## *Memoirs of the Class of January '25*

### *February—1921*

Entered W. H. S. and became known as the Freshman Class of January '25.

### *March—1921*

Class holds a Freshman Reception. It united the teachers, students and parents into a closer relationship.

### *April—1921*

The girls give a party in their gymnasium. The result is a "howling" success.

### *March—1922*

Jan. '25 gives a party. Attendance is "perfect."

### *October—1922*

The class gives a Hoodoo Party. It abounds in merriment and refreshments.

### *January—1923*

The Boys win the inter-class soccer championship.

### *February—1923*

The election of Junior officers takes place. Girls obtain supremacy by a landslide, taking every office.

### *January—1924*

The graduating officers are elected.

### *April—1924*

The Junior dance is given. A farce financially but an advancement socially.

### *May—1924*

We present our first play as Juniors. The result is a large financial profit. The class selects its pin.

### *September—1924*

The Senior Annual Board is elected.

### *November—1924*

The Senior Play is presented before a "full house." A success derived from the untiring efforts of Mrs. Ellis.

### *December—1924*

The Senior Dance—a dance long to be remembered in W. H. S.

### *January—1925*

The presentation of the "Annual"—a book abounding in information and literature.

### *February—1925*

The class of January '25 passes on to attain greater heights, to give itself to the World and to make it a better, cleaner and more civilized place to live in; having given its standard, so proudly born, to its successors.

JANUS

1925

The star of high school slips behind  
A mist of yesterdays;  
Our class divides in many groups  
To go their separate ways.  
The curtain falls—and memory's gold  
Is all that we may claim.  
But tho we leave you, dear West High,  
We'll ever praise thy name.  
When thru your doors we shyly stepped  
We knew not what would be  
Across the threshold of the years,  
Within your walls, West High,  
And now as Seniors grave, we stand  
To bid our last adieus,  
We ask that you will not forget  
The Class that you must lose.  
We did our best in every field,  
Supported every game,  
And when our bodies were not there,  
Our hearts were, just the same.  
But, when our Class must hasten on  
To where the great world calls,  
We ever will recall the days  
That passed within your halls.  
And tho new faces flood the school  
We know that you will thrive,  
Altho you've lost our boosting class  
of Janus '25.

## CLASS WILL

*WE*, the class of January, one thousand nine hundred and twenty-five, being unbalanced in mind and infirm of purpose, do hereby bequeath, devise, give, and hand down to our subordinates and otherwise, the following:

*First*—To Miss Crippin, in order that she may continue in good health and sound body, we leave on request, one warning klaxon, to be sounded as she peditates among this motley crowd.

*Second*—To Bobby Schroedel we leave Bill Smith's much desired (?) gift of assembly eloquence.

*Third*—To the innocent underclasswomen we unselfishly bequeath Dorothy Stowell's formula for acquiring charm and beauty.

*Fourth*—To Teddy Collins we give a boost, to aid him in rising quickly to a recognized place among the five hundred.

*Fifth*—We as a class, being unusually bright and likewise modest and unassuming, do hereby leave to the class-weary pupils our unused (?) excuses, with instruction as to how they may be most effectively worked.

*Sixth*—To those amorous couples who haunt the library, we bequeath the gum parked under the tables therein by their predecessors.

*Seventh*—To the freshman, we leave the mystery of the location of our elevator, with hopes that they may find it more easily than the new pupils before them did.

*Eighth*—To the seniors following, we give permission to vacate the first two rows in the assembly on those mornings when the odor of onions or cabbage, issuing from the dining room in the basement, shall be too strong for human endurance.

*Ninth*—To the class of June 1925, we leave our trials and tribulations as seniors.

*Tenth*—To Miss Manchester and Mr. Coon, we bequeath one semaphore each, as an aid in the direction of traffic entering their offices after 8:30 A. M.

*Eleventh*—To the classes following, we willingly leave the senior annual room and a can of paint, the latter to be used in decorating the walls and furniture of the former.

*Twelfth and Last*—To our class advisers, we relinquish a fond (?) memory of their gentle charges who have passed beyond.

Having bequeathed, or in some other way left behind, all that is ours and more too, we hereby and now, in the presence of the dumbest High Monkey-Monk we could find, do plaster and smear this document with mucilage and the enviable seal of the class of January, 1925.

Mr. Gorsuch has employed lawyer George Buchan to plead his case. It is interesting to note that Mr. Buchan has recently become the husband of Mrs. Mary Chamberlin Gorsuch, another of the popular man's divorcees. Great interest is felt in the outcome of Mr. Gorsuch's latest matrimonial tangle.

## Miss Rankin Chosen to Represent Flower City in Atlantic City

Chosen from a veritable sea of beauties, Miss Thelma Rankin reigns supreme over Rochester's fair sex. ## Bobbed Haired Bandit Captured at Last

The famous bobbed haired bandit has been captured after a long chase on the part of the police force of the city. Chief of Police, Marie Daley announced that Jean Rowley has admitted to many thefts in this city. Edward Roeper is Miss Rowley's accomplice. The two have baffled authorities for some time. Miss Deane Wood, of the Wood-Streever Detective Agency, was successful in catching the two. ### Scientific Fact Revealed

Walter Paris has astounded the World by discovering the why and wherefore of gold fish bowls. The question has bewildered scientists for many years. Mr. Paris has made possible a great step in the advancement of civilization.

### Big Fire in Fernald Factory

Fernald's factory, manufacturing a novel combination tooth brush and shoe polisher, was completely consumed by the fiendish flames of a fire unparalleled in the history of Rochester. Due to the presence of mind of Miss Avis Brooks no one was killed. Miss Brooks, by her calm assurance prevented a panic and quickly led a line of workers from the flaming building. The injured are: Miss Gainer Jones, Arthur Howell, superintendent of the bristle department; Alired McGuire, coal heaver; Miss Hazel Neauber, day nursery attendant; Miss Arline Fritz, lunchroom director. Firewoman Beatrice Corlett is to be rewarded for her valiant fight against smoke and flame.

### Prominent Rochesterians Injured in Aerial Smash-up

Mr. George Howard was seriously injured yesterday when his plane collided with that of Dick Evans, speedy ace of the heavens. Mr. Howard was driving at his usual break-neck pace and failed to apply the brakes when he slid down a huge cloud embankment into the plane of Evans who was striving to smash his own record of speed.

Dr. Luke Powell was called. He pronounced Mr. Howard's injury to be a concussion of the brain, an interesting and shocking announcement to his many friends and relatives. Evans escaped unharmed.

We advise these speedy men not to fly so high.

### Address to Clubs

Mr. Sydney Freeman addressed a combined meeting of the Lion Tamers and Roquefort Clubs last night. This is the first time these two clubs have met together; the meeting was successful, altho the Lion Tamers were rather overcome by the strength of the Roquefort Club. Mr. Freeman's topic was "How Can We Attract the Attention of the Ladies?" Short speeches were also given by Mr. Clinton Peeke, the High Cub of the Lion Tamers Club, and by Mr. Louis Schnarr, the Lasting Aroma of the Roquefort Club.

### \$10,000 Pearl Discovered in Oyster

### Frank Schrader Millionaire's Son, Prefers Labor to Luxury

Frank Schrader rejected a life of ease and pleasure to become a menial laborer—in truth, a bootblack. Frank is a well-known figure on the corner of Main and Water Streets where he makes his headquarters. He numbers among his patrons such prominent Rochesterians as John Carmichael, President of Guzzlem Bank and Fire Chief Dale.

### Complaint Against Chickens

Dear Editor—

Why must we endure the chickens of others? I live in a busy section of the city where the yards are small, and the houses close together. A neighbor keeps chickens who feel it their duty to eat my seeds in the spring and my berries in the summer. Can't something be done with either the chickens or the neighbors?

Hopefully yours,  
Dorothy Stowell.

### Famous Orchestra Coming

Paul Katsampe's famous orchestra will be heard at Convention Hall on November 19. Not long ago Paul Whiteman, who for years was considered the king of jazz, admitted that he would have to hand his title over to Mr. Katsampes. Michael Spang, as banjoist, is a special feature of the program.

New York gasped when the curtain rose on "The Passing Show of 1936" and it's still holding its breath. The revue will come to the Lyceum for one week, from Nov. 6-13. We guarantee a thrill that will last a life time or your money back.

WEST HIGH SOCCER TEAM

ROBERT SCHROEDEL

## Soccer

Our soccer team has just completed a very favorable season, finishing in third place in the Rochester and Vicinity Soccer League. The team started off poorly, but as the season progressed it began to show championship form by winning four of the last six games, and tying the other two games. One of the tie games was with East High, when our team fought the league-leaders to a standstill.

WEST HIGH BASKETBALL TEAM

RICHARD JACKSON

*Basketball*

West High is assured of a winning Basketball Team this year with six veterans from last year's team in school and plenty of new material. The most important game of a hard schedule, arranged by Manager Jackson, is the East High game on March 6. The team is entered in the City Scholastic League and the winner of this league is to be entered in the New York State Championship Tournament.

## WEST HIGH SPORTS

---

*The* West High wrestling team this year will be composed mostly of veterans from last year's team which was runner-up for the city championship. The veterans who Coach Hulek will have as a nucleus are: Barons, Krank, Sandholzer, Gentile, Katsampes, Stevens and Knight. The schedule calls for many hard meets including the Cornell Freshmen, East High and Technical High wrestling teams. Coach Hulek has issued a call for material to fill the few remaining places on the team, and judging from these turn-outs it seems as if there will be some stiff competition.

West High will undoubtedly have a fine swimming team this year, as many veterans are back in school. Much green material has been developed because of the fact that the new Arnett Y. swimming pool has been put at the disposal of Coach Benson. The practices are being held three times a week in preparation for the attractive schedule which Manager Austin Miller has prepared.

The West High hockey team will again attempt to annex the city championship, which it virtually won last year by sweeping away all opposition. Manager Rowe has arranged for strong opposition in games with East High, Technical High, Kodak High and Charlotte High. The team will be composed of two veterans, Rowe and Little, and the pick of some promising material which was brought out in the recent practices.

The girls' basketball team will have its best chance this year to even its account with East High. The big practice turn-outs at least assure some lively games. Miss Fisher has an extraordinary good team in composition. Sarah Woodworth, Jean Hayward, Adele Loysen, Elizabeth Stevens, Alice Klinke, Catheryn Scanlon and Mary Bettys are the girls upon whom West High will depend to uphold its honor in basketball.

RESERVE BASKETBALL TEAM

### *Reserve Basketball Team*

An unusual Reserve Basketball Team represents West High this season. The Occidental Seconds annexed the reserve title from East High last year and hope to repeat that feat this season. A hard schedule has been arranged; many of these games will be played in the city as preliminaries to the first team games.

## Cross Country Team

Our Cross Country Team this year was one of the best in the history of West High. The splendid physical condition of the members of the team proved to be the deciding factor in the winning of the City Championship over East High and Technical High. To add to this glory, the team also procured one leg on the championship cup.

# The SIXTH SENSE of INDUSTRY

## Tycos Temperature Control

### If Seeing was Believing

**I**f seeing was believing in making cutlery the temper of the steel blades would be the same gamble it was before quantity production demanded uniformity of quality.

In the old days the quality of steel blades depended on the eyesight of the man who was tempering the blade. He watched the successive color changes as he held the heated metal in oil. It was his job to "hold" the temper by plunging the blade in water when it reached the color he believed would give the color he wanted.

But after all, the workman was human—and being human his judgment was not always right—and when he misjudged the moment for cooling the steel blade, the blade never gave satisfactory service.

It may have "looked" like a good blade; it may have "felt" like a good blade—but when used it wasn't up to standard.

Modern manufacturing—and selling requires exact uniformity of products. The uncertainty in manufacturing that always exists when the human senses are gambled on can be eliminated by substituting Tycos—the sixth sense of industry.

In making cutlery, bread, phonograph records or anything else requiring exact temperature, Tycos Instruments will give accurate results. Nothing is left to the sense of sight—guesswork is eliminated when Tycos Temperature Indicating, Recording and Controlling Instruments are used.

This sixth sense of industry—Tycos Temperature Control, ensures the uniformity of quality that is absolutely essential to manufacturing on a quantity basis.

 Mr. Edwards standing still on both feet for any length of time?  
 Miss Zwierlein ever speaking a word of English in her classes?  
 Mr. Coon ever off his dignity?  
 Miss Manchester every "balling anyone out" for more than five minutes at a time?

Miss Palmer—Is there question or comment?  
 Miss Trip—Isn't that rich?  
 Miss Zwierlein—Repetition is the mother of wisdom.  
 Miss Weaver—If you want to remain in here—  
 Mr. Rourke—Not wishing to criticize that recitation at all, but will Miss ——— translate this passage.  
 Miss Allis—It simply isn't done.  
 Miss Carey—Now, if any girl can't settle down—  
 Miss Robinson—You know what happens when two people don't get along—  
 Mr. Holmes—I don't mind if you use a trot (general conversation for first half of period begins), etc.—  
 Miss Sullivan—Number, please.  
 Mr. Spouse—What key has no flats or sharps?

#### How Well He Knows It

Doctor (examining life insurance prospect)  
 —Do you talk in your sleep?  
 Prospect—No, I talk in other people's sleep.  
 Doctor—How come?  
 Prospect—Oh, I'm a college professor!  
 —*Columns.*

Judge—Twenty days for vagrancy; lock him up, Dan.  
 Prisoner—But, your Honor, I am not as corrupt as Swift, as dissipated as Poe, as depraved as Byron, or as pervert as—  
 Judge—That will do. Get the names of those other fellows, Dan, and bring them in. They're a bad lot.  
 —*Jack o' Lantern.*

Samson—How about lending me another dollar, old man?  
 Agonistes—Sorry, but I'm economizing.  
 Samson—Oh, that's all right. I won't spend it foolishly.  
 —*Tiger.*

#### Ode To Herculio

At early morn, when dawn was paling,  
 She sought the pool, and o'er the limpid crystal  
 Combed her soft tresses, watching her fair image—  
 And so got dandruff in the water supply.

#### Plain Teedle

There was a young man named Teedle,  
 Who wouldn't accept his degree;  
 He said, "It's enough to be Teedle  
 Without being Teedle, D.D."  
 —*Dirge.*

Econ. Prof.—That's wrong. You have put the liabilities under assets.  
 Student—Yes, sir; I'm left-handed.  
 —*Vale Record.*

"I suppose she gave up her music when her husband died."  
 "No, she still plays, but only on the black keys."  
 —*Record.*

Mrs. Jay (over the 'phone)—Where's your boy?  
 Other End—He's out playing in the street.  
 Mrs. Jay—Why don't you make him tend to business?  
 Other End—Why, he always plays after his piano lesson.  
 Mrs. Jay—Isn't this the grocery store?  
 Other End—No, this is Mrs. Jordan.  
 —*Widow.*

#### Out For Bigger Game

An immigrant from Ireland was just stepping off the boat to the dock when he saw a fifty cent piece lying at his feet, and started to stoop and pick it up. Suddenly he straightened again.

"No, be the saints!" he said. "This is the land of opportunity; I'll wait 'til I find them thicker."

Every seat in the grandstand and bleachers was filled. No seats were obtainable after 9:30 o'clock in the morning, hundreds of people were turned down for seats.

#### Quite So

Miss Palmer—Children, can any of you tell me what is the most dangerous part of an automobile?

Bill S.—Yes, miss, I can! It's the driver.

### How To Tie a Bow Tie On a Tuxedo Collar

Hold the tie in your left hand and the collar in your right. Slip your neck in the collar and run the left-hand end of the tie over the right with the left hand, steadying the right end with the other hand. Then drop both ends, catching the left end with the right hand and the right end with the left hand. Reverse hands and pick up the loose end with the nearest hand. Pull this end through the loop with the unengaged hand and squeeze. This ties the bow. As a finishing touch, disentangle the hands.

Kenneth—John is an atheist.

### Soothing The Way

A Houston road-sign painter suggested the following signs for railroad crossings.

"Come ahead, you're unimportant."

"Try our engines, they satisfy."

"Don't stop, nobody will miss you."

"Take a chance. You can get hit by a train only once."

Roy—You should see the new altar in our church.

Avis—Lead me to it.

### Credit Account

Prison Governor (to released convict)—I'm sorry to find we have kept you here a week too long.

Convict—That's all right. Knock it off next time.

### Grabbing a Bargain

An ancient car chugged painfully up to the gates of the races. The gatekeeper, demanding the usual fee for automobiles, called "A dollar for the car!"

The owner looked up with a pathetic smile of relief. "Sold," he said.

## *An Ode to Jan. '25*

Fare thee well, oh husky sinners!  
 Ye who in this hall did stride,  
 Carving well known names in desk tops,  
 Strutting with unpardonable pride.  
 Ye! Who thought yourself so witty,  
 Clever, Yea! Not as a boor—  
 Now that father time o'ertakes you  
 Get ye started for the door.  
 Once gay window trimmers were ye,  
 Those were freshman days of yore,  
 Parked on casements by the dozens—  
 Dozens! Yea! and even more.  
 Then as sophomores who could squelch you?  
 Brave and daring—needless told,  
 Having parties, socials, dances  
 Seems that you were overbold!  
 As the Juniors—Heaven helped you,  
 Mothers proud would pass away,  
 If they saw their sons and daughters.  
 'Twas a sad sight, so they say.  
 Then as Seniors, 'twas a horror!  
 Teachers with the strongest heart,  
 When they saw the stampede coming  
 Fain, oh fain, would hastily part.  
 But 'twas only for the four years  
 That the halls were filled with dread.  
 Now they leave us—sad the parting,  
 Peace be on their noble heads.

—Mae Collins.
