## PREFACE.

~~~~~

THE subscribers have the pleasure to introduce to the favorable notice of their fellow-citizens, the "ROCHESTER CITY DIRECTORY FOR 1845-6."

The practice of renting tenements, from the first of *April* or *May* of each year, renders it necessary, to insure a greater degree of accuracy, that the city should be canvassed about the middle or close of the latter month, and *not* on the *first of the year*, as has heretofore been practiced.

The work is submitted to the public with much confidence, and in the assurance that it will be found emphatically a *City Directory*, and a valuable reference book to all who may find it necessary to refer thereto. Great care has been observed, in the compilation of this work, in all cases where practicable, to make the *additional* reference, whether a journeyman or employer, by specifying the number, or otherwise describing the *place of business*, viz: 'Ja's W. Green, Furnaceman, R. G. Benedict's, b. 12 Mill'—thus providing against a removal from a tenement or boarding house—a plan not heretofore adopted. Much care has been taken, to distinguish between the dealer or manufacturer, and the journeyman, by adding these, or equivalent terms, to the former, and simply the term *maker*, to the latter. It will be observed, also, in this work, that not only *all* the associations, &c., are inserted, but likewise the *date* of the organization of each.

The acquisition of a neatly executed Map, exhibiting, at a glance, a correct outline of the city, its newly created wards, streets, &c., together with the enumeration of its chief new and other public edifices, is deemed by the publishers no trifling recommendation of the work.

The subscribers would not fail here to tender their acknowledgments to such of the Proprietors of Hotels, Boarding Houses, and others, as promptly afforded the desired information concerning their boarders and persons in their employ; and also to those gentlemen and ladies who have so kindly furnished such statistics as pertained to the various associations which it was proper to insert in the Directory. At the same time, perhaps, it is due to themselves to state, that there were instances where individuals attempted to *mislead*, relative to persons in their employ; and others, whose ideas of the rules of propriety and civility, induced them to *withhold* the required information concerning those whose temporary absence prevented a personal application.

The expense attending the publication of a work of this kind, is quite considerable; and in addition to the amount of patronage in the way of *advertisements*, the subscribers rely upon the magnanimity and generosity of the good citizens of Rochester, for that support to which the publication of a *correct* and *neatly printed* City Directory should entitle them.

## Benevolent Institutions of Rochester.

---

### FEMALE CHARITABLE SOCIETY.

---

[The following brief sketch of the rise and progress of this truly benevolent institution, was prepared by Mrs. JAMES K. LIVINGSTON, but was not designed for publication. On application, however, as this work was about to be put to press, it was kindly furnished for insertion.]

ROCHESTER, November 4, 1844.

The compiler of the following facts is indebted chiefly to the *memories* of the early founders of the Charitable Society—still these are mere fragments. The most important items they do not furnish; and by some strange fatality, nearly all documentary evidence, prior to the year 1827, appears to be lost. Previous to the year 1822, it seems a “Charity School” had been taught alternately by Ladies, in a room on State-street, owned and gratuitously granted for the purpose, by the late Mr. JOSIAH BISSELL, near the premises now occupied by the City Bank. The educational wants of the poor, together with other destitutions consequent upon sickness in a new country, prompted the foundation of this Society, on the 26th day of February, 1822, for the purpose of more efficient action. Thus, we find even at this early day, that our citizens considered the poor, and according to their ability, afforded them advantages equal to their own, for schools of any kind were at this period, “few and far between.”

The Society was first organized at the house of Mr. EVERARD PECK, and Mrs. P. was chosen Treasurer. The primary object of this Society, as stated in the Constitution, were, the relief of indigent sick persons, and the establishment of a Charity School. A President, Vice President, Treasurer, twelve Directresses, and about fifteen Visitors, were chosen. Business, at this time, was transacted by the Society, and it was not until the year 1827, that powers were delegated to the officers of the Society, to transact, as a Board of Managers, its ordinary affairs, except at the annual meeting. The first garments collected for distribution, were donations from the ladies, of some articles needed. Beds and bedding, and other conveniences for the sick, were at that time, and have been ever since, lent to the individuals, to be returned by the Visitor, upon their recovery. Infants' clothing has been given

from time to time; and for many years the children of the school were clothed by the Society. A school lot was presented by the late Col. FITZHUGH, situated, at that time, upon the outskirts of the *Village*, near the forest, but which, it was known, would soon be valuable. It is now an eligible lot on North Washington-street, with a plain building upon it. Since the establishment, however, of our Common School System in this city, this school has been discontinued, except for the purpose of teaching the children of the poor to sew. This plan is at present an experiment, and is far from being perfected. The number of districts for the visitation of the sick has increased from fifteen to forty-three. The duties of the Treasurer are already quite onerous.

One happy feature of the Society, has been its freedom from all bigotry of sect or party—all classes of our citizens are cordially invited to lend a helping hand; while, also, all classes who need its aid, share with equal willingness in its benefits. It has long constituted a bond of union amongst our citizens, of the most agreeable character. Its assistance has been extended, in several instances, to some of the most valuable citizens as well as ornaments, of any community, but whom misfortune has reached, and to whom the voice of kindness and mercy were as sweet as to the lowest child of sorrow.

A Sermon has been preached annually in aid of its funds. Its *first* sermon was preached by the Rev. Mr. CUMMING, of St. Luke's Church; and, as a village paper remarked, a handsome sum was taken up in aid of its funds. In 1823, the Rev. Mr. PENNEY preached the sermon. It appears that the Society was then prosecuting its labors effectually; for an article published after the annual meeting of the Society, says, "It would be an offence against God and Humanity, to withhold from these almoners of Heaven, who are carrying education, nourishment, and consolation, into the retreat of sickness and misery, the means of continuing their divine ministrations." In 1825, the Rev. Mr. MILLER preached the sermon, and the collection had increased to \$46. Its income and its expenditure have varied much in different years—but its calls for aid have always met with a cheerful response.

The prosperity, nay, the very existence of the Society, will soon be committed to a *new generation*; for a few more cycles will complete the thirty years of its continuance, during which time the heads that planned, and the hands that executed, this charity, and who yet remain amongst us, will, many of them, have rested from their labors, "urging upon their successors, to do with their might what their hands find to do."

## ORPHAN ASYLUMS.

## ROCHESTER ORPHAN ASYLUM.

This Institution was established in 1836, and incorporated in 1838. The Asylum is situated between Greig and Exchange streets, in the south part of the city, on an elegant site, the munificent donation of Mr. GREIG, of Canandaigua. Forty-four children now occupy the Asylum: they are under the maternal care of Mrs. FLORILLA TOBEY, (to whom we are indebted for these items,) who has filled this station, to the entire satisfaction of all interested, for eight years. The School is taught by Miss ARAMINTA G. HUNT, and the Sabbath School by Mr. EVERARD PECK. Average number of children admitted during the year, 50. Average number of deaths annually, 2—which should be deemed remarkable, as more than one half of the children admitted, are diseased,—thus presenting conclusive evidence of the kind treatment they receive. The meetings of the Society are held on the last Tuesday in each month; annual meeting, 2d Tuesday in October.

The charter requires that the estate and financial concerns of the Institution, shall be managed by seven Trustees, to be elected at the annual meeting of the Association. The general supervision of the children, and interests of the asylum, are committed to the Ladies, who constitute a Board of Managers. The present year, the Board is composed of the following Ladies:

Mrs. CHESTER DEWEY, President,  
 Mrs. EVERARD PECK, Treasurer,  
 Mrs. CLARENDON MORSE, Secretary.

## ROMAN CATHOLIC ORPHAN ASYLUM.

This Institution for the support and education of destitute orphan children, is situated on Frank-street, in rear of St. Patrick's Church, the ground on which it stands being the property of that congregation. It is a large and handsome brick building, and was opened for the reception of inmates, in July, 1842, since which time forty-nine destitute orphans of both sexes have been admitted. Of this number twenty-seven (all females) are at present in the house, the few remaining male children being supported out of the Institution. The means of support are derived from the subscriptions of the members of the Catholic Orphan Asylum Society, lately incorporated by the Legislature; from the donations of charitable individuals; and from the proceeds of Annual Fairs, which have hitherto been liberally patronized by the citizens of Rochester generally.

This establishment is under the exclusive management of SISTERS OF CHARITY, who also teach a select School, "THE ST. PATRICK'S FEMALE SEMINARY," in one of the school rooms of the Church, which is attended on an average by about fifty pupils.

An annual subscription of 25 cts. per year, of each member, is expended in the purchase of appropriate tracts, &c., which are freely circulated among that class, whose condition, spiritual and temporal, they seek to ameliorate. Brief addresses on the subject of Moral Reform, are delivered before the Society at its meetings, by gentlemen appointed for that purpose. The following Ladies are the officers for 1845-6:

## Common Schools.

### BOARD OF EDUCATION.

The Free School System was established in this city, in May, 1841, and is under the control of a Board of Education, consisting of two Commissioners from each Ward, who are elected on the 3d Tuesday in June, of each year. The Superintendent is appointed by the Board. Through this system it is calculated that every child in the city is entitled to an education, gratuitously, directly—the system receiving its support from a general tax. There are, at present, fifteen School Districts, in most of which have been erected commodious and comfortable School Houses—the majority of which are of brick, and are not at all inferior to many of the Academies of this State. In addition to the above, there is a school for colored children, embracing the entire city. About 4,500 children were in attendance at these Schools, during the year 1844—average attendance, over 3000. Cost of School Houses, over \$40,000. The amount annually raised by tax for their support, is from \$10,000 to \$11,000. The Board for the year 1845-6, consists of the following gentlemen :

**EXPLANATIONS FOR 1845--6.**

In the following pages, *h.* stands for house ; *b.* for boards ; *cor.*, for corner ; *op.*, for opposite ; the word *street*, should be implied. Atwater-street has heretofore been improperly spelt Attwater ; the name of Frances-street, it is ascertained, is derived from a *lady*, and therefore in this and preceding works, has been erroneously printed Francis. Romeyn-street is derived from George Romeyn Clark, and has likewise been improperly labelled and printed *Romaine*.

For Advertisements, and index to the same, see the close of this work.

---

The Proprietors of the above Establishment, would respectfully state that their present collection of **FRUIT AND ORNAMENTAL TREES, SHRUBS, and GREEN-HOUSE PLANTS, &c., &c.**, is the best ever offered to the citizens of Western New-York. The Fruits have been procured from the best sources at home and abroad, and have been cultivated by the Proprietors themselves, with the greatest possible care, to insure correctness.

The Green-House collection is unusually large and fine; it comprises a very large number of new, rare, and beautiful plants not to be found in any other collection west of New-York City. No pains or expense have been spared to render the Establishment worthy of a liberal share of public confidence and support. A new and complete Catalogue is in the course of preparation, and will be issued the ensuing fall. It will be forwarded, **GRATIS**, to all post-paid applications.

☐ All orders accompanied by Cash, or satisfactory reference, will receive prompt attention.

\* \* The Public are respectfully invited to visit and inspect the Establishment.

~~~~~  
THIS instrument is admirably adapted to both Church and Parlor Music. It combines the essential qualities both of the Organ and Piano Forte, with the advantages of cheapness and durability. The principle consists in substituting reeds for the pipes of the Organ & the strings of the Piano Forte, & is much less liable than either of the latter instruments to get out of tune.

Country Churches whose means are inadequate to the purchase of an Organ, will find the Seraphine a complete substitute.

The construction is so simple, that they can be packed and sent to any part of the country with perfect safety. PRICE, from \$100 to \$200.

**CERTIFICATES.**—Messrs. FRENCH & WHIPPLE: I have been using one of your Buckeye Cooking Stoves several months, and can say that I give it the decided preference to any other stove I have ever used, both for convenience and economy; its operation as a Cooking Stove, is decidedly right. I think it has a draft much better than the Hathaway Hot Air Stove. MITCHEL LODER.

Messrs. French and Whipple, Gents.—I have been using one of your Buckeye Cooking Stoves, two years or more; I consider it an improvement on any stove with which I am acquainted. If there is a better Cooking Stove, or even as good, it is one that has not come under my observation; I cheerfully recommend it to the public. EDWIN SCRANTOM.

Messrs. French & Whipple:—I have been using the Buckeye Cooking Stove for the last four years, and feel my duty to say to the public, that in my opinion, it is as near right for a farmers's stove as can be made—in fact, the rotary top and hot air oven, combined, makes a stove that can't be beat. I recommend it to every farmer in the land. WILLIAM C. ROSS.

✂ Inquire for French and Whipple's Store, No. 39 Exchange-Street, the only place at which the Buckeye Stove can be bought in Rochester.
