DEATHS.—The date of death and age of all citizens, dying during the past two years whose names have appeared in the Directory, are recorded against the name in the proper alphabetical place in the present book. In the same manner each Directory since 1876 contains a record of those who died the previous year, so that the several volumes of the Directory embrace for this period a mortuary list of great value for reference.

(A) Date of Rochester's incorporation as a city. The city charter occupying eighty-seven pages was included in this number.

(B) Decrease.

(C) In 1867 and 1868 there was a very imperfect canvass made.

(D) In 1877-78 the freight yards and division headquarters of the N. Y. C. & H. R. R. were removed to Syracuse, which caused several thousand of the employees of the road and their families to change their residence to that city. Except for this, there would probably have been a slight increase in names in those years notwithstanding the extreme business depression of the time.

(E) Of this increase, 1,949 represented deaths and removals, which were this year given for the first time, leaving the net increase 692.

(F) Enlarged to octavo size, and printed in double columns for the first time.

HOLIDAYS.

There are eight public holidays :—New Years Day, 1st of January; Washington's Birthday, 22d February; Memorial Day, 30th May; Independence Day, 4th of July; Labor Day, 1st Monday in September; Tuesday following the first Monday in November or day of State election; any day appointed by the Governor of the State or President of the United States, as a day of public fast or thanksgiving; Christmas Day, 25th of December; also every Saturday, from 12 o'clock noon until 12 o'clock midnight.

When a public holiday falls upon Sunday, the following Monday becomes a public holiday.

Notes falling due on Saturday, Sunday, or any public holiday, are payable on the business day next succeeding.

Accepted drafts should be treated as "paper made and dated" at time of acceptance.

Arbor Day, the first Saturday after May 1st, is not a public holiday.

For School Holidays and Vacations, see Public Schools in Index of Contents.

SOME REASONS WHY NAMES ARE NOT FOUND IN THE DIRECTORY.

Many persons fail to find names on account of not knowing where to look for them. A slight variation in spelling will place names almost exactly alike, far apart. For instance—such names as Brown, Browne, Braun, though pronounced the same, and really the same name, are found in different places in the Directory. So, also, of Conner, Connor, Connors, O'Connor, and many others, each has its own place.

The pronunciation of foreign names usually varies from the pronunciation of such names in English. For instance—if an Irishman pronounces his name Agan, it is probably spelled Eagan or Egan. So, Mar, spelled Meagher or Mahr; Fay, spelled Fahy, etc. In names of nearly all European languages, the sounds of the vowels are usually as follows :—a is ah, e is ā, i is ē, o is o, u is oo.

In German names, ei and ai are pronounced like I, ie like ē, au like ow, eu like oi; j is pronounced like y, w nearly like v, dt and th like t, etc. Thus, a name which is pronounced Yack, may be spelled Jack; Young, Jonge; Roiter, Reuter; Keefer, Kiefer; Line, Lein; and they must be looked for as spelled, not as pronounced.

The letters ä, ö, ü, in a German name, are equivalent to ae, oe, ue, and the name *should be looked for* as if the e appeared.

Owing to the difficulty which foreigners find in getting their names properly pronounced by the Americans with whom they come in contact, they frequently make very decided changes in them; taking sometimes an English name which sounds similar to theirs—as Gilbert for Gebhardt, Rice for Reis, Cole for Kohl, etc.; sometimes translating their names, as Blanc changed to White, Stein to Stone, etc.

Sometimes, members of the same family spell their names in two or three different ways; as Ballantyne, Ballantine, Ballintine; sometimes men bear two or three names, being known by one in their family, another in the shop, and perhaps still another among their associates.

To find a name, you *must know how to spell it.*

STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of State street No. 425 comes: look at State street and you find that Brown street runs from 391 left side, and Jay street from 473, showing that No. 425 comes on the left side of State street between Brown and Jay.

Or, going up West avenue, suppose you wish to take a cross street so as to call at 312 Troup street; on examination, (see Troup) you find that 306 Troup is at the corner of Reynolds street; hence, by passing from West avenue through Reynolds street to Troup, you are near the desired number 312. When streets are not numbered, dashes are used to indicate whether the street runs from the right, the left, or crosses.

Even numbers are invariably upon the north or east side of streets, and **odd numbers** upon the south or west side.

Streets on the east side of the river which run east and west are usually numbered from the **west toward the east**; those on the west side from the **east toward the west.**

Streets north of Main street which run north and south are usually numbered from the **south toward the north**; those south of Main street from the **north toward the south.** In Rochester, as in all cities, street numbers usually begin at the end of the street nearest the centre of the city.

Number of miles of streets in city, 220¼ miles; alleys, 16¾ miles.

ADVERTISING ON LAMP POSTS, TELEGRAPH POLES.

An Ordinance to prevent the posting or placing of bills and advertisements upon trees, telephone, telegraph and electric light poles and lamp posts in the city of Rochester. Passed April 3, 1888.

The Common Council of the City of Rochester do ordain and determine as follows:

SECTION 1. No person, association or corporation shall place, or cause, or suffer to be placed, fastened or secured, any bill, notice, advertisement or sign of any kind, upon, against, or fastened to, any tree, telephone, telegraph or electric light or public or private pole or lamp post in, or any fence or public building in or adjacent to, any of the public streets, avenues or places within the city of Rochester, under a penalty of FIVE DOLLARS for each offense, and a like penalty for each twenty-four hours the same remains without permission first being had and obtained, in writing, from the Common Council of the city.

SECTION 2. The permission specified in section 1 of this ordinance may be revoked at any time without notice by the Common Council, and shall, at no time, permit any sign or advertisement of any kind metioned in said section that shall project laterally from any such pole or post beyond ten inches on either side thereof, and shall not be lower than seven and one-half feet from the surface of the sidewalk underneath, and shall be conditioned upon the consent of the owner of the premises in front of which the same shall be so placed being had and obtained.

SECTION 3. Every execution issued upon a judgment recovered for a violation of this ordinance, or any of the provisions thereof, shall command the amount to be made off the property of the defendant, or defendants, if any such can be found, and, if not, then to commit the defendant, or defendants, to the Monroe County Penitentiary for a period of twenty days.

SECTION 4. The passage of this ordinance shall not effect the repeal of any ordinance in force at the time of such passage where any penalty or fine under any provision thereof has been at any time heretofore incurred, by any person, association or corporation, but such ordinance, and the penalty or fine incurred thereunder, shall continue in full force and effect for the purpose of the collection thereof.

SECTION 5. This ordinance shall take effect immediately.

THE CIVIL SERVICE.

For State Board of Commissioners, see page 795.

By enactment of the legislature, all positions in the public service of Rochester (excepting those filled by public election, the heads of departments, and positions under the city treasurer, or the Board of Education), must be filled from applicants who have successfully passed an examination by a board of civil service examiners.

The boards, consisting of three members, are appointed by the mayor, and not more than two members can be of the same political party.

Whenever a position is to be filled, the examining board will notify the applicants on record, or such number of them as can be conveniently examined, to appear for examination, and appointments must be made by the appointing power from the three soldiers or sailors serving in the late war, who shall have the highest standing in such examination. If an insufficient number of soldiers or sailors pass the examination, others are then eligible. The civil service does not affect removals from office. The civil service is classified as follows:

Schedule B, Part 1. Includes all officers and members of the Police and Fire Departments.
Schedule B, Part 2. Includes subordinate officers, clerks, and assistants not included in Part 1.
Laborers and day workmen are not subject to examination.

Local Boards of Municipal Examiners. (*For City Appointments*).

Schedule B, Part 1. Darrell D. Sully, *Chairman;* Henry W. Mathews, Jonas P. Varnum.
Schedule B, Part 2. John H. Hopkins, *Chairman;* Samuel P. Moulthrop, George A. Carnahan. *Secretary of both Boards.*—George A. Benton.

Local Board of State Examiners. (*For State Appointments*).

NEW LEDGER PATTERN,

BYRON WESTON'S LEDGER PAPER.

(Nothing Like it. Have Used it 25 Years.)

POINTS OVER THE OLD WAY.

First—The figures are in the center of the page, and not in the roll of the book or outside edge.

Second—Debit and Credit are side by side, not considerable ways apart, as in old way.

Third—In balancing an account, two lines only are drawn, and there are no lines running diagonally across the page, and every account can be neatly closed as above.

Fourth—No person to my knowledge has returned to the old system who has once used this style. We have them in stock of Weston's paper, pages 10½x16, in all thicknesses, and all full pages or divided pages.

We endeavor to make first-class work, and shall always try to please all who may call on us.

First-class or no sale.

Yours,

JOHN C. MOORE,

EXTRA DEBIT LEDGER,

On BYRON WESTON'S LEDGER PAPER (which always satisfies).

Arthur M. Staunton.

Aug.	3	10 lb. Sugar 75, 5 Raisins 75, 1 Tea 75,	8	2	25	Sept.	4	Cash	495		15	42

In a retail business, most of the Ledger entries are made up of several smaller charges, which are brought into the Ledger as one item. By itemizing on the Ledger as above, all further reference to the Day Book is avoided, and an account can be drawn off in a much shorter time. To accommodate these entries, the above ruling has been devised, and the credit, not needing much space, has been greatly shortened, thus giving several times more room on the debit side than on the credit side.

We have a very fine *stock* of Blank Books of our own make, and claim we can not be excelled in the manufacture of Blank Books. Have several thousand patterns, which we will gladly show anyone who will call on us. Yours,

JOHN C. MOORE,

We are manufacturing a pipe that is indestructible from the action of all the elements, impervious to the action of acids, gases, and steam, all of which are found in corporation sewers. These pipes are made from a combination of superior clays, which, by powerful machinery, are rendered uniform throughout—pressed from a steam press, under a pressure of **sixty-three tons** upon each pipe, it is made very compact; and burned in close kilns, at a very intense heat, it becomes a thoroughly vitrified and iron-like body. All prominent architects, builders, and all those who have investigated the subject of sewerage, have become convinced that properly burned clay pipe is the only material suitable for underground drainage, and that sewer and drain pipe manufactured from cement, carbonated stone, and other similar materials, are liable to and do **decay, disintegrate,** and become **worthless,** as has been many times proved by the officials in many cities.

These vitrified pipe are suitable for well tubing; are **better than stone or brick,** because cheaper, more durable, and can be made perfectly tight.

☞ We deliver our pipe within the city limits Free of Charge, and in good condition.

VICK'S EXCELSIOR INSECT EXTERMINATOR

Will Destroy Striped Fleas, Cabbage Lice, Green Cabbage Worms, Potato Bugs, Aphis, Squash Bugs, &c.

After thorough use of Exterminator.

Without using Exterminator.

Harmless to Plants or Vegetables. Sure death to all Plant Insects, particularly the GREEN CABBAGE WORM, for whose ravaging attacks there has hitherto been no known remedy. This powder can be applied most thoroughly, economically, and quickly by means of the Bellows we have had constructed for that purpose. [See cut above.] About one-half or three-quarters of a pound of the powder should be placed in the bellows through the cork opening at the side. A single puff over the heart of the Cabbage is sufficient for one application. The bellows can thus be worked as fast as a person would ordinarily walk. Try it. It will quickly pay for itself.

Exterminator 50 cents per pound, by mail. In lots of 5 pounds or over 30 cents per pound, by express, at expense of purchaser. 8-inch bellows, by express, at expense of purchaser, $1.25; 12-inch bellows, by express, at expense of purchaser, $1.50.

Small Zinc Bellows, for Conservatories and House Plants, filled, by mail, post-paid, 25 cents.
