McDonough and Dorothy Flynn are chairmen.

these amendments can help end the granting of expedient variances."

MRS. HUGH A. CUNNINGHAM

At a candlelight ceremony on June 29 in the Church of the Nativity, Brockport, Patricia M. Lynch, daughter of Mr. and Mrs. Warren Lynch of Hamlin was united in marriage to Hugh A. Cunningham, son of Mr. and Mrs. Jack L. Cunningham of Seneca Pkwy.

The bride was attended by her sister, Mary, as maid of honor and had as her other attendants, Helen Cunningham, Sue Lynch, Eileen Hanley and Margaret Casey. Best man was Wallace Pickworth and ushers were Paul and Jeffrey Cunningham along with Timothy and Dennis Lynch.

After a honeymoon in Canada and the New England states the newlyweds will be going to Hawaii where the bridegroom is to be stationed with the Navy on the island of Oahu.

City Campaigning Against Littering

A city-wide mailing of a residential rubbish regulation card has launched the public information phase of a three stage anti-litter campaign.

The first step in the anti-litter campaign, announced several months ago by Mayor Frank T. Lamb, was the city's purchase of new litter containers. The third stage of the campaign will be an extensive enforcement drive.

Lamb said: "People who put rubbish out at the wrong time, in the wrong place, and in the wrong containers cause tremendous and costly problems. We need the co-operation of all those who live in the City if we are to keep our City clean."

"The card, which we have mailed, spells out the proper way to dispose of household refuse and rubbish. Among the important notes is a reminder that placing bulk refuse or yard debris in the gutter is illegal and creates a traffic hazard. This material should be placed between the curb and the sidewalk the night before the regular collection and must not be put in the street or gutter."

State Senator James E. Powers will address the New York Association of City Councils in Binghamton tomorrow. He will discuss the controversial Taylor Law which regulates collective bargaining between public employee unions and

/or associations and administrative bodies.

The Senator was a member of the Assembly and the Senate in the two legislative sessions in which this bill was debated, and he feels he is also uniquely qualified in this area because he holds a master's degree in Labor and Industrial Relations from the University of Illinois.

This three day summer meeting of the New York Association of City Councils (N.Y.A.C.C.) will include legislative workshops and panel discussions with participation by top experts from local, state and national government. The objective is to formulate a workable legislative package to be presented in Albany at the next legislative session.

Grace United Methodist

"What Your Hope Makes Possible" will be the sermon topic of Rev. Christian Kocher at the Sunday morning service in Grace United Methodist Church. The service is at 10 a.m.

The church is still enrolling children for its Vacation Church School program which runs from Aug. 5 to 9. Registration information is obtainable at the church office, 458-5927.

BBB Advise: Know What You Sign

If the salesman says, "You can cancel this contract any time you want", his promise is meaningless says the Better Business Bureau, unless you find it stated as a contract provision. Regardless of whether it is a long formal contract or a simple appearing little order form, the BBB says you had better read it carefully before signing.

In most cases the BBB says you won't find any written provision for cancellation unless, possibly, a heavy penalty is charged. But you are very likely to read, "This constitutes the entire agreement. I have read and understand all the terms and agree to abide by all such provisions thereof".

Such clauses clearly rule out the salesman's oral assurances and the Better Business Bureau says if you run into a situation like this, where a salesman's pitch differs from the contract terms, you had better check with their office before committing your signature.

Howe Proposes Hamlin Marina

Gordon A. Howe, II, Republican candidate for State Senator, has urged Congressmen Barber B. Conable and Frank J. Horton to make every effort to obtain authorization this year for a major marina development by the Federal government at Hamlin Beach State Park.

Howe said an authorization bill for public works will be before the House of Representatives shortly providing for marinas and other river and harbor projects around the country. He said a proposed million dollar Hamlin Beach Park marina should be part of the final legislation.

"This proposed marina is badly needed for the boaters in the west side of Monroe County", Howe said. "If we don't get the authorization promptly, we stand to lose a year or more in time. Also, if Monroe County does not succeed in getting this authorization through Congress, some other area may have projects approved and we will lose out completely."

Howe said, "New York State residents always pay more in Federal taxes than they get back in facilities and this is our chance to help get a return on our tax dollar with a project that will serve the recreational needs of this growing area".

Dewey Driving Pk. Landmark Gone

The Dewey-Driving Park corner entered into a new phase of its existence last week with the demolition of the Schulz Building, landmark of the area since the turn of the century.

The land thus made available will be graded and used for more parking, according to Robert Wegman, president of Wegman Food Markets, Inc., whose store at the corner is reputed to be one of the most successful of the Wegman chain.

For the time being, the Dewey Branch Postoffice will remain in its present quarters on the Driving Park Ave. present site, pending outcome of negotiations with the government on another spot adjacent to the Wegman store. Future plans are to enlarge the present Wegman store. Two houses on Finch St. have been purchased as a part of the deal.

The Schulz Building, now a part of history, was started as a saloon by the late Henry Schulz on the corner opposite the old Driving Park race track. It later was run by his two sons, Elwood and Herbert, as a restaurant. It has been the home of a submarine sandwich shop for the past three years.

24th Republicans Re-elect Andolina

Re-election of Michael Andolina as executive committeeman has been announced by 24th Ward Republicans. Chosen to work with him are the following officers:

Chloe Albert, executive committeewoman; Walter Dukelow, chairman of ward and county committee; Martin LoBlond, vice chairman; Bernard Hoepfl, treasurer; Robert Hoepfl, secretary.

Endorsement of the candidacy of Gordon Howe II for the State Senate was voted and an "all out campaign" for election was promised.

Plans were discussed for the annual dinner dance which will be held in October.

Ecumenical Church School

"To increase a sense of Christian community among the children of the Northwest sector", the Catholic and Protestant churches of the Otis-Edgerton Area will sponsor the Neighborhood Interchurch Program, a vacation bible school.

According to the sponsors, classes will attempt to convey Christian values and an awareness of various cultures within the community through the media of art, music, drama and occasional field trips. Neighborhood adults and teenagers will be the teachers. In the Otis Area, the program extends from July 29 to Aug. 8 while the Edgerton dates are July 30 to Aug. 22.

Registration forms are available in local churches.

Housing Objective Of Committee

A new group known as the Task Housing Committee has been formed in the Northwest area and has elected Thomas Shea as its chairman.

Objective of the new committee is to study the inequities of housing for minority groups, says Mr. Shea, and to ease some of the "needless tension that prevents acceptance of new faces in the community".

The first meeting, held at Sacred Heart parish house, resulted in three sub-committees being formed: A resource committee headed by Mrs. Ellen Clifford; an organization committee with Joe Korbel as chairman; and an education committee. The next full meeting is scheduled for Aug. 1 at Sacred Heart.

Pop Warner Grid Call Is Issued

Registration dates have been announced for the Pop Warner Youth Football program. The Tenth Ward Tigers, starting their seventh year, will be signing up players Saturday, July 27, from 9:30 to 11:30 a.m. and Wednesday July 31 from 6 to 7:30 p.m. The location will be behind Aquinas Institute, 1127 Dewey Ave.

The team serves the general Tenth Ward area and boys ages 11 through 13 and weighing between 80 and 118 pounds are eligible. The only fee for the program is \$5 for insurance and \$5 for equipment rental.

Further information is available from John Birecree, 458-5383, or Tom Riley, 254-3141.

Democrats Choose Gutberlet Again

Democrats of the Ninth and Tenth Wards met July 16 at the Italian-American Club and again chose Frank Gutberlet as their executive committeeman. Other officers elected at the meeting were:

Harold "Jeff" Wilkin, chairman of the ward and county committee; John Nauerth, vice chairman; Barbara O'Loane, treasurer; Elizabeth Haney, secretary; and Lino Testaguzza, sergeant-at-arms.

Train Hauling For Rubbish?

A possible solution to the Emerson-Mt. Read nuisance, the smoking city dumps, has been advanced by the City. One of several plans under consideration, according to City Manager Seymour Scher is hauling the trash out of town on railroad flatcars.

City trucks would cart the rubbish to a trackside transfer point where it would be compressed, sanitized and baled for shipment on the Penn-Central Railroad. The landfills to which the stuff would be carted would be far from the city.

Although the plan is rated as "attractive" by the city manager, it is only one of several ideas under study by a private consulting firm assigned to solve the problem.

Guest Speakers At Dewey Church

There will be guest speakers occupying the pulpit at Dewey Ave. Presbyterian during August, including one former minister of Dewey Church, the Rev. Gustavus Warfield. Summer hour of service is 10 a.m.

The Rev. Charles E. Taylor, new minister of the church will preach next Sunday. Thereafter the speakers will be:

Aug. 4, The Rev. Paul Gleason; an ordained American Baptist Church minister now living in Rochester.

Victory Festival At Local Church

Most Precious Blood Church grounds will be the scene of considerable activity this weekend. It will be brightly lighted and hopefully swarming with people in attendance at the Victory Festival. The affair will run for three nights, Friday, Saturday and Sunday, culminating in a giant fireworks display on Sunday night.

Numerous booths are being set up on the grounds, located at

Expressway Gets Another Setback

The construction of the Dutch-town section of the Western Expressway had another setback last week when the State got no bids after advertising the job, estimated to cost \$13.8 million. The end of 1970 completion goal is now definitely out.

The possibility of higher labor costs as a result of new labor contracts coming up, plus the possibility that the State's estimate was too low were given as some of the probable causes by State engineers.

Demolition has been going on for the last three years and except in a few areas, the needed land is ready for the steam shovels. But nothing will be done until the project is re-advertised and some contractor bids on it.

Aug. 11, The Rev. Gustavus Warfield; pastor of the Prospect United Presbyterian Church, of Maplewood, New Jersey, and former pastor of Dewey.

Aug. 18, The Rev. Donald H. Prytherch; associate pastor of the Kenmore United Presbyterian Church, Kenmore, New York and formerly a member of this congregation.

Aug. 25, The Rev. James Bower; assistant pastor of the Central Presbyterian Church, Rochester.

Lexington Ave. and Stenson St.

and a carnival atmosphere will prevail with games, fun and prizes. There will also be plenty of refreshments available and food such as pizza, sausage and hot.

The festival, a fund raising event, is also in celebration of the decision of the Diocesan school authorities to keep Most Precious Blood School open at least another year. Joe Sica is general chairman.

Mumps Vaccine Now Available

News Release From The Health Association

Mumps hurt. Especially when you chew or swallow. Lemonade, oranges, tomatoes? Catastrophic. Acid foods sting like crazy.

For kids, the condition is not too serious. Just pesky and uncomfortable. But for adult males and boys nearing puberty, mumps are no joke. The disease can adversely affect the sex gland. Sterility can result.

A new mumps vaccine, just licensed for use, is now on tap. It will, no doubt, be a real asset in thwarting epidemics. Young adolescents and adult males should be the first to take advantage of the protection. At present, however, there is no protective serum that produces permanent immunity. The Public Health Service reports that the length of effectiveness of the new vaccine is not known.

The vaccine, as a result, is not recommended for young children. For pre-adolescents, it is still wisest to suffer the usually mild symptoms of mumps; high fever, headache, pain in the back, loss of appetite and scratchy dry mouth. (Fever and swelling around the ears and jaws may last for as long as a week to ten days. And sometimes children should be kept quiet for a week following the disappearance of all symptoms.)

Some day soon there may be a vaccine for mumps that protects for a life-time. Then everyone will be a lot happier. In the meantime, the present vaccine can prevent some unhappy complications for adolescent boys and adult males.

Wanted: Jobs For Area Youngsters

A new program is being started through the Area Youth Ministry for youngsters 11 to 15. The directors of the program are trying to find these younger people jobs because they think they not only need the jobs but also that it will help them stay out of mischief and trouble.

The boys and girls want to earn a few dollars here and there so "they can have a little fun" as they put it. It will also give them respon-

sibility and teach them to have respect for adults, according to their leaders.

Home owners who need help with jobs like window washing, baby-sitting, ironing, kitchen work, grocery pick-up, garage cleaning, painting, car washing, and yard work, may contact Area Youth Ministry, 534 Dewey Ave., telephone 254-6018.

ALBANY REPORT

By Senator

James E. Powers

Before the 1968 session of the Legislature, the law in reference to license revocation for driving while under the influence of alcohol or a drug read as follows. "Any person who operates a motor vehicle or a motorcycle should be deemed to have given his consent to a chemical test of his breath, blood, urine, or saliva for the purpose of determining the alcohol or drug content of the blood, provided that such test is administered at the direction of a police officer having reasonable grounds to believe such person to have been driving in an intoxicated condition or while his ability to operate such motor vehicle or motorcycle was impaired by the consumption of alcohol or by the use of a drug as defined in this chapter and in accordance with the rules and regulations established by the police force of which he is a member".

The law later stipulated that if an individual refused to submit to the test, the Commissioner of Motor Vehicles could revoke his license or permit. I strongly support this legislation because no

one who is not intoxicated or under influence of drugs should be reluctant to submit to such a test.

However, at the 1968 session of the Legislature, we amended this law by including the following language. "No license, permit or non-resident operating privilege can be revoked because of a refusal to submit to such a chemical test if the hearing officer is satisfied that the person requested to submit to such a chemical test had not been warned prior to such refusal to the effect that a refusal to submit to such a chemical test may result in the revocation of his license or operating privilege whether or not he is found guilty of the charge for which he was arrested.

This amendment is important because it is possible that an innocent person would become so indignant when he is charged with an offense which he did not commit, that he would refuse to do anything until he had spoken with his attorney. Obviously the police cannot make a chemical test a number of hours after the incident. For this reason, the individual should be made aware that his failure to submit to such a test may result in his license revocation, even if he is found innocent of any other charge.

Birthday Surprise

George Nunn got a very pleasant surprise Monday night. It was his 95th birthday and he hadn't been doing very much about it until a bunch of neighborhood youngsters came marching across the street to George's home at 479 Colvin St. and presented him with a bouquet of roses and sang "Happy Birthday". Needless to say, he was delighted.

George, despite his years, is still quite active. He painted his porch a week ago and still cuts his own lawn. He lives with his wife, who is 86, and his daughter Edna at the Colvin St. address which has been his home all his married life. The Nunn's also have two sons and numerous grandchildren and great-grandchildren.

Anthony Caramia Visiting Pen-Pal
Anthony Caramia is off to France to spend the summer with his pen-pal, Jean-Luc Botten, in Strasbourg. He left July 16 following a farewell party given by his family and many of his friends.
Anthony, who is the son of Mr. and Mrs. Stephen Caramia, 495 Pullman Ave., graduated last month from Aquinas Institute, receiving the John Philip Sousa Music Award. He is planning to enter Fredonia College in the fall.
Present at Anthony's graduation were his grand-parents, Mr. and Mrs. Michael Schiavo, former Tenth Warders who came all the way from their home in West Hollywood, Florida for the occasion.

Mrs. Wilkin Notes 75th Birthday
Mrs. Ann Gallagher Wilkin celebrated her 75th birthday Sunday and the occasion turned out to be a real festive one, full of surprises. When she arrived at the home of her son, John E. Wilkin on JoAnne Drive in Greece for a cocktail party she was greeted by a huge picture of herself, blown up to life size, on the lawn of her son. The picture was one taken of Mrs. Wilkin when she was 18.
Most of her family of nine children, including Harold (Jeff) Wilkin of Alameda St., formerly Tenth Ward Supervisor, were present as well as many of her 37 grandchildren.
Following the cocktail party, the entire group moved to Rund's Restaurant for dinner.
Mrs. Wilkin makes her home in the Hale Manor Apartments, Lake Ave.

BEATING THE HEAT. Children in the Glenwood-Glendale area don their bathing suits on Friday afternoons and wait in line for a cool and refreshing dip in the Swimmobile pool when the City Recreation Bureau's portable swimming hole makes its appearance at the Tacoma Playground on its regular rounds. It is great sport especially on a hot day such as last Friday when this picture was snapped.

Twice-Wounded GI Returning Home

Sgt. John Gillis, who has been wounded twice in Vietnam is on his way home, according to word received by his parents, Mr. and Mrs. John Gillis, 87 Locust St. He has been recuperating in a hospital in Japan from wounds inflicted by a hand grenade on July 12 and has been returned to this country for hospitalization at Ft. Devens, Mass.

The sergeant, a graduate of Jefferson High, who was studying at Monroe Community College, enlisted in January 1967 and has been in Vietnam since October 1967 as a member of the First Division Rangers. He was wounded the first time last December, but went back into active duty following recovery.

Aqua Festival All This Week

This is the week of the annual Genesee Aqua Festival, sponsored by the Rochester Recreation Bureau in celebration of Youth Week. It started Monday with a concert and water ballet followed on Tuesday by a performance by local youth talent bands and continues all the rest of the week with a series of events, including the following:

A melodrama presentation tonight and tomorrow night in East High Auditorium at 7:30, featuring music and vaudeville performance.

A folk festival on Friday at 8:15 on Highland Park with ten teen-age groups participating.

Then the grand finale, an all day and evening series of events on Saturday starting with an AAU sanctioned 15 mile marathon run

in the morning; a junior mile run starting at 12:50 and a land parade in the 19th Ward starting at 1; and evening-long celebration centering around the Genesee River in the general area of the Elmwood Ave. bridge.

The Saturday evening program is the crowning event of the week, starting at 6 with a parade of decorated canoes which spectators may view from both banks of the river. Then there will be a concert by the Monroe County Park Band, a parachute jump, a parade of power boats, a water ski show, presentation of awards and a big fireworks display at 8:45.

Mayor Frank T. Lamb is again serving as general chairman, assisted by a large committee. It is free to the public.

Ridgeway Area Sewer Investigation Subject of Council Resolution

"Resolved, that the City Manager and the Commissioner of the Department of Public Works commence an immediate investigation into the storm and sanitary sewers in and about the area of Ridgeway Ave. adjacent to Aquinas Stadium, including: Parma, Riga, Perrinton, Hamlin, Mendon, Pittsford and Ramona Streets, and report to the Council at the next regularly scheduled Council meeting, what steps can be taken to prevent future occurrences of flooding in that area of the City."

This resolution, proposed by Councilman Robert F. Wood, has passed the City Council. A report from the city manager is expected at the next meeting of the Council next Tuesday, Aug. 13.

Wood also had written a letter to Alfred S. Ancello, commissioner of public works, about the sewer conditions and in a separate communication had asked for repaving of Parma St., need for which he had noted during a tour of inspection in the area.

Wood's letter about sewers reads as follows:

"This letter is in reference to the resolution which I introduced at the July 23, 1968 City Council meeting relative to the investigation which I have requested into the storm and sanitary sewers in and about the area of Ridgeway Avenue adjacent to Aquinas Stadium, including Parma, Riga, Perrinton, Hamlin, Mendon, Pittsford and Ramona Streets. As the resolution indicates, we are to have a report from you and the City Manager at the next regularly scheduled City Council meeting, Aug. 13, 1968.

"On Saturday, July 20, 1968, I met with several of the residents in this particular area of the City, and they showed me the extensive damage which was done to many of the homes as a result of the flooding which occurred, I believe, on Wednesday, July 17th.

"There are different opinions as to what causes the problem, but there appears to be an inade-

quate number of storm sewers on Ridgeway Ave. and the existing sewers on Ridgeway Ave. do not accommodate the drainoff of water from the land by Aquinas Stadium. Perhaps additional sewers could be installed in that area.

"There are some apartments located at 1000 - 1020 Ridgeway Ave. which also may be causing part of the problem. It appears as though these apartments have been allowed to connect into the City sewer system, and I would appreciate your investigation into this particular problem.

"Once the flooding occurred, there was also a tremendous amount of back-up from the sanitary sewer system into the cellars of many of the homes in this particular area of the City. What is the connection between the two?

"I also noticed that many of the storm sewers in the area had not been cleaned in years. As a matter of fact the lids on these sewers have been covered with tar and obviously had not been removed in some time. These sewers, I believe, should be cleaned out immediately.

"In any event, I look forward to receiving your investigation report at the next City Council meeting. This is a problem which I feel should be corrected immediately."

Boryszewski Gets Praise For Action

A press release from the Association for Grand Jury Action, Inc. expresses support of the association for Ralph Boryszewski, its founder, "in his present efforts as President of the Rochester Police Locust Club to negotiate the one year clause that will allow wage agreements to be re-opened (such as were accorded the teachers by City Hall) as to the new state resources available".

The release, signed by Mrs. Joyce J. Insalaco, 67 Northampton St., president of the association, goes on to defend Boryszewski as a "good policeman" and states that "it is inconceivable to the members of the association that our elected and appointed officials could put themselves in such an undefendable position as attempting to persecute an honest man".

The release also cites Boryszewski as a fighter against corruption for 20 years.

The mothers also had their contest and Mrs. Triano won the prize. Hula hoop contest winners were Joan Alessi, Linda Triano and Roseann DelVecchio; costume prizes went to Patty, Jimmy Bonesteel, Mrs. Bonesteel and Baby Bonesteel; surfboard winners were Mary Jo Mitchell, Gary Bonesteel and Liz Zinone.

Town & Country Goes Musical

"Hallelujah, Baby!" the swinging musical starring Diana Sands and Leon Bibb, is running this week at Town & Country Playhouse in East Rochester.

The only musical on this summer's program, it won a Tony Award as "Best Musical of 1968" on Broadway.

"Hallelujah, Baby!" is a creation of the same team of writers who wrote the super-musicals "Gypsy" and "Funny Girl." Composer Jule Styne has written two new songs for Miss Sands.

Tickets may be reserved by phoning 381-1001 from 10 a.m. until 9 p.m.

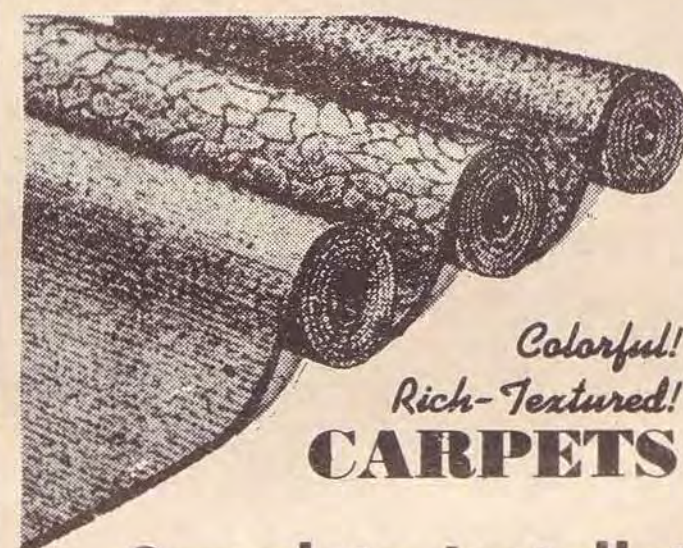

The following week Town & Country presents Forrest Tucker, star of "F-Troop," in the world premier of Oliver Hailey's prior-to-Broadway comedy, "Who's Happy Now?"

Playgrounds Need Cleanup Says May

Terming conditions in "numerous" City playgrounds "deplorable", City Councilman Stephen May recently called on the city government to do a "better job of equipping, maintaining, protecting and cleaning up" these areas.

He said that any visitor to a representative sample of City recreation areas can testify to their "littered, rundown nature". He said "it is cruel and in some cases downright dangerous to the youngsters involved to open up these areas and provide either inadequate or unsafe equipment or permit them to become littered with trash, debris and broken glass".

May noted that some of the vandalism which causes these conditions is beyond the control of the Police and Recreation Bureau, but added that "poor upkeep and unsound equipment simply cannot be tolerated in the playgrounds which play such an important part in the lives of so many Rochesterians".

The Councilman urged City Manager Seymour Scher to initiate promptly an "intensified effort" by the Police to protect recreation areas at night and by the Recreation Bureau to maintain and keep them up during the day. He suggested that greater use be made of

Teens on Patrol, Neighborhood Youth Corps and other personnel to keep playgrounds in better shape.

If existing facilities or equipment are inadequate or in need of repair, steps should be taken promptly to remedy these shortcomings, May noted.

Mothers are reminded that the library is not open to the public at that hour and that older children will not be admitted to the building. There will however, on the following day (Wednesday, Aug. 14) be a film program for older children (over 6 years of age) at 2:30 p.m.

Attend Meli Reunion
Mr. and Mrs. James Meli of Dewey Ave. were in Pittsburgh last week to attend the annual reunion of the Meli family. They renewed acquaintance with over 100 relatives, including two surviving uncles, over 90 cousins and about a score of children.
People came from widely scattered areas of the country, from as far away as Louisiana, for the long weekend. They practically took over a Pittsburgh motel for the occasion. Next year the reunion will be in Chicago.

Neighborhood Picnic Set At Churchville

A neighborhood basket picnic will be held at Churchville Park (Maple Grove Shelter Area) on Sunday, Aug. 25, from 1 p.m. to dark.

A committee is representing the four Charles House Area Neighborhood Associations (FRIEND, UNITE, ACTION, and DRIVE) and Charles House is planning for the picnic.

The members of the committee are: Mrs. Lena Nacca, Mrs. Natale, Mrs. Mike Simonetti, Mrs. Andrew Tescione, Mrs. Anita Bogenschutz and Messrs. Joe Pilato, Bob Linberg, Robert Carroll and Leonard D'Alesio; Miss Eileen McCarthy director of Charles House and Clyde Hoggard, community organization advisor.

Word about the basket picnic is being spread from house to house through the entire area, by flyers, cards and The Vicinity Post. The word is "Bring your family and friends. Bring your basket of food and games will be led by Robert Carroll's committee."

Duryea Coming For GOP Dinner

The campaign of Assemblyman Frank A. Carroll for re-election from the 133rd District will be launched on Thursday, Aug. 22, at a dinner dance, Perry Duryea, speaker of the New York State Assembly and prominent Republican leader, is coming to Rochester especially for the occasion and will be the speaker of the evening.

The site of the dinner dance will be Logan's, 1490 Scottsville Rd. and the time is 6:30. Joe Cady's Orchestra will play for dancing after the dinner.

Tickets are now on sale at \$12 per person and may be ordered from two women on the dinner committee, Mrs. Anthony Spaziano and Mrs. Charles Eberhard.

The 133rd District covers a large part of the Northwest area of Rochester in addition to towns to the west and is considered one of the key districts in the 1968 battle for control of the State Assembly.

Flag Raiser At Nursing Home

The Aberdeen Nursing Home in Lake Ave. has erected a flagpole and Perry R. Smith, one of the residents there, has volunteered to be the "standard bearer". Mr. Smith, who was born July 2, 1875—which makes him 93 years of age—posed for the camera as he raised the flag the other day.

Born in Oswego, but a longtime resident of the old Tenth Ward, Mr. Smith lived at 425 Birr St., up

until three years ago when he entered the Aberdeen. He has a sister, Marion, who still lives at the Birr St. address. His son, Perry R. Smith, Jr., is manager of Community Savings Bank at the Twelve Corners.

Before his retirement, Mr. Smith was associated with the H. B. Graves Co. and had become treasurer of the company. He is a member of Grace Methodist Church.

"Rose Sunday"

A concert by the City Recreation Band; a display and demonstration of oil paintings by Danforth Senior Citizens and of Ceramics by No. 21 Recreation Center Senior Citizens; a coffee break provided by Maplewood Neighborhood Association and Maplewood Senior Citizens.

Members of the Rose Society will be available for consultation on the care and treatment of roses.

Picnic Sept. 1 For 15th GOP

"Sausage and peppers" will once again be the top menu treat at the 15th Ward Republican picnic. There will be other picnic fare, but the Italian favorite, made and served personally by Dom DeGuarde, the ward leader, is always in greatest demand at the outing. He will serve it until the supply runs out. Churchville Park will again be the scene of the picnic in the east and west cabins on Sunday, Sept. 1, rain or shine.

As ever, says DeGuarde, everyone is welcome regardless of party affiliation. There will be pop, peanuts, balloons and suckers, with free beverages to the adults. A program of games with prizes is also planned.

Top Republicans, including all the candidates running this fall, will make appearances at the picnic during the afternoon, says DeGuarde.

NO. 21 WINS PRIZE

No. 21 Playground in Colvin St. won a major prize in the Aqua Festival held last week. Its entry in the parade was awarded the trophy for best theme float.

20th Democrats Picnic Sunday

Democrats of the 20th Ward are expecting a big turnout for their annual picnic next Sunday at Pine Grove, Buffalo Rd. The outing will be held rain or shine, starting at 1 p.m., says Carl Bertini, the general chairman.

A modest priced ticket will entitle each member of the family to all they can eat and drink, the same as in former years. Admission is \$2.00 for adults, \$1.00 for children over 7 and children under 7 are free. All 20th Warders are invited. A program of sports and games with prizes for the winners will be one of the big features of the afternoon.

Free buses will be run Sunday from the 20th Democratic headquarters at Maple and Hague Sts. to the picnic grounds. One leaves at 1 p.m. and the second bus is at 3 p.m.

George Stockmeister, former county legislature, is assisting on picnic plans, serving as vice-chairman. Numerous party workers are also assisting.

At a meeting of the 20th Democrats last week, final plans were made for the picnic and political action taken at the meeting included endorsement of Samuel Schwartz for City Court Judge.

Numerous ward leaders and prominent Democrats of the city and county are expected to attend.

TEEN DANCE FRIDAY

Another teen dance is announced for Friday, Aug. 16, at Maplewood Recreation Center. The band known as Chapter 5 will be playing for dancing from 7:30 to 10:30. Admission is \$1.00.

The Edgerton Branch of the Rochester Public Library will show several films for young adults tomorrow (Thursday) evening at 7:30. The first, "Satan's Choice", is of special interest to boys since it presents a close look at the activities of a motorcycle gang. The second "Cover Girl in Paris", shows the Paris world of high fashion as seen by an American model. The public is invited to view the films at the library in Edgerton Park.

15TH DEMOCRAT PICNIC IS WELL ATTENDED

Favored by ideal weather and a large attendance, Democrats of the 15th Ward agreed that their annual picnic held Aug. 4 was "the best ever". It was estimated that over 500 men, women and children turned out for the affair. Ward leader Frank Camello thanked the committee for "a job well done".

"Y" Family Camp Plans Announced

Mothers and dads will have a chance to see what it is really like at Camp Cory when they go to Family Camp over Labor Day week-end.

From Friday evening, Aug. 30, through Monday afternoon, the YMCA boys' camp on Keuka Lake will be turned over entirely to families. All facilities will be available to family campers. Full supervision will be provided for all swim periods and for use of waterfront equipment such as boats, canoes and sailboats.

All meals will be served in the dining hall, freeing mothers to enjoy the outdoor sports and fun or just take it easy as they will.

According to Weldon B. Hester, director of camping for the YMCA of Rochester and Monroe County, there are still spaces open for 21 families.

The camp office is located at the Central Branch YMCA, 100 Gibbs St.

Maplewood Branch YMCA announces that there are a few openings left in the fourth period at Frontier Valley Day Camp. There is still time to register for a fun-filled two weeks at camp. At Frontier Valley Day Camp the children receive quality instruction in outdoor camp skills, swimming, and physical fitness. Charter buses will pick up children along routes in Irondequoit, the city, and along Ridge Road W.

There are also a few openings left for the fourth period at YMCA resident camps, Camp Cory located on Keuka Lake, and Camp Gorham in the Adirondacks.

"If you have considered a camping experience for your son or grandson, now is a good time to take advantage of excellent summer weather and send him to a YMCA camp," says the "Y" announcement.

Further information may be obtained on Frontier Valley by calling the Maplewood Branch YMCA at 254-5250. On the resident camps, call the Central Branch, 325-2880.

Celli Objects To Aircraft Pattern

Objecting to aircraft flying too low over the Northwest area, Councilman Andrew G. Celli wrote a letter recently to the city's corporation counsel, asking him to take any legal means at his disposal to prevent further violations of flying regulations and "to see to it that proper penalties be imposed".

"I myself have observed aircraft flying over my house (on Seneca Parkway) seeming to be at a very low altitude", he wrote.

"My investigation reveals that the Federal Aviation requires aircraft to maintain a minimum of 1,000 feet over the highest obstacle when passing urban areas", he

continued. But, he pointed out, the city has an ordinance which specifies a minimum altitude of 2,000 feet when flying over Rochester.

Celli asked the corporation counsel, Robert Feldman, to obtain a Court ruling on which of the two regulations should prevail.

Proposes Zoning Notice Change

Councilman Stephen May introduced at Tuesday's City Council meeting the second in a series of proposals to insure that residents are given a full chance to express their views on local zoning matters. He introduced legislation to require the notification in writing, at least 20 days in advance, of all property owners within 500 feet of a property which will be the subject of a Council hearing on a zoning change.

There is presently no requirement that nearby residents be specifically informed of Council hearings on proposed zoning changes, May noted, although the City Clerk traditionally sends out notices about a week in advance to those within 200 feet of the property in question.

"Ample notification in advance to those who may be affected should be mandatory," the Councilman said. "They should be given plenty of time to marshal their arguments pro and con and to prepare their side of the story for the Council before it makes its decision".

Several weeks ago, May proposed that prior to its hearings on variances and special exceptions the Zoning Board of Appeals be required to give 20 (rather than the present 10) days notice to property owners within 500 (rather than 200) feet of the property in question. The amendments to the Zoning Code, which were referred to the Council Urban Renewal, Planning and Zoning Committee, have been endorsed by a number of neighborhood associations and community leaders, May stated.

Cites Youthtown As Good Example

Youthtown, a boys' club dedicated to training for good citizenship with self-government, is cited by Gordon Howe, Republican candidate for senator, as a commendable idea for boys groups in other areas.

Youthtown, comprised of 37 boys ages 10-16 is governed by the boys themselves, with a mayor, vice-mayor, four senior councilmen and four junior councilmen. "Taxes" are 25¢ per week.

A benefit supper was held recently by the 1085 Club, sponsors of Youthtown, to raise money for printing equipment for a Youthtown Newspaper, according to Joseph Esposito, president of 1085 Club and personal supervisor of the Youthtown meetings.

Esposito explains that the printing equipment will be a mimeograph machine and two typewriters and the newspaper to print a 4-sheet local publication which will be distributed free to about 300 homes in the neighborhood of headquarters, 508 Lyell Ave. A staff of boys will be chosen for the newspaper which is slated to appear in September.

Howe feels that the Youthtown organizers are deserving of praise for training boys in government protocol and encouraging good citizenship and worthwhile activities.

YOUR MEDICAL HANDBOOK

The new edition of "Your Medicare Handbook" (now being mailed to about 65,000 older persons in the Rochester area) is evenly divided into explanations of the hospital insurance and medical insurance parts of the program. Last week I summarized the information on inpatient hospital services covered under the hospital part of the program.

Today's article is about the medical insurance part of Medicare, sometimes called "doctor bill insurance".

The new Handbook explains in easy-to-understand terms the 17 changes in medical insurance brought about by the 1967 Amendments to the Medicare Law. These are indexed on the back cover, and each section of the text that describes them is marked with a special symbol.

Probably the change in the Law

By Joseph M. Tomaino
District Manager

of greatest interest to users of the Handbook is the one that provides that when a physician does not wish to apply for the medical insurance payment, the Medicare beneficiary may now send in the claim himself, whether or not it has been paid. All that is needed is an itemized bill - - paid or unpaid. Previously the bill had to be paid before the beneficiary could apply for the payment, which often resulted in financial hardship. As before, however, if the physician agrees that he will apply for the medical insurance payment, the payment will be made directly to him. This is called "assignment" of the benefit payment.

The Handbook explains that medical insurance will help pay for all covered services received in the United States, subject to a \$50 annual deductible, with the beneficiary paying only 20 percent of the reasonable charges over and above that amount for the rest of the year. Payment can be made no matter where the treatment is received - in a hospital, the physician's office, an extended care facility, the beneficiary's home, or at a group practice or other clinic.

A series of 4 charts in the Handbook lists what medical insurance will and will not help pay for. For

example, one chart brings out that under the 1967 Amendments, medical insurance helps pay for services by podiatrists that the profession is legally authorized to perform by the State in which they practice, but not for routine foot care and treatment of flat feet, sprains, or partial dislocations furnished by the same practitioners.

Under one of the 1967 changes in medical insurance, payment can be made for either the rental or purchase of durable medical equipment for use in the beneficiary's home - wheelchairs, hospital-type beds, etc. Under the old law the medical insurance covered only the rental of such equipment. In a question and answer, the Handbook points out that, when considering purchase, particularly the expensive equipment, a beneficiary should keep in mind that Medicare payments are made over a period of time, and that these payments stop when the need for the equipment ends. It is suggested that the beneficiary talk over the matter of whether he should rent or buy with the physician prescribing the use of the equipment to get an estimate as to how long it will be needed. Otherwise he may find himself obligated for the balance of payments on equipment for which he has no use.

City To Improve School Sidewalks

Councilman Urban G. Kress and President Laplois Ashford of the Rochester Board of Education have announced jointly that the City will improve curbs and sidewalks - the latter program involving 31 elementary and eight high schools - in various parts of the City including several here. Schools scheduled for improved sidewalks include Schools 34, 41, Marshall and Jefferson.

Kress introduced a municipal improvement ordinance at Tuesday night's Council meeting to provide authority for the program.

Powers To Serve On Liquor Panel

Senator James E. Powers has been invited by Senator John D. Calandra, chairman of the Senate Excise Committee, to be a member of the Senate hearing panel investigating the liquor licensing practices of the State Liquor Authority. This hearing will take place Aug. 20, at 10 a.m. in the Hall of Justice, Civic Center Plaza.

Senator Powers has been an outspoken critic of the State Liquor Authority, particularly in the Third Ward controversy over licensing of new stores.

Comedy Will Open Auditorium Season

Virginia Mayo, one of Hollywood's top box office attractions will star in Neil Simon's most successful comedy "Barefoot in the Park" running Sept. 9 through 14 at the Auditorium Theatre.

The green-eyed willowy blonde, whose stage career started at the age of 8, made her stage debut on stage with Red Skelton and includes such landmarks as star billing at the Palace, Diamond Horseshoe, Radio City Music Hall, and with Eddie Cantor in "Banjo Eyes".

Miss Mayo's role is that of a stylish and proper mother who visits the attic bridal suite of her newlywed daughter who is something of a flower child insisting on running "barefoot" in the grass in February. Miss Mayo earned such coveted titles as "Top Ten Box Office" for 1952-53-4 and the "World's Most Beautiful Blond".

The comedy is being presented by Stan Seiden and Harry Zevin in Hollywood producers, with sets by Oliver Smith and stage direction by Tom Montgomery as set down by original Production Director Mike Nichols. "Barefoot" played 1532 performances - one year longer than any of Simon's other six shows.

OPENS DENTAL OFFICE

Dr. William E. Falcone (above) has opened a suite of offices for the general practice of dentistry at 143 Lake Ave.

Originally from Niagara Falls and Lockport, he received his B.S. degree from Niagara University and in 1953 his Doctor of Dental Surgery degree from Georgetown Dental School, Washington, D.C. He took post graduate studies in periodontia, and was assistant instructor in periodontia at Georgetown.

A veteran of World War II, he was recalled into the Air Force to serve as Dental Officer during the Korean conflict.

Steinfeldt Opens His Campaign

Bill Steinfeldt, candidate for the State Assembly from the 134th District, opened his campaign last Saturday with a call for the restoration of law and order. The protection of our homes and loved ones, and the safety of our streets, he said, are needs crying for prompt fulfillment.

Citing the shocking increase in the Rochester crime rate during the past year Steinfeldt said: "We can no longer tolerate violence. We must protect our homes and our streets. To effect this we need legislation that will strengthen local home rule powers, and back up our local law enforcement agencies".

Speaking at the annual 15th Ward Republican Committee clambake, Steinfeldt also pledged to "use the axe on taxes".

He also sharply criticized the record of his opponent, Charles F. Stockmeister. "His efforts have been more concerned with appearance than with substance", he said.

Happiness And Hay Fever

News Release From Health Association

Happiness is a warm puppy, say the Peanuts folk. But there is not much joy involved if you happen to be allergic to animal dander. If, in other words, you have "hay" fever.

The flaky skin from animals triggers an allergic reaction in some people. Ragweed, dust, and mold spores can also cause severe sneezing symptoms. Swollen nasal passages and teary eyes can sure spoil the fun of summer—the season when lots of plant pollen is swirling around in the air.

The happy thing is that there is something to be done for respiratory allergies. Sometimes antihistamine drugs, prescribed by a physician, may offer relief. The drugs, though, don't affect the underlying sensitivity. Avoiding the substance that triggers the allergic reaction is, of course, the best way to control hay fever.

There is another way. Identifying the offending allergies. This may involve a long series of scratch tests with suspected substances. If the right one is discovered, there is some hope.

Injections containing a minute amount of the allergen can be administered. Tiny doses can be increased to larger ones. And the body may gradually develop a tolerance. If the injections are begun before the hay fever season and continued for about three months, the allergic reaction may be prevented. The injections, though, may have to be repeated

every year. If continued for several years, complete desensitization to the offending substance may result. But not always.

For the hay fever sufferer, quick cures and quack products can be disastrous. The only sure way to treat his allergy is with a doctor's advice.

Information about hay fever and respiratory diseases is available at the Tuberculosis and Respiratory Disease Chapter of the Health Association of Rochester and Monroe County, 973 East Ave.

Open Retreat At St. Bernard's

The annual Otetiana Council Catholic Scout Retreat will be open to scouts of all faiths this year. In addition to the regular Catholic Mass on Sunday, Aug. 25, other religious services will be held, so that each boy will have the opportunity of attending the service of his choice.

Father Joseph P. Brennan will be the Retreat advisor and John H. Bacon Retreat chairman. The three day program will be supervised by the Seminarians, and will open Friday evening, Sept. 27, closing Sunday afternoon Sept. 29.

The camp site will be on the Diocesan property on the west side of Lake Ave., directly across from the Seminary. An informative and constructive program has been set up for the boys and for the adults.

Every Scoutmaster in Otetiana Council has been invited to register all scouts and scouters in his unit who wish to attend. Closing registration date is Sept. 16.

If your eyes are tired, what's the first thing you do? Rub them? That's the last thing you should do, says the Better Vision Institute—unless you rub them with your elbow. Impossible, of course. But that's the point—never rub your eyes with anything. Fingers and knuckles carry germs and dirt, so hands off, elbows only!

Postoffice Seeking Bids On Building

(The following news release seems to indicate that the new postoffice at Dewey and Driving Park may still be looking for a home. It has been assumed previously that the site would be part of the Wegman store at the corner, even by officials of Wegmans who are most anxious to demolish the present postoffice building and use the land for parking.)

The Post Office Department is seeking competitive bids for an improved building to house the Dewey Station in Driving Park Ave.

Under the department's lease program, a contract will be awarded to the bidder who designates a building suitable to the department's needs and agrees to improve it according to departmental specifications and then lease it to the department for a basic period of ten years with four separate and consecutive five-year renewal options.

The Post Office Department's capital investment is limited primarily to postal equipment. Because the building will be privately owned, the land will stay on local tax rolls.

Bidding documents are now available and may be obtained from Robert D. Finley, Regional Real Estate Officer, P.O. Box 1075, Federal Building, Room 266, Syracuse, N. Y. 13201. He will supply bidding forms, specifications, lease provisions and other information. Bids must be submitted by Aug. 30, 1968.

1968 Congressional Elections Seen As Unusually Important

By Congressman Barber B. Conable, Jr.

WASHINGTON, August 15, -- At national convention time congressional elections seem remote, and in some ways they are. It is likely at this point that Congress will be meeting for at least a month-and-a-half longer when it reconvenes in early September. Some states have not yet even had the primaries in which congressional candidates will be chosen. And, of course, nobody thinks very much about congressional races when the big prize is up for grabs.

For this year's election the congressional interest will be centered in the House of Representatives. Nobody really expects the Senate to be a battleground of significance. There are 63 Democrats and 36 Republicans in the Senate, and with only one-third of the Senate subject to election every two years, the Republicans have no chance of seizing control.

House Seats Important

In the House, however, the Democratic margin is 247 to 187 and a shift of 31 seats to the Republicans would give them control of a house of Congress for the first time since 1954. Every House seat comes up for election every two years, and in a presidential election year no seat can really be considered safe. The Republicans have raised large amounts of money to put into the election campaigns in those districts where the Democratic incumbent holds his seat by a narrow plurality, and of course, the Democrats are responding in kind.

The circumstances of the presidential election give added interest to some of the House races. George Wallace is expected to gather the electoral votes of several of the deep South states. If the two major party candidates split the rest of the country fairly evenly, it is possible that no candidate would get a majority of the electoral vote, so that under the Constitution the President would have to be chosen by the House. If the decision goes to the House for this reason, each state's delegation, however numerous, would get only one vote.

Thus New York's 41 Representatives would cast one vote, according to which party has the majority of the Representatives from New York, while Alaska's one Representative would also cast one vote. If a state has the same number of Republican and Democratic Congressmen, the vote would be nullified.

As presently constituted the House has 18 delegations that are predominantly Republican, 29 that are predominantly Democrat, and 3 that are tied. Viewed in the light of the possibility of the presidency being decided by the House, it will be seen that some marginal House seats have considerably more significance than others, and we can expect the parties to vary their support of their candidates accordingly.

Presidential Impasse?

What if the Wallace people in the House are sufficiently numerous to keep a majority of the state delegations from choosing a President? The resulting impasse could leave us with only an acting President (the Vice-President chosen by the Senate) for two years. For this reason a move is being made to try to get incumbent Representatives to agree that if the presidential decision is thrown into the House, they will vote regardless of party for the presidential candidate who has the largest national popular vote. George Wallace, who wants the bargaining power a bloc of electoral votes can give him in a close election, says this effort is proof "there's not a dime's worth of difference between the two parties".

I think the possibility of such an impasse developing is slight because I expect one party or the other to have a clear advantage at the polls this fall. But the American people should consider the implications of a constitutional deadlock in terms of our democracy, and once they have done so, I feel sure they will support reform of our electoral college system for future elections.

Rose Garden Ceremony Sunday at Maplewood

Maplewood Park and the Municipal Rose Garden at Lake and Driving Park will be the scene of a colorful ceremony Sunday afternoon, Aug. 25, from 2 to 4 p.m. Under auspices of the Rose Society and the city's Recreation Bureau it will be known as "A Sunday with the Roses" and will feature dedication of a new Rose Garden House on the park grounds, for equipment storage and comfort stations.

Thousands of roses are now in bloom there and rose lovers as well as camera fans are expected to have a field day. (In case of rain the event will be postponed a week).

A concert by the City Recreation Band and other features are planned, including a display of oil paintings by Danforth Senior Citizens, a display of ceramics by No. 21 Recreation Senior Citizens and a "coffee break" provided by Maplewood Neighborhood Association and served by Maplewood Senior citizens.

Members of the Rose Society will be on hand and will offer information about the care and treatment of roses to all who are interested.

TIPS from Better Business Bureau

The Better Business Bureau warned area residents to be alert to any phone calls they may receive from a man identifying himself as a "BBB representative" and requesting personal information regarding the family. Bureau manager Robert C. Hildreth said the caller who is not a BBB representative asks whether the family owns their own home, where the husband and wife are employed and how much money they earn. He said the identity of the caller is not known to the BBB and it is also not known how he intends to use the information he collects. Hildreth said that personal information should never be given to unknown callers and emphasized that the Better Business Bureau never solicits information of this type via the telephone.

Lawns' D-Day Now at Hand

Late August or early September is the ideal time to plant new lawns or renovate old ones in the Rochester area, according to Monroe County Cooperative Extension. Kirkwood W. Personius, local Extension Agent specializing in turf, points out that fall seedings are better than spring seedings because they have a maximum good growing weather before crabgrass and other summer lawn problems appear. "Even late fall seedings made at any time before the soil freezes are a better risk than spring seedings", Personius says. Therefore, urges Personius, if you plan to renovate or plant a lawn, now is the time to get started so you'll be ready to seed by Labor Day. By starting work now, a good seedbed can be prepared, allowed to settle for easier grading and some weeds destroyed. Cornell Extension Bulletin 922 provides complete lawn planting and care information. It is available from the Monroe Co. Cooperative Extension, 249 Highland Ave., Rochester, 14620.

Town & Country In Final Week

The Town & Country Playhouse closes its season this week with Frank D. Gilroy's highly acclaimed Broadway hit of last winter, "The Only Game in Town". The comedy stars Barry Nelson and Julie Newmar. Gilroy, author of the Pulitzer Prize-winning drama, "The Subject Was Roses", has written a compelling and funny play about what it means to fall in love. Judith Crist, reviewing "The Only Game in Town" on the "Today" Show, remarked: "At long last a simple tender, very funny and very human comedy. I urge you to see 'The Only Game in Town'. Barry Nelson has never been more charming". Tickets may be reserved by phoning 381-1001.

Notes Progress In Crossing Repairs

Substantial progress has been made by Penn Central Railroad this summer in repairing dangerous and bumpy crossings in the city, Councilman Stephen May said this week. May, who criticized the railroad last winter and spring for "teeth-jarring bumps" at numerous crossings, said a recent inspection of the worst locations revealed significant improvements have been made. The Councilman noted that among the high priority crossings which have been repaired by Penn Central are those on Dewey Ave. (two locations), Emerson St., Maple St., McCall Rd., Otis St., Ridge Rd. W., Ridgeway Ave., and Scio St. Work will begin soon, railroad officials assured May last week, on several other crossings. The Councilman also revealed that City officials agreed last week to patch those sections of the street near railroad crossings on Maple St. and Scio St. which are under the jurisdiction of the city government. May praised the railroad for its "diligence in following through on its promise to make these long-overdue repairs. Removal of the hazardous conditions makes Penn Central a much more welcome visitor in Rochester", he concluded.

Aroused Citizens Form Action Group on Biafra

Upset and outraged by official failure to alleviate mass starvation of children in Biafra, a local citizen's group has launched a campaign to mobilize public opinion for a speedy remedy to the famine.

The group, Emergency Relief for Biafrans, headquartered at 402 South Ave., plans a massive telegram and mail campaign to pressure the U. S. government into taking immediate action, including action through the United Nations.

Citizens are being asked to wire President Johnson, using a special service furnished by Western Union, urging him to demand an immediate emergency meeting of the United Nations to move large amounts of food and medical supplies into Biafra without delay. Western Union will send the wire, up to 15 words long, for a cut-rate charge of 90 cents added to the user's phone bill.

Patrick G. Farren, 24 year old Rochester teacher and journalist recently returned from Peace Corps duty on the Ivory Coast in western Africa, is E.R.B.'s coordinating secretary.

"We feel we have only days to work in", Farren noted. "From two to three thousand people trapped in Biafra are dying of starvation every day. Most are babies and children. The starvation is escalating. Within a month, one million may be dead."

"We take no sides in the Biafra-Nigeria civil war", reports Tom W. Harris, another public relations executive serving as co-chairman. "Our single concern is to move that food. We realize that this is not the only hungry area on earth, and not the only starvation area. However, there is no other situation where three thousand children die by starvation every day while over 12,000 tons of food is waiting".

PRESERVING OUR MEAT

WHEN THERE WAS NO FRESH GAME TO BE FOUND THE PLAINS INDIANS SUBSISTED ON A DIET OF PEMMICAN. THIS DRIED MEAT, PRESERVED BY THE JUICE OF BERRIES AND SEALED WITH FAT, WAS SIMILARLY EATEN BY OUR EARLY PIONEERS.

WITH THE DEVELOPMENT OF THE REFRIGERATOR CAR IN THE EARLY 1870'S, WESTERN PACKERS WERE ABLE TO SHIP DRESSED BEEF TO THE EAST. A NETWORK OF RAILROADS THAT CRISS-CROSSED OUR COUNTRY MADE A FRESH STEAK ON EVERY TABLE A REALITY.

OUR MEAT INDUSTRY EMPLOYS MORE THAN 200,000 PEOPLE TO ENSURE HEALTHFUL PROCESSING AND PACKING OF MEAT. TO OBTAIN HIGH STANDARDS OF SANITATION AND PURITY, STAINLESS STEEL IS BEING USED IN EQUIPMENT AND UTENSILS. STAINLESS DOES NOT CORRODE, IT IS EASY TO KEEP CLEAN AND SANITARY AND THEREFORE HELPS PREVENT BACTERIAL GROWTH.

NEWS BRIEFS

WESLEY KOFAHL, Blackhawk District Scout Executive, will be attending the national training conference of the Boy Scouts of America at Colorado State University next week. The eight year long-range plan of the scouts called "Boypower '76" will be the basis for the training.

MRS. SARAH MAGEE and her son George of Selye Terr. were in New York City over the weekend to witness a ceremony in which a niece of Mrs. Magee took her vows as a nun.

A JOHNNY HARTFORD SCHOOL SAFETY TIP

Walking Safely—Plan the safest way to walk to school. Always walk on the left side of the road facing traffic if there are no sidewalks. Look out at corners for turning cars. When it gets dark early, wear something white so you can be seen easily. Don't run into the street between parked cars. (This safety panel, one of a series for JUNIOR FIRE MARSHAL, has been prepared as a public service of The Hartford Insurance Group.)

Safety on the Playground— "One at a time" is the best rule for playing on slides, swings and ladders. No one gets hurt and every one has a turn. On the teeter-board face your partner and keep your feet out from under the board. Be careful not to walk behind swings while they're swinging. Obey the playground monitor. Keep the playground clean of broken glass, rusty cans or sticks.

Elected Officers By Young GOP

Newly elected officers of the Monroe County Young Republican Club are two young ladies from Glendale Pk. Florence Tripi has been chosen as first vice president and Patricia Rzebka as recording secretary. John C. Moore of Berkeley St. is the new president. Gordon Howe, Jr., candidate for State Senator is a member of the group. President Moore stresses that the club is pushing for 2000 to 2500 new members and that special

effort is being made to get more youths from the inner city involved in the club's activities. "Our main objective", he said, "is to teach politics so that our members will be better informed and can thus become a more powerful force to assure the election of Republican officials in Monroe County".

AIN'T NECESSARILY SO

A dab of paint or the addition of a little padding may be all that's needed to salvage a lure that is not producing fish.

Color and size are extremely important in influencing the decision of a fish to smash a certain plug, say the fishing authorities at Mercury outboards. But, the lure in your hand may appear entirely different when scanned by the critical eye of a roving large-mouth. He may not be impressed by either its size or color.

Instead of disposing of an ineffective plug, try changing its apparent size by painting it a different shade.

Skin divers have noted that lures painted yellow appear much larger when viewed from beneath the surface. This aberration is apparently caused by reflection, plus the magnifying effect of water. The same model in a different light-absorbing color might appear nearly normal.

Yellow and white-and-red combinations have long been favorite topwater choices: their effectiveness probably derives from the reflective qualities of these colors, not the colors themselves.

But color is not the only way to achieve a false dimension. There are other ways to pad out the girth of a lure without actually adding bulk.

Ordinary flyrod bugs with stiff hackles attached so that they stick out at right angles can create the effect of a larger apparition. The same feathers placed on the tail give the appearance of a longer lure. Neither alteration affects the casting or fishing abilities to any degree, but both create an entirely different impression on fish.

So heed the hues and pad the plugs — a phoney line has been the downfall of many a lunker.

MEDICAL HANDBOOK

By Joseph M. Tomaino, District Manager

Sometimes an older patient no longer needs the intensive care which a hospital provides, but still needs full-time skilled nursing care and other health services which cannot be furnished in his home.

The new edition of Your Medicare Handbook, recently mailed to people 65 and over in the Rochester area, explains that in these cases, the doctor may transfer the patient from the hospital to an extended care facility. An extended care facility is a specially qualified nursing home or other health care facility which is staffed and equipped to furnish full-time skilled nursing care and many important related health services.

The handbook notes that the hospital insurance part of Medicare pays for all covered services in an extended care facility for the first 20 days such services are received in a benefit period, and all but \$5 a day for up to 80 more days in that same benefit period -- if all of the following are true:

1. A physician determines that such care is needed and orders such care;
2. The patient had been in a participating (or otherwise qualified) hospital for at least 3 days in a row before his admission;
3. He was admitted within 14 days after leaving the hospital;
4. He was admitted for further treatment of the condition for which he was treated in the hospital; and
5. The care is not custodial care.

The Handbook describes custodial care as that needed primarily to help patients meet the demands of everyday living, such as assistance in bathing, dressing, eating, walking, or taking medicine on a regular schedule. Important as custodial care may be to many people, the law permits Medicare to pay for care only when its primary purpose is to meet the medical needs of the patient and when the patient requires health services of a curative nature which can be provided only by trained and skilled professional health personnel.

The net effect of Medicare's

providing posthospital care in extended care facilities has been the release of scarce hospital beds for the care of patient needing the type of treatment only hospitals can give; and the upgrading of hundreds of nursing homes to meet Medicare's health and safety standards, and the opening of many new facilities especially designed with Medicare in mind.

Another type of benefit provided by Medicare outside the hospital is home health care. After a person has been in a hospital (or in an extended care facility after a hospital stay), his physician may decide that the continued care he needs can best be given in his own home through a home health agency. The agency can send skilled people to his home to provide health care services such as part-time nursing, physical, occupational, and speech therapy, and part-time services of home health aides.

The hospital insurance part of Medicare pays for all covered home health services furnished by a qualified home health agency -- for as many as 100 home visits -- for a period up to a year after the beneficiary's most recent discharge from a hospital or a participating extended care facility.

Home health benefits are also available under the medical insurance part of the Medicare Program, with the difference that the beneficiary does not have to be hospitalized first. The 100 home health visits in a year under hospital insurance, and those available under medical insurance, are separate benefits, and the visits received under one do not affect the number available under the other. In fact, when a beneficiary has exhausted his quota of home health visits in a benefit period under hospital insurance, up to an additional 100 visits in the calendar year may be available to him under his medical insurance protection.

15th GOP Picnic Slated Sunday

The annual 15th Ward Republican basket picnic will be held next Sunday, Sept. 1st at East Cabin and Shady Side, Churchville Park, from 12 noon on.

Through the combined efforts of the men's and women's organizations, a gala time is planned for all. There will be no charge for bingo games, peppers and sausage (while they last), hot dogs, peanuts, suckers, balloons, pop and refreshments for the adults.

Serving on the committees are Ralph Nye, chairman; Angelo Monteleone, master of ceremonies; Constable and Mrs. Lou (Pauline) Romano, games and entertainment; Lucy Montante, music; Betty Schillaci and Mary Ann Croppo, bingo; Mr. and Mrs. Rusolese, and Mr. and Mrs. Andolina, hot dogs. Sausage and peppers will be served by "Ma" DeGuarde and "Aunt Jennie," refreshments by Ray Towns and Marvin Lomio, also by members of the committee, Willie Schroth, John DiLenola, Mike DeQuattro, Joe Smarsh and Joe Bertino.

Ninth Ward GOP Meet on Sept. 5

Ninth Ward Republican Women are holding their first fall meeting on Thursday, Sept. 5, at Wesley Methodist hall in Dewey Ave. Men of the ward as well as all inspectors are invited to attend the meeting at 8 o'clock.

Plans will be discussed for the fall card party being held Sept. 26 at Barnard Exempts. Also on the program will be a short talk by Dorothy Nichols on the recent Republican convention at Miami. All the candidates have been invited to attend.

NOTE ANNIVERSARY

Mr. and Mrs. Raymond Wilson of 773 Jay St. celebrated their 50th wedding anniversary on Aug. 8. A surprise party was held in their honor at the home of their son, Raymond C. Wilson, of Abby Lane, and given by another son, Robert L. Wilson, and daughter Dorothy Hasselwander.

AS WE SEE IT

SHOOTING - RIGHT OR WRONG?

Numerous merchants in our area who have been plagued with robberies over the years say that shooting is the only answer. One food store in particular has been entered a dozen times or more with considerable loss. Within the past ten days it has been robbed once but was lucky enough to have the burglars scared off the second time.

These break-ins get scant attention in the press apparently because there are so many of them. Nevertheless it is a serious matter if it's your property that is involved.

Is it any wonder then that storekeepers rise to the defense of a man who shoots to kill a prowler about to break into his house?

No one wants to encourage trigger-happy nuts and needless shooting, but some way must be found to stem this criminal tide. It is to be hoped that the sad Westfield shooting will be some deterrent to the rampaging burglars.

SEWERS A REAL PROBLEM

Dewey Ave., Ridgeway Ave. and other streets in the Northwest area had another crisis last week--floods due to inability of the sewer system to carry off the water fast enough during a heavy rainstorm. We join Councilmen Celli and Wood in their request for a solution. The cost may be great, but this provocation is just too much.

24th GOP DINNER

The 24th Ward Republican organization will hold its 21st annual dinner dance at the Mapledale Party House on Wednesday, Oct. 9, according to Michael Andolina, executive committeeman.

Co-chairmen of the ticket committee are Charles Albert (254-1981) and Joe Exposito (647-2033).

TRAIN FOR LEADERSHIP

The four local high schools are represented this week at the Red Cross Youth Leadership Development Center at Manlius, N.Y. designed to teach leadership skills. Marshall is represented by Elaine Dimino; Aquinas by William Clifford; Nazareth by Eileen McCarthy; and Jefferson by Frances Niccoli.

Bad Luck At The End Of This Rainbow

Health Association Press Release

Fortune is supposed to lie at the foot of the rainbow - but for dieters, intent on shearing off the pounds, ill fortune in the form of ill health can result from the rainbow pills sometimes prescribed for the purpose of losing weight.

The multi-colored pills include barbiturates, diuretics, digitalis, amphetamines, laxatives, and thyroid drugs. Such drugs are potent and their effects, according to some medical experts, can seriously damage health or in some cases, even cause death.

A recent Washington inquiry drew attention to certain types of drug houses that push the rainbow pills, and to some "diet doctors" who prescribe them more or less indiscriminately. Some of their practices, it was brought out, are mere assembly line operations with inadequate emphasis on medical examination and excessive reliance on the pills.

At a recent conference of American Medical Association experts, according to Medical World News, some participants thought that "the pendulum has swung back to the 1920's, to a stress on the need for regular exercise and physical activity to counteract our excessive eating habits and sedentary ways".

Others maintained that a warm, friendly social environment encouraged eating in the obese individual more than it did in persons of normal weight. There is also growing support for the theory that purely physiologic differences exist between those inclined to be obese and the naturally slim.

Despite all fads and "crash programs" the first step to safe and effective dieting is a consultation with your family physician. Your Christmas Seal association, concerned with general health as well as with the fight against tuberculosis, emphysema and air pollution, suggests that the key to proper dieting remains what it has been: less food with a balanced diet.

Pommerening-Kenning

Frank Pommerening, former Lyell Ave. hardware dealer, and Mrs. Dorothy Hofmayr Kenning of Culver Rd. were married in a quiet ceremony on Aug. 24 at St. Michaels Church, Livonia Center, with Rt. Rev. Edward McAniff officiating. The bride was the widow of Charles A. Kenning and Mr. Pommerening's first wife, the former Carolyn Lupold, passed away last year. They will make their home in Penfield after a brief wedding trip.

The Gibson Ten Year Plan

Da.

A ten year guarantee.

Our competitors? They're still living in the old days of the five-year plan.

The compressor that operates this new Frost Clear Gibson is guaranteed five full years longer than any other make. And our new 1017 side-by-side is making competition avocado green with envy. It holds over 16½ cubic feet of food. The full-length freezer side can handle 197.8 pounds of frozen food all by itself. Yet with its great capacity, it fits easily into only 32 inches of wall space.

Are we crazy to sell this refrigerator with the longest guarantee at the shortest price?

Nyet.

Absolutely nyet.

Gibson.

Gibson Ten Year Warranty

If a Refrigerator or Freezer part fails under normal use and service, because of a defect in material or workmanship, we will, during the first year, furnish replacement parts; during the second through fifth year, furnish a replacement compressor, cooling coil, filter assembly or liquid condenser and during the sixth through tenth year, if the unit is a Frost Clear or Market Master model, furnish a replacement compressor. The manufacturer will assume labor installation charges only during the second through fifth year and freight charges during first through fifth year. Parts must be returned through and service performed by an authorized Gibson Dealer, Service Company or Distributor.

This will be a joint meeting with the men of the ward and with all voting inspectors, as well as many of the candidates. The convention report will be by Dorothy Nichols. Refreshments will be served following the meeting.

The card party, scheduled Sept. 26, will be held in Barnard Ex-empt.

Steinfeldt Advocates Reform of Assembly

Speaking before the First Ward Republican Committee last week, State Assembly candidate Bill Steinfeldt said that reform of the Assembly is badly needed. "The Assembly must be reorganized and modernized if it is to be responsive to today's needs and to operate efficiently," he said.

Steinfeldt charged that the Assembly has become a travesty of representative government and blames it on the Democrats.

Stating that he had given a considerable amount of time and study to needed reforms that have been suggested by the press and to the recommendations made by political scientists, assemblymen, legislative committees, and others, Steinfeldt said he would fight for numerous changes including reduction of standing committees from 38 to 15.

ROCHESTER, N.Y., WEDNESDAY, SEPTEMBER 11, 1968

Astronaut Conrad To Speak Sunday At Virgil Grissom Dedication

The new No. 7 School, named for the late Astronaut Virgil I. Grissom because it exemplifies concern for the world of tomorrow, will be dedicated next Sunday afternoon, Sept. 15, as part of the observance of Space Week in Rochester.

A long list of dignitaries will be in attendance headed by Commander Charles Conrad, Jr., an astronaut with the National Aeronautic and Space Administration, Herman R. Goldberg, superintendent of schools will make the dedicatory charge.

Conrad, who made Gemini space flights in 1965 and 1966, is backup Commander for the second manned Apollo Moon flight. He circled the world a total of 184 times in his two flights.

The Sunday afternoon program, which starts at 2:30, is the culmination of many months of planning under the leadership of Ben Richardson, principal of No. 7, who points with pride to the resolution of the Board of Education on adoption of the Grissom name which noted that No. 7 "exemplifies by architectural design as well as by use of the newest in teaching methods and facilities that it is concerned about the world of tomorrow". In the words of Mr. Richardson "We blasted off and we're in orbit".

Bishop John E. McCafferty of the Catholic Diocese of Rochester will give the invocation and the benediction will be by the Rev. Walter E. Muir, Ascension Episcopal Church rector. Speakers, in addition to Astronaut Conrad and Superintendent Goldberg, will include Mayor Frank Lamb; L. J. Ashford, president of the Board of Education; Herbert Becks, co-president of No. 7 PTA; and John Hostutler, general manager of the Industrial Management Council.

Unveiling of the plaque bearing the school's name will be done by Mrs. George Cooke, vice president of the Board of Education.

Representatives of the Scout troops, Brownies and Cub Pack affiliated with the school as well as the standard bearer and guardian of the flag, Brian Lingard and Kyle Hoover, respectively, will lead in the pledge of allegiance opening the ceremony and the No. 7 Glee Club will sing three numbers under the direction of Mrs. June Emmons with Miss Marion Maracle as accompanist.

A tour of the school and serving of refreshments will follow the program.

Group Tackling Housing Problem

The 50 member Northwest Housing Task Force, organized in late June with the object of encouraging balanced integration in Rochester's northwest area, is seeking support for its goals through the signing of a statement by as many residents as possible, in favor of "suitable housing for those ordinarily excluded while maintaining existing standards of the neighborhood".

Now mobilizing for an ambitious program of community education and action in the fall, the Task Force, an ecumenical group, took its inspiration from a series of six meetings entitled "Crisis in the Nation", sponsored by the Rochester Area Council of Churches.

As a result of the interest then aroused in the history, the opinions, and the urgent present problems of black people, the Task Force came into being. It then designated education, resource and organization committees to carry on its planning. Committee meetings and general meetings of the group have taken place throughout the summer.

Area residents interested in the work of the Task Force may contact Christ Presbyterian Church at 534 Dewey Ave.

Rosary Society To Hear Priest

The Rosary Society of Holy Family will hold its first meeting of the new season tonight (Wednesday) at 8:15 in the Pine Room. The Rev. Eugene Weis, assistant pastor of Holy Apostles, will be guest speaker. The usual lunch and games will follow with Mrs. Ormond Maeder as hostess.

The meeting will be preceded by recitation of the Rosary and Benediction in church at 7:45.

School Open To The Public

The new Virgil I. Grissom School No. 7 is open all this week and next from 9 a.m. to 9 p.m. on school days for public inspection. Scale models of the Gemini Spacecraft and the Mercury Spacecraft will be on display in the first floor school auditorium during these hours.

NEW NO. 17 SCHOOL OPENS ITS DOORS

The second new public school to be completed this year in the Northwest area opened its doors last week. It is No. 17 School, built to the standards of modern educational needs. It stands adjacent to the site of the old school, now torn down, on a land area that was formerly Orange St.

Mothers To Hear New Principal

Holy Apostles School will hold its first meeting of the year next Monday, Sept. 16 in the school hall. The meeting will begin at 8 p.m.

Sister Mary Michael, new principal of Holy Apostles, will be guest speaker. Mothers of all children are invited to participate in the activities of the Mothers' Club as active members.

A teen dance will be held Friday, Sept. 13, at 7:30 at Dewey Ave. Presbyterian Church, Dewey at Seneca Pkwy.

The New Look In Churches

This compact, modern church edifice is in the final stages of construction at the corner of Fulton Ave. and Locust St. It is the new \$150,000 home of Christ Presbyterian Church. Originally scheduled for completion this summer, it now has a target date of Nov. 1.

Dinner Dance For 24th GOP

The annual dinner dance of 24th Ward Republicans is still a month away but ticket sales are going well and indicate a record attendance, according to Michael Andolina, ward leader. It will be the 21st annual affair and will be held at the Mapledale Party House on

Wednesday, Oct. 9. Candidates for the fall elections will be guests of honor.

Ticket sales are in the hands of a committee headed by County Legislator Joseph Esposito and Charles Albert.

Singers Invited To Join Group

The Rochester Oratorio Society starts its 24th season with rehearsals on Mondays beginning this week at Columbia School, 22 South Goodman St.

Mendelssohn's "Elijah" will be presented at the Eastman Theatre on Nov. 10. Handel's "Messiah" is scheduled for Dec. 15 and the spring concert on Mar. 16 will feature Orff's "Carmina Burana" and Poulenc's "Mass in G".

The chorus is open to Rochester area residents and averages 300 voices. All interested singers are welcome at the rehearsals which start at 7:15 p.m.

With UNICEF's help, the death rate due to malaria among children has been lowered from 3.5 million in the fifties to less than one million per year.

The Gibson Ten Year Plan

Da.

A ten year guarantee.

Our competitors? They're still living in the old days of the five year plan.

The compressor that operates this new Frost Clear Gibson is guaranteed five full years longer than any other make. And our new 1017 side-by-side is making competition avocado green with envy. It holds over 16½ cubic feet of food. The full-length freezer side can handle 197.8 pounds of frozen food all by itself. Yet with its great capacity, it fits easily into only 32 inches of wall space.

Are we crazy to sell this refrigerator with the longest guarantee at the shortest price?

Nyet.

Absolutely nyet.

Gibson.

Gibson Ten Year Warranty

If a Refrigerator or Freezer part fails under normal use and service, because of a defect in material or workmanship, we will, during the first year, furnish replacement parts; during the second through fifth year, furnish a replacement compressor, cooling coil, filter assembly or liquid condenser and during the sixth through tenth year, if the unit is a Frost Clear or Market Master model, furnish a replacement compressor. The manufacturer will assume labor installation charges only during the second through fifth year and freight charges during first through fifth year. Parts must be returned through and service performed by an authorized Gibson Dealer, Service Company or Distributor.

Health Education

Many common home products, including insecticides, are responsible for accidental poisonings. Bright, attractive packaging and the fascination of the often-used spray container make such products a particular hazard for children.

Often regarded as safe, these poisons in your kitchen, bathroom, basement or garage should be used and stored with regard for their lethal characteristics.

"The Use and Control of Pesticides", a Health Department pamphlet, presents general information on pesticides and safeguards for using them. Two other leaflets, "What's Your Home Safety Score?" and "Prevent Child Poisonings", provide a guide for the elimination of health hazards in the home.

To obtain free copies, write or call: Monroe County Department of Health, Office of Health Education, 111 Westfall Rd., Rochester, N.Y., 14602. Phone: 442-4000, Ext. 2810.

Astronaut Thrills Overflow Crowd As New No. 7 School Is Dedicated

Despite the fact that it was a warm and sunny Sunday afternoon, the auditorium of the new Virgil I. Grissom School was filled to overflowing and another page was written in its long and illustrious history. This is the old Lakeview School No. 7, re-named for the famous astronaut.

There were many features on last Sunday's program, but easily the highlight was a short talk by the modest and unassuming astronaut, Commander Charles Conrad, Jr., who was there to represent the Grissom family. He is the back-up pilot for the next thrust into outer space -- at the moon -- and the crowd of nearly a thousand was thrilled to see and hear him.

City, county, state and national officials were there as guests and some of the area's most prominent men were on the program, but it was Conrad who stole the show.

The school was given a fitting

Tickets are being sold by a large committee headed by Mrs. Sally Sullivan and will also be available at the door. The party starts at 7:30.

The committee in charge includes Ann Maddaline, Bernadine Puskas, Flo Craig, Rita Durrant, Beatrice Page, Jean Young, Mabel Webster, Nancy Neilon, Ella Romano, Dorothy Terry, Mrs. Ray Walker, Mrs. Arthur Jones, Eva Miglore and Ruth Allen.

On the special committee are Mrs. George Esse, Mrs. Laura Ainsworth, Dorothy Nichols and Elizabeth Graham. Mary Allin is in charge of refreshments.

christening under the skillful emceeing of the principal, Ben Richardson, who introduced a long list of speakers and kept the program on schedule. He gave a bow to scores of people in the audience including students and teachers of No. 7, past and present, and others who were important to the school. Oldest alumnus present was Alonzo Horton, 95; and youngest Virginia Copeland, 5.

Second in interest only to Astronaut Conrad was the school glee club, fittingly attired in white surplines and singing several numbers, two with original lyrics; and the school color guard which opened the show.

HOME-SCHOOL ASSN. TO HEAR PRINCIPAL

The Sacred Heart Home School Association will be holding its first meeting of the fall season tomorrow (Thursday) in the Rectory Hall. The speaker will be the new principal, Sister St. Peter, who will introduce members of the faculty to the parents. Father John Hayes is moderator and Harold (Jeff) Wilkin is president of the association.

The meeting starts at 8 p.m.

Church Given \$7,000 Bequest

A bequest of \$7,000 to purchase bell chimes has been willed to Lutheran Church of the Redeemer by the late Roy C. Davis who lived at 473 Ridgeway Ave. and was a retired Eastman Kodak employee.

The will of Mr. Davis, admitted to probate last week, also provided that his estate, after numerous specific bequests, go to his sister-in-law, Lillian Lewis, 646 Flower City Pk. The money for the chimes is given in memory of Wilberforce and Charlotte Davis, parents of the deceased man.

UNITE Hears Talk By Reuben Davis

Appearing before the September meeting of the Charles House neighborhood association UNITE, Commissioner Reuben K. Davis, head of the city's Building Bureau, promised action to correct slum conditions and efforts to stop deterioration.

UNITE had sent Davis a resume of some of the problem houses that have existed in the area for a number of years and while he did not offer any ready made solutions, the commissioner impressed the group with "his sincerity, enthusiasm and honesty and left us with the feeling that all is not lost in our aging neighborhood", said Mrs. Phyllis Burruto, UNITE official.

Commenting further, Mrs. Burruto also said: "UNITE is strong in its intentions to represent the people, but the residents must be strong in their interest and participation".

Open House Set At New School

Virgil I. Grisson #7 will have open house on Oct. 2, at 7:30 p.m. for kindergarten through second grade and on Oct. 3, for third through sixth grade.

Principal Ben Richardson will introduce the faculty to the parents. Refreshments will follow.

The school will also have its Book Fair on Oct. 1, 2, 3, 4, open to the public on all four days during school hours and during both nights of open house.

MRS. KEYS CREDITED WITH NO. 7 NAME

The first public acknowledgment of the woman who came up with the name suggestion for Virgil I. Grisson School No. 7 was made at the school's dedication exercises on Sept. 15. It was revealed for the first time that Mrs. Mary Ellen Keys of Maplewood Ave., vice president of the PTA and wife of Charles Keys, had made the suggestion during the course of a meeting in which various names were advanced. The famed astronaut's name won quick approval when Mrs. Keys proposed it.

MRS. RUPERT GOLLOGLY (above) is chairman of the Ninth Ward Republican Women's card party which is scheduled for tomorrow (Thursday) night at the Barnard Exempts. She is being assisted by a large committee, previously announced with the exception of Grace Masseth and Lisette Koslowski, whose names were omitted due to a typographical error. A large attendance is indicated, but tickets at \$1.00 will be on sale at the door. The party starts at 7:30.

Both men and women of the Ninth GOP organization will be on hand to greet the guests as well as many of the candidates.

24TH DINNER DANCE

The 24th Ward Republican organization will hold its 21st annual dinner dance on Wednesday, Oct. 9, at the Mapledale party house. According to executive committee-man Michael Andolina, it will be the best ever. He expects a large turn out.

Councilman Robert Wood will be the main speaker and many prominent people have indicated they will attend including Sheriff Skinner, Gordon Howe II, Assemblyman Frank Carroll, Congressman Barber Conable, County Judge John Mastrella, City Judge Edward Provenzano and many others.

Tickets can be had by calling either Joe Esposito at 647-2033 or Charles Albert at 254-1981.

15th WARD DEMOCRATS

The 15th Ward Democratic Women's Club will meet on Wednesday, Oct. 9, at 8:15 p.m. at 493 Lyell Ave. All members are urged to attend.

Youth Masses Starting Soon

Sacred Heart Cathedral announces that beginning in late October there will be a youth Mass every Sunday at 5 p.m. especially designed by and for young people of the area. The Mass will be unique as it features not only folk music, but also "a base for new ideas and concepts in the celebration of the Eucharist".

It provides an opportunity for musicians, artists, readers, sewers, singers, servers and others to express their individual talents.

Interested young people are invited to attend the Sacred Heart Youth Mass Group organizational meeting Tuesday, Oct. 1, in the rectory hall at 7:30 p.m. Refreshments will be served. Those planning to attend are asked to call the rectory in advance at 254-3221.

No. 41 Parents To Meet Faculty

It will be "Meet The Faculty Night" next Tuesday, Oct. 1, at Kodak Park School No. 41, starting with a covered dish dinner at 6:45. All parents of children in the school are invited to get acquainted with the teachers and with the new principal, Robert Santangelo. A short business meeting is planned conducted by the president, Mrs. Donald Hoskins.

SOCIETY TO HONOR MONSIGNOR SCHMITT

Holy Family Rosary Society has planned a hot beef buffet dinner to honor Msgr. George Schmitt on the occasion of his birthday. The dinner is to be held on Wednesday, Oct. 9, at 6:30 p.m. in the Pine Room. The price of \$3.00 includes gratuities. Reservations are being taken by Mrs. Joseph Smarsh, chairman, at 436-0327 or Mrs. Robert Spahn at 235-3136. Deadline for reservations is Monday noon, Oct. 7.

The usual meeting, the Living Rosary and games will follow the dinner.

"Talking Back"

A unique chance "to talk back" followed the Sept. 15th appearance of the Negro Baptist minister, Rev. Martin Chandler, in the pulpit of Sacred Heart Cathedral. On the following evening, Sept. 16, Rev. Chandler, met with a group of about 50 in the rectory hall and "handled questions and challenges for close to three hours with disarming charm, tact and frankness" in the words of one of his listeners. Points he made included:

The white man needs to know more about the history and psychology of the black man.

Self-help agencies need Community Chest funds which are not forthcoming.

There must be sustained insistence on having people from the black community come to white areas to speak; and eventual balanced integration, whites and blacks living side by side.

Neighborhood associations should be organized to prevent "block-busting" and allay fears.

White people must examine their "real feelings" about blacks and why they have reservations about open housing or intermarriage.

"Y" Branch Gets New Assistant

Beryl Johnson, executive director, today announced the appointment of Michael P. Herrman as assistant physical director of Maplewood Branch YMCA. Herrman who is 22 is a June graduate of State University College at Brockport with a Bachelor of Science degree in Health and Physical Education. A native of Rome, N.Y., he attended Brockport State University for four years.

Herrman will be supervising and teaching boys' gym and swim classes, men's fitness classes, as well as supervising and leading Gra-Y clubs in the city. Gra-Y clubs are club groupings of boys

in grades 4 through 6 who meet after school in the schools. The club includes a variety of athletic activity but the primary goal is to develop leadership and skill in operating a group "in a democratic manner" where all members take part in determining group needs, group decisions, and group action. Club trips, money raisers, service projects and special outings are all a part of the club program.

TOPS CLUB OPENS

Primrose Tops Club is still open to membership for men, women and children who wish to re-

duce. They are advised to contact Mrs. Jill Tiff, the secretary at 458-3699 for details. Meetings are held every Tuesday evening at 8 p.m. at Edgerton Pk. ballroom.
