

# STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of State street No. 265 comes, look at State street and you find that Brown street runs from 255 left side, and Jay street from 293, showing that No. 265 comes on the left side of State street between Brown and Jay.
