~~~~~  
THIS instrument is admirably adapted to both Church and Parlor Music. It combines the essential qualities both of the Organ and Piano Forte, with the advantages of cheapness and durability. The principle consists in substituting reeds for the pipes of the Organ & the strings of the Piano Forte, & is much less liable than either of the latter instruments to get out of tune.

Country Churches whose means are inadequate to the purchase of an Organ, will find the Seraphine a complete substitute.

The construction is so simple, that they can be packed and sent to any part of the country with perfect safety. PRICE, from \$100 to \$200.

**CERTIFICATES.**—Messrs. FRENCH & WHIPPLE: I have been using one of your Buckeye Cooking Stoves several months, and can say that I give it the decided preference to any other stove I have ever used, both for convenience and economy; its operation as a Cooking Stove, is decidedly right. I think it has a draft much better than the Hathaway Hot Air Stove. MITCHEL LODER.

Messrs. French and Whipple, Gents.—I have been using one of your Buckeye Cooking Stoves, two years or more; I consider it an improvement on any stove with which I am acquainted. If there is a better Cooking Stove, or even as good, it is one that has not come under my observation; I cheerfully recommend it to the public. EDWIN SCRANTOM.

Messrs. French & Whipple:—I have been using the Buckeye Cooking Stove for the last four years, and feel my duty to say to the public, that in my opinion, it is as near right for a farmers's stove as can be made—in fact, the rotary top and hot air oven, combined, makes a stove that can't be beat. I recommend it to every farmer in the land. WILLIAM C. ROSS.
