House Directory supplement

EXPLANATORY NOTE.

In the House Directory residences and places of business, designated by their street numbers, are arranged in numerical order upon their respective streets, those upon the right side of a street appearing first, followed by those upon the left side. The streets are arranged in alphabetical order.

On streets that are not numbered ciphers have been substituted in place of a street number.

Names of all adult members of a family are stated against their proper street number, other members than the head of the family being designated by the letter b at the end of the line. When there are several families in one house, the families on the lower floor are given first with the boarders, if any, followed in regular order by the families upon the floors above, the respective floors being designated by the italic figures *1*, *2*, *3*, *4*, etc., and the basement by an italic *0*.

Business places are denoted by the street number printed in heavy faced figures.

When a person's place of business and residence are at the same place, it is indicated by the use both of heavy faced figures for the street number and of the abbreviation h. at the end of the line.

has been its leading newspaper. Even fifty years ago men and women remembered it as the paper of their childhood, for it has almost three score years and ten to its credit.

It was a leader then—strong and undisputed; it is a leader to-day, and without a rival.

21,000 DAILY AND 12,000 WEEKLY

is a good Known Circulation. It is good for advertisers, for those 130-odd thousand copies a week all go to a high class of readers—

THE COOKING SCHOOL.

The Instructor's Address.

"YOUNG LADIES:—

I have learned that it is fully as essential to the attainment of perfect culinary results that the cooking *appurtenances* be only of the very best, as well as the ingredients. To this end I recommend exclusively the use of the RED CROSS RANGE. It is strictly first class in the perfection of all its little details, and although I dislike, as a rule, to publicly commend the products of one manufacturer over another, I cannot in this case do otherwise. The RED CROSS has **the Largest Oven** of any Range in market, and you all know what a blessing this must be. Also the new patent Draw Out Oven Rack avoids all burned fingers, etc.
