# THE "ÆTNA"

NOISELESS

LOCK-STITCH

# SEWING MACHINE.

**J. P. VINCENT, General Agent,**
**32 Main Street, Curtis Block,**
*ROCHESTER, N. Y.*

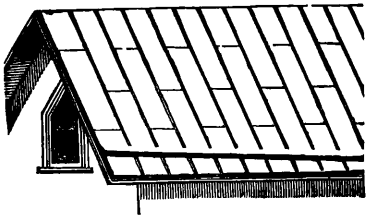

**THE ÆTNA MACHINES,** the result of eighteen years' experience in their manufacture and use—recently improved in their organization by inventions important to the perfection of Sewing Machines, and secured by ample patents, are now offered to the public with the fullest confidence that they are in every way equal to and in many respects ABSOLUTELY SUPERIOR to any other. Until recently, scarcely any effort has been made to bring these Machines before the public, but, finally, and with no other recommendation than that of the Machines themselves in actual use, they have acquired a reputation, wherever introduced, that would do credit to Machines for which tens and hundreds of thousands have yearly been expended in advertising.

☞ *AGENTS WANTED in all places where none are established. All Machines are fully warranted.*

# STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of State street No. 265 comes, look at State street and you find that Brown street runs from 255 left side, and Jay street from 293, showing that No. 265 comes on the left side of State street between Brown and Jay.

*One of the Many Commendations of the Press.*

Of all our Insurance Companies there is not one that makes better progress than the Knickerbocker Life; nor is there one that more eminently deserves its prosperity and success. This is the testimony of all who know the company. Our local readers need not be informed that no institution in New York enjoys a more enviable reputation, and we perceive that its worth is held in equal estimation in all our principal cities. The entire report of the company shows a most favorable state of affairs, and places the Knickerbocker in the front rank of American life insurance companies.—*The Independent.*

# LEGAL HOLIDAYS.

WHEN a holiday occurs on a week day, the law treats it as a Sunday for all purposes connected with the payment, acceptance, or protest of bills of exchange and promissory notes. All notes maturing on such days, therefore, must be paid the day before, or, if that is Sunday, the Saturday previous. But when these holidays fall on Sunday, the next day is also a legal holiday; but the law interposes in favor of the debtors, and allows payment of notes, etc., made after March 16, 1865, to be deferred to the Tuesday succeeding.

That the **Rural** is such a Medium as is claimed can be attested by many prominent Business Men who have advertised extensively in its pages.

**Nos. 126, 128 and 130 EAST 24th STREET, near MADISON PARK,**

**Between Fourth and Lexington Aves., New York.**

---

THIS School is now in its *Sixteenth* year. Its pupils are to be found at West Point, at the Naval Academy, the Army, the Counting House, many *Colleges* and *Professions*.

The studies pursued embrace all the studies necessary for a liberal instruction.

German, Spanish and French are taught by native teachers. American pupils are *obliged* to speak French, the only way to acquire it in a foreign country.

For all details, terms, and further information, see the Prospectus of the School, which contains the names of pupils, over a thousand, for the last fifteen years.—240 pupils now present.

*From A. Gracie King, Banker.*

Fifteen years ago, when Prof. Charlier opened his school, my nephews were put under his charge and remained with him, one of them for eight years. My own son has been with Mr. Charlier for the past ten years, and is going to leave him to enter Harvard College.

May, 1870. A. GRACIE KING.

*From General J. S. Wadsworth, of Geneseo, N. Y.*

My son James has been in Mr. Charlier's School as a boarding-pupil for the last eight years.

July, 1863. J. S. WADSWORTH.

*From Hon. E. Delafield Smith, U. S. District Attorney.*

September 10, 1861. E. DELAFIELD SMITH.

*From D. D. Lord, Lawyer.*

For ten consecutive years my sons were at Mr. Charlier's School, one for six, the other for five years. Both left him to enter College.

July, 1866. D. D. LORD.

*From T. Bailey Myers, Esq.*

Father of Midshipman Mason, who saved the lives of two sailors at Rio de Janeiro.

DEAR SIR: I presume that the notice of your pupil has already met your eye, but I send it to you as you are entitled to a great deal of the credit of forming a boy for a noble act. . . . I have been amused to hear my boy telling those now in your school, "good, stick to it, he will make a man of you."

New York, April, 1869. Yours truly, T. BAILEY MYERS.

**ELIE CHARLIER, Director.**

**On May 1st, 1873, this School will be moved on 59th St., between 6th and 7th Aves., opposite Central Park.**

## THE STOCKHOLDERS

Of this Institution *are individually liable* for an amount equal to their shares, in addition to their stock, thus giving to Depositors *the guarantee of a capital of*

# $200,000.

### THE BOARD OF DIRECTORS

Are gentlemen of wealth and financial experience, and themselves being *liable as stockholders* (they cannot be Directors without becoming Stockholders), it is manifest that its affairs will be conducted with safety and economy.

### THE LOANS OF THE BANK

Are made to Farmers, Merchants and Mechanics, upon short time and in small amounts.

### INTEREST ALLOWED.

This Bank will receive money on Deposit and pay interest thereon at the same rates—**Six per cent.**—as paid by Savings Banks, *from date of deposit to date of withdrawal*, and on business accounts **five per cent.**, on daily balances.

Money can be deposited and withdrawn at any time *without notice.*

### SECURITY.

The security afforded to depositors is superior to that of State Savings Banks. The whole capital stock of the Bank and the whole personal liability of the stockholders to an equal amount, is the certain guaranty for the payment of all debts and deposits, and giving to depositors a degree of security not furnished by purely Savings Institutions (as will appear by reference to section 12 of "An Act to provide a National Currency," adopted June 3d, 1864).

### EXAMINATION.

Every year the Bank undergoes a thorough examination by an Examiner from the Bank Department at Washington.

## LIFE AND ACCIDENT INSURANCE.

THE

# TRAVELERS INSURANCE CO.

## (LIFE)

OF HARTFORD, CONN.

**Cash Assets, $1,588,588.27.**

### ACCIDENT DEPARTMENT.

THE TRAVELERS INSURANCE COMPANY, in its Accident Department, is a General Accident Insurance Company, granting policies of insurance against Death or wholly Disabling Injury by ACCIDENT to men of all trades, professions and occupations, at rates within the reach of all. It insures against accidents by machinery, accidents from the use of tools and implements, accidents of all descriptions that occur in the usual and lawful avocations of life, as well as accidents by railway, steamboat, and travel generally.

General Accident Policies are written for a term of one to twelve months each, and insure a sum of $500 to $10,000 against Death by Accident, and $3 to $50 weekly indemnity for wholly disabling injury by accident (not to exceed twenty-six weeks for any one accident), at an annual cost of $5 to $10 per thousand, for occupations not specially hazardous.

**G. HENRY ROBERTS, Agent,**
No. 32 Arcade, East Gallery.

**WM. T. MOORE, Agent,**
No. 28 Arcade, East Gallery.

### LIFE DEPARTMENT.

IN its Life Department, the TRAVELERS grants full LIFE and ENDOWMENT Policies, embracing the best features of the best companies, as to non-forfeiture, terms of payment, etc., but without any of the complications or uncertainties of the note system. It sells insurance rather than future "dividends." Its contract is a plain one, its security is ample and unquestioned, and its rates of premium are exceedingly low. It prefers to do business on a cash basis, and thus give its policy-holders advantages not attainable under the credit system.

Premium system, the favorite low rate cash plan.

All policies non-forfeitable. Its ten, fifteen and twenty year policies can be converted into Endownments, at the option of the insurant. This feature is original with this Company.

The TRAVELERS furnishes everything desirable in either *Life* or *Accident* Insurance. It has issued over 200,000 general accident policies, and **paid 13,792 claims** for death or injury by accident. It has written over 10,500 full life policies, since the Life Department was established, and is making good and safe progress as a life company.

On account of the increasing demand for all kinds of Lithographic work we have been induced to locate in this city and to commence the business of Lithography and Engraving in all its branches believing that the people of Rochester and vicinity will amply support a first class establishment of that kind.

Having purchased from the late firm of Nolte & Co. all their tools and machinery and made large additions thereto, including a new Lithographic Steam Press of the latest and most improved pattern, we are now prepared to execute all work entrusted to us with dispatch and at reasonable prices.

To every one wishing anything in our line a cordial invitation is extended to call and examine our work and prices before ordering elsewhere, and we shall always be pleased to send samples to those residing out of the city who will write us.

Yours very truly

## Excelsior Hair Felt Insoles

FOR BOOTS AND SHOES,

**Also, CORK SOLES of Superior Quality.**

WE flatter ourselves our goods are too well known to need a description or recommendation. The largely increasing demand for them amply testifies to their worth, and the reputation they hold among the trade throughout the country. Four years' experience has demonstrated that our HAIR FELT INSOLES are superior to all others, and the most comfortable article for the feet ever invented, equally good in Summer and Winter.

**FOR SALE BY BOOT AND SHOE DEALERS GENERALLY.**

☞ We take this method of cautioning the *trade* against purchasing Hair Felt Insoles made similar to ours by other parties than ourselves, as we hold a patent; first, on method of construction; and second, a broad claim entirely covering a *Shank Stiffener* for an insole; and have a case now pending in the U. S. Circuit Court of New York, against parties for infringement, and shall hold responsible to us any parties infringing as manufacturers or venders.

## DR. E. L. LYON, Resident Physician,

SUCCESSFULLY TREATS ALL TYPES OF

# CHRONIC DISEASES,

### WITH THE WELL TESTED UNIVERSITY MEDICINES,

EITHER BY THE MONTH OR BY CONTRACT.

What may seem incredible is the astonishing rapidity with which these remedies cure diseases hitherto considered incurable. SCIENTIFIC and RELIABLE, they are rapidly superseding the old poisons, nostrums, and nauseous drugs; and have been thoroughly tested in one of the largest and most successful medical practices of the day.

## THEIR EQUAL DOES NOT EXIST.

The Rochester Branch of the New York Medical University, located at No. 81 Main street, was opened several months since by Dr. E. L. LYON, and since that time hundreds of patients afflicted by diseases considered incurable by other physicians in this city and vicinity, have been not only relieved from their sufferings and distress, but made to rejoice in fully restored health and happiness. The great efficacy of the various remedies adopted by the University, in the cure of all manner of disease, is the wonder of all, and has been, of late, a good deal discussed hereabouts by all classes. These medicines have been prepared upon the principles of science and common sense, and judging from the beneficial results, attending their use in this city, and wherever they have been introduced, we cannot for a moment question their superiority. Dr. LYON is thoroughly educated in all that pertains to the healing art, and possesses rare skill in detecting and locating disease with certainty.

# STUMP MACHINE.

For Strength, Simplicity and Speed of Operation it beats all Competitors.

Its average work is ten Stumps per hour; working force, two men, a boy, and one team; though one man has pulled and turned down ready for handling, fifty-six Stumps of average size in one day. It pulls green as well as dry stumps. The Pully is not used in Stump Pulling. It can be loaded in ten minutes, unloaded and set up and pull a stump in fifteen minutes. It clears an acre of stumps without moving. It works on side hill as well as level ground. For tree pulling, building moving, and rock lifting, it has no equal.

Its weight is about one ton.

Patented March 5th, 1867.

IMPROVED

# Barrel Heater.

**This Heater is the best thing for heating Barrels that has ever been invented, as it will heat a Barrel quicker and better than anything now in use. It heats a barrel without charring it in the inside, and heats the barrel thoroughly, in from two to three minutes, and is designed to be used for either wood or coal. This Heater is so constructed that all the heat from the fuel is forced all around the barrel, and will heat it as fast at one end as the other, and in this particular excels all other barrel heaters that have ever been used, and the cylinder being all cast iron is very durable.**

The upper part of which is provided with an air-heating chamber and flues to increase the heating power of the upper portion of the stove, so that it will force out a degree of hot air to equalize, or nearly so, the radiation from the lower portion which holds the fire, and thereby heats the barrel uniformly from top to bottom.

This Heater is designed to do away with the old fashioned Fire-places and Cressets in Cooper Shops, as it can be set up in any place where a stove pipe can be put on it to convey the smoke out of the building. It will save in another respect, as there will be no other stove required in the winter to heat the shop. This Heater has been thoroughly tested, both with wood and coal, and has given entire satisfaction.

## EAGLE STEAMER & CALDRON.

### THE ONLY COMBINED STEAMER AND CALDRON MADE.

The result of a long series of experiments is the production of the

**COMBINED EAGLE STEAMER AND CALDRON,**

which only requires to be examined to commend itself to any intelligent person needing an article of the kind. With the combination of open Caldron and Steamer, both of which can be operated at the same time, the capacity for work is very much increased. For Preserving Fruits, trying lard, or any work of the kind, the open Caldron is ***enameled inside,*** and being heated in hot water, removes all danger of burning the article cooked therein; making it for that purpose alone a desirable thing for Fruit Preservers or family use.

Among the many uses for which the "EAGLE" is indispensible, may be mentioned

Let Your Mother, Wife and Sister Try this Soap in Their Toilet.

This is the Best Toilet Soap.

**None genuine unless stamped A.A.CONSTANTINE'S Persian Healing, or Pine Tar Soap, Patented March 12, 1867.**

For the Toilet, Bath and Nursery, this Soap has no equal. It preserves the complexion fair, the skin soft, flexible and healthy. It removes all Dandruff, preserves the hair soft and silky, and prevents it from falling off.

To guard the people against fraud and deception by unprincipled men, the portrait of A. A. CONSTANTINE, and his signature in a fac-simile of his handwriting, will appear on all our circulars and fancy boxes.

**Baldness Cured.**—I can recommend your Persian Healing Soap for Baldness It is bringing my hair in beautifully. I consider it the best hair renovator in use
M. H. COMBS, 218 Atlantic Street, Brooklyn, N. Y.

United States Senator PRICE, of Iowa, writes, "I prefer it to any soap I ever used."

The wife of the Master Mechanic of the Oil Creek and Alleghany River Railroad lost all, or nearly all of her hair about two years ago. She used a cake of your SOAP at my request, and her hair commenced to grow. And now, after using three cakes for her hair, she has the best and handsomest head of hair in the town, except one. She would not be without the SOAP, even if it cost $1 a cake. Send me one gross of the SOAP.
MRS. M. M. PARSONS.
CORRY, PA., Sept. 27, 1870.

The wife of the Rev. N. BROWN, twenty years a missionary in Southern Asia, writes from Jersey City, N. J., to A. A Constantine & Co.: We have been using your SOAP in our family for toilet purposes, and find its healing and cleansing qualities so far exceed our expectations, or anything of the kind that we have ever used before, that we cannot do without it. Indeed, we find it the household remedy for almost everything. If we get a bruise, cut, or burn, the resort is immediately to the CONSTANTINE SOAP, and in some cases the cures have been wonderful.

# SEAMLESS DRAWN BRASS TUBES
FOR
# PLUMBING.

SEAMLESS DRAWN BRASS TUBES for water purposes have for several years been growing in favor, and have proved so satisfactory in every respect that we feel warranted in recommending them to all interested, as being better than any others in use. They are cheaper than lead pipe, and being put together with fittings similar to gas pipe, are very readily used, and all the trouble and expense of repairs attending the use of lead pipe is avoided. We make them of all sizes generally used by plumbers, and can furnish fittings of all kinds at short notice. They are now being extensively used in hotels, public buildings and private residences, in this and other cities, with satisfactory results.

**Office 104 Centre Street, NEW-YORK.**

The American Fire Alarm and Police Telegraph is now covered by some twenty patents. Very early after its introduction into Boston, Gamewell & Co. purchased the original patents of Farmer and Channing, and during the past eighteen years have spared no expense or pains to improve and perfect this system.

This well known system of Telegraphic Fire Alarm has stood the practical test of over eighteen years' daily use. It is now in successful operation in the cities of

It is also being introduced in the cities of Toronto, Canada, and Worcester, Mass.

In fifteen of the above cities the *regular* Central Office is used with an operator always on duty. In the remaining thirty cities the Automatic Central Office is used. This plan dispenses with the constant attendance of an operator. The advantages are obvious. The entire Automatic Alarm System is *mechanism held in check by electricity*. In case a battery becomes too weak to work efficiently, or an intentional or accidental interruption occurs to any part of the wire, *in an instant* the public are notified, by one blow upon the alarm bells and gongs, calling *Attention!* by its own act, to its temporarily disabled condition; thus not only keeping watch over the city, but actually watching itself, and guaranteeing reliability every moment. Our long experience and uniform success warrant us in guaranteeing satisfaction in every case. For particulars

# WAVERLEY HOUSE,

## Charlestown Square, Boston, Mass.

*Five minutes' walk from the Railroad Depots.*

*Fifteen minutes' walk from the Boston Post Office,*

*Horse Cars pass from the house every minute.*

*Prices lower than those of any other first-class hotel.*

THIS splendid Hotel is one of the largest in New England, containing nearly five hundred rooms, which overlook the harbor and surrounding towns. Its elegant Dining-rooms will seat three hundred and fifty persons at its tables. The House will accommodate nearly one thousand guests. The rooms are large, and carpeted with velvet and Brussels carpeting, and furnished with elegant black-walnut furniture. Soft water is carried to every sleeping-room; and each has also a closet six feet square, making it very convenient for family boarding. Bathing-rooms and water-closet on every floor.

The whole House is kept at a moderate temperature in winter by steam, the boilers for which are in a building outside of the House. In summer the House is cool and airy, as there is nothing to obstruct the free circulation of air, making it a desirable resort for summer boarders.

The Waverley House has seven elegant parlors, extending two hundred and twenty feet, all fronting on a public square of two acres, in the centre of which is a fountain, surrounded by a beautiful lawn, one hundred and fifty feet in diameter.

The tables are supplied with the best materials that the markets afford, and first-class cooks serve them in the best style. There are also a large billiard hall and a splendid barber's shop in the House.

Those who once visit the Waverley House will ever after make it their home when they visit Boston; as it is the most convenient to reach from most of the railroad depots, and from the centre of trade, and the most home-like of any hotel in the city.

*The adjustable "Finger" of the Pad effectually closes the hernial opening, so that there can be no escape of the intestine. Very light pressure is required in the majority of cases.*

## THIS TRUSS

*Has been critically examined by more than a Thousand Physicians and Surgeons, who are unanimous in their opinion of its superior merits. It received the highest award at the last two Fairs of the American Institute, held in 1869 and 1870. The following are the Reports of the Judges, which we give as testimonials:*

"No. 520. PATENT ADJUSTABLE TRUSSES.—W. Pomeroy & Co., 544 Broadway, New-York, BEST. The Committee are unanimous in reporting in favor of the superior merits of this Truss, on account of the variable adjusting force produced by means of the serrated eccentric wheel, and the Finger Pad, which admits of accurate adjustment to the point where pressure is desired."

New York, Oct., 1869.

"No. 469. FINGER-PAD TRUSS.—W. Pomery & Co., 544 Broadway, New York. An excellent Truss, easily adjusted by aid of eccentric wheels, and furnished with a contrivance for dispensing with the perineal strap in certain cases. Their Night Truss is also a valuble supplement to the ordinary day truss. The two Trusses being superior to any others on exhibition."
