ROCHESTER REALSCHULE, GERMAN-AMERICAN INSTITUTE,

7 and 9 Mortimer Street.

HERMANN PFAEFFLIN, Principal.

The principle on which the School is based requires a simultaneous study of the German and English languages. With this end in view, the Elementary classes in German and English will be combined, experience having proved, that thus a knowledge of both languages is most easily acquired. To facilitate the admission of older pupils, there will be a Special German Course, in which the English pupils will receive instruction apart, at the same time sharing with the rest the English lessons, presided over by competent American teachers.

Having acquired sufficient knowledge of German, these pupils will be incorporated with the German Classes.

For younger pupils there is established a "**Kindergarten**" Course. Children from four to seven are admitted.

Pupils not living in the city will be received as boarders on the most reasonable terms.

Applications will be received at the School, Nos. 7 and 9 Mortimer Street.
