WILLIAM SLARKS.

JUDSON'S PATENT GOVERNOR

And Patent Graduating Valves, Combined.

The manufacture of Steam Engine Regulators as a business exclusively, originated with the patentee, upon discovery of graduated steam ports in Governor Valves, which gives from two to three times more steam way than any other Governor Valve, when driving the heavier portions of the load, and which constitutes its patentable novelty and excellence.

Warranted the Most Perfect Regulator of Steam Engines in the World.

Twelve years' use place them unrivalled in Accuracy, Workmanship and Design, upon over 15,000 Engines.

A factory containing men, skill, and tools, expressly adapted, enables me to undersell even infringers.

Four trials in the United States Courts have decided in favor of Judson and Graduation.

Three separate Patents guard this wonderfully accurate and simple Machine, (with prices too low for competition.)

JUNIUS JUDSON, Patentee and Manufacturer, Rochester, N. Y.

THE OLD AND RESPONSIBLE
D. LEARY'S
 STEAM
DYEING AND CLEANSING
 ESTABLISHMENT,

Two Hundred Yards North of the New York Central Railroad Depot,
 On Mill St., Corner of Platt St., (Brown's Race,)
ROCHESTER, N. Y.

The reputation of this Dye House since 1828, has induced others to counterfeit our signs, checks, business cards, and even the cut of our building, to mislead and humbug the public.

NO CONNECTION WITH ANY SIMILAR ESTABLISHMENT.

I have NO AGENTS in the country. You can do your business directly with me, at the same expense as through an agent.

No. 2 Ely Street, Rochester, N. Y.

JUDSON'S PATENT GOVERNOR

And Patent Graduating Valves, Combined.

The manufacture of Steam Engine Regulators as a business exclusively, originated with the patentee, upon discovery of graduated steam ports in Governor Valves, which gives from two to three times more steam way than any other Governor Valve, when driving the heavier portions of the load, and which constitutes its patentable novelty and excellence.

Warranted the Most Perfect Regulator of Steam Engines in the World.

Twelve years' use place them unrivalled in Accuracy, Workmanship and Design, upon over 15,000 Engines.

A factory containing men, skill, and tools, expressly adapted, enables me to undersell even infringers.

Four trials in the United States Courts have decided in favor of Judson and Graduation.

Three separate Patents guard this wonderfully accurate and simple Machine, (with prices too low for competition.)

OUR NEW SCALE OVERSTRUNG PIANO FORTES

HAVE RECEIVED AND ARE NOW RECEIVING

The Very Highest Encomiums of the Musical Profession

AND OF

AMATEURS AT HOME AND ABROAD.

For Evidence of which we refer to the following unsolicited Letter :

DWIGHT GIBBONS, Esq.—My Dear Sir: It affords me great pleasure to testify to the excellence of your instruments. Their tone is full, brilliant without harshness, and even throughout the whole extension of the key board.

I consider them to be equal if not superior to the best Pianos I have seen in America.

L. M. GOTTSCHALK.

ROCHESTER, November, 1863.

—•••—
THE CARE EXPENDED UPON EVERY DETAIL OF THEIR MANUFACTURE,

Under the personal supervision of Mr. Dwight Gibbons, renders them

The most Durable Instruments now Produced.

The Rochester Rubber Manufactory,

Is now in full operation. The most important branch of this new institution is, at the present time, the production of

OVERCOATS,

and it is to this branch of the business that we desire to call the attention of the public. These coats are not only water and air proof, but in durability, finish and style, are not to be surpassed; besides, they are cheaper than any other coat of equal quality, and far more agreeable to wear.

To those in feeble health, or predisposed to colds, we would say, these coats are just the thing, being lighter, more comfortable, quite as warm, and not so fatiguing as a heavy coat.

THE RUBBER MANUFACTURING COMPANY OF ROCHESTER

Is the only establishment in existence that produces these goods.
