MONROE COUNTY AGRICULTURAL SOCIETY.

This Society was organized in 1821, with Henry Brewster, of Riga, President; and was in successful operation until 1826; from that year we are unable to trace its history until 1840. It then appears to have been reorganized under a general law of the Legislature, appropriating a certain amount of funds to each County upon the condition, that the County raise an equal amount. This organization existed until the year 1856. The Society then again reorganized under the law of April 13th, 1855, authorizing the organization of such Societies, with power to hold real estate, &c., &c. They then purchased a tract of land containing between twenty-four and twenty-five acres, in the town of Brighton, near the city of Rochester, for a permanent location.

At present, the Society is in very successful operation, having their Grounds nearly paid for and enclosed with a tight board fence, containing buildings for business purposes, stalls, pens, wells, &c., &c., for the convenience of exhibitors, and a splendid track of half a mile in length, for the exhibition of horses and many other improvements.

But one annual exhibition has been held; that proved very successful; the receipts of the Society since its last reorganization, amounts to \$7,347 74. The present number of life members is 368.

FEMALE CHARITABLE SOCIETY.

[For the following items relative to this truly benevolent Institution, we are indebted to a brief sketch of its rise and progress, prepared by Mrs. JAMES K. LIVINGSTON, in 1844, from which we extract.]

"The Society was first organized, prior to the year 1827, at the house of EVERARD PECK, and Mrs. P. was chosen Treasurer. Its formation was the result of a Charity School, which had been established previous to the year 1822, and taught alternately by the Ladies in a room on State street, which was owned and gratuitously granted for the purpose, by the late JOSIAH BRISSELL, near the premises now occupied by the City Bank. The educational wants of the poor, together with other destitutions consequent upon sickness in a new country, prompted the foundation of this Society, on the 26th day of February, 1822, for the purpose of more efficient action.

Thus, we find even at this early day, that our citizens considered the poor, and according to their ability, afforded them advantages equal to their own, for schools of any kind were at this period, 'few and far between.'

"The first garments collected for distribution, were donations from the ladies, of some articles needed. Beds and bedding, and other conveniences for the sick, were, at that time and have been ever since, lent to the individuals, to be returned by the Visitor, upon their recovery. Infants' clothing has been given from time to time; and for many years the children of the school were clothed by the Society. A school lot was presented by the late Col. FITZHUGH, situated at that time upon the outskirts of the village, near the forest, but which, it was known would soon be valuable. It is now an eligible lot on North Washington street, with a plain building upon it. Since the establishment, however, of our Common School system in this city, the school has been discontinued, except for the purpose of teaching the children of the poor to sew. The number of districts for the visitation of the sick has increased from fifteen to sixty-one. The duties of the Treasurer are already quite onerous.

"One happy feature of the Society, has been its freedom from all bigotry of sect or party—all classes of our citizens are cordially invited to lend a helping hand; while also, all classes—who need its aid, share with equal willingness in its benefits.

"A sermon has been preached annually in aid of its funds. Its first sermon was preached by the Rev. Mr. Cumming, of St. Luke's Church."

The city is divided into sixty-one districts, in each of which Ladies are appointed as Visitors, who are required to recollect that their districts extend to the center of streets named as boundaries; also, that they should inquire, as often as once a month, into the condition of the poor in their districts, either personally or otherwise; let the poor know their names and residences, and make out a full report of the number of families visited, and the sums expended, and deliver it to the Treasurer one week before the annual meeting. In no instance can a physician be paid from the funds of the Society. The City Physician is to be called in all cases where the individual has been a resident for more than one year; in all other cases, the County Physician. ROMAN CATHOLIC ORPHAN ASYLUM.

This Institution, for the support and education of destitute orphan children, is situated on Frank Street, in rear of St. Patrick's Church, the ground on which it stands being the property of that congregation. It is a large and handsome brick building, and was opened for the reception of inmates in July, 1842, since which time many destitute orphans of both sexes have been admitted. Of this number sixty-five (all females) are at present in the house, and thirty male orphans are supported out of the Institution. The means of support are derived from the subscriptions, of the members of the Catholic Orphan Asylum Society, lately incorporated by the Legislature—from the donations of charitable individuals; and from the proceeds of annual fairs, which have hitherto been liberally patronized by the citizens of Rochester generally.

This establishment is under the exclusive control of six Sisters of Charity, who also teach a select school. "The St. Patrick's Female Seminary," which is attended on an average, by about one hundred pupils. There is also a Free School taught by the Sisters of Charity, which is attended on an average by about one hundred and eighty pupils. The Female Sabbath School taught by them, assisted by others, numbers nearly 300 pupils.

To meet the increasing wants of the Asylum the trustees during the past few years, have made additions equal in extent, to the former building, and erected an additional story to the entire structure. It is now a large and commodious building, well adapted to promote the comfort and health of its inmates.

WESTERN HOUSE OF REFUGE FOR JUVENILE DELIN- QUENTS.

This Institution is situated in the northerly part of the city, about one mile and a half from the Court House. It was commenced in the spring of 1847, and finished in the spring of 1851, under the direction of William Pitkin, Isaac Hills, and Daniel C. McCallum, building commissioners.

The whole cost of the Buildings, Farm, &c., has been about \$110,000.

The center building of the House, proper, fronts the east, and is 86 feet wide, 60 feet deep, and is in height 3 stories above the basement. The two wings extending to the north and south, are each 148 feet long, 32 feet deep, and two stories in height above the basement. The whole front of the building, it will thus be seen, is 382 feet in length. It is furnished with a steam engine of three horse power, which is used in part to elevate water from the cistern to a tank of the capacity of 2,500 gallons in the fourth story, from which water is taken by means of lead pipes to all parts of the House, where its use is required.

In the basement of the north wing, there is a plunging bath of the capacity of 5,000 gallons; also shower baths, by means of the lead pipes, for each of the delinquents.

The Chapel, which is well arranged, will seat over four hundred persons.

The dormitories will accommodate over 360 delinquents—they are 7 feet square, well lighted and ventilated.

The establishment contains a library of 900 volumes of books, carefully selected.

There are at present 326 delinquents, a part of whom earn from eleven cents to one shilling per day. Their time, besides what is used for their meals, is divided as follows:

About seven hours for work, three and a half for school, and two for play. The time for rising in the morning, is 6½ o'clock, time for bed, 8 o'clock.

Amount earned by the boys during the past year, is over \$12,000.

BOARD OF EDUCATION.

The Free School System was established in this city in May, 1841, and is under the control of a Board of Education, consisting of two Commissioners from each Ward, elected annually on the first Tuesday in March, and a Superintendent appointed by the Board. Through this system, it is calculated that every child in the city is entitled to an education, gratuitously—the system receiving its support by a general tax. There are at present Seventeen School Houses, the majority of which are erected of brick ; most of them are commodious buildings, and not inferior to many of the Academies of this State.

Cemeteries.

MOUNT HOPE CEMETERY.

This Cemetery is beautifully located in the south part of the city bordering on the City Line, at the termination of a range of hills, overlooking the Genesee River, which runs at its western base. It originated with the city authorities in 1836, and in the year 1838, fifty-three acres were purchased, and the Cemetery opened for Interments. Subsequently, in 1840, two other purchases, of ten and nine acres were added, making the present area of the Cemetery in all seventy-two acres.

The entrance is on Mount Hope Avenue, a continuation of South St. Paul Street, on the east side of the River, and consists of carriage and other entrance gates, built in the Egyptian style, in semi-circular form; passing through which, the carriage roads and foot paths, diverge in various directions. In ascending, the visitor is at every point struck with admiration, at the singular appropriateness of the extraordinary natural formation of the land, for the sacred purposes to which it is now applied. The quiet and solemn nooks, and corners, and romantic

glens, are rapidly filling up with our departed citizens; many of their resting places being marked by the erection of splendid Monuments, which, with the general character of the plans adopted in laying out the grounds, and the fine view of the city obtained from the highest elevations, make it an exceedingly interesting spot for our citizens and their friends from abroad to visit.

The Cemetery is under the management of two Commissioners appointed by the Common Council, assisted by the City Comptroller, who is *ex officio* member of the board.

The office of the Superintendent is at the Cemetery, to whom all applications for interments should be made.

COMMISSIONERS.

Hamlin Stilwell,

B. M. Baker,

John B. Robertson, Comptroller.

James Hair, Superintendent.

ST. PATRICK'S CEMETERY.

A Roman Catholic Cemetery, very pleasantly situated on the western side of the Pinnacle, overlooking the city, containing about fifteen acres of land, laid out in terraces, and the plans altogether very tastefully arranged. The revenue arising from the interments is now all applied to improving the grounds, which is rapidly progressing.

Michael Shealy is the resident keeper, by whom access is afforded to visitors at all times.

ST. JOSEPH'S CEMETERY.

A German Roman Catholic Cemetery, located on the side of the New York Central Railroad, near Goodman Street, containing about nine acres of land. It is the resting place of the German population of our city, and as viewed from the railroad, has a very picturesque appearance, with its quaint and singularly shaped monuments, reminding many of the burial grounds of France and Germany.

Fire Department.

(FIRST FIRE COMPANY, ORGANIZED OCT. 8, 1817.)

FIREMEN'S BENEVOLENT ASSOCIATION.

(For the relief of indigent disabled Firemen or their families.)

Incorporated, 1837. Amount now in Treasurer, about \$3,926. This fund accrued originally, from the sale of a Mammoth Cheese, weighing about four hundred pounds, and presented to the city of Rochester, by Col. T. S. Meacham, of Richland, Oswego Co., N. Y.

The Common Council ordered its sale for the benefit of the Firemen's Benevolent Fund. The whole amount realized therefrom was \$1,106 27. Many of our citizens displayed commendable liberality on this occasion, some paying \$25 for a single pound. One Fire Company paid \$100 for one half pound.

Annual meeting for the election of officers, held on the second Wednesday of December, in each year. The following is a list of officers for 1857.

The annual Report, printed for circulation, is always found to contain an exceedingly interesting retrospect of the past year's proceedings, which will amply repay a perusal, and can be procured from any of the officers.
