STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of State street No. 265 comes, look at State street and you find that Brown street runs from 255 left side, and Jay street from 293, showing that No. 265 comes on the left side of State street between Brown and Jay.

BUSINESS DIRECTORY.

To find a name in a village of any town, refer to the town in which the village is located. For example: to find a clergyman in Brockport, a village in the town of Sweden, turn first to the head of Clergymen, then find Sweden, which is given alphabetically, and Brockport will be found given in connection with the town.

When the Post Office address differs from the name of the town, it precedes the name of the town.

To ascertain what town any village is located in, see Post Offices in Contents.

THE STOCKHOLDERS

Of this Institution ARE INDIVIDUALLY LIABLE for an amount equal to their shares, in addition to their stock, thus giving to Depositors *the guarantee of a capital of*

$200,000.

THE BOARD OF DIRECTORS

Are gentlemen of wealth and financial experience, and themselves being *liable as Stockholders* (they cannot be Directors without becoming Stockholders), it is manifest that its affairs will be conducted with safety and economy.

THE LOANS OF THE BANK

Are made to Farmers, Merchants and Mechanics, upon short time and in small amounts.

INTEREST ALLOWED.

This Bank will receive money on Deposit and pay interest thereon at the same rates — SIX PER CENT. — as paid by the Savings Banks, *from date of deposit to date of withdrawal*, and on business accounts FIVE PER CENT. on daily balances.

Money can be deposited and withdrawn at any time *without notice.*

SECURITY.

The security afforded to depositors is superior to that of State Savings Banks. The whole capital stock of the Bank and the whole personal liability of the stockholders to an equal amount, is the certain guaranty for the payment of all debts and deposits, and giving to depositors a degree of security not furnished by purely Savings Institutions (as will appear by reference to section 12 of "An Act to provide a National Currency," adopted June 3d, 1864).

EXAMINATION.

Every year the Bank undergoes a thorough examination by an Examiner from the Bank Department at Washington.

LIFE AND ACCIDENT INSURANCE.

THE

TRAVELERS INSURANCE CO.

(LIFE)

OF HARTFORD, CONN.

Cash Assets, $1,919,891.48.

ACCIDENT DEPARTMENT.

THE TRAVELERS INSURANCE COMPANY, in its Accident Department, is a General Accident Insurance Company, granting policies of insurance against Death or wholly Disabling Injury by ACCIDENT to men of all trades, professions and occupations, at rates within the reach of all. It insures against accidents by machinery, accidents from the use of tools and implements, accidents of all descriptions that occur in the usual and lawful avocations of life, as well as accidents by railway, steamboat, and travel generally.

General Accident Policies are written for a term of one to twelve months each, and insure a sum of $500 to $10,000 against Death by Accident, and $3 to $50 weekly indemnity for wholly disabling injury by accident (not to exceed twenty-six weeks for any one accident), at an annual cost of $5 to $10 per thousand, for occupations not specially hazardous.

LIFE DEPARTMENT.

IN its Life Department, the TRAVELERS grants full LIFE and ENDOWMENT Policies, embracing the best features of the best companies, as to non-forfeiture, terms of payment, etc., but without any of the complications or uncertainties of the note system. It sells insurance rather than future "dividends." Its contract is a plain one, its security is ample and unquestioned, and its rates of premium are exceedingly low. It prefers to do business on a cash basis, and thus give its policy-holders advantages not attainable under the credit system.

Premium system, the favorite low rate cash plan.

All policies non-forfeitable. Its ten, fifteen and twenty year policies can be converted into Endowments, at the option of the insurant. This feature is original with this Company.

The TRAVELERS furnishes everything desirable in either *Life* or *Accident* Insurance. It has issued over 200,000 general accident policies, and **paid 13,792 claims** for death or injury by accident. It has written over 10,500 full life policies, since the Life Department was established, and is making good and safe progress as a Life Company.

Security is what men want, and in our humble opinion there is no Life Insurance Co. more secure in which to invest a policy, than in the SECURITY. The Quaker element we think one of the strongest guarantees of fair dealing with policy holders. Wherever the "SECURITY" is known the best, the more it becomes a favorite company with men of sound judgment and responsibility.

FIRST-CLASS WORK IN ALL DEPARTMENTS.

TWO RULING MACHINES. Combining all of Hickok's recent improvements, enable CREED & BENFORD to meet a want long felt in Rochester.

READ NEXT PAGE.

Central Library of Rochester and Monroe County - City Directory Collection - 1872

THE FIRST BOOK.

THE first printed book was a copy of the Bible, containing 1,282 pages, in two volumes. Of the eighteen copies now known, four are on parchment.—Two of these are in England, (one in the Greenville collection,) one in the Royal Library at Berlin, and one in Paris. Of the fourteen remaining copies, ten are in England—three in the Libraries of Oxford, London, and Edinburg. A parchment copy is worth $1,500 in gold.

CHAINING BOOKS.

THE custom of chaining books to desks in churches, can be traced as far back as the will of Sir Thomas Littleton, dated 1481.

BOOKS IN THE MIDDLE AGES.

A COUNTESS of Anjou, in the 15th century, paid for one book 200 sheep, 5 quarts of wheat, and the same quantity of rye and millet; and in early times, the loan of a book was considered to be an affair of such importance that in 1299, the Bishop of Winchester, on borrowing a Bible from a convent of that city, was obliged to give a bond for its restoration, drawn up in the most solemn manner; and Louis XI., in 1471, was compelled to deposit a large quantity of plate, and to get some of his nobles to join with him in a bond, under a heavy penalty, to restore it, before he could procure the loan of a book which he borrowed from the faculty of medicine at Paris.

THE EARLIEST PUBLISHER.

THE earliest book extant, which contains the name of a publisher and printer and the date (1457), is a beautiful edition of the *Latin Psalter*, published by Faust & Schœffer, Mentz.

BOOK-BINDING.

BOOK-BINDING, as an art, is almost if not quite as old as paper-making. King Attalus, at Pergamos, has the credit of inventing the present manner of binding, at least 200 years B. C.

LITERARY AGES.

THE golden age of letters in our own language, occurred during the reigns of Elizabeth and James I.; but that of the Chinese belongs to a period that began about 1100 years before the Christian era, 550 years previous to the death of Confucius.

A $15,000 BOOK.

THE highest price ever known to have been given for a book, was at an auction sale in London, June, 1814, when a copy (considered the only one extant,) of Valdarfar's first edition (issued 1471,) of Boccaccio's *Decamerone*, was sold to the Marquis of Blandford for £2,260.

THE FIRST CLOTH BINDING.

CLOTH binding originated with Mr. R. E. Lawson, of Stanhope St., London, and the first book bound in this material was a manuscript volume of music, which was soon followed by an edition of 500 Diamond Classics, then being printed (1823,) by the late Mr. Pickering, of the same city.

CLOTH GILT.

MR. LEIGHTON, of London, in 1825, was the first to discover that cloth could be stamped with gold, and Lord Byron's works (the edition in 17 vols.,) were the first books to which gold lettering on cloth was applied.

A CONNECTING LINK LOST AND FOUND.

THE Blank Book industry, although undoubtedly of considerable antiquity, is apparently without a correct record except in the present epoch, and that CREED & BENFORD have the necessary modern appliances, and one of the firm an actual experience of 20 years in Rochester in the manufacture of first-class blank work, and can therefore insure patrons books equal to the best.

Rochester Insole Manufacturing Co.,

W. WILLIAMS, Sec. and Treas. ROCHESTER, N. Y.

MANUFACTURERS OF THE CELEBRATED

HAIR FELT INSOLES,

Sold by the trade generally, and universally acknowledged to be superior to any Insole in the market for comfort to the wearer, and for which they hold the EXCLUSIVE RIGHT to manufacture, this being fully established in a decision rendered at the October Term of the U. S. Circuit Court for 1871, in a suit brought by W. Williams against Leonard, Gascoigne & Co., for infringement of complainant's patent.

We would, therefore, caution parties purchasing Insoles to beware of any attempt by unprincipled parties to foist upon them Insoles SIMILAR TO OURS, as we shall hold VENDERS responsible to us in damages for infringing our rights equally with the manufacturers.

Cannot be excelled. We have one partner constantly in the Eastern market, which enables us to secure all desirable goods at lowest prices. We hope all dealers, before making their purchases, will examine our stock of BOOTS and SHOES.

NEW YORK MILLS,

BROWN'S RACE.

Having rebuilt and greatly improved the above Mills, are now

GRINDING AND PREPARED TO SUPPLY THE CITY TRADE

At the Lowest Market Prices,

Warranting every Barrel or Money Refunded.

We have at great expense introduced

Ayer's Celebrated Wheat Cleaner,

THE "DECORTICATORS"

(The only Mills in the city now using them.)

Flour made from Wheat cleaned by these machines having greater rising properties, makes much sweeter and better flavored bread, more wholesome as it thoroughly removes from the wheat all woody, fibrous matter, which every chemist knows to be deleterious, (if not poisonous), and which, if not removed, produces indigestion and bad health. The wheat, before being manufactured, is completely pearled and every particle of foreign matter removed.

It is a late and Valuable invention and should be appreciated by the public.

PRICE, $30.

Patented March 5th, 1867.

IMPROVED

Barrel Heater.

This Heater is the best thing for heating Barrels that has ever been invented, as it will heat a Barrel quicker and better than anything now in use. It heats a barrel without charring it in the inside, and heats the barrel thoroughly, in from two to three minutes, and is designed to be used for either wood or coal. This Heater is so constructed that all the heat from the fuel is forced all around the barrel, and will heat it as fast at one end as the other, and in this particular excels all other Barrel Heaters that have ever been used, and the the cylinder being all cast iron is very durable.

The upper part of which is provided with an air-heating chamber and flues to increase the heating power of the upper portion of the stove, so that it will force out a degree of hot air to equalize, or nearly so, the radiation from the lower portion which holds the fire and thereby heats the barrel uniformly from top to bottom.

This Heater is designed to do away with the old fashioned Fire-places and Cressets in Cooper Shops, as it can be set up in any place where a stove pipe can be put on it to convey the smoke out of the building, It will save in another respect, as there will be no other stove reqired in the winter to heat the shop. This Heater has been thoroughly tested, both with wood and coal, and has given entire satisfaction.

ALL ORDERS PROMPTLY ATTENDED TO. County or State Rights for Sale. Apply to

VESTA.

EAGLE STEAMER & CALDRON,

Patented Nov. 29, 1870—Re-issued April 9, 1872.

It is the ONLY Combined STEAMER AND CALDRON.

This new and most desirable of all Steamers (because safe, simple and effective), has been brought to such perfection, that it commends itself to all who examine it.

It is compact, durable, and of sufficient strength to stand 20lbs. of Steam to the square inch (some four times more than any other Steamer in market). As now made it has a perfect self-feed, safety valve, vacuum valve, also guage glasses upon Steamer, and feed barrel (which is of iron), always showing the exact state of water in each.

The large size (No. 35) Caldron holds 35 gallons, is 43 inches high, diameter 42 inches, weight 900lbs., and has over 16 feet of fire surface, consequently will generate steam more rapidly and with very much less fuel than any other Steamer known.

It is now used in Hotels, Hospitals, Dairies, Laundries, Bath Houses, Tanneries, Wine Manufactories, by Farmers, Butchers, and for many other purposes. To be appreciated, it must be seen in use.

The American Institute is good authority. It says:—"For thoroughness of construction, safety, neatness, economy of fuel, for steaming and cooking large quantities of food for animals, and for a variety of other uses, we consider this SUPERIOR to any we know of, and would give it our highest commendation."—CHAS. P. DALEY, V. Prest.

A. A. CONSTANTINE'S
PERSIAN HEALING,
OR PINE TAR SOAP.

None genuine unless stamped A.A.CONSTANTINE'S Persian Healing, or Pine Tar Soap, Patented March 12, 1867.

This is the Best Toilet Soap.

For the Toilet, Bath and Nursery, this Soap has no equal. It preserves the complexion fair, the skin soft, flexible and healthy. It removes all Dandruff, preserves the hair soft and silky, and prevents it from falling off.

To guard the people against fraud and deception by unprincipled men, the portrait of A. A. CONSTANTINE, and his signature in a fac-simile of his handwriting, will appear on all our circulars and fancy boxes.

Let your Mother, Wife and Sister Try this Soap in their Toilet.

IT CURES

Pimples on the Face, Cracked or Chapped Hands, Salt Rheum, Frosted Feet, Burns, Fresh Cuts, or Wounds of all kinds, all Diseases of the Scalp and Skin,

AND IS A GOOD SHAVING SOAP.

What those Say who Use it.

BALDNESS CURED.—I can recommend your Persian Healing Soap for Baldness. It is bringing my hair in beautifully. I consider it the best hair renovator in use.
M. H. COMBS, 218 Atlantic Street, Brooklyn, N. Y.

United States Senator PRICE, of Iowa, writes, "I prefer it to any soap I ever used."

The wife of the Master Mechanic of the Oil Creek and Alleghany River Railroad lost all, or nearly all of her hair about two years ago. She used a cake of your SOAP at my request, and her hair commenced to grow. And now, after using three cakes for her hair, she has the best and handsomest head of hair in the town, except one. She would not be without the SOAP, even if it cost $1 a cake. Send me one gross of the SOAP.
CORRY, PA, Sept. 27, 1870. MRS. M. M. PARSONS.

The wife of the Rev. N. BROWN, twenty years a missionary in Southern Asia, writes from Jersey City, N. J., to A. A. Constantine & Co.: We have been using your SOAP in our family for toilet purposes, and find its healing and cleansing qualities so far exceed our expectations, or anything of the kind that we have ever used before, that we cannot do without it. Indeed, we find it the household remedy for almost everything. If we get a bruise, cut or burn, the resort is immediately to the CONSTANTINE SOAP, and in some cases the cures have been wonderful.

THE SCIENCE OF HEALTH,

A New Health Monthly.

The object, to teach the people all that pertains to the preservation of Health, the prevention of Diseases, and how to live in order to develop normally in body and mind.

It is not a Medical Journal, but PHYSIOLOGICAL and HYGIENIC, a *family magazine*, containing just that practical information on the laws of Life and Health, useful to every member of the household, and cannot but be worth many times its price to every family in which it is read. Quack medicines and quack doctors will be exposed, and swindlers will not be allowed to impose on the people where the SCIENCE OF HEALTH is generally circulated.

This Journal will be the exponent of all known means by which Health, Strength, Vigor, and a Long Life, may be attained by using and regulating those agencies which are always accessible and so vitally related to Health and the treatment of Diseases; including Air, Light, Temperature, Bathing, Eating, Drinking, Clothing, Recreation, Sleep, Electricity, Mental Influences, and all Normal agents and Hygienic materials. All that is required to keepwell and to preserve health, is a knowledge of the uses and misuses of these agencies.

The SCIENCE OF HEALTH is not the organ of any particular institution, or of the professional practice of any one, but devoted to the best interests of the whole people.

TERMS.—$2 a year in advance; single numbers 20 cents. Clubs of ten at $1.50 each, and an extra copy to agent. We are offering the most liberal Premiums. Inclose 15 cents for a sample number, with new Pictorial Poster and Prospectus, and a complete List of Premiums.

SHEPARD & ALLEN'S

WRITING FLUID.

Flows as freely as any ink made, it will not mould. Will not corrode steel pens, and is not affected in the LEAST BY FREEZING. Its color is a fine purple-black, being dark when first written, so that the finest line is distinctly seen the moment it is put upon the paper.

Phipps Union Seminary.

ALBION, N. Y., Jan. 1872.

SHEPARD & ALLEN:

Gents, I consider your writing Fluid the best article that has come to my knowledge of the many I have used. I hope to be able to obtain it always in future.

Yours truly

H. L. ACHILLES, Principal.

State of New York, Comptroller's Office.

ALBANY, March 17th, 1872.

During the past three years SHEPARD & ALLEN'S WRITING FLUID has been very extensively used and has given the best of satisfaction. I believe it is in all respects as good a flowing ink as I ever used and take great pleasure in recommending it to others.

G. H. GOODWIN, Stationery Clerk.

It flows freely, has consistency, turns jet black at the time of writing and is enduring.

E. G. FOLSOM, Proprietor Albany Business College.

It is the best ink that I ever used.

E. V. DE GRAFF, Principal Flour City Hall Academy, Rochester.

The young ladies all acknowledge the superior qaulity over all other inks they hitherto have used.

J. N. SCHOAR, Registrar Vassar College.

Gives the best satisfaction of any ink I have ever sold.

J. H. STEELE, Stationer, Peterboro, New Hampshire.
