1857.

P R E F A C E .

THE Publisher, in issuing the CITY DIRECTORY for the year 1857, desires to express his acknowledgment to the public for the favor shown him in getting up and sustaining this important work, and to announce that hereafter he intends to make it an ANNUAL Publication. The steady growth of the city, the changes that constantly occur in the population, and the new elements introduced in our business affairs, demand the revision and reproduction of the Directory every year. Although the enterprise may not be a pecuniary success, at the present time, he accepts the risk and responsibility for the public good, certain of popular appreciation of his effort and ultimate recompense.

His attention has been given to this work since his first commencement in business. A City Directory was issued from his hands thirteen years ago. Since then, experience has aided his attempts to perfect the work, by the correction and avoidance of errors, and the extension of the plan and scope of the publication. So far as practicable, this volume has been rendered free from imperfections and mistakes. It is difficult to make a Directory entirely without inaccuracies. Erroneous information is often derived from those who alone can supply what is required, and the canvasser has no resource for its correction.

Much new matter is contained in this Edition. A thorough canvass of the city has been undertaken, with a view to obtaining a complete list of all heads of families, and business men. The enumeration is as complete as it was practicable to make it. A roll of professional men; registry of the Banks, Brokerage and Exchange Offices; Religious, Benevolent, Literary, and Educational Associations and Institutions, with the names of their officers, time of their annual meetings, &c.; the public officers of City, County, and State; Post Offices in the County; an alphabetical catalogue of Streets and Avenues; directions respecting the means of conveyance in, to and from the city, and a variety of other matters of practical value to citizens and strangers, will be found, arranged in appropriate departments.

The Publisher has intended to accompany this volume with an enlarged map, and has awaited, with that design, the completion of the new chart in course of preparation by Messrs. Marsh & Cornell. Not having been able to fulfill his intention, he can only refer those who desire a more complete delineation of the geography of the city, to that work, which will probably soon be presented to the public. The divisions of the city are correctly laid down in the small map, and the location of the public buildings, the course of the streets, &c., may be ascertained by reference thereto.

The statistical matter contained in this Directory, has been carefully compared, and submitted to the revision of a gentleman who kindly consented to undertake that labor. The publisher desires to express his acknowledgment for the favor in that and many other instances, shown him in the preparation of important portions of the book.

It is, perhaps, not known very generally, that the Directories of the principal cities of the Union are made the medium of an extended business correspondence. A Central Directory, is established where all publications of this kind issued are deposited. To these, manufacturers, traders, commission dealers, and professional men resort, in order to ascertain the address, in the various cities, of those pursuing particular lines of business, with a view to opening a correspondence and introducing their goods and wares to merchants and manufacturers. The importance to commercial men of having their business fully set forth in the pages of a City Directory, will be seen at once. The Business Directory of the city, which forms a new feature of this work, it is believed, will be found of great utility.

Our city is constantly extending its limits, increasing in population, augmenting in wealth, and consequently becomes more prominently identified with all the industrial, commercial, social and political interests of the country. We now have a population, it is conceded, of about fifty thousand. Should reasonable anticipations of the benefits and advantages to accrue from new sources of industry, wealth and social comforts, be realized, our growth and prosperity is about to be greatly advanced. This Directory will not cease to be a reflex of advancement in enterprise, and the publisher hopes it may be worthy of the patronage of his fellow citizens.

This new and valuable invention has been used for months by numerous writers, in various parts of the country. The uniform testimony of those who have fairly tested its merits is in its favor.

N. B.—A new and important improvement has been recently added to this invention, by which any writer can graduate the flow of ink. The **Fountain Cases are warranted as INCORRODIBLE**, and the points of the Gold Pens are *warranted* for one year, with good usage.

Prof. S. F. B. MORSE, Inventor of the Electric Telegraph, in a letter to Mr. PRINCE, says: "Your admirable invention seems now perfected. I wish you sincerely every success—a success which the intrinsic merits of your invention cannot fail to secure."

"This pen, among pens, is what Colt's revolver is among pistols. One will fire a dozen shots, and the other write a dozen sheets, with a single charge or loading."—SEBA SMITH, Author of Major Jack Downing.

"If I could not procure another of similar merits, one hundred dollars would not purchase from me the one I have.—A New York Clergyman.

Rev. Dr. T. M. POST, of St. Louis, Mo., says: "Every time I sit down to write, I feel under obligations to you for your princely invention. It is suited to my habits, in being ever ready at call in the varying circumstances of travelling, visiting, public conventions, and solitary excursions, in which the mood or demand for writing may come upon me. I need not say it is my constant companion in my study."

MONROE COUNTY AGRICULTURAL SOCIETY.

This Society was organized in 1821, with Henry Brewster, of Riga, President; and was in successful operation until 1826; from that year we are unable to trace its history until 1840. It then appears to have been reorganized under a general law of the Legislature, appropriating a certain amount of funds to each County upon the condition, that the County raise an equal amount. This organization existed until the year 1856. The Society then again reorganized under the law of April 13th, 1855, authorizing the organization of such Societies, with power to hold real estate, &c., &c. They then purchased a tract of land containing between twenty-four and twenty-five acres, in the town of Brighton, near the city of Rochester, for a permanent location.

At present, the Society is in very successful operation, having their Grounds nearly paid for and enclosed with a tight board fence, containing buildings for business purposes, stalls, pens, wells, &c., &c., for the convenience of exhibitors, and a splendid track of half a mile in length, for the exhibition of horses and many other improvements.

But one annual exhibition has been held; that proved very successful; the receipts of the Society since its last reorganization, amounts to \$7,347 74. The present number of life members is 368.

Benevolent Institutions.

FEMALE CHARITABLE SOCIETY.

[For the following items relative to this truly benevolent Institution, we are indebted to a brief sketch of its rise and progress, prepared by Mrs. JAMES K. LIVINGSTON, in 1844, from which we extract.]

"The Society was first organized, prior to the year 1827, at the house of EVERARD PECK, and Mrs. P. was chosen Treasurer. Its formation was the result of a Charity School, which had been established previous to the year 1822, and taught alternately by the Ladies in a room on State street, which was owned and gratuitously granted for the purpose, by the late JOSIAH BRISSELL, near the premises now occupied by the City Bank. The educational wants of the poor, together with other destitutions consequent upon sickness in a new country, prompted the foundation of this Society, on the 26th day of February, 1822, for the purpose of more efficient action.

Thus, we find even at this early day, that our citizens considered the poor, and according to their ability, afforded them advantages equal to their own, for schools of any kind were at this period, 'few and far between.'

"The first garments collected for distribution, were donations from the ladies, of some articles needed. Beds and bedding, and other conveniences for the sick, were, at that time and have been ever since, lent to the individuals, to be returned by the Visitor, upon their recovery. Infants' clothing has been given from time to time; and for many years the children of the school were clothed by the Society. A school lot was presented by the late Col. FITZHUGH, situated at that time upon the outskirts of the village, near the forest, but which, it was known would soon be valuable. It is now an eligible lot on North Washington street, with a plain building upon it. Since the establishment, however, of our Common School system in this city, the school has been discontinued, except for the purpose of teaching the children of the poor to sew. The number of districts for the visitation of the sick has increased from fifteen to sixty-one. The duties of the Treasurer are already quite onerous.

"One happy feature of the Society, has been its freedom from all bigotry of sect or party—all classes of our citizens are cordially invited to lend a helping hand; while also, all classes—who need its aid, share with equal willingness in its benefits.

"A sermon has been preached annually in aid of its funds. Its first sermon was preached by the Rev. Mr. Cumming, of St. Luke's Church."

The city is divided into sixty-one districts, in each of which Ladies are appointed as Visitors, who are required to recollect that their districts extend to the center of streets named as boundaries; also, that they should inquire, as often as once a month, into the condition of the poor in their districts, either personally or otherwise; let the poor know their names and residences, and make out a full report of the number of families visited, and the sums expended, and deliver it to the Treasurer one week before the annual meeting. In no instance can a physician be paid from the funds of the Society. The City Physician is to be called in all cases where the individual has been a resident for more than one year; in all other cases, the County Physician. ROMAN CATHOLIC ORPHAN ASYLUM.

This Institution, for the support and education of destitute orphan children, is situated on Frank Street, in rear of St. Patrick's Church, the ground on which it stands being the property of that congregation. It is a large and handsome brick building, and was opened for the reception of inmates in July, 1842, since which time many destitute orphans of both sexes have been admitted. Of this number sixty-five (all females) are at present in the house, and thirty male orphans are supported out of the Institution. The means of support are derived from the subscriptions, of the members of the Catholic Orphan Asylum Society, lately incorporated by the Legislature—from the donations of charitable individuals; and from the proceeds of annual fairs, which have hitherto been liberally patronized by the citizens of Rochester generally.

This establishment is under the exclusive control of six Sisters of Charity, who also teach a select school. "The St. Patrick's Female Seminary," which is attended on an average, by about one hundred pupils. There is also a Free School taught by the Sisters of Charity, which is attended on an average by about one hundred and eighty pupils. The Female Sabbath School taught by them, assisted by others, numbers nearly 300 pupils.

To meet the increasing wants of the Asylum the trustees during the past few years, have made additions equal in extent, to the former building, and erected an additional story to the entire structure. It is now a large and commodious building, well adapted to promote the comfort and health of its inmates.

WESTERN HOUSE OF REFUGE FOR JUVENILE DELIN- QUENTS.

This Institution is situated in the northerly part of the city, about one mile and a half from the Court House. It was commenced in the spring of 1847, and finished in the spring of 1851, under the direction of William Pitkin, Isaac Hills, and Daniel C. McCallum, building commissioners.

The whole cost of the Buildings, Farm, &c., has been about \$110,000.

The center building of the House, proper, fronts the east, and is 86 feet wide, 60 feet deep, and is in height 3 stories above the basement. The two wings extending to the north and south, are each 148 feet long, 32 feet deep, and two stories in height above the basement. The whole front of the building, it will thus be seen, is 382 feet in length. It is furnished with a steam engine of three horse power, which is used in part to elevate water from the cistern to a tank of the capacity of 2,500 gallons in the fourth story, from which water is taken by means of lead pipes to all parts of the House, where its use is required.

In the basement of the north wing, there is a plunging bath of the capacity of 5,000 gallons; also shower baths, by means of the lead pipes, for each of the delinquents.

The Chapel, which is well arranged, will seat over four hundred persons.

The dormitories will accommodate over 360 delinquents—they are 7 feet square, well lighted and ventilated.

The establishment contains a library of 900 volumes of books, carefully selected.

There are at present 326 delinquents, a part of whom earn from eleven cents to one shilling per day. Their time, besides what is used for their meals, is divided as follows:

About seven hours for work, three and a half for school, and two for play. The time for rising in the morning, is 6½ o'clock, time for bed, 8 o'clock.

Amount earned by the boys during the past year, is over \$12,000.

ACADEMY OF THE SACRED HEART. (R. C.)

Instituted, 1855.—Located, 27 North St. Paul street.

This Institution is situated in a very healthy and central part of the city, and combines, in its plan of Education, together with the benefit of Christian Instruction, every advantage that can be derived from the most punctual and conscientious care bestowed on the Pupils in every branch of Science suitable to their sex. Uninterrupted care is given to form the manners and principles of the young Ladies, and train them up to habits of order, politeness, neatness and industry.

The diet is excellent and abundant. The health of the Pupils is an object of constant solicitude, and in sickness they are attended with maternal care. Difference of religion will be no obstacle to the admission of young Ladies who are willing to conform to the general regulations of the School. In charge of the Sisters of the Sacred Heart.

ST. PATRICK'S MALE ACADEMY,

Located, corner Brown and Frank streets ; is in charge of six Christian Brothers ; was opened for pupils 16th March, 1857.

The Building is a *beautiful edifice* four stories high, and erected the last year. Location, one of the most healthy in the city. Accommodations for six hundred boys, of whom four hundred will probably receive a free education. Brother Rodolphus, Director.

BOARD OF EDUCATION.

The Free School System was established in this city in May, 1841, and is under the control of a Board of Education, consisting of two Commissioners from each Ward, elected annually on the first Tuesday in March, and a Superintendent appointed by the Board. Through this system, it is calculated that every child in the city is entitled to an education, gratuitously—the system receiving its support by a general tax. There are at present Seventeen School Houses, the majority of which are erected of brick ; most of them are commodious buildings, and not inferior to many of the Academies of this State.

Cemeteries.

MOUNT HOPE CEMETERY.

This Cemetery is beautifully located in the south part of the city bordering on the City Line, at the termination of a range of hills, overlooking the Genesee River, which runs at its western base. It originated with the city authorities in 1836, and in the year 1838, fifty-three acres were purchased, and the Cemetery opened for Interments. Subsequently, in 1840, two other purchases, of ten and nine acres were added, making the present area of the Cemetery in all seventy-two acres.

The entrance is on Mount Hope Avenue, a continuation of South St. Paul Street, on the east side of the River, and consists of carriage and other entrance gates, built in the Egyptian style, in semi-circular form; passing through which, the carriage roads and foot paths, diverge in various directions. In ascending, the visitor is at every point struck with admiration, at the singular appropriateness of the extraordinary natural formation of the land, for the sacred purposes to which it is now applied. The quiet and solemn nooks, and corners, and romantic

glens, are rapidly filling up with our departed citizens; many of their resting places being marked by the erection of splendid Monuments, which, with the general character of the plans adopted in laying out the grounds, and the fine view of the city obtained from the highest elevations, make it an exceedingly interesting spot for our citizens and their friends from abroad to visit.

The Cemetery is under the management of two Commissioners appointed by the Common Council, assisted by the City Comptroller, who is *ex officio* member of the board.

The office of the Superintendent is at the Cemetery, to whom all applications for interments should be made.

COMMISSIONERS.

Hamlin Stilwell,

B. M. Baker,

John B. Robertson, Comptroller.

James Hair, Superintendent.

ST. PATRICK'S CEMETERY.

A Roman Catholic Cemetery, very pleasantly situated on the western side of the Pinnacle, overlooking the city, containing about fifteen acres of land, laid out in terraces, and the plans altogether very tastefully arranged. The revenue arising from the interments is now all applied to improving the grounds, which is rapidly progressing.

Michael Shealy is the resident keeper, by whom access is afforded to visitors at all times.

ST. JOSEPH'S CEMETERY.

A German Roman Catholic Cemetery, located on the side of the New York Central Railroad, near Goodman Street, containing about nine acres of land. It is the resting place of the German population of our city, and as viewed from the railroad, has a very picturesque appearance, with its quaint and singularly shaped monuments, reminding many of the burial grounds of France and Germany.

FIREMEN'S BENEVOLENT ASSOCIATION.

The Common Council ordered its sale for the benefit of the Firemen's Benevolent Fund. The whole amount realized therefrom was \$1,106 27. Many of our citizens displayed commendable liberality on this occasion, some paying \$25 for a single pound. One Fire Company paid \$100 for one half pound.

ROCHESTER OFFICE OF
I. M. SINGER & CO.
CORNER MAIN AND WATER STS.
ROCHESTER, N. Y.

D. E. CANFIELD, Agent.

From a very early date the Manufacturers and Mechanics of Rochester have exhibited a striking partiality for

SINGER'S
SEWING MACHINES,

and we have heretofore made liberal sales in that city. It has resulted, as in other cases, that the shoes, clothing, &c., made by the instrumentality of our Machines, have been greatly admired and sought after. We thought that the extent of our business in Rochester, demanded the establishment of an office there for the convenience of our customers, and we have recently done so. Our friends in Rochester, and the neighboring country, will now be able to obtain our Machines, of the latest and best style, at their own door. All articles used with Sewing Machines—needles, silk, thread, oil, &c., may, at all times, be procured here, of the best quality, and at the lowest price.

Our very liberal plan of exchanging our latest improved machines for the worthless machines of other manufacturers, will be particularly well adapted to the state of the Sewing Machine business in Rochester. We say frankly, to all those who have bought Sewing Machines that will not perform properly what they were recommended to do, that Singer's Machines will satisfy their expectations, and that by calling at our office, they can have positive proof.

We particularly invite all strangers who visit Rochester, whether they have an occasion to use Sewing Machines or not, to call at our office and witness the splendid improvements in this important branch of national industry. They may rest assured that they will always be most politely received, and never importuned to purchase what they do not want. This is the rule and the practice at all our offices.

 HENEBERGER & COOPER, Physicians over 58 State,—See Adv't
 Heneberger, Henry, physician office 58 State

DR. H. HENEBURGER,

LATE of the West Indies, and author of "Heneburger's Physiology," "Heneburger's Private Advice to the Sick," &c. &c., has established himself at No. 58 State Street, Corner of Market Street (UP STAIRS,) ROCHESTER, N. Y., where he can be consulted on all Chronic Diseases, Diseases peculiar to Females, Midwifery &c., together with **VENEREAL, or PRIVATE DISEASES**, in all their varied forms. Dr. H. has made the above his

especial practice since 1820, and by this long experience he has been enabled to perform the most wonderful cures on record. He does not promise to cure long standing cases of Venereal Diseases in from three to four days, as advertised by many practitioners, but guarantees to effect permanent cures, even in the most severe cases, in as short a period as the nature of the case will admit, with safety to the patient. —As Dr. H. confines himself strictly to Vegetable Remedies, patients need have no fear of the distressing effects sometimes produced when calomel or mineral poisons have been administered.

ONANISM, or SELF-ABUSE, and all the ills arising therefrom, are treated on an entirely new and more successful principle than that adopted by any other physician in this country; the truth of which can be attested by reference to patients in almost every State in the Union and the Canada.

Patients at a distance can be treated at home, by sending a history of their case, and receive the necessary remedies with full directions for use, by Express, or as otherwise directed, securely packed from observation.

THE GOLDEN FEMALE PILL!!

As prepared by Dr. H. HENEBURGER, was brought before the public in 1825; and their great demand from all parts of the world, is a sufficient guarantee of their utility. Various imitations of this Pill have been put forth, within the last few years, and sold at a low price.

To guard against this evil, Dr. H. has withdrawn all his agencies. They can now only be obtained at his Office: Price \$2—sent by mail to any part of the world. They should not be used during pregnancy, the particulars of which accompany each box.

Office Hours—From 8 A. M. till 8 P. M. Private Rooms always in readiness; thus avoiding the inconvenience of meeting with any one but the Doctor.

In Dr. H's. absence, his associate, Dr. K. STEWART COOPER, who is every way qualified, will be found in attendance.

All letters must be addressed to Drs. HENEBURGER & COOPER—or, to Box 2183, Rochester, N. Y.

"Dr. Heneburger's Private Advice to the Sick," will be sent by mail, to any address, on the receipt of 25 Cents, or 5 P. O. Stamps. This book gives the symptoms and proper method of treating all the diseases mentioned in this advertisement, together with other matter, never before published, of the most vital importance to Married persons and those about contracting Marriage.

STARR'S PREMIUM.

Five highest Premiums
Awarded—New York
State Fairs, 1851
and 1856.

Two highest Premiums
Awarded at Canadian
Provincial Fairs,
1851 & 1855.

FREDERICK STARR, ORPHEAN BUILDINGS,

Nos. 45, 47, 49 & 51 Main-st.,..... ROCHESTER, N. Y.

In his MANUFACTORY and MUSIC Rooms he has constantly

25 to 50 Finished Piano Fortes.
50 to 100 in Process of Construction.

From 6½ to 7¼ Octaves.
From 230 to 700 Dollars.

Each Piano has the Four Indispensable requisites to a perfect Instrument.

- 1—An elegant and complete Iron Harp Frame.
- 2—The Iso-Chordia Scale.
- 3—The Iso-Baron Damper.
- 4—Starr's Patent Hollow Cylindrical Retinaculum.

This last is a recent invention patented by myself in 1855, and is believed to be of more value to an instrument, and service to the purchaser, than any improvement for many years. They speak for themselves. Their Touch, Tone, Volume and Sweetness, are unrivalled. The State Fairs of '51 & '56, endorsed their merits by the Five Highest Premiums, when in competition with several claiming to be the best makers in this country. And years of experience, have proved them worthy of all the encomiums, then and since bestowed upon them.

We rest them on their intrinsic merits—ask the most careful scrutiny and comparison. Visitors, as well as purchasers, and those having curiosity, are invited to Come, See, Hear, Examine in any way they please, and judge for themselves, if they are not BETTER and CHEAPER than any others in the market. EVERY PIANO IS WARRANTED TO PLEASE THE PURCHASER.

PIANO FORTES AND MELODEONS TO RENT.

Please post this in a conspicuous place or hand it to your acquaintance.

My **PIANO FORTES** have now become so celebrated and generally known — have given such *entire satisfaction* to all who have *bought* or *used* them, that I need only say, that among the hundreds sold, *not one* has proved *bad*, and what is better, they will keep *longer in tune*, and *improve more by use*, than any others you can find. All persons who have not, I invite to come and see them at Mr Music Rooms and **MANUFACTORY**; or, if inconvenient to do this, if you will address me by mail, (enclosing one postage stamp to pay the postage,) I will send you one of my *recently published circulars*, which will fully explain to you *their peculiarity of construction*, with my various *Improvements and Patents*.

This will give you more information and knowledge of **PIANO FORTES**, other *Musical Instruments*, and things desirable to know, than can be obtained from any other source in many hours of time, or for *twenty times the money*.

Genital Organs, is

DR. LISPENARD'S PRACTICAL PRIVATE MEDICAL GUIDE:

Particularly adapted to the use of both sexes, which describes in PLAIN ENGLISH all that is necessary to know pertaining to the Generative disorders—how contracted—the influence they produce upon the mind and body—how all persons can avoid them, and if any are so unfortunate as to have contracted such diseases, how to effect a speedy and certain cure. Likewise, it contains many important hints which will be found serviceable to those in married life, embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs.

Midwifery, Miscarriages, Impotence and Barrenness, among other topics, are treated with all the consideration which their importance demands—it being in fact, a complete and practical work on the Physiological Mysteries of the male and female system, and will be mailed in sealed wrappers, to any part of the world, for the exceedingly low price of TWENTY-FIVE CENTS, or five copies for one dollar.

AGENTS WANTED in every State, county, city and village in the United States and Canada.

Dr. LISPENARD continues to dispense his invaluable remedies to those afflicted with Secret Diseases, with the success attendant upon twenty years of personal experience and practice in his profession. None leave his treatment half cured. He always gives the best of satisfaction. Gonorrhea, Gleet, Syphilis, Stricture, Suppression of the Menses in females, &c., successfully treated.

Young men, who by indulging in secret habits, have contracted that foul-subduing, mind-prostrating, body-destroying vice, should apply to Dr. LISPENARD without delay.

In these, as well as all other cases of a private nature, Dr. LISPENARD commends an early application; and without any vanity or aspiration, decidedly states that no case within the reach of mortal aid shall every leave him without a cure or satisfaction given.

Beware of empirics and itinerant self-styled professors, who ATTEMPT cures, but never succeed. Dr. L. is the only permanently established and responsible physician in his peculiar line in Western New York, and his practice extends through every State in the Union and the British Provinces.

N. B.—Dr. Lispenard is sole Agent for Dr. Vichois' Female Monthly Pills. Among the many thousand boxes of these Pills annually sold, not one complaint has yet been made against them. Ladies in a certain situation should not use them; the particulars of which will be found in the directions accompanying each box. Price \$1. Sent by mail to any part of the world. Beware of Counterfeits.

I am the only American Agent for the sale of these celebrated pills, but I perceive that others have advertised them, copying word for word from my advertisement, and I wish to inform the public that none are genuine unless received from my office. They are not on sale at any other place.

No letters will be answered unless they contain a remittance.

All communications addressed W. C. LISPENARD, M. D., No. 14 Exchange Place, Rochester, N. Y., will meet with prompt attention.

Office hours from 7 A. M., to 9 P. M.

DR. REYNOLDS

WOULD RESPECTFULLY inform his friends and the public that he continues to be confidentially consulted at his old established

MEDICAL OFFICE,
No. 14½ Exchange Place, (Up Stairs.)

ON ALL DISEASES OF A

Private or Delicate Nature.

His long experience and attention to this class of complaints; his safe and speedy method of treatment, and his extraordinary success during a long and extensive practice, enables him, confidently, to promise all persons afflicted, a safe and radical cure, without injury to the constitution, or confinement from business.

Within the last twenty years, Dr. R. has cured more than thirty thousand cases of the above character, and it may be said safely that *more than one half* of the patients had been previously treated with mercury and other mineral poisons.

Dr. R. can be successfully consulted on the following Diseases:

Diseases of the Liver, Kidneys, Bladder, Jaundice, Dropsy, all forms of Scrofula, Tetters and the most inobstinate diseases of the Skin, Neuralgia, Dyspepsia, Costive Habits, General Debility, Nervous Affections, Chronic Pulmonary Affections, Bronchitis, Chronic Cough, Inflammatory and Chronic Rheumatism, Ulcers of the Legs, Ulcers of the Mouth, Tongue, Throat, Nose and Lips, Mercurial and Syphilitic Affections, Pain and Swelling of the Bones, and all diseases arising from an impure state of the blood, whether Hereditary, Acquired or Contracted, Salt Rheum, Fever-Sores and other Chronic Complaints of years standing

☞ Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted.

Dr. R.'s celebrated medicine is entirely different from all other remedies, and has been most successfully used in more than 50,000 cases, many of which had resisted the treatment of others less successful in this branch of practice.

CURED AT HOME!

Dr. Reynolds is daily treating cases at a distance, hundreds of whom he has never seen, and in all cases with entire success. Letters describing age, symptoms, occupation, &c., promptly attended to, and medicines securely sealed from observation, sent to all parts of the world.

Dr. R. can be successfully consulted on all diseases peculiar to Females. Secrecy strictly observed.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Reynolds permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he did so, the afflicted, especially strangers, could not fail to fall into the hands of the many impudent and unlearned imposters; with INNUMERABLE FALSE NAMES, OR COMBINED QUACKS, swarming large cities, advertising themselves as physicians; illiterate, shallow-brained fellows too lazy to work at their original trade, with scarce two ideas above the brute, who, for the purpose of enticing and deceiving, carry on five or six offices, under as many different names, so that the afflicted stranger, escaping one is sure to tumble headlong into the other.

Any person afflicted with any of the above Diseases should let no false pride deter them from making their case known to one whose whole time is devoted to this class of complaints, and whose success in their total extinction and final restoration to health and happiness of his patients, has placed him first among the physicians of the age. Dr. R. solicits an interview with those interested, and assures them that he may at all times be consulted with professional confidence, at his office, No. 14½ Exchange Place, up-stairs, or by mail.

The engraving at the head of this advertisement is a likeness of Dr. R. Beware of other advertisements with a like engraving.

THERMOMETERS AND BAROMETERS,

MANUFACTURED BY

DAVID KENDALL,

No. 37 EXCHANGE STREET,

ROCHESTER, N. Y.

I manufacture the above Instruments in all their varieties, and warrant them equal in accuracy to any instruments of the kind made in any Country. My standard is the English standard, compared with the standard at the Kew Observatory, England, and the only one in the possession of any Manufacturer in this Country.

I use the Machine which my father invented, whereby tubes of unequal calibre are made to agree with each other, having equal exposure; and which has received the commendation of all eminent Scientific men of this country, for over 30 years. Professors Silliman and Fisher, Yale College; Dr. Dewey, Rochester University; the late Prof. Amos Eaton Rensselaer Institute, Troy, N.Y., together with the concurrent testimony of Purchasers and Dealers.

All purchases should be made of me direct, or of D. R. BARTON, C. A. BURR, D. M. DEWEY, and ROCHESTER NOVELTY WORKS, who sell at my prices, as there are other parties using my name on a *bojus* Instrument, without my consent, and against all Law or Right.

I shall keep a large and varied Stock of Patent Medicines, ALL WARRANTED GENUINE. I intend giving my special attention to the manufacture of Medical Compounds, Toilet Articles and Perfumery. Specimens of several kinds may now be examined; they will be found to excel any of the Foreign Goods generally offered. I warrant all my preparations superior to any in the Market, and they can be tried before purchasing, or any purchased can be exchanged if not approved of after trying.

IN THE MEDICAL DEPARTMENT,

I have engaged the services of Dr. N. S. Barnes, an able and fully qualified Physician, who will give medical advice to all who come to my Store for the purpose, and no fees will be charged. When Medicines are required, his prescriptions will be dispensed at as low a rate as they can be had at any Store in the City.

In the Chemical and Pharmaceutical Department,

I have engaged Mr. J. Bryan, Operative Chemist, who will superintend the Manufacture of all Medical and Chemical Compounds. Toilet Articles he will also be fully prepared to attend to; the Analysis of Minerals, Solts, Poisons, Chemical Compounds, &c., and give instruction in Arts and Manufactures where a knowledge of Chemical Manipulation is required.

I solicit a share of public patronage, and pledge myself to give entire satisfaction.
