

C O P Y
ASSESSMENT ROLL
HENRIETTA
1906

TO THE TOWN ASSESSORS.

To the end that there may be uniformity in the town assessment rolls, when completed, the Board of Supervisors of Monroe County, in annual session convened, passed the following resolutions, instructing the town assessors to comply with certain forms as here set forth:

Plain Figures—Make all figures PLAIN and DISTINCT.

Ditto Marks—Do not make ditto marks in the columns for figures.

Figures—See that the figures are placed under each other, inside the blue lines and not zig-zag.

Acres—Do not omit any acres however small, and be sure and report the railroad acreage.

Valuation per Acre—In the column designated "value per acre," place the valuation as fixed by you; this is indispensable.

Affidavit—The assessors affidavit should immediately follow that portion of the roll made by them, viz: After the recapitulation.

Fractions—Reduce all fractions of an acre to 100ths, thus 75 $\frac{3}{4}$ acres, report 75.75, 50 $\frac{1}{2}$ acres, 50.33; placing the 100ths in the column designated for the purpose.

Description—The attention of the assessors is called to the necessity of placing in the roll a correct description of the property, particularly the number of lots or parts of lots.

Railroad Property—In entering Railroad, Telegraph and Telephone property in the assessment roll, place each corporation on separate pages, alphabetizing Railroads under R in the index, and Telegraph and Telephone under T in the index.

Assessing Lots—In assessing lots, owned by one person, assess each separately. Do not assess several lots to one name, as in case any of the lots are sold, it makes it impossible for the county treasurer to give a receipt.

Completion of Roll—The assessors shall complete the assessment roll on or before the first day of August, and notices must be posted in three or more public places; on the third Tuesday of August they must meet to review their assessments.

Proper Heading—Railroad and Telegraph property should be placed under the column marked "assessed value of real estate," not under the column marked "value of personal estate," unless "special franchise," when it should go under that heading.

Assessing Railroad Property—In assessing railroads give miles and 100ths of miles of track in town, with value; also, acres of land, with value of land and buildings; do not assess it all in one lump as N. Y. C. R. R. \$100,000, and do not put it on a page with any other property.

Map of Non-Resident Property—If the assessors shall deem it necessary to have an actual survey made, to ascertain the quantity of any lot or tract of non-resident real property, they shall notify the supervisor, who shall cause the necessary surveys to be made at the expense of the town.

Column for Fire Tax—In the assessment rolls a column has been placed for "fire tax." This column will contain the tax on fire districts; assessors can note immediately after property that is liable for fire tax in red ink, the initials "F. T.," which will indicate that the property is liable to fire tax.

Making Two Copies of Assessment Rolls—When the assessment roll is completed and verified the assessors shall make two copies thereof, one of which shall be retained by them for the use of themselves and their successors in office, and the other of which, duly certified by the assessors to be a copy, shall be filed in the office of the town clerk, on or before the 15th day of Sept.

Filing of Roll—On or before the 15th day of September a copy shall be filed in the office of the town clerk, which shall become a public record. The assessors shall cause to be posted notices in at least three public places and to be published in one or more newspapers, if any, published in the town, that such assessment roll has been finally completed and that such certified copy has been so filed. The said original assessment roll shall be delivered to the Supervisor on or before October 1st.

Village Property—Place incorporated village property on the rolls *separate from farm property and make a recapitulation of both*, viz: a recapitulation of the village property immediately after the pages that the property appears on; then commence with the farm property and make a recapitulation of that. On the next page make the grand total, showing the total valuation in the town, of both village and farm property. In several of the rolls last year the recapitulation was strung out for several pages. This is not necessary, and only tends to confuse.

Apportionment of R. R. in School Districts—The practice of the assessors making the apportionment for school districts in the assessment roll is wrong; under the law the assessors shall make such apportionment, to be signed by a majority within fifteen days after the final completion of the roll, and said apportionment must be filed with the town clerk within five days thereafter. The town clerk shall furnish the trustees a certified copy of such apportionments. A decision on this point held the method of making the apportionment in the assessment rolls to be illegal. *People v. Adams*, 125 N. Y., 471; *S. C.*, 3, 6 N. Y., 1881.

Personal—The terms "personal estate" and "personal property," as used in this chapter, includes chattels, money, things in action, debts due from solvent debtors, whether on account, contract, note, bond or mortgage; debts and obligations for the payment of money due or owing to persons residing within this state, however secured or wherever such securities shall be held; debts due by inhabitants of this state to persons not residing within the United States for the purpose of any real estate, public stocks, stocks in moneyed corporations, and such portion of the capital, as shall not be invested in real estate. (Sec. 4, Chap. 808, Laws of 1895.)

Order of Assessing—The practice of alphabetizing the names in the assessment roll is unnecessary, as the index in the front portion of the book is there for that purpose. Place the names in the assessment roll exactly the way you find the property when you assess along a road or street. If you find Brown, Smith, Jones, Robinson, etc., living on one road, place their names in the roll in that order, and it would facilitate the making of tax searches, if the assessors would head the page by stating the name of the tract, road or street on which the property is found. In all cases except Railroads, Telegraph and Telephones, fill out the page.

Recapitulation—Place all the village property in the book first, regardless of the alphabetical arrangement of names, and then make a recapitulation. Then enter the farm property and make a recapitulation of that. On the following page place the two recapitulations, adding them together which will give the total valuation of the town.

The Railroads, Telegraph and Telephone companies' valuations should be divided between the village and town. In case property has been omitted the previous year, and is placed in the assessment roll to be re-assessed, place it on a separate page after the recapitulation, and write at the head of the page "To be re-assessed." Do not add the amount to be re-assessed in the total.

Footings Assessment Rolls—According to the law the ASSESSORS MUST FOOT THE ASSESSMENT ROLLS before delivering them to the Supervisors. The assessors of the towns will understand the GREAT IMPORTANCE of adding the columns correctly; an error in acreage, personal or real, however small, may work great injury to your particular town. In making the recapitulation in the back of the book carry over the footings of the page like this:

	No. of Acres,	Assessed Value of Real Estate, Dollars,	Value of Personal Property,	Dog.	Sex.	Stat.
Page 1	145.75	\$ 24,785	\$ 2,000	4		
" 2	377.50	52,591	12,000	15		1
" 3	370.18	37,747	27,450	2		2
Total	893.43	\$ 115,123	\$ 41,450	39		4

Uneven Amounts—The attention of the assessors is called to the common practice of making the valuation in odd amounts. As, for instance, John Doe has 57 acres of land at \$87 per acre, which would make the assessment \$4,959. As these uneven amounts are hard to handle for the town officers, school trustees, and all persons having taxes to extend on the property, it is suggested the assessors in the towns follow the practice of the large majority of the assessors, and where a multiplication brings amounts of this character, either reduce or add to them to bring 50 or 100. In the above amount of \$4,959, it would be called \$4,950; if the amount was \$4,996, it would be called \$5,000. In other words, if the result is 49 or less, call it even hundred; if more than 49 and less than 76, it should be called 50; if 76 and less than 99, call it a hundred in the next hundred, etc.

Exempt Property—All exempt property as schools, churches, city, state and property purchased with pension money, must be placed in the assessment roll in the same manner as other property, and in the same order that it is found along a street or road; if the property is entirely exempt, the word "free" should be written in the column under "assessed value of real estate;" if the property is exempt on account of pension, or any portion of it, the total amount of valuation should be placed on the left hand page and amount of exemption deducted and the balance, if any, placed under proper heading. Property purchased with pension money is liable for local school taxes and maintenance of streets and highways. Make the entry as follows, on the left hand page:

Valuation \$5,000

Exempt 3,000

Assessed Value of Real Estate

\$2,000.

If the assessors fail to comply with the above instructions, the supervisor is hereby authorized to return the rolls to the assessors for correction.

FORM 76 B

TO THE TAX COLLECTOR!

By and under a resolution passed by the Board of Supervisors of Monroe County, December 4, 1894, you ARE INSTRUCTED to stamp the word "Paid," with the day, month and year, after the name of each person who may pay you the amounts set opposite their respective names.

A suitable stamp with interchangeable dates, can be procured at very reasonable cost.

~~CHARLES U. BASTABLE~~, Clerk. *Willis K. Gillette*

FORM 76 C.

NOTICE TO COLLECTORS.

All delinquent Highway, Scraper and unpaid School Taxes are added in with the amount levied on the Real or Personal Property. The ~~Dog~~ *Poll* Tax is the only Tax to be collected separately.
