

COPY
ASSESSMENT ROLL
HENRIETTA
1901

TO THE TOWN ASSESSORS.

To the end that there may be uniformity in the town assessment rolls, when completed, the Board of Supervisors of Monroe County, in annual session convened, passed the following resolutions, instructing the town assessors to comply with certain forms as here set forth:

First.—Make all figures PLAIN and DISTINCT.

Second.—Do not make ditto marks in the columns for figures.

Third.—See that the figures are placed under each other, inside the blue lines and not zig-zag.

Fourth.—Do not omit any acreage however small, and be sure and report the railroad acreage.

Fifth.—In the column designated "value per acre," place the valuation as fixed by you; this is indispensable.

Sixth.—The assessors' affidavit should immediately follow that portion of the roll made by them, viz: After the recapitulation.

Seventh.—Reduce all fractions of an acre to 100ths; thus, 75 $\frac{1}{4}$ acres, report 75.75; 50 $\frac{3}{4}$ acres, 50.33; placing the 100ths in the column designated for the purpose.

Eighth.—The attention of the assessors is called to the necessity of placing in the roll a correct description of the property, particularly the number of lots or parts of lots.

Ninth.—Railroad, Telegraph and Telephone property should be placed under the column marked "assessed value of real estate," not under the column marked "value of personal estate," unless "special franchise" when it should go under that heading.

Tenth.—In entering Railroad, Telegraph and Telephone property in the assessment roll, place it on separate pages, alphabetizing Railroads under R in the index, and Telegraph and Telephone under T.

Eleventh.—In assessing lots, owned by one person, assess each separately. Do not assess several lots to one name, as in case any of the lots are sold, it makes it impossible for the county treasurer to give a receipt.

Twelfth.—In assessing railroads give miles and 100ths of miles of track in town, with value; also acres of land, with value of land and buildings; do not assess it all in one lump, as, N. Y. C. R. R. \$100,000, and do not put it on a page with any other property.

Thirteenth.—In making the appointment of school districts, of either Railroad, Telegraph or Telephone property, do so AFTER the recapitulation in the back of the book; do not place it on the same page the property is assessed on; it is not a portion of the book there, but can be placed in back of book without inconvenience.

Fourteenth.—Place incorporated village property on the rolls *separate from farm property and make a recapitulation of both*, viz: a recapitulation of the village property immediately after the pages that the property appears on; then commence with the farm property and make a recapitulation of that. On the next page make the grand total, showing the total valuation in the town, of both village and farm property. In several of the rolls last year the recapitulation was strung out for several pages. This is not necessary, and only tends to confuse.

Fifteenth.—According to the law THE ASSESSORS MUST FOOT THE ASSESSMENT ROLLS before delivering them to the Supervisors. The assessors of the towns will understand the GREAT IMPORTANCE of adding the columns correctly; an error in acreage, personal or real, however small, may work great injury to your particular town. In making the recapitulation in the back of the book carry over the footings of the page like this:

	No. of Acres.	Assessed Value of Real Estate. Dollars	Value of Personal Property.	Dog.	Sex.	Slut.
Page 1	145.75	24,583	2,000	4		1
" 2	372.50	52,591	12,000	15		1
" 3	376.18	37,747	27,450	20		2
Total	894.43	114,921	41,450	39		4

Sixteenth.—If the assessors fail to comply with the above instructions, the supervisor is hereby authorized to return the rolls to the assessors for correction.

Seventeenth.—The terms "personal estate" and "personal property," as used in this chapter, include chattels, money, things in action, debts due from solvent debtors, whether on account, contract, note, bond or mortgage; debts and obligations for the payment of money due and owing to persons residing within this state, however secured or wherever such securities shall be held; debts due by inhabitants of this state to persons not residing within the United States for the purpose of any real estate, public stocks, stocks in moneyed corporations, and such portion of the capital as shall not be invested in real estate. (Sec. 4, Chap. 908, Laws of 1896.)

Eighteenth.—Place all the village property in the book first, regardless of the alphabetical arrangement of names, and then make a recapitulation. Then enter the farm property and make a recapitulation of that. On the following page place the two recapitulations, adding them together, which will give the total valuation in the town. The Railroad Telegraph and Telephone companies' valuations should be divided between the village and town. In case property has been omitted the previous year, and is placed in the assessment roll to be reassessed, place it on a separate page after the recapitulation, and write at the head of the page "To be reassessed." Do not add the amount to be reassessed in the total.

Nineteenth.—The practice of alphabetizing names in the assessment roll is unnecessary, as the index in the front portion of the book is there for that purpose. Place the names in the assessment roll exactly the way you find the property when you assess along a road or street. If you find Brown, Smith, Jones, Robinson, etc., living on one road, place their names in the roll in that order, and it would facilitate the making of tax searches, if the assessors would head the page by stating the name of the tract, road, or street on which the property is found. In all cases, except Railroads, Telegraph and Telephones, fill out the page.

Twentieth.—The attention of assessors is called to the common practice of making the valuation in odd amounts. As, for instance, John Doe has 57 acres of land at \$87 per acre, which would make the assessment \$4,959. As these uneven amounts are hard to handle for the town officers, school trustees, and all persons having taxes to extend on the property, it is suggested the assessors in the towns follow the practice of the assessors of the towns of Brighton, Chili, Clarkson, Gates, Greece, Irondequoit, Henrietta, Mendon, Penfield, Perinton, Pittsford, Riga, Rush, Sweden, Webster and Wheatland, and where a multiplication brings amounts of this character, either reduce or add to them to bring 50 or 100. In the above amount of \$4,959, it would be called \$4,950; if the amount was \$4,996, it would be called \$5,000. In other words, if the result is 49 or less, call it even hundred; if 76, and less than 99, call it a hundred in the next hundred, etc.

Twenty-first.—EXEMPT PROPERTY. All exempt property, as schools, churches, county, city, state, etc., and property purchased with pension money, must be placed on the assessment rolls, and word "free" written in the column headed "assessed value of real estate." In case property of pensioners and ministers is worth more than the exemption, the total assessed value should be placed on the roll, with the exemption deducted, as: \$1,800

\$1,500

James E. Jones, minister, \$ 300

and the difference placed under the column headed "assessed value of real estate." Do not place any explanatory remarks or make any deductions on the right hand page of the book, as the columns there are for other purposes. The left hand page should contain all explanations. By order of the

BOARD OF SUPERVISORS OF MONROE COUNTY,

CHAS. U. BASTABLE, Clerk.

NOTE.—This roll must be completed on or before August 1st, and must be filed in office of Town Clerk on or before September 1st. On September 15th this roll must be delivered to the Supervisor.
