PUBLIC SCHOOLS—BOARD OF EDUCATION.

In May, 1841, the legislature passed an act, establishing a free school system in Rochester. Under the operation of this plan, every child in the city may re-

ceive an education, free of all expense, directly—the system being supported by general tax. It is under the government of a Board of Education, consisting of ten Commissioners—two from each Ward—elected annually by the people, and a Superintendent appointed by the Board. The whole number of scholars actually attending these Public Schools, is 4,246; employing the services of forty-five teachers. The city is divided into fifteen districts, in eleven of which, are newly erected school-houses, which will bear comparison with most of the academies in the State. There is also a school for colored children, which embraces the whole city. The aggregate cost of the houses already completed, is upwards of \$35,700. Each of the districts is supplied with a library, and a portion of them with a good Common School apparatus. The branches taught are the same as those taught in our best English Schools; and all who *will*, can here receive a thorough, practical education, “without money or without price.” The aggregate number of volumes in the district libraries, is 5000. The Board for the present year, consists of the following gentlemen:

1st Ward—	William Brewster,	Samuel B. Dewey,
2d “	R. M. Dalzell,	Seth C. Jones,
3d “	N. T. Rochester,	Samuel B. Chase,

ORPHAN ASYLUMS.

THE ROCHESTER ORPHAN ASYLUM

Is situated between Greig and Exchange streets, in the South part of the city, on a beautiful tract of ground, which was the munificent donation of Mr. Greig of Canandaigua. The building has been recently completed, and is a substantial and commodious edifice, fifty feet square, and two stories high, with an attic and basement. It is alike an ornament to the city, and a memorial of the liberality of its inhabitants. The Institution was established in 1836, and incorporated in 1838. Fifty-six children now occupy the Orphan's Home. They are under the maternal care of Mrs. TOBEY, who has most creditably filled this station for six years. The school is taught by Miss Mary Hosmer, and the Sabbath-school, by Mr. E. Peck.

The charter requires that the estate and financial concerns of the Institution, shall be managed by seven Trustees, to be elected at the annual meeting of the Association. The general supervision of the children, and interests of the asylum, are committed to the Ladies, who constitute a Board of Managers. MARCH, 1844.

 ROMAN CATHOLIC ORPHAN ASYLUM.

This beautiful edifice is situated on the corner of Frank-street and Vought-alley. It was opened for the reception of orphan children, on the 5th of July, 1843. The ground on which it stands was purchased by the congregation of St. Patrick's Church, and the

building was erected principally by them, aided by the liberality of several benevolent citizens. It is provided with beds for twenty-four orphans, of whom the Institution now contains twenty. It is managed at present by Miss KELLY, but will soon be placed under the care of the Sisters of Charity—so eminently qualified for the supervision of such institutions.

This home of the parentless is supported by the contributions of the benevolent, together with the avails of an Orphan's Fair, to be held annually on the 17th of March.

## POST OFFICE

Is situated in the Arcade Hall, No. 28 Buffalo-street. It was first established in 1812. The receipts for postage during the first quarter, were only \$3 42!— For the last two years, the quarterly receipts have averaged over \$5,000 each quarter. During the last year, the income at this office has decreased to a very great extent, as will be seen by a statement below.— The cause of this can, in part, undoubtedly be traced to the facilities given to business communities for the more speedy transmission of mail matter by private expresses. The receipts for the years 1842 and 1843, were as follows :
